DXP ENTERPRISES ANNOUNCES FOURTH QUARTER AND YEAR END RESULTS
FOURTH QUARTER NET INCOME INCREASES 222%
FULL YEAR NET INCOME INCREASES 97%

Houston, TX, -- March 1, 2006 - DXP Enterprises, Inc. (NASDAQ: DXPE)

today announced net income of \$2.1 million for the fourth quarter ended December 31, 2005, with diluted earnings per share of \$.36 compared to net income of \$0.6 million and diluted earnings per share of \$.12 for the fourth quarter of 2004. Sales increased 45% to \$54.7 million from \$37.7 million for the fourth quarter of last year. Sales by the two businesses acquired in 2005 accounted for \$6.9 million of the sales increase. Excluding sales of the two acquired businesses, sales for the 2005 fourth quarter increased 26.7% from the 2004 fourth quarter.

For the year ended December 31, 2005, DXP reported net income of \$5.5 million, with diluted earnings per share of \$.94 compared to net income of \$2.8 million, with diluted earnings per share of \$.50 for 2004. Sales increased 15.4% to \$185.4 million for 2005 from \$160.6 million for 2004. Sales by the two businesses acquired in 2005 accounted for \$7.3 million of the 2005 sales increase. Excluding sales of the acquired businesses, sales increased 10.9%.

David R. Little, Chairman and Chief Executive Officer said "We are very pleased with such strong performance in 2005 and I am very proud of the leadership and dedication shown by everyone at DXP. We feel that our sales and operational strategies position DXP well for the future and give us the ability to leverage these successes in future acquisitions. The outlook for DXP continues to be strong."

Mac McConnell, Senior Vice President and Chief Financial Officer said, "Sales and profits for the fourth quarter of 2005 were positively impacted by DXP's internal growth and by the results of the businesses acquired on August 24, 2005 and December 1, 2005. The need for DXP's products and services within the mining, oil, gas and petrochemical markets continued to increase due to strong worldwide demand. Hurricanes Katrina and Rita impacted DXP's business in the fourth quarter of 2005 by generating an immediate demand for MRO supplies to restart plant operations which was offset by the effect of reduced operations by many of our customers. We believe the impact of the hurricanes on fourth quarter sales was breakeven to slightly positive. We expect increased business opportunities during the next couple of years as the upstream and downstream oil and gas businesses rebuild along the Gulf Coast."

DXP Enterprises, Inc. is a leading products and service distributor that adds value and total cost savings solutions to MRO and OEM customers in virtually every industry since 1908. DXP provides innovative pumping solutions, integrated supply and MROP (maintenance, repair, operating and production) services that emphasize and utilize DXP's vast product knowledge and technical expertise in pumps, bearings, power transmission, seals, hose, safety, fluid power, electrical and industrial supplies. DXP's breadth of MROP products and service solutions allows DXP to

be flexible and customer driven creating competitive advantages for our customers.

DXP's innovative pumping solutions provide engineering, fabrication and technical design to meet the capital equipment needs of its global customer base. DXP provides solutions by utilizing manufacturer authorized equipment and certified personnel. Pump packages require MRO and OEM equipment such as pumps, motors and valves, and consumable products. DXP leverages its MROP inventories and technical knowledge to lower the total cost and maintain the quality of the pump package.

SmartSource, a DXP integrated supply program, allows a more efficient way to manage the customer's supply chain needs for MROP products. The program allows the customer to transfer all or part of their supply chain needs to DXP, so the customer can focus on his core business. SmartSource effectively lowers costs by outsourcing purchasing, accounting, and on-site supply management to DXP, which reduces the duplication of effort by the customer and supplier. DXP's broad range of first-tier products provides an efficient measurable solution to reduce cost and streamline procurement and sourcing operations.
