(b) Pro Forma Financial Information

Our unaudited pro forma consolidated balance sheet as of September 30, 2015 and our unaudited pro forma consolidated statements of operations for the nine months ended September 30, 2015 and the year ended December 31, 2014 have been derived by the application of pro forma adjustments to our historical consolidated financial statements. These unaudited pro forma consolidated financial statements reflect the sale of Allstate as if it had occurred on June 17, 2014, the date of US Ecology, Inc.’s acquisition of EQ Holdings, Inc. As the purpose of the pro forma information provided below is to illustrate the results of operations of the Company without the disposed Allstate operations, the effects of the transaction, including the estimated gain on sale, disposal costs and related tax effects, were excluded from our pro forma statement of operations. The pro forma adjustments are based upon available information and assumptions that management believes are reasonable. Our unaudited pro forma consolidated financial information should not be construed to be indicative of future results of operations or financial position.
