PROXY STATEMENT

GENERAL INFORMATION

This Proxy Statement, with the enclosed proxy card, is being furnished on behalf of the board of directors of EPIX Medical, Inc., a Delaware corporation ("EPIX" or the "Company"), for use at the Company's 2003 Annual Meeting of Stockholders (the "Annual Meeting") to be held on Thursday, May 29, 2003 at 10:00 a.m. at the offices of EPIX Medical, Inc., 161 First Street, Cambridge, Massachusetts, 02142, and at any adjournments thereof.

When the proxy card of a stockholder is duly executed and returned, the shares represented thereby will be voted in accordance with the voting instructions given on the proxy by the stockholder. If no such voting instructions are given on a proxy card with respect to one or more proposals, the shares represented by that proxy card will be voted, with respect to the election of directors, for the nominees named herein, and with respect to other proposals, in accordance with the recommendations of the board of directors (the "Board of Directors"). Stockholders may revoke their proxies at any time prior to any vote at the Annual Meeting by written notice of revocation to the Company's Secretary at or before the Annual Meeting, by submission of a duly executed proxy card bearing a later date or by voting in person by ballot at the Annual Meeting.

This Proxy Statement and the enclosed proxy card are first being mailed or otherwise furnished to all of the Company's stockholders entitled to notice of and to vote at the Annual Meeting on or about April 29, 2003.

The Company's Annual Report to Stockholders for the fiscal year ended December 31, 2002 is being mailed with this Proxy Statement, but does not constitute a part hereof.

VOTING SECURITIES AND VOTES REQUIRED

Holders of the Company's Common Stock, \$.01 par value per share (the "Common Stock"), of record on the Company's books at the close of business on April 15, 2003, the record date, are entitled to notice of and to vote at the Annual Meeting. On the record date, there were 17,126,200 shares of Common Stock issued and outstanding, each of which entitles the holder to one vote on each matter submitted to a vote at the Annual Meeting.

The presence, in person or by proxy, of the holders of a majority of the Company's Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. Pursuant to the Delaware General Corporation Law and our Restated Certificate of Incorporation and Amended and Restated By-laws (the "By-laws"), the directors are elected by a plurality of the votes properly cast at the Annual Meeting. Abstentions, votes withheld and broker non-votes will not be treated as votes cast for this purpose and will not affect the outcome of the election of directors. A "broker non-vote" occurs when a registered broker holding a customer's shares in the name of the broker has not received voting instructions on a matter from the customer and is barred by applicable rules from exercising discretionary authority to vote on the matter and so indicates on the proxy card.

The affirmative vote of the holders of a majority of the shares of Common Stock present, or represented by proxy, and entitled to vote at the Annual Meeting is required to approve the

amendments to the Company's Amended and Restated 1992 Equity Incentive Plan (the "Equity Plan"), the Company's Amended and Restated 1996 Director Stock Option Plan and the Company's Amended and Restated 1996 Employee Stock Purchase Plan to increase the number of authorized shares of Common Stock that may be issued under such equity compensation plans. Broker non-votes will not be counted as present, or represented, and entitled to vote for these purposes and, therefore, will not affect the outcome of the vote. Abstentions will be counted as present, or represented, and entitled to vote and, accordingly, will have the same effect as a vote against the proposals.

Stock options were granted under the Company's Equity Plan at an exercise price equal to the fair market value of the Company's Common Stock at the date of grant. The options are not transferable except by will or by laws of descent and distribution. The post-termination exercise period for exercisable options is generally three months. In the event of a consolidation or merger of the Company with another corporation, or the sale or exchange of all or substantially all of the assets of the Company, or a reorganization or liquidation of the Company, the Board may provide upon written notice to each option holder, that each outstanding option will terminate not less than twenty (20) days after the date of such notice unless exercised prior to such time. The Board may, in connection with such notice and in its discretion, accelerate or waive any deferred exercise period.

In addition, the agreements relating to options held by executive officers of the Company contain the following provisions in the event of an acquisition event (as defined below) with respect to the Company. In the event of an acquisition event, regardless of whether the event also constitutes a change in control (as defined below), the options shall be assumed, or equivalent options substituted, by the acquiring or succeeding corporation. If the acquisition event also constitutes a change in control, unless provided to the contrary in an agreement between the optionee and the Company, the assumed or substituted option shall become immediately exercisable in full if, within eighteen months of the change in control, a termination event (as defined below) with respect to the optionee occurs. If the acquiring or succeeding corporation does not agree to assume or issue substitute options for the options issued by the Company, the options issued by the Company shall become exercisable in full; and/or if the acquisition event involves a cash payment to holders of the Company's Common Stock, the optionee shall receive a cash payment for each option equal to the amount by which the price to be paid in the acquisition exceeds the option exercise price. After the occurrence of a change in control that does not also constitute an acquisition event, unless provided to the contrary in an agreement between the optionee and the Company, the options shall become immediately exercisable in full if, within eighteen months of the change in control, a termination event with respect to the optionee occurs.

An acquisition event means (a) any merger or consolidation of the Company with or into another entity as a result of which the Common Stock is converted into or exchanged for the right to

10

receive cash, securities or other property; (b) any exchange of shares of the Company for cash, securities or other property pursuant to a statutory share exchange transaction; (c) any sale or exchange of all or substantially all of the assets of the Company in one transaction or in a series of transactions; or (d) a reorganization or liquidation of the Company.

A change in control means either (a) (i) a merger or consolidation of the Company, whether or not approved by the Board of Directors, other than a merger or consolidation in which the voting securities of the Company continue to represent at least 50% of the total voting power represented by the voting securities of the Company or the surviving entity outstanding immediately after the merger or consolidation, or (ii) the approval by the stockholders of the Company of an agreement for the sale or disposition by the Company of all or substantially all of the Company's assets; or (b) any person becoming the beneficial owner of securities of the Company representing 50% or more of the total outstanding voting power of the Company (excluding the Company or its affiliates or any employee benefit plan of the Company) pursuant to a transaction or a series of related transactions which the Board of Directors does not approve.

A termination event means the termination of the optionee's employment (a) by the Company or the acquiring or succeeding corporation without cause; or (b) by the optionee upon written notice given promptly after the Company's or the acquiring or succeeding corporation's taking any of the following actions, which actions shall not have been cured within a 30-day period following such notice: (a) the principal place of the performance of the optionee's responsibilities (the "Principal Location") is changed to a location outside of a 30 mile radius from the Principal Location immediately prior to the change in control; (b) there is a material reduction in the optionee's salary; or (c) there is a material diminution in the scope of the optionee's responsibilities without the optionee's agreement or without cause.

(2)

The amounts shown in this table represent hypothetical gains that could be achieved for the respective options if exercised at the end of the option term. These gains are based on assumed rates of stock appreciation of 5% and 10% compounded annually from the date the respective options were granted to their expiration date. The gains shown are net of the option exercise price, but do not include deductions for taxes or other expenses associated with the exercise. Actual gains, if any, on stock option exercise will depend on the future performance of the Common Stock, the optionee's continued employment through the option period and the date on which the options are exercised.

(3)

The options vest in five equal annual installments beginning on January 22, 2003.

Aggregated Options Exercised in Last Year and Fiscal Year-End Option Values

The following table provides information regarding the exercises of options by each of the Named Executive Officers during the 2002 fiscal year. The Board of Directors has authorized a severance arrangement for all senior officers of the Company, under which each such officer who is subject to a termination event following a change in control of the Company (as defined in footnote 1 to the table on page 10) will receive a cash payment of six months' base salary, plus one additional month of base salary for each year of employment with the Company, up to a maximum potential payment of twelve months' base salary.

Comparative Stock Performance Graph

The following graph compares the annual percentage change in the Company's cumulative total stockholder return on its Common Stock during a period commencing on December 31, 1997 and ending on December 31, 2002 (as measured by dividing (i) the sum of (A) the cumulative amount of dividends for the measurement period, assuming dividend reinvestment, and (B) the difference between the Company's share price at the end and the beginning of the measurement period; by (ii) the share price at the beginning of the measurement period) with the cumulative total return of the Nasdaq Market Index (U.S.) and the Nasdaq Pharmaceutical Stock Index during such period. The Company has not paid any dividends on its Common Stock, and no dividends are included in the representation of the company's performance. The stock price performance on the graph below is not necessarily indicative of future price performance. COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors (the "Committee"), consists of Mr. Christopher F.O. Gabrieli, Dr. Stanley T. Crooke and Mr. Peter Wirth, who are each independent, non-employee directors. The Committee is responsible for the administration of the Company's compensation program for the Company's executive officers, including the Chief Executive Officer and the Named Executive Officers included in the Summary Compensation Table on page 9. The Company's compensation programs are designed to provide a competitive level of total compensation, which, at the Company's present stage of development, is heavily weighted toward equity incentive compensation linked to the Company's performance. This program includes base salary and both annual and long-term incentive compensation.

Compensation Philosophy

The design and implementation of the Company's executive compensation programs are based on a series of guiding principles derived from our values, business strategy and management requirements. These principles may be summarized as follows:

attract, motivate and retain high caliber individuals who are responsible for leading the Company in achieving or exceeding corporation goals and to increase total return to stockholders;

provide a total compensation program where a significant portion of compensation is linked to the achievement of individual performance objectives as well as both short-term and long-term corporate performance;

align the financial interests of the management team with the Company's financial interests and those of our stockholders; and

emphasize reward for performance at the individual, team and corporate levels.

Base Salary

Each fiscal year, the Committee establishes base salaries for individual executive officers based upon (i) industry and peer group surveys prepared by independent consultants, (ii) the responsibilities, scope and complexity of each position, (iii) the individual's tenure in the position and (iv) performance judgments as to each individual's past and expected future contributions. The performance of the companies surveyed is not considered by the Committee. The Chief Executive Officer recommends the base salary amount for each officer other than himself. The Committee then reviews with the Chief Executive Officer and approves, with appropriate modifications, an annual base salary plan for the Company's executive officers other than the Chief Executive Officer.

In general, the Committee reviews and fixes the base salary of the Chief Executive Officer based on comparable competitive compensation data as well as the Committee's assessment of such officer's past performance and its expectations as to such officer's future contributions to the Company's leadership. For 2002, the Chief Executive Officer's base salary was increased to \$298,499 from \$282,832. For 2003, the Committee has approved a 5.0% base salary increase to \$314,792 for the Chief Executive Officer.

15

The Company achieved several milestones in 2002, including: substantial progress in advancing its product candidate, MS-325, toward FDA approval, completed enrollment in the Company's second Phase III clinical trial designed to determine the efficacy of MS-325-enhanced MRA for the detection of aortoiliac occlusive disease, released results from the first MS-325 Phase III clinical trial in March, significant progress in enrollment in the remainder of the Company's Phase III clinical trial program, and substantial progress in the Company's thrombus research program. In recognition of the Chief Executive Officer's leadership in the achievement of these corporate milestones and his contributions to the Company, the Chief Executive Officer was awarded a bonus in the amount of \$119,621.

Annual Bonus

Beginning in 1998, the Company started a formal short-term incentive plan. The Company's executive officers are eligible for an annual cash bonus, which is based primarily on corporate achievements and individual performance objectives that are established at the beginning of each year. The targeted bonus level for the Chief Executive Officer was 30% of annual salary in 2002 and will be 35% of annual salary starting in 2003. After the completion of the year, the Committee reviews the attainment of corporate and individual objectives and awards bonuses in the first quarter of the subsequent year, based on the extent to which corporate objectives were met or exceeded and individual contributions to the Company's overall performance.

Equity-Based Long-Term Incentive Compensation

Long-term incentives for the Company's employees are provided through stock option grants under the Equity Plan, which are generally provided through initial stock option grants at the date of hire, and periodic additional grants. The option grants are intended to motivate the executive officers to improve the Company's long-term performance and to align the financial interests of the management team with the Company's financial interests and those of the Company's stockholders. Awards take into account each officer's scope of responsibility and specific assignments, strategic and operational goals applicable to the officer, anticipated performance and contributions of the officer and competitive market data for similar positions. Options are granted with an exercise price equal to the fair market value of the Company's Common Stock on the date of grant. The standard vesting schedule provides that a portion of the shares subject to each option vest and become exercisable annually over a five-year period. Certain options granted under the Equity Plan, including some of the options granted to the Named Executive Officers, are subject to different vesting schedules, including schedules that are based on the achievement of certain milestone events as determined by the Committee. In 2002, the Chief Executive Officer received an option to purchase 62,500 shares of Common Stock.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to each of the Company's CEO and its other most highly compensated executive officers. The

Company does not believe that Section 162(m) will generally have an effect on the Company, because of the current and anticipated compensation levels of its executive officers and CEO. However, the Compensation Committee intends to periodically review the potential consequences of Section 162(m) and may structure the annual cash incentive awards under the Company's Annual Incentive Plan to comply with

certain exemptions provided in Section 162(m) for certain performance-based compensation. The Company's Equity Plan is currently structured to comply with such exemptions so that stock options and other awards under such plan to its executive officers will be tax deductible under Section 162(m).

The Compensation Committee reserves the authority to award non-deductible compensation in other circumstances as they deem appropriate. Further, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, notwithstanding the Company's efforts, compensation intended by the Company to satisfy the requirements for deductibility under Section 162(m) may not, in fact, do so.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors, which consists entirely of directors who meet the independence and experience requirements of the Nasdaq National Market, has furnished the following report:

The Audit Committee assists the Board of Directors in overseeing and monitoring the integrity of the Company's financial reporting process, its compliance with legal and regulatory requirements and the quality of its internal and external audit processes. The role and responsibilities of the Audit Committee are set forth in a written charter adopted by the Board of Directors, which was included in the Company's Proxy Statement for the 2001 Annual Meeting as Appendix A. The Audit Committee reviews and reassesses the charter annually and recommends any changes to the Board of Directors for approval. Management is responsible for overseeing the Company's internal controls and the financial reporting process and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The Company's independent auditors, Ernst & Young LLP, are responsible for performing an independent audit of the Company's financial statements in accordance with U.S. generally accepted auditing standards and for issuing a report on those financial statements. The Audit Committee is responsible for overseeing the Company's overall financial reporting process. In fulfilling its responsibilities for the financial statements for the year ended December 31, 2002, the Audit Committee took the following actions:

Reviewed and discussed the audited financial statements for the year ended December 31, 2002 with management and Ernst & Young LLP, the Company's independent auditors;

Discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61 relating to the conduct of the audit; and

Received written disclosures and the letter from Ernst & Young LLP regarding its independence as required by Independence Standards Board Standard No. 1. The Audit Committee further discussed with Ernst & Young LLP their independence. The Audit Committee also considered whether the provision of non-audit services by the independent auditors is compatible with maintaining the auditor's independence and other areas of oversight relating to the financial reporting and audit process that the Committee determined appropriate.

Edgar Filing: EPIX MEDICAL INC - Form DEF 14A

Based on the Audit Committee's review of the audited financial statements and discussions with management and Ernst & Young LLP, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in its charter, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2002 for filing with the Securities and Exchange Commission.

PROPOSAL 1:

ELECTION OF DIRECTORS

General

The Company's By-laws provide for a classified Board of Directors. The Board of Directors currently consists of five members, classified into three classes as follows: Stanley T. Croke, M.D., Ph.D. constitutes a class with a term ending in 2004 (the "Class II director"); Christopher F.O. Gabrieli and Michael D. Webb constitute a class with a term ending in 2005 (the "Class III directors") and Peter Wirth and Randall B. Lauffer, Ph.D. constitute a class with a term that expires at the upcoming Annual Meeting (the "Class I directors"). At each annual meeting of stockholders, directors are elected for a full term of three years to succeed those directors whose terms are expiring.

The Board of Directors has voted (i) to set the size of the Board of Directors at five and (ii) to nominate Messrs. Peter Wirth and Randall B. Lauffer, Ph.D. for election at the Annual Meeting for a term of three years to serve until the 2006 annual meeting of stockholders, and until their respective successors have been duly elected and qualified. The Class II director (Stanley T. Croke, M.D., Ph.D.) and the Class III directors (Christopher F.O. Gabrieli and Michael D. Webb) will serve until the annual meetings of stockholders to be held in 2004 and 2005, respectively, and until their respective successors have been duly elected and qualified. In the event that a vacancy occurs during the year, the Board of Directors may fill such vacancy for the remainder of the full term.

Vote Required

Unless authority to vote for the nominees named above is withheld, the shares represented by the enclosed proxy will be voted FOR the election as director of such nominees. In the event that the nominees shall become unable or unwilling to serve, the shares represented by the enclosed proxy will be voted for the election of such other person as the Board of Directors may recommend in the nominees' place. The Board has no reason to believe that the nominees will be unable or unwilling to serve.

A plurality of the votes properly cast at the Annual Meeting is required to elect each nominee as a director.

Board Recommendation

The Board of Directors recommends the election of Messrs. Peter Wirth and Randall B. Lauffer, Ph.D. as directors, and proxies solicited by the Board of Directors will be voted in favor thereof unless a stockholder has indicated otherwise on the proxy.

PROPOSAL 2:

AMENDMENT TO AMENDED AND RESTATED 1992 EQUITY INCENTIVE PLAN

General

The Company adopted the Equity Plan in July 1992. The Equity Plan has subsequently been amended and restated, and the aggregate number of shares of Common Stock reserved for issuance thereunder is currently 5,599,901 shares (including shares subject to options already granted and shares

issued pursuant to options already exercised). The Equity Plan is designed to provide the Company with flexibility in awarding equity incentives by providing for multiple types of incentives that may be awarded. The purpose of the Equity Plan is to attract and retain our key employees and consultants and to enable them to participate in our long-term growth. A copy of the Equity Plan is attached to this Proxy Statement as Appendix A.

Amendment

On April 15, 2003, the Board of Directors voted, subject to stockholder approval, to amend the Equity Plan to increase the aggregate number of shares of Common Stock available thereunder by an additional 500,000 shares resulting in an aggregate increase to 6,099,901 shares available thereunder subject to adjustment for stock-splits and similar capital changes. This amendment is being submitted for stockholder approval at the Annual Meeting to ensure continued qualification of the Equity Plan under Nasdaq National Market Rules. The Board believes that this increase is necessary and appropriate to enable the Company to attract and retain the quality of employees and consultants whose services are considered essential to the Company's future progress, to encourage such employees' and consultants' ownership of the Company and to provide them with an incentive to remain as the Company's employees and consultants.

Administration and Eligibility

The purpose of the Equity Plan is to attract, retain and motivate employees, directors and consultants through the issuance of stock options and to encourage ownership of shares of Common Stock by employees, directors and consultants of the Company. The Equity Plan is administered by the Compensation Committee. Subject to the provisions of the Equity Plan, the Compensation Committee determines the persons to whom options will be granted, the number of shares to be covered by each option and the terms and conditions upon which an option may be granted, and has the authority to administer the provisions of the Equity Plan. All employees, directors and consultants of the Company and its affiliates (approximately 95 people) are eligible to participate in the Equity Plan. The Compensation Committee has adopted guidelines for the number of options awarded to each of the Company's new employees, other than executive officers. The guidelines may be changed by the Compensation Committee at any time. Subject to certain limitations the Compensation Committee may delegate to one or more of the Company's executive officers the power to make awards to participants who are not subject to Section 16 of the Exchange Act. The Compensation Committee has authorized the Chief Executive Officer to grant options to purchase up to 25,000 shares of Common Stock each to such participants. In order to comply with the requirements of Rule 16b-3 under the Exchange Act, grants of awards made in 2002 under the Equity Plan to participants who are subject to Section 16 of the Exchange Act are made by the entire Board of Directors.

Options granted under the Equity Plan may be either (i) options intended to qualify as "incentive stock options" under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), or (ii) non-qualified stock options. Incentive stock options may be granted under the Equity Plan to employees of the Company and its affiliates. Non-qualified stock options may be granted to consultants, directors and employees of the Company and its affiliates.

Options granted to any employee under the Equity Plan, which are intended to qualify as incentive stock options, will not constitute incentive stock options to the extent such options, in the aggregate,

become exercisable for the first time in any one calendar year for shares of Common Stock with an aggregate fair market value (determined at the time of grant) of more than \$100,000. Incentive stock options granted under the Equity Plan may not be granted at a price less than the fair market value of the Common Stock on the date of grant, or 110% of fair market value in the case of options granted to an employee holding 10% or more of the voting stock of the Company. Incentive stock options granted under the Equity Plan expire not more than ten years from the date of grant, or not more than five years from the date of grant in the case of incentive stock options granted to an employee holding 10% or more of the voting stock of the Company. An option granted under the Equity Plan is exercisable, during the optionholder's lifetime, only by the optionholder and is not transferable by him or her except by will or by the laws of descent and distribution.

An incentive stock option granted under the Equity Plan may, at the Compensation Committee's discretion, be exercised after the termination of the optionholder's employment with the Company (other than by reason of death, disability or termination for cause as defined in the Equity Plan) to the extent exercisable on the date of such termination, at any time prior to the earlier of the option's specified expiration date or 90 days after such termination. In granting any non-qualified stock option, the Compensation Committee may specify that such non-qualified stock option shall be subject to such termination or cancellation provisions as the Compensation Committee shall determine. In the event of the optionholder's death or disability, both incentive stock options and non-qualified stock options generally may be exercised, to the extent exercisable on the date of death or disability (plus a *pro rata* portion of the option if the option vests periodically), by the optionholder or the optionholder's survivors at any time prior to the earlier of the option's specified expiration date or one year from the date of the optionholder's death or disability. Generally, in the event of the optionholder's termination for cause, all outstanding and unexercised options are forfeited.

If the shares of Common Stock shall be subdivided or combined into a greater or smaller number of shares or if the Company shall issue any shares of Common Stock as a stock dividend on its outstanding Common Stock, the number of shares of Common Stock deliverable upon the exercise of an option granted under the Equity Plan shall be appropriately increased or decreased proportionately, and appropriate adjustments shall be made in the purchase price per share to reflect such subdivision, combination or stock dividend. Unless otherwise provided in the stock option agreement between the Company and the optionee, if the Company is to be consolidated with or acquired by another entity in a merger, sale of all or substantially all of the Company's assets or otherwise (an "Acquisition"), the Compensation Committee or the Board of Directors of any entity assuming the obligations of the Company under the Equity Plan (the "Successor Board"), shall, as to outstanding options under the Equity Plan either (i) make appropriate provision for the continuation of such options by substituting on an equitable basis for the shares then subject to such options the consideration payable with respect to the outstanding shares of Common Stock in connection with the Acquisition or securities of the successor or acquiring entity; or (ii) upon written notice to the participants, provide that all options must be exercised (either to the extent then exercisable or, at the discretion of the Compensation Committee, all options being made fully exercisable for purposes of such transaction) within a specified number of days of the date of such notice, at the end of which period the options shall terminate; or (iii) terminate all options in exchange for a cash payment equal to the excess of the fair market value of the shares subject to each such option (either to the extent then exercisable or, at the discretion of the Compensation Committee, all options being made fully exercisable for purposes of such transaction) over the exercise price thereof. In the event of a recapitalization or reorganization of the

Company (other than an Acquisition) pursuant to which securities of the Company or of another corporation are issued with respect to the outstanding shares of Common Stock, an optionholder upon exercising an option under the Equity Plan, shall be entitled to receive for the purchase price paid upon such exercise the securities he or she would have received if he or she had exercised such option prior to such recapitalization or reorganization.

The Equity Plan may be amended by the stockholders of the Company. The Equity Plan may also be amended by the Board of Directors or the Compensation Committee, provided that any amendment approved by the Board of Directors or the Compensation Committee which is of a scope that requires Stockholder approval in order to ensure favorable federal income tax treatment for any incentive stock options under Code Section 422, is subject to obtaining such stockholder approval.

As of April 15, 2003, approximately 95 employees were eligible to participate in the Equity Plan. The closing price of our Common Stock, as reported on the Nasdaq National Market on April 15, 2003, was \$8.90.

Equity Plan Activity

As of April 15, 2003, options to purchase an aggregate of 6,226,967 shares of Common Stock had been granted under the Equity Plan, of which options to purchase 862,009 shares had been canceled. Options to purchase 1,399,622 shares have been exercised as of such date and 234,943 shares remain available for the granting of awards under the Equity Plan. No stock appreciation rights or awards other than option grants have been granted under the Equity Plan to date.

Federal Income Tax Consequences Relating to Stock Options

Incentive Stock Options. An optionee does not realize taxable income upon the grant or exercise of an ISO under the Equity Plan. If no disposition of shares issued to an optionee pursuant to the exercise of an ISO is made by the optionee within two years from the date of grant and within one year from the date of exercise, then (a) upon sale of such shares, any amount realized in excess of the option price (the amount paid for the shares) is taxed to the optionee as long-term capital gain and any loss sustained will be long-term capital loss and (b) no deduction is allowed to the Company for Federal income tax purposes. The exercise of ISOs gives rise to an adjustment in computing alternative minimum taxable income that may result in alternative minimum tax liability for the optionee.

If shares of Common Stock acquired upon the exercise of an ISO are disposed of prior to the expiration of the two-year and one-year holding periods described above (a "disqualifying disposition") then (a) the optionee realizes ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the shares at exercise (or, if less, the amount realized on a sale of such shares) over the option price thereof and (b) the Company is entitled to deduct such amount. Any further gain realized is taxed as a short-term or long-term capital gain and does not result in any deduction to the Company. A disqualifying disposition in the year of exercise will generally avoid the alternative minimum tax consequences of the exercise of an ISO.

Nonstatutory Stock Options. The optionee realizes no income at the time a nonstatutory option is granted. Upon exercise, (a) ordinary income is realized by the optionee in an amount equal to the difference between the option price and the fair market value of the shares on the date of exercise and (b) the Company receives a tax deduction for the same amount. Upon disposition of the shares,

22

appreciation or depreciation after the date of exercise is treated as a short-term or long-term capital gain or loss and will not result in any deduction by the Company.

Vote Required

The affirmative vote of the holders of a majority of the shares of Common Stock present, or represented, and entitled to vote at the Annual Meeting is required for the approval of the proposed amendment to the Equity Plan.

Board Recommendation

Our Board of Directors believes that the amendment to the Equity Plan is in the best interest of the Company and that of our stockholders and recommends a vote **FOR** the proposal to approve the amendment to the Equity Plan.

PROPOSAL 3:

AMENDMENT TO 1996 DIRECTOR STOCK OPTION PLAN

General

The purpose of the Director Plan is to attract and retain qualified persons, who are not also officers or employees of the Company, to serve as directors of the Company and to encourage stock ownership in the Company by such directors so as to provide additional incentives to promote the Company's success. The Director Plan currently authorizes the grant of nonstatutory stock options for the purchase of a maximum of 200,000 shares of the Common Stock, subject to adjustment for stock splits and similar capital changes, to Eligible Directors as defined below.

All non-employee directors of the Company ("Eligible Directors") are eligible to participate in the Director Plan. Currently, three of the Company's five directors are eligible to participate in the Director Plan.

Amendment

On April 15, 2003, the Board of Directors voted, subject to approval of the stockholders, to increase the number of shares of Common Stock that may be subject to grants under the Director Plan by 100,000 shares to an aggregate of 300,000, subject to adjustment for stock splits and similar capital changes. This proposed amendment is intended to ensure that a sufficient number of shares of Common Stock are available to be issued to Eligible Directors in the future.

Administration and Eligibility

The Director Plan provides for the grant of stock options for the purchase of Common Stock to directors who are not employees of the Company. Questions of interpretation of the Director Plan or of any options granted under it are determined by the Board of Directors. Upon the election or reelection of an Eligible Director, such director is automatically granted an option to purchase 25,000 shares of Common Stock. Such options become exercisable in equal installments over a three year period on each anniversary of the grant, provided that the optionee is still a

director of the Company at the opening of business on such date. In addition, each Eligible Director is automatically granted an

option to purchase 5,000 shares of Common Stock annually during the years in which such director is not up for reelection to the Board. Such options become exercisable in full on the first anniversary date of the grant, provided that the optionee is still a director of the Company at the opening of business on such date. The exercise price for each option granted under the plan is the closing price for the Company's Common Stock as reported on the Nasdaq National Market on the last trading day prior to the date of grant. The term of each option granted under the Director Plan is ten years from the date of grant.

As of March 31, 2003, three of the Company's directors were eligible to participate in the Director Plan. Upon his re-election at the Annual Meeting, Dr. Wirth will receive a stock option to purchase 25,000 shares of the Company's Common Stock under the Director Plan.

Director Plan Activity

As of March 31, 2003, options to purchase an aggregate of 150,000 shares of Common Stock have been granted under the Director Plan, of which options to purchase 24,668 shares had been cancelled, leaving 74,668 available for future grants. Options to purchase an aggregate of 5,332 shares of Common Stock have been exercised as of such date.

Federal Income Tax Consequences Relating to Director Plan Option

Options granted under the Director Plan are nonstatutory stock options. The director realizes no income at the time a nonstatutory option is granted. Upon exercise, (a) ordinary income is realized by the director in an amount equal to the difference between the option price and the fair market value of shares on the date of exercise and (b) the Company receives a tax deduction for the same amount. Upon disposition of the shares, appreciation or depreciation after the date of exercise is treated as a short-term or long-term capital gain or loss and will not result in any deduction by the Company.

Votes Required

The affirmative vote of the holders of a majority in interest of the Common Stock present, or represented, and entitled to vote at the Annual Meeting is required to approve the proposed amendment to the Director Plan.

Board Recommendation

The Board of Directors of the Company believes that the proposed amendment to the Director Plan is in the best interest of the Company and its stockholders and recommends a vote **FOR** the proposal to approve the Amendment to the Director Plan.

PROPOSAL 4:

AMENDMENT TO 1996 EMPLOYEE STOCK PURCHASE PLAN

General

The purpose of the Employee Purchase Plan is to afford employees of the Company an opportunity to purchase shares of the Company's Common Stock. The Compensation Committee of the

Board of Directors has been appointed by the Board of Directors to administer the Employee Purchase Plan. The Employee Purchase Plan will continue in effect until November 2006.

Amendment

On April 15, 2003, the Board of Directors voted, subject to approval of the stockholders, to increase the number of shares of Common Stock that may be purchased under the Employee Purchase Plan by 50,000 shares to an aggregate of 166,666 shares, subject to adjustment for stock splits and similar capital changes. This proposed amendment is intended to ensure that a sufficient number of shares of Common Stock are available to be issued to meet the demand of the employees enrolled in the plan.

Administration and Eligibility

All full-time employees with the Company are eligible to participate in the Employee Purchase Plan following five months of employment with the Company. Employees whose customary employment is less than twenty (20) hours per week are not eligible. Any employee will be ineligible to be granted an option to purchase shares of Common Stock under the Employee Purchase Plan if such employee, immediately after the option is granted, would own stock possessing five per cent (5%) or more of the total combined voting power of all classes of stock of the Company. Moreover, no employee may be granted an option which permits his or her rights to purchase stock under the Employee Purchase Plan and under the Company's other employee stock purchase plans under Section 423 of the Code, to accrue at a rate which exceeds \$25,000 of fair market value of such stock (as determined at the time such option is granted) for each calendar year in which such option is outstanding at any time. In addition, any employee will be ineligible to purchase shares during an Offering (as defined below) if such employee's shares aggregated with any other offering exceed the number of shares that may be purchased at an exercise price equal to fifteen percent (15%) (or such lesser percentage as the Board of Directors may determine) of the employee's annual rate of compensation on the date the employee elects to participate in the Offering.

The Employee Purchase Plan is administered in semi-annual periods (each period referred to as an "Offering") ending, respectively, on the first business day in January and on July 1, each such date referred to below as an "Exercise Date." The purchase price per share of Common Stock during an Offering is eighty-five per cent (85%) of the lesser of its fair market value on the first day of the Offering or on the applicable Exercise Date, and may be paid through payroll deductions, periodic lump sum payments or a combination of both. Eligible employees participate in the Employee Purchase Plan voluntarily and may withdraw from any Offering at any time before stock is purchased. Participation is terminated automatically upon termination of employment. In the event of a change in the number of shares of Common Stock outstanding by reason of a stock dividend, stock split or other recapitalization, or by reason of a merger or consolidation or otherwise, the number of shares of stock available under the Employee Purchase Plan will be appropriately adjusted to give effect to such change.

As of March 31, 2003, approximately 89 employees were eligible to participate in the Employee Purchase Plan.

25

Employee Purchase Plan Activity

As of March 31, 2003 an aggregate of 88,929 shares of Common Stock have been issued under the Employee Purchase Plan, none of which have been cancelled, leaving 27,737 shares available for future purchases.

Federal Income Tax Consequences

The Employee Purchase Plan is designed to qualify as an "Employee Stock Purchase Plan" under Section 423 of the Code. Under Section 423 of the Code, the employee will not realize taxable income at the time he or she purchases stock under the Employee Purchase Plan. However, the employee may be deemed to receive compensation taxable as ordinary income in the year in which he or she disposes of the stock or dies while holding the stock. The rules applicable to the disposition of stock vary depending on whether or not the disposition constitutes a qualifying disposition, that is, a disposition within two years after the first day of the offering period in which the disposed stock was purchased.

Votes Required

The affirmative vote of the holders of a majority in interest of the Common Stock present, or represented, and entitled to vote at the Annual Meeting is required to approve the proposed amendment to the Employee Purchase Plan.

Board Recommendation

The Board of Directors of the Company believes that the proposed amendment to the Employee Purchase Plan is in the best interest of the Company and its stockholders and recommends a vote **FOR** the proposal to approve the Amendment to the Employee Purchase Plan.

Section 6. Stock Options

- (a) *General.*
- (i) Subject to the provisions of the Plan, the Committee may award Incentive Stock Options and Nonstatutory Stock Options and determine the number of shares to be covered by each Option, the option price therefore and the conditions and limitations applicable to the exercise of the Option. The terms and conditions of Incentive Stock Options shall be subject to and comply with Section 422 of the Code, or any successor provision, and any regulations thereunder. See subsection (b) below.

- (iii) Each Option shall be exercisable at such times and subject to such terms and conditions as the Committee may specify in the applicable Award or thereafter. The Committee may impose such conditions with respect to the exercise of Options, including conditions relating to applicable federal or state securities laws, as it considers necessary or advisable.
- (iv) No shares shall be delivered pursuant to any exercise of an Option until payment in full of the option price therefore is received by the Company. Such payment may be made in

- (b) *Incentive Stock Options.*
- Options granted under the Plan, which are intended to be Incentive Stock Options, shall be subject to the following additional terms and conditions:

- (ii) If any employee to whom an Incentive Stock Option is to be granted under the Plan is, at the time of the grant of such option, the owner of stock possessing more than 10% of the total combined voting power of all classes of stock of the Company (after taking into account the attribution of stock ownership rules of Section 424(d) of the Code), then the following special provisions shall be applicable to the Incentive Stock Option granted to such individual:

Edgar Filing: EPIX MEDICAL INC - Form DEF 14A

The purchase price per share of the Common Stock subject to such Incentive Stock Option shall not be less than 110% of the Fair Market Value of one share of Common Stock at the time of grant; and

(y) The option exercise period shall not exceed five years from the date of grant.

(iii) For so long as the Code shall so provide, options granted to any employee under the Plan (and any other incentive stock option plans of the Company) which are intended to constitute Incentive Stock Options shall not constitute Incentive Stock Options to the extent that such options, in the aggregate, become exercisable for the first time in any one calendar year for shares of Common Stock with an aggregate Fair Market Value (determined as of the respective date or dates of grant) of more than \$100,000.

SARs granted in tandem with Options shall have an exercise price of not less than the exercise price of the related Option.
- (b) An SAR related to an Option which can only be exercised during limited periods following a change in control of the Company may entitle the Participant to receive an amount based upon the highest price paid or offered for Common Stock in any transaction relating to the change in control or paid during the thirty-day period immediately preceding the occurrence

A-4

of the change in control in any transaction reported in any stock market in which the Common Stock is usually traded.

Section 8. Performance Shares

- (a) Subject to the provisions of the Plan, the Committee may award Performance Shares and determine the number of such shares for each Performance Cycle and the duration of each Performance Cycle. There may be more than one Performance Cycle in existence at any one time, and the duration of Performance Cycles may differ from each other. The payment value of Performance Shares shall be equal to the Fair Market Value of the Common Stock on the date the Performance Shares are earned or, in the discretion of the Committee, on the date the Committee determines that the Performance Shares have been earned.
- (b) The Committee shall establish performance goals for each Cycle, for the purpose of determining the extent to which Performance Shares awarded for such Cycle are earned, on the basis of such criteria and to accomplish such objectives as the Committee may from time to time select. During any Cycle, the Committee may adjust the performance goals for such Cycle as it deems equitable in recognition of unusual or non-recurring events affecting the Company, changes in applicable tax laws or accounting principles, or such other factors as the Committee may determine.
- (c) As soon as practicable after the end of a Performance Cycle, the Committee shall determine the number of Performance Shares which have been earned on the basis of performance in relation to the established performance goals. The payment values of earned Performance Shares shall be distributed to the Participant or, if the Participant has died, to the Participant's Designated Beneficiary, as soon as practicable thereafter. The Committee shall determine, at or after the time of award, whether payment values will be settled in whole or in part in cash or other property, including Common Stock or Awards.

Section 9. Restricted Stock

- (a) Subject to the provisions of the Plan, the Committee may award shares of Restricted Stock and determine the duration of the Restricted Period during which, and the conditions under which, the shares may be forfeited to the Company and the other

terms and conditions of such Awards. Shares of Restricted Stock shall be issued for no cash consideration or such minimum consideration as may be required by applicable law.

(b)

Shares of Restricted Stock may not be sold, assigned, transferred, pledged or otherwise encumbered, except as permitted by the Committee, during the Restricted Period. Shares of Restricted Stock shall be evidenced in such manner as the Committee may determine. Any certificates issued in respect of shares of Restricted Stock shall be registered in the name of the Participant and unless otherwise determined by the Committee, deposited by the Participant, together with a stock power endorsed in blank, with the Company. At the expiration of the Restricted Period, the Company shall deliver such certificates to the Participant or if the Participant has died, to the Participant's Designated Beneficiary.

A-5

Section 10. Stock Units

(a)

Subject to the provisions of the Plan, the Committee may award Stock Units subject to such terms, restrictions, conditions, performance criteria, vesting requirements and payment rules, as the Committee shall determine.

(b)

Shares of Common Stock awarded in connection with a Stock Unit Award shall be issued for no cash consideration or such minimum consideration as may be required by applicable law.

Section 11. General Provisions Applicable to Awards

(a)

Documentation. Each Award under the Plan shall be evidenced by a writing delivered to the Participant specifying the terms and conditions thereof and containing such other terms and conditions not inconsistent with the provisions of the Plan as the Committee considers necessary or advisable to achieve the purposes of the Plan or comply with applicable tax and regulatory laws and accounting principles.

(b)

Committee Discretion. Each type of Award may be made alone, in addition to or in relation to any other type of Award. The terms of each type of Award need not be identical, and the Committee need not treat Participants uniformly. Except as otherwise provided by the Plan or a particular Award, any determination with respect to an Award may be made by the Committee at the time of award or at any time thereafter.

(c)

Settlement. The Committee shall determine whether Awards are settled in whole or in part in cash, Common Stock, other securities of the Company, Awards or other property. The Committee may permit a Participant to defer all or any portion of a payment under the Plan, including the crediting of interest on deferred amounts denominated in cash and dividend equivalents on amounts denominated in Common Stock.

(d)

Dividends and Cash Awards. In the discretion of the Committee, any Award under the Plan may provide the Participant with (i) dividends or dividend equivalents payable currently or deferred with or without interest, and (ii) cash payments in lieu of or in addition to an Award.

(e)

Termination of Employment. The Committee shall determine the effect on an Award of the disability, death, retirement or other termination of employment of a Participant and the extent to which, and the period during which, the Participant's legal representative, guardian or Designated Beneficiary may receive payment of an Award or exercise rights thereunder.

(f)

Change in Control. In order to preserve a Participant's rights under an Award in the event of a change in control of the Company (as defined by the Committee), the Committee in its discretion may, at the time an Award is made or at any time thereafter, take one or more of the following actions: (i) provide for the acceleration of any time period relating to the exercise or realization of the Award, (ii) provide for the purchase of the Award upon the Participant's request for an amount of cash or other property that could have been received upon the exercise or realization of the Award had the Award been currently exercisable or payable, (iii) adjust the terms of the Award in a manner determined by the Committee to reflect the

change in control, (iv) cause the Award to be assumed, or new rights substituted therefore, by another entity, or (v) make such other provision as the Committee may consider equitable and in the best interests of the Company.

A-6

- (g) *Withholding Taxes.* The Participant shall pay to the Company, or make provision satisfactory to the Committee for payment of, any taxes required by law to be withheld in respect of Awards under the Plan no later than the date of the event creating the tax liability. The Company and its Affiliates may, to the extent permitted by law, deduct any such tax obligations from any payment of any kind otherwise due to the Participant. In the Committee's discretion, the Participant may pay any taxes due with respect to an Award in whole or in part in shares of Common Stock, including shares retained from the Award creating the tax obligation, valued at their Fair Market Value on the date of retention or delivery.
- (h) *Foreign Nationals.* Awards may be made to Participants who are foreign nationals or employed outside the United States on such terms and conditions different from those specified in the Plan, as the Committee considers necessary or advisable to achieve the purposes of the Plan or comply with applicable laws.
- (i) *Amendment of Award.* The Committee may amend, modify or terminate any outstanding Award, including substituting therefore another Award of the same or a different type, changing the date of exercise or realization and converting an Incentive Stock Option to a Nonstatutory Stock Option, provided that the Participant's consent to such action shall be required unless the Committee determines that the action, taking into account any related action, would not materially and adversely affect the Participant.

Section 12. Miscellaneous

- (a) *No Right To Employment.* No person shall have any claim or right to be granted an Award, and the grant of an Award shall not be construed as giving a Participant the right to continued employment. The Company expressly reserves the right at any time to dismiss a Participant free from any liability or claim under the Plan, except as expressly provided in the applicable Award.
- (b) *No Rights As Shareholder.* Subject to the provisions of the applicable Award, no Participant or Designated Beneficiary shall have any rights as a shareholder with respect to any shares of Common Stock to be distributed under the Plan until he or she becomes the holder thereof. A Participant to whom Common Stock is awarded shall be considered the holder of the Stock at the time of the Award except as otherwise provided in the applicable Award.
- (c) *Effective Date.* The 1992 Amended and Restated Equity Incentive Plan became effective on November 29, 1996.
- (d) *Amendment of Plan.* The Committee may amend, suspend or terminate the Plan or any portion thereof at any time, subject to any shareholder approval that the Committee determines to be necessary or advisable.
- (e) *Termination of Plan.* The Plan will terminate on November 29, 2006, the date which is ten years from the earlier of the date of its adoption by the Board of Directors and the date of its approval by the shareholders. The Plan may be terminated at an earlier date by vote of the shareholders or the Board of Directors of the Company, provided, however, that any such earlier termination shall not affect any Option Agreements executed prior to the effective date of such termination date.
- (f) *Governing Law.* The provisions of the Plan shall be governed by and interpreted in accordance with the laws of the Commonwealth of Massachusetts.

EPIX MEDICAL, INC.**Amended and Restated 1996 Director Stock Option Plan***1. Purpose.*

This Amended and Restated 1996 Director Stock Option Plan (the "Plan") governs options to purchase Common Stock, \$.01 par value per share (the "Common Stock"), of EPIX Medical, Inc. (the "Company") granted by the Company to members of the Board of Directors of the Company who are not also officers or employees of the Company. The purpose of the Plan is to attract and retain qualified persons to serve as Directors of the Company and to encourage ownership of the Common Stock of the Company by such Directors.

2. Administration.

Grants of stock options under the Plan shall be automatic as provided in Section 8. However, all questions of interpretation of the Plan or of any options granted hereunder shall be determined by the Board of Directors of the Company (the "Board"). Any and all powers of the Board under the Plan may be exercised by a committee consisting of one or more Directors appointed by the Board.

3. Eligibility.

Members of the Board who are not also officers or employees of the Company shall be eligible to participate in the Plan.

4. Shares Subject to the Plan.

Options may be granted under the Plan in respect of a maximum of 300,000 shares of Common Stock, subject to adjustment as provided in Section 5 below. Shares to be issued upon the exercise of options granted under the Plan may be either authorized but unissued shares or shares held by the Company in its treasury. Whenever options under the Plan lapse or terminate or otherwise become unexercisable, the shares of Common Stock which were available for such options shall again be available for the grant of options under the Plan. The Company shall at all times while the Plan is in force reserve such number of shares of Common Stock as will be sufficient to satisfy the requirements of the Plan.

5. Adjustment of Number of Option Shares.

In the event of a stock dividend, split-up, combination or reclassification of shares, recapitalization or other similar capital change relating to the Company's Common Stock, the maximum aggregate number and kind of shares or securities of the Company as to which options may be granted under this Plan and as to which options then outstanding shall be exercisable, and the option price of such options shall be appropriately adjusted so that the proportionate number of shares or other securities as to which options may be granted and the proportionate interest of holders of outstanding options shall be maintained as before the occurrence of such event.

B-1

In the event of any reorganization, consolidation or merger to which the Company is a party and in which the Company does not survive, or upon the dissolution or liquidation of the Company, all outstanding options shall terminate; provided, however, that (i) in the event of the liquidation or dissolution of the Company, or in the event of any such reorganization, consolidation or merger in which the Company does not survive and with respect to which the resulting or surviving corporation does not assume such outstanding option or issue a substitute option therefor, such option shall be exercisable in full, without regard to any installment restrictions on exercise imposed pursuant to this Plan or any Option Agreement, during such period preceding the effective date of such liquidation, dissolution, reorganization, consolidation or merger (unless such option is terminated earlier by its terms) as may be specified by the Board; and (ii) in the event of any such reorganization, consolidation or merger, the Board may, in its good faith discretion, arrange to have the resulting or surviving corporation assume such outstanding option or issue a substitute option therefor.

No fraction of a share shall be purchasable or deliverable upon exercise of an option, but, in the event any adjustment hereunder of the number of shares covered by the option shall cause such number to include a fraction of a share, such fraction shall be adjusted to the nearest smaller whole number of shares.

6. Non-Statutory Stock Options.

Edgar Filing: EPIX MEDICAL INC - Form DEF 14A

All options granted under the Plan shall be non-statutory options not entitled to special tax treatment under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code").

7. Form of Option Agreements.

Options shall be granted hereunder pursuant to the terms of Option Agreements which shall be substantially in a form as the Board may from time to time determine.

8. Grant of Options and Option Terms.

Automatic Grant of Options.

- (i) Each non-employee director of the Company who is elected or reelected to the Board of Directors shall, upon his or her election or reelection, automatically be granted options to purchase 25,000 shares of Common Stock, which options shall become exercisable in equal installments over a three year period on each anniversary of the grant, provided that the optionee is still a director of the Company at the opening of business on such date.
- (ii) In addition, each non-employee director of the Company shall automatically be granted options to purchase 5,000 shares of Common Stock annually in the years in which such director is not up for reelection to the Board. Such options shall become exercisable in full on the first anniversary date of the grant, provided that the optionee is still a director of the Company at the opening of business on such date.

No options shall be granted hereunder after ten years from the date on which this Plan was initially approved and adopted by the Board.

B-2

Date of Grant. The "Date of Grant" for options granted under this Plan shall be (i) the date of the respective director's election, for each grant pursuant to clause (i) of the preceding paragraph and (ii) the date of the respective annual meeting of stockholders, for each grant pursuant to clause (ii) of the preceding paragraph.

Option Price. The option price for each option granted under this Plan shall be the current fair market value of a share of Common Stock of the Company as determined by the Board of Directors in good faith, provided that if the Company's Common Stock is then quoted on the National Association of Securities Dealers Automated Quotations National Market ("Nasdaq") or traded on any other exchange, then the current fair market value of a share of Common Stock of the Company shall be the closing price for the Company's Common Stock as reported by Nasdaq, or the principal exchange on which the Company's Common Stock is then traded, on the last trading day prior to the Date of Grant.

Term of Option. The term of each option granted under the Plan shall be ten years from the Date of Grant.

Period of Exercise. Options granted under the Plan shall become exercisable in five equal installments on each of the first, second, third, fourth and fifth anniversaries of the Date of Grant if and only if the option holder is a member of the Board at the opening of business on that anniversary date. Directors holding exercisable options under the Plan who cease to serve as members of the Board of the Company for any reason other than death may, for a period of seven months following the date of cessation of service, exercise the rights they had under such options at the time they ceased being a Director. Any rights that have not yet become exercisable shall terminate upon cessation of membership on the Board. Upon the death of a Director, those entitled to do so under the Director's will or the laws of descent and distribution shall have the right, at any time within twelve months after the date of death, to exercise in whole or in part any rights which were available to the Director at the time of his death. The rights of the option holder may be exercised by the holder's guardian or legal representative in the case of disability and by the beneficiary designated by the holder in writing delivered to the Company or, if none has been designated, by the holder's estate or his or her transferee on death in accordance with this Plan, in the case of death. Options granted under the Plan shall terminate, and no rights thereunder may be exercised, after the expiration of the applicable exercise period. Notwithstanding the foregoing provisions, no rights under any options may be exercised after the expiration of ten years from their Date of Grant.

Method of Exercise and Payment. Each exercise of an option hereunder may be effected only by giving written notice, in the manner provided in Section 12 hereof, of intent to exercise the option, specifying the number of shares as to which the option is being exercised, and accompanied by full payment of the option price for the number of shares then being acquired. Such payment shall be made in cash, by certified or bank check payable to the order of the Company, credit to the Company's account at a financial or brokerage institution on the date of

exercise or a payment commitment of such an institution acceptable to the Company, or if the option so provides, (i) in shares of Common Stock having an aggregate Fair Market Value, at the time of such payment, equal to the total option price for the number of shares of Common Stock for which payment is then being made, or (ii) partly in cash or by certified or bank check payable to the order of the Company and the balance in shares of Common Stock having an aggregate Fair Market Value, at the time of such payment, equal to the difference between the total option price for the number of shares of Common Stock for which

B-3

payment is then being made and the amount of the payment in cash or by certified or bank check. Shares of Common Stock surrendered in payment of all or part of the option price shall have been held by the person exercising the option free of restrictions imposed by the Company for at least six months unless otherwise permitted by the Board. For purposes hereof, the "Fair Market Value" of the Common Stock shall be the current fair market value of a share of Common Stock of the Common Stock of the Company as determined by the Board of Directors in good faith, provided that if the Company's Common Stock is then quoted on Nasdaq or traded on any other exchange, then the Fair Market Value shall be the closing price for the Company's Common Stock as reported by Nasdaq, or the principal exchange on which the Company's Common Stock is then traded, for the business day immediately preceding the option exercise date.

Receipt by the Company of such notice and payment shall, for purposes of this Plan, constitute exercise of the option or a part thereof. Within twenty (20) days thereafter, the Company shall deliver or cause to be delivered to the optionee a certificate or certificates for the number of shares of Common Stock then being purchased by the optionee. Such shares shall be fully paid and non-assessable. If any law or applicable regulation of the Securities and Exchange Commission or other public regulatory authority (including, but not limited to, a stock exchange) shall require the Company or the optionee (i) to register or qualify, under the Securities Act of 1933, as amended (the "Securities Act"), any similar federal statute then in force or any state law regulating the sale of securities, any shares of Common Stock covered by an option with respect to which notice of intent to exercise shall have been delivered to the Company or (ii) to take any other action in connection with such shares before issuance thereof may be effected, then the delivery of the certificate or certificates for such shares shall be postponed until completion of the necessary action, which the Company shall take in good faith and without delay. All such action shall be taken by the Company at its own expense.

To the extent determined necessary by counsel to the Company to comply with any applicable law, the Company may require an individual exercising an option to represent that his purchase of shares of Common Stock pursuant to such exercise is for his own account, for investment and without a view to resale or distribution, and that he will not sell or otherwise dispose of any such shares except pursuant to (i) an effective registration statement covering such transaction filed with the Securities and Exchange Commission and in compliance with all of the applicable provisions of the Securities Act, and the rules and regulations thereunder, or (ii) an opinion of Company counsel that such registration is not required.

Non-transferability. Options granted under the Plan shall not be transferable by the holder thereof otherwise than by will or the laws of descent and distribution or by such other means as may be permitted by Rule 16b-3 (or any successor provision) under the Securities Exchange Act of 1934, as amended ("Rule 16b-3").

9. *Limitation of Rights.*

No Right to Continue as a Director. Neither the Plan, nor the granting of an option or any other action taken pursuant to the Plan, shall constitute an agreement or understanding, express or implied, that the Company will retain an optionee as a Director for any period of time or at any particular rate of compensation.

B-4

No Stockholders' Rights for Options. Directors shall have no rights as stockholders with respect to the shares covered by their options until the date they exercise such options and pay the option price to the Company, and no adjustment will be made for dividends or other rights for which the record date is prior to the date such option is exercised and paid for.

10. *Stockholder Approval.*

The Plan is subject to approval by the stockholders of the Company by the affirmative vote of the holders of a majority of the shares of voting capital stock present or represented and entitled to vote at a meeting of the Company's stockholders. In the event such approval is not obtained, all options granted under this Plan shall be void and without effect.

11. Amendment or Termination

The Board may amend or terminate this Plan at any time subject to any stockholder approval that the Board deems necessary.

12. Notices.

Any communication or notice required or permitted to be given under this Plan shall be in writing and mailed by registered or certified mail or delivered in hand, if to the Company, to its Sr. Vice President and Chief Financial Officer at EPIX Medical, Inc., 71 Rogers Street, Cambridge, Massachusetts 02142-0118 and, if to an optionee, to such address as the optionee shall last have furnished to the Company.

13. Governing Law.

The Plan shall be governed by and construed in accordance with the laws of the Commonwealth of Massachusetts.

12. Employees' Rights as Shareholders.

No participating employee shall have any rights as a shareholder in the Shares covered by a right granted hereunder until such right has been exercised, full payment has been made for the corresponding Shares and the Share certificate is actually issued.

13. Rights Not Transferable.

Rights under the Plan are not assignable or transferable by a participating employee and are exercisable only by the employee.

14. Amendments to or Discontinuation of the Plan.

The Board of Directors of the Company shall have the right to amend, modify or terminate the Plan at any time without notice; provided, however, that the then existing rights of all participating employees shall not be adversely affected thereby, and provided further that, subject to the provisions of Section 7 above, no such amendment to the Plan shall, without the approval of the shareholders of the Company, increase the total number of Shares which may be offered under the Plan.

C-3

15. Effective Date and Approvals.

This Plan became effective on November 29, 1996, the date which is the earlier of the date of its adoption by the Board of Directors and the date of its approval by the shareholders of the Company.

The Company's obligation to offer, sell and deliver its Shares under the Plan is subject to (i) the approval of any governmental authority required in connection with the authorized issuance or sale of such Shares, (ii) satisfaction of the listing requirements of any national securities exchange on which the Shares are then listed and (iii) compliance, in the opinion of the Company's counsel with, all applicable federal and state securities and other laws.

16. Term of Plan.
