REPORT OF INDEPENDENT ACCOUNTANTS

To the Participants and Administrator of
the Tucson Electric Power Company 401(k) Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Tucson Electric Power Company 401(k) Plan (the Plan) at December 31, 2001 and 2000, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in

Edgar Filing: TUCSON ELECTRIC POWER CO - Form 11-K

accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes at December 31, 2001 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

TUCSON ELECTRIC POWER COMPANY 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of the Tucson Electric Power Company 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

PLAN MERGER

The Plan is a defined contribution plan for all full-time employees of Tucson Electric Power Company (the Company). The Plan was established on November 4, 1985, effective January 1, 1985, and was formerly called the Tucson Electric Power Company Triple Investment Plan for Salaried Employees (TIP). The Tucson Electric Power Company Supplemental Retirement Account for Classified Employees (SRA) was first established and effective June 1, 1987. The SRA was merged into the TIP effective July 1, 2000, with the TIP continuing as the survivor of the merger, and the TIP was renamed the Tucson Electric Power Company 401(k) Plan. All assets of the SRA were transferred to the Plan at the time of the merger. The transfer was accounted for in a manner similar to a pooling of interests. Accordingly, the financial statements have been restated for all periods prior to the merger to include the combined financial results of the TIP and SRA. See Note 2.

GENERAL

All regular employees of Tucson Electric Power Company and participating subsidiaries of UniSource Energy Corporation, the parent company of the Plan sponsor, (collectively, the Company) who are employed by the Company on or after November 1, 1985 are eligible to participate. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

ADMINISTRATION

The Company's Pension Committee (the Committee), comprised of three or more employees, administers the Plan. Fidelity Management Trust Company (the Trustee) serves as trustee of all Plan investments. The Company funds the Plan's administrative costs, except for loan administrative fees and brokerage account fees, which are paid directly by the participants out of their accounts.

CONTRIBUTIONS

Upon admission to the Plan, participants may contribute, by way of payroll deductions, a percentage up to but not in excess of 15% of their pre-tax compensation. Participants may direct their contributions to be invested entirely into any one of the individual investment funds or, in multiples of 1%, into any combination of these funds. Contributions are subject to certain limitations. Prior to July 1, 2000, the investments had to be made in 5% increments greater than or equal to 10%.

The Plan also allows for rollovers from participants' other

Edgar Filing: TUCSON ELECTRIC POWER CO - Form 11-K

external 401(k) plans (Qualified Rollovers) into the Plan. Qualified Rollovers are accounted for as participant contributions in a separate account of the participant, and are directed in the same manner as discussed above for participant contributions.

Each payroll period during the two years ended December 31, 2001, the Company contributed cash to the account of each participant in an amount equal to the lesser of (i) the participant's contributions for that payroll period and all prior payroll periods for the Plan year less Company matching contributions for all prior payroll periods of the Plan year or (ii) 4.5% of the participant's compensation for that payroll period. Participants direct the investment of such Company contributions using the same guidelines discussed above for participant contributions. Effective July 1, 2000, the Board of Directors of Tucson Electric Power Company has the discretion each year to establish the formula for Company matching contributions.

LOANS TO PARTICIPANTS

Loan amounts shall not exceed the lesser of \$50,000 or 50% of the vested balance of the participant's accounts at the date of the loan. Loan terms must be for at least six months and no more than five years, except that loans used to purchase a principal residence may have a term up to 15 years. Loan repayments are either made monthly or biweekly through payroll deductions and are considered to be in default if all payments are not made for any three month period. Each loan is secured by the balance of the participant's account and bears a fixed rate of interest established by the Committee which in no event is less than 2% over the prime rate. Interest rates for the years ended December 31, 2001 and 2000 ranged from 7.00% to 11.50%. Loan transactions are treated as a transfer to (from) the investment fund from (to) the Participant Loans fund.

DISTRIBUTIONS

A participant's account becomes distributable upon termination of employment, total disability, death or retirement. A participant or beneficiary of a deceased participant may elect to have his or her account distributed a) as soon as practicable following the date of termination or death, or b) in the plan year following such date. Absent such an election, distributions do not occur until the close of the quarter in which the last Company match is made.

The amount distributable to a participant or beneficiary is equal to the balance in the account valued as of the most recent date preceding such distribution as the Trustee can determine. Benefits payable to a participant or the beneficiary are paid in a cash lump sum.

Under certain conditions, once each plan year a participant may withdraw all or a portion of his account while still employed by the Company. Withdrawals from a participant's account are only permitted (i) for participants who have attained age 59 1/2 or (ii) in the event of a participant's hardship as defined in Section 401(k) of the Internal Revenue Code of 1954, as amended. Beginning with the plan year in which participants reach age 59 1/2, they may withdraw any portion up to the entire amount of their Salary Deferral Contributions Account and/or their Company Matching Contributions Account. In

Edgar Filing: TUCSON ELECTRIC POWER CO - Form 11-K

addition, participants may withdraw any portion of their Salary Deferral Contributions Account, excluding earnings credited after December 31, 1988, if they have incurred a financial hardship. The amount which may be withdrawn in the case of a participant's hardship may not exceed the amount needed and is subject to the approval of the Committee.

INVESTMENTS

During 2001, fourteen investment options were offered to participants. A brief description of each of the investment options follows:

The Fidelity Mutual Funds listed above are managed by the Trustee. The Janus funds are managed by Janus Investments.

VESTING AND PRIORITIES UPON TERMINATION

A participant's interest in each of his accounts is at all times 100% vested. Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan. Upon termination of the Plan, the accounts under the Plan will be valued and distributed to participants at the time of such termination, subject to the provisions of ERISA.

NOTE 2: PLAN MERGER

The TIP and the SRA plans were merged effective July 1, 2000. For the year ended December 31, 2000, the plans were administered through two separate trusts. Information related to the separate TIP and SRA trust assets as of the period ended December 31, 2000 is as follows:

The Amended and Restated Plan required the transfer of the SRA assets (including the accounts of participants and any such loans) to the Plan as soon as administratively practical after

Edgar Filing: TUCSON ELECTRIC POWER CO - Form 11-K

July 1, 2000. Due to administrative limitations, the assets of the SRA were transferred to the Plan in January 2001. Combined recordkeeping began in February 2001.

On April 30, 2001, net assets of \$364,888 relating to the 401(k) plan of Global Solar Energy, LLC, an affiliate of Tucson Electric Power Company (TEP), were merged into the Plan. Global Solar Energy is a subsidiary of UniSource Energy Corporation, the parent of TEP. Prior periods have not been restated as amounts transferred into the Plan are not considered material in relation to total net assets of the Plan.

NOTE 3: SUMMARY OF ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared using the accrual basis of accounting and in accordance with accounting principles generally accepted in the United States of America.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value except for its investments in the Managed Income Portfolio, which are valued at contract value including accumulated earnings. The Fidelity Magellan, Fidelity Equity Income, Fidelity Growth Company, Fidelity Intermediate Bond, Fidelity Asset Manager, Spartan U.S. Equity Index, Fidelity Low-Priced Stock, Janus Flexible Income and Janus Worldwide Funds are valued at the net asset value of the underlying investments as of the last day of the Plan year as quoted by the National Association of Securities Dealers, Inc. The Fidelity Retirement Money Market Portfolio is stated at cost plus accumulated earnings which approximates fair value. The UniSource Stock Fund and the Brokerage Account are stated at fair value. Loans to participants are valued at cost which approximates fair value.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

NOTE 5: TAX STATUS

The Internal Revenue Service has determined and informed the Company by letter dated November 5, 1994, and July 22, 1995 that the TIP and the SRA, respectively, as restated and the related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Committee believes that the Plan as amended and restated is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6: RELATED PARTY TRANSACTIONS
