PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

GENERAL

The enclosed Proxy is solicited on behalf of infoUSA Inc., a Delaware corporation (the "Company"), for use at its 2002 Annual Meeting of Stockholders to be held on Friday, May 3, 2002, at 5:30 p.m., local time, or at any adjournments or postponements thereof, for the purposes set forth in this Proxy Statement and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at The Jaipur, 10999 Elm Street, Omaha, Nebraska 68114. The Company's principal executive offices are located at 5711 South 86th Circle, Omaha, Nebraska 68127. The Company's telephone number is (402) 593-4500.

These proxy solicitation materials were mailed on or about March 29, 2002 to all stockholders entitled to vote at the meeting. The Company's Annual Report for the fiscal year ended December 31, 2001, including audited financial statements, is being mailed to stockholders concurrently with this Proxy Statement.

RECORD DATE; OUTSTANDING SHARES

Stockholders of record at the close of business on March 11, 2002 (the "Record Date") are entitled to receive notice of and vote at the meeting. On the Record Date, 50,902,216 shares of the Company's Common Stock, \$.0025 par value per share, were issued and outstanding. For information regarding holders of more than five percent of the outstanding Common Stock, see "Security Ownership."

REVOCABILITY OF PROXIES

Proxies given pursuant to this solicitation may be revoked at any time before they have been voted. Proxies may be revoked by delivering a written notice of revocation to the Company or by duly executing and delivering to the attention of the Secretary of the Company a proxy bearing a later date. Proxies may also be revoked if the stockholder attends the meeting and votes in person.

VOTING AND SOLICITATION

The presence in person or by proxy of holders of a majority of the shares of stock entitled to vote at the Annual Meeting constitutes a quorum for the transaction of business. Every holder of record of Common Stock on the Record Date is entitled, for each share held, to one vote on each proposal or item that comes before the meeting. In the election of directors, each

stockholder will be entitled to vote for two nominees and the two nominees with the greatest number of votes will be elected. Ratification of the appointment of the Company's independent public accountants requires a vote of the majority of the shares represented at the Annual Meeting in person or by proxy and entitled to vote.

Edgar Filing: INFOUSA INC - Form DEF 14A

The election inspectors will treat abstentions as shares that are present and entitled to vote for purposes of determining whether a quorum is present. With respect to the election of directors (elected by a plurality of the votes), abstentions will not be taken into account in determining the outcome of the election. With respect to the other matters being considered, abstentions will have the same effect as negative votes. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to that matter and will not be taken into account in determining the outcome of the votes on that matter.

The cost of this solicitation will be borne by the Company. The Company may reimburse expenses incurred by brokerage firms and other persons representing beneficial owners of shares in forwarding solicitation material to beneficial owners. Proxies may be solicited by certain of the Company's directors, officers and regular employees personally, by telephone or by telegram and no additional compensation will be paid to such individuals.

DEADLINES FOR RECEIPT OF STOCKHOLDER PROPOSALS

The proxy rules of the Securities and Exchange Commission permit stockholders, after timely notice to a company, to present proposals for stockholder action in a company's proxy statement where such proposals are consistent with applicable law, pertain to matters appropriate for stockholder action and are not properly omitted by corporate action in accordance with the proxy rules. Stockholder proposals that are intended to be presented at the Company's 2003 Annual Meeting must be received by the Company no later than November 29, 2002 to be included in the proxy statement and form of proxy for that meeting. The Company's proxy for the 2003 Annual Meeting may confer on the proxy holder discretionary authority to vote on any Stockholder proposals that are intended to be presented at the Company's 2003 Annual Meeting that are received after February 12, 2003.

The Company's Bylaws provide that certain requirements be met in order that business may properly come before the stockholders at the Annual Meeting. Among other things, stockholders intending to bring business before the Annual Meeting must provide written notice of such intent to the Secretary of the Company. Such notice must be received by the Company no later than the close of business on the 10th day following the date of this Proxy Statement. Stockholders desiring to bring matters for action at an Annual Meeting should contact the Company's Secretary for a copy of the relevant requirements. Any stockholder wishing to bring matters for action at this year's Annual Meeting should note that, as permitted by the proxy rules, the persons named as proxies may exercise discretionary voting authority with respect to any such proposal because the proposals will have been received after March 6, 2002 (as disclosed in the Proxy Statement for the 2001 Annual Meeting).

The remaining 75% of the options vest and become exercisable equally over the next 36 months, provided that the optionee continues to be employed by the Company.
- (2) Figures represent options under the 1992 Stock Option Plan, which vested immediately with respect to all option shares. Options were exercisable by borrowing from the Company an amount equal to the exercise price, evidenced by a five-year promissory note requiring annual payments of interest at five percent, with all outstanding principal and interest due and payable on the five-year anniversary of the grant or 30 days after termination of employment, whichever occurs first. The term of these options was seven days.
- (3) Potential realizable value is based on an assumption that the market price of the underlying security appreciates at the annual rate shown (compounded annually) from the date of grant until the end of the option term. These numbers are calculated based on the requirements promulgated by the Securities and Exchange Commission and do not reflect the Company's estimate of future stock price growth.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors reviews and approves salaries, bonuses and other compensation payable to the Company's executive officers. During fiscal year 2001, the Compensation Committee consisted of Directors Harold W. Andersen, George F. Haddix and Elliot S. Kaplan. None of these persons is an employee of the Company.

The Compensation Committee's policy in establishing compensation for executive officers is to reward sustained performance through the payment of base salaries, reward current performance through annual bonuses, and provide long-term incentives through stock options and other opportunities for equity ownership. When establishing the amounts of such compensation, the Compensation Committee considers publicly available information concerning executive compensation levels paid by other companies in the Omaha, Nebraska area and in the industry generally.

The Compensation Committee reviewed and approved compensation packages for all executive officers in fiscal 2001, including base salaries, bonus plans and stock options. For executive officers other than the Chief Executive Officer, base salaries are based on each officer's responsibilities and

historical performance. During 2001, two bonus plans were in effect. The first applies to general managers of product sales groups and is based upon each general manager achieving a defined percentage of the Company's internal revenue and profit goals for his or her product sales group. The second bonus plan, which applies to all other executive officers and key employees (other than the Chief Executive Officer), is based on the achievement of specified Company-wide pre-tax profit levels. Neither bonus plan is guaranteed and bonuses under either plan may be withheld by management or the Board of Directors or adjusted in the event of an acquisition or other material events during the year. Stock options are

14

granted to officers to provide long-term incentives aligned with the interests of the Company's stockholders, at percentage interests in the Company that are comparable to those held by executive officers in other companies in the Omaha, Nebraska area and in the industry generally.

In fiscal 2001, the compensation of Vinod Gupta, Chief Executive Officer of the Company, consisted of a base salary of \$96,000. Mr. Gupta was also granted a stock option for 1,200,000 shares at an exercise price of \$8.53 per share (compared to a fair market value of \$5.75 per share on the date of grant) to replace an out-of-the money option that expired in 2001. Mr. Gupta declined to participate in any of the Company's bonus programs for 2001 or prior years. In November 2001, the Compensation Committee reviewed and revised Mr. Gupta's compensation for fiscal year 2002. The Compensation Committee compared Mr. Gupta's compensation with the compensation of chief executive officers of other companies deemed by the Compensation Committee to be comparable to the Company. The Compensation Committee also considered Mr. Gupta's substantial contributions to the Company, his continuing importance to the Company's business and his historical compensation, which has been substantially lower than the compensation of other executive officers of the Company and of similarly situated chief executive officers of other companies. Based on these factors, the Compensation Committee set Mr. Gupta's base salary at an annual rate of \$560,000 commencing January 2002. The Compensation Committee also determined that, in fiscal year 2002, Mr. Gupta will be eligible for a cash bonus based on the Company's achievement of a certain level of EBITDA (earnings before interest, taxes, depreciation and amortization). Mr. Gupta will not be eligible to participate in the Company's other bonus programs.

In establishing the compensation of the Chief Executive Officer, the Compensation Committee also reviewed and considered certain business relationships between the Company and other entities in which Mr. Gupta has an ownership interest as set forth under "Certain Transactions" contained elsewhere in the proxy statement in which this Compensation Committee Report is included.

The information contained in this report shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission nor shall such information be incorporated by reference into any future filing under the Securities Act or the Exchange Act, except to the extent that the Company specifically incorporates it by reference into any such filing.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of ownership on Form 3 and changes in ownership on Form 4 or Form 5 with the SEC. Such officers, directors and 10% stockholders are also required by SEC rules to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons, the Company believes that, during the fiscal year ended December 31, 2001, all Section 16(a) filing requirements applicable to its officers, directors and 10% stockholders were timely complied with, except for Mr. Gupta, who filed a late Form 5 for stock trade, Mr. Ambrosino, who filed a late Form 4 on two occasions for stock trades, and Messrs. Dean, Kerrey, Mallin, Messer, Thayer and Vakili, each of whom filed a late Form 4 on one occasion, each for an option exercise.

In February 1997, as part of the acquisition of DBA, the Company entered into an employee and consulting agreement with Paul A. Goldner for a term of five years, under which Mr. Goldner received compensation at a rate of \$120,000 per annum and under which the Company appointed him to the Board and subsequently nominated him for election as a director in connection with the 1999 Annual Meeting.

The Company has retained the law firm of Robins, Kaplan, Miller & Ciresi L.L.P. to provide certain legal services. Elliot S. Kaplan, a director of the Company, is a name partner and former Chairman of the Executive Board of Robins, Kaplan, Miller & Ciresi L.L.P.

In October 2001, the Company loaned \$400,000, \$80,000, \$400,000, \$120,000, \$100,000, \$80,000 and \$100,000 to Allen F. Ambrosino, Stormy Dean, J. Robert Kerrey, Monica Messer, D.J. Thayer and Fred Vakili, respectively. Each of the foregoing persons is an executive officer of the Company. The loans were made to facilitate the exercise of stock options held by such individuals. The loans were evidenced by promissory notes secured by the option shares, with interest at a rate of five percent, payable annually. All principal and interest is due on the five-year anniversary of the note, or 30 days after termination of the executive's employment, whichever occurs first.
