This report is limited in scope to the items identified above and should be read in conjunction with the Form 10-K. This report does not reflect events occurring after the filing of the Form 10-K and, other than the furnishing of the information identified above, does not modify or update the disclosure in the Form 10-K in any way.

Unless the context otherwise requires, all references to “we,” “us,” “our,” and the “Company” include NovaDel Pharma Inc., or NovaDel.

SAFE HARBOR STATEMENTS UNDER THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995

This Annual Report on Form 10-K/A includes “forward-looking statements,” including statements regarding NovaDel Pharma Inc.’s (the “Company,” “we,” “us” or “NovaDel”) expectations, beliefs, intentions or strategies for the future and the Company’s internal controls and procedures and outstanding financial reporting obligations and other accounting issues. The Company intends that all forward-looking statements be subject to the safe-harbor provisions of the Private Securities Litigation Reform Act of 1995. These forward-looking statements are only predictions and reflect the Company’s views as of the date they are made with respect to future events and financial performance. In particular, the “Management’s Discussion and Analysis of Financial Condition and Results of Operations” section in Part II, Item 7 of the Annual Report on Form 10-K filed on March 29, 2011 includes forward-looking statements that reflect the Company’s current views with respect to future events and financial performance. The Company uses words such as “expect,” “anticipate,” “believe,” “intend” and similar expressions to identify forward-looking statements. You can also identify forward-looking statements by the fact that they do not relate strictly to historical or current facts. A number of important risks and uncertainties could, individually or in the aggregate, cause actual results to differ materially from those expressed or implied in any forward-looking statements.

Examples of the risks and uncertainties include, but are not limited to: the ability to develop products of the type the Company is developing (independently and through collaborative arrangements); the ability of third parties to commercialize the Company’s products; the ability to complete clinical trials, including pilot pharmacokinetic feasibility studies; successful completion of preclinical studies; possible changes in the Company’s financial condition; the progress of the Company’s research and development; the ability to obtain adequate supplies of drug substance and drug product for clinical and preclinical studies, which may be difficult or uneconomical to procure or manufacture; timely obtaining sufficient patient enrollment in the Company’s clinical trials; the impact of development of competing therapies and/or technologies by other companies; the Company’s ability to obtain additional required financing to fund its research programs; the Company’s ability to enter into agreements with collaborators and the failure of collaborators to perform under their agreements with the Company; the progress of the U.S. Food and Drug Administration, or FDA, approvals in connection with the conduct of the Company’s clinical trials and the marketing of the Company’s products; the additional costs and delays which may result from requirements imposed by the FDA in connection with obtaining the required approvals; acceptance for filing by the FDA does not mean that the New Drug Application, or NDA, has been or will be approved, nor does it represent an evaluation of the adequacy of the data submitted; the risks related to the Company’s internal controls and procedures; and the risks identified under the section entitled “Risk Factors” included as Item 1A in Part I of the Annual Report on Form 10-K filed on March 29, 2011 and other reports, including this report and other filings filed with the Securities and Exchange Commission from time to time.

Director Experience, Qualifications, Attributes and Skills

We believe that the backgrounds and qualifications of our directors and director nominees, considered as a group, provide a broad mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities. Our Board is composed of a diverse group of leaders in their respective fields. Many of the current directors have leadership experience at major domestic and international companies with operations inside and outside the United States, as well as experience serving on other companies' boards, which provides an understanding of different business processes, challenges and strategies facing boards and other companies. Further, our directors also have other experience that makes them valuable members, such as prior experience with financing transactions or mergers and

acquisitions that provides insight into issues faced by companies.

The following highlights the specific experience, qualification, attributes and skills of our individual Board members, or nominees for the Board, that have led our Corporate Governance and Nominating Committee to conclude that these individuals should serve on our Board:

4

Audit Committee

The Audit Committee currently consists of Mr. Bonney (Chair), Mr. Baric and Dr. Nemeroff. The Audit Committee was established in accordance with Section 3(a)(58)(A) of the Exchange Act. Members of the Audit Committee also all meet the independence requirements set forth in Rule 10A-3(b)(1) under the Securities Exchange Act of 1934. Our Board has determined that Mr. Bonney qualifies as an “audit committee financial expert” and “independent director” as those terms are defined by the regulations of the Securities and Exchange Commission and the NYSE Amex Company Guide.

ITEM 11. EXECUTIVE COMPENSATION.

Compensation of Directors

The general policy of the Board is that compensation for independent Directors should be a mix of cash and equity-based compensation. NovaDel does not pay employee Directors for Board service in addition to their regular employee compensation. The Compensation Committee, which consists solely of independent Directors, has the primary responsibility for reviewing and considering any revisions to Director compensation. The Board reviews the Compensation Committee's recommendations and determines the amount of Director compensation.

Pursuant to its charter, the Compensation Committee may engage the services of outside advisors, experts, and others to assist them. During 2010, the Compensation Committee did not engage the services of outside advisors, experts or others to assist in setting Director compensation.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This Compensation Discussion and Analysis discusses the principles underlying our compensation policies and decisions and the principal elements of compensation paid to our named executive officers during 2010 and as anticipated for 2011. Our Chief Executive Officer, Chief Financial Officer and the other named executive officers included in the Summary Compensation Table will be referred to as the “named executive officers” for purposes of this discussion.

Compensation Objectives and Philosophy

The Committee is responsible for reviewing and approving the compensation payable to our named executive officers and other key employees. As part of such process, the Committee seeks to accomplish the following objectives with respect to our executive compensation programs:

- motivate, recruit and retain executives capable of meeting our strategic objectives;
- provide incentives to ensure superior executive performance and successful financial results for NovaDel; and
 - align the interests of the named executive officers with the long-term interests of our stockholders.

The Committee seeks to achieve these objectives by:

- establishing a compensation structure that is both market competitive and internally fair;
- linking a substantial portion of compensation to our achievement of financial objectives and the individual’s contribution to the attainment of those objectives;
 - providing upward leverage for overachievement of goals; and
 - providing long-term equity-based incentives.

In order to achieve the above goals, our total compensation package includes base salary and annual bonus, all paid in cash, as well as long-term compensation in the form of stock options and restricted stock. We believe that appropriately balancing the total compensation package is necessary in order to provide market-competitive compensation.

Setting Executive Compensation

The Committee oversees the design, development and implementation of the compensation program for the Chief Executive Officer and the other named executive officers. The Committee evaluates the performance of the Chief Executive Officer and determines the Chief Executive Officer’s compensation in light of the goals and objectives of the compensation program. The Chief Executive Officer and the Committee together assess the performance of the other named executive officers employed by us as of December 31 and determine their compensation, based on initial recommendations from the Chief Executive Officer. Our Chief Executive Officer provided the Committee with a detailed review of the performance of the other named executive officers and made recommendations to the Committee with respect to the compensation packages for those officers for 2010.

The other named executive officers do not play a role in their own compensation determination, other than discussing individual performance objectives and results with the Chief Executive Officer.

We have not used the services of any compensation consultant in matters affecting the compensation of named executive officers or Directors during 2010. In the future, we, or the Committee, may engage or seek the advice of a compensation consultant.

The Committee has structured our annual and long-term incentive-based cash and non-cash executive compensation to motivate executives to achieve the business goals set by the Board and reward the executives for achieving such goals. At the end of the year, the Committee reviews the performance of each named executive officer in achieving the established objectives. These results are included with the overall performance review provided by the Chief Executive Officer, after which the Committee votes upon any recommendations for salary adjustments, stock option grants and cash incentives. The Chief Executive Officer then executes the actions recommended by the Committee with respect to such matters.

Components of Compensation

The key components of NovaDel's executive compensation package are cash compensation (salary & annual bonuses), long-term equity incentive awards and change in control and other severance agreements. These components are administered with the goal of providing total compensation that recognizes meaningful differences in individual performance, is competitive, varies the opportunity based on individual and corporate performance, and is valued by our named executive officers.

Base Salary. It is the Committee's objective to set a competitive rate of annual base salary for each named executive officer. The Committee believes competitive base salaries are necessary to attract and retain top quality executives, since it is common practice for public companies to provide their named executive officers with a guaranteed annual component of compensation that is not subject to performance risk. The Committee works with outside consultants as necessary to establish salary ranges for the named executive officers, with minimum to maximum opportunities that cover the normal range of market variability. The actual base salary for each named executive officer is then derived from those salary ranges based on his responsibility, tenure and past performance and market comparability. Annual base salaries for the named executive officers are reviewed and approved by the Committee in the first quarter following the end of the previous performance year. Changes in base salary are based on the scope of an individual's current job responsibilities, individual performance in the previous performance year, target pay position relative to the peer group, and our salary budget guidelines. The Committee reviews established goals and objectives, and determines an individual's achievement of those goals and objectives and considers the recommendations provided by the Chief Executive Officer to assist it in determining appropriate salaries for the named executive officers other than the Chief Executive Officer. For any given performance year, actual salary increases may range from 0% to 10% of the salary guidelines based on individual performance. This broad range allows for meaningful differentiation on a pay for performance basis.

The base salary information for our named executive officers for 2010 is set forth in the tables below. As a result of the Company's financial condition, the Chief Executive Officer and the Committee recommended to the Board that no merit increases be granted to our named executive officers for 2011.

Annual Bonuses. As part of their compensation package, our named executive officers have the opportunity to earn annual bonuses. Annual bonuses are designed to reward superior executive performance while reinforcing our short-term strategic operating goals. Pursuant to the individual employment agreements, the Committee establishes each year a target award for each named executive officer based on a percentage of base salary. Annual bonus targets as a percentage of salary increase with executive rank so that for the more senior executives, a greater proportion of their total cash compensation is contingent upon annual performance.

At the beginning of the performance year, each named executive officer, in conjunction with the Chief Executive Officer, establishes annual goals and objectives. Actual bonus awards are based on an assessment against the pre-established goals for each named executive officer's individual performance, the performance of the business function for which he is responsible, and/or our overall performance for the year. For any given performance year,

proposed annual bonuses may range from 0% to 100% of target, or higher under certain circumstances, based on corporate and individual performance. Corporate and individual performance has a significant impact on the annual bonus amounts because the Committee believes it is a precise measure of how the named executive officer contributed to business results.

2010 Performance Measures and Payouts—In 2010, annual bonus targets ranged from 30% to 50% of base salary for the named executive officers and were payable based on the Committee’s subjective review of both the performance of NovaDel as well as individual performance. The Committee utilizes annual bonuses to compensate officers for achieving financial and operational goals and for achieving individual annual performance objectives. These objectives will vary depending on the individual executive, but will relate generally to (i) operational goals such as the development of our product candidates and the identification and advancement of additional product candidates, (ii) strategic goals such as the establishment of operating plans and budgets, review of organization and staff, and (iii) the enhancement of stockholder value.

For each of our named executive officers for 2010, the Compensation Committee has provided the following corporate performance targets, as well as the weighting of each component as a percentage of such named executive officer’s target bonus amount:

Performance Milestone:	Weighting of Components as a Percentage of Target Bonus		
	Steven Ratoff	David Bergstrom	Craig Johnson
• Achieve 2010 budgeted cash plan as of December 31, 2010.	25%	50%	25%
• Complete pilot PK, FDA meeting and pivotal study for a product candidate by a specific date.	25%	50%	25%
• Meet defined finance and business development objectives by a specific date.	50%	—	50%

For the 2010 awards, the potential payout may range from 0–100% of target, or higher under certain circumstances. The Committee has also retained the discretion to reduce the dollar amount of the awards otherwise payable to the named executive officers.

At the end of each year, the Committee determines the level of achievement with respect to each corporate goal, and decides the overall percent of corporate goal achievement for purposes of annual bonuses. For this assessment, the Committee evaluates the status of NovaDel's development programs and clinical progress, corporate development and regulatory compliance activities. These qualitative factors are also typically used by comparable companies to evaluate performance and involve a subjective assessment of corporate performance by the Committee. Moreover, the Committee does not base its considerations on a single performance factor, but rather considers a mix of factors and evaluates company and individual performance against that mix. The Chief Executive Officer provides written evaluations for the named executive officers, other than himself, to the Committee along with his recommendations for each individual performance factor. The Committee reviews the performance and assessment of each named executive officer and then evaluates the Chief Executive Officer and assigns a weight to each individual achievement factor. The table below details 2010 annual bonus targets for each of our named executives.

Name	Title	2010 Target Bonus (\$)	2010 Target Bonus (\$ Salary)	2010 Actual Bonus (\$)	2010 Actual Bonus (\$ Salary)
Steven B. Ratoff	President and Chief Executive Officer	\$ 175,000	50 %	— (3)	— (3)
David H. Bergstrom, Ph.D.	Senior Vice President and Chief Operating Officer	\$ 90,000	30 %	— (3)	— (3)

Joseph Warusz(2)	Principal Accounting Officer	\$ 0	0 %	— (3)	— (3)

(1) On June 8, 2010, the Company appointed Mr. Johnson to serve as Senior Vice President, Chief Financial Officer and Secretary of the Company effective June 16, 2010. As a result, Mr. Johnson would only be eligible to receive a pro rata portion of the 2010 Target Bonus amount based on his partial year of service.

(2) Mr. Warusz provided services to the Company pursuant to a consulting agreement, under which Mr. Warusz received a monthly retainer of \$20,000 and an hourly rate of \$180 for hours in excess of 160 hours per month. As a result, Mr. Warusz was not eligible under the Company's Bonus program.

(3) As a result of the Company's financial condition, the Chief Executive Officer and the Committee determined not to grant bonus to the named executive officers for 2010.

2011 Performance Measures—As in 2010, annual bonuses for 2011, if any, will be based on achievement of pre-established company objectives and individual goals for each named executive officer and, for each named executive officer other than the Chief Executive Officer, a subjective review of that individual's performance. Corporate performance targets may include such measures as strategic plan metrics while individual performance targets may include operational and financial metrics, regulatory compliance metrics, and delivery of specific programs, plans, and budgetary objectives identified and documented at the beginning of each year. It is the Committee's intention to base a greater percentage of the annual award payout on corporate as opposed to individual performance for higher level executives, with 100% of the Chief Executive Officer's annual bonus tied to the attainment of corporate performance objectives.

For each of our named executive officers for 2011, the Compensation Committee has provided the following corporate performance targets, as well as the weighting of each component as a percentage of such named executive officer's target bonus amount:

Performance Milestone:	Weighting of Components as a Percentage of Target Bonus		
	Steven Ratoff	David Bergstrom	Craig Johnson
• Achieve 2011 budgeted cash plan as of December 31, 2011.	25%	50%	25%
• File the Duromist NDA by a specific date.	25%	50%	25%
• Meet defined finance and business development objectives by a specific date.	50%	—	50%

For the 2011 awards, the potential payout may range from 0 – 100% of target, or higher under certain circumstances. The Committee has also retained the discretion to reduce the dollar amount of the awards otherwise payable to the named executive officers.

The table below shows the dollar amount of the 2010 and 2011 annual target bonus for each named executive officer, together with percentage of base salary represented by that target:

Name	Title	2010 Target Bonus (\$)	2010 Target Bonus (% Salary)	2011 Target Bonus (\$)	2011 Target Bonus (% Salary)
Steven B. Ratoff	President and Chief Executive Officer	\$ 175,000	50 %	\$ 175,000	50 %
David H. Bergstrom, Ph.D..	Senior Vice President and Chief Operating Officer	\$ 90,000	30 %	\$ 90,000	30 %

(1) On June 8, 2010, the Company appointed Mr. Johnson to serve as Senior Vice President, Chief Financial Officer and Secretary of the Company effective June 16, 2010. As a result, Mr. Johnson would only be eligible to receive a pro rata portion of the 2010 Target Bonus amount based on his partial year of service.

(2) Mr. Warusz provided services to the Company pursuant to a consulting agreement, under which Mr. Warusz received a monthly retainer of \$20,000 and an hourly rate of \$180 for hours in excess of 160 hours per month. As a result, Mr. Warusz was not eligible under the Company's Bonus program.

Based on the Chief Executive Officer's broader range of responsibilities, the Compensation Committee deemed it appropriate to set the Chief Executive Officer's 2010 and 2011 Target Bonus at a greater percentage of base salary than the other named executive officers.

Long-Term Incentive Equity Awards. We believe that long-term performance is achieved through an ownership culture that encourages high performance by our named executive officers through the use of stock-based awards. Our equity plans have been established to provide our employees, including our named executive officers, with incentives to help align employees' interests with the interests of our stockholders. The Committee believes that the use of stock-based awards offers the best approach to achieving our compensation goals. We have historically elected to use stock options as the primary long-term equity incentive vehicle; however, the Committee has used restricted stock and may in the future utilize restricted stock as part of our long-term incentive program. We have selected the Black-Scholes method of valuation for share-based compensation effective August 1, 2005. Due to the early stage of our business and our desire to preserve cash, we expect to provide a greater portion of total compensation to our named executive officers through stock options and restricted stock grants than through cash-based compensation.

Stock Options. Our stock plans authorize us to grant options to purchase shares of Common Stock to our employees, Directors and consultants. The Committee generally oversees the administration of our stock option plans. In 2010, the Committee delegated the authority to our Chief Executive Officer to make initial option grants to certain new employees within an approved range. All new employee grants in excess of the Chief Executive Officer's limit and any grant to a named executive officer are approved by the Committee. Stock options may be granted at the commencement of employment, annually, occasionally following a significant change in job responsibilities or to meet other objectives.

The Committee reviews and approves stock option awards to named executive officers based upon a review of competitive compensation data, its assessment of individual performance, a review of each named executive officer's existing long-term incentives, and retention considerations. Periodic stock option grants are made at the discretion of the Committee to eligible employees and, in appropriate circumstances, the Committee considers the recommendations of members of management, such as Steven B. Ratoff, our President and Chief Executive Officer.

In 2010, certain named executive officers were awarded stock options in the amounts included in the Grants of Plan-Based Awards table. Stock options granted by us have an exercise price equal to the fair market value of our Common Stock on the day of grant, typically vest annually over a three-year period or upon the achievement of certain performance-based milestones and are based upon continued employment, and generally expire ten (10) years after the date of grant. The fair value of the options granted to the named executive officers in the Summary Compensation Table is determined in accordance with the Black-Scholes method of valuation for share-based compensation. The Committee has also granted performance based options to certain of our named executive officers. Incentive stock options also include certain other terms necessary to ensure compliance with the Internal Revenue Code of 1986, as amended.

We expect to continue to use stock options as a long-term incentive vehicle because:

- Stock options align the interests of our named executive officers with those of our stockholders, supporting a pay-for performance culture, foster employee stock ownership, and focus the management team on increasing value for our stockholders.
- Stock options are performance-based. All of the value received by the recipient of a stock option is based on the growth of the stock price.
- Stock options help to provide a balance to the overall executive compensation program as base salary and annual bonuses focus on the short-term compensation, while the vesting of stock options increases stockholder value over

the longer term.

- The vesting period of stock options encourages executive retention and the preservation of stockholder value. In determining the number of stock options to be granted to our named executive officers, we take into account the individual's position, scope of responsibility, ability to affect profits and stockholder value and the individual's historic and recent performance and the value of stock options in relation to other elements of the individual named executive officer's total compensation.

Restricted Stock. Our 2006 Equity Incentive Plan authorizes us to grant restricted stock. No restricted stock grants were awarded during 2010. In order to implement our long-term incentive goals, we anticipate that we may grant shares of restricted stock in the future.

Executive Benefits and Perquisites

Our named executive officers, who are parties to employment agreements, will continue to be parties to such employment agreements in their current form until the expiration of the employment agreement or until such time as the Committee determines in its discretion that revisions to such employment agreements are advisable. In addition, consistent with our compensation philosophy, we intend to continue to maintain our current benefits for our named executive officers, including medical, dental and life insurance and the ability to contribute to a 401(k) plan; however, the Committee in its discretion may revise, amend or add to the officer's executive benefits if it deems it advisable. We believe these benefits are currently comparable to benefit levels for comparable companies. We have no current plans to change either the employment agreements (except as required by law or as required to clarify the benefits to which our named executive officers are entitled as set forth herein) or level of benefits.

Severance and Change in Control Arrangements

The specific terms of our severance and change in control arrangements are discussed in detail below under the headings "Potential Payments Upon Termination or Change in Control" and "Employment Agreements." As a general matter, however, we believe that reasonable severance and change in control protection for our named executive officers is necessary in order for us to recruit and retain qualified executives.

Equity Grant Policy

All grants to our named executive officers are at the discretion of the Board, following review and input by the Committee.

IRC Section 162(m) compliance

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to our named executive officers. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met. In general, our compensation program is designed to reward executives for the achievement of our performance objectives. The stock plan is designed in a manner intended to comply with the performance-based exception to Section 162(m). Nevertheless, compensation attributable to awards granted under the plans may not be treated as qualified performance-based compensation under Section 162(m). In addition, the Committee considers it important to retain flexibility to design compensation programs that are in the best interests of NovaDel and its stockholders and, to this end, the Committee reserves the right to use its judgment to authorize compensation payments that may be subject to the limitations under Section 162(m) when the Committee believes that compensation is appropriate and in the best interests of NovaDel and our stockholders, after taking into consideration changing business conditions and performance of our employees.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee was at any time during the year ended December 31, 2010 or at any other time an officer or employee of ours. No executive officer has served as a director or member of the Board or the

Compensation Committee (or other committee serving an equivalent function) of any other entity while an executive officer of that other entity served as a director of or member of our Board or our Compensation Committee. Mr. Ratoff, our Chairman of the Board, and our President and Chief Executive Officer participated in discussions and decisions regarding salaries and incentive compensation for all of our named executive officers, except he was excluded from discussions regarding his own salary and incentive stock compensation.

Compensation Committee Report

The Compensation Committee evaluates and establishes compensation for the named executive officers, NovaDel's stock plans, and other management incentive, benefit and perquisite programs. Management has the primary responsibility for our financial statements, including the disclosure of executive compensation. With this in mind, the Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis section of this Annual Report on Form 10-K/A. The Compensation Committee is satisfied that the Compensation Discussion and Analysis fairly and completely represents the philosophy, intent, and actions of the Compensation Committee with regard to executive compensation. The Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Annual Report on Form 10-K/A for filing with the Securities and Exchange Commission.

of assumptions used to estimate fair value, please see Note 10, "Stock Options and Warrants", to our financial statements in our Annual Report on Form 10-K for the year ended December 31, 2010. In 2010, we had employment agreements with Mr. Ratoff, Dr. Bergstrom and Mr. Johnson. The individual agreements of the named executive officers are summarized below.

David H. Bergstrom, Ph.D.

In March 2011, the Compensation Committee approved a further extension of Dr. Bergstrom's employment on the same terms and conditions as the original employment agreement through June 30, 2011. His original agreement provided for:

- annual base salary of \$300,000, subject to periodic and customary review for increase by the Board or Compensation Committee;
- an annual bonus of \$100,000 for the period commencing on January 1, 2007 and ending on December 31, 2007 and thereafter eligible to receive an annual bonus equal to 30% of base salary; and
- options to purchase 900,000 shares of Common Stock and 100,000 shares of restricted stock pursuant to our 2006 Equity Incentive Plan.

If Dr. Bergstrom's employment is terminated as a result of his death or disability, we shall (i) pay to Dr. Bergstrom or to Dr. Bergstrom's estate, as applicable, (x) his base salary and any accrued and unpaid bonus and expense reimbursement amounts through the date of his death or disability and (y) the pro rata portion of the guaranteed bonus and stock options earned by Dr. Bergstrom during the year of his death or disability (which, for this purpose, shall be prorated in accordance with the number of full months in such year during which Dr. Bergstrom was employed hereunder), and (ii) for the longer of twelve (12) months following his death or disability or the balance of the agreement (as if such termination had not occurred) provide continuation coverage to the members of Dr. Bergstrom's family and, in the case of termination for disability, Dr. Bergstrom under all major medical and other health, accident, life or other disability plans and programs in which such family members and, in the case of termination for disability, Dr. Bergstrom participated immediately prior to his death or disability. All stock options that are scheduled to vest by the end of the calendar year in which such termination occurs shall be accelerated and deemed to have vested as of the termination date. All stock options that have not vested (or been deemed pursuant to the immediately preceding sentence to have vested) as of the date of termination shall be deemed to have expired as of such date. Any stock options that have vested as of the date of Dr. Bergstrom's death (including the options described in the immediately preceding sentence) shall remain exercisable for a period of one hundred and eighty (180) days after the date of his death; in the event of a disability, any unexercised option may be exercised in whole or in part, within the first ninety (90) days after such termination of employment or service. If Dr. Bergstrom's employment is terminated by us for

“Cause” or by Dr. Bergstrom other than for “Good Reason,” we shall pay: (i) base salary through the date of termination; (ii) all options that have not vested as of the date of any such termination shall be deemed to have expired; (iii) Dr. Bergstrom’s right to exercise any vested options shall terminate as of such date; and (iv) any restricted shares that are then forfeitable shall be forfeited immediately. If Dr. Bergstrom is terminated by us (or our successor) upon a “Change of Control,” we (or our successor, as applicable) shall pay: (i) base salary for a period of one year following termination; (ii) any bonus that would otherwise be due to Dr. Bergstrom by the end of the calendar end of the year in which such termination occurs; (iii) any expense reimbursement amounts owed through the date of termination; and (iv) all options not vested shall be accelerated

and deemed to have vested. If Dr. Bergstrom is terminated prior to end of term by us other than as a result of death or disability or Dr. Bergstrom's employment is terminated by Dr. Bergstrom for "Good Reason" or we provide notice to Dr. Bergstrom that the agreement will not be renewed, we shall pay: (i) twelve (12) month severance from date of public announcement of same; (ii) the bonus that would have otherwise been due, unless there is documentation on file for a period of at least three (3) months regarding performance issues which have not been cured, to Dr. Bergstrom in the calendar year in which such termination or non-renewal occurs; (iii) any expense reimbursement amounts owed through the date of termination; and (iv) all options that are granted shall be accelerated and deemed to have vested and all vested options at date of termination shall expire ninety (90) days post termination of employment. However, our obligation will be reduced if compensation is received from other employment for these amounts otherwise actually earned by Dr. Bergstrom during the one year period following the termination of his employment.

Steven B. Ratoff

Mr. Ratoff's agreement became effective January 1, 2010 and does not have an expiration date. His agreement currently provides for:

- annual base salary of \$350,000, subject to periodic and customary review for increase by the Board or Compensation Committee;
- an annual bonus of equal to 50% of base salary, with a maximum equal to 150% of the target award; and
- options to purchase 2,000,000 shares of Common Stock pursuant to our 2006 Equity Incentive Plan.

Upon a termination of the Agreement by Mr. Ratoff for good reason (as defined in the agreement), Mr. Ratoff will continue to receive his annual base salary for a period of twelve months following such termination. In addition, Mr. Ratoff shall be entitled to receive a monthly severance payment during the twelve month period following his termination in an amount equal to one-twelfth of the greater of (a) the average of the annual incentive bonuses paid to Mr. Ratoff prior to the date of termination, (b) the last annual incentive bonus paid to Mr. Ratoff prior to termination, or (c) if the termination occurs within the first twelve months following the effective date of the employment agreement, the target annual incentive bonus. All previously awarded equity grants shall immediately vest upon such termination and Mr. Ratoff shall have a period of twelve months following such termination to exercise any unexercised stock options.

If Mr. Ratoff's employment is terminated without cause (as defined in the agreement) or by us upon a change in control (as defined in the agreement), Mr. Ratoff will be entitled to receive an amount equal to the greater of (i) twelve months base salary at the time of termination or (ii) the intrinsic value of any unvested and vested, but unexercised, stock grants on the date of termination. In the event the value of the equity grants is less than twelve months base salary, all unvested and vested, but unexercised, stock grants shall immediately be forfeited. In addition, Mr. Ratoff shall be entitled to receive the pro rata portion of the annual incentive bonus to the extent performance measures were met.

If Mr. Ratoff's employment is terminated by (i) us as a result of Mr. Ratoff's disability, (ii) mutual agreement of the parties, or (iii) Mr. Ratoff for a change of control (as defined in the agreement), Mr. Ratoff will be entitled to receive his base salary through the date of termination, the pro rata portion of his annual incentive bonus for that year and all other amounts to which he was entitled for portion of the year up to his termination. In the event of Mr. Ratoff's death, Mr. Ratoff's legal representatives will be entitled to receive the same amounts that Mr. Ratoff would have been entitled to receive for a termination as a result of the foregoing events.

The agreement also contains provisions prohibiting Mr. Ratoff, during the term of his employment and for a period of two (2) year following his employment from soliciting for hiring, or hiring, any employee, consultant or independent

contractor employed or affiliated with us. Mr. Ratoff shall also refrain either directly or indirectly from approaching or attempting to solicit any of our business.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE.

Certain Relationships and Related Transactions

To the best of management's knowledge, other than (i) compensation for services as named executive officers and Directors or (ii) as set forth below, there were no material transactions, or series of similar transactions, or any currently proposed transactions, or series of similar transactions, to which we were or were to be a party, in which the amount involved exceeds \$120,000 during 2010, and in which any Director or named executive officer, or any security holder who is known by us to own of record or beneficially more than 5% of any class of the Common Stock, or any member of the immediate family of any of the foregoing persons, has an interest.

On March 31, 2010, we announced a registered direct offering in which ProQuest Investments participated and received 4,848,485 shares of the Company's common stock and five-year warrants, Series A Warrants, to purchase 2,424,243 shares of common stock with an exercise price of \$0.25 per share and six-month warrants, Series B Warrants, to purchase 1,616,162 shares of common stock with an exercise price of \$0.25 per share. As a result of the 2010 equity financing and as of March 31, 2011, ProQuest Investments beneficially owns 37.4% of our total outstanding common stock. As such, ProQuest Investments may be deemed to be our affiliate. Mr. Steven B. Ratoff, our President and Chief Executive Officer, has served as a venture partner with ProQuest Investments since December 2004, although he has no authority for investment decisions by ProQuest Investments.

Review, Approval and Ratification of Transactions with Related Persons

The Audit Committee is responsible for reviewing, approving or ratifying all transactions between us and any related person. Related persons can include any of our directors or executive officers, certain of our stockholders, and any of their immediate family members. This obligation is set forth in our Audit Committee Charter. In evaluating related person transactions, the members of the Audit Committee apply the same standards of good faith and fiduciary duty they apply to their general responsibilities as a committee of the Board of the Directors and as individual directors. The Audit Committee will approve a related person transaction when, in its good faith judgment, the transaction is in the best interest of the Company. To identify related person transactions, each year, we require each of our directors, director nominees and executive officers to complete a disclosure questionnaire identifying any transactions with us in which the officer or director or their family members have an interest.

Independence of Directors

The Board annually determines the independence of each Director based on a review by the Board and our Corporate Governance and Nominating Committee. The Company continues to follow the NYSE Amex LLC Corporate Governance Standards requiring that a majority of the Board be independent and that for a Director to qualify as independent, the Board must affirmatively determine that the Director has no material relationship with NovaDel, either directly or as a partner, shareholder or officer of an organization that has a relationship with us. In determining whether a material relationship exists, the Board and our Corporate Governance and Nominating Committee broadly consider all relevant facts and circumstances brought to their attention through the processes described below.

The NovaDel Corporate Governance Guidelines, adopted by the Board in September 2005 and amended in June 2006, are available on the Corporate Governance section of our website at www.novadel.com. Pursuant to the Corporate Governance Guidelines, the Board reviewed the independence of each of our Directors in March 2011, taking into account potential conflicts of interest, transactions or other relationships that would reasonably be expected to compromise any of our Directors' independence. In performing this review, the Board, together with our Corporate Governance and Nominating Committee, reviewed the responses received from each Director to a questionnaire inquiring about, among other things, their relationships with us (and those of their immediate family members), their affiliations and other potential conflicts of interest.

As a result of this review, the Board, based on the recommendation of the Corporate Governance and Nominating Committee, affirmatively determined that all of our Directors are independent of NovaDel and management under the standards set forth in the NYSE Amex Company Guide, with the exception of our Chairman, Mr. Steven B. Ratoff, who is not independent because of his role as President and Chief Executive Officer. In addition, the Board affirmatively determined each of the Company's Committees consist entirely of independent directors.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee has adopted a policy for the pre-approval of all audit and permitted non-audit services that may be performed by our independent registered public accounting firm. Under this policy, unless a type of service to be provided by our independent registered public accounting firm has received general pre-approval, it will require specific pre-approval by the Audit Committee. Any proposed services exceeding pre-approved cost levels will require specific pre-approval by the Audit Committee. The term of any pre-approval is 12 months from the date of pre-approval, unless the Audit Committee specifically provides for a different period. The Audit Committee periodically will revise the list of pre-approved services, based on subsequent determinations.
