VCA ANTECH, INC.

OUR BUSINESS

We are a leading animal health care services company and operate the largest networks of veterinary diagnostic laboratories and free-standing, full-service animal hospitals in the United States. Our network of veterinary diagnostic laboratories provides sophisticated testing and consulting services used by veterinarians in the detection, diagnosis, evaluation, monitoring, treatment and prevention of diseases and other conditions affecting animals. Our animal hospitals offer a full range of general medical and surgical services for companion animals. We treat diseases and injuries, offer pharmaceutical products and perform a variety of pet wellness programs, including routine vaccinations, health examinations, diagnostic testing, spaying, neutering and dental care.

DIAGNOSTIC LABORATORIES

We operate the only full-service, veterinary diagnostic laboratory network serving all 50 states. Our state-of-the-art, automated diagnostic laboratories service a diverse client base of approximately 14,000 animal hospitals, and non-affiliated animal hospitals generated approximately 94% of our laboratory revenue in 2002. We support our laboratories with what we believe is the industry's largest transportation network, which picks up an average of 20,000 to 25,000 requisitions daily. In 2002, we derived approximately 70% of our laboratory revenue from our clients in major metropolitan areas, where we offer twice-a-day pick-up service and same-day results. Outside of these areas, we typically provide test results to veterinarians before 8:00 a.m. the following day.

Our diagnostic spectrum includes over 300 different tests in the areas of chemistry, pathology, endocrinology, hematology and microbiology, as well as tests specific to particular diseases. In 2002, we handled approximately 7.3 million requisitions and performed approximately 20.5 million tests. Although modified to address the particular requirements of the species tested, the tests performed in our veterinary laboratories are similar to those performed in human clinical laboratories and utilize similar laboratory equipment and technologies.

ANIMAL HOSPITALS

At June 30, 2003, we operated 238 animal hospitals in 34 states that were supported by over 770 veterinarians. In addition to general medical and surgical services, we offer specialized treatments for companion animals, including advanced diagnostic services, internal medicine, oncology, ophthalmology, dermatology and cardiology. We also provide pharmaceutical products for use in the delivery of treatments by our veterinarians and pet owners. Our facilities typically are located in high-traffic, densely populated areas and have an established reputation in the community with a stable client base. Our growth strategy for our animal hospital business involves the acquisition of high quality practices whose value we believe we can increase by the services and operating efficiencies we can provide. We contemplate the acquisition of 15 to 25 animal hospitals per year.

Our principal offices are located at 12401 West Olympic Boulevard, Los Angeles, California 90064. Our telephone number is (310) 571-6500.

Edgar Filing: VCA ANTECH INC - Form S-3

RISK FACTORS

YOU SHOULD CAREFULLY CONSIDER THE RISKS AND UNCERTAINTIES DESCRIBED BELOW AND OTHER INFORMATION INCLUDED IN THIS PROSPECTUS IN EVALUATING US AND OUR BUSINESS. IF ANY OF THE EVENTS DESCRIBED BELOW OCCUR, OUR BUSINESS AND FINANCIAL RESULTS COULD BE ADVERSELY AFFECTED IN A MATERIAL WAY. THIS COULD CAUSE THE TRADING PRICE OF OUR COMMON STOCK TO DECLINE, PERHAPS SIGNIFICANTLY.

IF WE ARE UNABLE TO EFFECTIVELY EXECUTE OUR GROWTH STRATEGY, WE MAY NOT ACHIEVE OUR DESIRED ECONOMIES OF SCALE AND OUR MARGINS AND PROFITABILITY MAY DECLINE.

Our success depends in part on our ability to build on our position as a leading animal health care services company through a balanced program of internal growth initiatives and selective acquisitions of established animal hospitals and laboratories. If we cannot implement or effectively execute these initiatives and acquisitions, our results of operations will be adversely affected. Even if we effectively implement our growth strategy, we may not achieve the economies of scale that we have experienced in the past or that we anticipate having in the future. Our internal growth rate may decline and could become negative. Our laboratory internal revenue growth has fluctuated between 12.5% and 14.1% for each fiscal year from 2000 through 2002. Similarly, our animal hospital adjusted same-facility revenue growth rate has fluctuated between 3.6% and 7.0% over the same fiscal years. Our internal growth may continue to fluctuate and may be below our historical rates. Any reductions in the rate of our internal growth may cause our revenues and margins to decrease. Our historical growth rates and margins are not necessarily indicative of future results.

Demand for certain over the counter products could decline as their product life cycle matures and the products become available in more retail-oriented locations. Certain of these products are replaced and are distributed through veterinary hospitals only. This cycle and the replacement of existing products could affect veterinary visits. Demand for vaccinations may also be impacted in the future as protocols for vaccinations change. Vaccinations have been recommended by some in the profession to be given less frequently. This may result in fewer visits and potentially less revenue. Vaccine protocols for our company are established by our veterinarians who use their independent professional judgment. Some of our veterinarians have changed their protocols and others may change their protocol in light of recent literature.

OUR BUSINESS AND RESULTS OF OPERATIONS MAY BE ADVERSELY AFFECTED IF WE ARE UNABLE TO MANAGE OUR GROWTH EFFECTIVELY.

Since January 1, 1996, we have experienced rapid growth and expansion. Our failure to manage our growth effectively may increase our costs of operations and hinder our ability to execute our business strategy. Our rapid growth has placed, and will continue to place, a significant strain on our management and operational systems and resources. At January 1, 1996, we operated 59 animal hospitals, operated laboratories servicing approximately 9,000 customers in 27 states and had approximately 1,150 full-time equivalent employees. At June 30, 2003, we operated 238 animal hospitals, operated laboratories servicing approximately 14,000 customers in all 50 states and had approximately 4,000 full-time equivalent employees. If our business continues to grow, we will need to improve and enhance our overall financial and managerial controls, reporting systems and procedures, and expand, train and manage our workforce in order to maintain control of expense and achieve desirable economies of scale. We also will need to increase the capacity of our current systems to meet additional demands.

DUE TO THE FIXED COST NATURE OF OUR BUSINESS, FLUCTUATIONS IN OUR REVENUE COULD ADVERSELY AFFECT OUR OPERATING INCOME.

Edgar Filing: VCA ANTECH INC - Form S-3

Approximately 57.2% of our expense, particularly rent and personnel costs, are fixed costs and are based in part on expectations of revenue. We may be unable to reduce spending in a timely manner to compensate for any significant fluctuations in our revenue. Accordingly, shortfalls in revenue may adversely affect our operating income.

2

DIFFICULTIES INTEGRATING NEW ACQUISITIONS MAY IMPOSE SUBSTANTIAL COSTS AND CAUSE OTHER PROBLEMS FOR US.

Our success depends on our ability to timely and cost-effectively acquire, and integrate into our business, additional animal hospitals and laboratories. Any difficulties in the integration process may result in increased expense, loss of customers and a decline in profitability. We expect to acquire 15 to 25 animal hospitals per year, however, based on the opportunity, the number could be higher. Historically we have experienced delays and increased costs in integrating some hospitals primarily where we acquire a large number of hospitals in a single region at or about the same time. In these cases, our field management may spend a predominant amount of time integrating these new hospitals and less time managing our existing hospitals in those regions. During these periods, there may be less attention directed to marketing efforts or staffing issues. In these circumstances, we also have experienced delays in converting the systems of acquired hospitals into our systems, which results in increased payroll expense to collect our results and delays in reporting our results, both for a particular region and on a consolidated basis. These factors have resulted in decreased revenue, increased costs and lower margins. We continue to face risks in connection with our acquisitions including:

- o negative effects on our operating results;
- o impairments of goodwill and other intangible assets;
- o dependence on retention, hiring and training of key personnel, including specialists; and
- o contingent and latent risks associated with the past operations of, and other unanticipated problems arising in, an acquired business.

The process of integration may require a disproportionate amount of the time and attention of our management, which may distract management's attention from its day-to-day responsibilities. In addition, any interruption or deterioration in service resulting from an acquisition may result in a customer's decision to stop using us. For these reasons, we may not realize the anticipated benefits of an acquisition, either at all or in a timely manner. If that happens and we incur significant costs, it could have a material adverse impact on our business.

THE CARRYING VALUE OF OUR GOODWILL COULD BE SUBJECT TO IMPAIRMENT WRITE-DOWN.

At June 30, 2003, our balance sheet reflected \$363.2 million of goodwill, which is a substantial portion of our total assets of \$545.3 million at that date. We expect that the aggregate amount of goodwill on our balance sheet will increase as a result of future acquisitions. We continually evaluate whether events or circumstances have occurred that suggest that the fair market value of each of our reporting units is below their carrying values. If we determine that the fair market value of one of our reporting units is less than its carrying

Edgar Filing: VCA ANTECH INC - Form S-3

value, this may result in an impairment write-down of the goodwill for that reporting unit. The impairment write-down would be reflected as expense and could have a material adverse effect on our results of operations during the period in which we recognize the expense. In 2002, we concluded that the fair value of our reporting units exceeded their carrying value and accordingly, as of that date, our net goodwill was fairly stated in our financial statements and there are currently no impairment issues. However, in the future we may incur impairment charges related to the goodwill already recorded or arising out of future acquisitions.

WE REQUIRE A SIGNIFICANT AMOUNT OF CASH TO SERVICE OUR DEBT AND EXPAND OUR BUSINESS AS PLANNED.

We have, and will continue to have, a substantial amount of debt. Our substantial amount of debt requires us to dedicate a significant portion of our cash flow from operations to pay down our indebtedness and related interest, thereby reducing the funds available to use for working capital, capital expenditures, acquisitions and general corporate purposes.

At August 20, 2003, our debt, excluding unamortized discount, consisted primarily of:

- o \$146.4 million in principal amount outstanding under our senior credit facility;
- o \$170.0 million in principal amount outstanding under our 9.875% senior subordinated notes; and

3

- o \$2.0 million in principal amount outstanding under our other debt.

The following table sets forth the scheduled principal and interest payments that are due on our debt for each of the periods indicated (in thousands):

	PAYMENTS DUE BY PERIOD				
	Total	Less than 1 year (1)	1-3 years	3-5 years	More than 5 years
Long-term debt.....	\$ 318,027	\$ 1,050	\$ 3,831	\$ 90,020	\$ 223,126
Fixed interest.....	110,701	8,637	34,520	33,945	33,599
Variable interest.....	43,365	3,295	19,492	18,454	2,124
Capital lease obligations..	426	144	281	1	-
Swap agreements.....	(2,587)	(498)	(2,089)	-	-
	\$ 469,932	\$ 12,628	\$ 56,035	\$ 142,420	\$ 258,849

We have both fixed-rate and variable-rate debt. The interest payments on our variable-rate debt are based on a variable-rate component plus a fixed 3.0%.

Edgar Filing: VCA ANTECH INC - Form S-3

Including the fixed 3.0%, we estimate that the total interest rate on our variable-rate debt will be 6.6%, 7.0%, 7.5%, 8.0%, 8.5% and 8.5% for years 2003 through 2008, respectively. Our consolidated financial statements included in our 2002 Annual Report on Form 10-K discuss these variable-rate notes in more detail.

We entered into the following no-fee swap agreements, which swap monthly variable LIBOR for the fixed rates indicated below:

	SWAP #1	SWAP #2	SWAP #3
Fixed interest rate.....	2.22%	1.72%	1.51%
Notional amount.....	\$40.0.million	\$20.0 million	\$20.0 million
Effective date.....	11/29/2002	5/30/2003	5/30/2003
Expiration date.....	11/29/2004	5/31/2005	5/31/2005

Swap #2 and Swap #3 qualify for hedge accounting and we consider them to be cash flow hedging instruments. However, as of May 2003 we no longer considered Swap #1 to be a cash flow hedge because the current rate environment was significantly different than the rate environment in existence at the effective date.

Our ability to make payments on our debt, and to fund acquisitions, will depend upon our ability to generate cash in the future. Insufficient cash flow could place us at risk of default under our debt agreements or could prevent us from expanding our business as planned. Our ability to generate cash is subject to general economic, financial, competitive, legislative, regulatory and other factors that are beyond our control. Our business may not generate sufficient cash flow from operations, our strategy to increase operating efficiencies may not be realized and future borrowings may not be available to us under our senior credit facility in an amount sufficient to enable us to service our debt or to fund our other liquidity needs. In order to meet our debt obligations, we may need to refinance all or a portion of our debt. We may not be able to refinance any of our debt on commercially reasonable terms or at all.

OUR DEBT INSTRUMENTS MAY ADVERSELY AFFECT OUR ABILITY TO RUN OUR BUSINESS.

Our substantial amount of debt, as well as the guarantees of our subsidiaries and the security interests in our assets and those of our subsidiaries, could impair our ability to operate our business effectively and may limit our ability to take advantage of business opportunities. For example, our indenture and senior credit facility:

- o limit our funds available to repay the 9.875% senior subordinated notes;

4

- o limit our ability to borrow additional funds or to obtain other financing in the future for working capital, capital expenditures, acquisitions, investments and general corporate purposes;
- o limit our ability to dispose of our assets, create liens on our assets or to extend credit;

Edgar Filing: VCA ANTECH INC - Form S-3

- o make us more vulnerable to economic downturns and reduce our flexibility in responding to changing business and economic conditions;
- o limit our flexibility in planning for, or reacting to, changes in our business or industry;
- o place us at a competitive disadvantage to our competitors with less debt; and
- o restrict our ability to pay dividends, repurchase or redeem our capital stock or debt, or merge or consolidate with another entity.

The terms of our indenture and senior credit facility allow us, under specified conditions, to incur further indebtedness, which would heighten the foregoing risks. If compliance with our debt obligations materially hinders our ability to operate our business and adapt to changing industry conditions, we may lose market share, our revenue may decline and our operating results may suffer.

OUR FAILURE TO SATISFY COVENANTS IN OUR DEBT INSTRUMENTS WILL CAUSE A DEFAULT UNDER THOSE INSTRUMENTS.

In addition to imposing restrictions on our business and operations, our debt instruments include a number of covenants relating to financial ratios and tests. Our ability to comply with these covenants may be affected by events beyond our control, including prevailing economic, financial and industry conditions. The breach of any of these covenants would result in a default under these instruments. An event of default would permit our lenders and other debtholders to declare all amounts borrowed from them to be due and payable, together with accrued and unpaid interest. Moreover, these lenders and other debtholders would have the option to terminate any obligation to make further extensions of credit under these instruments. If we are unable to repay debt to our senior lenders, these lenders and other debtholders could proceed against our assets.

THE SIGNIFICANT COMPETITION IN THE COMPANION ANIMAL HEALTH CARE SERVICES INDUSTRY COULD CAUSE US TO REDUCE PRICES OR LOSE MARKET SHARE.

The companion animal health care services industry is highly competitive with few barriers to entry. To compete successfully, we may be required to reduce prices, increase our operating costs or take other measures that could have an adverse effect on our financial condition, results of operations, margins and cash flow. If we are unable to compete successfully, we may lose market share.

There are many clinical laboratory companies that provide a broad range of laboratory testing services in the same markets we service. Our largest competitor for outsourced laboratory testing services is Idexx Laboratories, Inc., which currently competes or intends to compete in most of the same markets in which we operate. Also, Idexx and several other national companies provide on-site diagnostic equipment that allows veterinarians to perform their own laboratory tests.

Our primary competitors for our animal hospitals in most markets are individual practitioners or small, regional, multi-clinic practices. Also, regional pet care companies and some national companies, including operators of super-stores, are developing multi-regional networks of animal hospitals in markets in which we operate. Historically, when a competing animal hospital opens in close proximity to one of our hospitals, we have reduced prices, expanded our facility, retained additional qualified personnel, increased our marketing efforts or taken other actions designed to retain and expand our

Edgar Filing: VCA ANTECH INC - Form S-3

client base. As a result, our revenue may decline and our costs increase.

5

WE MAY EXPERIENCE DIFFICULTIES HIRING SKILLED VETERINARIANS DUE TO SHORTAGES THAT COULD DISRUPT OUR BUSINESS.

As the pet population continues to grow, the need for skilled veterinarians continues to increase. If we are unable to retain an adequate number of skilled veterinarians, we may lose customers, our revenue may decline and we may need to sell or close animal hospitals. As of June 30, 2003, there were 28 veterinary schools in the country accredited by the American Veterinary Medical Association. These schools graduate approximately 2,100 veterinarians per year. There is a shortage of skilled veterinarians across the country, particularly in some regional markets in which we operate animal hospitals including Northern California. During these shortages in these regions, we may be unable to hire enough qualified veterinarians to adequately staff our animal hospitals, in which event we may lose market share and our revenues and profitability may decline.

IF WE FAIL TO COMPLY WITH GOVERNMENTAL REGULATIONS APPLICABLE TO OUR BUSINESS, VARIOUS GOVERNMENTAL AGENCIES MAY IMPOSE FINES, INSTITUTE LITIGATION OR PRECLUDE US FROM OPERATING IN CERTAIN STATES.

The laws of many states prohibit business corporations from providing, or holding themselves out as providers of, veterinary medical care. These laws vary from state to state and are enforced by the courts and by regulatory authorities with broad discretion. As of June 30, 2003 we operated 64 animal hospitals in 11 states with these laws, including 21 in New York. We may experience difficulty in expanding our operations into other states with similar laws. Given varying and uncertain interpretations of the veterinary laws of each state, we may not be in compliance with restrictions on the corporate practice of veterinary medicine in all states. A determination that we are in violation of applicable restrictions on the practice of veterinary medicine in any state in which we operate could have a material adverse effect on us, particularly if we were unable to restructure our operations to comply with the requirements of that state.

All of the states in which we operate impose various registration requirements. To fulfill these requirements, we have registered each of our facilities with appropriate governmental agencies and, where required, have appointed a licensed veterinarian to act on behalf of each facility. All veterinarians practicing in our clinics are required to maintain valid state licenses to practice.

ANY FAILURE IN OUR INFORMATION TECHNOLOGY SYSTEMS OR DISRUPTION IN OUR TRANSPORTATION NETWORK COULD SIGNIFICANTLY INCREASE TESTING TURN-AROUND TIME, REDUCE OUR PRODUCTION CAPACITY AND OTHERWISE DISRUPT OUR OPERATIONS.

Our laboratory operations depend, in part, on the continued and uninterrupted performance of our information technology systems and transportation network. Our growth has necessitated continued expansion and upgrade of our information technology systems and transportation network. Sustained system failures or interruption in our transportation network or in one or more of our laboratory operations could disrupt our ability to process laboratory requisitions, perform testing, provide test results in a timely manner and/or bill the appropriate party. We could lose customers and revenue as

Edgar Filing: VCA ANTECH INC - Form S-3

a result of a system or transportation network failure.

Our computer systems are vulnerable to damage or interruption from a variety of sources, including telecommunications failures, electricity brownouts or blackouts, malicious human acts and natural disasters. Moreover, despite network security measures, some of our servers are potentially vulnerable to physical or electrical break-ins, computer viruses and similar disruptive problems. Despite the precautions we have taken, unanticipated problems affecting our systems could cause interruptions in our information technology systems. Our insurance policies may not adequately compensate us for any losses that may occur due to any failures in our systems.

In addition, over time we have significantly customized the computer systems in our laboratory business. We rely on a limited number of employees to upgrade and maintain these systems. If we were to lose the services of some or all of these employees, it may be time-consuming for new employees to become familiar with our systems, and we may experience disruptions in service during these periods.

Any substantial reduction in the number of available flights or delays in the departure of flights, whether as a result of severe weather conditions, as we recently experienced in the eastern United States, a terrorist attack or any other type of disruption, will disrupt our transportation network and our ability to provide test results in a timely manner. In addition, our Test Express service, which services customers outside of major metropolitan areas, is dependent on flight services in and out of Memphis and the transportation network of Federal Express. Any sustained interruption in either flight services in Memphis or the transportation network of Federal Express would

6

result in increased turn-around time for the reporting of test results to customers serviced by our Test Express service.

THE LOSS OF MR. ROBERT ANTIN, OUR CHAIRMAN, PRESIDENT AND CHIEF EXECUTIVE OFFICER, COULD MATERIALLY AND ADVERSELY AFFECT OUR BUSINESS.

We are dependent upon the management and leadership of our Chairman, President and Chief Executive Officer, Robert Antin. We have an employment contract with Mr. Antin which may be terminated at the option of Mr. Antin. We do not maintain any key man life insurance coverage for Mr. Antin. The loss of Mr. Antin could materially adversely affect our business.

CONCENTRATION OF OWNERSHIP AMONG OUR EXISTING EXECUTIVE OFFICERS, DIRECTORS AND PRINCIPAL STOCKHOLDERS MAY PREVENT NEW INVESTORS FROM INFLUENCING SIGNIFICANT CORPORATE DECISIONS.

Our executive officers, directors and principal stockholders beneficially own, in the aggregate, 25.4% of our outstanding common stock. As a result, these stockholders are able to significantly affect our management, our policies and all matters requiring stockholder approval. The directors supported by these stockholders will be able to significantly affect decisions relating to our capital structure, including decisions to issue additional capital stock, implement stock repurchase programs and incur indebtedness. This concentration of ownership may have the effect of deterring hostile takeovers, delaying or preventing changes in control or changes in management, or limiting the ability of our other stockholders to approve transactions that they may deem to be in their best interests.

Edgar Filing: VCA ANTECH INC - Form S-3

POLITICAL AND MILITARY EVENTS AND THE UNCERTAINTY RESULTING FROM THEM MAY HAVE A MATERIAL ADVERSE EFFECT ON OUR OPERATING RESULTS.

The United States military's continuing involvement in Iraq, the terrorist attacks which took place in the United States on September 11, 2001, the United States military campaign against terrorism, ongoing violence in the Middle East and the increasing concern with respect to developments in North Korea have created many economic and political uncertainties, some of which may affect the markets in which we operate, our operations and profitability and your investment. The potential near-term and long-term effect that political uncertainty, armed conflict and possible terrorist and other attacks may have for our customers, the markets for our services and the U.S. economy are uncertain. The consequences of our involvement in Iraq and any terrorist attacks or other armed conflicts are unpredictable and we may not be able to foresee events that could have an adverse effect on our markets, our business or your investment.

USE OF PROCEEDS

We will not receive any proceeds from the sale of the shares by the selling stockholders. All proceeds from the sale of the common stock under this prospectus will be for the account of the selling stockholders. See "Selling Stockholders" and "Plan of Distribution."

SELLING STOCKHOLDERS

The shares of our common stock to which this prospectus relates are being registered for re-offers and resales by the selling stockholders named below. We have registered these shares to permit the selling stockholders to resell the shares when they deem appropriate. The selling stockholders may resell all, a portion or none of their shares at any time. We do not know when or in what amounts a selling stockholder may offer shares for sale under this prospectus. The selling stockholders received the shares of our common stock covered by this prospectus in connection with our recapitalization transaction on September 20, 2000.

The following table sets forth each selling stockholder, together with the number of shares of our common stock owned by each stockholder before the offering, the number of shares of our common stock being offered by each selling

stockholder under this prospectus and the number of shares of our common stock owned by each stockholder upon completion of this offering. Our common stock being offered under this prospectus is being offered for the account of the selling stockholders. The selling stockholders are our employees, and each of them has been our employee for the past three years. None of the selling stockholders serve as one of our executive officers.

* No selling stockholder beneficially owns shares of our common stock representing 1% or more of our outstanding common stock.

We have filed a registration statement with the Securities and Exchange Commission, of which this prospectus forms a part, to permit the public resale of our common stock subject to this prospectus from time to time under Rule 415 under the Securities Act of 1933. Subject to the restrictions described in this prospectus, the selling stockholders may offer for resale from time to time the common stock offered under this prospectus. In addition, subject to the restrictions described in this prospectus, the selling stockholders identified above may sell, transfer or otherwise dispose of all or a portion of our common stock being offered under this prospectus in transactions exempt from the registration requirements of the Securities Act of 1933. See "Plan of Distribution."

PLAN OF DISTRIBUTION

The common stock covered by this prospectus may be offered and sold at various times by the selling stockholders. As used in this prospectus, "selling stockholders" includes the selling stockholders named in the table above and pledgees, donees, transferees or other successors-in-interest selling shares received from a named selling stockholder as a gift, partnership distribution or other non-sale-related transfer after the date of this prospectus. The selling stockholders will act independently of us in making decisions with respect to the timing, manner and size of each sale. The selling stockholders are under no

Edgar Filing: VCA ANTECH INC - Form S-3

obligation to sell all or any of the shares. The common stock may be sold by or for the account of the selling stockholders in transactions on the Nasdaq National Market, the over-the-counter market or otherwise. The sales may be made at fixed prices, at market prices prevailing at the time or at privately negotiated prices, by means of one or more of the following methods:

- o a block trade in which the broker-dealer so engaged will attempt to sell the common stock as an agent, but may position and resell a portion of the block as a principal to facilitate the transaction;
- o purchases by brokers, dealers or underwriters as principal and resale by those purchasers for their own accounts under this prospectus;

12

- o ordinary brokerage transactions in which the broker solicits purchasers;
- o in connection with the loan or pledge of the common stock registered hereunder to a broker-dealer, and the sale of the common stock so loaned or the sale of the shares so pledged upon a default;
- o in connection with the writing of non-traded and exchanged-traded call options, in hedge transactions and in settlement of other transactions in standardized or over-the-counter option;
- o in privately negotiated transactions; or
- o in a combination of any of the above methods.

In effecting sales, brokers or dealers engaged by the selling stockholder may arrange for other brokers or dealers to participate in the resales. Brokers, dealers or agents may receive compensation in the form of discounts, concessions or commissions from the selling stockholders or from the purchasers, or from both. This compensation may exceed customary commissions.

The aggregate proceeds to the selling stockholders from the sale of our common stock offered by them under this prospectus will be the purchase price of the shares less discounts, concessions and commissions, if any. Any commissions, discounts, concessions or other fees, if any, are payable to brokers or dealers in connection with any sale of the common stock will be borne by the selling stockholders selling those shares.

In order to comply with the securities laws of certain states, if applicable, the shares must be sold in those jurisdictions only through registered or licensed brokers or dealers. In addition, in certain states, the shares may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and the selling stockholder complies with the exemption.

The selling stockholders and any participating brokers or dealers may be deemed to be "underwriters" within the meaning of the Securities Act of 1933 in connection with the sale of any shares covered by this prospectus. In such event, any commission, discount or concession these "underwriters" receive may be deemed to be underwriting compensation. In addition, because selling stockholders may be deemed to be "underwriters" within the meaning of Section 2(11) of the Securities Act of 1933, the selling stockholders will be subject to

Edgar Filing: VCA ANTECH INC - Form S-3

the prospectus delivery requirements of the Securities Act of 1933.

To the extent required, this prospectus may be amended or supplemented from time to time to describe a specific plan of distribution. We will bear all costs, expenses and fees in connection with the registration of the shares (other than fees and expenses, if any, of legal counsel or other advisors to the selling stockholders). We will not receive any of the proceeds of the sale of our common stock by the selling stockholders.

LEGAL MATTERS

The validity of the common stock will be passed upon for us by our legal counsel, Akin Gump Strauss Hauer & Feld LLP, Los Angeles, California.

EXPERTS

ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS.

Subsection (a) of Section 145 of the General Corporation Law of the State of Delaware, empowers a corporation to indemnify any person who by reason of the fact that he or she is or was a director, officer, employee or agent of the corporation, or is or was serving at or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees) judgments, fines and amounts paid in settlement actually and reasonably incurred by him or her in connection with such action, suit or proceeding if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful.

Subsection (b) of Section 145 empowers a corporation to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that he or she acted in any of the capacities set forth above, against expenses (including attorneys' fees) actually and reasonably incurred by him or her in connection with the defense or settlement of such action or suit if he or she acted under similar standards, except that no indemnification may be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery or the court in which action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery or such other court shall deem proper.

Section 145 further provides that to the extent that a director or officer of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsections (a) and (b) of Section 145, or in the defense of any claim, issue or matter therein, he or she shall be indemnified against expenses (including attorneys' fees) actually and reasonably

Edgar Filing: VCA ANTECH INC - Form S-3

incurred by him or her in connection therewith; that indemnification provided by, or granted pursuant to, Section 145 shall not be deemed exclusive of any other rights to which those seeking indemnification may be entitled; and empowers the corporation to purchase and maintain insurance on behalf of any person who is or was a director or officer of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or against another corporation, partnership, joint venture, trust or other enterprise, against any liability asserted against him or her and incurred by him or her in any such capacity, or arising out of his or her status as such whether or not the corporation would have the power to indemnify him or her against such liabilities under Section 145.

1

As permitted by Delaware law, our amended and restated certificate of incorporation provides that no director of ours will be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director, except for the following:

- o for liability for any breach of duty of loyalty to us or to our stockholders;
- o for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law;
- o for unlawful payment of dividends or unlawful stock repurchases or redemptions under Section 174 of the Delaware General Corporation Law; or
- o for any transaction from which the director derived an improper personal benefit.

Our amended and restated certificate of incorporation further provides that we must indemnify our directors and executive officers and may indemnify our other officers and employees and agents to the fullest extent permitted by Delaware law. We believe that indemnification under our certificate of incorporation covers negligence and gross negligence on the part of indemnified parties. Our amended and restated bylaws provide us with the authority to indemnify our directors, officers and agents to the full extent allowed by Delaware law.

We have entered into indemnification agreements, the form of which is incorporated by reference to Exhibit 10.13 to our registration statement on Form S-1 filed August 9, 2001, with each of our directors and officers. These agreements will require us to indemnify each director and officer for certain expenses, including attorneys' fees, judgments, fines and settlement amounts incurred by any such person in any action or proceeding, including any action by or in our right, arising out of the person's services as our director or officer, any subsidiary of ours or any other company or enterprise to which the person provides services at our request.

ITEM 17. UNDERTAKINGS.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sale are being made, a post-effective amendment to this registration statement to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial BONA FIDE offering thereof; and

Edgar Filing: VCA ANTECH INC - Form S-3

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(b) The registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial BONA FIDE offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the indemnification provisions described herein, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

SIGNATURES

Pursuant to the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of Los Angeles, State of California, on August 20, 2003.
