INGRAM MICRO INC. NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (In 000s, except per share data) (Unaudited)

#### Note 1 – Organization and Basis of Presentation

Ingram Micro Inc. and its subsidiaries are primarily engaged in the distribution of information technology ("IT") products, commerce and fulfillment services and mobile device lifecycle services worldwide. Ingram Micro Inc. and its subsidiaries operate in North America; Europe; Asia-Pacific (which includes Middle East and Africa); and Latin America.

The consolidated financial statements include the accounts of Ingram Micro Inc. and its subsidiaries. Unless the context otherwise requires, the use of the terms "Ingram Micro," "we," "us" and "our" in these notes to the consolidated financial statements refers to Ingram Micro Inc. and its subsidiaries. These consolidated financial statements have been prepared by us, without audit, pursuant to the rules and regulations of the United States Securities and Exchange Commission (the "SEC"). In the opinion of management, the accompanying unaudited consolidated financial statements contain all material adjustments (consisting of only normal, recurring adjustments) necessary to fairly state our consolidated financial position as of July 2, 2016, our consolidated results of operations and comprehensive income (loss) for the thirteen and twenty-six weeks ended July 2, 2016 and July 4, 2015 and our consolidated cash flows for the twenty-six weeks ended July 2, 2016 and July 4, 2015. All significant intercompany accounts and transactions have been eliminated in consolidation. As permitted under the applicable rules and regulations of the SEC, these consolidated financial statements do not include all disclosures and footnotes normally included with annual consolidated financial statements and, accordingly, should be read in conjunction with the consolidated financial statements and the notes thereto, included in our Annual Report on Form 10-K filed with the SEC for the year ended January 2, 2016. The consolidated results of operations for the thirteen and twenty-six weeks ended July 2, 2016 may not be indicative of the consolidated results of operations that can be expected for the full year.

#### **Book Overdrafts**

Book overdrafts of \$262,601 and \$428,628 as of July 2, 2016 and January 2, 2016, respectively, represent checks issued on disbursement bank accounts but not yet paid by such banks. These amounts are classified as accounts payable in our consolidated balance sheet. We typically fund these overdrafts through normal collections of funds or transfers from other bank balances at other financial institutions. Under the terms of our facilities with the banks, the respective financial institutions are not legally obligated to honor the book overdraft balances as of July 2, 2016 and January 2, 2016, or any balance on any given date.

#### Trade Accounts Receivable Factoring Programs

We have several uncommitted factoring programs under which trade accounts receivable of several large customers may be sold, without recourse, to financial institutions. Available capacity under these programs is dependent on the amount of trade accounts receivable already sold into these programs and the financial institutions' willingness to purchase such receivables. At July 2, 2016 and January 2, 2016, we had a total of \$303,625, and \$388,358, respectively, of trade accounts receivable sold to and held by financial institutions under these programs. Factoring fees of \$1,584 and \$995 incurred for the thirteen weeks ended July 2, 2016 and July 4, 2015, respectively, and \$2,913 and \$2,315 incurred for the twenty-six weeks ended July 2, 2016 and July 4, 2015, respectively, related to the sale of trade accounts receivable under these facilities are included in "other" in the other expense (income) section of our consolidated statement of income.

#### Impairment of Internally Developed Software

We began our program to deploy a new global ERP system in 2008. Since that period, the business has significantly diversified and new technologies allow legacy systems and diverse applications to easily be connected in a modular way, which allows these legacy systems to be part of a flexible, powerful and efficient solution. After careful evaluation, we concluded that this combined systems strategy is better aligned with our evolving business model and currently is more flexible and economical than implementation of a single global system. Accordingly, we stopped our global ERP deployment and recorded a non-cash, pre-tax charge related to the impairment of internally developed

software of \$115,856 during the second quarter of 2015. We recognized a tax benefit on the impairment at the applicable rates, partially offset by an increase in the valuation allowance on foreign tax credits of \$14,580 as a result of the decision to stop deployments.

Loss on the Sale of an Affiliate

During the thirteen weeks ended July 2, 2016, we sold our AVAD subsidiary for cash proceeds of \$27,847 as the niche operations were not deemed core to our current strategies and we believe that our operational focus and capital resources could be more effectively deployed elsewhere. As a result, we recorded a loss on the sale of affiliate of \$14,878, which included the write-off a previously acquired trade name of \$12,525. There were no additional impairments to our other intangible assets.

#### Change in Accounting Principle and Reclassification

During the six months ended July 2, 2016, we adopted the provisions of Accounting Standards Update ("ASU") 2015-03, "Interest-Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs", which requires that debt issuance costs related to a recognized debt liability be presented in the balance sheet as a direct deduction from the carrying amount of the debt liability, consistent with debt discounts. Additionally, we also adopted ASU 2015-15, "Interest-Imputation of Interest (Subtopic 835-30): Presentation and Subsequent Measurement of Debt Issuance Costs Associated with Line-Of-Credit Arrangements and Amendments to SEC Paragraphs Pursuant to Staff Announcement at June 18, 2015 EITF Meeting". ASU 2015-15 allows debt issuance costs to be presented as an asset and amortized ratably over the term of the line-of-credit arrangement, regardless of whether there are any outstanding borrowings on the line-of-credit arrangement. As a result of the adoption of these ASUs, our consolidated balance sheet as of January 2, 2016 reflects a \$6,571 reduction of other long-term assets and long-term debt, respectively, to conform to the current year presentation.

#### Note 2 – Plan of Merger

On February 17, 2016, we announced that we entered into an agreement and plan of merger (the "Merger Agreement") with Tianjin Tianhai Investment Company, Ltd. ("Tianjin Tianhai") a joint stock company existing under the laws of the People's Republic of China (the "PRC") and listed on the Shanghai Stock Exchange, and GCL Acquisition, Inc., a Delaware corporation and an indirect subsidiary of Tianjin Tianhai ("Merger Subsidiary"), pursuant to which, subject to the terms and conditions set forth in the Merger Agreement, Merger Subsidiary will be merged with and into Ingram Micro Inc. (the "Merger"), with Ingram Micro Inc. surviving as a subsidiary of Tianjin Tianhai. Concurrently with the execution of the Merger Agreement, HNA Group Co., Ltd., a limited company existing under the laws of the PRC ("HNA Group" or the "Guarantor"), an affiliate of Parent and Merger Subsidiary, has executed and delivered a guarantee (the "Guarantee") in favor of the Company. Pursuant to the Guarantee, the Guarantor has agreed to (i) guarantee Tianjin Tianhai's obligation to pay the Merger Consideration (as defined below) and any reverse termination fee in accordance with the terms of the Merger Agreement and (ii) assume the rights and obligations under the Merger Agreement in the event that the approval of Tianjin Tianhai's shareholders is not obtained in accordance with the terms of the Guarantee. The consummation of the Merger is subject to the satisfaction or permitted waiver of closing conditions set forth in the Merger Agreement and is expected to occur in the second half of 2016. Upon closing, we will become a part of HNA Group and will operate as a subsidiary of Tianjin Tianhai. We expect to continue to have our headquarters in Irvine, California and expect that our executive management team will remain in place, with Alain Monié continuing to lead as CEO.

At the effective time of the Merger, each share of Ingram Micro's Class A common stock issued and outstanding immediately before the closing, other than certain excluded shares, will be converted to the right to receive \$38.90 in cash, without interest (the "Merger Consideration"). Shares of Class A common stock held by Ingram Micro (other than shares in an employee stock plan of Ingram Micro) or any of its subsidiaries and shares owned by Tianjin Tianhai or any of its subsidiaries, and shares owned by stockholders who have properly exercised and perfected appraisal rights under Delaware law will not be entitled to receive the Merger Consideration.

The Merger Agreement requires that the Merger be approved by the holders of a majority of the outstanding shares of the Company's common stock as well as the vote of at least two-thirds of the voting stock held by the shareholders present at a meeting of Tianjin Tianhai's shareholders, excluding any shares held by HNA Group. If Tianjin Tianhai's shareholders do not approve the Merger, HNA Group will assume Tianjin Tianhai's rights and obligations under the Merger Agreement. In connection with the Merger process, the Merger Agreement was presented to and approved by Ingram Micro's shareholders at a special meeting on June 21, 2016. We are anticipating the Merger to be closed in the second half of 2016.

Consummation of the Merger is subject to other customary closing conditions and contains customary representations, warranties and covenants by each party. During the period between the signing of the Merger Agreement and the effective time of the Merger, Ingram Micro is required to operate its business in the ordinary course and consistent with past practice. #### Share Repurchase Program

In July 2015, our Board of Directors authorized a new three-year, \$300,000 share repurchase program, which supplemented our previously authorized \$400,000 share repurchase program which was completely utilized in 2015. Our new \$300,000 share repurchase program expires on July 29, 2018, and had \$165,068 remaining for repurchase at July 2, 2016. Pursuant to the Merger Agreement, our share repurchase program has been discontinued effective February 17, 2016.

Under these programs, we may repurchase shares in the open market and through privately negotiated transactions. Our repurchases are funded with available borrowing capacity and cash. The timing and amount of specific repurchase transactions will depend upon market conditions, corporate considerations and applicable legal and regulatory requirements. We account for repurchased shares of common stock as treasury stock. Treasury shares are recorded at cost and are included as a component of stockholders' equity in our consolidated balance sheet. We have issued shares of common stock out of our cumulative balance of treasury shares. Such shares are issued to certain of our associates upon the exercise of their options or vesting of their equity awards under the Ingram Micro Inc. 2011 Incentive Plan, as amended (the "2011 Incentive Plan") (see Note 5, "Stock-Based Compensation").

Our treasury stock issuance activity for the twenty-six weeks ended July 2, 2016 is summarized in the table below:
