## APPROVAL OF THE AMENDMENT TO THE ARTICLES OF INCORPORATION

### *Description of the Amended Articles and Reasons for the Amendment*

The Amended Articles make one change to the Company's Articles of Incorporation – the change of the Company's name to Iveda Corporation.

The primary reason for the proposed name change was to comply with the terms of the Corporation's letter of intent (the "LOI") with InteloSight, Inc., a Washington corporation dba Iveda Solutions ("Iveda"). Under the LOI, the Corporation and Iveda have tentatively agreed to enter into a merger (the "Merger") whereby Iveda will become a wholly-owned subsidiary of the Corporation and Iveda's shareholders will receive approximately 10 million shares of the Corporation's common stock. Prior to the Merger, the Corporation will engage in a 2 for 1 reverse split to reduce the number of outstanding shares of its common stock, which has been approved by the Consenting Shareholders and is described below. The parties have until December 31, 2008 to close the proposed Merger, at which time the LOI will terminate if it has not been terminated earlier.

Iveda provides remote video monitoring services and currently has clients in Arizona and California. The Company offers a proactive security solution using network cameras, real-time Internet-based surveillance system, and a remote monitoring facility with trained intervention specialists. Based in Mesa, Arizona, Iveda's core monitoring service offers private and public entities what management believes to be a more affordable, reliable, and effective security solution than either security guards or closed circuit television on-site monitoring.

As part of the Merger, the Corporation has agreed to change its name to "Iveda Corporation" and the Amended Articles will accomplish this. The Corporation intends to wait until the closing of the Merger to file the Amended Articles, and in the event the Merger does not close, the Corporation will keep its existing name.

After the filing of the Amended Articles with the Secretary of State of the State of Nevada, the Company will cease use of the name Charmed Homes Inc. The Company will then use the name Iveda Corporation.

### *Vote Required*

NRS 78.390 provides that every amendment to the Company's Articles of Incorporation shall first be adopted by the resolution of the Board of Directors and then be subject to the approval of shareholders entitled to vote on any such amendment. Under the Company's Articles of Incorporation and Bylaws now in effect, an affirmative vote by shareholders holding shares entitling them to exercise at least a majority of the voting power is sufficient to amend the Company's Articles of Incorporation. NRS 78.320 provides that, unless otherwise provided in the Company's Articles of Incorporation or the Bylaws, any action required or permitted to be taken at a meeting of the shareholders may be taken without a meeting if, before or after the action, a written consent thereto is signed by shareholders holding the voting power required to take such

## Edgar Filing: Charmed Homes Inc. - Form PRE 14C

action at a meeting. The Company's Articles of Incorporation and Bylaws permit the taking of action by written consent. In order to eliminate the costs and management time involved in holding a special meeting and in order to effect the amendment described herein as early as possible in order to accomplish the purposes described above, the Company's Board of Directors voted to utilize the written consent of the holders of a majority of the Company's voting stock. NRS 78.320 provides that in no instance where action is authorized by written consent need a meeting of shareholders be called or notice given.

Pursuant to NRS 78.385, NRS 78.390 and the Company's current Articles and Bylaws, the affirmative vote of the holders of a majority of the Company's outstanding voting stock is sufficient to amend the Company's Articles of Incorporation as described above, which vote has been obtained by written consent of the Consenting Shareholders.

### *Effective Date*

Under applicable federal securities laws, the Amended Articles cannot be effective until at least 20 calendar days after this Information Statement is distributed to the Company's shareholders. The Amended Articles will become effective upon filing with the Secretary of State of Nevada. It is anticipated that the foregoing will take place 20 calendar days after this Information Statement is mailed to the Company's shareholders, subject to change to a later date based on when the Merger closes.

### *Dissenters' Rights of Appraisal*

The Nevada Revised Statutes do not provide for appraisal rights in connection with the above-described amendment to the Company's Articles of Incorporation.

## **APPROVAL OF THE REVERSE STOCK SPLIT**

### *General*

The Board of Directors and Consenting Shareholders have approved a reverse stock split of our common stock at a ratio of one-for-two. Pursuant to the reverse split, each outstanding two shares of common stock will be combined into and become one share of common stock, without any change in the number of authorized shares of our common stock.

As of November 21, 2008, we had 6,690,000 shares of common stock issued and outstanding. Based on the number of shares of our common stock currently issued and outstanding, immediately following the completion of the reverse stock split (assuming no change in our number of outstanding common shares between November 21, 2008 and the record date of December 5, 2008), we would have 3,345,000 shares of common stock issued and outstanding.

### *Purpose of the Reverse Split*

The primary purpose for effecting the reverse split is to comply with the terms of the proposed Merger as described above.

However, even in the event that the Merger does not occur, the Board believes that the reverse split is in the best interests of the Company and its shareholders, as it will provide additional flexibility for any future merger, exchange or acquisition. A reverse stock split may also have a favorable effect on the trading price of our common stock on the OTC Bulletin Board.

## Edgar Filing: Charmed Homes Inc. - Form PRE 14C

In evaluating whether or not to authorize the reverse split, in addition to the considerations described above, the Board of Directors also took into account various negative factors associated with a reverse stock split. These factors include:

- the negative perception of reverse stock splits held by some investors, analysts and other stock market participants;
- the fact that the stock price of some companies that have effected reverse stock splits has subsequently declined back to pre-reverse stock split levels;
- the adverse effect on liquidity that might be caused by a reduced number of shares outstanding; and
- the costs associated with implementing a reverse stock split.

Schedule 14C

3

11/24/2008

---

Shareholders should recognize that if a reverse stock split is effected, they will own a fewer number of shares than they currently own (a number equal to the number of shares owned immediately prior to the reverse stock split divided by two). The reverse stock split may not increase the per share price of our common stock in proportion to the reduction in the number of shares of our common stock outstanding or result in a permanent increase in the per share price (which depends on many factors, including our performance, prospects and other factors that may be unrelated to the number of shares outstanding).

If the per share price of our common stock declines following the reverse split, the percentage decline as an absolute number and as a percentage of our overall market capitalization may be greater than would occur in the absence of a reverse stock split. Furthermore, the liquidity of our common stock could be adversely affected by the reduced number of shares that would be outstanding after the reverse stock split. In addition, the reverse stock split will likely increase the number of shareholders who own odd lots (less than 100 shares). Shareholders who hold odd lots typically will experience an increase in the cost of selling their shares, as well as possible greater difficulty in effecting such sales.

The Board of Directors considered all of the foregoing factors, and determined that the reverse stock split is in the best interest of the Company and its shareholders.

### *Principal Effects of the Reverse Split*

#### *General*

Our common stock is currently registered under the Exchange Act, and we are subject to the periodic reporting and other requirements of the Exchange Act. The reverse stock split will not affect the registration of our common stock under the Exchange Act.

#### *Number of Shares of Common Stock and Corporate Matters*

When implemented, the reverse split will have the following effects on the number of shares of common stock:

- each two shares of our common stock owned by a shareholder immediately prior to the reverse stock split would become one share of common stock after the reverse stock split;
- the number of shares of our common stock issued and outstanding would be reduced from 6,690,000 shares to 3,345,000 shares; and
- the number of authorized shares of our common stock would remain at 200 million shares.

After effectuating the reverse split, we will have approximately 196,655,000 shares of authorized but unissued shares of common stock. The authorized and unissued and unreserved shares would be available from time to time for corporate purposes including issuances upon the closing of the Merger, raising additional capital by means of sales of stock or securities convertible into common stock, acquisitions of companies or assets, or other strategic transactions. If we issue additional shares, the ownership interests of holders of our common stock may be diluted.

## Edgar Filing: Charmed Homes Inc. - Form PRE 14C

The reverse stock split will affect all of our common shareholders uniformly and will not change the proportionate equity interests of our common shareholders, nor will the respective voting rights and other rights of shareholders be altered.

### ***Fractional Shares***

If the reverse stock split results in some shareholders receiving fractional shares, fractional shares will be issued. The Company will not make any cash payments in lieu of the issuance of fractional shares.

Schedule 14C

### ***Effect on Shares Held in Street Name***

We intend to treat shareholders holding our common stock in street name, through a bank, broker, or other nominee, in the same manner as registered shareholders whose shares are registered in their names when effecting the reverse stock split. Banks, brokers, or other nominees will be instructed to effect the reverse stock split for their beneficial holders holding our common stock in street name. However, these banks, brokers, or other nominees may have different procedures than registered shareholders for processing the reverse stock split. If you hold your shares with a bank, broker or other nominee, and if you have any questions in this regard, we encourage you to contact your nominee.

### ***Effect on Registered Book-Entry Shareholders***

Our registered shareholders may hold some or all of their shares electronically in book-entry form. These shareholders will not have share certificates evidencing their ownership of our common stock. They are, however, provided with a statement reflecting the number of shares registered in their accounts.

- If you hold registered shares in a book-entry form, you do not need to take any action to receive your post-reverse stock split shares.
- If you are entitled to post-reverse stock split shares, a transaction statement will automatically be sent to your address of record indicating the number of shares you hold.

### ***Effect on Registered Certificated Shares***

Some registered shareholders hold all their shares in certificate form or a combination of certificate and book-entry form. If any of your shares are held in certificate form, you will receive a transmittal letter from our transfer agent as soon as practicable after the effective date of the reverse stock split. The letter of transmittal will contain instructions on how to surrender your certificate(s) representing your pre-reverse stock split shares to the transfer agent. Upon receipt of your share certificate, you will be issued the appropriate number of shares electronically in book-entry form. No new shares in book-entry form will be issued to you until you surrender your outstanding certificate(s), together with the properly completed and executed letter of transmittal, to the transfer agent. At any time after receipt of your statement reflecting the number of shares registered in your book-entry account, you may request a share certificate representing your ownership interest.

### ***Accounting Matters***

The reverse stock split will not affect the par value of the Company's common stock. As a result, the stated capital attributable to the Company's common stock on the Company's balance sheet will be reduced proportionately based on the reverse stock split ratio, and the additional paid-in capital account will be credited with the amount by which the stated capital is reduced. Prior periods per share net income or loss and net book value amounts will be restated because there will be fewer shares of our common stock outstanding.

### ***Potential Anti-Takeover Effect***

The proportion of unissued authorized shares to issued shares could, under certain circumstances, have an anti-takeover effect. For example, the issuance of a large block of common stock could dilute the stock ownership of a person seeking to effect a change in the composition of the Board of Directors or contemplating a tender offer or other transaction for the combination of the Company with another company. However, the reverse stock split proposal is not being proposed in response to any effort of which we are aware to accumulate shares of common stock or obtain control of the Company, other than the proposed Merger.

---

**Procedure for Effecting Exchange of Stock Certificates**

The Company's transfer agent, Securities Transfer Corporation, will act as exchange agent for purposes of implementing the exchange of stock certificates or updating ownership amounts, the latter for those book entry shareholders, and is referred to as the exchange agent. As soon as practicable after the effective time of the reverse split, a letter of transmittal will be sent to shareholders of record as of December 5, 2008 for purposes of surrendering to the exchange agent certificates representing pre-reverse stock split shares in exchange for certificates representing post-reverse stock split shares in accordance with the procedures set forth in the letter of transmittal. No new certificates will be issued to a shareholder until such shareholder has surrendered such shareholder's outstanding certificate(s), together with the properly completed and executed letter of transmittal, to the exchange agent. From and after the effective time, any certificates formerly representing pre-reverse stock split shares which are submitted for transfer, whether pursuant to a sale, other disposition or otherwise, will be exchanged for certificates representing post-reverse stock split shares. **SHAREHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY CERTIFICATE(S) UNTIL REQUESTED TO DO SO.** For shareholders who hold registered shares in a book-entry form, at the effective time, the transfer agent will update your ownership amounts on our books and a transaction statement will automatically be sent to your address of record indicating the number of shares you hold. No action need be taken to receive your post-reverse stock split shares.

***No Appraisal Rights***

Under the laws of Nevada, shareholders will not be entitled to exercise appraisal rights in connection with the reverse stock split.

***Certain United States Federal Income Tax Consequences***

**IN ACCORDANCE WITH 31 C.F.R. § 10.35(B)(5), THE DISCUSSION OF THE TAX ASPECTS PROVIDED HEREIN HAS NOT BEEN PREPARED, AND MAY NOT BE RELIED UPON BY ANY PERSON, FOR PROTECTION AGAINST ANY FEDERAL TAX PENALTY. EACH SHAREHOLDER SHOULD SEEK ADVICE BASED ON THE PROSPECTIVE SHAREHOLDER'S PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.**

The following is a summary of certain United States federal income tax consequences of the reverse stock split generally applicable to beneficial holders of shares of our common stock. This summary addresses only such shareholders who hold their pre-reverse stock split shares as capital assets and will hold the post-reverse stock split shares as capital assets. This discussion does not address all United States federal income tax considerations that may be relevant to particular shareholders in light of their individual circumstances or to shareholders that are subject to special rules, such as financial institutions, tax-exempt organizations, insurance companies, dealers in securities, and foreign shareholders. The following summary is based upon the provisions of the Internal Revenue Code of 1986, as amended, applicable Treasury Regulations thereunder, judicial decisions and current administrative rulings, as of the date hereof, all of which are subject to change, possibly on a retroactive basis. Tax consequences under state, local, foreign, and other laws are not addressed herein. Each shareholder should consult its tax advisor as to the particular facts and circumstances which may be unique to such shareholder and also as to any estate, gift, state, local or foreign tax considerations arising out of the reverse stock split. The Company has not and will not seek a ruling from the Internal Revenue Service regarding the United States federal income tax consequences of the reverse split. Therefore, the income tax consequences discussed below are not binding on the Internal Revenue Service and there can be no assurance that such income tax consequences, if challenged, would be sustained.

Subject to the statements made above, the United States federal income tax consequences of the reverse stock split may be summarized as follows:

- 
- The reverse stock split would qualify as a tax-free recapitalization under the Internal Revenue Code. Accordingly, a shareholder will not recognize any gain or loss for United States federal income tax purposes as a result of the receipt of the post-reverse stock split common stock pursuant to the reverse stock split.
  - The shares of post-reverse stock split common stock in the hands of a shareholder will have an aggregate basis for computing gain or loss on a subsequent disposition equal to the aggregate basis of the shares of pre-reverse split common stock held by the shareholder immediately prior to the reverse stock split.
  - A shareholder's holding period for the post-reverse stock split common stock will include the holding period of the pre-reverse split common stock exchanged.

***Vote Required***

NRS 78.2055 provides that any decrease in the number of issued and outstanding shares of stock without a corresponding decrease in the number of authorized shares of stock shall first be adopted by the resolution of the Board of Directors and then be subject to the approval of shareholders entitled to vote on any such amendment. Under the Company's Articles of Incorporation and Bylaws now in effect, an affirmative vote by shareholders holding shares entitling them to exercise at least a majority of the voting power is sufficient to approve the reverse stock split. NRS 78.320 provides that, unless otherwise provided in the Company's Articles of Incorporation or the Bylaws, any action required or permitted to be taken at a meeting of the shareholders may be taken without a meeting if, before or after the action, a written consent thereto is signed by shareholders holding the voting power required to take such action at a meeting. The Company's Articles of Incorporation and Bylaws permit the taking of action by written consent. In order to eliminate the costs and management time involved in holding a special meeting and in order to effect the reverse stock split described herein as early as possible in order to accomplish the purposes described above, the Company's Board of Directors voted to utilize the written consent of the holders of a majority of the Company's voting stock. NRS 78.320 provides that in no instance where action is authorized by written consent need a meeting of shareholders be called or notice given.

Pursuant to NRS 78.2055 and the Company's current Articles and Bylaws, the affirmative vote of the holders of a majority of the Company's outstanding voting stock is sufficient to approve the reverse stock split as described above, which vote has been obtained by written consent of the Consenting Shareholders.

***Effective Date***

Under applicable federal securities laws, the reverse split cannot be effective until at least 20 calendar days after this Information Statement is distributed to the Company's shareholders.
