REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Audit Committee  
Tompkins Financial Corporation  
Employee Stock Ownership Plan

We have audited the accompanying statements of net assets available for benefits of the Tompkins Financial Corporation Employee Stock Ownership Plan as of December 31, 2007 and 2006, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal controls over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2007 and 2006, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedules, as listed in the accompanying contents page, are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic 2007 financial statements, and in our opinion, are fairly stated in all material respects in relation to the basic 2007 financial statements taken as a whole.

TOMPKINS FINANCIAL CORPORATION  
EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2007 AND 2006

NOTE A: DESCRIPTION OF PLAN

The following description of the Tompkins Financial Corporation Employee Stock Ownership Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is an employee stock ownership plan covering eligible employees who have met certain age and service requirements. The Plan is administered by the Executive, Compensation/Personnel Committee appointed by Tompkins Financial Corporation's Board of Directors, and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Trust Department of Tompkins Trust Company is the Plan's trustee. All investments of the Plan are non-participant directed.

Eligibility

An employee shall become eligible for participation in the Plan on the first day of the month coinciding with completing one year of credited service and attaining the age of twenty-one. Leased employees, employees covered under a collective bargaining agreement and On-Call employees are not eligible to participate.

Vesting

Participants will become vested in all contributions and earnings over a five-year period.

Contributions

Tompkins Financial Corporation shall contribute to the Plan a discretionary amount, which shall not exceed 5% of participant compensation. The Executive, Compensation/Personnel Committee approved a 2% and 3% discretionary contribution to the Plan for the years ended December 31, 2007 and 2006, respectively. These contributions are used by the Employee Stock Ownership Plan to acquire company common stock. These common stock shares are allocated annually to participant accounts. The Plan sponsor has the right to discontinue such discretionary contributions at any time.

Diversification and transfers

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in the Plan sponsor stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over multiple years. In each of the first five years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. After the fifth year, the percentage changes to 50 percent. The funds elected to be diversified are transferred to the Tompkins Financial Corporation Investment and Stock Ownership Plan (ISOP) and invested in funds as chosen by the participant. During the years ended December 31, 2007 and 2006, the Plan transferred \$311,487 and \$207,652 into the ISOP, respectively.

NOTE A: DESCRIPTION OF PLAN, Cont'd

Participants' accounts

Each participant's account is credited with an allocation of the Tompkins Financial Corporation's discretionary and non-elective contributions and an allocation of plan earnings. Allocations of company contributions are based upon the participant's compensation and the allocations of plan earnings are based upon participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account. Forfeitures of non-vested account balances are allocated to participants' accounts as company contributions.

Payment of benefits

Upon termination of service, the participant's account is either maintained in the Plan, transferred to an individual retirement account in the participant's name, directly rolled over into a qualified retirement plan or paid to the participant in a lump sum.

NOTE B: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition

The Plan's investments are stated at fair value. The investment in Tompkins Financial Corporation's common stock is valued at December 31, 2007 and 2006 at the market value as listed on the American Stock Exchange for publicly traded securities. Purchases and sales of investments are recorded on a trade-date basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis.

Administrative expenses

The Plan sponsor has elected to pay certain administrative expenses of the Plan.

Use of estimates in the preparation of financial statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and assumptions.

Payment of benefits

Benefits are recorded when paid.

However, the Plan administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of IRC.
