**PROXY STATEMENT**  
**FOR**  
**ANNUAL MEETING OF STOCKHOLDERS**  
**To Be Held November 18, 2008**

New Concept Energy, Inc. is sending this proxy statement and the accompanying proxy card to the holders of Common Stock and Series B Preferred Stock in connection with a solicitation of proxies by the board of directors of the Company from the stockholders for use at the annual meeting of stockholders of the Company. We are mailing this proxy statement and the enclosed form of proxy beginning on or about October 17, 2008.

**VOTING AND PROXY INFORMATION**

**Who May Vote**

Holders of record of Common Stock and Series B Preferred Stock at the close of business on October 17, 2008 are entitled to receive notice of and to vote at the annual meeting. At the close of business on the record date there were outstanding 1,936,935 shares of Common Stock and 559 shares of Series B preferred Stock, the only outstanding securities of the Company entitled to vote at the annual meeting. The Common Stock is held by 438 stockholders of record. The Series B Preferred Stock is held by six stockholders of record.

**Required Votes**

Each holder of Common Stock or Series B Preferred stock is entitled to one vote per share. Such votes may be cast in person or by proxy. Under the rules of the American Stock Exchange (the "Exchange"), brokers holding shares for customers have authority to vote on certain matters when they have not received instructions from the beneficial owners and do not have such authority as to certain other matters. The Exchange rules allow member firms of the Exchange to vote on the Proposal without specific instructions from beneficial owners.

The directors will be elected by a plurality of the votes cast in person or by proxy. Therefore, in the election of directors stockholders may vote for the nominees or withhold authority of the proxy to vote for the nominees.

**How to Vote**

Votes may be cast in person at the annual meeting or by proxy using the enclosed proxy card. A facsimile of the proxy will be accepted. All shares of Common Stock and Series B Preferred Stock that are represented at the annual meeting by properly executed proxies received by the Company prior to or at the annual meeting and not revoked will be voted at the annual meeting in accordance with the instructions indicated in their proxies. Unless instructions to the contrary are specified in the proxy, each such proxy will be voted FOR the election as a director of the nominees listed herein.

**Signed Proxies Can Be Revoked**

Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by filing with the Secretary of the Company, before the vote is taken at the annual meeting, a written notice of revocation bearing a date later than the date of the proxy, duly executing and delivering a subsequent proxy relating to the same shares or attending the annual meeting and voting in person (although attendance at the annual meeting will not in and of itself constitute a revocation of a proxy). Any written notice of revocation should be sent to: Corporate Secretary, New Concept Energy, Inc., 1755 Wittington Place, Suite 340, Dallas, Texas 75234.

### **Expenses of Solicitation**

The Company will bear the expense of this solicitation, including the reasonable costs incurred by custodians, nominees, fiduciaries and other agents in forwarding the proxy material to you. The Company will also reimburse brokerage firms and other custodians and nominees for their expenses in distributing proxy material to you. In addition to the solicitation made by this proxy statement, certain directors, officers and employees of the Company may solicit proxies by telephone and personal contact.

## **ELECTION OF DIRECTORS**

### **Nominees**

At the annual meeting, five directors will be elected to hold office until the next annual meeting of stockholders. The Company's bylaws, as amended, provide that directors are elected annually and that the number of directors constituting the board of directors will from time to time be fixed and determined by a vote of a majority of the Company's directors serving at the time of such vote. The board of directors is currently comprised of five members.

It is intended that the accompanying proxy, unless contrary instructions are set forth therein, will be voted for the election of the nominees for election as directors. If any nominee becomes unavailable for election to the board of directors, the persons named in the proxy may act with discretionary authority to vote the proxy for such other persons as may be designated by the board of directors. However, the board is not aware of any circumstances likely to render any nominee unavailable for election. Under Nevada law directors are elected by a plurality of the votes cast at the annual meeting, assuming a quorum is present. The presence of a majority of the outstanding shares of Common Stock and Series B preferred stock, voting as one class, will constitute a quorum. The shares held by each holder of Common Stock and Series B preferred Stock who signs and returns the enclosed form of proxy will be counted for purposes of determining the presence of a quorum at the meeting.

The following information is available with respect to the persons who are the nominees for election at the annual meeting. All are incumbent directors and one is an executive officer of the Company. Included within the information below is information concerning the business experience of each such person during the past five years. The number of shares of Common Stock beneficially owned by each of the directors who own stock as of October 17, 2008 is set forth in "Stock Ownership."

**Stock Option Plan.**

The Board of Directors administers the Company's 1997 Stock Option Plan (the "1997 Plan") and the 2000 Stock Option Plan (the "2000 Plan") each of which provides for grants of incentive and non-qualified stock options to the Company's executive officers, as well as its directors and other key employees, and consultants. Under the two Plans, options are granted to provide incentives to participants to promote long-term performance of the Company and, specifically, to retain and motivate senior management in achieving a sustained increase in stockholder value. Currently, none of the Plans has a pre-set formula or criteria for determining the number of options that may be

granted. The exercise price for an option granted is determined by the Compensation Committee, in an amount not less than 100 percent of the fair market value of the Company's Common Stock on the date of grant. The Compensation Committee reviews and evaluates the overall compensation package of the executive officers and determines the awards based on the overall performance of the Company and the individual performance of the executive officers. The Company's stock plans total 50,000 shares of Common Stock under the 1997 Plan and 50,000 shares of Common Stock under the 2000 Plan. Options have been granted for all shares reserved under the 1997 Plan and 10,000 shares for the 2000 Plan.

### **Compensation of Directors**

The Company pays each non-employee director a fee of \$2,000 per quarter. Directors who are employees of the Company receive no additional compensation for service as a director.

### **REPORT OF INDEPENDENT DIRECTORS ON COMPENSATION**

The compensation paid to the Company's executive officers is reviewed and approved annually by the independent members of the board of directors acting as the Company's Compensation Committee. In addition to approving annual compensation for the Company's executive officers, the independent directors approve any incentive awards for executive officers and other key employees, any stock option grants and additional benefits.

The Company's compensation philosophy is to attract, retain and reward executives who have shown they are capable of leading the Company in achieving its business objectives and performance goals. These objectives include preserving and increasing the Company's asset value; positioning the Company's operations in geographic markets offering long term, profitable growth opportunities and preserving and enhancing shareholder value and keeping the Company competitive in its marketing and operations.

The board of directors determined that the primary forms of executive compensation should be the incentive system discussed above. The Company's performance is a key consideration (to the extent that such performance can be fairly attributed or related to an executive's performance) and each executive's responsibilities and capabilities are key considerations. The independent directors strive to keep executive compensation competitive for comparable positions in other corporations where possible. In addition, the Compensation Committee believes in equity compensation wherein executives will be additionally rewarded based on increasing the Company's shareholder value. Base salaries are predicated on a number of factors, including:

- recommendation of the Chief Executive Officer;
- knowledge of similarly situated executives at other companies;
- the executive's position and responsibilities within the Company;
- the board of directors' subjective evaluation of the executive's contribution to the Company's performance;
- the executive's experience and

- the term of the executive(s) tenure with the Company.

### **Certain Relationships and Related Transactions**

The following paragraphs describe certain transactions between the Company and any stockholder beneficially owning more than 5% of the outstanding Common Stock of the Company, the executive officers and directors of the Company, director nominees and members of the immediate family or affiliates of any of them, which occurred since the beginning of the 2005 fiscal year.

The Company leases approximately 5,000 square feet of office space at a market rate of \$24 per square foot. The landlord, Art Four Hickory Corporation, was a wholly owned subsidiary of TacCo Financial, Inc., which is a shareholder in the Company. In September 2007, the building was sold to third parties.

On November 1, 2007, a wholly owned subsidiary of New Concept Energy, Inc. entered into an agreement with Source Rock Energy of Arkansas, LLC, a Nevada limited liability company ("SRA"), a related party, to acquire 1,712 net acres of mineral leasehold interests in four separate sections of land in the Fayetteville Shale area of Arkansas in exchange for the issuance of a promissory note. The acquisition price was \$4,000 per net acre payable on December 31, 2010 with interest at 9.5% per annum. The subsidiary also acquired two separate options to acquire additional leasehold interests of 1,815 net acres and 583 net acres in the same county in Arkansas at the same price of \$4,000 per net acre.

At the time of the acquisition it was the Company's intention, subject to the availability of funds, to develop and drill gas wells on the acreage however an opportunity developed where the Company could sell the mineral rights to an independent third party for cash.

On May 9, 2008 the company exercised its options to acquire the additional 2,398 acres and completed a sale of all its 4,112 acres of mineral rights. The company received cash and recorded income before taxes of \$16,440,000.

On March 18, 2008, the Company completed the sale of 950,000 newly registered shares of its common stock to URC Energy, LLC ("URC") for \$3.00 per share, or \$2,850,000. This brought total shares of common stock outstanding to 1,969,939 shares and gave URC 49.05% of the outstanding shares of the Company's common stock. URC is a related party. As a group, related parties control approximately 69% of the Company's issued and outstanding common stock.

It is the policy of the Company that all transactions between the Company and any officer or director, or any of their affiliates, must be approved by a majority of independent members of the board of directors of the Company. All of the transactions described above were so approved.
