EGL, INC. Increases First Quarter Earnings

Guidance On Strong March Volumes

HOUSTON, April 5, 2004 **EGL, Inc. (NASDAQ: EAGL)** announced today that it expects to report fully diluted earnings per share for the first quarter of 2004 in the range of \$0.10 to \$0.12, compared to earlier management guidance of \$0.05 to \$0.07. Diluted earnings per share for the first quarter of 2003 were \$0.06.

During the first quarter of 2004, the continuing economic recovery resulted in strong international activity overcoming weak domestic priority volumes, explained James R. Crane, Chairman and Chief Executive Officer. March shipments were stronger than expected, especially on the heels of the continued growth of our U.S. import and export activity.

In addition, increased volumes in Europe, Asia and the Middle East provided further evidence that our low cost business model is positioned to benefit from the economic recovery. Based on our preliminary results as of the end of the first quarter, we expect our diluted earnings per share to surpass our previous guidance.
