**CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION**

The information presented in this Form 10-Q includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934 in addition to historical information. These statements involve known and unknown risks and relate to future events, our future financial performance or our projected business results. In some cases, you can identify forward-looking statements by terminology such as "may," "will," "should," "expects," "plans," "anticipates," "believes," "estimates," "predicts," "targets," "potential" or "continue" or the negative of these terms or other comparable terminology.

Forward-looking statements are only predictions. Actual events or results may differ materially from any forward-looking statement as a result of various factors, which include:

**General Factors**

legislative and regulatory initiatives regarding deregulation, regulation or restructuring of the electric utility industry; changes in state, federal and other regulations (including rate and other regulations); changes in, or application of, environmental and other laws and regulations to which we and our subsidiaries and affiliates are subject;

the failure of our assets to perform as expected;

our pursuit of potential business strategies, including the disposition or utilization of assets, suspension of construction or internal restructuring;

changes in market conditions, including developments in energy and commodity supply, demand, volume and pricing or the extent and timing of the entry of additional competition in the markets of our subsidiaries and affiliates;

weather and other natural phenomena;

war, terrorist activities or the occurrence of a catastrophic loss;

## Edgar Filing: MIRANT CORP - Form 10-Q

deterioration in the financial condition of our counterparties and the resulting failure to pay amounts owed to us or to perform obligations or services due to us; and

the disposition of the pending litigation described in this Form 10-Q as well as the Company's Form 10-K for the year ended December 31, 2003.

### **Bankruptcy-Related Factors**

the actions and decisions of creditors of Mirant and of other third parties with interests in the voluntary petitions for reorganization filed on July 14, 2003, July 15, 2003, August 18, 2003, October 3, 2003 and November 18, 2003, by Mirant Corporation and substantially all of its wholly-owned and certain non-wholly-owned U.S. subsidiaries under Chapter 11 of the Bankruptcy Code;

the effects of the Chapter 11 proceedings on our liquidity and results of operations;

the instructions, orders and decisions of the bankruptcy court and other effects of legal and administrative proceedings, settlements, investigations and claims;

the ability of Mirant to operate pursuant to the terms of the debtor-in-possession financing agreement;

the ability of Mirant to successfully reject unfavorable contracts;

the ability of Mirant to obtain and maintain normal terms with vendors and service providers and to maintain contracts that are critical to our operations; and

the duration of Chapter 11 proceedings.

The ultimate results of the forward looking statements and the terms of any reorganization plan ultimately confirmed can affect the value of our various pre-petition liabilities, common stock and/or other securities. No assurance can be given as to what values, if any, will be ascribed in the bankruptcy proceedings to each of these constituencies. A plan of reorganization could result in holders of the liabilities and/or securities of the Company, Mirant Americas Generation and Mirant Mid-Atlantic receiving no value for their interests. Because of such possibilities, the value of these liabilities and/or securities is highly speculative. Accordingly, we urge that caution be exercised with respect to existing and future investments in any of these liabilities and/or securities.

The Company expressly disclaims any duty to update any information.

### **Factors that Could Affect Future Performance**

In addition to the discussion of certain risks in Management's Discussion and Analysis of Financial Condition and Results of Operations and the Notes to Mirant's consolidated financial statements, other factors that could affect the Company's future performance (business, financial condition or results of operations and cash flows) are set forth in the Company's 2003 Annual Report on Form 10-K.

As of March 31, 2004, Mirant owned or leased more than 17,000 MW of electric generating capacity.

Mirant manages its business through two principal operating segments. The Company's North America segment consists of power generation and trading and marketing operations. In North America, the Company trades and markets energy commodities to manage the financial performance of its power generation business and to enter into other energy trading positions, primarily in regions where it owns generating facilities or other physical assets. The International segment includes power generation businesses in the Philippines, Curacao and Trinidad and Tobago, and integrated utilities in the Bahamas and Jamaica. In the Philippines, over 80% of Mirant's generation output is sold under long-term contracts. The Company's operations in the Caribbean include fully integrated electric utilities, which generate, distribute and sell power to residential, commercial and industrial customers.

*Proceedings under Chapter 11 of the Bankruptcy Code*

On July 14, 2003 and July 15, 2003 ("Petition Date"), Mirant and 74 of its wholly-owned subsidiaries in the United States (collectively, the "Original Debtors") filed voluntary petitions for relief under Chapter 11 of the Bankruptcy Code in the U.S. Bankruptcy Court for the Northern District of Texas, Fort Worth Division ("Bankruptcy Court"). On August 18, 2003, October 3, 2003 and November 18, 2003, four additional wholly-owned subsidiaries and four affiliates of Mirant commenced Chapter 11 cases under the Bankruptcy Code (together with the Original Debtors, the "Mirant Debtors"). The Chapter 11 cases of the Mirant Debtors are being jointly administered for procedural purposes only under case caption *In re Mirant Corporation et al.*, Case No. 03-46590 (DML).

Additionally, on the Petition Date, certain of Mirant's Canadian subsidiaries, Mirant Canada Energy Marketing, Ltd. and Mirant Canada Marketing Investments, Inc., filed an application for creditor protection under the Companies Creditors' Arrangement Act in Canada ("CCAA"), which, like Chapter 11, allows for reorganization under the protection of the court system. These Canadian subsidiaries emerged from creditor protection on May 21, 2004. The accounting for their emergence will be reflected in the financial results for the three months ended June 30, 2004 and is not expected to have a material impact on the Company's operating results.

Mirant's businesses in the Philippines and the Caribbean were not included in the Chapter 11 filings.

The Mirant Debtors are continuing to operate their businesses as debtors-in-possession under the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the Bankruptcy Code, the Federal Rules of Bankruptcy Procedure, applicable court orders, as well as other applicable laws and rules. In general, as debtors-in-possession, each of the Mirant Debtors is authorized under the Bankruptcy Code to continue to operate as an ongoing business, but may not engage in

transactions outside the ordinary course of business without the prior approval of the Bankruptcy Court.

The Office of the United States Trustee has established a committee of unsecured creditors for Mirant Corporation and a committee of unsecured creditors for Mirant Americas Generation (collectively, the "Creditor Committees"). The Office of the United States Trustee has also established a committee of equity securities holders of Mirant Corporation (the "Equity Committee," and collectively with the Creditor Committees, the "Statutory Committees").

Subject to certain exceptions in the Bankruptcy Code, the Chapter 11 filings automatically stayed the initiation or continuation of most actions against the Mirant Debtors, including most actions to collect pre-petition indebtedness or to exercise control over the property of the bankruptcy estates. As a result, absent an order of the Bankruptcy Court, creditors are precluded from collecting pre-petition debts and substantially all pre-petition liabilities are subject to compromise under a plan or plans of reorganization to be developed by the Mirant Debtors later in the bankruptcy proceedings. One exception to this stay of litigation is actions or proceedings by a governmental agency to enforce its police or regulatory power.

Under the Bankruptcy Code, the Mirant Debtors also have the right to assume, assign, or reject certain executory contracts and unexpired leases, subject to the approval of the Bankruptcy Court and certain other conditions. The Mirant Debtors continue to evaluate their executory contracts in order to determine which contracts will be assumed, assigned, or rejected. For those contracts with an effective rejection date or amendment during the three months ended March 31, 2004, the Company recorded estimated damage claims as a component of reorganization expense of \$42 million in its unaudited condensed consolidated statement of operations and a liability subject to compromise on its unaudited condensed consolidated balance sheet.

At this time, it is not possible to accurately predict the effect of the Chapter 11 reorganization process on the business of the Mirant Debtors, or if and when, some or all of the Mirant Debtors may emerge from Chapter 11. The prospects for the future results depend on the timely and successful development, confirmation and implementation of a plan of reorganization. There can be no assurance that a successful plan or plans of reorganization will be proposed by the Mirant Debtors, supported by Mirant Debtors' creditors or confirmed by the Bankruptcy Court, or that any such plan or plans will be consummated. The rights and claims of various creditors and security holders will be determined by the applicable plans as well. Under the priority scheme established by the Bankruptcy Code, certain post-petition and pre-petition liabilities need to be satisfied before equity security holders are entitled to any distributions. The ultimate recovery to creditors and equity security holders, if any, will not be determined until confirmation of a plan or plans of reorganization. No assurance can be given as to what values, if any, will be ascribed in the bankruptcy proceedings to the interests of each of these constituencies, and it is possible that the equity interests in Mirant and the other Mirant Debtors, or other securities will be restructured in a manner that will reduce substantially or eliminate any remaining value. Whether or not a plan or plans of reorganization are approved, it is possible that the assets of any one or more of the Mirant Debtors may be liquidated.
