PROXY STATEMENT

FOR THE ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON APRIL 29, 2003

Information Regarding Proxies

The enclosed Proxy is solicited on behalf of the Board of Directors of Bio-Rad Laboratories, Inc., a Delaware corporation ("Bio-Rad" or the Company), in connection with the annual meeting of stockholders of the Company to be held at the Company's corporate offices, 1000 Alfred Nobel Drive, Hercules, California 94547 on Tuesday, April 29, 2003 at 4:00 p.m., and at any adjournments or postponements thereof. Copies of this Proxy Statement and the accompanying notice and Proxy Card are first being mailed on or about April 3, 2003 to all stockholders entitled to vote.

The Company will pay the cost of this Proxy solicitation. In addition to solicitation by use of the mails, proxies may be solicited from stockholders of the Company by directors, officers and employees of the Company in person or by telephone, telegram or other means of communication. Such directors, officers and employees will not be additionally compensated, but may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation. Arrangements will be made with brokerage houses, custodians, nominees and fiduciaries for forwarding of proxy materials to beneficial owners of shares held of record by such brokerage houses, custodians, nominees and fiduciaries and for reimbursement of their reasonable expenses incurred in connection therewith. The Company may retain Georgeson Shareholder Services, a proxy solicitation firm, to solicit proxies in connection with the annual meeting, at an estimated cost of \$6,000.00.

Shares for which a properly executed Proxy in the enclosed form is returned will be voted at the annual meeting in accordance with the directions on such Proxy. If no voting instructions are indicated with respect to one or more of the proposals, the Proxy will be voted in favor of the proposal(s), and to approve those other matters that may properly come before the annual meeting at the discretion of the person named in the Proxy. Any Proxy may be revoked by the record owner of the shares at any time prior to its exercise by filing with the Secretary of the Company a written revocation or duly executed Proxy bearing a later date or by attending the meeting in person and announcing such revocation. Attendance at the annual meeting will not, by itself, constitute revocation of a Proxy.

Voting Securities

The securities of the Company entitled to vote at the meeting consist of shares of its Class A Common Stock and Class B Common Stock, both \$0.0001 par value (collectively, Common Stock). 20,443,314 shares of Class A Common Stock and 4,851,942 shares of Class B Common Stock were issued and outstanding at the close of business on March 4, 2003. Only stockholders of record at the close of business on March 4, 2003 will be entitled to notice of and to vote at the meeting. The presence, in person or by Proxy, of the holders of a majority of the Voting Power will constitute a quorum for the transaction of business, provided, however, that the election of the Class A and Class B directors shall require the presence, in person or by Proxy, of the holders of a majority of the outstanding shares of each respective class. Each share of Class A Common Stock is entitled to one-tenth of a vote and each share of Class B Common Stock is entitled to one vote, except in the election of directors and any other matter requiring the vote of one or both classes of Common Stock voting separately. The sum of one-tenth the number of outstanding shares of Class A Common Stock and the number of outstanding shares of Class B Common Stock constitutes the Voting Power of the Company.

The holders of Class A Common Stock, voting as a separate class, are entitled to elect two directors. The holders of Class B Common Stock, also voting as a separate class, are entitled to elect the other five directors. The stockholders do not have any right to vote cumulatively in any election of directors. Under Delaware law, directors elected by each class shall be elected by a plurality of the votes in the respective class.

On all other matters submitted to a vote at the annual meeting (except matters requiring the vote of one or both classes voting separately), the affirmative vote of the holders of a majority of the Voting Power present in person or represented by Proxy is necessary for approval. The Board of Directors is not aware of any matters that might come before the meeting other than those mentioned in this Proxy Statement. If, however, any other matters properly come before the annual meeting, it is intended that the proxies will be voted in accordance with the judgment of the person or persons voting such proxies.

Under the Company's Bylaws and Delaware law: (1) shares represented by proxies that reflect abstentions or broker non-votes (i.e., shares held by a broker or nominee which are represented at the meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum; (2) with respect to the directors to be elected by each class of Common Stock, the director nominees receiving the highest number of votes, up to the number of directors to be elected by that class, are elected and, accordingly, abstentions, broker non-votes and withholding of authority to vote will not affect the election of directors; and (3) proxies that reflect abstentions as to a particular proposal will be treated as voted for purposes of determining the approval of that proposal and will have the same effect as a vote against that proposal, while proxies that reflect broker non-votes will be treated as unvoted for purposes of determining approval of that proposal and will not be counted as votes for or against that proposal.

There is no statutory or contractual right of appraisal or similar remedy available to those stockholders who dissent from any matter to be acted upon.

In 2002, options to purchase 116,240 shares were granted to all executive officers as a group, and options to purchase 263,260 shares were granted to all other employees.
- (2) Potential realizable value is based on an assumption that the stock price of the applicable class of Common Stock appreciates at the annual rate shown (compounded annually) from the date of grant until the end of the five year option term, in the case of the incentive stock options for 10,390 shares to David Schwartz and 7,928 shares to Norman Schwartz, and the ten year option term in the case of all other options. These numbers are calculated based on the requirements promulgated by the Securities and Exchange Commission and do not reflect the Company's estimate of future stock price growth.

The following table presents the number of shares for which options were exercised in 2002, as well as the number of exercisable and unexercisable options held by the Named Executive Officers at December 31, 2002.

Other Executive Compensation

In January 1997, the Company entered into a non-competition and employment continuation agreement with James J. Bennett, its then Executive Vice President and Chief Operating Officer and a Director of the Company. Mr. Bennett retired from his position as Executive Vice President and Chief Operating Officer effective January 1, 2003. Under the terms of this Agreement, Mr. Bennett has agreed not to compete with the Company for two years after the end of his employment with Bio-Rad. Management has agreed to nominate him as director for a period of three years following his resignation. Following his resignation, Mr. Bennett has agreed to continue to serve as an employee and perform mutually agreed tasks for six weeks in each twelve-month period for up to five years from his resignation. For those six weeks, he will be paid his weekly salary in effect at the time of his resignation plus \$2,500 per week. For mutually agreed assignments extending beyond the six weeks, or if Mr. Bennett does not remain a director, his compensation would be at his weekly pay rate in effect at the time of his resignation. He will be entitled to exercise his stock options for a period of four years after the end of his employment with Bio-Rad.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee is composed of Albert J. Hillman and Philip L. Padou. The Company currently has no interlocking relationships with another entity involving any of its Compensation Committee members, and no executive officer of the Company serves on the Compensation Committee. James J. Bennett, David Schwartz and Norman Schwartz participate in general Board of Directors discussions of compensation, bonuses and stock options. David, Norman and Alice N. Schwartz were absent from and did not participate in the discussions or decisions concerning the President's compensation.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee was formed in December 1993. The function of the Compensation Committee is to review and approve the compensation arrangements for the Company's senior management and any compensation plans in which the executive officers and directors are eligible to participate. The Compensation Committee of the Board of Directors has furnished the following report on executive compensation.

Objectives and Overview

The overall objectives of the Company's executive compensation programs are:

- to attract, retain and motivate key executive talent;
- to reward key executives based on business performance;
- to align executive incentives with the interests of stockholders; and
- to encourage the achievement of Company objectives.

Executive compensation consists of four components: 1) base salary; 2) annual and special incentive bonus payments; 3) long-term incentives in the form of stock options; and 4) contributions to the Company's profit sharing plan. The Company strives to provide a competitive total compensation package to senior management based on professionally compiled surveys of broad groups of companies of comparable size within related industries.

Base Salary

Each year, the Company obtains studies of compensation trends, practices and levels from a variety of nationally recognized independent compensation surveys in order to determine the competitiveness of the pay structure for its senior managers. Within the comparative groups of companies surveyed, the Company sets executive base salaries and total compensation near and below the arithmetic mean of the surveys, respectively. Each executive's base salary is determined by an assessment of the executive's job description and current salary in relation to the salary range designated for the position in the compensation surveys. Adjustments are made when necessary to reflect changes in responsibilities or competitive industry pressures. Each executive's performance is evaluated annually to determine individual merit increases within the overall guidelines established in each year's budget process. For 2002, the Company merit increase guideline was 4.25% and was based on the compensation surveys.

Incentive Bonus Payments

Edgar Filing: BIO RAD LABORATORIES INC - Form DEF 14A

Executive officers of the Company, including the President, are eligible for an annual incentive bonus and special bonuses, determined as a percentage of the officers' eligible wages. Annual bonuses are awarded to executive officers, including the President and other key employees of the Company and its operating units, who meet certain annual Company and operating unit goals, which are previously established by senior management. In 2002, the performance factors used in calculating bonuses included sales volume, direct contribution and inventory and/or receivable management turns, as measured against annual objectives. Performance goals have been established for the Company as a whole and for each operating unit. Bonuses are determined using these performance factors and comparisons to competitive industry standards. The bonus calculation is weighted between Company performance and operating unit performance according to the responsibilities of each executive. Incentive bonuses may be awarded in cash and/or stock.

Bonuses for performance in 2002 were awarded in March 2003 and ranged from 2.8% to 104.0% of base salaries. Bonuses for 2001 were awarded in March 2002 and ranged from 0.0% to 53.9% of base salaries.

Bonuses for 2000 were awarded in March 2001 and ranged from 0.9% to 51.8% of base salaries. Because bonuses are based on growth and profitability, trends in bonus awards generally track operating unit and Company performance. Special bonuses are awarded only on completion of specific projects or transactions.

Long-Term Incentives

The Company provides its executive officers and other key employees with long-term incentive compensation through the grant of stock options. The Company believes that stock options provide the Company's key employees with the opportunity to purchase and maintain an equity interest in the Company and to share in the appreciation of the value of the stock. Stock options are intended to align executive interests with the interests of stockholders and therefore directly motivate senior management to maximize long-term stockholder value. The stock options also create an incentive to remain with the Company for the long term because the options vest over a four or five-year period. Because all options are granted at no less than the fair market value of the underlying stock on the date of grant, stock options provide value to the recipients only when the price of Bio-Rad Common Stock increases over time.

The Board of Directors has delegated certain responsibilities of administration of the Company's stock option plans to the Stock Option Award Committee. The Stock Option Award Committee is composed of Albert J. Hillman and Philip L. Padou and is responsible for determining the timing and distribution of grants subject to the terms of the current option plans. The Stock Option Award Committee also determines the total number of shares granted and the allocation of shares to individual executive officers and key employees. Recommendations from senior management and other factors are considered including: the responsibility level, individual performance and contribution to the Company's business of each officer and key employee. The option grants are submitted to the Board of Directors for ratification and the date of grant is the date of the Board of Directors meeting.

Profit Sharing Plan Contributions

The Company's employees who are directors or officers are entitled to participate in the Bio-Rad Laboratories, Inc. Employees' Deferred Profit Sharing Retirement Plan (Profit Sharing Plan) on the same basis as all other Company employees. The Profit Sharing Plan covers all full-time employees of the Company, or any of its participating subsidiaries, who have completed one year of service. Contributions to the Profit Sharing Plan are determined each year by the Board of Directors in its sole discretion and are allocated among each participant based on the ratio his or her compensation bears to the aggregate compensation of all participants. For 2002, the Board of Directors approved a contribution of 5% of eligible compensation. Participants are vested 100% after five years of service, but funds are not distributed until retirement, termination of employment with the Company or as required by regulation or law.

President's Compensation

For 2002, the Compensation Committee was primarily responsible for determining and approving the President's compensation. The President's compensation was compared with compensation of other CEOs in the above-mentioned surveys and proxy statements for comparable companies. David Schwartz's salary is typically set within the mid-range of CEO's salaries surveyed for comparable companies. There was no change to Mr. Schwartz's salary in 2000, 2001 or 2002.

The President's annual bonus is based on the achievement of the Company's financial goals. The same performance criteria are used to calculate his annual bonus as those established for other eligible executive officers. These criteria are discussed above under Incentive Bonus Payments. A bonus was paid in 2003 based on performance against previously established growth and profitability targets for 2002.

In addition, in 2002, Mr. Schwartz received split dollar life insurance benefits from the Company. The Board of Directors of the Company has determined that in the event of the demise of David Schwartz and Alice Schwartz, their heirs might be required to sell a significant amount of their holdings in the Company in order to satisfy estate taxes. As the Board believes that such event might result in a major disruption in the trading of the stock, it has determined that it is in the best interest of all shareholders to procure a life insurance policy that would provide proceeds to the heirs for the payment of such taxes. The Company is a party to a split dollar life insurance agreement with a trust established by David Schwartz and Alice Schwartz for their heirs under which the trust is the beneficiary of a life insurance policy insuring the lives of David Schwartz and Alice Schwartz for which the Company pays the premiums. Upon the death of each of David Schwartz and Alice Schwartz prior to the termination of the agreement, a portion of the premiums previously advanced by the Company under the insurance policy will be repaid to the Company. Included in the compensation amounts shown for David Schwartz in fiscal year 2002 is \$933,814, representing the premium payment by the Company in such year.

To the extent readily determinable and as one of the factors in its consideration of compensation matters, the Compensation Committee considers the anticipated tax consequences to the Company and to its executives of various payments and benefits. Some types of compensation payments and their deductibility (e.g., the spread on exercise of non-qualified options) depend upon the timing of an executive's vesting or exercise of previously granted rights. Further, interpretations of and changes in the tax laws and other factors beyond the Compensation Committee's control also affect the deductibility of compensation. For these and other reasons, the Compensation Committee will not necessarily limit executive compensation to that deductible under Section 162(m) of the Internal Revenue Code. The Compensation Committee will consider various alternatives to preserving the deductibility of compensation payments and benefits to the extent reasonably practicable and to the extent consistent with its other compensation objectives.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Our audit committee was established on September 24, 1992, and adopted its audit committee charter on June 7, 2000. During fiscal 2002, the audit committee of the Board of Directors was comprised of Albert J. Hillman, Ruediger Naumann-Etienne and Philip L. Padou who were independent directors, as determined in accordance with Section 121(A) of the American Stock Exchange's regulations. Albert J. Hillman and Ruediger Naumann-Etienne joined the Audit Committee in October 2001; Philip L. Padou joined the Audit Committee in September 1992.

Management is responsible for the Company's internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes. The following is the Audit Committee's report submitted to the Board of Directors for the fiscal year ended December 31, 2002.

The Audit Committee has:

- reviewed and discussed the Company's audited financial statements with management;
- discussed with Deloitte & Touche LLP, the Company's independent auditors, the matters required to be discussed by Statement on Auditing Standards No. 61, as may be modified or supplemented; and
- discussed with Deloitte & Touche LLP its independence as required by Independence Standards Board Standard No. 1, as may be modified or supplemented.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2002 for filing with the Securities and Exchange Commission.

Audit Fees: The aggregate fees billed for professional services rendered by the Company's current independent auditors, Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, Deloitte & Touche) in connection with their audit of the Company's annual consolidated financial statements for the fiscal year ended December 31, 2002 and the reviews of the consolidated financial statements included in the Company's Quarterly Reports on Forms 10-Q for that fiscal year were approximately \$800,000.

Financial Information Systems Design and Implementation Fees: The aggregate fees billed for services rendered by Deloitte & Touche for the fiscal year ended December 31, 2002, and paid by the Company to its principal accountants, for professional services rendered in connection with consultation related to the Company's software system supporting the data underlying the Company's financial statements, or generating information that is significant to such statements, taken as a whole, were approximately \$19,500. These services were performed prior to the retention of Deloitte & Touche as the Company's independent auditors.

All Other Fees: The aggregate fees billed for services rendered by Deloitte & Touche, other than described above, for the fiscal year ended December 31, 2002 were approximately \$423,300 and can be subcategorized as the aggregate fees for attestation services for the statutory audits

Edgar Filing: BIO RAD LABORATORIES INC - Form DEF 14A

of international subsidiaries' fiscal year 2002 financial statements (approximately \$328,000) and tax planning and international tax compliance (approximately \$95,300).

The Company's audit committee has considered whether the provision of services described above under the captions "Audit Fees" and "Financial Information Systems Design and Implementation Fees" are compatible with maintaining the principal accountant's independence, and has determined that the provision of such services to the Company does not compromise the principal accountant's independence.

Change of Independent Public Accountants in 2002: On July 8, 2002, the Company's Board of Directors adopted the recommendation of its audit committee that Arthur Andersen LLP be dismissed as the Company's independent auditors and that Deloitte & Touche LLP be retained as the Company's new independent auditors. Andersen's reports on the Company's financial statements for each of the years ended December 31, 2001 and 2000 did not contain an adverse opinion or disclaimer of opinion, nor were the reports qualified as to uncertainty, audit scope or accounting principles. During the years ended December 31, 2000 and 2001 and through July 8, 2002 there were no disagreements with Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Andersen's satisfaction, would have caused Andersen to make reference to the subject matter in connection with its report on the Company's consolidated statements for such years; and there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

STOCK PERFORMANCE GRAPH

The following graph compares the cumulative stockholder returns over the past five years for the Company's Class A Common Stock, the American Stock Exchange Market Value Index and a selected peer group, assuming \$100 invested on December 31, 1997, and reinvestment of dividends:

- (1) The peer group consists of the following public companies: Beckman Coulter; Becton Dickinson; Diagnostic Products; Invitrogen; Meridian Bioscience; Millipore; and PerkinElmer Inc. (note: Invitrogen investment begins on December 31, 1999). Companies in the peer group reflect Bio-Rad's participation in two different markets: life science research products and clinical diagnostics. No single public or private company has a comparable mix of products which serve the same markets. In many cases, only one division of a peer group company competes in the same markets as Bio-Rad. Collectively, the peer group reflects products and markets similar to those of Bio-Rad.

This stock performance graph shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act or the Exchange Act, and shall not otherwise be deemed filed under these acts.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers, and persons who own more than ten percent of a registered class of the Company's equity securities ("Insiders"), to file with the Securities and Exchange Commission (the "SEC") initial reports of ownership and reports of changes in ownership of Common Stock of the Company. Insiders are required by SEC regulations to furnish the Company with copies of all Section 16(a) reports which they file.

To the Company's knowledge, based solely upon its review of the copies of such reports furnished to the Company and written representations from certain Insiders that no other reports were required, during the fiscal year ended December 31, 2002 all Section 16(a) filing requirements applicable to Insiders were complied with, with the following exceptions: (i) a Form 4 filing for James J. Bennett was delayed; (ii) the Form 5 filing for 2002 for John Goetz was delayed; and (iii) the Form 3 filing for Bradford Crutchfield was delayed.

II. RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Board of Directors has selected Deloitte and Touche LLP, independent public accountants, to serve as Bio-Rad's auditors for the fiscal year ending December 31, 2003. A representative of Deloitte and Touche LLP is expected to be present at the annual meeting of stockholders to make a statement if he or she desires to do so and to respond to appropriate questions.

Although it is not required to do so, Bio-Rad wishes to provide stockholders with the opportunity to express their opinion on the selection of auditors, and accordingly is submitting a proposal to ratify the selection of Deloitte and Touche LLP. If the stockholders should fail to ratify this proposal, the Board of Directors will consider the selection of another auditing firm.

The Board of Directors recommends that you vote FOR ratification of Deloitte and Touche LLP to serve as the Company's auditors for the fiscal year ending December 31, 2003.

III. APPROVAL OF THE 2003 STOCK OPTION PLAN OF BIO-RAD LABORATORIES, INC.

The 2003 Stock Option Plan of Bio-Rad Laboratories, Inc. (the "Plan") was adopted by the Board of Directors on March 19, 2003. Our stockholders are being asked to approve the Plan, copies of which will be available at the annual meeting of stockholders and may also be obtained by making written request of our corporate Secretary.

Set forth below is a description of the essential features of the Plan which will be in effect if the Plan is approved by the stockholders. This information does not purport to be a complete description of all the provisions of the Plan and is qualified in its entirety by reference to the provisions of the Plan.

Description of the Plan

General

The Plan authorizes the grant to employees of incentive stock options and non-qualified stock options. Incentive stock options are intended to be incentive stock options, as that term is defined in Section 422 of the Internal Revenue Code of 1986, as amended (the Code). The purposes of the Plan are to attract and retain the best available personnel for positions of substantial responsibility, to provide additional incentive to employees and to promote the success of our business.

Options Granted and Share Reserve

A total of 1,675,000 shares have been reserved for issuance pursuant to the Plan. Shares that may be issued pursuant to the Plan are shares of either Class A or Class B Common Stock.

Shares subject to expired or canceled options will be available for future grant or sale under the Plan. No shares may be optioned, granted or awarded under the Plan, however, if such action would cause an incentive stock option to fail to qualify as an incentive stock option under Section 422 of the Code.

Administration

The Plan will be administered by the compensation committee of the Board of Directors. The Company will pay all costs of administering the Plan.

Eligibility

The Plan authorizes the grant to employees of incentive stock options and non-qualified stock options. The administrator determines which of the employees will be granted options. No person is entitled to participate in the Plan as a matter of right. Only those employees who are selected to receive grants by the administrator may participate in the Plan. No person will be granted options to purchase more than 225,000 shares of Common Stock in any calendar year under the Plan. In addition, to the extent that an optionee would have the right in any calendar year to exercise for the first time one or more incentive stock options for shares having an aggregate fair market value (under all of our plans and determined for each share as of the date the option to purchase the share was granted) in excess of \$100,000, such excess options shall be treated as non-qualified stock options.

Terms and Vesting of Options

The administrator determines:

- the number of shares subject to option grants;
- whether the option grants are incentive stock options or non-qualified stock options; and
- the terms and conditions of the option grants.

The administrator may not grant an incentive stock option under the Plan to any person who owns more than 10% of the total combined voting power of all classes of our stock (a 10% Owner) unless the stock option conforms to the applicable provisions of Section 422 of the Code. Only

employees may be granted incentive stock options under the Plan.

The term of an option is set by the administrator. In the case of an incentive stock option, the term of the option may not be longer than 10 years from the date the incentive stock option is granted, or if granted to a 10% Owner, five years from the date of the grant. Except as limited by the requirements of Section 422 of the Code, the administrator may extend the term of any outstanding option in connection with any termination of employment of an optionee by up to four (4) years, or amend any other term or condition of the outstanding option relating to the termination of an optionee.

An option is exercisable when it vests. Each option agreement will contain the period during which the right to exercise the option in whole or in part vests in the optionee. At any time after the grant of an option, the administrator may accelerate the period during which an option vests. No portion of an option which is unexercisable at an optionee's termination of employment will subsequently become exercisable, except as may be otherwise provided by the administrator either in the agreement relating to the stock option or by action following the grant of the option.

Exercise Price

The exercise price for the shares of Common Stock subject to each option will be specified in each option agreement. The administrator sets the exercise price at the time the option is granted. In certain instances, the exercise price is also subject to additional rules as follows:

- In the case of incentive stock options, the exercise price may not be less than the fair market value of the shares of Common Stock subject to such option on the date the option is granted.
- In the case of incentive stock options granted to a 10% Owner, the exercise price may not be less than 110% of the fair market value of the shares of Common Stock subject to such option on the date the option is granted.

For purposes of the Plan, the fair market value of a share of our Common Stock as of a given date will be determined by the closing sales price for our Common Stock as quoted on any established stock exchange or market, or in the absence of such markets for our Common Stock, in good faith by our Board of Directors.

Exercisability

The compensation committee determines when options become exercisable, including any restrictions or limitations such as those based on continued employment.

An option may be exercised by delivering to our corporate Secretary a written notice of exercise on a form provided by us, together with full cash payment for the shares in the form of cash or a check payable to us in the amount of the aggregate option exercise price.

Adjustment Upon Changes in Capitalization or Merger

The administrator will appropriately adjust:

- the aggregate number of shares of Common Stock subject to the Plan;
- the number of shares of Common Stock subject to outstanding options; and
- the grant or exercise price of outstanding options;

if there is any stock dividend, stock split, recapitalization, or other subdivision, combination or reclassification of shares of Common Stock.

Change of Control

In the event of

- any direct or indirect acquisition by any person or related group of persons of securities possessing more than fifty percent (50%) of the total combined voting power of our outstanding securities pursuant to a tender or exchange offer for our securities;
- any merger or consolidation with any other entity, other than a merger or consolidation which would result in our voting securities outstanding immediately prior thereto continuing to represent more than fifty percent (50%) of the combined voting power of our voting securities or such surviving entity outstanding immediately after such merger or consolidation; or
- the sale or disposition by us of all or substantially all of our assets.

then all outstanding options under the Plan will become fully vested and exercisable immediately prior to the effective date of the change in control.

Transferability

An optionee cannot assign or transfer any option granted under the Plan, except by will or the laws of descent and distribution or, subject to the consent of the administrator, pursuant to a domestic relations order. Each option may be exercised, during the lifetime of the optionee, only by such optionee.

Amendment and Termination of the Plan

The Board of Directors may not, without stockholder approval given within 12 months before or after such action:

- amend the Plan so as to increase the number of shares of stock that may be issued under the Plan; or
- extend the term of the Plan.

If not terminated earlier, the Plan will terminate on March 19, 2013. The Board of Directors may terminate the Plan at any time with respect to any shares not then subject to an option under the Plan. Except as indicated above, the Board of Directors may also modify the Plan from time to time.

New Plan Benefits.

As March 4, 2003, no options have been granted under the Plan and all shares remain available for future grants. Because awards will be authorized by the compensation committee of the Board of Directors in its discretion, the benefits or amounts to be received under the Plan by any particular employee or group of employees are not presently determinable.

Equity Compensation Plan Information

The following table provides information, as of December 31, 2002, with respect to the aggregate shares of Class A Common Stock and Class B Common Stock authorized for issuance under the Company's equity compensation plans. The term "equity compensation plan" as used in the following table refers to compensation plans and individual compensation arrangements of the Company, its subsidiaries and its affiliates under which equity securities of the Company are authorized for issuance to employees (including officers and directors who are also employees), excluding all compensation plans and arrangements which are intended to meet the qualification requirements under Section 401(a) the Internal Revenue Code.

Federal Income Tax Consequences

The following discussion is a general summary of U.S. federal income tax consequences to U.S. participants in the Plan. The summary does not discuss all aspects of federal income taxation that may be relevant to a participant in light of such participant's personal circumstances, nor does it describe non-U.S., state or other tax consequences. Accordingly, holders should not rely on this summary for individual tax advice. Each taxpayer is advised to consult with his or her own tax advisor for particular federal, as well as non-U.S., state and any other tax advice.

Nonqualified Stock Options. The grant of a nonqualified stock option is generally not a taxable event either for the optionee or for us. Upon the exercise of a nonqualified stock option, the optionee generally will recognize ordinary income in an amount equal to the excess of the fair market value of the shares acquired upon exercise, determined at the date of exercise, over the exercise price of such option (the Spread). Subject to Section 162(m) of the Code, we will be entitled to a deduction in the same amount. The ordinary income recognized by the optionee is subject to income and employment tax withholding. The optionee's tax basis in the shares acquired pursuant to the exercise of a nonqualified stock option will be equal to the exercise price plus the amount of ordinary income recognized upon exercise. Any gain or loss on a subsequent disposition of the Common Stock will be treated as short-term or long-term capital gain or loss, depending on the holding period of the optionee measured from the date of the exercise of such option. There are generally no federal income tax consequences to us by reason of such subsequent disposition of Common Stock.

Incentive Stock Options. Generally, an optionee recognizes no taxable income upon the grant or exercise of an incentive stock option that meets the requirements of Code Section 422. However, the spread is taken into the account in determining the amount, if any, of the alternative minimum tax due from the optionee in the year in which the option is exercised.

If an optionee holds the Common Stock acquired through the exercise of an incentive stock option for more than two years from the date on which the option was granted and more than one year from the date on which the option was exercised, any gain or loss on the subsequent disposition of such Common Stock will be taxed as long-term capital gain or loss equal to the difference between consideration received upon such disposition and the option exercise price.

Generally, if an optionee disposes of the Common Stock received on exercise of an incentive stock option less than two years after the date the option was granted or less than one year after the date the option was exercised, it is considered to be a disqualifying disposition. At the time of such disqualifying disposition, the optionee will recognize ordinary income in the amount equal to the lesser of (i) the Spread; or (ii) the amount received for the Common Stock over the option exercise price. Any gain in excess of this amount will be taxed as capital gain. To the extent that an optionee recognizes ordinary income by reason of a disqualifying disposition of Common Stock acquired upon the exercise of any incentive stock option, we generally will be entitled to a corresponding deduction in the same amount.

Section 162(m) Limitation. In general, under Section 162(m), income tax deductions of publicly-held corporations may be limited to the extent total compensation (including base salary, annual bonus, stock option exercises and non-qualified benefits paid) for certain executive officers exceeds \$1 million (less the amount of any excess parachute payments as defined in Section 280G of the Code) in any one year. However, under Section 162(m), the deduction limit does not apply to certain performance-based compensation established by an independent compensation committee which is adequately disclosed to, and approved by, stockholders. In particular, stock options will satisfy the performance-based compensation exception if the awards are made by a qualifying compensation committee, the Plan sets the maximum number of shares that can be granted to any person within a specified period and the compensation is based solely on an increase in the stock price after the grant date (i.e. the option exercise price is equal to or greater than the fair market value of the stock subject to the award on the grant date).

The Board of Directors recommends that you vote FOR the proposal to approve the Plan.

2.2 Add-Back of Options. If any Option expires or is canceled without having been fully exercised, or is exercised in whole or in part for cash as permitted by the Plan, the number of shares of Common Stock subject to such Option but as to which such Option was not

exercised prior to its expiration or cancellation may again be optioned, granted or awarded hereunder, subject to the limitations of Section 2.1. Furthermore, any shares subject to Options which are adjusted pursuant to Section 8.3 and become exercisable with respect to shares of stock of another corporation shall be considered cancelled and may again be optioned, granted or awarded hereunder, subject to the limitations of Section 2.1. Notwithstanding the provisions of this Section 2.2, no shares of Common Stock may again be optioned, granted or awarded hereunder if such action would cause an Incentive Stock Option to fail to qualify as an incentive stock option under Section 422 of the Code.

ARTICLE III.
GRANTING OF OPTIONS

3.1 Option Agreement. Each Option shall be evidenced by an Option Agreement. Option Agreements evidencing Options intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall contain such terms and conditions as may be necessary to meet the applicable provisions of Section 162(m) of the Code. Option Agreements evidencing Incentive Stock Options shall contain such terms and conditions as may be necessary to meet the applicable provisions of Section 422 of the Code.

3.2 Provisions Applicable to Section 162(m) Employees.

(a) The Committee, in its discretion, may determine whether an Option is to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code.

(b) Notwithstanding anything in the Plan to the contrary, the Committee may grant any Option to a Section 162(m) Employee, the restrictions to which lapse upon the attainment of performance goals which are related to one or more of the Performance Criteria, that vests or becomes exercisable or payable upon the attainment of performance goals which are related to one or more of the Performance Criteria.

(c) To the extent necessary to comply with the performance-based compensation requirements of Section 162(m)(4)(C) of the Code, with respect to any Option granted under Article VII which may be granted to one or more Section 162(m) Employees, no later than ninety (90) days following the commencement of any fiscal year in question or any other designated fiscal period or period of service (or such other time as may be required or permitted by Section 162(m) of the Code), the Committee shall, in writing, (i) designate one or more Section 162(m) Employees, (ii) select the Performance Criteria applicable to the fiscal year or other designated fiscal period or period of service, (iii) establish the various performance targets, in terms of an objective formula or standard, and amounts of such Options, as applicable, which may be earned for such fiscal year or other designated fiscal period or period of service, and (iv) specify the relationship between Performance Criteria and the performance targets and the amounts of such Options, as applicable, to be earned by each Section 162(m) Employee for such fiscal year or other designated fiscal period or period of

service. Following the completion of each fiscal year or other designated fiscal period or period of service, the Committee shall certify in writing whether the applicable performance targets have been achieved for such fiscal year or other designated fiscal period or period of service. In determining the amount earned by a Section 162(m) Employee, the Committee shall have the right to reduce (but not to increase) the amount payable at a given level of performance to take into account additional factors that the Committee may deem relevant to the assessment of individual or corporate performance for the fiscal year or other designated fiscal period or period of service.

(d) Furthermore, notwithstanding any other provision of the Plan, any Option which is granted to a Section 162(m) Employee and is intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall be subject to any additional limitations set forth in Section 162(m) of the Code (including any amendment to Section 162(m) of the Code) or any regulations or rulings issued thereunder that are requirements for qualification as performance-based compensation as described in Section 162(m)(4)(C) of the Code, and the Plan and such Options shall be deemed amended to the extent necessary to conform to such requirements.

3.3 Limitations Applicable to Section 16 Persons. Notwithstanding any other provision of the Plan, the Plan, and any Option granted to any individual who is then subject to Section 16 of the Exchange Act, shall be subject to any additional limitations set forth in any applicable exemptive rule under Section 16 of the Exchange Act (including any amendment to Rule 16b-3 of the Exchange Act) that are requirements for the application of such exemptive rule. To the extent permitted by applicable law, the Plan and Options granted hereunder shall be deemed amended to the extent necessary to conform to such applicable exemptive rule.

3.4 At-Will Employment. Nothing in the Plan or in any Option Agreement hereunder shall confer upon any Holder any right to continue in the employ of the Company or any Subsidiary or shall interfere with or restrict in any way the rights of the Company and any Subsidiary, which are hereby expressly reserved, to discharge any Holder at any time for any reason whatsoever, with or without cause, except to the extent expressly provided otherwise in a written employment agreement between the Holder and the Company and any Subsidiary.

3.5 Participants in Foreign Countries. The Board, or such officers of the Company as have been delegated proper authority by the Board, may at any time adopt, amend or delete such modifications, procedures, appendices and subplans as may be necessary or desirable to comply with provisions of the laws of foreign countries in which the Company or any Subsidiary may operate to assure the viability of Options granted under the Plan in such countries and to meet the objectives of the Plan. Any such modifications, procedures, appendices or subplans shall be and hereby are incorporated in their entirety into the Plan and, with regard to the subject matter thereof, shall supersede inconsistent provisions of the Plan.

ARTICLE IV.
GRANTING OF OPTIONS

4.1 Eligibility. Any Employee selected by the Committee pursuant to Section 4.4(a)(i) shall be eligible to be granted an Option. All grants shall be made at the discretion of the Committee or the Board, as the case may be, and no person shall be entitled to a grant of an Option as a matter of right.

4.2 Disqualification for Stock Ownership. No person may be granted an Incentive Stock Option under the Plan if such person, at the time the Incentive Stock Option is granted, owns stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any then existing Subsidiary or parent corporation (within the meaning of Section 422 of the Code) unless such Incentive Stock Option conforms to the applicable provisions of Section 422 of the Code.

4.3 Qualification of Incentive Stock Options. No Incentive Stock Option shall be granted to any person who is not an Employee.

4.4 Granting of Options.

(a) The Committee shall from time to time, in its absolute discretion, and subject to applicable limitations of the Plan:

(i) Select from among the Employees (including Employees who have previously been granted Options under the Plan) such of them as in its opinion should be granted Options;

(ii) Subject to the Option Limit, determine the number of shares of Common Stock to be subject to such Options granted to the selected Employees;

(iii) Subject to Section 4.3, determine whether such Options are to be Incentive Stock Options or Non-Qualified Stock Options and whether such Options are to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code; and

(iv) Determine the terms and conditions of such Options, consistent with the Plan; provided, however, that the terms and conditions of Options intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall include, but not be limited to, such terms and conditions as may be necessary to meet the applicable provisions of Section 162(m) of the Code.

(v) Upon the selection of an Employee to be granted an Option, the Committee shall instruct the Secretary of the Company to issue the Option and may impose such conditions on the grant of the Option as it deems appropriate, and the Committee shall authorize one or more of the officers of the Company to prepare, execute and deliver the Option Agreement with respect to such Option.

A-7

(vi) Any Incentive Stock Option granted under the Plan may be modified by the Committee, with the consent of the Holder, to disqualify such Option from treatment as an incentive stock option under Section 422 of the Code.

4.5 Options in Lieu of Cash Compensation. Options may be granted under the Plan to Employees in lieu of cash bonuses which would otherwise be payable to such Employees pursuant to such policies which may be adopted by the Administrator from time to time.

ARTICLE V. TERMS OF OPTIONS

5.1 Option Price. The price per share of the shares of Common Stock subject to each Option granted to Employees shall be set by the Committee at the time the Option is granted; provided, however, that such price shall be no less than 100% of the Fair Market Value of a share of Common Stock on the date the Option is granted, and in the case of Incentive Stock Options granted to an individual then owning (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company or any Subsidiary or parent corporation thereof (within the meaning of Section 422 of the Code), such price shall not be less than 110% of the Fair Market Value of a share of Common Stock on the date the Option is granted.

5.2 Option Term. The term of an Option granted to an Employee shall be set by the Committee in its absolute discretion; provided, however, that the term shall not be more than ten (10) years from the date the Option is granted; and, provided, further, that, in the case of Incentive Stock Options, the term shall not be more than five (5) years from the date the Incentive Stock Option is granted if the Incentive Stock Option is granted to an individual then owning (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company or any Subsidiary or parent corporation thereof (within the meaning of Section 422 of the Code). Except as limited by requirements of Section 422 of the Code and regulations and rulings thereunder applicable to Incentive Stock Options, the Committee may extend the term of any outstanding Option in connection with any Termination of Employment of the Holder by up to four (4) years, or amend any other term or condition of such Option relating to such a termination.

5.3 Option Vesting.

(a) The period during which the right to exercise, in whole or in part, an Option granted to an Employee vests in the Holder shall be set by the Committee and the Committee may determine that an Option may not be exercised in whole or in part for a specified period after it is granted. At any time after grant of an Option, the Committee may, in its absolute discretion and subject to whatever terms and conditions it selects, accelerate the period during which an Option granted to an Employee vests and becomes exercisable.

(b) No portion of an Option granted to an Employee which is unexercisable at Termination of Employment shall thereafter become exercisable,

except as may be otherwise provided by the Committee either in the Option Agreement or by action of the Committee following the grant of the Option.

(c) To the extent that the aggregate Fair Market Value of stock with respect to which incentive stock options (within the meaning of Section 422 of the Code, but without regard to Section 422(d) of the Code) are exercisable for the first time by a Holder during any calendar year (under the Plan and all other incentive stock option plans of the Company and any parent or subsidiary corporation (within the meaning of Section 422 of the Code) of the Company), exceeds \$100,000, such Options or other options shall be treated as non-qualified stock options to the extent required by Section 422 of the Code. The rule set forth in the preceding sentence shall be applied by taking Options or other options into account in the order in which they were granted. For purposes of this Section 5.3(c), the Fair Market Value of stock shall be determined as of the time the Option or other options with respect to such stock is granted.

5.4 Substitute Options. Notwithstanding the foregoing provisions of this Article V to the contrary, in the case of an Option that is a Substitute Option, the price per share of the shares subject to such Option may be less than the Fair Market Value per share on the date of grant, provided, that the excess of:

- (a) the aggregate Fair Market Value (as of the date such Substitute Option is granted) of the shares subject to the Substitute Option; over
- (b) the aggregate exercise price thereof; does not exceed the excess of;
- (c) the aggregate fair market value (as of the time immediately preceding the transaction giving rise to the Substitute Option, such fair market value to be determined by the Administrator) of the shares of the predecessor entity that were subject to the grant assumed or substituted for by the Company; over
- (d) the aggregate exercise price of such shares.

5.5 Restrictions on Common Stock. The Administrator may, in its sole discretion, provide under the terms of an Option that shares of Common Stock purchased upon exercise of such Option shall be subject to repurchase from the Holder by the Company, or shall be subject to such restrictions as the Administrator shall provide, which restrictions may include, without limitation, restrictions concerning voting rights and transferability and restrictions based on duration of employment with the Company and the Subsidiaries, Company performance and individual performance; provided, however, that, by action taken after the Common Stock is purchased upon exercise of the Option, the Administrator may, on such terms and conditions as it may determine to be appropriate, terminate the Company's repurchase right or remove any or all of the restrictions imposed by the terms of the Option Agreement. The Company's right to repurchase the Common Stock from the Holder then subject to the right shall provide that immediately upon a Termination of Employment and for such period as the Administrator shall

determine, the Company shall have the right to purchase the Common Stock at a price per share equal to the price paid by the Holder for such Common Stock, or such other price as is determined by the Administrator; provided, however, that, in the event of a Change in Control, such right of repurchase shall terminate immediately prior to the effective date of such Change in Control. Shares of Common Stock purchased upon the exercise of an Option may not be sold, transferred or encumbered until any repurchase right and any and all restrictions are terminated or expire. The Secretary of the Company or such other escrow holder as the Administrator may appoint shall retain physical custody of each certificate representing such shares of Common Stock until the repurchase right and any and all of the restrictions imposed under the Option Agreement with respect to the shares evidenced by such certificate terminate, expire or shall have been removed. In order to enforce the restrictions imposed upon shares of Common Stock hereunder, the Administrator shall cause a legend or legends to be placed on certificates representing all shares of Common Stock that are still subject to any repurchase right or restrictions under Option Agreements, which legend or legends shall make appropriate reference to the conditions imposed thereby. If a Holder makes an election under Section 83(b) of the Code, or any successor section thereto, to be taxed with respect to the Common Stock as of the date of transfer of the Common Stock rather than as of the date or dates upon which the Holder would otherwise be taxable under Section 83(a) of the Code, the Holder shall deliver a copy of such election to the Company immediately after filing such election with the Internal Revenue Service.

ARTICLE VI.
EXERCISE OF OPTIONS

6.1 Partial Exercise. An exercisable Option may be exercised in whole or in part. However, an Option shall not be exercisable with respect to fractional shares and the Administrator may require that, by the terms of the Option, a partial exercise be with respect to a minimum number of shares.

6.2 Manner of Exercise. All or a portion of an exercisable Option shall be deemed exercised upon delivery of all of the following to the Secretary of the Company or his office:

(a) A written notice complying with the applicable rules established by the Administrator stating that the Option, or a portion thereof, is exercised. The notice shall be signed by the Holder or other person then entitled to exercise the Option or such portion of the Option;

(b) Such representations and documents as the Administrator, in its absolute discretion, deems necessary or advisable to effect compliance with all applicable provisions of the Securities Act and any other federal or state securities laws or regulations. The Administrator may, in its absolute discretion, also take whatever additional actions it deems appropriate to effect such compliance including, without limitation, placing legends on share certificates and issuing stop-transfer notices to agents and registrars;

(c) In the event that the Option shall be exercised pursuant to Section 8.1 by any person or persons other than the Holder, appropriate proof of the right of such person or persons to exercise the Option; and

(d) Full cash payment (or cash equivalent) to the Secretary of the Company for the shares with respect to which the Option, or portion thereof, is exercised.

6.3 Conditions to Issuance of Stock Certificates. The Company shall not be required to issue or deliver any certificate or certificates for shares of stock purchased upon the exercise of any Option or portion thereof prior to fulfillment of all of the following conditions:

(a) The admission of such shares to listing on all stock exchanges on which such class of stock is then listed;

(b) The completion of any registration or other qualification of such shares under any state or federal law, or under the rulings or regulations of the Securities and Exchange Commission or any other governmental regulatory body which the Administrator shall, in its absolute discretion, deem necessary or advisable;

(c) The obtaining of any approval or other clearance from any state or federal governmental agency which the Administrator shall, in its absolute discretion, determine to be necessary or advisable;

(d) The lapse of such reasonable period of time following the exercise of the Option as the Administrator may establish from time to time for reasons of administrative convenience; and

(e) The receipt by the Company of full payment for such shares, including payment of any applicable withholding tax.

6.4 Rights as Stockholders. Holders shall not be, nor have any of the rights or privileges of, stockholders of the Company in respect of any shares purchasable upon the exercise of any part of an Option unless and until certificates representing such shares have been issued by the Company to such Holders.

6.5 Ownership and Transfer Restrictions. The Administrator, in its absolute discretion, may impose such restrictions on the ownership and transferability of the shares purchasable upon the exercise of an Option as it deems appropriate. Any such restriction shall be set forth in the respective Option Agreement and may be referred to on the certificates evidencing such shares. The Holder shall give the Company prompt notice of any disposition of shares of Common Stock acquired by exercise of an Incentive Stock Option within (a) two years from the date of granting (including the date the Option is modified, extended or renewed for purposes of Section 424(h) of the Code) such Option to such Holder or (b) one year after the transfer of such shares to such Holder.

6.6 Additional Limitations on Exercise of Options. Holders may be required to comply with any timing or other restrictions with respect to the settlement or exercise of an Option, including a window-period limitation, as may be imposed in the discretion of the Administrator.

ARTICLE VII.
ADMINISTRATION

7.1 Committee. The Committee shall be the Compensation Committee of the Board, unless the Board specifically assumes the functions of the Committee or appoints another committee to assume such functions.

7.2 Duties and Powers of Committee. It shall be the duty of the Committee to conduct the general administration of the Plan in accordance with its provisions. The Committee shall have the power to interpret the Plan and the Option Agreements, and to adopt such rules for the administration, interpretation, and application of the Plan as are consistent therewith, to interpret, amend or revoke any such rules and to amend any Option Agreement provided that the rights or obligations of the Holder of the Option that is the subject of any such Option Agreement are not affected adversely. Any such interpretations and rules with respect to Incentive Stock Options shall be consistent with the provisions of Section 422 of the Code. In its absolute discretion, the Board may at any time and from time to time assume any and all rights and duties of the Committee under the Plan, except with respect to matters which under Rule 16b-3 or Section 162(m) of the Code, or any regulations or rules issued thereunder, are required to be determined in the sole discretion of the Committee.

7.3 Majority Rule: Unanimous Written Consent. The Committee shall act by a majority of its members in attendance at a meeting at which a quorum is present or by a memorandum or other written instrument signed by all members of the Committee.

7.4 Compensation: Professional Assistance: Good Faith Actions. Members of the Committee shall receive such compensation, if any, for their services as members as may be determined by the Board. All expenses and liabilities which members of the Committee incur in connection with the administration of the Plan shall be borne by the Company. The Committee may, with the approval of the Board, employ attorneys, consultants, accountants, appraisers, brokers, or other persons. The Committee, the Company and the Company's officers and members of the Board shall be entitled to rely upon the advice, opinions or valuations of any such persons. All actions taken and all interpretations and determinations made by the Committee or the Board in good faith shall be final and binding upon all Holders, the Company and all other interested persons. No members of the Committee or Board shall be personally liable for any action, determination or interpretation made in good faith with respect to the Plan or Options, and all members of the Committee and the Board shall be fully protected by the Company in respect of any such action, determination or interpretation.

ARTICLE VIII.
MISCELLANEOUS PROVISIONS

8.1 Not Transferable. No Option under the Plan may be sold, pledged, assigned or transferred in any manner other than by will or the laws of descent and distribution or, subject to the consent of the Administrator, pursuant to a DRO, unless and until such Option has been exercised, or the shares underlying such Option have been issued, and all restrictions applicable to such shares have lapsed. No Option or interest or right therein shall be liable for the debts, contracts or engagements of the Holder or his successors in interest or shall be subject to disposition by transfer, alienation, anticipation, pledge, encumbrance, assignment or any other means whether such disposition be voluntary or involuntary or by operation of law by judgment, levy, attachment, garnishment or any other legal or equitable proceedings (including bankruptcy), and any attempted disposition thereof shall be null and void and of no effect, except to the extent that such disposition is permitted by the preceding sentence.

During the lifetime of the Holder, only he may exercise an Option (or any portion thereof) granted to him under the Plan, unless it has been disposed of with the consent of the Administrator pursuant to a DRO. After the death of the Holder, any exercisable portion of an Option may, prior to the time when such portion becomes unexercisable under the Plan or the applicable Option Agreement, be exercised by his personal representative or by any person empowered to do so under the deceased Holder's will or under the then applicable laws of descent and distribution.

Notwithstanding the foregoing provisions of this Section 8.1, the Administrator, in its sole discretion, may determine to grant a Non-Qualified Stock Option which, by its terms as set forth in the applicable Option Agreement, may be transferred by the Holder, in writing and with prior written notice to the Administrator, to any one or more Permitted Transferees (as defined below), subject to the following terms and conditions: (a) a Non-Qualified Stock Option transferred to a Permitted Transferee shall not be assignable or transferable by the Permitted Transferee other than by will or the laws of descent and distribution; (b) any Non-Qualified Stock Option which is transferred to a Permitted Transferee shall continue to be subject to all the terms and conditions of the Non-Qualified Stock Option as applicable to the original Holder (other than the ability to further transfer the Non-Qualified Stock Option); and (c) the Holder and the Permitted Transferee shall execute any and all documents requested by the Administrator, including, without limitation, documents to: (i) confirm the status of the transferee as a Permitted Transferee, (ii) satisfy any requirements for an exemption for the transfer under applicable federal and state securities laws and (iii) evidence the transfer. For purposes of this Section, Permitted Transferee shall mean, with respect to a Holder, any child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, any person sharing the Holder's household (other than a tenant or employee), a trust in which these persons (or the Holder) control the management of assets, and any other entity in which these persons (or the Holder) owns more than fifty percent (50%) of the voting interests, or any other transferee specifically approved by the Administrator after taking into account any state or federal tax or securities laws applicable to transferable Non-Qualified Stock Options.

8.2 Amendment, Suspension or Termination of the Plan.

(a) Except as otherwise provided in this Section 8.2, the Plan may be wholly or partially amended or otherwise modified, suspended or terminated at any time or from time to time by the Board. However, without approval of the Company's stockholders given within twelve months before or after the action by the Board, no action of the Board may, except as provided in Section 8.3, increase the limits imposed in Section 2.1 on the maximum number of shares which may be issued under the Plan.

(b) No amendment, suspension or termination of the Plan shall, without the consent of the Holder alter or impair any rights or obligations under any Option theretofore granted, unless the Option itself otherwise expressly so provides.

(c) No Options may be granted during any period of suspension or after termination of the Plan, and in no event may any Option be granted under the Plan after the first to occur of the following events:

(i) The expiration of ten years from the date the Plan is adopted by the Board; or

(ii) The expiration of ten years from the date the Plan is approved by the Company's stockholders under Section 8.5.

8.3 Changes in Common Stock or Assets of the Company, Acquisition or Liquidation of the Company and Other Corporate Events.

(a) Subject to Section 8.3(d), in the event that the Administrator determines that any dividend or other distribution (whether in the form of cash, Common Stock, other securities, or other property), recapitalization, reclassification, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, liquidation, dissolution, or sale, transfer, exchange or other disposition of all or substantially all of the assets of the Company, or exchange of Common Stock or other securities of the Company, issuance of warrants or other rights to purchase Common Stock or other securities of the Company, or other similar corporate transaction or event, in the Administrator's sole discretion, affects the Common Stock such that an adjustment is determined by the Administrator to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to an Option, then the Administrator shall, in such manner as it may deem equitable, adjust any or all of:

(i) the number and kind of shares of Common Stock (or other securities or property) with respect to which Options may be granted (including, but not limited to, adjustments of the limitations in Section 2.1 on the maximum number and kind of shares which may be issued and adjustments of the Option Limit);

A-14

(ii) the number and kind of shares of Common Stock (or other securities or property) subject to outstanding Options; and

(iii) the grant or the exercise price with respect to any Option.

(b) Subject to Section 8.3(d), in the event of any transaction or event described in Section 8.3(a) or any unusual or nonrecurring transactions or events affecting the Company, any affiliate of the Company, or the financial statements of the Company or any affiliate, or of changes in applicable laws, regulations, or accounting principles, the Administrator, in its sole and absolute discretion, and on such terms and conditions as it deems appropriate, either by the terms of the Option or by action taken prior to the occurrence of such transaction or event (any such action applied to Employees and former Employees to be applied uniformly) and either automatically or upon the Holder's request, is hereby authorized to take any one or more of the following actions whenever the Administrator determines that such action is appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to any Option under the Plan, to facilitate such transactions or events or to give effect to such changes in laws, regulations or principles:

(i) to provide for either the cancellation of any such Option for an amount of cash equal to the amount that could have been attained upon the exercise of such Option or realization of the Holder's rights had such Option been currently exercisable or payable or fully vested, or the replacement of such Option with other rights or property selected by the Administrator in its sole discretion;

(ii) to provide that the Option cannot vest, be exercised or become payable after such event;

(iii) to provide that such Option shall be exercisable as to all shares covered thereby, notwithstanding anything to the contrary in Section 5.3 or the provisions of such Option;

(iv) to provide that such Option be assumed by the successor or survivor corporation, or a parent or subsidiary thereof, or shall be substituted for by similar options, rights or awards covering the stock of the successor or survivor corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices;

(v) to make adjustments in the number and type of shares of Common Stock (or other securities or property) subject to outstanding Options, and/or in the terms and conditions of (including the grant or exercise price), and the criteria included in, outstanding Options and Options which may be granted in the future; and

A-15

(vi) to provide that, for a specified period of time prior to such event, the restrictions imposed under an Option Agreement upon some or all shares of Common Stock may be terminated and some or all shares of such Common Stock may cease to be subject to repurchase after such event.

(c) Subject to Sections 8.3(d), 3.2 and 3.3, the Administrator may, in its discretion, include such further provisions and limitations in any Option, Option Agreement or certificate, as it may deem equitable and in the best interests of the Company.

(d) With respect to Options which are granted to Section 162(m) Employees and are intended to qualify as performance-based compensation under Section 162(m)(4)(C), no adjustment or action described in this Section 8.3 or in any other provision of the Plan shall be authorized to the extent that such adjustment or action would cause such Option to fail to so qualify under Section 162(m)(4)(C), or any successor provisions thereto. No adjustment or action described in this Section 8.3 or in any other provision of the Plan shall be authorized to the extent that such adjustment or action would cause the Plan to violate Section 422(b)(1) of the Code. Furthermore, no such adjustment or action shall be authorized to the extent such adjustment or action would result in short-swing profits liability under Section 16 or violate the exemptive conditions of Rule 16b-3 unless the Administrator determines that the Option is not to comply with such exemptive conditions. The number of shares of Common Stock subject to any Option shall always be rounded to the next whole number.

(e) The existence of the Plan, any Option Agreement and the Options granted hereunder shall not affect or restrict in any way the right or power of the Company or the stockholders of the Company to make or authorize any adjustment, recapitalization, reorganization or other change in the Company's capital structure or its business, any merger or consolidation of the Company, any issue of stock or of options, warrants or rights to purchase stock or of bonds, debentures, preferred or prior preference stocks whose rights are superior to or affect the Common Stock or the rights thereof or which are convertible into or exchangeable for Common Stock, or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding, whether of a similar character or otherwise.

8.4 Change in Control. Notwithstanding any other provision of the Plan, in the event of a Change in Control, each outstanding Option shall, immediately prior to the effective date of the Change in Control, automatically become fully exercisable for all of the shares of Common Stock at the time subject to such Option and may be exercised for any or all of those shares as fully-vested shares of Common Stock.

8.5 Approval of Plan by Stockholders. The Plan shall be submitted for the approval of the Company's stockholders within twelve months after the date of the Board's initial adoption of the Plan. Options may be granted prior to such stockholder approval;

provided, however, that such Options shall not be exercisable nor shall such Options vest prior to the time when the Plan is approved by the stockholders; and provided, further, that if such approval has not been obtained at the end of said twelve-month period, all Options previously granted under the Plan shall thereupon be canceled and become null and void.

8.6 Tax Withholding. The Company shall be entitled to require payment in cash or deduction from other compensation payable to each Holder of any sums required by federal, state or local tax law to be withheld with respect to the issuance, vesting, exercise or payment of any Option.

8.7 Forfeiture Provisions. Subject to the limitations of applicable law, pursuant to its general authority to determine the terms and conditions applicable to Options under the Plan, the Administrator shall have the right to provide, in the terms of Options made under the Plan, or to require a Holder to agree by separate written instrument, that if (a)(i) the Holder at any time, or during a specified time period, engages in any activity in competition with the Company, or which is inimical, contrary or harmful to the interests of the Company, as further defined by the Administrator or (ii) the Holder incurs a Termination of Employment for cause, then (b) (i) any proceeds, gains or other economic benefit actually or constructively received by the Holder upon any exercise of the Option, or upon the receipt or resale of any Common Stock underlying any Option, must be paid to the Company, and (ii) the Option shall terminate and any unexercised portion of the Option (whether or not vested) shall be forfeited.

8.8 Effect of Plan upon Options and Compensation Plans. The adoption of the Plan shall not affect any other compensation or incentive plans in effect for the Company or any Subsidiary. Nothing in the Plan shall be construed to limit the right of the Company (a) to establish any other forms of incentives or compensation for Employees of the Company or any Subsidiary or (b) to grant or assume options otherwise than under the Plan in connection with any proper corporate purpose including but not by way of limitation, the grant or assumption of options in connection with the acquisition by purchase, lease, merger, consolidation or otherwise, of the business, stock or assets of any corporation, partnership, limited liability company, firm or association.

8.9 Compliance with Laws. The Plan, the granting and vesting of Options under the Plan and the issuance and delivery of shares of Common Stock and the payment of money under the Plan or under Options granted hereunder are subject to compliance with all applicable federal and state laws, rules and regulations (including but not limited to state and federal securities law and federal margin requirements) and to such approvals by any listing, regulatory or governmental authority as may, in the opinion of counsel for the Company, be necessary or advisable in connection therewith. Any securities delivered under the Plan shall be subject to such restrictions, and the person acquiring such securities shall, if requested by the Company, provide such assurances and representations to the Company as the Company may deem necessary or desirable to assure compliance with all applicable legal requirements. To the extent permitted by applicable law, the Plan and Options granted hereunder shall be deemed amended to the extent necessary to conform to such laws, rules and regulations.

8.10 Inability to Obtain Authority. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the

Company's counsel to be necessary to the lawful issuance and sale of share of Common Stock hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such shares of Common Stock as to which such requisite authority shall not have been obtained.

8.11 Reservation of Shares. The Company, during the term of this Plan, shall at all times reserve and keep available such number of shares of Common Stock as shall be sufficient to satisfy the requirements of the Plan.

8.12 Titles. Titles are provided herein for convenience only and are not to serve as a basis for interpretation or construction of the Plan.

8.13 Governing Law. The Plan and any agreements hereunder shall be administered, interpreted and enforced under the internal laws of the State of Delaware without regard to conflicts of laws thereof.

If an Optionee shall acquire after the date of grant of an Option a number of shares that, if added to the number of shares under Option, would exceed more than 10% of the voting rights in the ordinary shareholders meeting of the Company or more than 10% of the capital or equity of the Company, he or she shall immediately inform the Company, and the portion of his or her Option in excess of such limits shall not be exercisable. (b) If the Stock is listed on any established stock exchange or a national market system, Options cannot be granted (i) during the ten trading sessions preceding and following the date on which the consolidated accounts or annual accounts of the Company are published and (ii) during a period (x) starting from the date on which the officers and directors of the Company become aware of any information which, if published, could significantly affect the company's market price and (y) ending at the close of the tenth trading session following the publication of the information.

(d) Notwithstanding Section 1.14 of the Plan the fair market value of a share of Stock shall be determined subject to the following limitations:

(i) If the Stock is listed on any established stock exchange or a national market system, including, without limitation, the Nasdaq National Market or The Nasdaq SmallCap Market of The Nasdaq Stock Market, or

4. Exercise Limitations. No Option may be exercised prior to the expiration of a minimum period of one year following the date of grant. 6. Modifications of Exercise Price. The Option exercise price shall be determined on the date of grant. Any adjustment made to the Option exercise price and/or the number of Options awarded under this Appendix, shall not provide more advantages to the optionee than those which would result from any adjustments that would be made in accordance with the provisions of Article L 225-181 of the French business code (*Code de Commerce*).

7. Payment. The consideration to be paid for the shares of Stock to be issued upon exercise of an Option may consist of (1) cash (2) check, or (3) any combination of the foregoing methods of payment.
