PROXY STATEMENT

QUESTIONS AND ANSWERS

Why am I receiving this proxy statement?

You are receiving this proxy statement and the accompanying proxy card because you own shares of common stock of Walker & Dunlop, Inc. This proxy statement contains information related to the solicitation of proxies for use at our 2012 annual meeting of stockholders, to be held at 10:00 a.m., Eastern Daylight Time, on Wednesday, June 13, 2012 at Hilton Garden Inn, 7301 Waverly Street, Bethesda, Maryland for the purposes stated in the accompanying Notice of Annual Meeting of Stockholders. This solicitation is made by Walker & Dunlop, Inc. on behalf of our Board of Directors. Unless otherwise stated, as used in this proxy statement, the terms "we," "our," "us" and the "Company" refer to Walker & Dunlop, Inc. This proxy statement, the enclosed proxy card and our 2011 annual report to stockholders are first being mailed to stockholders beginning on or about April 26, 2012.

What information is presented in this proxy statement?

The information contained in this proxy statement relates to the proposals to be voted on at the annual meeting of stockholders, the voting process, our Board of Directors and Board committees, the compensation of our directors and our executive officers for the fiscal year ended December 31, 2011, and other required information.

Who is entitled to vote at the annual meeting?

Only holders of record of our common stock at the close of business on April 5, 2012, the record date for the annual meeting of stockholders, are entitled to receive notice of the annual meeting and to vote at the annual meeting. Our common stock constitutes the only class of securities entitled to vote at the meeting.

When you vote by signing and returning the proxy card, you appoint William M. Walker and Deborah A. Wilson as your representatives to vote your common stock at the annual meeting. Mr. Walker and Ms. Wilson, or either of them, will vote your common stock as you instruct on your proxy card. Accordingly, your common stock will be voted whether or not you attend the annual meeting. Even if you plan to attend the annual meeting, we encourage you to vote by signing and returning your proxy card in advance.

Who can attend the annual meeting?

If you are a holder of our common stock at the close of business on April 5, 2012, the record date for the annual meeting, or a duly appointed proxy, you are authorized to attend the annual meeting. You will need to present proof of share ownership and valid picture identification, such as a driver's license or passport, before being admitted. If your common stock is held beneficially in the name of a bank, broker or other holder of record (i.e., street name), you must present proof of your ownership by presenting a bank or brokerage account statement reflecting your ownership as of the record date.

Cameras, recording equipment and other electronic devices will not be permitted at the annual meeting. For directions to the annual meeting of stockholders, contact Investor Relations at (301) 634-2143.

Table of Contents

What are the voting rights of stockholders?

Each share of common stock outstanding on the record date entitles its holder to cast one vote on each matter to be voted on.

How do I vote?

If you hold your shares of common stock directly (i.e., not in a bank or brokerage account), you may vote by completing and returning the accompanying proxy card or by attending the meeting and voting in person.

If your shares of common stock are held in street name, you should follow the voting instructions provided to you by your broker or nominee. You may complete and mail a voting instruction card to your broker or nominee or, in most cases, submit voting instructions by the internet or by telephone to your broker or nominee. If you provide specific instructions, your broker or nominee should vote your shares of common stock as directed. Additionally, if you want to vote in person and hold your shares in street name, you will need a legal proxy from your broker to vote at the annual meeting.

How are proxy card votes counted?

If the accompanying proxy card is properly signed and returned to us, and not revoked, the persons designated as proxy holders will vote the shares of common stock represented by that proxy as directed by you. If you return your signed proxy card but fail to indicate your voting preferences, the persons designated as proxy holders will vote the shares of common stock represented by that proxy as recommended by the Board. The Board recommends a vote **"FOR"** the election of all nominees for our Board of Directors named in this proxy statement and **"FOR"** the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the 2012 fiscal year.

In the election of directors, you may either vote **"FOR ALL"** the nominees or to **"WITHHOLD"** your vote with respect to all, one or more of the nominees. Regarding the ratification of our independent registered public accounting firm, you may vote **"FOR," "AGAINST"** or **"ABSTAIN."** If you withhold your vote with respect to any director nominee or abstain from voting on the ratification of our independent registered public accounting firm, your shares of common stock will be counted as present, including for purposes of establishing a quorum. Abstentions and broker non-votes will not count as votes cast with respect to a proposal.

Will my shares of common stock be voted if I do not provide my proxy and I do not attend the annual meeting?

If you do not provide a proxy or vote your shares of common stock held in your name, your shares will not be voted. If you hold your shares in street name, your broker may be able to vote your shares for routine matters even if you do not provide the broker with voting instructions. The ratification of KPMG LLP as our independent registered public accounting firm for fiscal year 2012 is considered a routine matter. Your broker may not vote your shares for non-routine matters if you do not provide the broker with voting instructions.

May I change my vote after I return my proxy card?

Yes. You may change or revoke a previously granted proxy at any time before it is exercised by either (i) submitting a later-dated proxy, in person at the annual meeting or by mail, or (ii) delivering instructions to our Secretary at our principal executive offices located at 7501 Wisconsin Avenue, Suite 1200E, Bethesda, Maryland 20814. Please note that attendance at the meeting will not, in itself, constitute revocation of a previously granted proxy.

Table of Contents

If your shares of common stock are held in street name, then you may submit new voting instructions by contacting your broker or nominee. You may also vote in person at the annual meeting if you obtain a legal proxy from your broker as described above.

What will constitute a quorum at the annual meeting?

The presence at the annual meeting, in person or by proxy, of the holders of a majority of the common stock outstanding on April 5, 2012 will constitute a quorum, permitting the stockholders to conduct business at the annual meeting. We will include abstentions and broker non-votes in the calculation of the number of shares considered to be present at the annual meeting, including for purposes of determining the presence of a quorum at the meeting. A broker non-vote occurs when a nominee holding shares for a beneficial owner has not received instructions from the beneficial owner and does not have discretionary authority to vote the shares.

As of April 5, 2012, there were 22,152,883 shares of common stock outstanding.

How many votes are needed to approve each of the proposals?

Directors are elected by a plurality of the votes cast. Therefore, the eight nominees for election to the Board who receive the most votes will be elected. Ratification of our independent registered public accounting firm will require the affirmative vote of the holders of a majority of the shares present in person or represented by proxy at the annual meeting and entitled to vote thereon.

Will any other matters be voted on?

As of the date of this proxy statement, we do not know of any other matters that will be presented for consideration at the annual meeting other than those matters discussed in this proxy statement. If any other matters properly come before the annual meeting and call for a stockholder vote, valid proxies will be voted by the holders of the proxies in accordance with the recommendation of the Board or, if no recommendation is given, in their own discretion.

Who is soliciting my proxy?

This solicitation of proxies is made by and on behalf of our Board of Directors. We will pay the costs of soliciting proxies, which will consist primarily of the cost of printing, postage and handling. In addition to soliciting proxies by mail, our officers, directors and other employees, without additional compensation, may solicit proxies personally or by other appropriate means. It is anticipated that banks, brokers, fiduciaries, custodians and nominees will forward proxy soliciting materials to their principals, and that we will reimburse these persons' out-of-pocket expenses.

Is there a list of stockholders entitled to vote at the annual meeting?

The names of stockholders of record entitled to vote at the annual meeting will be available at the annual meeting and for ten days prior to the annual meeting, between the hours of 9:00 a.m. and 4:30 p.m., at our principal executive offices at 7501 Wisconsin Avenue, Suite 1200E, Bethesda, Maryland 20814, by contacting the Secretary.

You should rely only on the information provided in this proxy statement. We have not authorized anyone to provide you with different information. You should assume that the information in this proxy statement is accurate only as of the date of this proxy statement or, where information relates to another date set forth in this proxy statement, then as of that date.

Table of Contents**BOARD OF DIRECTORS AND CORPORATE GOVERNANCE****Proposal 1: Election of Directors for a One-Year Term Expiring at the 2013 Annual Meeting of Stockholders**

Our Board of Directors, or the Board, is currently comprised of eight directors, each with terms expiring at the 2012 annual meeting. Our Nominating and Corporate Governance Committee has recommended to our Board the nominees set forth below, all of whom are currently serving as directors of the Company, for re-election to serve as directors for one-year terms until the 2013 annual meeting and until their successors are duly elected and qualified. Following the Nominating and Corporate Governance Committee's recommendation, our Board has nominated those persons set forth below.

Based on its review of the relationships between the director nominees and the Company, and as discussed in greater detail below, the Board has affirmatively determined that if these nominees are elected, the following five directors are "independent" directors under the rules of the New York Stock Exchange, or NYSE: Alan J. Bowers, Mitchell M. Gaynor, Cynthia A. Hallenbeck, John Rice, and Dana L. Schmaltz.

The Board knows of no reason why any nominee would be unable to serve as a director. If any nominee is unavailable for election or service, the Board may designate a substitute nominee and the persons designated as proxy holders on the proxy card will vote for the substitute nominee recommended by the Board, or the Board may, as permitted by our bylaws, decrease the size of our Board.

Vote Required

The affirmative vote of a plurality of all the votes at the annual meeting is necessary for the election of a director. Accordingly, the eight individuals with the highest number of affirmative votes will be elected as directors. Cumulative voting in the election of directors is not permitted. For purposes of the election of directors, shares that are withheld and other shares not voted (whether by broker non-vote or otherwise) will not be counted as votes cast with respect to a proposal, and will have no effect on the result of the vote.

Our Recommendation

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE "FOR" EACH OF THE NOMINEES SET FORTH BELOW.

Mr. Taylor is currently a managing director at Credit Suisse Securities (USA) LLC, where he manages all the global legacy businesses, including commercial real estate, in the fixed income department of the bank's investment banking division. Mr. Taylor is a member of the fixed income department's operating committee. Prior to assuming his current role at Credit Suisse, he was chief operating officer of the global securities business in its investment banking division. Before joining Credit Suisse in 1996, Mr. Taylor spent three years in the commercial real estate group at Daiwa Securities America, an investment banking company, where he was a senior trader and deal manager. Prior to that, he spent six years in a variety of roles in Drexel Burnham Lambert's residential mortgage-backed securities business. Mr. Taylor also spent two years at Goldman Sachs, where he developed financial models for its commodities business. Mr. Taylor is a member of the Real Estate Roundtable, the Sam Zell Real Estate Institute at the Wharton Graduate School of Business, the American Finance Association and the American Economics Association. Mr. Taylor received his Bachelor of Arts in Economics from Hamilton College and his Masters in Business Administration from the Stern School of Business at New York University.

Mr. Taylor's in depth knowledge of the real estate industry, his experience with mortgage-backed securities, his senior management experience, and his business affiliations throughout the real estate and investment banking communities provide strong leadership and support to the rest of our board, particularly on capital markets matters.

We entered into a stockholders agreement with Column Guaranteed LLC ("Column"), William Walker, our Chairman, President and Chief Executive Officer, and Mallory Walker, the father of William Walker and our former Chairman. Pursuant to this agreement, we agreed to nominate one Column designee, who was Edmund Taylor, for election as director at our 2011 annual meeting of stockholders, and William Walker and Mallory Walker agreed to vote the shares of common stock owned by them for the Column designee at the 2011 annual meeting of stockholders and at any special meeting of stockholders at which directors are to be elected that occurs prior to May 14, 2012, which is six months after the expiration of Column's lock-up agreement entered into in connection with our initial public offering.

Director Independence

Our bylaws and Corporate Governance Guidelines require us to have a majority of our Board consisting of directors who are independent under the NYSE rules. NYSE listing standards require NYSE-listed companies to have a majority of independent board members and a nominating/corporate governance committee, compensation committee and audit committee, each comprised solely of independent directors. Under the NYSE listing standards, no director of a company qualifies as "independent" unless the board of directors of the company affirmatively determines that the director has no material relationship with the company (either directly or as a partner, shareholder or officer of an organization that has a relationship with such company). In addition, the NYSE listing standards contain the following further restrictions upon a listed company's director independence:

a director who is an employee, or whose immediate family member is an executive officer, of the listed company is not independent until three years after the end of such employment relationship;

a director who has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from the listed company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service), is not independent;

a director who is, or whose immediate family member is, a current partner of a firm that is the company's internal or external auditor is not independent; a director who is a current employee of such a firm is not independent; a director who has an immediate family member who is a current employee of such a firm and personally works on the company's audit is not independent; and a director who was, or whose immediate family member was, within the last three years a partner or employee of such a firm and personally worked on the company's audit within that time is not independent;

a director who is employed, or whose immediate family member is employed, as an executive officer of another company where any of the listed company's present executive officers at the same time serve or served on the other company's compensation committee is not independent until three years after the end of such service or the employment relationship; and

a director who is an executive officer or an employee, or whose immediate family member is an executive officer, of another company that has made payments to, or received payments from, the listed company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company's consolidated gross revenues, is not independent.

To adequately assess and ensure that (i) at least a majority of our directors qualify as independent and (ii) each of the Board committees is comprised of solely independent directors, the Board undertakes an annual review of the independence of all directors. In accordance with the independence criteria established by the Board from time to time, our Board considers all facts and circumstances in order to make an affirmative determination as to whether any director has a direct or indirect material relationship to the Company. In assessing the materiality of a director's relationship with the Company,

Table of Contents

the Board considers the issues from the director's standpoint and from the perspective of the persons or organization with which the director has an affiliation. The Board reviews commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships.

Our Board has evaluated the status of each director and has affirmatively determined, after considering the relevant facts and circumstances and the independence standards set forth above, that each of Alan J. Bowers, Mitchell M. Gaynor, Cynthia A. Hallenbeck, John Rice and Dana L. Schmaltz is independent, as defined in the NYSE rules, and that none of these directors has a material relationship with us.

Board Leadership Structure

Mr. Walker serves as the Company's Chairman, President and Chief Executive Officer. The Board has determined that combining the Chairman and Chief Executive Officer positions is the appropriate leadership structure for the Company, and believes that combining the Chairman and Chief Executive Officer roles fosters clear accountability, effective decision-making and alignment on corporate strategy.

Nevertheless, the Board understands that the structure of the Board must encourage the free and open dialogue of competing views and provide for strong checks and balances. Specifically, an effective governance structure must balance the powers of the Chief Executive Officer and the independent directors and ensure that the independent directors are fully informed, able to discuss and debate the issues that they deem important, and able to provide effective oversight of management.

The Board is committed to maintaining a "lead independent director," or "Lead Director," as a matter of good corporate governance. The Lead Director is an independent director consistent with criteria established by the NYSE, and will be selected on an annual basis by a majority of the independent directors then serving on the Board. The role of the Lead Director is to serve as liaison between (i) the Board and management, including the Chief Executive Officer, (ii) independent directors and (iii) interested third parties and the Board. The Lead Director serves as the focal point of communication to the Board regarding management plans and initiatives, and ensures that the role between board oversight and management operations is respected. The Lead Director also provides the medium for informal dialogue with and between independent directors, allowing for free and open communication within that group. In addition, the Lead Director serves as the communication conduit for third parties who wish to communicate with the Board. The Company's current Lead Director is Mr. John Rice.

The Board intends to carefully consider its Board leadership structure from time to time based on what the Board believes is best for the Company and its stockholders.

Executive Sessions of Non-Management and Independent Directors

Pursuant to our Corporate Governance Guidelines and the NYSE rules, in order to promote open discussion among independent directors, our Board devotes a portion of each regularly scheduled Board meeting to executive sessions without management, and a portion of at least one of the regularly scheduled Board meetings each year to a session of only independent directors. See " Director Independence" for a list of our independent directors.

Communications with the Board

Stockholders and other interested parties may communicate with the Board by contacting the Lead Director (i) by sending any correspondence they may have in writing to the "Lead Director" c/o the Chief Financial Officer of Walker & Dunlop, Inc., at 7501 Wisconsin Avenue, Suite 1200E, Bethesda, Maryland 20814, who will then directly forward such correspondence to the Lead Director, or (ii) by e-mailing correspondence directly to the Lead Director at leaddirector@walkerdunlop.com. The Lead Director will decide what action should be taken with respect to the communication, including whether such communication should be reported to the Board.

Board Meetings and Director Attendance

Pursuant to our Corporate Governance Guidelines, (i) we are required to have at least four regularly scheduled Board meetings in each calendar year and additional unscheduled Board meetings may be called upon appropriate notice at any time to address specific needs of the Company; and (ii) directors are expected to attend, in person or by telephone or video conference, all Board meetings and meetings of committees on which they serve. Our Board held seven Board meetings in 2011. Each of our directors attended at least 75% of the total regularly scheduled and special meetings of the Board of Directors and the committees on which he or she served. Additionally, pursuant to our Corporate Governance Guidelines, the Company expects that directors will attend our annual meetings of stockholders. All directors who were elected to the Board at the 2011 annual meeting of stockholders were in attendance.

Criteria for Board Membership

The Board has adopted a policy to be used for considering potential director candidates to further the Nominating and Corporate Governance Committee's goal of ensuring that our Board consists of a diversified group of qualified individuals that function effectively as a group. The policy provides that qualifications and credentials for consideration as a director nominee may vary according to the particular areas of expertise being sought as a complement to the existing composition of the Board. However, at a minimum, candidates for director must possess:

high integrity;

an ability to exercise sound judgment;

an ability to make independent analytical inquiries;

a willingness and ability to devote adequate time and resources to diligently perform Board duties; and

a reputation, both personal and professional, consistent with the image and reputation of the Company.

In addition to the aforementioned minimum qualifications, the Nominating and Corporate Governance Committee also believes that there are other qualities and skills that, while not a prerequisite for nomination, should be taken into account when considering whether to recommend a particular person. These factors include:

diversity, age, background, skills and experience;

personal qualities and characteristics, accomplishments, and reputation in the business community;

knowledge and contacts in the communities in which the Company conducts business and in the Company's industry or other industries relevant to the Company's business;

Table of Contents

ability and willingness to devote sufficient time to serve on the Board and committees of the Board;

knowledge and expertise in various areas deemed appropriate by the Board;

fit of the individual's skills, experience, and personality with those of other directors in maintaining an effective, collegial, and responsive Board;

whether the person's nomination and election would enable the Board to have a member that qualifies as an "audit committee financial expert" as such term is defined by the SEC; and

whether the person would qualify as an "independent" director under the NYSE's listing standards and our Corporate Governance Guidelines.

Neither the Nominating and Corporate Governance Committee nor the Board has adopted a formal policy with respect to diversity of its directors. However, in connection with its overall director candidate review, the Nominating and Corporate Governance Committee does consider diversity of experience in areas that are relevant to the Company's activities. Directors must be willing and able to devote sufficient time to carrying out their duties effectively. The Nominating and Corporate Governance Committee takes into account the other demands on the time of a candidate, including, for example, occupation and memberships on other boards.

The Nominating and Corporate Governance Committee will seek to identify director candidates based on input provided by a number of sources, including (i) Nominating and Corporate Governance Committee members, (ii) our stockholders and (iii) others as it deems appropriate. The Nominating and Corporate Governance Committee also has the authority to consult with or retain advisors or search firms to assist in identifying qualified director candidates; however, we do not currently employ a search firm, or pay a fee to any other third party, to locate qualified director candidates.

As part of the identification process, the Nominating and Corporate Governance Committee considers the number of expected director vacancies and whether existing directors have indicated a willingness to continue to serve as directors if re-nominated. Once a director candidate has been identified, the Nominating and Corporate Governance Committee will then evaluate this candidate in light of his or her qualifications and credentials, and any additional factors that it deems necessary or appropriate. Existing directors who are being considered for re-nomination will be re-evaluated as part of the Nominating and Corporate Governance Committee's process of recommending director candidates. The Nominating and Corporate Governance Committee will consider all persons recommended by stockholders in the same manner as all other director candidates, provided that such recommendations are submitted in accordance with the procedures set forth in our bylaws and summarized below.

After completing the identification and evaluation process described above, the Nominating and Corporate Governance Committee will recommend to the Board the nomination of a number of candidates equal to the number of director vacancies that will exist at the annual meeting of stockholders. The Board will then select the Board's director nominees for stockholders to consider and vote upon at the stockholders' meeting.

Stockholder Recommendations of Director Nominees

For nominations for election to the Board to be properly brought before an annual meeting by a stockholder, the stockholder must comply with the advance notice provisions and other requirements of Article II, Section 12 of our bylaws. These notice provisions require that nominations for directors must be received by the Secretary at our principal executive offices (the "Stockholder Notice") not later than 5:00 p.m., Eastern Time, on the 120th day prior to the first anniversary of the date of the proxy statement for the preceding year's annual meeting nor earlier than the 150th day prior to the first

anniversary of the date of the proxy statement for the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is advanced or delayed by more than 30 days from the first anniversary of the date of the preceding year's annual meeting, such Stockholder Notice to be timely must be so delivered not earlier than the 150th day prior to such annual meeting and not later than 5:00 p.m., Eastern Time, on the later of the 120th day prior to such annual meeting or the tenth day following the day on which public announcement of the date of such meeting is first made. The Stockholder Notice must set forth:

as to the stockholder giving such Stockholder Notice, (A) the name and address of such stockholder, as they appear on the Company's books; (B) the class or series and number of shares of stock of the Company which are, directly or indirectly, owned beneficially and of record by such stockholder, including through general or limited partnerships, as of the date of the Stockholder Notice, and a representation that such stockholder will notify the Company in writing of such information as of the record date for the meeting; (C) a description of any agreement, arrangement or understanding (including, without limitation, any derivative or short positions, profit interests, options, hedging transactions, and borrowed or loaned shares) that has been entered into by such stockholder as of the date of the Stockholder Notice, the effect or intent of which is to mitigate loss to, manage the risk or benefit of share price changes for, or increase or decrease the voting power of such stockholder or any affiliates, and a representation that such stockholder will notify the Company in writing of any such agreement, arrangement or understanding in effect as of the record date for the meeting; (D) a representation that such stockholder intends to appear at the meeting in person or by proxy to make the nomination or propose the other business specified in such Stockholder Notice, as the case may be; and (E) a representation as to whether such stockholder intends, or is intended to be part of a group (within the meaning ascribed to such term under Section 13(d)(3) of the Exchange Act) that intends, (i) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Company's outstanding shares of stock required to elect the proposed director nominee or to approve or adopt the other business proposal, and/or (ii) otherwise to solicit proxies from stockholders in support of such nominee or other business proposal.

For purposes of the bulleted paragraphs above, references to "stockholder" include any beneficial owners on whose behalf the director nomination is made. See also "Other Matters Stockholder Proposals and Nominations for the 2013 Annual Meeting."

Code of Ethics for Principal Executive Officer and Senior Financial Officers; Code of Business Conduct

We have adopted a Code of Ethics for Principal Executive Officer and Senior Financial Officers, which is applicable to our Chief Executive Officer, Chief Financial Officer and all other senior financial officers. This code is intended to:

deter wrongdoing;

encourage honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;

promote full, fair, accurate, timely and understandable disclosure in reports and documents that the Company files with, or submits to, the SEC and in other public communications made by the Company;

ensure compliance with applicable governmental laws, rules and regulations;

support the prompt internal reporting of violations of the Code of Ethics for Principal Executive Officer and Senior Financial Officers to the appropriate persons identified in the Code of Ethics for Principal Executive Officer and Senior Financial Officers; and

create accountability for adherence to the Code of Ethics for Principal Executive Officer and Senior Financial Officers.

We have also adopted a Code of Business Conduct and Ethics, which is applicable to all of our directors, officers and employees. This code covers areas of professional conduct, including honest and candid conduct, conflicts of interest, disclosure, compliance with all applicable laws, rules and regulations, corporate opportunities, confidentiality, fair dealing and the protection and proper use of Company assets.

We have posted both our Code of Ethics for Principal Executive Officer and Senior Financial Officers and Code of Business Conduct and Ethics to our website and intend to promptly post any waiver or amendment of our Code of Ethics for Principal Executive Officer and Senior Financial Officers to our website.

In addition to the Code of Ethics for Principal Executive Officer and Senior Financial Officers and Code of Business Conduct and Ethics, our Audit Committee has in place a whistleblower reporting procedure that enables it to receive, retain and treat complaints received regarding accounting, internal accounting controls or auditing matters. The procedures in place permit our employees to confidentially and anonymously submit their concerns regarding questionable accounting or auditing matters directly to the Audit Committee. Upon receiving a concern or complaint pursuant to these procedures, the individual designated by our Chief Executive Officer as our compliance officer (currently, our General Counsel, Mr. Richard M. Lucas), or Audit Committee Chairperson, will:

determine whether the complaint or concern is an accounting complaint and, when possible, acknowledge receipt of the complaint or concern to the reporting person;

review the complaint in a manner determined by and with the oversight of the Audit Committee and with input from the compliance officer or such other persons, including any third party investigative parties, as the Audit Committee determines to be appropriate;

appoint one or more internal and/or external investigators to promptly and fully investigate such Accounting Complaints under the supervision of the compliance officer and, as may be appropriate, the Audit Committee;

provide the reporting person, to the extent possible and appropriate, the name and contact information for the investigator(s) assigned to the accounting complaint;

maintain confidentiality to the fullest extent possible, consistent with the need to conduct an adequate review;

coordinate with other Board committees and government authorities, as appropriate, to the extent that an accounting complaint relates to an ongoing government audit, inspection or investigation;

obtain advice and assistance from and retain, at the Company's expense, investigators, internal or outside legal counsel and other advisors, as may be appropriate; and

take prompt and appropriate corrective or remedial action when and as warranted in the judgment of the Audit Committee.

Risk Oversight

One of the important roles of our Board is to oversee various risks that we may face from time to time. While the full Board has primary responsibility for risk oversight, it utilizes its committees, as appropriate, to monitor and address the risks that may be within the scope of a particular committee's expertise or charter. For example, the Audit Committee oversees our financial statements, compliance with legal and regulatory requirements and the performance of our internal audit function. The Board believes that the composition of its committees, and the distribution of the particular expertise of each committee's members, makes this an appropriate structure to more effectively monitor these risks.

An important feature of the Board's risk oversight function is to receive updates from its committees and management, as appropriate. For example, each year our Chief Financial Officer will work with the head of our internal audit function to develop an audit plan designed to address key corporate governance controls and financial reporting and internal control risks. This plan will subsequently be reviewed by the Audit Committee, and the Chief Financial Officer and our internal auditors will report the audit results to the Audit Committee on a quarterly basis, or more frequently as needed. The internal auditors also meet regularly with the Audit Committee in executive session. In addition, our General Counsel meets regularly in executive session with the Audit Committee and provides regular updates to the Audit Committee regarding material litigation and legal compliance matters. The Audit Committee (as well as the other committees of the Board) periodically updates the full Board as to matters discussed in its committee meetings and seeks input from the full Board as necessary and appropriate. In addition to getting direct information from its committees, the Board receives updates directly from members of management. In particular, Messrs. Smith and Walker, due to their management positions, are able to frequently communicate with other members of our management and update the Board regularly on the important aspects of the Company's day-to-day operations.

Board Committees

The Board has a standing Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee. All members of the committees described below are "independent" under NYSE rules as discussed under "Board of Directors and Corporate Governance Corporate Governance Information Director Independence."

The table below provides membership information for each of the Board committees as of April 15, 2012 and the number of meetings held by each committee in 2011:

Audit Committee

Our Audit Committee consists of Alan J. Bowers, Mitchell M. Gaynor and Cynthia A. Hallenbeck, three of our independent directors, with Ms. Hallenbeck serving as the Audit Committee's Chairperson. Each member of the Audit Committee qualifies as an "audit committee financial expert" as that term is defined by the applicable SEC regulations and NYSE corporate governance listing standards. Our Board has also determined that each of the Audit Committee members is "financially literate" as that term is defined by the NYSE corporate governance listing standards. We have adopted an Audit Committee charter that details the principal functions of the Audit Committee, including oversight related to:

our accounting and financial reporting processes;

the integrity of our consolidated financial statements and financial reporting process;

our systems of disclosure controls and procedures and internal control over financial reporting;

our compliance with financial, legal and regulatory requirements;

the evaluation of the qualifications, independence and performance of our independent registered public accounting firm;

the performance of our internal audit function;

our policies and procedures with respect to risk assessment and risk management, including key risks to which we are subject and the steps we have taken to monitor and control exposure to such risks; and

review and approval of any related party transactions.

The Audit Committee is responsible for engaging an independent registered public accounting firm, reviewing with the independent registered public accounting firm the plans and results of the audit engagement, approving professional services provided by the independent registered public accounting firm, including all audit and non-audit services, reviewing the independence of the independent registered public accounting firm, considering the range of audit and non-audit fees and reviewing the adequacy of our internal accounting controls. The Audit Committee also prepares the Audit Committee report required by SEC regulations to be included in our annual proxy statement.

Our Audit Committee charter and the corporate governance rules of the NYSE require that in the event a director simultaneously serves on the audit committee of more than three public companies, the Board must determine that such simultaneous service would not impair the ability of that member to effectively serve on our Audit Committee and disclose that determination. None of our Audit Committee members serves on the audit committees of more than three public companies (including our Audit Committee).

The Audit Committee met nine times in 2011.

Compensation Committee

Our Compensation Committee consists of Cynthia A. Hallenbeck, John Rice and Dana L. Schmaltz, three of our independent directors, with Mr. Rice serving as the Compensation Committee's Chairperson. We have adopted a Compensation Committee charter that details the principal functions of the Compensation Committee, including:

reviewing and approving on an annual basis the corporate goals and objectives relevant to our executive officers' compensation, evaluating our executive officers' performance in light of such goals and objectives and determining and approving the remuneration of our executive officers based on such evaluation;

Edgar Filing: Walker & Dunlop, Inc. - Form DEF 14A

Table of Contents

reviewing and approving the compensation of our executive officers, subject to the terms and conditions of any pre-existing employment agreements;

reviewing and evaluating on an annual basis, the compensation for directors, including board committee retainers, meeting fees, equity based compensation and such other forms of compensation as the compensation committee may consider appropriate and recommend to the board, as appropriate, changes to such compensation;

reviewing our executive compensation policies and plans;

implementing and administering our incentive and equity-based compensation plans;

determining the number and terms of equity awards to be granted to our directors, executive officers and other employees pursuant to these plans;

assisting management in complying with our proxy statement and annual report disclosure requirements;

producing a report on executive compensation to be included in our annual proxy statement;

reviewing, evaluating and recommending changes, if appropriate, to the remuneration for directors; and

reviewing the company's policies and procedures with respect to risk assessment and risk management for compensating all employees, including non-executive officers, and reporting its findings to the Board.

Pursuant to its charter, the Compensation Committee may, in its discretion, delegate all or a portion of its duties and responsibilities to a subcommittee consisting of one or more members.

The Board has established a special one-member committee of the Board (the "Non-Executive Equity Award Committee"), currently comprised of Mr. Walker, our Chairman, President and Chief Executive Officer, and delegated to that committee limited authority to grant equity awards to non-executive officers and non-director employees pursuant to the 2010 Equity Incentive Plan (the "Equity Incentive Plan"). Those grants may not exceed 20% of the shares of common stock reserved for issuance under the Equity Incentive Plan (currently 2,140,000 shares of common stock). The special one-member Non-Executive Equity Award Committee's authority does not in any way limit the Compensation Committee's authority to administer the Equity Incentive Plan.

Under its charter, the Compensation Committee has authority to retain compensation consultants, outside counsel and other advisors that the Compensation Committee deems appropriate, in its sole discretion, to assist it in discharging its duties. The Compensation Committee engaged Towers Watson & Co. in 2011 to act as its compensation consultant. Towers Watson reports directly to the Compensation Committee and the Compensation Committee has the sole authority to terminate the engagement. Towers Watson's primary roles in 2011 were to:

establish a peer group against which our performance and non-employee director and executive pay should be examined; and

evaluate our non-employee director and executive compensation programs and provide recommendations regarding non-employee director compensation and executive compensation strategy, including a review of philosophy, comparative review of peer total direct compensation (for example, base salary, short- and long-term incentives, and mix of pay, as applicable), and provide insight related to potential enhancements and/or modifications.

Towers Watson does not provide any other services to the Company. For further discussion of the role of the Compensation Committee in the executive compensation decision-making process, and for a

description of the nature and scope of the Towers Watson's assignment, see the section entitled "Compensation Discussion and Analysis."

Our Compensation Committee considers the recommendations of Mr. Walker, our Chairman, President and Chief Executive Officer, regarding any Company and individual performance targets, assessments of executive performance and compensation levels generally for our named executive officers. Mr. Walker presents a self-assessment of his own individual performance to the Compensation Committee and makes recommendations regarding his own compensation, but the Compensation Committee makes the final determination in an executive session without Mr. Walker being present, as required by our Compensation Committee charter. Senior members of the human resources, legal, finance and accounting departments may also provide input to the Compensation Committee.

The Compensation Committee met eight times in 2011.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee consists of Alan J. Bowers, John Rice and Dana L. Schmaltz, three of our independent directors, with Mr. Bowers serving as the Nominating and Corporate Governance Committee's Chairperson. We have adopted a nominating and corporate governance committee charter that details the principal functions of the Nominating and Corporate Governance Committee, including:

identifying and recommending to the Board qualified candidates for election as directors and recommending nominees for election as directors at the annual meeting of stockholders;

developing and recommending to the Board corporate governance guidelines and implementing and monitoring such guidelines;

overseeing the Board's compliance with financial, legal and regulatory requirements and its ethics program as set forth in the Company's Code of Business Conduct and Ethics and the Code of Ethics for Principal Executive Officer and Senior Financial Officers;

reviewing and making recommendations on matters involving the general operation of the Board, including board size and composition, and committee composition and structure;

recommending to the Board nominees for each Board committee; and

overseeing the annual evaluation process for the Board, management and the other committees of the Board, as required by applicable law, regulations and the NYSE corporate governance listing standards.

The Nominating and Corporate Governance Committee met six times in 2011.

Table of Contents**AUDIT RELATED MATTERS****Proposal 2: Ratification of Appointment of Independent Registered Public Accounting Firm**

Our consolidated financial statements for the year ended December 31, 2011 have been audited by KPMG LLP, which served as our independent registered public accounting firm for the last fiscal year. The Audit Committee has appointed KPMG LLP to serve as our independent registered public accounting firm for the year ending December 31, 2012. We have been advised by KPMG LLP that representatives of KPMG LLP will be present at our 2012 annual meeting. These representatives will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

The Sarbanes-Oxley Act of 2002 requires the Audit Committee to be directly responsible for the appointment, compensation and oversight of the audit work of the independent registered public accounting firm. Nevertheless, our Board is submitting the appointment of KPMG LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment of KPMG LLP, the Audit Committee may reconsider the appointment and may retain KPMG LLP or another accounting firm without resubmitting the matter to stockholders. Even if the stockholders ratify the appointment, the Audit Committee may select another firm if it determines such selection to be in our and our stockholders' best interest.

Vote Required

The ratification of the appointment of KPMG LLP requires the approval of a majority of the votes present at the meeting. Abstentions and broker non-votes will not count as votes cast with respect to a proposal.

Our Recommendation

THE BOARD UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE PROPOSAL TO RATIFY THE APPOINTMENT OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2012.

All services provided by KPMG LLP to us since we became a public company have been pre-approved by the Audit Committee, either pursuant to the Audit Committee's Audit and Non-Audit Services Pre-Approval Policy or through a separate pre-approval by the Audit Committee, which concluded that the provision of such services by KPMG LLP was compatible with the maintenance of that firm's independence from us.

Pre-Approval Policies and Procedures

The Audit Committee's policy is to review and pre-approve either pursuant to the Audit Committee's Audit and Non-Audit Services Pre-Approval Policy or through a separate pre-approval by the Audit Committee, any engagement of our independent registered public accounting firm to provide any audit or permissible non-audit service to the Company. Pursuant to the Audit and Non-Audit Services Pre-Approval Policy, which the Audit Committee will review and reassess periodically, a list of specific services within certain categories of services, including audit and audit-related services, are specifically pre-approved for the upcoming or current fiscal year, subject to an aggregate maximum annual fee payable by us for each category of pre-approved services. Any service that is not included in the approved list of services must be separately pre-approved by the Audit Committee. Additionally, all audit and permissible non-audit services in excess of the pre-approved fee level, whether or not included on the pre-approved list of services, must be separately pre-approved by the Audit Committee. The Audit Committee has delegated authority to its Chairperson to specifically pre-approve engagements for the performance of audit and permissible non-audit services, for which the estimated cost for each specified type of service shall not exceed \$100,000. The Chairperson must report all pre-approval decisions to the Audit Committee at its next scheduled meeting and provide a description of the terms of the engagement, including:

the type of services covered by the engagement;

the dates the engagement is scheduled to commence and terminate;

the estimated fees payable by us pursuant to the engagement;

other material terms of the engagement; and

such other information as the Audit Committee may request.

Report of the Audit Committee

The Audit Committee is currently comprised of Ms. Hallenbeck (Chairperson), and Messrs. Bowers and Gaynor. The members of the Audit Committee are appointed by and serve at the discretion of the Board.

One of the Audit Committee's principal purposes is to assist the Board in overseeing the integrity of our financial statements. Our management team has the primary responsibility for our financial statements and the reporting process, including the system of internal control over financial reporting and disclosure controls and procedures. KPMG LLP, our independent registered public accounting firm, audits the annual financial statements prepared by management and expresses an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States, or GAAP. In carrying out its responsibilities, the Audit Committee has reviewed and has discussed our audited consolidated financial statements for the year ended December 31, 2011 with our management and representatives of KPMG LLP. Management represented to the Audit Committee that our financial statements for the past year were prepared in accordance with GAAP.

The Audit Committee also is responsible for assisting the Board in overseeing the qualification, independence and performance of our independent registered public accounting firm. The Audit Committee discussed with KPMG LLP the matters required to be discussed by Statement on Auditing

Standards No. 61, as amended. The Audit Committee has received both the written disclosures and the letter from KPMG LLP required by the applicable requirements of the Public Company Accounting Oversight Board regarding KPMG LLP's communications with the audit committee concerning independence and has discussed with KPMG LLP the independence of KPMG LLP from us. The Audit Committee also has considered whether the provision of any non-audit services, and any fees charged for such non-audit services, by KPMG LLP are compatible with maintaining the independence of KPMG LLP from us.

Based on the reviews and discussions described above, the Audit Committee recommended to the Board that our audited consolidated financial statements for 2011 be included in our Annual Report on Form 10-K for the year ended December 31, 2011.

Respectfully submitted,
The Audit Committee of the Board of Directors

COMPENSATION DISCUSSION AND ANALYSIS

This section describes the compensation programs for our Chief Executive Officer and Chief Financial Officer in 2011 as well as our other three most highly compensated executive officers during 2011, all of whom we refer to collectively as our named executive officers or NEOs. Our NEOs for 2011 are:

Chairman, President and Chief Executive Officer (CEO), William M. Walker;

Executive Vice President and Chief Operating Officer (COO), Howard W. Smith III;

Executive Vice President, Chief Financial Officer (CFO) and Treasurer, Deborah A. Wilson;

Executive Vice President and Chief Credit Officer, Richard C. Warner; and

Executive Vice President, General Counsel and Secretary, Richard M. Lucas.

Executive Summary

Overview of 2011 Performance and Pay for Performance

One of the key elements of the Compensation Committee's executive compensation philosophy is that compensation should encourage and reward strong performance. In 2011, under the leadership of our NEOs, our company performed extremely well, as shown below. These exceptional 2011 results would not have been achieved without the leadership and efforts of the NEOs, and these results had a direct impact on the compensation decisions and performance-based outcomes for 2011. Taking into account these and other achievements, the Compensation Committee awarded the NEOs annual bonus compensation exceeding their respective bonus targets for 2011. The following is a list of our most notable performance achievements for 2011:

origination volume of \$4.0 billion, a 27% increase over 2010, which represents the highest annual origination volume in the Company's history and resulted in our climb to the number two ranking Fannie Mae lender, from number three in 2010 (based upon dollar value of Fannie Mae loans originated as reported by Fannie Mae);

total revenues of \$152.4 million, up 25% over 2010, which represents the highest annual revenues in the Company's history;

income from operations of \$56.7 million, up 41% over 2010, which represents the highest annual income from operations in the Company's history;

operating margin of 37%;

return on equity of 24%;

significant stock price appreciation of 24%;

servicing portfolio growth of 15% over 2010, and an increase of 24% in associated fees;

continued strong credit performance in risk sharing portfolio;

completion of corporate reorganization that streamlined and simplified the Company's corporate structure;

opening of two new offices, and the addition of over 30 new employees;

successful management of additional costs and rigors of being a public company;

investments in succession planning for our NEOs and other key senior employees; and

maintenance of valued corporate culture throughout our transformation to a public company and our record growth.
Highlights of Our Compensation Program

Key design elements and corporate governance aspects of our executive compensation program are as follows:

base salary for each NEO that represents less than 35% of the NEO's total direct compensation opportunity (approximately $\frac{1}{3}$ for each NEO), with the remainder of compensation being variable or "at risk;"

a compensation recovery or "claw back" provision in our Equity Incentive Plan that applies to all equity plan participants;

the prohibition on all of our directors and employees, including our NEOs, from hedging their economic interest in the Company's stock through "short-sales;"

newly adopted stock ownership guidelines, as described below under " Compensation Policies Stock Ownership Guidelines for NEOs;"

employment agreements with NEOs that provide only a limited severance package, and no severance payments that are tied to a "change in control;"

no NEOs receive perquisites exceeding \$10,000, and no tax gross-ups;

strong oversight by our independent Compensation Committee of all elements of executive compensation; and

the Compensation Committee's use of an independent compensation consultant Towers Watson.

Compensation Philosophy

The compensation elements, amounts and target levels for our NEOs as of December 31, 2011 were determined by the Compensation Committee based on our belief that compensation should:

align with stockholders' interests;

support our business strategies and objectives;

pay for performance;

be market competitive; and

encourage short-term and long-term retention.

Role of Board and Management in Compensation Decisions

CEO and other NEO pay is set by the Compensation Committee;

CEO, the Vice President of Human Resources and senior members of the legal, finance and accounting departments provide support to the Compensation Committee. The Vice President of Human Resources and the Secretary or Assistant Secretary attend all Compensation Committee meetings, but neither they, nor any other employee of the Company are present for executive sessions of the Compensation Committee;

CEO provides performance assessments and compensation recommendations for each of the NEOs, including a self-assessment of his own performance, but is not present during deliberations concerning his compensation; and

Table of Contents

Compensation Committee frequently meets in executive session without members of management present.

Role of Compensation Consultant

The Compensation Committee has retained Towers Watson to provide the Compensation Committee with independent compensation data, analysis and advice. Towers Watson reports directly to the Compensation Committee, and the Compensation Committee has the sole authority to terminate the engagement. Towers Watson's primary roles in 2011 were to:

establish a peer group against which our performance and non-employee director and executive pay should be examined;
and

evaluate our non-employee director and executive compensation programs and provide recommendations regarding non-employee director compensation and executive compensation strategy, including a review of philosophy, comparative review of peer total direct compensation (for example, base salary, short- and long-term incentives, and mix of pay, as applicable), and provide insight related to potential enhancements and/or modifications.

In 2012, in addition to performing these services, we expect Towers Watson to conduct a pay for performance assessment.

Setting Executive Compensation

The Compensation Committee evaluates compensation levels for each senior employee of the Company. In reviewing compensation for 2011, the Compensation Committee reviewed and considered total compensation for each NEO, including a review of tally sheets that provide the value of (1) historic and current elements of each NEO's compensation; and (2) stock held by the NEO at year end in the Company's Equity Incentive Plan.

Use of Peer Group and Survey Data

The Compensation Committee strives to set target opportunity compensation levels to be competitive with the market in which we compete for executive talent. We use compensation information from (1) a "Peer Group" of publicly traded companies in specific industries in which we compete for executive talent and (2) general industry companies with revenues comparable to ours through the pooled survey data. Towers Watson combines the data from the Peer Group with pooled survey data to create the market data reviewed by the Compensation Committee.

Currently, we do not have direct publicly traded U.S. peers. Therefore, the Peer Group was selected by the Compensation Committee with advice from Towers Watson, taking into consideration industry relevance, business operations, comparability of size in terms of revenue, market capitalization and number of employees, business competitors and input from management. The Peer Group was not chosen on the basis of executive compensation levels. The 2011 Peer Group comprises the following 13 companies:

American Assets, Inc.	Kennedy-Wilson Holdings, Inc.
American Capital, Ltd.	NewStar Financial, Inc.
CapitalSource, Inc.	Ocwen Financial Corporation
Centerline Holding Company	Pzena Investment Management, Inc.
Encore Capital Group, Inc.	Redwood Trust, Inc.
HFF, Inc.	Walter Investment Management Corp.
iStar Financial Inc.	

Table of Contents

Our Compensation Committee also used commercially available survey data provided to it by Towers Watson to identify market-median and other market elements related to our 2011 compensation program. This survey data included the 2010/2011 Towers Watson Data Services Top Management Report, the 2010 McLagan Commercial Real Estate Survey and the Towers Watson Compensation Database. This survey data includes pooled compensation data from many companies and the findings are segregated by, for example, revenue level and number of employees. Consistent with prior practice, comparative market data is not used by the Compensation Committee to "benchmark" the amount of total compensation or any specific element of compensation for the NEOs. Instead, comparative market data has been and is expected to continue to be reviewed by the Compensation Committee as a general reference and guide to assist the Compensation Committee with its decisions related to executive compensation.

Elements of Compensation

Our executive compensation consists of the following elements, each of which satisfies one of more of our alignment, performance and retention objectives:

Compensation Element	Objectives	Key Features
Base Salary	Provides a stable annual income at a level consistent with individual contributions.	Adjustments are considered annually based on individual performance, level of pay relative to the market, internal pay equity, and retention issues.
Short-Term Cash Bonus, Including Annual Cash Incentive Bonus	Rewards the achievement of critical annual financial and operational performance goals.	Targets 100% of base salary as an annual cash bonus potential.
	Aligns NEO's interests with those of our stockholders by promoting improved financial results, as well as rewarding, among other things, total stockholder return performance.	Annual performance goals are predetermined and include a combination of company performance measures and individual performance measures.
	Retains NEOs by providing market-competitive compensation.	Modified incentive plan design for 2012 cash bonus to provide for a "Threshold," "Target" and "Maximum" performance levels with award potentials of 75%, 100% and 150%, respectively.

Perquisites and Other Benefits		N/A	

We currently do not provide perquisites and other benefits to our NEOs with an aggregate value in excess of \$10,000 because we believe that we can provide better incentives for desired performance with compensation in the forms described above.

We recognize, however, that from time to time in the future, perquisites and other benefits may directly or indirectly serve our business purpose, for example, by helping to make our NEOs more available to us and to maximize their time and attention.

Mix of Total Direct Compensation

The charts below show the relative amounts that we target for each element of total direct compensation, which is comprised of base salary, annual incentives and long-term equity awards (based on 2011 target levels). The target value of variable or "at-risk" compensation is more than double that of the fixed pay component to weight an NEO's compensation towards performance.

2011 Executive Officer Compensation

Base Salary

Base salaries are set primarily by the NEOs' employment agreements. The Compensation Committee considers additional factors to determine whether to increase base salaries beyond the amounts required by the employment agreements. The Compensation Committee consults with the CEO with respect to the recommended base salaries for the other NEOs and takes into consideration market data provided by Towers Watson, as previously described under "Setting Executive Compensation Use of Peer Group and Survey Data." In setting individual base salaries, consideration is given to: (1) the performance of the Company; (2) the individual performance of each NEO, taking into account the recommendation of the CEO with respect to the performance and contribution of individuals and the individual performance measures under the annual cash incentive bonus program; (3) the NEO's scope of responsibility in relation to other NEOs and key members of senior management within the Company and internal pay equity; and (4) any retention issues. For 2011, the Committee determined the amounts set forth in the employment agreements were appropriate.

Table of Contents

Base salaries for each of our NEOs in 2011 was as follows:

Name	Base Salary (\$)
William M. Walker	500,000
Howard W. Smith, III	400,000
Deborah A. Wilson	300,000
Richard C. Warner	300,000
Richard M. Lucas	250,000(1)

(1) The Compensation Committee approved an increase to Mr. Lucas' annual salary to \$300,000, effective January 1, 2012.

Base salaries affect other elements of total compensation, including annual incentives, long-term compensation, and retirement benefits. In setting base salaries for the NEOs, the Compensation Committee considers the impact on other elements of total direct compensation.

Annual Cash Incentive Bonus

In March 2011, the Compensation Committee established the 2011 performance goals and target annual cash incentive bonus for our NEOs. The performance goals for the 2011 annual cash incentive bonus were based on a mix of Company and individual specific performance measures, designed to support the achievement of certain key goals of the Company for 2011. The Committee chose the financial performance goals set forth below because they incentivized the NEOs' performance in line with our 2011 budget, and determined that at the time of adoption, achievement of the performance goals required significant growth in the Company's financial performance. Similarly, the additional performance goals relating to management and overall Company growth aligned the NEOs with our corporate strategy for 2011.

The following table sets forth the weight assigned to each performance goal and the performance needed to achieve each performance goal:

The possible target cash incentive bonus available to each NEO in 2011 was set at 100% of base salary, which percentage was determined by the Compensation Committee based on the NEO's employment agreement requirements, as well as his or her position and responsibilities, applicable market data, and our overall compensation philosophy, which emphasizes performance-based compensation. For Ms. Wilson and Messrs. Walker, Howard, Warner and Lucas, the target cash incentive bonus was \$300,000, \$500,000, \$400,000, \$300,000 and \$250,000, respectively.

Discretionary Bonus

As noted above in " Executive Summary Overview of 2011 Performance and Pay for Performance," 2011 was a record year for the Company in many respects. As a result, in addition to the annual cash incentive bonus, the Compensation Committee determined to award discretionary bonuses to each of the NEOs to recognize these extraordinary achievements in 2011. The Compensation Committee believed that these discretionary bonuses were appropriate, even though not all of the performance goals set forth as part of the annual cash incentive bonus program were achieved, because 2011 Company and individual performance went beyond the stated goals of the annual cash incentive bonus program in many respects. In particular, the Compensation Committee noted that the NEOs achieved the following in 2011:

provided excellent leadership and strategic direction for the Company during a transformative year in which the Company successfully began operating as a public company and developed a comprehensive growth strategy;

helped foster and maintain the Company's valued corporate culture despite a transitional year in which we experienced significant changes, as evidenced by very strong positive feedback from the 2011 Annual Employee Opinion Survey, in which 98% of respondents noted they were "proud to be a part of Walker & Dunlop;"

successfully filled a void left by a significant leadership loss following the departure of the co-heads of the FHA Finance department in 2011, including by quickly hiring and integrating an experienced leader in the FHA finance field, which bolstered the department and positioned it for future growth;

successfully negotiated a \$1.8 million settlement of the Drumm litigation;

successfully completed a corporate reorganization in December 2011, which streamlined and simplified the Company's corporate structure, and will reduce the complexity of the Company's required tax reporting;

successfully brought on and supported a new board of directors;

effectively developed and fostered relationships with new stakeholders; and

engaged in significant succession planning at the NEO and other senior employee levels.

The discretionary bonus amounts were as follows:

Name	Discretionary Award (\$)
William M. Walker	750,000
Howard W. Smith, III	410,000
Deborah A. Wilson	190,000
Richard C. Warner	190,000
Richard M. Lucas	112,500

The following table sets forth the total cash bonuses, comprised of the annual cash incentive bonus and the discretionary bonus, awarded to each of our NEOs for 2011 and 2010.

Deborah A. Wilson	400,000	301,714
Richard C. Warner	400,000	252,652
Richard M. Lucas	300,000	32,197(1)

- (1) Mr. Lucas joined the Company as Executive Vice President and General Counsel in November 2010.

Equity Awards

The equity awards granted to our NEOs in 2011 consisted of restricted stock and stock options. Annualized target award levels for the NEOs for 2011 were 100% of base salary. The equity award level for each NEO for 2011 was intended by the Compensation Committee to be comprised of 50% restricted stock and 50% options based on the expected fair values on the date of the grant. On the grant date, the actual fair value of the stock options granted to the NEOs resulted in a higher fair value per stock option than expected by the Compensation Committee when it approved the grant. Accordingly, the actual distribution between stock options and restricted stock granted to the NEOs in 2011 was 53% and 47%, respectively. The stock options and restricted stock granted to the NEOs in 2011 vest ratably on each anniversary date of grant over a three-year period, conditioned upon continuing employment at the time of vesting. The Compensation Committee determined to use a three-year vesting period because it believes such duration promotes long-term alignment with stockholders and longer-term decision making that provides an effective balance to the shorter-term incentive measures used in setting cash incentive bonus awards.

Restricted Stock Awards. The Compensation Committee granted our NEOs a total of 69,503 shares of restricted stock. In addition to serving as a retention tool, restricted stock further aligns the interests of the NEOs with our stockholders through the promotion of significant share ownership. Each NEO's 2011 restricted stock award is detailed below.

Stock Option Awards. The Compensation Committee granted our NEOs a total of 140,000 stock options. The exercise price of stock options is the closing price of our common stock on the New York

Stock Exchange on the date of grant. Stock option grants vest ratably over three years and expire ten years after grant. In addition to serving as a retention tool, stock options further align the interests of executives with our stockholders through long-term stock value creation. (2) The stock options vest $\frac{1}{3}$ on each of March 24, 2012, 2013 and 2014, based upon continued employment.

2010 Long-Term Incentive Plan

Pursuant to the Company's 2010 Long-Term Incentive Plan, a bonus pool was established following completion of the 2010 fiscal year. Under the terms of the 2010 Long-Term Incentive Plan, each of our NEOs will be paid the total amount set forth in the 2010 "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table if the Company's performance in 2011 and 2012 exceeds the performance goals established in the Plan. Because the Company achieved the performance goals for 2010 and 2011, 20% of the amount was paid to the NEOs in June 2011 and 30% will be paid in June 2012. The remaining 50% will be paid in June 2013 if the Company achieves the performance goal for 2012. The Compensation Committee considered these actual payouts in connection with evaluating the NEO's total compensation for 2011.

Mr. Lucas joined the company as Executive Vice President and General Counsel in November 2010. Accordingly, Mr. Lucas did not participate in the 2010 Long-Term Incentive Plan.

Employment Agreements

The compensation packages described above reflect, in part, the employment agreements that we entered into with each of our NEOs. The employment agreements with our NEOs also include severance provisions. See " Employment Agreements" and " Potential Payments Upon Termination" for a description of specific terms.

Compensation Policies

We do not currently have any formal policies regarding long-term versus currently-paid compensation, but feel that both elements are necessary for achieving our compensation objectives. Currently paid compensation provides financial stability for each of our NEOs and immediate reward for superior company and individual performance, while long-term compensation rewards achievement of strategic long-term objectives and contributes towards overall stockholder value.

Recovery of Incentive Compensation

Our Equity Incentive Plan includes a compensation recovery or "claw back" provision that requires repayment of all payments in settlement of any awards earned or accrued (including annual and

Table of Contents

long-term incentives) during the 12-month period following the first public issuance or filing with the SEC of a financial document that is subsequently restated as a result of misconduct. The claw back applies to a grantee who knowingly or through gross negligence engaged in or failed to prevent the misconduct or who is subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002.

Short Sale Prohibition

Our insider trading policy prohibits our directors and all employees, including our NEOs, from hedging their economic interest in the Company's stock through "short-sales."

Stock Ownership Guidelines for NEOs

Effective April 1, 2012, our Board adopted stock ownership guidelines for our NEOs, which are intended to further align their interests with the interests of our stockholders. Under the guidelines, each NEO must hold an ownership stake in the Company that is significant in comparison to their base salary. The amount required to be retained varies depending on the NEO's position, as follows:

Chief Executive Officer and Chief Operating Officer: five times base salary; and

Chief Credit Officer, Chief Financial Officer and General Counsel: three times base salary.

Stock ownership for the purpose of these guidelines includes stock currently held by the NEO and restricted stock, but does not include shares underlying vested or unvested stock options or planned sales under Rule 10b5-1 plans entered into prior to April 1, 2012. The current NEOs are required to achieve the ownership requirements by April 1, 2017.

Section 162(m) of the Internal Revenue Code of 1986, as amended, generally limits the tax deductibility of compensation paid by a public company to its chief executive officer and certain other highly compensated executive officers to \$1 million in the year the compensation becomes taxable to the executive. There is an exception to the limit on deductibility for performance-based compensation that meets certain requirements. While we consider the impact of this and other tax rules when developing and implementing our executive compensation programs, we also believe that it is important to preserve flexibility in administering compensation programs in a manner designed to promote varying corporate goals. Accordingly, we have not adopted a policy that all compensation must qualify as deductible under Section 162(m) or any other tax rule.

2011 "Say on Pay" Results

At the 2011 annual meeting, we submitted to stockholders an advisory resolution to approve our executive compensation program (a "say on pay" vote). Our stockholders overwhelmingly supported our say on pay vote with approximately 99% of the votes cast in favor. We carefully consider stockholder feedback on all matters, including our executive compensation. The Compensation Committee considered the results of the 2011 say on pay vote, and determined no specific changes to our executive compensation program were warranted.

Compensation Policies and Practices as they Relate to Risk Management

Management completed a process to educate the new Compensation Committee on our executive and employee compensation and benefit programs to ascertain any potential material risks that may be created by the programs. The Compensation Committee considered the findings and determined that the Company's executive and employee compensation and benefit programs do not pose any material risks. With respect to executive compensation programs, the Compensation Committee found that they are well-balanced between short-term and long-term incentives, take into account both qualitative and quantitative performance factors, reflect an appropriate mix of compensative instruments, are

Table of Contents

well-aligned with stockholder interests and do not encourage executives to take unnecessary or excessive risks. With the assistance of Towers Watson, the Compensation Committee continues to review all of the Company's executive compensation programs.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis set forth above with our management. Based on such review and discussion, the committee recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference in the Company's Annual Report on Form 10-K for the year ended December 31, 2011, for filing with the Securities and Exchange Commission.

Respectfully submitted,

The Compensation Committee of the Board of
Directors

John Rice (Chairperson)
Cynthia Hallenbeck
Dana Schmaltz

The Compensation Committee report above does not constitute "soliciting material" and will not be deemed "filed" or incorporated by reference into any of our filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate our SEC filings by reference, in whole or in part, notwithstanding anything to the contrary set forth in those filings.

Narrative Disclosures to Summary Compensation and Grants of Plan-Based Awards Tables

Pursuant to the 2010 Long-Term Incentive Plan, in the event that the Company's 2012 adjusted gross income exceeds \$40.40 million, each NEO will be paid, in June 2013, 50% of the amount reflected in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table for 2010.

The terms of the "estimated future payouts under non-equity incentive plan awards" reflected in the Grants of Plan-Based Awards Table are described in the "Compensation Discussion and Analysis 2011 Executive Officer Compensation Annual Cash Incentive Bonus," above. The 2011 "target" opportunities in the fourth column of the Table are 100% of the base salary of the respective NEOs.

Table of Contents

Employment Agreements

On October 27, 2010, we entered into employment agreements with each of our NEOs. Our employment agreements provide for the following:

For William M. Walker, a base salary of \$500,000, a target bonus of \$500,000, with the actual bonus payment to be determined by the Compensation Committee, and eligibility for grants of equity.

For Howard W. Smith, a base salary of \$400,000, a target bonus of \$400,000, with the actual bonus payment to be determined by the Compensation Committee, and eligibility for grants of equity.

For Deborah A. Wilson, a base salary of \$300,000, a target bonus of \$300,000, with the actual bonus payment to be determined by the Compensation Committee, and eligibility for grants of equity.

For Richard C. Warner, a base salary of \$300,000, a target bonus of \$300,000, with the actual bonus payment to be determined by the Compensation Committee, and eligibility for grants of equity.

For Richard M. Lucas, a base salary of \$250,000, a target bonus of \$250,000, with the actual bonus payment to be determined by the Compensation Committee, and eligibility for grants of equity. The Compensation Committee increased Mr. Lucas' salary to \$300,000, effective January 1, 2012. As a result of the salary increase, Mr. Lucas' target bonus for 2012 was increased to \$300,000.

Each agreement has an initial term of three years, to be extended for an additional year on each anniversary date of the agreement, unless either party gives 60 days' prior notice that the term will not be extended.

Regardless of the reason for any termination of employment, each NEO is entitled to receive the following benefits upon termination: (a) payment of any unpaid portion of such executive's base salary through the effective date of termination, (b) reimbursement for any outstanding reasonable business expense, (c) continued insurance benefits to the extent required by law, (d) payment of any vested but unpaid rights as may be required independent of the employment agreement, and (e) except in the case of termination by the company for cause, any bonus or incentive compensation that had been accrued through the effective date of termination but not paid, provided, however, that in the event of a termination without cause, a resignation for good reason or retirement, a pro rata incentive compensation will be paid only to the extent performance goals for the year are achieved.

In addition to the benefits described above in subparagraphs (a) - (e), each NEO is entitled to receive a severance payment if we terminate his or her employment without cause or the executive resigns for good reason. The severance payment is equal to (i) continued payment by the company of the executive's base salary, as in effect as of the executive's last day of employment, for a period of 12 months, (ii) continued payment for life and health insurance coverage for 12 months, to the same extent the company paid for such coverage immediately prior to termination, (iii) two times the average annual bonus earned by the executive over the preceding two years (or if the executive has not been employed for two years, payments equal to two times the target bonus for the year of termination), and (iv) vesting as of the last day of employment in any unvested portion of any options and restricted stock previously issued to the executive. The foregoing benefits are conditioned upon the executive's execution of a general release of claims and compliance with the terms of the employment agreement.

If the NEO's employment terminates due to death or disability, in addition to the benefits described above in subparagraphs (a) - (e), the executive's estate is entitled to receive (i) vesting as of the last day of employment in any unvested portion of any options and restricted stock previously

Table of Contents

issued to the executive and (ii) payment of the pro rata share of any performance bonus to which such executive would have been entitled for the year of death.

If the NEO's employment terminates due to retirement, in addition to the benefits described above in subparagraphs (a) - (e), the executive is entitled to receive vesting as of the last day of employment in any unvested portion of any options and restricted stock previously issued to the executive.

Each employment agreement contains customary non-competition and non-solicitation covenants that apply during the term and for up to 12 months after the term of each executive's employment with us. Additionally, none of the employment agreements include severance provisions that are tied to changes in control; further the agreements do not provide for any excise tax gross-up.

Audit Committee: Chairperson \$12,500; Member \$10,000;

Compensation Committee: Chairperson \$7,500; Member \$5,000; and

Nominating and Corporate Governance Committee Chairperson \$7,500; Member \$5,000.

Effective August 9, 2011, the Board, in consultation with the Compensation Committee's compensation consultant based on a study of peers and market trends, made the following changes to the compensation program for non-employee directors:

the annual base cash retainer was fixed at \$45,000;

the annual award of shares of restricted stock under our Equity Incentive Plan granted on the date of the annual meeting of stockholders was fixed at \$45,000. As a result of this change, each non-employee director received an award of \$15,000 of restricted stock in August 2011 that vests on June 7, 2012, which is the one-year anniversary of the 2011 annual meeting of stockholders; and

set the Chairperson cash retainers for the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee at \$15,000, \$10,000 and \$10,000, respectively.

In March, 2012, the Board approved a change to Mr. Taylor's compensation such that in lieu of receiving an annual award of \$45,000 of restricted stock, Mr. Taylor will receive an annual award of \$45,000 in cash that will be paid on what would have been the one-year anniversary of the grant date for an equity award, subject to his continued service on our Board. Any director compensation payable to Mr. Taylor is paid to Credit Suisse Securities (USA) LLC, or an affiliate thereof, for so long as he remains an employee thereof.

We also reimburse each of our directors, except Mr. Taylor, for their travel expenses incurred in connection with their attendance at Board and committee meetings. Mr. Taylor's travel expenses are paid for by Credit Suisse Securities (USA) LLC.

Stock Ownership Guidelines for our Non-Employee Directors

Effective April 1, 2012, our Board adopted stock ownership guidelines for our non-employee directors. Under those guidelines, our non-employee directors, except for Mr. Taylor, are required to own stock equal to three times the annual base cash retainer. Stock ownership for the purpose of these guidelines includes stock and restricted stock, but does not include shares underlying vested or unvested stock options. Non-employee Directors, except for Mr. Taylor, are required to achieve the ownership threshold by April 1, 2017. The Board determined not to subject Mr. Taylor to the stock ownership guidelines because any director compensation payable to Mr. Taylor is paid to Credit Suisse Securities

(USA) LLC, or an affiliate thereof, for so long as he remains an employee thereof.

VOTING SECURITIES OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth, as of April 16, 2012, certain information regarding the beneficial ownership of our common stock by:

each person known to us to be the beneficial owner of more than 5% of our common stock;

each named executive officer;

each of our directors; and

all of our executive officers and directors as a group.

Beneficial ownership is determined according to the rules of the SEC, and generally means that a person has beneficial ownership of a security if he or she possesses sole or shared voting or investment power of that security, and includes for each executive officer and director options that are currently exercisable or exercisable within 60 days of April 16, 2012. Each director, officer or 5% or more stockholder, as the case may be, furnished us with information with respect to beneficial ownership. Except as otherwise indicated, we believe that the beneficial owners of common stock listed below, based on the information each of them has given to us, have sole investment and voting power with respect to their shares, except where community property laws may apply. We have based our calculations of the percentage of beneficial ownership on 22,211,011 shares of common stock outstanding as of April 16, 2012.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Party Transaction Policies

Our Board has adopted a written policy regarding the approval of any "related person transaction," which is any transaction or series of transactions in which we or any of our subsidiaries is or are to be a participant, the amount involved exceeds \$100,000, and a "related person" (as defined under SEC rules) has a direct or indirect material interest; provided, however, that approval is not required for competitive bidding and similar transactions that are not deemed to be related party transactions under Item 404(a) of Regulation S-K of the Exchange Act. Under the policy, a related person would need to promptly disclose to our compliance officer any related person transaction and all material facts about the transaction. Our compliance officer would then assess and promptly communicate that information to the Audit Committee of our Board. Based on its consideration of all of the relevant facts and circumstances, the Audit Committee will either approve or reject the transaction or refer the transaction to the full board or other appropriate board committee, in its discretion. If we become aware of an existing related person transaction that has not been pre-approved under this policy, the transaction will be referred to the Audit Committee which will evaluate all options available, including ratification, revision or termination of such transaction, and will either approve or reject the transaction or refer the transaction to the full board or other appropriate board committee, in its discretion. Our policy provides that any director who may be interested in a related person transaction should recuse himself or herself from any consideration of such related person transaction.

Registration Rights Agreement

In December 2010, in connection with our initial public offering, we completed certain formation transactions through which Walker & Dunlop, LLC became a wholly owned subsidiary of Walker & Dunlop, Inc., a newly formed Maryland corporation. We entered into a registration rights agreement with regard to shares of our common stock issued in connection with our formation transactions to former direct and indirect equity holders of Walker & Dunlop, LLC, including with Column Guaranteed LLC ("Column") and certain of our executive officers and directors, which we refer to collectively as the registrable shares. Pursuant to the registration rights agreement, we granted such holders and their direct and indirect transferees demand registration rights to have the registrable shares registered for resale, which registration statement must remain effective for the shorter of: (a) two years, (b) the date on which all of the registrable shares covered by such registration are eligible for sale without registration pursuant to Rule 144 (or any successor provision) under the Securities Act of 1933, as amended, without volume limitations or other restrictions on transfer thereunder, or (c) the date on which the parties to the registration rights agreement complete the sale of all of the registrable shares. In addition to demand registration rights, certain holders received tag along rights whereby they have the right to have their shares registered if other persons with registration rights register their shares or if the Company proposes to file a registration statement in connection with an underwriting offering. The right to keep a registration statement effective shall cease to apply when registrable shares can be sold pursuant to Rule 144 without any limitations other than the requirement for current public information regarding the Company.

Notwithstanding the foregoing, we will be permitted to suspend the use, from time to time, of the prospectus that is part of the registration statement (and therefore suspend sales under the registration statement) in the event of certain corporate events affecting us for certain periods, referred to as "blackout periods."

We will bear all of the costs and expenses incident to our registration requirements under the registration rights agreement, including, without limitation, all registration, filing and stock exchange or FINRA fees, all fees and expenses of complying with securities or "blue sky" laws, all printing

expenses, and all fees and disbursements of counsel and independent public accountants retained by us and one counsel retained by the selling stockholders. We have also agreed to indemnify the persons receiving registration rights against specified liabilities, including certain potential liabilities arising under the Securities Act of 1933, as amended, or to contribute the payments such persons may be required to make in respect thereof.

Stockholders Agreement

In 2010, we entered into a stockholders agreement with Column, William Walker, our Chairman, President and Chief Executive Officer, and Mallory Walker, the father of William Walker and our former Chairman. Pursuant to this agreement, we agreed to nominate one Column designee, who was Edmund Taylor, for election as director at our 2011 annual meeting of stockholders, and William Walker and Mallory Walker agreed to vote the shares of common stock owned by them for the Column designee at the 2011 annual meeting of stockholders and at any special meeting of stockholders at which directors are to be elected that occurs prior to May 14, 2012, which is six months after the expiration of Column's lock-up agreement entered into in connection with our initial public offering.

Underwriting of Initial Public Offering

As of April 16, 2012, Column owned a 22.8% interest in the Company, and Column is an affiliate of Credit Suisse Securities (USA) LLC ("Credit Suisse"). In its capacity as one of the co-managers of our initial public offering, in 2011, Credit Suisse received underwriting discounts, commissions and fees of approximately \$0.2 million in connection with the partial exercise of the over-allotment option following our 2010 initial public offering.

Co-Broker Fees and Dividends

From time to time, Credit Suisse refers HUD related financing opportunities to the Company, for which it receives fees. For the year ended December 31, 2011, Credit Suisse earned fees of \$6.9 million for the referral of HUD transactions to the Company (co-broker fees), all of which are attributable to a fee agreement Column entered into with Credit Suisse in 2009. Following our acquisition of certain assets of Column, we assumed this fee agreement. On February 9, 2012, the Company entered into an amendment to such fee agreement amending the terms of the allocation of origination fees and trade premiums between Credit Suisse and the Company. The February 9, 2012 amendment resulted in a decrease in the amounts earned by Credit Suisse in its co-broker capacity under the fee agreement, and resulted in a \$2.5 million reduction in the amount the Company owed to Credit Suisse, which was recognized by the Company as Other revenues in the first quarter of 2012.

As of December 31, 2010, the Company had accrued dividends payable of \$1.8 million related to Credit Suisse's ownership stake prior to the formation transactions discussed under "Registration Rights Agreement," which were paid in 2011.

Column Indemnification Agreements

On February 17, 2010, Capital Funding Group, Inc. ("Capital Funding") filed a lawsuit in the state Circuit Court of Montgomery County, Maryland against Walker & Dunlop, LLC, our wholly owned subsidiary, for alleged breach of contract, unjust enrichment and unfair competition arising out of an alleged agreement that Capital Funding had with Column to refinance a large portfolio of senior healthcare facilities located throughout the United States (the "Golden Living Facilities"). Capital Funding alleges that a contract existed between it and Column (and its affiliates) whereby Capital Funding allegedly had the right to perform the HUD refinancing for the Golden Living Facilities and according to which Capital Funding provided certain alleged proprietary information to Column and its affiliates relating to the refinancing of the Golden Living Facilities on a confidential basis. Capital

Table of Contents

Funding further alleges that Walker & Dunlop, LLC, as the alleged successor by merger to Column, is bound by Column's alleged agreement with Capital Funding, and breached the agreement by taking for itself the opportunity to perform the HUD refinancing for the Golden Living Facilities.

Capital Funding further claims that Column and its affiliates and Walker & Dunlop, LLC (the "defendants") breached the contract, were unjustly enriched, and committed unfair competition by using Capital Funding's alleged proprietary information for certain allegedly unauthorized purposes. Capital Funding also asserts a separate unfair competition claim against Walker & Dunlop, LLC in which it alleges that Walker & Dunlop, LLC is improperly "taking credit" on its website for certain work actually performed by Capital Funding. Capital Funding seeks damages in excess of \$30 million on each of the three claims asserted against all defendants, and an unspecified amount of damages on the separate claim for unfair competition against Walker & Dunlop, LLC. Capital Funding also seeks injunctive relief in connection with its unjust enrichment and unfair competition claims.

To provide for greater certainty regarding Column's indemnification obligations before the resolution of this litigation and to cap our total loss exposure, we secured a further agreement from Column in November 2010 confirming that it will indemnify us for any liabilities that arise as a result of this litigation. As part of this further indemnification agreement, in the event Column is required to pay us for any liabilities under the Capital Funding litigation that it otherwise would not have been obligated to pay under the Column Transaction Agreement, we will indemnify Column for an amount up to \$3.0 million. Also as part of this further indemnification agreement, William Walker, our Chairman, President and Chief Executive Officer, and Mallory Walker, former Chairman and current stockholder, in their individual capacities, agreed that if Column is required to indemnify us under this agreement and otherwise would not have been obligated to pay such amounts under the Column Transaction Agreement, Messrs. William Walker and Mallory Walker will pay any such amounts in excess of \$3.0 million but equal to or less than \$6.0 million. As a result of this agreement, we will have no liability or other obligation for any damage amounts in excess of \$3.0 million arising out of this litigation. Although Column has assumed defense of the case for all defendants, and is paying applicable counsel fees, as a result of the indemnification claim procedures described above, we could be required to bear the significant costs of the litigation and any adverse judgment unless and until we are able to prevail on our indemnification claim. We believe that we will fully prevail on our indemnification claims against Column, and that we ultimately will incur no material loss as a result of this litigation, although there can be no assurance that this will be the case.

On July 19, 2011, the Circuit Court for Montgomery County, Maryland issued an order granting the defendants' motion to dismiss the case, without prejudice. After the initial case was dismissed without prejudice, Capital Funding filed an amended complaint. In November, 2011, the Circuit Court of Montgomery County rejected our motion to dismiss the amended complaint and the case is currently in the discovery stage. Trial is scheduled to begin on July 9, 2012.

See "Legal Proceedings" of our Annual Report on Form 10-K for additional information.

received an incentive fee. Our subsidiary, Walker & Dunlop, LLC, has contracted with Walker & Dunlop Fund Management, LLC (the "Advisor"), a registered investment advisor, of which Mr. Walker, our Chairman, President and Chief Executive Officer, is the sole member, for it to provide investment advisory services to the Balanced Fund pursuant to an investment advisory agreement. We also provide investment, consulting and related services to Walker & Dunlop Multifamily Equity I, LLC (the "Multifamily Advisor"), in which members of the Walker family, including Mr. Walker, our Chairman, President and Chief Executive Officer, and Howard W. Smith, III, our Executive Vice President and Chief Operating Officer, hold 37.5% and 2.5% of the membership interests, respectively. The Multifamily Advisor holds a 1% managing member interest in, and serves as the investment advisor pursuant to an investment advisory agreement to, Walker & Dunlop Apartment Fund I, LLC (the "Apartment Fund"), a commercial real estate fund that has invested approximately \$45 million in multifamily real estate properties and mezzanine loans and has no further commitments to invest. An institutional investor owns a 99% non-managing member interest in the Apartment Fund. Pursuant to the Apartment Fund's operating agreement, distribution of net cash flow is first distributed to the institutional investor based on an investment yield, then to the Multifamily Advisor, and the balance of the net cash flow of the Apartment Fund is then distributed 99% to the institutional investor and 1% to the Multifamily Advisor. In exchange for the provision of investment, consulting and related services pursuant to a corporate services agreement between the Multifamily Advisor and Walker & Dunlop, LLC, Walker & Dunlop, LLC provides corporate services to the Multifamily Advisor in connection with Multifamily Advisor's asset management responsibilities to the Apartment Fund for a fee. In 2011, the amount of such fees were approximately \$0.2 million.
