PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS ON MONDAY, DECEMBER 16, 2002

The 2002 Annual Report to Shareholders, including audited financial statements for the fiscal year ended May 31, 2002, is mailed to shareholders together with these proxy materials on or before November 11, 2002. The proxy materials consist of this proxy statement and notice of annual meeting, the Annual Report, the Audit Committee Certification and the Audit Committee Charter.

This proxy statement is provided in connection with a solicitation of proxies by the board of directors of U.S. Energy Corp. for use at the annual meeting of shareholders (the "meeting") to be held on Monday, December 16, 2002 and at any adjournments of the meeting.

WHO CAN VOTE

If you held any shares of common stock on the record date (October 18, 2002), then you will be entitled to vote at the meeting. If you held stock in your own name, you may vote directly. If you owned stock beneficially but in the record name (street name) of an institution, you may instruct the record holder how to vote when the record holder contacts you about voting and gives you the proxy materials.

COMMON STOCK OUTSTANDING ON THE RECORD DATE: 12,075,493 SHARES

QUORUM AND VOTING RIGHTS

A quorum for the meeting will exist if a majority of the voting power of the shareholders is present at the meeting, in person or represented by properly executed proxy delivered to us prior to the meeting. Shares of common stock present at the meeting that abstain from voting, or that are the subject of broker non-votes, will be counted as present for determining a quorum. A broker non-vote occurs when a nominee holding stock in street name or otherwise for a beneficial owner does not vote on a particular matter because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

You are entitled to one vote for each share of U.S. Energy Corp. common stock you hold, except that in the election of directors you may cumulate your votes. Cumulative voting generally allows each holder of shares of common stock to multiply the number of shares owned by the number of directors being elected, and to distribute the resulting number of votes among nominees in any proportion that the holder chooses. Nominees in number equal to the seats to be filled, who receive a plurality of votes cast, are elected. If you abstain from voting, your shares will not be counted for or against any director.

Ratification of the appointment of independent auditors will be approved if the number of votes cast in favor exceed the number of votes opposed, in accordance with Wyoming law.

Any other matter which properly comes before the meeting would be approved if the number of votes cast in favor exceed the number of votes opposed, unless Wyoming law requires a different approval ratio.

Abstentions and broker non-votes will have no effect on the election of directors. Abstentions as to all other matters which properly may come before the meeting will be counted as votes against those matters. Broker non-votes as to all other matters will not be counted as votes for or against, and will not be included in calculating the number of votes necessary for approval of these matters.

HOW YOUR PROXY WILL BE VOTED; RECOMMENDATION OF THE BOARD

The board of directors is soliciting a proxy in the enclosed form to provide you with the opportunity to vote on all matters scheduled to come before the meeting, whether or not you attend in person.

The board of directors recommends you vote in favor of the nominees for director, and in favor of ratifying management's re-appointment of the audit firm.

GRANTING YOUR PROXY

If you sign properly and return the enclosed form of proxy, your shares will be voted as you specify. If you make no specifications, your proxy will be voted in favor of both proposals.

We expect no matters to be presented for action at the meeting other than the items described in this proxy statement. However, the enclosed proxy will confer discretionary authority with respect to any other matter that may properly come before the meeting, including any matter of which we did not have notice at least 45 days before the date of mailing proxy materials for last year's meeting, in accordance with SEC rule 14a-4(c). The persons named as proxies intend to vote in accordance with their judgment on any matters that may properly come before the meeting.

REVOKING YOUR PROXY

If you submit a proxy, you may revoke it later or submit a revised proxy at any time before it is voted. You also may attend the meeting in person and vote by ballot, which would cancel any proxy you previously submitted.

PROXY SOLICITATION

We will pay all expenses of soliciting proxies for the meeting. In addition to solicitations by mail, arrangements have been made for brokers and nominees to send proxy materials to their principals, and we will reimburse them for their reasonable expenses. We have not hired a solicitation firm for the meeting. Our employees and directors will solicit proxies by telephone or other means, if necessary; these people will not be paid for these services.

REQUIREMENT AND DEADLINES FOR SHAREHOLDERS TO SUBMIT PROXY PROPOSALS

Generally, we will hold the annual meeting on the second Friday of each December (December 13 in 2003). Under the rules of the SEC, if a shareholder wants us to include a proposal in our proxy statement and form of proxy for presentation at our 2003 Annual Meeting of Shareholders, the proposal must be received by us in writing at least 150 calendar days in advance of the meeting date (which would be 120 days in advance of the mailing date), at U.S. Energy

CORPORATE GOVERNANCE, AUDIT COMMITTEE REPORT AND COMPENSATION COMMITTEE

MEETINGS OF THE BOARD. The board of directors, which held five formal meetings during fiscal 2002, has primary responsibility for directing management of the business. The board currently consists of six members. A seventh member, Mr. David Brenman, resigned in fiscal 2002 because he lives abroad. The board conferred informally on several other occasions during the fiscal year. From time to time the directors also approve various matters by consent minutes without conducting formal meetings.

AUDIT COMMITTEE. To provide effective direction and review of fiscal matters, the board has established an audit committee. The audit committee has the responsibility of reviewing our financial statements, exercising general oversight of the integrity and reliability of our accounting and financial reporting practices, and monitoring the effectiveness of our internal control systems. The audit committee also recommends selection of an auditing firm and exercises general oversight of the activities of our independent auditors, principal financial and accounting officers and employees and related matters. The members of the audit committee are Nick Bebout, Don Anderson and H. Russell Fraser, all of whom are independent directors under criteria established by the National Association of Securities Dealers, Inc. and the Nasdaq Stock Market Inc. John L. Larsen was appointed as an alternate member of the audit committee in the event one of the committee members could not attend committee meetings.

The audit committee has reviewed our financial statements for fiscal 2002 and discussed them with management. The committee also discussed with the independent audit firm the various matters required to be so discussed in SAS 63 (Codification of Statements on Auditing Standards, AU 380). The committee received the written disclosure and the letter from the independent audit firm as required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committee), and the committee discussed with the audit firm their independence. Based on the foregoing, the audit committee recommended to the board of directors that the audited financial statements be included in our Annual Report on Form 10-K which was filed with the Securities and Exchange Commission in September 2002.

COMPENSATION COMMITTEE. The Company has a compensation committee, whose members are Harold F. Herron, Nick Bebout and H. Russell Fraser. This committee met formally on one occasion in fiscal 2002 and also discuss compensation matters informally from time to time.

The compensation committee reviews and recommends to the board of directors compensation packages for the officers of U.S. Energy Corp. and subsidiaries (but not Crested Corp. which has its own compensation committee). The committee takes into account the need for different types of executives (administrative, financial, engineering, etc.), and the pay arrangements which corporations of similar size have adopted in our industry on both the national and local levels. Items considered include the experience of and contribution made (or to be made for new hires or promotions) by each person, and the methods of paying them (principally salary and stock options). In addition, the compensation committee reviews and recommends to the board of directors the granting of stock options to non-executive employees.

Edgar Filing: US ENERGY CORP - Form DEF 14A

EXECUTIVE COMMITTEE. The executive committee members are Keith G. Larsen, John L. Larsen, Harold F. Herron, Nick Bebout and H. Russell Fraser. This committee helps implement the board of directors' overall directives as necessary. This committee usually does not conduct formal meetings (none were held in fiscal 2002).

NOMINATING COMMITTEE. When needed as determined by the board of directors, the nominating committee considers and recommends to the board of directors individuals who may be suitable to be nominated to serve as directors. Harold F. Herron and Don Anderson are the nominating committee members.

3

MANAGEMENT COST APPORTIONMENT COMMITTEE, established by USE and Crested in 1982, reviews the apportionment of costs between USE and Crested. John L. Larsen and Robert Scott Lorimer are members of this committee.

PRINCIPAL HOLDERS OF VOTING SECURITIES OF THE COMPANY

The following is a list of all record holders who, as of the record date, beneficially owned more than 5% of the outstanding shares of common stock, and the outstanding common stock beneficially held by each director and nominee, and by all officers and directors as a group, as reported in filings with the SEC, or as otherwise known to us. Except as otherwise noted, each holder exercises the sole voting and dispositive powers over the shares listed opposite the holder's name, excluding the shares subject to forfeiture and those held in ESOP accounts established for the employee's benefit. Dispositive powers over the forfeitable shares held by employees who are not officers and a non-employee director ("Forfeitable Shares") are shared by the Company's board of directors. Voting and dispositive powers over forfeitable shares held by the Company's five executive officers and a former officer (now deceased) ("Officers' Forfeitable Shares") are shared by the Company's non-employee directors (Messrs. Anderson, Bebout and Fraser). The ESOP Trustees (John L. Larsen and Harold F. Herron) exercise voting powers over non-allocated ESOP shares and dispositive powers over all ESOP shares. It should be noted that voting and dispositive powers over certain shares are shared by one or more of the listed holders. Such securities are reported opposite each holder having a shared interest therein.

certain general and administrative expenses, including compensation of the officers and directors of the companies (but excluding directors' fees) which have been paid through the USECC Joint Venture ("USECC"). Substantially all the work efforts of the officers of USE and Crested are devoted to the business of both companies.

All USECC personnel are company employees, in order to utilize the Company's ESOP as an employee benefit mechanism. The Company charges USECC for the direct and indirect costs of its

11

employees for time spent on USECC matters, and USECC charges one-half of that amount to each of Crested and the Company.

The following table sets forth the compensation paid to the USE Chief Executive Officer, and those of the four most highly compensated USE executive officers and Peter G. Schoonmaker, president of RMG, who were paid more than \$100,000 cash in any of the three fiscal years ended May 31, 2002. The table includes compensation paid such persons by Crested for 2000, 2001 and 2002 for such persons' services to such subsidiaries.

EXECUTIVE COMPENSATION PLANS AND EMPLOYMENT AGREEMENTS

The Company has adopted a plan to pay the estates of Messrs. J. Larsen, Evans and Svilar amounts equivalent to the salaries they are receiving at the time of their death, for a period of one year after death, and reduced amounts for up to five years thereafter. The amounts to be paid in such subsequent years have not yet been established, but would be established by the boards of directors of the Company and Crested.

13

Mr. Svilar has an employment agreement with the Company and Crested, which provides for an annual salary in excess of \$100,000, with the condition that Mr. Svilar pay an unspecified amount of expenses incurred by him on behalf of the Company and its affiliates. In the event Mr. Svilar's employment is involuntarily terminated, he is to receive an amount equal to the salary he was being paid at termination, for a year. If he should voluntarily terminate his employment, The Company and Crested will pay him that salary for nine months thereafter. The foregoing is in addition to Mr. Svilar's Executive Severance and Non-Compete Agreement with the Company (see below).

In fiscal 1992, the Company signed Executive Severance and Non-Compete Agreements with Messrs. John L. Larsen, Evans, Svilar and Lorimer, providing for payment to such person upon termination of his employment with the Company, occurring within three years after a change in control of the Company, of an amount equal to (i) severance pay in an amount equal to three times the average annual compensation over the prior five taxable years ending before change in control, (ii) legal fees and expenses incurred by such persons as a result of termination, and (iii) the difference between market value of securities issuable on exercise of vested options to purchase securities in USE, and the options' exercise price. These Agreements also provide that for the three years following termination, the terminated individual will not compete with USE in most of the western United States in regards to exploration and development activities for uranium, molybdenum, silver or gold. During fiscal 2001, the Company signed similar Agreements with Keith Larsen, Mark Larsen, Richard Larsen, Harold Herron, Robin Kindle and Pete Schoonmaker. For such non-compete covenant, such persons will be paid monthly over a three year period an agreed amount for the value of such covenants. These Agreements are intended to benefit the Company's shareholders, by enabling such persons to negotiate with a hostile takeover offeror and assist the board of directors concerning the fairness of a takeover, without the distraction of possible tenure insecurity following a change in control. As of this proxy statement, the Company is unaware of any proposed hostile takeover.

Edgar Filing: US ENERGY CORP - Form DEF 14A

The Company and Crested provide all of their employees with certain forms of insurance coverage, including life and health insurance, with the exception of Messrs. John L. Larsen and Daniel P. Svilar. The Company and Crested reimburse Messrs. John Larsen and Svilar for their medicare supplement premiums. The health insurance plan does not discriminate in favor of executive employees; life insurance of \$50,000 is provided to each member of upper management (which includes all persons in the compensation table), \$25,000 of such coverage is provided to middle-management employees, and \$15,000 of such coverage is provided to other employees.

EMPLOYEE STOCK OWNERSHIP PLAN ("ESOP"). An ESOP has been adopted to encourage ownership of the common stock by employees, and to provide a source of retirement income to them. The ESOP is a combination stock bonus plan and money purchase pension plan. It is expected that the ESOP will continue to invest primarily in the common stock. Messrs. J. Larsen, Herron and Evans are the trustees of the ESOP.

Contributions to the stock bonus plan portion of the ESOP are discretionary and are limited to a maximum of 15% of the covered employees' compensation for each year ended May 31. Contributions to the money purchase portion of the ESOP are mandatory (fixed at ten percent of the compensation of covered employees for each year), are not dependent upon profits or the presence of accumulated earnings, and may be made in cash or shares of company's common stock.

The Company made a contribution of 70,075 shares to the ESOP for fiscal 2002, all of which were contributed under the money purchase pension plan. At the time the shares were contributed, the market price was \$3.38 per share, for a total contribution with a market value of \$236,900 (which has been funded by the Company). The Company and Crested each are responsible for one-half of that amount. 28,408 of the shares were allocated to the ESOP accounts of the executive officers of the Company and the president of Rocky Mountain Gas, Inc.. Additionally, 16,033 shares were allocated to the ESOP accounts of these same individuals from ESOP shares forfeited by terminated employees who were not fully vested.

14

Employee interests in the ESOP are earned pursuant to a seven year vesting schedule; after three years of service, the employee is vested to 20% of the ESOP account, and thereafter at 20% per year. Any portion which is not vested is forfeited upon termination of employment, other than by retirement, disability, or death.

The maximum loan outstanding during fiscal 2002 under a loan arrangement between the Company and the ESOP was \$927,013 at May 31, 2002 for loans made in fiscal 1992 and 1991. Interest owed by the ESOP was not booked by the Company. Crested pays one-half of the amounts contributed to the ESOP by the Company. Because the loans are expected to be repaid by contributions to the ESOP, Crested may be considered to indirectly owe one-half of the loan amounts to the Company. The loan was reduced by the contribution of 10,089 shares by the ESOP to the ESOP in 1996. There was no similar reduction, however, for fiscal 1997, 1998, 1999, 2000, 2001 or 2002.

1998 INCENTIVE STOCK OPTION PLAN. The Company's 1998 Incentive Stock Option Plan ("1998 ISOP") reserved an aggregate of 2,750,000 shares of common stock for issuance upon exercise of options granted thereunder. Awards under the plan were made by a committee of three or more persons selected by the Board (presently Messrs. Herron, Bebout and Fraser) and ratified by the board of directors.

Edgar Filing: US ENERGY CORP - Form DEF 14A

Options expire no later than ten years from the date of grant, and upon termination of employment for cause. Subject to the ten year maximum period, upon termination, unless terminated for cause, options are exercisable for three months or in the case of retirement, disability or death, for one year.

2001 INCENTIVE STOCK OPTION PLAN ("2001 ISOP"). The 2001 ISOP was approved at the 2001 Annual Meeting of Shareholders meeting, and provides for the issuance of options to purchase up to 3.0 million shares of common stock; the options are intended to qualify under section 422 of the Internal Revenue Code. Options are issued at exercise prices equal to (or for holders of 10% or more of the outstanding stock at the time, 110% of) market price on grant dates, and would vest (become exercisable) at various times as determined by the executive committee and approved by the board of directors. All options are exercisable for cash, or through other means as determined by the executive committee and approved by the board of directors, in accordance with similar plans of public companies. However, "cashless exercise" will not be permitted (cashless exercise is a technique in some plans where the holder receives shares equal to the "equity" in the option, being market value less exercise price, and forfeits the balance of the option).

A total of 1,030,000 options were issued under the 2001 ISOP in fiscal 2002.

For information about options, please see the consolidated Financial Statements for fiscal year ended May 31, 2002. In fiscal 2002, options on 1,030,000 shares were granted, and previously granted options on 253,337 shares were exercised in fiscal 2002. Subsequent to May 31, 2002, options on 973,000 shares were granted.

In fiscal 2001, options on 1,499,000 shares were granted, and previously granted options on 118,703 shares were exercised as of May 31, 2001.

1996 STOCK AWARD PROGRAM. Since 1996 we have had an annual incentive compensation arrangement for the issuance of up to 67,000 shares of common stock each year (from 1997 through 2002) to executive officers of the Company, in amounts determined each year based on earnings of the Company for the prior fiscal.

Shares are issued annually, but each officer to whom shares are to be issued must be employed by the Company as of the issue date of the grant year. The officers receive up to an aggregate total of 67,000 shares per year for the years 1997 through 2002, although if in prior years, starting in 1997, fewer than 67,000 shares are awarded in any year, the unissued balance of the 67,000 share maximum would be available for issue in subsequent years (through 2007). One-half of the compensation expense under the Program is the responsibility of Crested. The board of directors determines the date each year when shares are to be issued.

Each allocation of shares is issued in the name of the officer, and earns out (vests) over 5 years, at the rate of 20% as of May 31 of each year following the date of issue. However, none of the vested shares become available to or come under the control of the officer until termination of employment by retirement, death or disability. Upon termination, the share certificates will be released to the officer; until termination, the certificates are held by the Treasurer of the Company. Voting rights are exercised over the shares by the non-employee directors of the Company; dividends or other distributions with respect to the shares will be held by the Treasurer for the benefit of the officers.

The number of shares to be awarded each year out of such 67,000 shares aggregate limit is determined by the compensation committee. The total shares issued are divided among the officers based on the following percentages: John L. Larsen 29.85%, Daniel P. Svilar 22.39%, Max T. Evans 17.91%, Harold F. Herron 14.93% and R. Scott Lorimer 14.93%. For fiscal 2002, the compensation committee awarded 67,000 shares to the officers, based on the revenues of the Company for that year.

2001 STOCK COMPENSATION PLAN. The shareholders approved the 2001 Stock Compensation Plan (the "plan"), at the 2001 Annual Shareholders Meeting.

The plan has an initial term of seven years, with up to 10,000 shares of common stock to be issued in January of each year (starting 2002) to six individuals (five officers: John L. Larsen, Keith G. Larsen, Robert Scott Lorimer, Harold F. Herron, Daniel P. Svilar; and Peter Schoonmaker (president

and a director of Rocky Mountain Gas, Inc.). The number of shares to be issued in any year will be determined by the

17

executive committee and approved by the board of directors, taking into account our public stock prices at date of grant and over the prior calendar year, the Company's financial condition and business prospects, and other factors deemed appropriate. The Company will pay the income taxes owed by recipients as a result of receipt of the stock.

The stock recipients will agree not to sell or transfer such shares during their employment with the Company.

The 2001 Stock Compensation Plan is now the sole mechanism for compensating management with stock, however options may be granted to management and others under the 2001 ISOP. This plan is designed to reward executives with equity, and encourage them to increase their ownership of the Company and not sell their shares in the market.

DIRECTORS' FEES AND OTHER COMPENSATION

The Company pays non-employee directors a fee of \$150 per meeting attended. All directors are reimbursed for expenses incurred with attending meetings.

Non-employee directors are compensated for services with \$400 per month, payable each year by the issue of shares of USE common stock based on the closing stock market price as of January 15. In fiscal 2002, 3,429 shares were issued to non-employee directors for service in that year.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

DEBT OWED BY DIRECTORS. In the early 1990s, Harold F. Herron, an officer and director, had been living in and caring for a house owned by the Company. In fiscal 1995, Mr. Herron purchased the house for \$260,000 (equal to appraised value), and was reimbursed by the Company for \$22,830 of leasehold improvements he had made to the property. The Company accepted a promissory note for \$112,170 of the purchase price, with 7% annual interest; a payment schedule was entered into and Mr. Herron is current in his payments on the note. This note was a nonrecourse note secured by 30,000 shares of the Company's common stock owned by Mr. Herron. At May 31, 2002 he owed \$120,100 on the note; during fiscal 2002 and 2001 he gave up 5,000 shares, for a total of 10,000 shares, of the collateral to reduce the debt.

As of May 31, 2001, David F. Brenman, a director who resigned in September 2001, owed the Company \$25,000 (secured by 5,000 shares of the Company's common stock) plus accrued interest of \$34,400. The loan was provided as partial consideration for Mr. Brenman's representation of the Company to the financial community in New York City in the early 1990s. Mr. Brenman surrendered 5,000 shares of the Company's common stock in full payment of the debt when he resigned as a director in fiscal 2002.

FAMILY EMPLOYMENT. Three of John L. Larsen's sons, three sons-in-law and one grandson are employed by the Company or subsidiaries. Collectively, Mr. Larsen and these family members received \$1,030,700 in total gross cash compensation for services in fiscal 2002.

TRANSACTIONS INVOLVING USECC AND CRESTED. The Company and Crested conduct

Edgar Filing: US ENERGY CORP - Form DEF 14A

most activities through their equally-owned joint venture USECC. From time to time the Company and Crested advance funds to or make payments on behalf of USECC, which create intercompany debt. The party extending funds is subsequently reimbursed by the other venturer. The Company had a note receivable of \$7,560,700 from Crested at May 31, 2002. During fiscal 2001, the debt was reduced by \$3,000,000, by Crested issuing another 6,666,666 shares of its common stock to the Company, thereby increasing the Company's ownership of Crested to 70.5%.
