Outstanding Securities and Voting Rights; Revocability of Proxies

The authorized capital stock of the Company consists of 100,000,000 shares of common stock, par value \$.001 per share ("Common Stock"), of which 25,093,652 shares were issued and outstanding on the Record Date, and 5,000,000 shares of serial preferred stock, par value \$.001 per share, of which no shares were issued and outstanding on the Record Date. A majority of the outstanding shares of Common Stock constitutes a quorum for the conduct of business at the Meeting. Abstentions will be treated as shares present and entitled to vote for purposes of determining the presence of a quorum. Each Stockholder is entitled to one vote, in person or by proxy, for each share of Common Stock standing in his or her name on the books of the Company as of the Record Date on any matter submitted to the stockholders.

The Company's Certificate of Incorporation does not authorize cumulative voting. For the election of directors, the two persons receiving the highest number of votes "FOR" will be elected. Accordingly, abstentions from voting and votes "WITHHELD" in the election of directors have no legal effect.

Unless otherwise required by law, the Certificate of Incorporation, or Bylaws, the ratification of auditors and other proposals that may properly come before the Meeting require the affirmative vote of the majority of shares present in person or by proxy at the Meeting and entitled to vote.

A Proxy for use at the Meeting is enclosed. The Proxy must be signed and dated by you or your authorized representative or agent. You may revoke a Proxy at any time before it is exercised at the Meeting by submitting a written revocation to the Secretary of the Company or a duly executed Proxy bearing a later date or by voting in person at the Meeting. Attendance at the Meeting will not in and of itself constitute revocation of a proxy.

If you hold your Common Stock in "street name" and you fail to instruct your broker or nominee as to how to vote your Common Stock, your broker or nominee may, in its discretion, vote your Common Stock "FOR" the election of the Board of Director's nominee.

Unless revoked, the shares of Common Stock represented by properly executed Proxies will be voted in accordance with the instructions given thereon. In the absence of any instruction in a properly executed Proxy, your shares of Common Stock will be voted "FOR" the election of the nominee for director set forth herein.

Edgar Filing: EAST WEST BANCORP INC - Form DEF 14A

The enclosed Proxy confers discretionary authority with respect to matters incident to the Meeting and any other proposals which management did not have notice of at least 45 days prior to the date on which the Company mailed its proxy material for last year's annual meeting of stockholders. As of the date hereof, management is not aware of any other matters to be presented for action at the Meeting. However, if any other matters properly come before the Meeting, the Proxies solicited hereby will be voted by the Proxyholders in accordance with the recommendations of the Board of Directors.

The Board of Directors Recommends a Vote "For" All Nominees

Board of Directors and Nominees

The Company's Certificate of Incorporation and Bylaws provide that the number of directors shall be determined from time to time by the Board of Directors but may not be less than five. The Board of Directors is currently composed of seven members. The Bylaws further provide for the division of the directors into three classes of approximately equal size. Two members shall be elected to a three-year term at the Meeting of Stockholders in 2004, two members shall be elected to a three-year term at the annual meeting of stockholders in 2005, and three members shall be elected to a three-year term at the annual meeting of stockholders in 2006.

In the event that Ms. Gouw or Dr. Cherng should be unable to serve as a director, it is intended that the Proxies will be voted for the election of such substitute nominee, if any, as shall be designated by the Board of Directors. Consideration of Director Nominees

Stockholder nominees

Edgar Filing: EAST WEST BANCORP INC - Form DEF 14A

The policy of the Nominating/Corporate Governance Committee is to consider properly submitted stockholder nominations for candidates for membership on the Board as described below under "Identifying and Evaluating Nominees for Directors." In evaluating such nominations, the Nominating/Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board and to address the membership criteria set forth under "Director Qualifications." Any Stockholder nominations proposed for consideration by the Nominating/Corporate Governance Committee should include the nominee's name and qualifications for Board membership and should be addressed to:

Corporate Secretary
East West Bancorp, Inc.
415 Huntington Drive
San Marino, CA 91108

In addition, nominations for director may be made by any stockholder entitled to vote for the election of directors if proper notice is given in accordance with the Bylaws. Notice of a stockholder's intention to make any nominations must be made in writing and must be delivered to the Secretary of the Company at the principal executive offices of the Company, no later than the close of business on the sixtieth (60th) day nor earlier than the close of business on the ninetieth (90th) day prior to the meeting at which directors are to be elected. However, in the event that less than sixty-five (65) days notice of the meeting is given to stockholders, notice by the stockholder to be timely must be delivered not later than the close of business on the seventh (7th) day following the date of mailing notice of the meeting to stockholders. Such notification shall contain the following information: (a) all information about each proposed nominee that would be required in a proxy solicitation under the federal proxy rules; (b) the name and address of the notifying stockholder; and (c) the number of shares of the Company's Common Stock beneficially owned by the notifying stockholder. Nominations not made in accordance with the requirements in the Bylaws may be disregarded.

Director Qualifications

The Company's Corporate Governance Guidelines contain Board membership criteria that apply to Nominating/Corporate Governance Committee-recommended nominees for a position on the Board. Under these criteria, members of the Board should have the highest professional and personal ethics and values. They should have broad experience at the policy-making level in business, government, education, finance, accounting, law or public interest. They should be committed to enhancing stockholder value and should have sufficient time to carry out their duties and to provide insight and practical wisdom based on experience. Their service on other boards of public companies should be limited to a number that permits them, given their individual circumstances, to perform responsibly all director duties.

Identifying and Evaluating Nominees for Directors

The Nominating/Corporate Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Nominating/Corporate Governance regularly assesses the appropriate size of the Board, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating/Corporate Governance Committee considers various potential candidates for director. Candidates may come to

the attention of the Nominating/Corporate Governance Committee through current Board members, professional search firms, stockholders or other persons. These candidates are evaluated at regular or special meetings of the Nominating/Corporate Governance Committee, and may be considered at any point during the year. As described above, the Nominating/Corporate Governance Committee considers properly submitted stockholder nominations for candidates for the Board. Following verification of the stockholder status of persons proposing candidates, recommendations are aggregated and considered by the Nominating/Corporate Governance Committee at a regularly scheduled meeting, which is generally the first or second meeting prior to the issuance of the proxy statement for the Company's annual meeting. If any materials are provided by a stockholder in connection with the nomination of a director candidate, such materials are forwarded to the Nominating/Corporate Governance Committee. In evaluating such nominations, the Nominating/Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board.

COMMUNICATIONS WITH THE BOARD

The Company's Board of Director welcomes suggestions and comments from stockholders. All stockholders are encouraged to attend the annual meeting of stockholders where senior management and outside auditors, as well as members of the Board, will be available to answer questions. Stockholders may also send written communications to the Board by writing to the Secretary of the Board of Directors at East West Bancorp, Inc., 415 Huntington Drive, San Marino, CA 91108. All communications (other than commercial communications soliciting the sale of

Edgar Filing: EAST WEST BANCORP INC - Form DEF 14A

goods or services to, or employment with, the Company or directors of the Company) will be directed to the appropriate committee or to the Chairman of the Board or to any individual director specified in the communication, as applicable.

Executive sessions of non-management directors are generally held after every regularly scheduled Board meeting, at least six times a year. The sessions are scheduled and chaired by a presiding director on a rotating basis by the Chair of the Audit Committee, the Compensation Committee, and the Nominating/Corporate Governance Committee. Any non-management director can request that an additional executive session be scheduled.

STOCK OWNERSHIP GUIDELINES

Directors and executive officers are encouraged to own the Company's Common Stock to further align management's financial interests with stockholders' interests. Under the Company's stock ownership guidelines for directors, all directors who have served at least one three-year term should accumulate at least \$50,000 of Common Stock. Guidelines for senior officers are also in place and constitute share ownership in an amount having a market value equivalent to a multiple of the individual's annual base salary, depending upon that individual's management level, to be achieved within three years of becoming subject to the guideline. Stock ownership guidelines for directors and senior officers can be found through the Company's website at <http://www.eastwestbank.com> by clicking on Investor Information and then Corporate Governance.

COMPENSATION OF EXECUTIVE OFFICERS

Summary Compensation Table

It is expected that until the executive officers of the Company begin to devote significant time to the separate management of the Company and the Bank, which is not expected to occur until such time as the Company becomes actively involved in additional businesses, the executive officers will only receive compensation for services as executive officers and employees of the Bank, and no separate compensation will be paid for their services to the Company. The following table sets forth the name and compensation of the Named Executive Officers for the fiscal years ended December 31, 2003, 2002, and 2001:

- (1) Includes compensation deferred at election of executive and the year upon which such compensation was earned.
- (2) Represents interest paid on deferred compensation that, under applicable SEC guidelines, is deemed above-market interest.
- (3) Represents employer contributions to the 401(k) Plan, unused vacation pay, automobile allowances, and financial planning services, and employer matching contributions to a separate officers' excess plan to compensate for salary and bonus limitations of permitted 401(k) contributions. The excess plan was terminated in 2003. The named executive officers are also provided with certain group life, health, and medical and other non-cash benefits generally available to all salaried employees and not included in this column pursuant to SEC rules.
- (4) \$350,000 of this amount was a special one-time bonus paid in 2002 as a result of the determination of the Compensation Committee that CEO compensation was, for at least several years, less than merited, based on performance and as compared to peer banks. The options granted in 2002 to the CEO were intended by the Compensation Committee to be considered a three-year grant of stock options, with a new grant being considered in 2005.

(1) The options were granted pursuant to the Stock Incentive Plan. The options become exercisable in annual installments of 25% on each of the first, second, third and fourth anniversary dates of the grant. The options may be exercised at any time prior to their expiration by tendering the exercise price in cash, check or in shares of stock valued at fair market value on the date of exercise. In the event of a change in control (as defined), the options will become exercisable in full. The options may be amended by mutual agreement of the optionee and East West Bancorp.

(2) The estimated present value at grant date of options granted during fiscal year 2003 has been calculated using the Black-Scholes option pricing model, based upon the following assumptions: estimated time until exercise of 3.5 years; risk-free interest rate of 2.3%, representing the interest rate on U.S. government zero-coupon bonds with maturities corresponding to the estimated time until exercise; a volatility rate of 33.4%; and a dividend yield of 1.2%, representing the current \$0.40 per share annualized dividends divided by the fair market value of the common stock on the date of grant. The approach used in developing the assumptions upon which the Black-Scholes valuation was done is consistent with the requirements of Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation."

Retirement Plans

The Company has two retirement plans. The Company's 401(k) Plan (the "401(k) Plan") is a qualified retirement plan under the Internal Revenue Code of 1986 as amended (the "Code") and is open to all employees of the Company and its subsidiaries with at least three months of service. In 2003, the Company matched 100% of employee salary contributions to the 401(k) Plan, up to a maximum contribution of \$12,000 per employee. The matching is in the form of the Company's Common Stock, and the employees are not restricted in their ability to sell the Common Stock and reinvest in other permitted investments.

The Company also has a Supplemental Executive Retirement Plan (the "SERP") which provides supplemental retirement benefits to certain employees whose contributions to the 401(k) Plan are, under applicable Internal Revenue Service regulations, limited. The Board of Directors designates those employees who are eligible to participate in the SERP. The Board has designated Mr. Ng, Ms. Gouw, Mr. Chow and Mr. Krause as participants in the SERP. Benefits under the SERP include income generally payable commencing upon a designated retirement date until age 80 and a death benefit for the participant's designated beneficiaries based on the present value of the projected future payments. Participants will be entitled to a projected benefit equal to 50% of his or her 2001 total compensation, adjusted 3% per year for cost of living. The designated retirement date is the 20th anniversary of employment by the Company and early retirement after 15 years is permitted with lower benefits. SERP benefits begin to vest after 15 years of service, however vesting accelerates to 100% upon a change in control of the Company. Upon a termination of employment for "cause," the participant forfeits all benefits. The participant is entitled to all vested benefits in the case of a termination without "cause," however, if a participant voluntarily resigns prior to becoming 100% vested, his or her benefits are forfeited. The Company has purchased life insurance contracts on the participants in order to finance the cost of these benefits and it is anticipated that, because of the tax-advantaged effect of this life insurance investment, the return on the life insurance contracts will be approximately equal to the accrued benefits to the participants under the SERP, other than in the event of accelerated vesting because of a change of control. As of December 31, 2003, Mr. Ng, Ms. Gouw, Mr. Chow and Mr. Krause respectively had 12, 14, 10 and 7 years of service under the SERP.

The SERP is an unfunded non-qualified plan, which means that the participants have no rights under the SERP beyond those of a general creditor of the Company, and there are no specific assets set aside by the Company in connection with the plan. There are accordingly no assurances to the

participants that the Company will upon retirement be able to pay the accrued benefits. The SERP is not an employment contract.

Employment and Change of Control Agreements

The Bank, the Company's principal subsidiary, has entered into employment agreements with certain of its executive officers intended to ensure that the Bank will be able to maintain a stable and competent management base. The Bank entered into an employment agreement with its CEO, Mr. Ng, in June 1998 in connection with the sale of the Bank by its prior stockholders. This employment agreement provides for a three-year term, which extends automatically unless written notice of non-renewal is given by the Board of Directors after conducting a performance evaluation. In addition to a base salary and bonus to be determined annually, the employment agreement provides for, among other things, participation in stock benefit plans and other fringe benefits applicable to executive personnel and four weeks paid vacation per year.

In the event the Bank chooses to terminate Mr. Ng's employment for any reason other than for cause (as defined in the employment agreement), or in the event of Mr. Ng's resignation from the Bank upon (i) failure to re-elect him to his current offices; (ii) a material change in his functions, duties or responsibilities; (iii) a relocation of his principal place of employment by more than 25 miles; (iv) liquidation or dissolution of the Bank; (v) a breach of the agreement by the Bank; or (vi) his death or permanent disability, Mr. Ng, or, in the event of death, his beneficiary, would be entitled to receive an amount equal to the greater of (i) the remaining payments due to him and the contributions that would have been made on his behalf to any employee benefit plans of the Bank during the remaining term of the employment agreement and (ii) three times the preceding taxable year's base salary and bonus. In addition, Mr. Ng will be entitled to an additional payment to the extent he

is subject to an excise tax because such severance benefits constitute "excess parachute payments," as defined in the Code. In general, under the Code, an "excess parachute payment" is the amount by which payments contingent on a change in ownership or control exceed three times the employee's average annual compensation over five years.

Certain other executive officers have agreements providing that, should they be terminated without cause or should they resign for good reason, including a detrimental change in responsibilities or a reduction in salary or benefits, the Bank shall pay such executive officer a designated lump sum. The payments range from six months to three years of base salary plus bonuses and certain benefits.

If all of the executive officers with these agreements were terminated without cause following a change in control, the executive officers would be entitled to receive an aggregate payment of approximately \$11.5 million (estimated as of February 29, 2004). In addition, existing options and restricted stock issued under the Company's 1998 Stock Incentive Plan and benefits under the SERP, also will vest upon a change of control. Although the above-described employment agreements could increase the cost of any acquisition of control of the Company or the Bank, management does not believe that the terms thereof would have a significant anti-takeover effect.

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Company's Compensation Committee establishes the general policies regarding compensation of the executive officers and approves the specific compensation levels for the Chief Executive Officer. The Compensation Committee also reviews the compensation of the executive officers and approves all grants of incentive shares. The members of the Compensation Committee are Peggy Cherng, Keith Renken, and Jack Liu as its chairman. Each member of the Compensation Committee is independent under the standards of Rule 4200(a)(15) of the National Association of Securities Dealers listing standards.

13

Set forth below is a report of the Company's Compensation Committee addressing the compensation policies for 2003 applicable to the Company's Chief Executive Officer.

OVERALL PHILOSOPHY

The goals of the executive compensation and benefits programs are to enable the Company to attract and retain high caliber executives, provide a total compensation package in a cost effective manner, encourage management ownership of the Company's Common Stock and to maximize return to its stockholders.

The Company's philosophy is to provide a compensation program that is designed to reward achievement of the Company's goals and objectives and to provide total compensation opportunities that are competitive when compared with those of comparable financial institutions.

To achieve these objectives:

The principal objective of the salary program is to maintain salaries that are targeted at the median for comparable positions in similarly sized financial institutions,

Annual incentives are designed to reward for overall Company success and individual performance and provide total cash compensation opportunities above competitive levels when warranted by performance, and

The principal objective of the long-term stock-based incentive plan is to align management's financial interests with those of the Company's stockholders, provide incentive for management ownership of the Company's Common Stock, support the achievement of long-term financial objectives, and provide for long term incentive reward opportunities.

Employee benefits are offered to provide a competitive total compensation program and to encourage retention of key employees.

ELEMENTS OF THE COMPENSATION PROGRAM

Edgar Filing: EAST WEST BANCORP INC - Form DEF 14A

There are three principal elements of the executive compensation program base salary, bonus compensation (annual incentive) and long-term stock-based incentive compensation (stock options or restricted stock). In determining each component of compensation, the total compensation package of each executive is considered.

Base Salaries

The salary of each executive officer is determined initially according to competitive pay practices, level of responsibility, prior experience, and breadth of knowledge, as well as internal equity issues. The Company uses its discretion rather than a formal weighting system to evaluate these factors and to determine individual base salary levels. Thereafter, base salaries are reviewed on an annual basis, and increases are made based on a subjective assessment of each executive's performance, as well as the factors described above.

Annual Incentives

The Company provides annual incentives to all employees, including executive officers. Annual incentives are intended to reward for overall Company success and individual performance and provide total cash compensation opportunities above competitive levels when warranted by performance. In 2002, the stockholders of the Company approved the Company's Performance-Based Bonus Plan (the "Bonus Plan"). The Bonus Plan was adopted in light of Code Section 162(m), which does not permit a publicly traded company to deduct compensation in excess of \$1,000,000 unless the compensation in excess of \$1,000,000 is "performance based." The Bonus Plan is structured so that bonuses paid under

14

the Plan will qualify as "performance-based" compensation. To qualify as performance-based, the bonus must be determined by measurable and objective financial criteria, such that the amount of the bonus, once the formula is established, is non-discretionary. Because bonuses are paid under the Bonus Plan only if the Company's financial or other results meet or exceed certain quantifiable performance goals established by the Compensation Committee, the Compensation Committee believes that the Company may deduct such bonuses for Federal income tax purposes even if the bonus payments, together with salary, paid to an executive officer in any one year may exceed \$1 million. Currently, Mr. Ng, the CEO of the Company, is the only officer participating in the Bonus Plan.

For other executive officers' bonuses, the Company considers individual contributions, business unit performance and overall corporate performance. Actual awards, if any, are also based on a subjective assessment of each executive officer's individual performance. No formal weightings are assigned to these levels of performance.

Long-Term Stock-Based Incentives

The Company believes that long-term incentive compensation opportunities should be dependent on stock-based measures to strengthen the alignment between management's interests and those of Company's stockholders. Under its 1998 Stock Incentive Plan, the Company generally grants incentive shares to all executive officers of the Company and the Bank. All stock options have been granted at an option price not less than the fair market value of the common stock on the date of grant. Thus, stock options have value only if the stock price appreciates from the date the options are granted. The result is a focus by all executive officers on the creation of stockholder value over the long term.

In determining the number of incentive shares granted to individual executives, individual contributions, business unit performance, competitive practices, the number of incentive shares previously granted, and value of the stock on the date of the grant are considered. Formal weightings have not been assigned to these factors.

CHIEF EXECUTIVE OFFICER COMPENSATION

The bonus of the Chief Executive Officer is described in the Summary Compensation Table. This indicated bonus was determined pursuant to the Bonus Plan and the terms of Mr. Ng's employment contract. The bonus was based on the satisfaction of performance criteria determined by the Board. The performance criteria established for 2003 were based on the following target goals with the following weightings: Earnings per Share 20%; Non-Performing Assets 20%; Return on Equity 15%; Return on Assets 15%; Deposit Increase 10%; Loan Increase 10%; and Non-Interest Income Increase 10%. The targeted bonus amount was 125% of base salary and is adjusted up or down depending on the degree of goal achievement. Goal achievement of 66²/₃% or less results in a bonus of 0, goal achievement of less than 100% results in a 3¹/₃% drop in bonus for every 1% reduction in goal achievement, and goal achievement of over 100% results in an increased bonus of 3¹/₃% for every 1% increase in goal achievement. The maximum bonus will be 250% of base salary. The bonus paid for 2003 was derived strictly from this formula, with no adjustments being made by the Compensation Committee and no bonuses being paid outside of the Bonus Plan.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company from time to time may lend money through its subsidiary the Bank to various directors and corporations or other entities in which a director may own a controlling interest. These loans (i) are made in the ordinary course of business, (ii) are made on substantially the same terms, including interest rate and collateral, as those prevailing at the time for comparable transactions with

17

other persons, and (iii) do not involve more than a normal risk of collectibility and do not present other unfavorable features. The Company does not have, and does not intend to make, any loans to executive officers. None of the directors or executive officers of the Company, or any associate or affiliate of such persons, had any other material interest, direct or indirect, in any transaction during the past year or any proposed transaction with the Company.

INDEPENDENT AUDITORS

The independent auditor of the Company and the Bank is Deloitte & Touche LLP. Deloitte & Touche LLP performs both audit and non-audit professional services for and on behalf of the Company and its subsidiaries.

The following table sets forth information regarding the aggregate fees billed for services rendered by Deloitte & Touche LLP for the fiscal years ended December 31, 2003 and 2002:

	2003	2002
Audit Fees(a)	\$ 184,800	\$ 221,100
Audit-Related Fees(b)	\$ 66,000	\$
Tax Fees(c)	\$	\$
All Other Fees(d)	\$ 18,310	\$ 77,058

- (a) Includes fees paid by the Company to Deloitte & Touche for professional services rendered by Deloitte and Touche for the audit of the Company's consolidated financial statements in the Form 10-K and review of financial statements included in Form 10-Qs and for services that are normally provided by an accountant in connection with statutory and regulatory filings or engagements.
- (b) Includes fees for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements, including examinations of management assertions as to the effectiveness of internal control over financial reporting.
- (c) Includes fees for tax compliance, tax advice and tax planning.
- (d) Includes fees for any service not included in the first three categories above, including services rendered in connection with audits of the Company's 401(K) Plan.

Edgar Filing: EAST WEST BANCORP INC - Form DEF 14A

All work performed by independent auditors must be pre-approved by the Audit Committee. All audit-related, tax and other services were reviewed and approved by the Audit Committee, which concluded that the provision of these limited services by Deloitte & Touche LLP did not compromise that firm's independence in the conduct of its auditing function. All professional services rendered by Deloitte & Touche LLP during 2003 were furnished at customary rates and terms.

PROPOSAL NO. 2

MISSION

The Audit Committee is appointed by the Board of Directors of East West Bancorp, Inc. (the "Company") to assist in monitoring (1) the integrity of the financial statements of the Company, (2) the compliance by the Company with legal and regulatory requirements, and (3) the independence and performance of the internal and external auditors of the Company.

MEMBERSHIP

The Audit Committee shall consist of at least three members. The members of the Audit Committee shall be appointed by the Board of the Company. The Committee may act as a joint committee with the audit committee of the Board of Directors of East West Bank

The members of the Audit Committee shall each be "independent," as such term is defined in the Sarbanes-Oxley Act of 2002 (the "Act") and regulations promulgated thereunder and under the rules of the NASDAQ National Market. If the Committee is acting as a joint committee with the audit committee of East West Bank, the members shall also each be "independent" as determined by the Board of East West Bank under Federal Deposit Insurance Corporation Regulation 363.5, and shall not include any large customers of East West Bank.

Each Committee member shall be able to read and understand financial statements. At least one Committee member shall have past employment experience in finance or accounting, requisite professional certification in accounting, or other comparable experience resulting in financial sophistication such that he or she meets the definition of a "financial expert" as such term is defined in regulations issued by the Securities and Exchange Commission (the "SEC") and such rules as may be issued by the NASDAQ National Market. In addition, at least two members must have banking or related financial management experience.

KEY RESPONSIBILITIES

The Committee shall perform the functions and have the responsibilities described below:

Oversight of Registered Public Accounting Firm.

In the course of its oversight of the registered public accounting firm as provided under this Charter, the Committee will be guided by the premise that the independent auditor is ultimately accountable to the Board and the Committee.

1. The Committee shall have the authority and responsibility to appoint, compensate and oversee auditing work of the independent auditor. The independent auditor shall report directly to the Committee.

2.

The Committee shall: (i) receive from the registered public accounting firm annually, a formal written statement delineating the relationships between the auditors and the Company consistent with Independence Standards Board Standard Number 1; (ii) discuss with the registered public accounting firm the scope of any such disclosed relationships and their impact or potential impact on the independent auditor's independence and objectivity; and (iii) recommend that the Board take appropriate action in response to the independent auditor's report to satisfy itself of the auditor's independence.

20

3.

The Committee shall review and approve the proposed scope of the annual independent audit of the Company's financial statements and the associated fees, as well as any significant variations in the actual scope of the independent audit and the associated fees. The Committee shall have authority to pay all fees and expenses of the registered public accounting firm as it deems appropriate.

4.

The Committee shall review the registered public accounting firm's report relating to reportable conditions in the internal control structure and financial reporting practices.

5.

The Committee shall approve in advance any non-audit service permitted by the Act that its registered public accounting firm renders to the Company, unless such prior approval may be waived because of permitted exceptions under the Act. This approval may be delegated to a member of the Committee, who may act on behalf of the Committee in this regard and report any such matters approved at the next Committee meeting.

6.

The Committee shall ensure that the lead audit partner assigned by the Company's independent auditor is changed at least every five years.

Oversight of Internal Auditors.

The Committee shall have oversight and responsibility for the internal audit department. The internal audit department shall report directly and solely to the Committee regarding both audit issues and administrative issues (e.g., resources, budget, appraisals, and compensation). The Committee shall have authority to hire or terminate personnel and approve budgets. The Committee shall review and discuss with management and the registered public accounting firm:

1.

The quality and adequacy of the Company's internal accounting controls.

2.

Organization of the internal audit department, the adequacy of its resources and the competence of the internal audit staff.

3.

The audit risk assessment process and the proposed scope of the internal audit department for the upcoming year and the coordination of that scope with registered public accounting firm.

4.

Results of the internal auditors examinations together with management's response thereto.

5.

Reports of any material defalcations.

Oversight of Management's Conduct of the Company's Financial Reporting Process.

1.

Audited Financial Statements. The Committee shall review and discuss with the registered public accounting firm the audited financial statements to be included in the Company's Annual Report on Form 10-K (or the Annual Report to Shareowners if distributed prior to the filing of Form 10-K) and review and consider with the registered public accounting firm the matters required to be discussed by the applicable Statement of Auditing Standards ("SAS"), including critical

accounting policies and practices, alternate treatments of financial information within generally accepted accounting principles that have been discussed with management officials of the Company, ramifications of the use of such alternative disclosure and the treatment preferred by the registered public accounting firm, and other material written communications between the registered public accounting firm and the management of the Company. The Committee will resolve any disagreements between management and the registered public accounting firm of the Company. Based on these discussions, the Committee will advise the Board of Directors whether it recommends that the audited financial statements be included in the Annual Report on Form 10-K (or the Annual Report to Shareowners).

21

2.

Interim Financial Statements. The Committee, through its Chairman or the Committee as a whole, will review, prior to the filing thereof, the Company's interim financial results to be included in the Company's quarterly reports on Form 10-Q and the matters required to be discussed by the applicable SAS. The Committee, through its Chairman or the Committee as a whole, will also review press releases submitted by management in connection with the release of quarterly, annual, or special financial statements.

3.

Financial Reporting Practices. The Committee shall review, as appropriate, unless already being reviewed by the Board: (i) Changes in the Company's accounting policies and practices and significant judgments that may affect the financial results. (ii) The nature of any unusual or significant commitments or contingent liabilities together with the underlying assumptions and estimates of management.

Significant findings of any examination by regulatory authorities or agencies and corrective actions regarding any deficiencies noted in regulatory examinations.

Other Duties

The Committee shall perform the following other duties and shall undertake such additional duties as may be delegated to it by the Board from time to time:

1.

Establish procedures for the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.

3.

Establish procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters.

5.

Make special studies of any allegations of managerial misconduct by its executives.

6.

Review on an annual basis the adequacy of this Charter.

The Committee is responsible for overseeing the above matters and activities by management and the registered public accounting firm. The Committee shall have access to all documents and personnel of the Company and its subsidiaries in performing its responsibilities. The management of the Company however, remain responsible for preparing the financial statements and the registered public accounting firm is responsible for auditing those financial statements. The management and the registered public accounting firm have more time, knowledge and more detailed information on the Company than do Committee members. Consequently, in carrying out its oversight responsibilities, the Committee is not providing any special assurance as to the Company's financial statements or any professional certification as to the independent auditor's work.

MEETINGS

Meetings of the Committee will be held at least quarterly and such other times as shall be required by the Chairman of the Board of the Company, or by a majority of the members of the

22

Committee.
