OUTSTANDING SHARES AND VOTING RIGHTS

Only shareholders of record at the close of business on March 19, 2009 will be entitled to vote at the Annual Meeting. As of March 19, 2009, the Company had outstanding 2,296,634 shares of its common stock, \$5 par value (Common Stock), each of which is entitled to one vote at the Annual Meeting. A majority of votes entitled to be cast on matters considered at the Annual Meeting constitutes a quorum. If a share is represented for any purpose at the Annual Meeting, it is deemed to be present for purposes of establishing a quorum. Abstentions and shares held of record by a broker or its nominees (Broker Shares) that are voted on any matter are included in determining the number of votes present or represented at the Annual Meeting. Conversely, Broker Shares that are not voted on any matter will not be included in determining whether a quorum is present. If a quorum is established, directors will be elected by a plurality of the votes cast by shareholders at the Annual Meeting. Votes that are withheld or abstentions and Broker Shares that are not voted in the election of directors or in the ratification of auditors will not be

included in determining the number of votes cast.

SECURITY OWNERSHIP OF MANAGEMENT

The following table sets forth the number and percentage of shares of Common Stock beneficially owned, as of March 19, 2009, by each of the Company's directors and nominees, each of the executive officers named in the Summary Compensation Table below and all of the Company's directors and executive officers as a group. For the purposes of this table, beneficial ownership has been determined in accordance with the provisions of Rule 13d-3 under the Securities Exchange Act of 1934, as amended, under which, in general, a person is deemed to be a beneficial owner of a security if he or she has or shares the power to vote or direct the voting of the security or the power to dispose of or direct the disposition of the security, or if he or she has the right to acquire beneficial ownership of the security within 60 days.

CORPORATE GOVERNANCE AND

THE BOARD OF DIRECTORS

General

The business and affairs of the Company are managed under the direction of the Board of Directors in accordance with the Virginia Stock Corporation Act and the Company's Articles of Incorporation and Bylaws. Members of the Board are kept informed of the Company's business through discussions with the Chairman of the Board, the President and Chief Executive Officer and other officers, by reviewing materials provided to them and by participating in meetings of the Board and its committees.

Code of Ethics

The Board of Directors has approved a Code of Ethics for Senior Financial Officers of the Company and the Bank. This document covers the Company's Chief Executive Officer, Chief Financial Officer and the Controller. The Code of Ethics states that the Senior Financial Officers are expected to conduct business and act in an honest and ethical manner; provide full, fair, accurate, timely and understandable financial reports; report any significant deficiencies in the Company's internal controls over financial reporting; may not use corporate property, information, or position for improper personal gain or compete with the Company; endeavor to protect the Company's assets and ensure their efficient use; and respect the rights of and deal fairly with the Company's customers, suppliers, competitors and employees. It is available upon request to the Secretary of the Company at P. O. Box 1111, Timberville, VA 22853.

Independence of Directors

The Board of Directors in its business judgment has determined that the following seven of its nine members are independent as defined by the listing standards of the Nasdaq Stock Market (Nasdaq): Thomas L. Cline, John N. Crist, Ellen R. Fitzwater, Daniel J. Harshman, Richard S. Myers, Michael W. Pugh and Ronald E. Wampler. In reaching this conclusion, the Board considered that we and our subsidiary entities provide services to, and otherwise conduct business with, companies of which certain members of the Board or members of their immediate families are or were directors or officers.

Our Board of Directors has established standards under which we view the following as impairing a director's independence:

a director who is or at any time during the past three years was our employee, or whose immediate family member is or at any time during the past three years was an executive officer;

a director who received, or whose immediate family member received, more than \$120,000 per year in direct compensation from us during any period of twelve consecutive months within the past three years, other than director and committee fees and pension or other forms of deferred compensation for prior service;

a director who is or at any time during the past three years was affiliated with or employed by, or whose immediate family member is or at any time during the past three years was affiliated with or employed in a professional capacity by, our present or former internal

Edgar Filing: F&M BANK CORP - Form DEF 14A

or external auditor;

a director who is employed, or whose immediate family member is employed, as an executive officer of another company where at any time during the past three years any of our executives served on that company's compensation committee; and

a director who is an executive officer or an employee, or whose immediate family member is an executive officer, of a company that makes payments to, or receives payments from, us for property or services in an amount which, in any single fiscal year, exceeds the greater of \$200,000 or 5% of such other company's consolidated gross revenues.

While we conduct business with several of our directors, including John Crist (legal services), Michael Pugh (real estate appraisal services) and Richard Myers (automobile purchases and servicing), the total amounts paid to the entities with which our directors are affiliated are significantly less than the thresholds outlined above. Directors Withers and Fisher are not considered independent due to Mr. Withers' current employment by the Company and Mr. Fisher's status as a retired executive officer of the Company less than five years ago. Other than those described above and under Certain Relationships and Related Transactions, the Board of Directors did not consider any transactions, relationships or arrangements in determining director independence.

Board and Committee Meeting Attendance

There were 12 meetings of the Board of Directors of the Company in 2008. Each director attended greater than 75% of the aggregate number of meetings of the Board of Directors and meetings of committees of which the director was a member in 2008. The Board of the Bank, which met 12 times in 2008, primarily manages all matters for the Bank. All the directors of the Company are also directors of the Bank.

Committees of the Board

The Company has an Audit Committee, and the Bank has a Compensation Committee. The Company does not have a standing nominating committee.

Audit Committee

The Audit Committee assists the Board of Directors in fulfilling the Board's oversight responsibility to the shareholders relating to the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the qualifications, independence and performance of the Company's independent auditor and the performance of the internal audit function. The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the independent auditor engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attestation services for the Company. The Board of Directors has adopted a written charter for the Audit Committee. The Audit Committee Charter was included as Appendix A to the proxy statement for the 2007 annual meeting.

The members of the Audit Committee are Thomas L. Cline, Ellen R. Fitzwater, Daniel J. Harshman and Ronald E. Wampler, all of whom the Board in its business judgment has determined are independent as defined by the listing standards of Nasdaq. The Board of Directors also has determined that all of the members of the Audit Committee have sufficient knowledge in financial and auditing matters to serve on the Audit Committee and that Ms. Fitzwater qualifies as an audit committee financial expert as defined by SEC regulations.

The Audit Committee met six times in 2008. For additional information regarding the Audit Committee, see [Audit Information-Audit Committee Report](#) on pages 15 and 16 of this Proxy Statement.

Compensation Committee

The Compensation Committee reviews senior management's performance and compensation and reviews and sets guidelines for compensation of all employees. All decisions by the Compensation Committee relating to the compensation of the Company's executive officers are reported to the full Board of Directors. There is no Compensation Committee Charter.

Edgar Filing: F&M BANK CORP - Form DEF 14A

The members of the Compensation Committee are Daniel J. Harshman, Richard S. Myers, Michael W. Pugh and Ronald E. Wampler, all of whom the Board in its business judgment has determined are independent as defined by Nasdaq's listing standards. The Compensation Committee met once in 2008. For additional information regarding the Compensation Committee, see Compensation Committee Report on Executive Compensation on page 14 of this Proxy Statement.

Director Nomination Process

The Company currently does not have a standing nominating committee. The entire Board performs the functions of a nominating committee. The Board does not believe it needs a separate nominating committee because the full Board is comprised predominantly of independent directors (as that term is defined by Nasdaq's listing standards) and has the time and resources to perform the function of selecting board nominees. The President & CEO, the sole management director, abstains from discussions and voting for nominees. When the Board performs its nominating function, the Board acts in accordance with the Company's Articles of Incorporation and Bylaws, but does not have a separate charter related to the nomination process.

Should a vacancy occur on the Board of Directors of the Company, the Board would look at the Corporate Governance Committee's list of director qualifications (similar to those listed below) and consider these qualifications in developing a pool of potential nominees from the communities served by the Company. The Board would then appoint the

Edgar Filing: F&M BANK CORP - Form DEF 14A

candidate who was best qualified following discussions among the independent directors. The Board also considers potential nominees that shareholders might submit informally.

The Company's independent directors consider, at a minimum, the following factors in recommending to the Board potential new directors, or the continued service of existing directors:

The ability of the prospective nominee to represent the interests of the shareholders of the Company;

The prospective nominee's standards of integrity, commitment and independence of thought and judgment;

The prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards; and

The extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the Board of Directors.

Shareholders entitled to vote for the election of directors may submit candidates for formal consideration by the Company in connection with an annual meeting of shareholders by providing the Company with timely written notice, in proper form, for each such recommended director nominee. If the notice is not timely and in proper form, the nominee will not be considered by the Company. To be timely for the 2010 annual meeting, the notice must be received within the time frame set forth in Shareholder Proposals on page 16 of this Proxy Statement. To be in proper form, the notice must include each nominee's written consent to be named as a nominee and to serve, if elected, and information about the shareholder making the nomination and the person nominated for election. These requirements are more fully described in Section 2.5 of the Company's Bylaws, a copy of which will be provided, without charge, to any shareholder upon written request to the Secretary of the Company, whose address is P. O. Box 1111, Timberville, VA 22853.

Annual Meeting Attendance

The Company encourages members of the Board of Directors to attend the annual meeting of shareholders. All nine of the directors attended the 2008 annual meeting.

Communications with Directors

Any director may be contacted by writing to him or her c/o P. O. Box 1111, Timberville, VA 22853. Communications to the non-management directors as a group may be sent to the same address, c/o the Secretary of the Company. The Company promptly forwards, without screening, all such correspondence to the indicated directors.

The following table shows the compensation earned by each of the directors during 2008. Compensation included only meeting fees and a bonus.

¹Amounts deferred by the executive from salary or bonus

²Each year the Compensation Committee considers whether to make a discretionary Company contribution to the plan for the benefit of the participants, including the executive officers. This contribution is shared on a pro-rated basis by the participants in the plan based on each participant's salary as a percentage of the total salaries of the participants in the plan. For 2008 and 2007, the total contributions to the plan were \$60,000 and \$50,000, respectively. These contributions are also included above as part of all other compensation column in the Summary Compensation Table.

³Deferred amounts are deposited in separate accounts and are credited with earnings or losses based on the rate of return of mutual funds selected by the plan participants.

⁴The aggregate balance includes contributions and earnings previously reported as compensation in the prior years' proxy statements as follows: Dean W. Withers \$74,471, Larry A. Caplinger \$45,712, and Neil W. Hayslett \$54,045.

Retirement Benefits

The Company has a noncontributory pension plan that conforms to the Employee Retirement Income Security Act of 1974, as amended (ERISA). The amount of benefits payable under the plan is determined by an employee's period of credited service. The amount of normal retirement benefit will be determined based on a participant's credited service, earnings and the benefit formula as described in the plan's adoption agreement. The plan provides for early retirement for participants with 10 years of vesting service and the attainment of age 55. A participant who terminates employment with five or more years of vesting service will be entitled to a benefit. The benefits are payable in single or joint/survivor annuities, as well as a lump sum payment option upon retirement or separation of service (subject to limitations as described in the plan's adoption agreement).

The following table sets forth information as of December 31, 2008 with respect to the pension plan in which the named executive officers participate:

Severance Benefits

In 1996, the Company and the Bank adopted a change in control severance plan that became effective July 1, 1996. The plan covers employees designated by the Company's Board of Directors, including Mr. Withers, Mr. Caplinger and Mr. Hayslett.

Under the plan, a covered termination is a cessation of employment with the Company or its then affiliates within 36 months after a change in control (as defined in the plan) on account of either (i) termination of employment by the covered employee for good reason (defined to mean the occurrence after a change in control of any of the following: the assignment of duties inconsistent with prior duties, the diminution of responsibilities, a reduction in base salary, a transfer of job location of more than 50 miles, a failure to pay compensation or deferred compensation within seven days after due, a failure to continue participation and benefits under any compensation or benefits plan (or any successor or replacement plan) at as favorable a level, or a failure of the Company to require any successor to the Company to comply with the plan) or (ii) termination initiated by the Company or any of its affiliates for any reason other than death, disability, mandatory retirement or cause (as defined in the plan).

In the event of a covered termination, a covered employee will be entitled to the following severance benefits: (i) continuation of the employee's base pay (as defined in the plan) through the earlier of his or her death or the third anniversary of the date of the change in control (the severance pay period); (ii) continuation of the availability of coverage, and the employer's regular contribution towards that coverage, under the employer's health care plan during the severance pay period for the employee and his or her eligible dependents; (iii) the right to buy any car that the employee is assigned by the employer at its then fair market value; and (iv) a lump sum payment equal to the value of any qualified or nonqualified retirement benefits forfeited by the employee on account of his or her covered termination.

The following table indicates estimated benefits of a covered termination.

Estimated Current Value of Change in Control Benefits

(as of December 31, 2008)

	Severance	Other ²	Total
	Amount ¹		
Dean W. Withers	\$600,000	\$12,744	612,744
Larry A. Caplinger	420,000	12,744	432,744
Neil W. Hayslett	420,000	12,744	432,744

¹This amount represents the greater of three times the employee's base pay at the date of the Change in Control or his base pay at the date of his Covered Termination. The Severance Plan Benefit shall be paid at the same time and in the same manner as the employer's regular payroll payments rather than as a lump sum payment. Notwithstanding anything contained in the Plan, the payments and benefits under the plan will be reduced to the extent necessary so that no payment shall be subject to excise tax under Section 4999 of the Internal Revenue Code.

²This amount includes the continuation of the availability of health care benefits arising from a Covered Termination during the employee's 36-month severance pay period. The value to the executive officer of the automobile purchase option contained in the severance plan cannot be determined as it will vary depending on the timing of the event, the book value of the vehicle and the fair market value of the vehicle.

There are no other severance payments except as outlined above in the plan.

Compensation Discussion and Analysis

Overview. This section provides information regarding the compensation program in place for our Chief Executive Officer, Chief Financial Officer and Senior Loan Officer, collectively referred to as our executive officers . This section includes information regarding the overall objectives of our compensation program and each element of compensation that we provide.

The Compensation Committee, composed entirely of independent directors, administers the Company s executive compensation program. The role of the Committee is to oversee the Company s compensation and benefit plans and policies and to review and approve annually all compensation decisions relating to the executive officers named in the Summary Compensation Table. The Committee submits its decisions regarding compensation for the executive officers to the outside Directors of the Board for ratification.

Edgar Filing: F&M BANK CORP - Form DEF 14A

General Compensation Objectives. The Compensation Committee's overall objectives applicable to our executive officers are to provide a compensation package intended to attract, motivate and retain qualified executives and to provide them with incentives to achieve our annual goals and to increase shareholder value. The Committee recognizes the need to implement sound principles that enhance its ability to develop and administer compensation and benefit programs. To this end the Committee has taken actions that include the following:

Initiated a practice of holding executive sessions (without Company management present) at every Committee meeting;

Purchased survey information related to other Virginia banks of similar size as prepared by the Virginia Bankers Association;

Reviewed a benchmarking report compiled by management containing information from proxy statements of twelve other Virginia banks with comparable asset size, market capitalization and revenues. These institutions include Fauquier Bankshares, Eagle Financial Services, Community Financial Corp., Central Virginia Bankshares, Monarch Financial Holdings, Grayson Bankshares, Bay Banks of Virginia, Village Bank & Trust Financial, First National Corp., 1st Capital Bancorp., Millennium Bankshares and Pinnacle Bankshares. The elements of compensation that were compared included salary, bonus and total compensation as disclosed by these organizations in the prior year.

We rely upon our judgment in making sound compensation decisions, after reviewing the performance of the Company and carefully evaluating the executive's performance during the year against established goals, leadership qualities, operational performance, business responsibilities, career with the Company, current compensation arrangements and long-term potential to enhance shareholder value. Specific factors affecting compensation decisions for the named executives include:

Financial measures such as net profit, return on equity (ROE) and return on assets (ROA) relative to the peer group in the benchmarking report;

Strategic objectives such as the establishment of new branch offices;

Launching new or improving existing products that help us reach our goals of being a market leader and to attract and retain customers;

Achievement of specific operational goals for the company, including improved productivity, risk management or portfolio management goals;

Achieving excellence in their organizational structure and among their employees;

Supporting our corporate values by promoting integrity through compliance with laws and regulations.

We generally do not strive for rigid formulas or react to short term changes in business performance in determining the amount or mix of compensation and benefits. The mix of compensation elements is based on the review of the factors outlined above in order to provide the executive with a combination of salary, bonus and long-term compensation commensurate with responsibilities and competitive with other banks of similar size and characteristics. While we consider the compensation paid by other banks in the benchmarking report and salary survey, we do not attempt to maintain a certain target percentile within these peer groups.

Base Salaries. The Compensation Committee's policy is to provide salaries that it believes are necessary to attract and retain qualified executives. The objective of the base salary is to reflect job responsibilities, value to the Company and individual performance with respect to the Company's goals and objectives. The salaries of the executive officers are reviewed on an annual basis, as well as at the time of a promotion or other change in responsibilities. Increases in salary are based on an evaluation of the individual's performance and level of pay compared to industry peers as contained in the previously mentioned salary survey and benchmarking report. The Committee generally relies on Mr. Withers' recommendations as our CEO (except in the case of his own compensation). With regard to Mr. Withers' compensation, the Committee relies on benchmarking report and other survey information and makes its decision as to his compensation while in executive session.

Annual Bonus. The annual bonus is based on attaining annual performance measures, such as net income, return on equity, return on assets and efficiency ratio goals as determined by the board, as adjusted positively or negatively for one-time items. The Committee typically meets in

Edgar Filing: F&M BANK CORP - Form DEF 14A

November of each year and bases its decisions regarding bonuses on projected full year income. The Committee considers our performance on key indicators such as ROE and ROA relative to comparable banks in the benchmarking report, and compares the level of bonuses paid our executive officers versus executive officers at these comparable banks. While the Committee does evaluate a variety of factors as outlined above, the payment of bonuses is discretionary and is not tied to a specific formula or performance targets.

Edgar Filing: F&M BANK CORP - Form DEF 14A

Retirement Benefits. An important retention tool is the Company's various retirement plans. We balance the effectiveness of these plans as a compensation and retention tool with the cost to the Company of providing them.

Pension Plan. The Company has a noncontributory pension plan that covers all full time employees, including the executive officers. This plan conforms to the Employee Retirement Income Security Act of 1974, as amended (ERISA). The amount of benefits payable under the plan is determined by an employee's period of credited service. The amount of normal retirement benefit will be determined based on a participant's credited service, earnings and the benefit formula as described in the plan's adoption agreement. The plan provides for early retirement for participants with 10 years of vesting service and the attainment of age 55. A participant who terminates employment with five or more years of vesting service will be entitled to a benefit. The benefits are payable in single or joint/survivor annuities, as well as a lump sum payment option upon retirement or separation of service (subject to limitations as described in the plan's adoption agreement). The change in the pension value for the executive officers is contained in the Summary Compensation Table, while information regarding years of service, present value of accumulated benefits and plan payments for the executive officers is contained in the separate Pension Benefits Table.

Deferred Compensation Plan. Our deferred compensation plan allows certain employees, including the executive officers, to defer receipt of salary and or bonus payments. The initial decision to create the deferred compensation plan included an evaluation of our total benefits package for our senior management team, compared to the benefits package available to all employees and to other comparable companies. The plan was created as a means of attracting and retaining qualified members of the management team. At the present time, participation in the plan is limited to our senior management team, consisting of five employees, including the three executive officers. Deferred amounts are deposited in separate accounts and are credited with earnings or losses based on the rate of return of mutual funds selected by the plan participants. Distributions are paid either upon termination or returned at a specific date in the future, as elected by the employee. The employee may elect to receive payments in either a lump sum or a series of installments. Participants may defer up to 100% of salary and bonus payments.

Each year the Committee considers whether to make a discretionary Company contribution to the plan for the benefit of the participants, including the executive officers. Contributions to the plan are based on a number of factors including an evaluation of overall bank performance and an evaluation of the total contributions to the bank's other retirement plans, including the ESOP and 401k plans. This contribution is shared on a pro-rated basis by the participants in the plan based on each participant's salary as a percentage of the total salaries of the participants in the plan. For 2008 and 2007, the total contributions to the plan were \$60,000 and \$50,000, respectively. Additional information regarding the plan is contained separately in the Deferred Compensation Table.

401K Savings Plan. Employees, including the executive officers, may contribute up to 97% of regular earnings on a before-tax basis into their Savings Plan (subject to IRS limits). We match an amount equal to one dollar for each two dollars contributed by participating employees on the first six percent of their earnings. Amounts held in the Savings Plan accounts may not be withdrawn prior to the employee's termination of employment (subject to certain exceptions as directed by the IRS).

Effective for 2006, the Savings Plan limits the annual additions that can be made to an employee's account to \$44,000 per year. Annual additions include our matching contributions, before-tax contributions made by our employee under Section 401(k) of the Internal Revenue Code and employee after-tax contributions. Of those annual additions, the current maximum before-tax contribution is \$15,000 per year. Participants age 50 and over may also contribute, on a before-tax basis, and without regard to the \$44,000 limitation on annual additions or the \$15,000 general limitation on before-tax contributions, catch-up contributions of up to \$5,000 per year. The Company's matching contribution for each of the executive officers is contained in the Summary Compensation Table.

Employee Stock Ownership Plan (ESOP). This plan is a long-term incentive for our employees that promotes the achievement of goals which create value for our shareholders. This noncontributory plan covers all full time employees, including the executive officers. This plan conforms to the Employee Retirement Income Security Act of 1974, as amended (ERISA). An employee becomes a participant in the plan as of October 1st of the plan year in which the employee completes one full year of service. A participant who terminates employment with five or more years of vesting service will be vested in their benefit. Cash dividends paid by the Company are passed through to the participants on an annual basis. In 2008 and 2007, the Company contributed \$275,000 and \$250,000, respectively, to the plan. All eligible full time employees, including the

Edgar Filing: F&M BANK CORP - Form DEF 14A

executive officers, share in this contribution on a pro-rated basis based on each participant's eligible compensation as a percentage of the total eligible compensation of all the participants in the plan. The allocation to each of the executive officers is contained in the Summary Compensation Table.

Compensation Committee Report

The Compensation Committee has reviewed the Compensation Discussion and Analysis and discussed that analysis with management. Based on its review and discussions with management, the Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K and the Company's 2009 Proxy Statement. This report is provided by the following independent directors, who comprise the Committee:

Compensation Committee Interlocks and Insider Participation

During 2008, no former or current executive officer of the Company or the Bank served on the Compensation Committee. In addition, there are no compensation committee interlocks with other entities with respect to any such member.

Certain Relationships and Related Transactions

The Company's directors and officers, and other corporations, business organizations, and persons with whom some of the Company's directors and officers are associated, had loan transactions at December 31, 2008 with the Bank totaling approximately \$7,246,484 or about 19.2% of average shareholders' equity and had loan transactions at December 31, 2007 totaling approximately \$7,417,401 or about 19.2% of average shareholders' equity. All such transactions were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time in comparable transactions with others and did not involve more than the normal risk of collectibility or present other unfavorable features.

In February 2007, the Board approved the Loan Credit Policy which includes guidelines as contained in Regulation O with regard to extensions of credit to executive officers, directors and principal shareholders. All such requests are presented to the full Board of Directors for approval. Under the policy, no executive officer, board member or principal shareholder may participate in the review of a transaction in which such member has an interest.

We have not adopted a formal policy that covers the review and approval of other related person transactions by our Board of Directors. The Board, however, does review all such transactions that are proposed to it for approval. During such a review, the Board will consider, among other things, the related person's relationship to the Company, the facts and circumstances of the proposed transaction, the aggregate dollar amount of the transaction, the related person's relationship to the transaction and any other material information. Our Audit Committee also has the responsibility to review significant conflicts of interest involving directors or executive officers.
