AND PROXY STATEMENT**

Solicitation of Proxies

THIS MANAGEMENT INFORMATION CIRCULAR AND PROXY STATEMENT (THE “INFORMATION CIRCULAR”) IS FURNISHED IN CONNECTION WITH THE SOLICITATION BY THE MANAGEMENT OF ALTAIR NANOTECHNOLOGIES INC. (THE “CORPORATION”) OF PROXIES TO BE USED AT THE ANNUAL MEETING OF SHAREHOLDERS OF THE CORPORATION TO BE HELD AT THE TIME AND PLACE AND FOR THE PURPOSES SET FORTH IN THE ENCLOSED NOTICE OF MEETING (THE “MEETING”). This Information Circular, the notice of Meeting attached hereto, and the accompanying form of proxy and the Annual Report of the Corporation for the year ended December 31, 2005 are first being mailed to the shareholders of the Corporation on or about April 28, 2006. It is expected that the solicitation will be primarily by mail, but proxies may also be solicited personally, by email, by facsimile or by telephone by officers and employees of the Corporation without additional compensation therefor. If one or more shareholders files a proxy statement or solicits proxies in opposition to the recommendations of the board of directors of the Corporation (the “Board of Directors” or the “Board”), the Corporation may engage outside solicitors to assist with its solicitation of proxies. Details regarding any such engagement will be set forth in a supplement to this Information Circular.

The cost of solicitation by management will be borne directly by the Corporation. Arrangements will be made with brokerage firms and other custodians, nominees and fiduciaries for the forwarding of solicitation materials to the beneficial owners of the common shares of the Corporation (“Common Shares”) held by such persons, and the Corporation will reimburse such brokerage firms, custodians, nominees and fiduciaries for the reasonable out-of-pocket expenses incurred by them in connection therewith.

Appointment and Revocation of Proxies

The persons named in the enclosed form of proxy are officers and/or directors of the Corporation. **A SHAREHOLDER DESIRING TO APPOINT SOME OTHER PERSON TO REPRESENT HIM AT THE MEETING MAY DO SO** either by inserting such person’s name in the blank space provided in that form of proxy or by completing another proper form of proxy and, in either case, depositing the completed proxy at the office of the transfer agent indicated on the enclosed envelope not later than 48 hours (excluding Saturdays and holidays) before the time of holding the Meeting, or by delivering the completed proxy to the chairman on the day of the Meeting or adjournment thereof.

A proxy given pursuant to this solicitation may be revoked by instrument in writing, including another proxy bearing a later date, executed by the shareholder or by his attorney authorized in writing, and deposited either at the Corporation’s principal office located at 204 Edison Way, Reno, Nevada at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used, or with the chairman of such Meeting on the day of the Meeting, or adjournment thereof, or in any other manner permitted by law.

Voting of Proxies

THE COMMON SHARES REPRESENTED BY A DULY COMPLETED PROXY WILL BE VOTED OR WITHHELD FROM VOTING IN ACCORDANCE WITH THE INSTRUCTIONS OF THE SHAREHOLDER ON ANY BALLOT THAT MAY BE CALLED FOR AND, IF THE SHAREHOLDER SPECIFIES A CHOICE WITH RESPECT TO ANY MATTER TO BE ACTED UPON, SUCH COMMON SHARES WILL BE VOTED ACCORDINGLY. UNLESS OTHERWISE INDICATED ON THE FORM OF PROXY, SHARES REPRESENTED BY PROPERLY EXECUTED PROXIES IN FAVOUR OF PERSONS DESIGNATED IN THE PRINTED PORTION OF THE ENCLOSED FORM OF PROXY WILL BE VOTED (I) TO ELECT MANAGEMENT'S SIX NOMINEES FOR DIRECTOR AND (II) TO APPOINT PERRY-SMITH LLP AS THE CORPORATION'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2006. The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the notice of Meeting, or other matters which may properly come before the Meeting. At the time of printing this Information Circular, management of the Corporation knows of no such amendments, variations or other matters to come before the Meeting.

Voting Securities and Principal Holders of Voting Securities

The authorized capital of the Corporation consists of an unlimited number of Common Shares. As of April 21, 2006, the Corporation had 59,403,018 Common Shares issued and outstanding.

The Corporation shall make a list of all persons who are registered holders of Common Shares on April 21, 2006 (the "Record Date") and the number of Common Shares registered in the name of each person on that date. Each shareholder is entitled to one vote for each Common Share registered in his name as it appears on the list except to the extent that such shareholder has transferred any of his shares after the Record Date and the transferee of those shares produces properly endorsed share certificates or otherwise establishes that he owns the shares and demands, not later than ten days before the Meeting, that his name be included in the list. In such case the transferee is entitled to vote those shares at the Meeting in lieu of the transferor.

One-third of the outstanding Common Shares entitled to vote, represented in person or by properly executed proxy, is required for a quorum at the Meeting. Abstentions will be counted as "represented" for purposes of determining the presence or absence of a quorum. Complete broker non-votes, which are indications by a broker that it does not have discretionary authority to vote on any of the matters to be considered at the Meeting, will not be counted as "represented" for the purpose of determining the presence or absence of a quorum.

To the knowledge of the directors and executive officers of the Corporation, as of March 31, 2006, no person beneficially owns, directly or indirectly, or exercises control or direction over more than 10% of the outstanding Common Shares.

Under the *Canada Business Corporations Act* (the "CBCA"), once a quorum is established, in connection with the election of directors, the six nominees receiving the highest number of votes will be elected. In order to approve the proposal in respect of the appointment of independent auditors, the votes cast in favour of such proposal must exceed the votes cast against. Abstentions and broker non-votes will not have the effect of being considered as votes cast against any of the matters considered at the Meeting.

(f) **Compensation and Nominating Committee Interlocks and Insider Participation**

The members of the Compensation and Nominating Committee are David King (Chair), James Golla and Michel Bazinet, each of whom is independent under NASDAQ's listing standards. Prior to May 26, 2005, the members of the Compensation and Nominating Committee were George Hartman (Chair), James Golla and David King. The charter governing operations of the Compensation and Nominating Committee was adopted in April 2004 and is available at the Corporation's website at www.altairnano.com under "Investor Relations."

None of Messrs. King, Golla, Bazinet or Hartman is currently, or has formerly been, an officer or employee of the Corporation or any of its subsidiaries. On December 31, 2003, the Corporation entered into a consulting agreement with Advanced Technology Group LLC ("ATG"), whose managing partner is David King, a director of the Corporation. The agreement stipulates that ATG will furnish consulting services in reviewing potential federal grant opportunities and providing proposal development assistance on selected programs. The initial term of the agreement was one year, and it was subsequently extended through December 31, 2005. Under the terms of the agreement, ATG is paid on a contingency basis at a rate of 6% of the first \$1,000,000 in grant monies secured from applications prepared in any calendar year plus 3.5% of any cumulative amounts over \$1,000,000. ATG also agreed to provide consulting services at a rate of \$200 per hour upon request of the Corporation. Between January 1, 2005 and December 31, 2005, ATG was paid \$2,833 for certain consulting services and \$7,153 in connection with a National Science Foundation Phase II grant, and \$21,458 was accrued in connection with the National Science Foundation Phase II grant. The Company believes that such revenues constituted more than 5% of the revenue of ATG during 2005. The address of ATG is set forth as the address of David King under "Security Ownership of Certain Beneficial Owners and Management" above.

The Compensation and Nominating Committee met 12 times during 2005 in person or by telephone.

(g) **Compensation Committee Report on Executive Compensation**

Notwithstanding anything to the contrary set forth in any of the Corporation's previous filings under the United States Securities Act of 1933, as amended (the "Securities Act"), or the Exchange Act, that incorporates by reference, in whole or in part, subsequent filings including, without limitation, this Information Circular and Proxy Statement, the Compensation Committee Report and the Performance Graph set forth below shall not be deemed to be incorporated by reference into any such filings.

As required by the proxy rules promulgated by the United States Securities and Exchange Commission (the "SEC") and applicable Canadian securities laws, this Compensation Committee Report describes the overall compensation goals and policies applicable to the executive officers of the Corporation, including the basis for determining the compensation of executive officers for the 2005 fiscal year.

The objectives of the Corporation's Executive Compensation policy are to attract, retain and develop leaders capable of making outstanding contributions to the Corporation's success; to encourage, recognize and reward individual, team and company performance; to provide a total compensation package that encourages long-term commitment to the Corporation; and to align the interests of management and shareholders in setting priorities and focus. In determining the amount and composition of compensation for the Corporation's executive officers, the Compensation and Nominating Committee and Board are guided by several factors, including the external market; the individual's relevant experience, skills and responsibilities; and the financial situation of the Corporation. Because the Corporation has a small number of employees, compensation practices are flexible in response to the needs and talents of the individual officer, entrepreneurial, and geared toward rewarding contributions that enhance shareholder value.

Historically, because the Corporation had no substantial revenues from operations and needed capital for research and development, the Corporation kept salaries and bonuses at levels that the Corporation believed were lower than many of the Corporation's competitors and compensated employees (including executive officers) primarily in the form of stock options. Going forward, the Corporation intends to use a combination of more competitive salaries, cash bonuses and stock options to align the interest of the executive officers and other employees with the long-term interests of the Corporation and its shareholders and to attract and retain talented employees who can enhance the Corporation's value. To this end, in mid-2005 the Corporation examined executive salary ranges for like companies locally and nationally, including data from sources such as Equilar, Inc., CompGeo, Nevada Association of Employers, and Chemical and Engineering News and from public filings of nanotech and specialty materials companies considered to be in the Corporation's peer group.

Compensation Components

The Corporation's compensation of its executive officers consists of three components: base salary, performance bonuses and long-term retention awards in the form of restricted stock grants and stock options.

Annual Base Salary. At the outset of 2005, based upon recommendations from the Compensation and Nominating Committee, the Board established base salaries based primarily on its subjective judgment, taking into consideration both qualitative and quantitative factors. Among the factors considered by the Compensation and Nominating Committee and the Board were: (i) the qualifications and performance of each executive officer; (ii) the performance of the Corporation as measured by such factors as progress in product development and increased shareholder value; (iii) salaries provided by other companies inside and outside the industry that are of a comparable size and at a similar development stage, to the extent known; and (iv) the capital position and needs of the Corporation. The Compensation and Nominating Committee and the Board do not assign any specific weights to these factors in determining salaries. They do, however, try to keep base salaries as low as possible, consistent with the needs and status of the executive officers, in order to preserve capital for future growth and development. In late 2005, following a quantitative analysis of executive salaries within comparable industries, the Compensation and Nominating Committee and the Board decided to target base executive pay at the median level (i.e., 50th percentile) for each specific job title. Adjustments were made in the few instances where there was a major discrepancy.

Performance Bonuses. The Corporation may also compensate its executive officers in the form of bonuses. Because the Corporation does not have a history of earnings per share, net income, or other conventional data to use as a benchmark for determining the amount or existence of bonus awards, the Board has historically made such determinations based on evaluations of individual and corporate performance against specific criteria. In any event, the Compensation and Nominating Committee reserves the right to increase or decrease performance bonuses, based on its assessment of individual, team and corporate performance and the circumstances surrounding that performance.

In the 2005 fiscal year, the executive management team, except the Chief Executive Officer ("CEO"), were eligible for a "performance bonus" ranging from 40%-60% of base salary, depending on level of individual responsibility. The bonus is to be paid 60% in cash and 40% in the equivalent value of stock options. Payment of any performance bonus is "at risk", that is, based on the attainment of separate, specified corporate (50% weighting) and individual objectives (50% weighting). Corporate objectives are set in 3 areas; revenue, product licensing or commercialization and cost control. Full attainment of all three objectives results in each member receiving one-half of their full bonus entitlement. Achieving less than all three objectives results in a reduction of the bonus level. No team bonus is awarded if at least 80% of the Corporation's objectives are not met. In fiscal 2005, the management team achieved 92% of its aggregated corporate objectives. Similarly, each executive is evaluated against specific personal objectives and is eligible to receive one-half of their full bonus entitlement for full attainment of their individual objectives. Achieving less than all three objectives results in a reduction of the bonus level. No individual bonus is awarded if at least 80% of the executive's personal objectives are not met. In fiscal 2005, individual executives achieved 0%-110% of their personal objectives. Individual performance bonuses were awarded by the Board, based upon the recommendation of the Compensation and Nominating Committee, according to combined corporate- and personal-performance metrics.

Retention Awards. As stated, in the past the Corporation has relied extensively on stock options to compensate executive officers. The 1996 Plan, 1998 Plan and 2005 Plan were designed to give each stock-incentive holder an interest in preserving and maximizing shareholder value in the longer term and to give valued employees the incentive to remain with the Corporation long term. Fiscal year 2005 retention stock options vest over a period of three years. Individual retention option grants to the executive management team are determined on the basis of the Compensation and Nominating Committee's assessment of an individual's current and expected future performance, level of responsibilities, and the importance of his or her position with, and contribution to, the Corporation. For the 2005 fiscal year, the Compensation and Nominating Committee granted incentive options to purchase 100,000 Common Shares to Dr. Alan J. Gotcher; 75,000 shares to Edward Dickinson; 20,000 shares to Douglas K. Ellsworth and 40,000 shares to Dr. Bruce J. Sabacky. The Compensation and Nominating Committee did consider the number, vesting status and exercise price of existing options in the course of determining whether to grant additional options.

CEO Compensation. In the fiscal year 2005, the CEO received a base salary according to the terms of his employment agreement. In addition, the CEO was awarded a "performance bonus" of \$111,877 in cash and was awarded options to purchase Common Shares, which awards have a collective value equal to 48% of his 2005 base salary. The bonus and options were awarded following assessment of CEO performance by the Compensation and Nominating Committee and other independent directors, based on both quantitative and qualitative criteria. Quantitative CEO performance objectives were set in three areas; revenue, product licensing or commercialization and cost control. Qualitatively, the CEO's performance was measured against 16 criteria including: enhancing shareholder value, developing corporate guiding principles, strategic planning, operating policies and procedures, effective organizational structure, management succession planning, employee morale and productivity, proactive change management, progress evaluation, communication with the Board, operational control, leading by exemplary example, enabling team performance, facilitating Board duties, being an effective company spokesperson and meeting corporate financial and operational objectives. In fiscal 2005, the CEO achieved 100% of his personal objectives.

The foregoing is submitted by the Compensation and Nominating Committee:

Statement of Corporate Governance Practices

National Policy 58-201 of the Canadian Securities Administrators has set out a series of guidelines for effective corporate governance (the “Guidelines”). The Guidelines address matters such as the constitution and independence of corporate boards, the functions to be performed by boards and their committees and the effectiveness and education of board members. National Instrument 58-101 (“NI 58-101”) of the Canadian Securities Administrators requires the disclosure by each listed corporation of its approach to corporate governance with reference to the Guidelines as it is recognized that the unique characteristics of individual corporations will result in varying degrees of compliance.

Set out below is a description of the Corporation’s approach to corporate governance in relation to the Guidelines.

1. The Board of Directors

NI 58-101 defines an “independent director” as a director who has no direct or indirect material relationship with the corporation. A “material relationship” is in turn defined as a relationship which could, in the view of the corporation’s board of directors, be reasonably expected to interfere with such member’s independent judgement. The Board of Directors of the Corporation is currently comprised of seven members, a majority of whom the Board has determined are “independent directors” within the meaning of NI 58-101.

Dr. Gotcher is considered a non-independent director, as he is an officer of the Corporation.

Messrs. Bazinet, Bengtson, Golla, Hartman, Jones and King are considered independent directors since they are all independent of management and free from any material relationship with the Corporation. The basis for this determination is that, since the beginning of the fiscal year ended December 31, 2005, none of the independent directors have worked for the Corporation, received more than Cdn\$75,000 in annual remuneration from the Corporation or had material contracts with or material interests in the Corporation which could interfere with their ability to act with a view to the best interests of the Corporation.

The Board believes that it functions independently of management. To enhance its ability to act independent of management, the Board may meet in the absence of members of management and the non-independent directors or may excuse such persons from all or a portion of any meeting where a potential conflict of interest arises or where otherwise appropriate. The Board held three meetings of the independent directors in the absence of members of management and the non-independent directors during the fiscal year ended December 31, 2005. Mr. Bengtson, Chairman of the Board, generally acts as the chairman during meetings of the independent directors.

Additional information concerning meetings of the Board held in fiscal 2005 is set forth above under the heading "Meetings of the Directors and Attendance at Shareholders Meeting".

2. Board Mandate

The Board has a mandate to set the strategic direction of the Corporation and to oversee its implementation by management of the Corporation. A copy of the Board mandate is set forth in Appendix A to this Information Circular.

3. Position Descriptions

Given the current size of the Corporation's infrastructure and the existence of only five executive officers and seven directors, the Board does not feel that it is necessary at this time to formalize position descriptions or corporate objectives for any of the Chairman of the Board, Chairmen of committees of the Board, or the President and Chief Executive Officer in order to delineate their respective responsibilities. Accordingly, the roles of the executive officers of the Corporation are delineated on the basis of the customary practice.

4. Orientation and Continuing Education

Although the Corporation currently has no formal orientation and education program for new Board members, sufficient information (such as recent annual reports, prospectus, proxy solicitation materials and various other operating and budget reports) is provided to any new Board member to ensure that new directors are familiarized with the Corporation's business and the procedures of the Board. In addition, on at least an annual basis, the Board is given a presentation by an attorney or other professional regarding their role, responsibilities and obligations. In addition, new directors are encouraged to visit and meet with management on a regular basis. The Corporation also encourages continuing education of its directors and officers where appropriate in order to ensure that they have the necessary skills and knowledge to meet their respective obligations to the Corporation.

5. Ethical Business Conduct

The Board has adopted a formal code of conduct and code of ethics. See "Code of Conduct and Code of Ethics" above. In order to ensure compliance with the Code of Conduct and Code of Ethics, and to ensure that directors exercise independent judgement, the Audit Committee has assumed responsibility for approving transactions involving the Corporation and any "related party" (as that term is defined in Ontario Securities Commission Rule 61-501). The full Board is responsible for monitoring the Corporation's compliance with strategic planning matters, implementing a process for assessing the effectiveness of committees of directors and individual directors, and reviewing changes in or additions to compliance policies, standards, codes and programs, as well as applicable legislation.

6. Nomination of Directors

The Board has established a Compensation and Nominating Committee which has assumed the responsibility for identifying new candidates for Board nomination. See “Nominating Committee” above.

7. Compensation

The Board has established a Compensation and Nominating Committee which has assumed the responsibility for making recommendations to the Board on compensation related matters. See “Composition of the Compensation Committee” and “Compensation Committee Report on Executive Compensation” above. During 2005, a compensation consultant was retained to review and make recommendations with respect to compensation for directors, officers and employees of the Corporation.

8. Committees

The Board currently has no standing committees other than the Audit Committee and Compensation and Nominating Committee.

9. Assessments

The Board assesses, on an annual basis, the contributions of the Board as a whole, the Audit Committee and Compensation and Nominating Committee, and each of the individual directors, in order to determine whether each is functioning effectively.

Interest of Informed Persons in Material Transactions

Except as otherwise disclosed in the Information Circular (see “Certain Relationships and Related Transactions”), no informed person of the Corporation (within the meaning of applicable Canadian securities laws), any nominee for election as a director or any associate or affiliate thereof, has or has had any material interest in any transaction since the commencement of the Corporation’s last completed financial year, or in any proposed transaction, which has materially affected or would materially affect the Corporation.

Indebtedness of Directors and Executive Officers

There is currently no outstanding indebtedness of (i) any present or former director, executive officer or employee; or (ii) any associate of any current or former director, executive officer or employee, either owing to the Corporation or any of its subsidiaries, or owing to another entity which is the subject of a guarantee, support agreement, letter of credit or similar arrangement or understanding provided by the Corporation or any of its subsidiaries.

Certain Relationships and Related Transactions

On December 31, 2003, the Corporation entered into a consulting agreement with Advanced Technology Group LLC (“ATG”), whose managing partner is David King, a director of the Corporation. The agreement stipulates that ATG will furnish consulting services in reviewing potential federal grant opportunities and providing proposal development assistance on selected programs. The initial term of the agreement was one year and it was subsequently extended through December 31, 2005. Under the terms of the agreement, ATG is paid on a contingency basis at a rate of 6% of the first \$1,000,000 in grant monies secured from applications prepared in any calendar year plus 3.5% of any cumulative amounts over \$1,000,000. ATG also agreed to provide consulting services at a rate of \$200 per hour upon request of the Corporation. Between January 1, 2005 and December 31, 2005, ATG was paid \$2,833 for certain consulting services and \$7,153 in connection with a National Science Foundation Phase II grant, and \$21,458 was accrued in connection with the National Science Foundation Phase II grant. The address of ATG is set forth as the

PROPOSAL NO. 2 — APPOINTMENT OF INDEPENDENT AUDITORS

Approval of the appointment of Perry-Smith LLP as the independent auditors for the Corporation for the fiscal year ending December 31, 2006, and authorization of the Audit Committee to set their remuneration, is to be voted upon at the Meeting. Representatives of Perry-Smith LLP are expected to be present at the Meeting. Perry-Smith LLP were first appointed auditors of the Corporation on September 26, 2005, prior to which Deloitte & Touche LLP acted as auditors of the Corporation from 2001 to August 18, 2005.

Change of Independent Auditors

Deloitte & Touche LLP, the independent auditors initially retained by the Corporation for the fiscal year ended December 31, 2005, resigned on August 18, 2005. In connection with the audit of the Corporation's financial statements for the fiscal years ended December 31, 2003 and December 31, 2004 and the subsequent interim period ended August 18, 2005, there were no disagreements with Deloitte & Touche on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedures, which disagreement if not resolved to Deloitte & Touche's satisfaction would have caused them to make reference in connection with their opinion to the subject matter of the disagreement. The audit reports of Deloitte & Touche on the consolidated financial statements of the Corporation and its subsidiaries as of and for the fiscal years ended December 31, 2003 and December 31, 2004 did not contain any adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope, or accounting principles. A copy of the Form 8-K filed by the Company reporting the resignation of Deloitte & Touche is attached hereto as Appendix B.

Pursuant to the recommendation of management and the approval of the Board and Audit Committee, the Corporation appointed Perry-Smith LLP as the Corporation's independent auditors for the fiscal year ended December 31, 2005. No consultations occurred between the Corporation and Perry-Smith during the two fiscal years and any interim period preceding the appointment of Perry-Smith regarding the application of accounting principles, the type of audit opinion that might be rendered or other accounting, auditing or financial reporting issues. The Corporation engaged Perry-Smith LLP effective September 26, 2005. A copy of the Form 8-K filed by the Company reporting the engagement of Perry-Smith LLP is attached hereto as Appendix C.

Audit Fees. During the fiscal years ended December 31, 2004 and 2005, the aggregate fees billed by the Corporation's independent auditors for the audit of the Corporation's financial statements for such fiscal years, for the reviews of the Corporation's interim financial statements and for the review of SEC registration statements were \$103,047 and \$132,012, respectively.

Audit-Related Fees. During the fiscal year ended December 31, 2004, the Corporation did not pay to Deloitte & Touche any fees for assurance and related services related to the performance of the audit or review beyond the fees disclosed under "Audit Fees" above. During the fiscal year ended December 31, 2005, the Corporation paid audit-related fees of \$5,100 to Perry-Smith LLP.

Tax Fees. During the fiscal years ended December 31, 2004 and 2005, the Corporation did not pay to Deloitte & Touche or Perry-Smith LLP any fees for tax compliance, advice and planning.

All Other Fees. During the fiscal year ended December 31, 2004, the Corporation paid Deloitte & Touche LLP \$118,903 of consulting fees in connection with the implementation requirements of Section 404 of the Sarbanes - Oxley Act and \$1,288 in connection with a review of the Corporation's accounting policies for overhead costs. During the fiscal year ended December 31, 2005, the Corporation paid Deloitte & Touche LLP \$17,180 of consulting fees in connection with the implementation requirements of Section 404 of the Sarbanes - Oxley Act and \$10,712 in connection with other matters.

Audit Committee Pre-Approval Policy. The Audit Committee pre-approves the services provided to the Corporation by its independent auditors in connection with the audit of the Corporation's annual financial statements, the review of the Corporation's quarterly financial statements and tax preparation and consultation. Management is not permitted to engage its independent auditors for other audit or permitted non-audit services without the case-by-case pre-approval of the Audit Committee. The Audit Committee approved all the services provided to the Corporation by its independent auditors described above.

Vote Required and Recommendation of the Board of Directors

The affirmative vote of a majority of the votes cast on this proposal shall constitute approval of the appointment of Perry-Smith LLP and authorization of the Audit Committee to set their remuneration.

The Board recommends a vote FOR ratification of the appointment of Perry-Smith LLP as the Corporation's independent auditors for the fiscal year ending December 31, 2006 and authorization of the Audit Committee to set their remuneration.
