FORWARD-LOOKING STATEMENTS

This prospectus supplement and the accompanying prospectus may contain forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, or the "Exchange Act," which involve substantial risks and uncertainties. Forward-looking statements predict or describe our future operations, business plans, business and investment strategies and portfolio management and the performance of our investments and our investment management business. These forward-looking statements are not historical facts, but rather are based on current expectations, estimates and projections about our industry, our beliefs, and our assumptions. Words such as "intends," "intend," "intended," "goal," "estimate," "estimates," "expects," "expect," "expected," "project," "projected," "projections," "plans," "seeks," "anticipates," "anticipated," "should," "could," "may," "will," "designed to," "foreseeable future," "believe," "believes" and "scheduled" and variations of these words and similar expressions are intended to identify forward-looking statements. Our actual results or outcomes may differ materially from those anticipated. Readers are cautioned not to place undue reliance on these forward looking statements, which speak only as of the date the statement was made. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. These statements are not guarantees of future performance and are subject to risks, uncertainties, and other factors, some of which are beyond our control and difficult to predict and could cause actual results to differ materially from those expressed or forecasted in the forward-looking statements, including without limitation:

- our future operating results,
- our business prospects and the prospects of our portfolio companies,
- the impact of investments that we expect to make,
- our contractual arrangements and relationships with third parties,
- the dependence of our future success on the general economy and its impact on the industries in which we invest,
- the ability of our portfolio companies to achieve their objectives,
- difficulty in obtaining financing or raising capital, especially in the current credit and equity environment,
- the level and volatility of prevailing interest rates and credit spreads, magnified by the current turmoil in the credit markets,
- adverse developments in the availability of desirable loan and investment opportunities whether they are due to competition, regulation or otherwise,
- a compression of the yield on our investments and the cost of our liabilities, as well as the level of leverage available to us,
- our regulatory structure and tax treatment, including our ability to operate as a business development company and a regulated investment company,
- the adequacy of our cash resources and working capital,

the timing of cash flows, if any, from the operations of our portfolio companies,

the ability of our investment adviser to locate suitable investments for us and to monitor and administer our investments,

authoritative generally accepted accounting principles or policy changes from such standard-setting bodies as the Financial Accounting Standards Board, the SEC, Internal Revenue Service,

the NASDAQ Global Select Market, and other authorities that we are subject to, as well as their counterparts in any foreign jurisdictions where we might do business, and

the risks, uncertainties and other factors we identify in "Risk Factors" and elsewhere in this prospectus supplement and the accompanying prospectus and in our filings with the SEC.

Although we believe that the assumptions on which these forward-looking statements are based are reasonable, any of those assumptions could prove to be inaccurate, and as a result, the forward-looking statements based on those assumptions also could be inaccurate. Important assumptions include our ability to originate new loans and investments, ability to obtain certain margins and levels of profitability and the availability of additional capital. In light of these and other uncertainties, the inclusion of a projection or forward-looking statement in this prospectus supplement and the accompanying prospectus, respectively, should not be regarded as a representation by us that our plans and objectives will be achieved. These risks and uncertainties include those described or identified in "Risk Factors" and elsewhere in this prospectus supplement and the accompanying prospectus, respectively. You should not place undue reliance on these forward-looking statements, which apply only as of the date of this prospectus supplement or the accompanying prospectus, as applicable. These forward-looking statements do not meet the safe harbor for forward-looking statements pursuant to Section 27A of the Securities Act of 1933, as amended, or the "Securities Act."

You should rely only on the information contained in this prospectus supplement and the accompanying prospectus. We have not, and the underwriter has not, authorized any other person to provide you with information that is different from that contained in this prospectus supplement or the accompanying prospectus. If anyone provides you with different or inconsistent information, you should not rely on it. We are not, and the underwriter is not, making an offer of these securities in any jurisdiction where the offer is not permitted. You should assume that the information appearing in this prospectus supplement and the accompanying prospectus is accurate only as of their respective dates and we assume no obligation to update any such information. Our business, financial condition and results of operations may have changed since those dates. Although we undertake no obligation to revise or update any forward-looking statements, whether as a result of new information, future events or otherwise, you are advised to consult any additional disclosures that we any make directly to you or through reports that we have filed with the SEC, including annual reports on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K.

PROSPECTUS SUMMARY

This summary highlights some of the information contained elsewhere in this prospectus supplement and the accompanying prospectus. It is not complete and may not contain all of the information that you may want to consider. You should read carefully the more detailed information set forth under "Risk Factors" in this prospectus supplement and in the accompanying prospectus and the other information included in this prospectus supplement and the accompanying prospectus.

The terms "we," "us," "our" and "Company" refer to Prospect Capital Corporation; "Prospect Capital Management," "Investment Advisor" and "PCM" refer to Prospect Capital Management LLC; and "Prospect Administration" and the "Administrator" refer to Prospect Administration LLC.

The Company

Prospect Capital Corporation is a financial services company that primarily lends to and invests in middle market privately-held companies. We are a closed-end investment company that has filed an election to be treated as a business development company under the Investment Company Act of 1940, or the "1940 Act." We invest primarily in senior and subordinated debt and equity of companies in need of capital for acquisitions, divestitures, growth, development and recapitalization. We work with the management teams or financial sponsors to seek investments with historical cash flows, asset collateral or contracted pro-forma cash flows.

Typically, we concentrate on making investments in companies with annual revenues of less than $500 million and enterprise values of less than $250 million. Our typical investment involves a secured loan of less than $50 million with some form of equity participation. From time to time, we acquire controlling interests in companies in conjunction with making secured debt investments in such companies. In most cases, companies in which we invest are privately held at the time we invest in them. We refer to these companies as "target" or "middle market" companies and these investments as "middle market investments."

We seek to maximize total returns to our investors, including both current yield and equity upside, by applying rigorous credit analysis and asset-based and cash-flow based lending techniques to make and monitor our investments. Many of our investments to date have been in energy-related industries. We have made no investments to date in the real estate or mortgage industries, and we do not intend currently to focus on such investments.

We are currently pursuing multiple investment opportunities, including purchases of portfolios from private and public companies, as well as originations and secondary purchases of particular securities. We also regularly evaluate control investment opportunities in a range of industries, and some of these investments could be material to us. There can be no assurance that we will successfully consummate any investment opportunity we are currently pursuing. If any of these opportunities are consummated, there can be no assurance that investors will share our view of valuation or that any assets acquired will not be subject to future write downs, each of which could have an adverse effect on our stock price.

As of March 31, 2012, we held investments in 78 portfolio companies. The aggregate fair value as of March 31, 2012 of investments in these portfolio companies held on that date is approximately $1.692 billion. Our portfolio across all our long-term debt had an annualized current yield of 12.6% as of March 31, 2012. The yield includes interest as well as dividends.

Recent Developments

Dividends

On May 7, 2012, we announced the declaration of monthly dividends in the following amounts and with the following dates:

- $0.101525 per share for May 2012 to holders of record on May 31, 2012 with a payment date of June 22, 2012;
- $0.101550 per share for June 2012 to holders of record on June 29, 2012 with a payment date of July 24, 2012;
- $0.101575 per share for July 2012 to holders of record on July 31, 2012 with a payment date of August 24, 2012; and
- $0.101600 per share for August 2012 to holders of record on August 31, 2012 with a payment date of September 21, 2012.

Recent Investment Activity

On April 2, 2012 we made an investment of $22 million to purchase 51.2% of the subordinated notes in Galaxy XII CLO, Ltd.

On April 16, 2012, we made a senior secured debt investment of $15 million to support the acquisition of Nixon, Inc., a designer and distributor of watches and accessories.

On April 20, 2012 we made an investment of $43.195 million to purchase 71.1% of the subordinated notes in Symphony CLO IX, Ltd.

On May 8, 2012, SonicWALL, Inc. repaid the $23 million loan receivable to us.

On May 17, 2012, we made an investment of $50 million in Plato Learning, Inc., providers of educational software which deliver online curriculum and assessments to the U.S. educational market.

On May 21, 2012, we made a follow-on investment of $10.5 million in Stauber Performance Ingredients, Inc.

On May 31, 2012, The Copernicus Group, Inc. repaid the remaining $17.6 million loan receivable to us and we received $2.6 million for our preferred stock positions, resulting in a realized gain of $2.3 million.

On June 1, 2012, we made a senior secured second lien investment of $17.5 million in an installment lender.

On June 1, 2012, we sold our membership interests in C&J Cladding for $4.0 million, recognizing a realized gain of $3.4 million on the sale, and received an advisory fee of $1.5 million.

On June 14, 2012, we made an investment of $18.7 million to purchase 52.7% of the subordinated notes in Apidos CLO IX.

On June 15, 2012, we exited our investment in Nupla Corporation for a sales price of $6.85 million. After payment of expenses, including accumulated managerial assistance of $450,000 paid to our Administrator and a $1.5 million structuring fee paid to us, the proceeds were applied to repayment of the loans receivable to us, resulting in a realized gain of $2.9 million, as this loan was acquired in the Patriot Capital acquisition at a discount to the par amount outstanding.

On June 22, 2012, we made an investment of $25.8 million to purchase 51.0% of the subordinated notes in Madison Park Funding IX, Ltd.

Table of Contents

On June 29, 2012, Sport Helmets Holdings, LLC repaid the $17.6 million loan receivable to us. We recognized $2.6 million of accelerated purchase discount accretion in the quarter ended June 30, 2012.

On July 5, 2012, we made a senior secured debt investment of $28.0 million to support the acquisition of a provider of forklift and other material handling equipment fleet services.

Credit Facility

On April 4, 2012, April 17, 2012, June 8, 2012 and June 13, 2012 we closed increases to our commitments to our credit facility of $15 million, $57.5 million, $5 million and $5 million respectively. The commitments to the credit facility now stand at $492.5 million.

Debt Issuance

Since March 31, 2012, we issued approximately $23.62 million in aggregate principal amount of Prospect Capital InterNotes® for net proceeds of approximately $23.16 million.

On April 16, 2012, we issued $130 million in aggregate principal amount of 5.375% senior convertible notes due 2017 (the "2017 Notes") for net proceeds following underwriting expenses of approximately $126 million. Other than the coupon and maturity date, the 2017 Notes have terms that are substantially similar to the terms of our 5.50% senior convertible notes due 2016 (the "2016 Notes") (See "Management's Discussion and Analysis of Financial Condition and Results of Operations Senior Convertible Notes")

On May 1, 2012, we issued $100 million in aggregate principal amount of 6.95% senior unsecured notes due 2022 for net proceeds net of offering expenses of approximately $96.8 million (the "2022 Notes").

Stock Issuance in Connection with Dividend Reinvestment Plan

On April 20, 2012, May 24, 2012 and June 22, 2012, we issued 85,063, 81,773 and 72,407 shares, respectively, of our common stock in connection with the dividend reinvestment plan.

ATM Offering

On June 1, 2012, we and KeyBanc Capital Markets Inc. entered into an equity distribution agreement relating to sales by us through KeyBanc Capital Markets, by means of at-the-market offerings from time to time, of up to 9,500,000 shares of our common stock (the "ATM Program"). During the period from June 7, 2012 to July 9, 2012, we sold 5,199,764 shares of our common stock at an average price of $11.38 per share, and raised $59.2 million of gross proceeds, under the ATM Program. Net proceeds were $58.6 million after commissions to the broker-dealer on shares sold.

First Tower Acquisition

On June 15, 2012, we completed the acquisition of the businesses of First Tower Corp. ("First Tower"). We acquired 80.1% of First Tower's businesses for $110.2 million in cash and 14,518,207 million unregistered shares of our common stock.

Fees and Expenses

The following tables are intended to assist you in understanding the costs and expenses that an investor in this offering will bear directly or indirectly. We caution you that some of the percentages indicated in the table below are estimates and may vary. In these tables, we assume that we have borrowed $1.069 billion. Except where the context suggests otherwise, whenever this prospectus contains a reference to fees or expenses paid by "you" or "us" or that "we" will pay fees or expenses, the Company will pay such fees and expenses out of our net assets and, consequently, you will indirectly bear such fees or expenses as an investor in the Company. However, you will not be required to deliver any money or otherwise bear personal liability or responsibility for such fees or expenses.

Stockholder transaction expenses:

Total annual expenses(6)(13)	12.35%

Example

The following table demonstrates the projected dollar amount of cumulative expenses we would pay out of net assets and that you would indirectly bear over various periods with respect to a hypothetical investment in our common stock. In calculating the following expense amounts, we have assumed we would have borrowed $1.069 billion and that our annual operating expenses would remain at the levels set forth in the table above and that we would pay the costs shown in the table above.

	1 Year	3 Years	5 Years	10 Years
You would pay the following expenses on a $1,000 investment, assuming a 5% annual return	$	$	$	$

While the example assumes, as required by the SEC, a 5% annual return, our performance will vary and may result in a return greater or less than 5%. The income incentive fee under our Investment Advisory Agreement with Prospect Capital Management is unlikely to be material assuming a 5% annual return and is not included in the example. If we achieve sufficient returns on our investments, including through the realization of capital gains, to trigger an incentive fee of a material amount, our distributions to our common stockholders and our expenses would likely be higher. In addition, while the example assumes reinvestment of all dividends and other distributions at net asset value, or NAV, participants in our dividend reinvestment plan will receive a number of shares of our common stock determined by dividing the total dollar amount of the distribution payable to a participant by the market price per share of our common stock at the close of trading on the valuation date for the distribution. See "Dividend Reinvestment Plan" for additional information regarding our dividend reinvestment plan.

Table of Contents

This example and the expenses in the table above should not be considered a representation of our future expenses. Actual expenses (including the cost of debt, if any, and other expenses) may be greater or less than those shown.

(1) The sales load (underwriting discounts and commissions) with respect to our common stock sold in this offering, which is a one time fee, is the only sales load paid in connection with this offering.

(2) The offering expenses of this offering are estimated to be approximately $300,000.

(3) The expenses of the dividend reinvestment plan are included in "other expenses."

(4) Net assets attributable to our common stock equal net assets (i.e., total assets less liabilities other than liabilities for money borrowed for investment purposes) at March 31, 2012. See "Capitalization" in this prospectus supplement.

(5) Our base management fee is 2% of our gross assets (which include any amount borrowed, i.e., total assets without deduction for any liabilities). Although no plans are in place to borrow the full amount under our line of credit, assuming that we borrowed $492.5 million, the 2% management fee of gross assets equals approximately 3.70% of net assets. See "Business Management Services Investment Advisory Agreement" in the accompanying prospectus and footnote 6 below.

(6) Based on an annualized level of incentive fee paid during our third fiscal quarter ended March 31, 2012, all of which consisted of an income incentive fee. For a more detailed discussion of the calculation of the two-part incentive fee, see "Management Services Investment Advisory Agreement" in the accompanying prospectus.

(7) On December 21, 2010, the Company issued $150 million in aggregate principal amount of 6.25% Convertible Senior Notes due 2015, which we refer to as the 2015 Notes. See "Business General" and "Risk Factors Risks Related to our Business" in the accompanying prospectus for more detail on the 2015 Notes.

(8) On February 18, 2011, the Company issued $172.5 million in aggregate principal amount of 5.5% Convertible Senior Notes due 2016, which we refer to as the 2016 Notes. Between January 30, 2012 and February 2, 2012, we repurchased $5.0 million of our 2016 Notes at a price of 97.5% of par, including commissions. The transactions will result in our recognizing $10,000 of loss in the quarter ended March 31, 2012. See "Business General" and "Risk Factors Risks Related to our Business" in the accompanying prospectus for more detail on the 2016 Notes. The 2016 Notes and the 2015 Notes are referred to collectively as the Senior Convertible Notes.

(9) On April 16, 2012 the Company issued $130 million in aggregate principal amount of 5.375% Convertible Senior Notes due 2017, which we refer to as the 2017 Notes.

(10) On May 1, 2012 the Company issued $100 million in aggregate principal amount of 6.95% Senior Notes due 2022, which we refer to as the 2022 Notes.

(11) Since February 2012, the Company issued $29.09 million in aggregate principal amount of our Prospect Capital InterNotes®.

(12) The Company's stockholders indirectly bear the expenses of underlying investment companies in which the Company invests. This amount includes the fees and expenses of investment companies in which the Company is invested in as of March 31, 2012. When applicable, fees and expenses are based on historic fees and expenses for the investment companies and for those investment companies with little or no operating history, fees and expenses are based on expected fees and expenses stated in the investment companies' prospectus or other similar communication without giving effect to any performance. Future fees and expenses for certain investment companies may be

substantially higher or lower because certain fees and expenses are based on the performance of the investment companies, which may fluctuate over time. The amount of the Company's average net assets used in calculating this percentage was based on net assets of approximately $1,319 million as of March 31, 2012.

(13) "Other expenses" are based on estimated amounts for the current fiscal year. The amount shown above represents annualized expenses during our three months ended March 31, 2012 representing all of our estimated recurring operating expenses (except fees and expenses reported in other items of this table) that are deducted from our operating income and reflected as expenses in our Statement of Operations. The estimate of our overhead expenses, including payments under an administration agreement with Prospect Administration, or the Administration Agreement, based on our projected allocable portion of overhead and other expenses incurred by Prospect Administration in performing its obligations under the Administration Agreement. "Other expenses" does not include non-recurring expenses. See "Business Management Services Administration Agreement" in the accompanying prospectus.

RISK FACTORS

Investing in our common stock involves a high degree of risk. You should carefully consider the risks described below and in the accompanying prospectus on page 10, together with all of the other information included in this prospectus supplement and in the accompanying prospectus, before you decide whether to make an investment in our common stock. The risks set forth below and in the accompanying prospectus are not the only risks we face. If any of the adverse events or conditions described below or in the accompanying prospectus occur, our business, financial condition and results of operations could be materially adversely affected. In such case, our NAV and the trading price of our common stock could decline, we could reduce or eliminate our dividend and you could lose all or part of your investment.

Capital markets have recently been in a period of disruption and instability. These market conditions have materially and adversely affected debt and equity capital markets in the United States and abroad, which have had, and may in the future have, a negative impact on our business and operations.

The U.S. and foreign capital markets have recently been in a period of disruption as evidenced by a lack of liquidity in the debt capital markets, significant write-offs in the financial services sector, the re-pricing of credit risk in the broadly syndicated credit market and the failure of certain major financial institutions. Despite actions of the United States federal government and foreign governments, these events contributed to worsening general economic conditions that materially and adversely impacted the broader financial and credit markets and reduced the availability of debt and equity capital for the market as a whole and financial services firms in particular. While these conditions appear to be improving, they could continue for a prolonged period of time or worsen in the future. In addition, while these conditions persist, we and other companies in the financial services sector may have to access, if available, alternative markets for debt and equity capital in order to grow. Equity capital may be difficult to raise because subject to some limited exceptions, as a business development company, we are generally not able to issue additional shares of our common stock at a price less than net asset value without first obtaining approval for such issuance from our stockholders and our independent directors. At our annual meeting of stockholders held on December 8, 2011, subject to the condition that the maximum number of shares salable below net asset value pursuant to this authority in any particular offering that could result in such dilution is limited to 25% of our then outstanding common stock immediately prior to each such offering, our stockholders approved our ability to sell or otherwise issue shares of our common stock at a price below its then current net asset value per share for a twelve month period expiring on the anniversary of the date of stockholder approval. In addition, our ability to incur indebtedness or issue other senior securities (including by issuing preferred stock) is limited by applicable regulations such that our asset coverage, as defined in the 1940 Act, must equal at least 200% immediately after each time we incur indebtedness or issue other senior securities. The debt capital that will be available, if at all, may be at a higher cost and on less favorable terms and conditions in the future. Any inability to raise capital could have a negative effect on our business, financial condition and results of operations.

Moreover, recent market conditions have made, and may in the future make, it difficult to extend the maturity of or refinance our existing indebtedness for borrowed money and any failure to do so could have a material adverse effect on our business. The illiquidity of our investments may make it difficult for us to sell such investments if required. As a result, we may realize significantly less than the value at which we have recorded our investments.

Given the recent extreme volatility and dislocation in the capital markets, many business development companies have faced, and may in the future face, a challenging environment in which to raise capital. Recent significant changes in the capital markets affecting our ability to raise capital have affected the pace of our investment activity. In addition, significant changes in the capital markets, including the recent extreme volatility and disruption, has had, and may in the future have, a negative effect on the valuations of our investments and on the potential for liquidity events involving our investments. An inability to raise capital, and any required sale of our investments for liquidity purposes, could have a material adverse impact on our business, financial condition or results of operations.

The instability in the financial markets has led the U.S. federal government to take a number of unprecedented actions and pass legislation designed to regulate and support certain financial institutions and numerous segments of the financial markets that have experienced extreme volatility, and in some cases a lack of liquidity.

On July 21, 2010, the President signed into law major financial services reform legislation in the form of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act"). The Dodd-Frank Act, among other things, grants regulatory authorities such as the Commodity Futures Trading Commission ("CFTC") and SEC broad rulemaking authority to implement various provisions of the Dodd-Frank Act, including comprehensive regulation of the over-the-counter derivatives market. The regulations adopted to date by these regulators have not had a material adverse effect on our business. However, several significant rulemaking initiatives have not been completed and these could have the effect of reducing liquidity or otherwise adversely affecting us or our investments. There can be no assurance that future regulatory actions authorized by the Dodd-Frank Act will not significantly reduce our profitability. The implementation of the Dodd-Frank Act could also adversely affect us by increasing transaction and/or regulatory compliance costs. In addition, greater regulatory scrutiny may increase our exposure to potential liabilities. Increased regulatory oversight can also impose administrative burdens on us and on PCM, including, without limitation, responding to examinations or investigations and implementing new policies and procedures.

Additionally, federal, state, foreign and other governments, their regulatory agencies or self regulatory organizations may take actions that affect the regulation of the securities in which we invest, or the issuers of such securities, in ways that are unforeseeable. Governments or their agencies may also acquire distressed assets from financial institutions and acquire ownership interests in those institutions. The implications of government ownership and disposition of these assets are unclear, and such a program may have positive or negative effects on the liquidity, valuation and performance of our portfolio companies. Furthermore, volatile financial markets can expose us to greater market and liquidity risk and potential difficulty in valuing securities.

At any time after the date of this prospectus, legislation may be enacted that could negatively affect us or our portfolio companies. Changing approaches to regulation may have a negative impact on the entities in which we invest. Legislation or regulation may also change the way in which we are regulated. There can be no assurance that the Dodd-Frank Act or any future legislation, regulation or deregulation will not have a material adverse effect on us or will not impair our ability to achieve our investment objective.

The recent downgrade of the U.S. credit rating and uncertainty about the financial stability of several countries in the European Union ("EU") could have a significant adverse effect on our business, results of operations and financial condition.

Due to long-term federal budget deficit concerns, on August 5, 2011 S&P downgraded the federal government's credit rating from AAA to AA+ for the first time in history. This downgrade could lead to subsequent downgrades by S&P, as well as to downgrades by the other two major credit rating agencies, Moody's and Fitch Ratings. These developments, and the government's credit concerns in general, could cause interest rates and borrowing costs to rise, which may negatively impact both the perception of credit risk associated with our debt portfolio and our ability to access the debt markets on favorable terms. In addition, a decreased credit rating could create broader financial turmoil and uncertainty, which may weigh heavily on our stock price and our financial performance.

Table of Contents

In 2010, a financial crisis emerged in Europe, triggered by high budget deficits and rising direct and contingent sovereign debt in Greece, Ireland, Italy, Portugal and Spain, which created concerns about the ability of these EU "peripheral nations" to continue to service their sovereign debt obligations. Despite assistance packages to Greece, Ireland and Portugal, the creation of a joint EU-IMF European Financial Stability Facility in May 2010, and a recently announced plan to expand financial assistance to Greece, uncertainty over the outcome of the EU governments' financial support programs and worries about sovereign finances persist. Risks and ongoing concerns about the debt crisis in Europe could have a detrimental impact on the global economic recovery, sovereign and non-sovereign debt in these countries and the financial condition of European financial institutions. Market and economic disruptions have affected, and may continue to affect, consumer confidence levels and spending, personal bankruptcy rates, levels of incurrence and default on consumer debt and home prices, among other factors. There can be no assurance that the market disruptions in Europe, including the increased cost of funding for certain governments and financial institutions, will not spread, nor can there be any assurance that future assistance packages will be available or, even if provided, will be sufficient to stabilize the affected countries and markets in Europe or elsewhere. To the extent uncertainty regarding the economic recovery continues to negatively impact consumer confidence and consumer credit factors, our business and results of operations could be significantly and adversely affected.

Our most recent NAV was calculated on March 31, 2012 and our NAV when calculated effective June 30, 2012 may be higher or lower.

Our most recently estimated NAV per share is $10.58 on an as adjusted basis solely to give effect to our distributions with record dates of April 30, 2012, May 31, 2012 and June 29, 2012, our issuance of common stock on April 20, 2012, May 24, 2012 and June 22, 2012 in connection with our dividend reinvestment plan, the issuance of 14,518,207 shares of common stock issued in conjunction with the acquisition of First Tower and our sale of 5,199,764 shares of common stock during the period from June 7, 2012 through July 9, 2012 (with settlement dates of June 12, 2012 through July 12, 2012), versus $10.82 determined by us as of March 31, 2012. NAV per share as of June 30, 2012, may be higher or lower than $10.58 based on potential changes in valuations, issuances of securities and earnings for the quarter then ended. Our Board of Directors has not yet determined the fair value of portfolio investments at any date subsequent to March 31, 2012. Our Board of Directors determines the fair value of our portfolio investments on a quarterly basis in connection with the preparation of quarterly financial statements and based on input from an independent valuation firm, our Investment Advisor and the audit committee of our Board of Directors.

If we sell common stock at a discount to our NAV per share, stockholders who do not participate in such sale will experience immediate dilution in an amount that may be material.

We have obtained approval from our stockholders for us to be able to sell, subject to the condition that the maximum number of shares salable below net asset value pursuant to this authority in any particular offering that could result in such dilution is limited to 25% of our then outstanding common stock immediately prior to each such offering, shares of our common stock at any level of discount from NAV per share in certain circumstances during the one-year period ending on December 9, 2012, as described in this prospectus supplement and in the accompanying prospectus. The issuance or sale by us of shares of our common stock at a discount to net asset value poses a risk of dilution to our stockholders. In particular, stockholders who do not purchase additional shares of common stock at or below the discounted price in proportion to their current ownership will experience an immediate decrease in NAV per share (as well as in the aggregate NAV of their shares of common stock if they do not participate at all). These stockholders will also experience a disproportionately greater decrease in their participation in our earnings and assets and their voting power than the increase we experience in our assets, potential earning power and voting interests from such issuance or sale. In addition, such

Table of Contents

sales may adversely affect the price at which our common stock trades. For additional information about recent sales below NAV per share, see "Recent Sales of Common Stock Below Net Asset Value" in this prospectus supplement and for additional information and hypothetical examples of these risks, see "Sales of Common Stock Below Net Asset Value" in the accompanying prospectus.

We may in the future choose to pay dividends in our own stock, in which case our stockholders may be required to pay tax in excess of the cash they receive.

We may distribute taxable dividends that are payable in part in our stock. Under IRS Revenue Procedure 2010-12, up to 90% of any such taxable dividend could be payable in our stock for dividends paid on or before December 31, 2012 with respect to any taxable year ending on or before December 31, 2011. The IRS has also issued private letter rulings on cash/stock dividends paid by regulated investment companies and real estate investment trusts if certain requirements are satisfied, and we have received such a ruling permitting us to declare such taxable cash/stock dividends, up to 80% in stock, with respect to our taxable years ending August 31, 2012 and August 31, 2013. Taxable stockholders receiving such dividends would be required to include the full amount of the dividend as ordinary income (or as long-term capital gain to the extent such distribution is properly designated as a capital gain dividend) to the extent of our current and accumulated earnings and profits for United States federal income tax purposes. As a result, a U.S. stockholder may be required to pay tax with respect to such dividends in excess of any cash received. If a U.S. stockholder sells the stock it receives as a dividend in order to pay this tax, it may be subject to transaction fees (e.g. broker fees or transfer agent fees) and the sales proceeds may be less than the amount included in income with respect to the dividend, depending on the market price of our stock at the time of the sale. Furthermore, with respect to non-U.S. stockholders, we may be required to withhold U.S. tax with respect to such dividends, including in respect of all or a portion of such dividend that is payable in stock. In addition, if a significant number of our stockholders determine to sell shares of our stock in order to pay taxes owed on dividends, it may put downward pressure on the trading price of our stock. It is unclear whether and to what extent we will be able to pay dividends in cash and our stock (whether pursuant to Revenue Procedure 2010-12, a private letter ruling, or otherwise).

Senior securities, including debt, expose us to additional risks, including the typical risks associated with leverage.

We currently use our revolving credit facility to leverage our portfolio and we expect in the future to borrow from and issue senior debt securities to banks and other lenders and may securitize certain of our portfolio investments.

With certain limited exceptions, as a BDC we are only allowed to borrow amounts such that our asset coverage, as defined in the 1940 Act, is at least 200% after such borrowing. The amount of leverage that we employ will depend on our Investment Adviser's and our Board of Directors' assessment of market conditions and other factors at the time of any proposed borrowing. There is no assurance that a leveraging strategy will be successful. Leverage involves risks and special considerations for stockholders, including:

- A likelihood of greater volatility in the net asset value and market price of our common stock;
- Diminished operating flexibility as a result of asset coverage or investment portfolio composition requirements required by lenders or investors that are more stringent than those imposed by the 1940 Act;
- The possibility that investments will have to be liquidated at less than full value or at inopportune times to comply with debt covenants or to pay interest or dividends on the leverage;
- Increased operating expenses due to the cost of leverage, including issuance and servicing costs;

Table of Contents

Convertible or exchangeable securities issued in the future may have rights, preferences and privileges more favorable than those of our common stock; and

Subordination to lenders' superior claims on our assets as a result of which lenders will be able to receive proceeds available in the case of our liquidation before any proceeds will be distributed to our stockholders.

For example, the amount we may borrow under our revolving credit facility is determined, in part, by the fair value of our investments. If the fair value of our investments declines, we may be forced to sell investments at a loss to maintain compliance with our borrowing limits. Other debt facilities we may enter into in the future may contain similar provisions. Any such forced sales would reduce our net asset value and also make it difficult for the net asset value to recover. Our Investment Adviser and our Board of Directors in their best judgment nevertheless may determine to use leverage if they expect that the benefits to our stockholders of maintaining the leveraged position will outweigh the risks.

Illustration. The following table illustrates the effect of leverage on returns from an investment in our common stock assuming various annual returns, net of interest expense. The calculations in the table below are hypothetical and actual returns may be higher or lower than those appearing below. The calculation assumes (i) $2.0 billion in total assets, (ii) an average cost of funds of 4.72%, (iii) $700 million in debt outstanding and (iv) $1.3 billion of shareholders' equity.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

(All figures in this section are in thousands except share, per share and other data)

The following discussion should be read in conjunction with the consolidated financial statements and notes thereto appearing elsewhere in this prospectus supplement and the accompanying prospectus. Historical results set forth are not necessarily indicative of our future financial position and results of operations.

Overview

We are a financial services company that primarily lends to and invests in middle market privately-held companies. We are a closed-end investment company that has filed an election to be treated as a business development company under the Investment Company Act of 1940, or the 1940 Act. We invest primarily in senior and subordinated debt and equity of companies in need of capital for acquisitions, divestitures, growth, development and recapitalization. We work with the management teams or financial sponsors to seek investments with historical cash flows, asset collateral or contracted pro-forma cash flows.

We seek to be a long-term investor with our portfolio companies. From our July 27, 2004 inception to the fiscal year ended June 30, 2007, we invested primarily in industries related to the industrial/energy economy. Since then, we have widened our strategy to focus in other sectors of the economy and continue to reduce our exposure to the energy industry, and our holdings in the energy and energy related industries now represent less than 10% of our investment portfolio.

The aggregate value of our portfolio investments was $1,691,580, and $1,463,010 as of March 31, 2012 and June 30, 2011, respectively. During the nine months ended March 31, 2012, our net cost of investments increased by $220,129, or 15.3%, as a result of nineteen new investments, several follow-on investments and a revolver advance, totaling $542,846, accrued payment-in-kind interest of $4,499 and accretion of purchase discount of $3,741, while we received full repayment on twelve investments, sold one investment, received several partial prepayments, amortization payments and a revolver repayment, totaling $354,660, including a net realized gain of $23,703. During the nine months ended March 31, 2012, Deb Shops, Inc. ("Deb Shops") filed for bankruptcy and a plan for reorganization was proposed. The plan, which is expected to be approved by the bankruptcy court, will eliminate our debt position with no payment to us. As a result, we determined that the impairment of Deb Shops was other-than-temporary and recorded a realized loss of $14,607 for the full amount of the amortized cost. This realized loss was primarily offset by our sale of 392 shares of NRG Manufacturing, Inc. ("NRG") common stock for which we realized a gain of $36,940.

Compared to the end of last fiscal year (ended June 30, 2011), net assets increased by $204,449 or 18.3% during the nine months ended March 31, 2012, from $1,114,357 to $1,318,806. This increase resulted from the issuance of new shares of our common stock (less offering costs) in the amount of $144,376, dividend reinvestments of $7,893, and another $154,601 from operations. These increases, in turn, were offset by $102,421 in dividend distributions to our stockholders. The $154,601 increase in net assets resulting from operations is net of the following: net investment income of $122,457, net realized gain on investments of $23,703 and an increase in net assets due to changes in net unrealized appreciation of investments of $8,441.

Third Quarter Highlights

Investment Transactions

On January 4, 2012, Energy Solutions Holdings, Inc. ("Energy Solutions") sold its gas gathering and processing assets ("Gas Solutions") for a sale price of $199,805, adjusted for the final working

Table of Contents

capital settlement, including a potential earnout of $28,000 that will be paid based on the future performance of Gas Solutions. After expenses, including structuring fees of $9,966 paid to us, Energy Solutions received approximately $148,687 in cash and an additional $10,000 is being held in escrow. Currently, our loans to Energy Solutions remain outstanding and are collateralized by the cash held by Energy Solutions after the sale transaction. The sale of Gas Solutions by Energy Solutions has resulted in significant earnings and profits, as defined by the Internal Revenue Code, at Energy Solutions for calendar year 2012. As a result, distributions from Energy Solutions to us will be required to be recognized as dividend income, in accordance with ASC 946, *Financial Services Investment Companies*, as cash distributions are received from Energy Solutions to the extent there are current year earnings and profits sufficient to support such recognition.

On January 9, 2012, Arrowhead General Insurance Agency, Inc. ("Arrowhead") repaid the $27,000 loan receivable to us.

On January 12, 2012, we made a follow-on investment of $16,500 to purchase 86.8% of the secured Class D Notes in CIFC Funding 2011-I, Ltd ("CIFC"). The secured Class D Notes bear interest in cash at Libor plus 5.0% and has a final maturity date on January 19, 2023.

On January 17, 2012, we provided $18,332 of secured second-lien financing to National Bankruptcy Solutions ("NBS"), a financial services processing company purchased by a leading private equity sponsor. The second lien note bears interest in cash at the greater of 12.00% or Libor plus 9.0% and interest in kind of 1.50% and has a final maturity of July 16, 2017.

On January 31, 2012, Aircraft Fasteners International, LLC ("AFI") repaid the $7,441 loan receivable to us.

On February 2, 2012, NRG was sold to an outside buyer for $123,258. In conjunction with the sale, the $37,218 loan that was outstanding was repaid. We also received a $26,936 make-whole fee for early repayment of the outstanding loan, which was recorded as interest income in the quarter ending March 31, 2012. Further, we received a $3,800 advisory fee for the transaction, which was recorded as other income in the quarter ending March 31, 2012. After expenses, including the make whole and advisory fees discussed above, $40,886 was available to be distributed to stockholders. While our 408 shares of NRG common stock represented 67.1% of the ownership, we received net proceeds of $25,991 as our contribution to the escrow amount was proportionately higher than the other shareholders. In connection with the sales, we recognized a realized gain of $24,810 in the results for the quarter ended March 31, 2012. In total, we received proceeds of $93,977 at closing. In addition, there is $11,125 being held in escrow of which 80% is due to us upon release of the escrowed amounts. This will be recognized as additional gain if and when received.

On February 10, 2012, we provided $15,000 of secured second-lien financing to Rocket Software, Inc. ("Rocket Software"), a leading global infrastructure software company. The second lien note bears interest in cash at the greater of 10.25% or Libor plus 8.75% and has a final maturity of February 8, 2019.

On February 15, 2012, we provided $25,000 of secured second-lien financing to Blue Coat Systems, Inc. ("Blue Coat"), a leading provider of Web security and wide area network (WAN) optimization solutions. The second lien note bears interest in cash at the greater of 11.50% or Libor plus 10.0% and has a final maturity of August 15, 2018.

On February 24, 2012, we made a follow-on investment of $7,856 to purchase 23.9% of the unrated subordinated notes to Apidos CLO VIII, Ltd ("Apidos").

On February 28, 2012, we made a senior secured follow-on investment of $9,500 in Clearwater Seafoods LP ("Clearwater") to finance the repayment of a senior secured note due to mature in 2012

and settle outstanding claims senior to our own investment. The second lien note bears interest in cash at 12.00% and has a final maturity of February 4, 2016.

On February 29, 2012, we provided $15,000 of secured second-lien financing to Focus Brands, Inc. ("Focus"), a leading franchiser and operator of restaurants, cafes, ice cream stores and retail bakeries. $0.101450 per share for February 2012 to holders of record on February 29, 2012 with a payment date of March 23, 2012;

$0.101475 per share for March 2012 to holders of record on March 30, 2012 with a payment date of April 20, 2012; and

$0.101500 per share for April 2012 to holders of record on April 30, 2012 with a payment date of May 24, 2012.

Investment Holdings

As of March 31, 2012, we continue to pursue our investment strategy and continue to diversify the portfolio. In May 2007, we changed our name to "Prospect Capital Corporation" and terminated our policy to invest at least 80% of our net assets in energy companies. Since that time, we have reduced our exposure to the energy industry, and our holdings in the energy and energy related industries now represent less than 10% of our investment portfolio.

At March 31, 2012, approximately $1,691,580 or 128.3% of our net assets are invested in 78 long-term portfolio investments and 4.4% of our net assets are invested in money market funds.

During the nine months ended March 31, 2012, we originated $547,345 of new investments. Our origination efforts are focused primarily on secured lending, to reduce the risk in the portfolio, investing primarily in first lien loans, though we also continue to close selected junior debt and equity investments. In addition to targeting investments senior in corporate capital structures with our new originations, we have also increased our origination business mix of third party private equity sponsor owned companies, which tend to have more third party equity capital supporting our debt investments than non-sponsor transactions. Our performing loan portfolio's annualized current yield increased from 12.3% as of June 30, 2011 to 12.6% as of March 31, 2012 across all long-term debt investments. We expect our current asset yield may continue to decline modestly as we continue to reduce credit risk. Generally, we have seen a decrease in interest rates on loans issued during our fiscal year ended June 30, 2011 and the nine months ending March 31, 2012 in comparison to the rates in effect prior to June 30, 2010 as we continue to reduce the risk profile of the portfolio. Monetization of other equity positions that we hold is not included in this yield calculation. In many of our portfolio companies, we hold equity positions, ranging from minority interests to majority stakes, which we expect over time to contribute to our investment returns. Some of these equity positions include features such as contractual minimum internal rates of returns, preferred distributions, flip structures and other features expected to generate additional investment returns, as well as contractual protections and preferences over junior equity, in addition to the yield and security offered by our cash flow and collateral debt protections.

Table of Contents

We classify our investments by level of control. As defined in the 1940 Act, control investments are those where there is the ability or power to exercise a controlling influence over the management or policies of a company. Control is generally deemed to exist when a company or individual possesses or has the right to acquire within 60 days or less, a beneficial ownership of 25% or more of the voting securities of an investee company. Affiliated investments and affiliated companies are defined by a lesser degree of influence and are deemed to exist through the possession outright or via the right to acquire within 60 days or less, beneficial ownership of 5% or more of the outstanding voting securities of another person.

As of March 31, 2012, we own controlling interests in AIRMALL USA, Inc. ("AIRMALL"), Ajax Rolled Ring & Machine, Inc. ("Ajax"), AWCNC, LLC, Borga, Inc., C&J Cladding LLC, Energy Solutions, Integrated Contract Services, Inc. ("ICS"), Manx Energy, Inc. ("Manx"), NMMB Holdings, Inc. ("NMMB"), Nupla Corporation ("Nupla") and R-V Industries, Inc. ("R-V"). We also own an affiliated interest in BNN Holdings Corp. f/k/a Biotronic NeuroNetwork ("Biotronic"), Boxercraft Incorporated ("Boxercraft"), Smart, LLC, and Sport Helmets Holdings, LLC ("Sport Helmets").

On November 21, 2011, we received an equity distribution from the sale of our shares of Fairchild Industrial Products, Co. common and preferred stock, realizing $1,549 of gross proceeds and a total gain of $960 on settlement of the investment.

On December 29, 2011, Iron Horse Coiled Tubing, Inc ("Iron Horse") repaid the $11,338 loan receivable to us.

On December 30, 2011, we exited our investment in Mac & Massey Holdings, LLC ("Mac & Massey") and received $10,239 for repayment of the $9,323 loan receivable to us and monetization of our equity position, resulting in a realized gain of $820. We recognized $694 of accelerated purchase discount accretion in the quarter ended December 31, 2011.

On January 9, 2012, Arrowhead repaid the $27,000 loan receivable to us.

Table of Contents

On January 31, 2012, AFI repaid the $7,441 loan receivable to us.

On February 2, 2012, NRG was sold to an outside buyer for $123,258. In conjunction with the sale, the $37,218 loan that was outstanding was repaid. We also received a $26,936 make-whole fee for early repayment of the outstanding loan, which was recorded as interest income in the quarter ending March 31, 2012. Further, we received a $3,800 advisory fee for the transaction, which was recorded as other income in the quarter ending March 31, 2012. After expenses, including the make whole and advisory fees discussed above, $40,886 was available to be distributed to stockholders. While our 408 shares of NRG common stock represented 67.1% of the ownership, we received net proceeds of $25,991 as our contribution to the escrow amount was proportionately higher than the other shareholders. In connection with the sales, we recognized a realized gain of $24,810 in the results for the quarter ended March 31, 2012. In total, we received proceeds of $93,977 at closing. In addition, there is $11,125 being held in escrow of which 80% is due to us upon release of the escrowed amounts. This will be recognized as additional gain when and if received.

On March 16, 2012, VPSI repaid the $16,598 loan receivable to us.

On March 23, 2012, Anchor Hocking repaid the $20,444 loan receivable to us.

On March 30, 2012, ROM repaid the $31,638 loan receivable to us.

In addition to the repayments noted above, during the nine months ended March 31, 2012 we received principal amortization payments of $18,948 on several loans, and $26,254 of partial prepayments related to AFI, Anchor Hocking, Cargo Airport Services USA ("CAS"), LLC, Iron Horse, LHC Holdings Corp. ("LHC"), NMMB, Pinnacle Treatment Centers Inc, Progrexion Holdings, Inc ("Progrexion"), Safe-Guard, Seaton Corp and ST Products LLC.

During the nine months ended March 31, 2011, we also received principal amortization payments of $12,584 on several loans, and $12,640 of partial prepayments related to AIRMALL, AFI, Ajax, EXL Acquisition Corporation, Fischbein LLC ("Fischbein"), Iron Horse, LHC, Nupla and Progrexion.

On January 4, 2012, Energy Solutions sold Gas Solutions for a sale price of $199,805, adjusted for the final working capital settlement, including a potential earnout of $28,000 that will be paid based on the future performance of Gas Solutions. After expenses, including structuring fees of $9,966 paid to us, Energy Solutions received approximately $148,687 in cash and an additional $10,000 is being held in escrow. Currently, our loans to Energy Solutions remain outstanding and are collateralized by the cash held by Energy Solutions after the sale transaction. The sale of Gas Solutions by Energy Solutions has resulted in significant earnings and profits, as defined by the Internal Revenue Code, at Energy Solutions for calendar year 2012. As a result, distributions from Energy Solutions to us will be required to be recognized as dividend income, in accordance with ASC 946, *Financial Services Investment Companies*, as cash distributions are received from Energy Solutions to the extent there are current year earnings and profits sufficient to support such recognition.

During the three and nine months ended March 31, 2012, we recognized $964 and $3,348 of interest income due to purchase discount accretion from the assets acquired from Patriot, respectively. Included in the $964 recorded during the three months ended March 31, 2012 is $726 of normal accretion and $238 of accelerated accretion resulting from the repayment of ROM. Included in the $3,348 recorded during the nine months ended March 31, 2012 is $2,417 of normal accretion and $931 of accelerated accretion resulting from the repayments of Mac & Massey and ROM. As of March 31, 2012, $5,286 of purchase discount from the assets acquired from Patriot remains to be accreted as interest income, of which $666 is expected to be amortized during the three months ending June 30, 2012.

Table of Contents

During the three and nine months ended March 31, 2011, we recognized $4,739 and $10,092, respectively, of interest income due to purchase discount accretion from the assets acquired from Patriot. Included in the $4,739 for the three months ended March 31, 2011, is $1,302 of normal accretion and $3,268 of accelerated accretion resulting from the recapitalization of our loans Arrowhead and The Copernicus Group Inc. ("Copernicus"). Included in the $10,092 for the nine months ended March 31, 2011, is $3,979 of normal accretion, $1,116 of accelerated accretion resulting from the repayment of Impact Products LLC, and $4,828 of accelerated accretion resulting from the recapitalization of our debt investments in Arrowhead, Copernicus and Northwestern Management Services, LLC ("Northwestern"). The restructured loans for Arrowhead, Copernicus and Northwestern were issued at market terms comparable other industry transactions. In accordance with ASC 320-20-35 the cost basis of the new loan was recorded at par value, which precipitated the acceleration of original purchase discount from the loan repayment which was recognized as interest income.

Investment Valuation

In determining the fair value of our portfolio investments at March 31, 2012 the Audit Committee considered valuations from the independent valuation firm and from management having an aggregate range of $1,673,726 to $1,771,739, excluding money market investments.

In determining the range of value for debt instruments, management and the independent valuation firm generally shadow rated the investment and then based upon the range of ratings, determined appropriate yields to maturity for a loan rated as such. As a second method, management and the independent valuation firm use a market approach to establish a blended required rate of return based on position of the debt instrument within the total capitalization of the portfolio company. A discounted cash flow analysis was then prepared using the appropriate yield to maturity as the discount rate, yielding the ranges. For equity investments, the enterprise value was determined by applying EBITDA multiples for similar recent investment sales. For stressed equity investments, a liquidation analysis was prepared.

The Board of Directors looked at several factors in determining where within the range to value the asset including: recent operating and financial trends for the asset, independent ratings obtained from third parties and comparable multiples for recent sales of companies within the industry. The composite of all these analysis, applied to each investment, was a total valuation of $1,691,580, excluding money market investments.

Our portfolio companies are generally middle market companies, outside of the financial sector, with less than $50,000 of annual EBITDA. We believe our market has experienced less volatility than others because we believe there are more buy and hold investors who own these less liquid investments.

Control investments offer increased risk and reward over straight debt investments. Operating results and changes in market multiples can result in dramatic changes in values from quarter to quarter. Significant downturns in operations can further result in our looking to recoveries on sales of assets rather than the enterprise value of the investment. Several control investments in our portfolio are under enhanced scrutiny by our senior management and our Board of Directors and are discussed below.

Ajax Rolled Ring & Machine, Inc.

We acquired a controlling equity interest in Ajax in a recapitalization of Ajax that was closed on April 4, 2008. We funded $22,000 of senior secured term debt, $11,500 of subordinated term debt and $6,300 of equity as of that closing. During the fiscal year ended June 30, 2010, we funded an additional $3,530 of secured subordinated debt to refinance a third-party revolver provider and provide working capital. Ajax repaid $3,461 of this secured subordinated debt during the quarter ended September 30, 2010. As of March 31, 2012, we control 77.68% of the fully-diluted common and preferred equity. The principal balance of our senior debt to Ajax was $20,277 and new debt was $15,035 as of March 31, 2012.

Ajax forges seamless steel rings sold to various customers. The rings are used in a range of industrial applications, including in construction equipment and wind power turbines. Ajax's business is cyclical, and the business experienced a significant rebound in 2010 and 2011 following the decline in 2009 due to the global macroeconomic crisis. Ajax's EBITDA has experienced a 133% and 76% year-over-year improvement in 2010 and 2011, respectively.

The Board of Directors increased the fair value of our investment in Ajax to $46,535 as of March 31, 2012, a premium of $5,166 from its amortized cost, compared to the $7,822 unrealized depreciation recorded at June 30, 2011.

Energy Solutions Holdings Inc. (f/k/a Gas Solutions Holdings, Inc.)

Gas Solutions is an investment that we completed in September 2004 in which we own 100% of the equity. Gas Solutions is a midstream gathering and processing business located in east Texas. We have provided additional capital for growth initiatives, acquisitions and other capital needs subsequent to our initial investment.

In December 2011, we completed a reorganization of Gas Solutions renaming the company Energy Solutions and transferring ownership of other operating companies owned by us and operating within the energy industry with the intent of strategically expanding Energy Solutions operations across energy sectors. As part of the reorganization, we transferred our equity interests in CCEHI, CCEI, Freedom Marine and Yatesville to Energy Solutions. On December 28, 2011, we made a follow-on investment of $4,750 to support the acquisition of a new vessel by Vessel Holdings LLC, a subsidiary of Freedom Marine.

On January 4, 2012, Energy Solutions sold its gas gathering and processing assets ("Gas Solution Assets") for a sale price of $199,805, adjusted for the final working capital settlement, including a potential earnout of $28,000 that will be paid based on the future performance of Gas Solution Assets. Our loans to and investment in Energy Solutions remain outstanding as Energy Solutions and will continue as a portfolio company of Prospect managing other energy-related subsidiaries. The cash balances of Energy Solutions continue to collateralize our loan positions.

In determining the value of Energy Solutions, we have utilized two valuation techniques to determine the value of the investment. Our Board of Directors has determined the value to be $166,260 for our debt and equity positions at March 31, 2012 based upon a combination of a current value method for the cash balances of Energy Solutions and a liquidation analysis for our interests in CCEHI, CCEI, Freedom Marine and Yatesville. At March 31, 2012 and June 30, 2011, Energy Solutions, including the underlying portfolio companies affected by the reorganization, was valued at $103,015 and $51,491 above its amortized cost, respectively.

Integrated Contract Services, Inc.

ICS is an investment that we entered into in April 2007. Prior to January 2009, ICS owned the assets of ESA Environmental Specialists, Inc. ("ESA") and 100% of the stock of The Healing Staff ("THS"). ESA originally defaulted under our contract governing our investment in ESA, prompting us to commence foreclosure actions with respect to certain ESA assets in respect of which we have a priority lien. In response to our actions, ESA filed voluntarily for reorganization under the bankruptcy code on August 1, 2007. On September 20, 2007, the U.S. Bankruptcy Court approved a Section 363 Asset Sale from ESA to us. To complete this transaction, we contributed our ESA debt to a newly-formed entity, ICS, and provided funds for working capital on October 9, 2007. In return for the ESA debt, we received senior secured debt in ICS of equal amount to our ESA debt, preferred stock of ICS, and 49% of the ICS common stock. ICS subsequently ceased operations and assigned the collateral back to us. ICS is in default of both payment and financial covenants. During September and October 2007, we provided $1,170 to THS for working capital.

In January 2009, we foreclosed on the real and personal property of ICS. Through this foreclosure process, we gained 100% ownership of THS and certain ESA assets. THS provides outsourced medical staffing and security staffing services to governmental and commercial enterprises. In November 2009, THS was informed that the U.S. Air Force would not exercise its option to renew its contract. THS continues to solicit new contracts to replace the revenue lost when the Air Force contract ended. As part of its strategy to recovery from the loss of the Air Force contract, in 2010 THS started a new business, Vets Securing America, Inc. ("VSA"), to provide out-sourced security guards staffed primarily using retired military veterans. During the year ended June 30, 2011 and the nine months ended March 31, 2012, we made follow-on secured debt investments of $1,708 and $874, respectively, to support the ongoing operations of THS and VSA. There were no additional fundings during the three months ended March 31, 2012. In October 2011, we sold a building acquired from ESA for $894. In January 2012, we received $2,250 towards an ESA litigation settlement. The proceeds from both of these transactions were used to reduce the outstanding loan balance due to us.

Based upon an analysis of the liquidation value of the ESA assets and the enterprise value of THS/VSA, our Board of Directors determined the fair value of our investment in ICS to be $1,106 at March 31, 2012, a reduction of $14,843 from its amortized cost, compared to the $16,453 unrealized loss recorded at June 30, 2011.

Manx Energy, Inc.

On January 19, 2010, we modified the terms of our senior secured debt in Appalachian Energy Holdings LLC ("AEH") and Coalbed LLC ("Coalbed") in conjunction with the formation of Manx, a new entity consisting of the assets of AEH, Coalbed and Kinley Exploration. The assets of the three companies were combined under new common management. We funded $2,800 at closing to Manx to provide for working capital. A portion of our loans to AEH and Coalbed was exchanged for Manx preferred equity, while our AEH equity interest was converted into Manx common stock. There was no change to fair value at the time of restructuring, and we continue to fully reserve any income accrued for Manx. During the year ended June 30, 2011, we made a follow-on secured debt investments of $750 in Manx to support ongoing operations.

The Board of Directors decreased the fair value of our investment in Manx to zero as of March 31, 2012, a reduction of $19,018 from its amortized cost, compared to the $17,707 unrealized loss recorded at June 30, 2011.

Equity positions in the portfolio are susceptible to potentially significant changes in value, both increases as well as decreases, due to changes in operating results. Three of our portfolio companies experienced such volatility due to improved operating results and experienced meaningful increases in valuation during the three and nine months ended March 31, 2012 Ajax, Energy Solutions and R-V. The valuation of Ajax increased due to improved operating results and emergent customer base. The value of our equity position in Ajax has increased to $11,223 as of March 31, 2012, a premium of $5,166 to its cost, compared to the $6,057 unrealized loss recorded at June 30, 2011. The valuation of Energy Solutions increased due to the sale of the company's equity interests in the underlying Gas Solutions entities in January 2012. The current value of undistributed sale proceeds held at Energy Solutions has resulted in a significant increase in valuation during the nine months ended March 31, 2012. The value of our equity position in Energy Solutions, including our equity positions in the underlying portfolio companies affected by the reorganization and contingent consideration agreement, has increased to $122,211 as of March 31, 2012, a premium of $113,419 to its cost, compared to the $60,863 unrealized gain recorded at June 30, 2011. The valuation of R-V has increased due to improved operating results. The value of our equity position in R-V has increased to $18,443 as of March 31, 2012, a premium of $11,674 to its cost, compared to the $1,348 unrealized gain recorded at June 30, 2011. Five of the other controlled investments have been valued at discounts to the original investment. Six of the control investments are valued at premiums to the original investment amounts. Overall, at March 31, 2012, the control investments are valued at $91,327 above their amortized cost.

We hold four affiliate investments at March 31, 2012. The affiliate investments reported strong operating results with valuations remaining relatively consistent from June 30, 2011. Our equity investment in Biotronic experienced the most meaningful decrease in valuation as prior to June 30, 2011 we anticipated that the company would be sold at a substantial premium to our cost basis. This sales process was discontinued during the nine months ended March 31, 2012 as the buyer and Biotronic could not agree to terms acceptable to each party. The value of our equity position in

Table of Contents

Biotronic has decreased to $394 as of March 31, 2012, a discount of $2,485 to its amortized cost, compared to the $4,127 unrealized gain recorded at June 30, 2011. The other three affiliate investments are valued at amortized cost or higher. Overall, at March 31, 2012, affiliate investments are valued $7,975 above their amortized cost.

With the Non-control/Non-affiliate investments, generally, there is less volatility related to our total investments because our equity positions tend to be smaller than with our control/affiliate investments, and debt investments are generally not as susceptible to large swings in value as equity investments. For debt investments, the fair value is limited on the high side to each loan's par value, plus any prepayment premia that could be imposed. Many of the debt investments in this category have not experienced a significant change in value, as they were previously valued at or near par value. The exception to this categorization relates to investments which were acquired in the Patriot Acquisition, many of which were acquired at significant discounts to par value, and any changes in operating results or interest rates can have a significant effect on the value of such investments. During the nine months ended March 31, 2012, our investment in Stryker Energy, LLC ("Stryker") experienced the most meaningful decrease in valuation due to declining operating results and a reduction in current natural gas prices. The value of our investment in Stryker has decreased to $1,677 as of March 31, 2012, a discount of $31,034 to its amortized cost, compared to the $6,706 unrealized loss recorded at June 30, 2011. The decrease was due primarily to a drop in natural gas prices during the quarter ended December 31, 2011 and continuing to March 31, 2012. During the nine months ended March 31, 2012, our investment in H&M Oil & Gas, LLC ("H&M") also experienced a significant decrease in valuation due to declining operating results. The value of our investment in H&M has decreased to $30,271 as of March 31, 2012, a discount of $29,747 to its amortized cost, compared to the $21,556 unrealized loss recorded at June 30, 2011. Other Non-control/Non-affiliate investments did not experience significant changes in operations. The remaining investments did not experience significant changes in valuation. Overall, at March 31, 2012, Non-control/Non-affiliate investments are valued $63,585 below their amortized cost.

Capitalization

Our investment activities are capital intensive and the availability and cost of capital is a critical component of our business. We capitalize our business with a combination of debt and equity. Our debt currently consists of a revolving credit facility availing us of the ability to borrow debt subject to borrowing base determinations, Senior Convertible Notes, which we issued in December 2010 and February 2011, Prospect Capital InterNotes®, which we may issue from time to time, and our equity capital, which is comprised entirely of common equity. The following table shows the Revolving Credit Facility, Senior Convertible Notes and Prospect Capital InterNotes® amounts and outstanding borrowings at March 31, 2012 and June 30, 2011:

	As of March 31, 2012		As of June 30, 2011

We have and expect to continue to fund a portion of our cash needs through borrowings from banks, issuances of securities, including secured, unsecured and convertible debt securities and preferred stock, or issuances of common equity. For flexibility, we maintain a universal shelf registration statement that allows for the public offering and sale of our debt securities, common stock, preferred stock and warrants to purchase such securities in an amount up to $618,600. We may from time to time issue securities pursuant to the shelf registration statement or otherwise pursuant to private offerings. The issuance of debt or equity securities will depend on future market conditions, funding needs and other factors and there can be no assurance that any such issuance will occur or be successful.

Revolving Credit Facility

On July 11, 2010, we closed an extension and expansion of our existing credit facility with a syndicate of lenders through Prospect Capital Funding, LLC ("PCF") (the "2010 Facility"). The 2010 Facility, which had $325,000 total commitments as of June 30, 2011, included an accordion feature which allowed the Syndicated Facility to accept up to an aggregate total of $400,000 of commitments, a limit which was met on September 1, 2011. Interest on borrowings under the 2010 Facility was one-month Libor plus 325 basis points, subject to a minimum Libor floor of 100 basis points. Additionally, the lenders charged a fee on the unused portion of the 2010 Facility equal to either 75 basis points if at least half of the credit facility is used or 100 basis points otherwise.

On March 27, 2012, we renegotiated the Syndicated Facility and closed on an expanded five-year $650,000 revolving credit facility (the "2012 Facility"). The lenders have extended commitments of $410,000 under the 2012 Facility as of March 31, 2012; which was increased to $492,500 since March 31, 2012 (See *Recent Developments*). The 2012 Facility includes an accordion feature which allows commitments to be increased up to $650,000 in the aggregate. The revolving period of the 2012 Facility extends through March 2015, with an additional two year amortization period (with distributions allowed) after the completion of the revolving period. During such two year amortization period, all principal payments on the pledged assets will be applied to reduce the balance. At the end of the two year amortization period, the remaining balance will become due, if required by the lenders.

The 2012 Facility contains restrictions pertaining to the geographic and industry concentrations of funded loans, maximum size of funded loans, interest rate payment frequency of funded loans, maturity dates of funded loans and minimum equity requirements. The 2012 Facility also contains certain requirements relating to portfolio performance, including required minimum portfolio yield and limitations on delinquencies and charge-offs, violation of which could result in the early termination of the 2012 Facility. The 2012 Facility also requires the maintenance of a minimum liquidity requirement. At March 31, 2012, we were in compliance with the applicable covenants.

Interest on borrowings under the 2012 Facility is one-month Libor plus 275 basis points with no minimum Libor floor. Additionally, the lenders charge a fee on the unused portion of the 2012 Facility equal to either 50 basis points if at least half of the credit facility is drawn or 100 basis points

otherwise. The 2012 Facility requires us to pledge assets as collateral in order to borrow under the credit facility. As of March 31, 2012 and June 30, 2011, we had $376,137 and $255,673, respectively, available to us for borrowing under our 2012 Facility, of which the amount outstanding was $121,000 and $84,200, respectively. As additional investments that are eligible are transferred to PCF and pledged under the 2012 Facility, PCF will generate additional availability up to the commitment amount of $482,500. At March 31, 2012, the investments used as collateral for the 2012 Facility had an aggregate market value of $845,406, which represents 64.1% of our net assets. These assets have been transferred to PCF, a bankruptcy remote special purpose entity, which owns these investments and as such, these investments are not available to our general creditors. PCF, a bankruptcy remote special purpose entity and our wholly-owned subsidiary, holds all of these investments at market value as of March 31, 2012. The release of any assets from PCF requires the approval of the facility agent.

Concurrent with the extension of our 2012 Facility, in March 2012, we wrote off $304 of the unamortized debt issue costs associated with the previous credit facility, in accordance with ASC 470-50, *Debt Modifications and Extinguishments.* In connection with the origination and amendments of the 2012 Facility, we incurred $8,428 of fees, including $1,319 of fees carried over from the previous facility, which are being amortized over the term of the facility in accordance with ASC 470-50, *Debt Modifications and Extinguishments*, of which $8,397 remains to be amortized.

During the three and nine months ended March 31, 2012, we recorded $4,484 and $12,783 of interest costs, unused fees and amortization of financing costs on our credit facility as interest expense, respectively.

Senior Convertible Notes

On December 21, 2010, we issued $150,000 in aggregate principal amount of our 2015 Notes for net proceeds following underwriting expenses of approximately $145,200. Interest on the 2015 Notes is paid semi-annually in arrears on June 15 and December 15, at a rate of 6.25% per year, commencing June 15, 2011. The 2015 Notes mature on December 15, 2015 unless converted earlier. The 2015 Notes are convertible into shares of common stock at an initial conversion rate and conversion rate at March 31, 2012 of 88.0902 and 88.1136 shares of common stock, respectively, per $1,000 principal amount of 2015 Notes, which is equivalent to a conversion price of approximately $11.35 per share of common stock, subject to adjustment in certain circumstances. The conversion rate for the 2015 Notes will be increased if monthly cash dividends paid to common shares exceed the rate of $0.101125 cents per share, subject to adjustment.

On February 18, 2011, we issued $172,500 in aggregate principal amount of our 2016 Notes for net proceeds following underwriting expenses of approximately $167,325. Between January 30, 2012 and February 2, 2012, we repurchased $5,000 of our 2016 Notes at a price of 97.5% of par, including commissions. The transactions resulted in our recognizing $10 of loss in the quarter ended March 31, 2012. Interest on the 2016 Notes is paid semi-annually in arrears on February 15 and August 15, at a rate of 5.50% per year, commencing August 15, 2011. The 2016 Notes mature on August 15, 2016 unless converted earlier. The 2016 Notes are convertible into shares of common stock at an initial conversion rate and conversion rate at March 31, 2012 of 78.3699 and 78.3880 shares, respectively, of common stock per $1,000 principal amount of 2016 Notes, which is equivalent to a conversion price of approximately $12.76 per share of common stock, subject to adjustment in certain circumstances. The conversion rate for the 2016 Notes will be increased when monthly cash dividends paid to common shares exceed the rate of $0.101150 per share.

In no event will the total number of shares of common stock issuable upon conversion exceed 96.8992 per $1,000 principal amount of the 2015 Notes (the "conversion rate cap"), except that, to the extent we receive written guidance or a no-action letter from the staff of the Securities and Exchange Commission (the "Guidance") permitting us to adjust the conversion rate in certain instances without

regard to the conversion rate cap and to make the 2015 Notes convertible into certain reference property in accordance with certain reclassifications, business combinations, asset sales and corporate events by us without regard to the conversion rate cap, we will make such adjustments without regard to the conversion rate cap and will also, to the extent that we make any such adjustment without regard to the conversion rate cap pursuant to the Guidance, adjust the conversion rate cap accordingly. We will use our commercially reasonable efforts to obtain such Guidance as promptly as practicable.

Prior to obtaining the Guidance, we will not engage in certain transactions that would result in an adjustment to the conversion rate increasing the conversion rate beyond what it would have been in the absence of such transaction unless we have engaged in a reverse stock split or share combination transaction such that in our reasonable best estimation, the conversion rate following the adjustment for such transaction will not be any closer to the conversion rate cap than it would have been in the absence of such transaction.

Upon conversion, unless a holder converts after a record date for an interest payment but prior to the corresponding interest payment date, the holder will receive a separate cash payment with respect to the Notes surrendered for conversion representing accrued and unpaid interest to, but not including the conversion date. Any such payment will be made on the settlement date applicable to the relevant conversion on the 2015 Notes and 2016 Notes (collectively, "Senior Convertible Notes").

No holder of Senior Convertible Notes will be entitled to receive shares of our common stock upon conversion to the extent (but only to the extent) that such receipt would cause such converting holder to become, directly or indirectly, a beneficial owner (within the meaning of Section 13(d) of the Securities Exchange Act of 1934 and the rules and regulations promulgated thereunder) of more than 5.0% of the shares of our common stock outstanding at such time. The 5.0% limitation shall no longer apply following the effective date of any fundamental change. We will not issue any shares in connection with the conversion or redemption of the Notes which would equal or exceed 20% of the shares outstanding at the time of the transaction in accordance with NASDAQ rules.

Subject to certain exceptions, holders may require us to repurchase, for cash, all or part of their Notes upon a fundamental change at a price equal to 100% of the principal amount of the Notes being repurchased plus any accrued and unpaid interest up to, but excluding, the fundamental change repurchase date. In addition, upon a fundamental change that constitutes a non-stock change of control we will also pay holders an amount in cash equal to the present value of all remaining interest payments (without duplication of the foregoing amounts) on such Senior Convertible Notes through and including the maturity date.

In connection with the issuance of the Senior Convertible Notes, we incurred $10,562 of fees which are being amortized over the term of the facility in accordance with ASC 470-50, *Debt Modifications and Extinguishments,* of which $8,289 remains to be amortized and is included within deferred financing costs of $17,179 on the consolidated statements of assets and liabilities.

During the three and nine months ended March 31, 2012, we recorded $5,133 and $15,553 of interest costs and amortization of financing costs on the Senior Convertible Notes as interest expense.

Prospect Capital InterNotes®

On February 16, 2012, we entered into a Selling Agent Agreement (the "Selling Agent Agreement") with Incapital LLC, as purchasing agent for our issuance and sale from time to time of up to $500,000 of Prospect Capital InterNotes® (the "InterNotes Offering"). Additional agents appointed by the Company from time to time in connection with the InterNotes Offering may become parties to the Selling Agent Agreement.

These notes will be our direct unsecured senior obligations and will rank equally with all of our unsecured senior indebtedness from time to time outstanding. Each series of notes will be issued by a separate supplemental indenture. These notes bear interest at fixed interest rates and offer a variety of maturities no less than twelve months from the original date of issuance.

Table of Contents

During the three months ended March 31, 2012, we issued $5,465 in aggregate principal amount of our Senior Unsecured Notes for net proceeds of approximately $5,001.

Net Asset Value

During the nine months ended March 31, 2012, we raised $144,376 of additional equity, net of offering costs, by issuing 13,500,000 shares of our common stock. The following table shows the calculation of net asset value per share as of March 31, 2012 and June 30, 2011:

	As of March 31, 2012	As of June 30, 2011
Net Assets	$ 1,318,806	$ 1,114,357
Shares of common stock outstanding	121,923,931	107,606,690
Net asset value per share	$ 10.82	$ 10.36

At March 31, 2012, we had 121,923,931 of our common stock issued and outstanding.

Results of Operations

Net increase in net assets resulting from operations for the three months ended March 31, 2012 and 2011 was $50,209 and $33,759, respectively, representing $0.44 and $0.38 per weighted average share, respectively. During the three months ended March 31, 2012, we experienced net unrealized and realized losses of $7,863 or approximately $0.07 per weighted average share primarily from significant write-downs of our investments in AIRMALL, H&M and Stryker. These instances of depreciation were partially offset by the sale of NRG for which we realized a gain of $24,810 and unrealized appreciation of our investments in Ajax, Babson, CIFC, Energy Solutions and R-V. Net investment income increased on a weighted average per share basis from $0.27 to $0.51 for the three months ended March 31, 2011 and 2012, respectively. This increase is primarily due the sale of our investment in NRG for which we received a $26,936 make-whole fee for early repayment of the outstanding loan, which was recorded as interest income in the quarter ending March 31, 2012, and $13,765 of structuring and advisory fees recognized during the quarter ended March 31, 2012 from our investments in Energy Solutions and NRG. During the three months ended March 31, 2011, we experienced net unrealized and realized gains of $9,803 or approximately $0.11 per weighted average share primarily from significant write-ups of our investments in Biotronic, NRG and Sport Helmets, and our sale of Miller Petroleum, Inc. ("Miller") common stock for which we realized a gain of $2,561. These instances of appreciation were partially offset by unrealized depreciation in AIRMALL, Copernicus and Shearer's Foods, Inc. ("Shearer's").

Net increase in net assets resulting from operations for the nine months ended March 31, 2012 and 2011 was $154,601 and $91,279, respectively, representing $1.39 and $1.11 per weighted average share, respectively. During the nine months ended March 31, 2012, we experienced net unrealized and realized gains of $32,144 or approximately $0.29 per weighted average share primarily from significant write-ups of our investments in Ajax, Energy Solutions and R-V, and our sale of NRG for which we realized a gain of $36,940. These instances of unrealized appreciation were partially offset by unrealized depreciation in AIRMALL, Biotronic, H&M, New Meatco Provisions, LLC ("Meatco"), NMMB, Stryker, Wind River Resources Corp. and Wind River II Corp. ("Wind River") and the impairment of Deb Shops due to bankruptcy for which we recorded a realized loss for the full amount of the amortized cost. Net investment income increased on a weighted average per share basis from $0.78 to $1.10 for the nine months ended March 31, 2011 and 2012, respectively. This increase is primarily due to an increase in dividend income received from Energy Solutions and NRG, the sale of our investment in NRG for which we received a $26,936 make-whole fee for early repayment of the outstanding loan, which was recorded as interest income in the quarter ending March 31, 2012, and $13,765 of structuring and advisory fees recognized during the quarter ended March 31, 2012 from our

investments in Energy Solutions and NRG. During the nine months ended March 31, 2011, we experienced net unrealized and realized gains of $27,248 or approximately $0.34 per weighted average share primarily from significant write-ups of our investments in Ajax, Biotronic, Fischbein, Iron Horse, NRG, Nupla and Sport Helmets, and our sale of Miller common stock for which we realized a gain of $7,976. These instances of unrealized appreciation were partially offset by unrealized depreciation in H&M, ICS, Shearer's and Stryker.

While we seek to maximize gains and minimize losses, our investments in portfolio companies can expose our capital to risks greater than those we may anticipate. These companies are typically not issuing securities rated investment grade, have limited resources, have limited operating history, have concentrated product lines or customers, are generally private companies with limited operating information available and are likely to depend on a small core of management talents. Changes in any of these factors can have a significant impact on the value of the portfolio company.

Investment Income

We generate revenue in the form of interest income on the debt securities that we own, dividend income on any common or preferred stock that we own, fees generated from the structuring of new deals. Our investments, if in the form of debt securities, will typically have a term of one to ten years and bear interest at a fixed or floating rate. To the extent achievable, we will seek to collateralize our investments by obtaining security interests in our portfolio companies' assets. We also may acquire minority or majority equity interests in our portfolio companies, which may pay cash or in-kind dividends on a recurring or otherwise negotiated basis. In addition, we may generate revenue in other forms including prepayment penalties and possibly consulting fees. Any such fees generated in connection with our investments are recognized as earned.

Investment income, which consists of interest income, including accretion of loan origination fees and prepayment penalty fees, dividend income and other income, including settlement of net profits interests, overriding royalty interests and structuring fees, was $95,623 and $44,573 for the three months ended March 31, 2012 and March 31, 2011, respectively. Investment income was $218,228 and $113,085 for the nine months ended, March 31, 2012 and March 31, 2011, respectively. During the three and nine months ended March 31, 2012, the increase in investment income is primarily the result of a larger income producing portfolio and the deployment of additional capital in revenue-producing assets through increased origination and increased dividends and other income received from Energy Solutions and NRG. The following table describes the various components of investment income and the related levels of debt investments:

	For The Three Months Ended March 31,		For The Nine Months Ended March 31,	
	2012	**2011**	**2012**	**2011**
Interest income	$ 72,946	$ 34,504	$ 160,361	$ 90,787
Dividend income	7,477	2,763	34,664	8,328
Other income	15,200	7,306	23,203	13,970
Total investment income	$ 95,623	$ 44,573	$ 218,228	$ 113,085
Average debt principal of performing investments	$ 1,413,572	$ 906,327	$ 1,371,807	$ 779,494
Weighted-average interest rate earned	20.41%	15.23%	15.30%	15.30%

Average interest income producing assets have increased from $906,327 for the three months ended March 31, 2011 to $1,413,572 for the three months ended March 31, 2012. The average yield on interest bearing assets increased from 15.23% for the three months ended March 31, 2011 to 20.41% for the three months ended March 31, 2012. Average interest income producing assets have increased from $779,494 for the nine months ended March 31, 2011 to $1,371,807 for the nine months ended

March 31, 2012. The increase in annual returns is primarily the result of the sale of our investment in NRG for which we received a $26,936 make-whole fee for early repayment of the outstanding loan, which was recorded as interest income in the quarter ending March 31, 2012. Without this adjustment, the weighted average interest rates earned on debt investments would have been 12.88% and 12.73% for the three and nine months ended March 31, 2012, respectively. The remaining decrease in annual returns is primarily the result of accretion on the assets acquired from Patriot on which we recognized $964 and $4,739 during the three months ended March 31, 2012 and March 31, 2011, respectively, and $3,348 and $10,092 during the nine months ended March 31, 2012 and March 31, 2011, respectively. Without these adjustments, the weighted average interest rates earned on debt investments would have been 12.41% and 13.55% for the nine months ended March 31, 2012 and 2011, respectively. Generally, we have seen a decrease in interest rates on loans issued during our fiscal year 2011 and the three and nine months ending March 31, 2012 in comparison to the rates in effect prior to March 31, 2011 as we continue to reduce the risk profile of the portfolio. The average yield on interest bearing assets increased from 13.23% for the three months ended December 31, 2011 to 20.41% for the three months ended March 31, 2012. The increase is the result of the $26,936 NRG make-whole fee mentioned above. Without this adjustment, the weighted average interest rates earned on debt investments would have been 13.23% for three months ended December 31, 2011 and 12.88% for the three months ended March 31, 2012.

Investment income is also generated from dividends and other income. Dividend income increased from $2,763 for the three months ended March 31, 2011 to $7,477 for the three months ended March 31, 2012. This $4,714 increase in dividend income is primarily attributed to an increase in the level of dividends received from our investment in NRG due to increased profits generated by the portfolio company prior to its sale. We received dividends from NRG of $5,100 and $200 during the three months ended March 31, 2012 and March 31, 2011, respectively. Dividend income increased from $8,328 for the nine months ended March 31, 2011 to $34,664 for the nine months ended March 31, 2012. This $26,336 increase in dividend income is primarily attributed to an increase in the level of dividends received during the respective three and nine month periods from our investments in Energy Solutions and NRG due to increased profits generated by the portfolio companies. We received dividends from NRG of $15,011 and $400 during the nine months ended March 31, 2012 and March 31, 2011, respectively. We received dividends from Energy Solutions of $14,600 and $6,350 during the nine months ended March 31, 2012 and March 31, 2011, respectively. No dividend was received from Energy Solutions during the three months ended March 31, 2012. The sale of Gas Solutions by Energy Solutions has resulted in significant earnings and profits, as defined by the Internal Revenue Code, at Energy Solutions for calendar year 2012. As a result, distributions from Energy Solutions to us will be required to be recognized as dividend income, in accordance with ASC 946, *Financial Services Investment Companies*, as cash distributions are received from Energy Solutions to the extent there are current year earnings and profits sufficient to support such recognition.

Other income is generated primarily from structuring fees. Comparing the three months ended March 31, 2011 to the three months ended March 31, 2012, income from other sources increased from $7,306 to $15,200, respectively. Comparing the nine months ended March 31, 2011 to the nine months ended March 31, 2012, income from other sources increased from $13,970 to $23,203, respectively. These increases are primarily due to $13,765 of structuring and advisory fees recognized during the quarter ended March 31, 2012 from our investments in Energy Solutions and NRG. This increase is partially offset by a decrease in structuring fees related to new originations. We recognized $1,192 of structuring fees during the three months ended March 31, 2012 from new originations, in comparison to $7,190 of structuring fees recognized during the three months ended March 31, 2011 primarily related to Arrowhead, CAS, Clearwater, Progressive, Progrexion, Safe-Guard and Stauber Performance Ingredients, Inc. originations. We recognized $8,547 of structuring fees during the nine months ended March 31, 2012 primarily from the Capstone, Totes and VanDeMark originations, in comparison to $12,865 of structuring fees recognized during the nine months ended March 31, 2011 primarily related

to AIRMALL, Arrowhead, CAS, Progrexion, Progressive, Royal Adhesives & Sealants, LLC and Safe-Guard.

Operating Expenses

Our primary operating expenses consist of investment advisory fees (base management and income incentive fees), borrowing costs, legal and professional fees and other operating and overhead-related expenses. These expenses include our allocable portion of overhead under the Administration Agreement with Prospect Administration under which Prospect Administration provides administrative services and facilities for us. Our investment advisory fees compensate Prospect Capital Management (the "Investment Adviser") for its work in identifying, evaluating, negotiating, closing and monitoring our investments. We bear all other costs and expenses of our operations and transactions in accordance with our Administration Agreement with Prospect Administration. Operating expenses were $37,551 and $20,617 for the three months ended March 31, 2012 and March 31, 2011, respectively. Operating expenses were $95,771 and $49,054 for the nine months ended March 31, 2012 and March 31, 2011, respectively.

The base investment advisory expenses were $8,949 and $6,037 for the three months ended March 31, 2012 and March 31, 2011, respectively. The base investment advisory expenses were $25,985 and $15,216 for the nine months ended March 31, 2012 and March 31, 2011, respectively. This increase is directly related to our growth in total assets. For the three months ended March 31, 2012 and March 31, 2011, we incurred $14,518 and $5,997, respectively, of income incentive fees. For the nine months ended March 31, 2012 and March 31, 2011, we incurred $30,614 and $16,015, respectively, of income incentive fees. The $8,521 and $14,599 increase in the income incentive fee for the respective three-month and nine-month periods are driven by an increase in pre-incentive fee net investment income of $42,637 and $73,025 for the respective three-month and nine-month periods primarily due to an increase in interest income from a larger asset base and increased interest, dividend and other income generated by our investments in Energy Solutions and NRG. In conjunction with the sale of NRG, we received a $26,936 make-whole fee for early repayment of the outstanding loan, which was recorded as interest income in the quarter ending March 31, 2012. Excluding the $26,936 make-whole fee from NRG our income incentive fee would have been $9,131 and $25,227 for the three and nine months ended March 31, 2012, respectively. No capital gains incentive fee has yet been incurred pursuant to the Investment Advisory Agreement.

During the three and nine months ended March 31, 2012, we incurred $9,655 and $28,374, respectively, of expenses related to our Syndicated Facility, Prospect Capital InterNotes® and Senior Convertible Notes. This compares with expenses of $5,660 and $10,182 incurred during the three and nine months ended March 31, 2011, respectively. These expenses are related directly to the leveraging capacity put into place for each of those periods and the levels of indebtedness actually undertaken during those quarters. The table below describes the various expenses of our Syndicated Facility,

The increase in interest expense for the three and nine months ended March 31, 2012 is primarily due to the issuance of Senior Convertible Notes on December 21, 2010 and February 18, 2011 for which we incurred $4,674 and $14,132 of interest expense, respectively. Due to the extension of tenor of our investments, we issued the Senior Convertible Notes at a higher interest rate and significantly increased the average maturity of our debt outstanding to better match our portfolio and leverage.

As our asset base has grown and we have added complexity to our capital raising activities, we have commensurately increased the size of our administrative and financial staff, accounting for a significant increase in the overhead allocation from Prospect Administration. Over the last two years, Prospect Administration has increased staffing levels along with costs passed through. The allocation of overhead expense from Prospect Administration was $2,910 and $1,669 for the three months ended March 31, 2012 and 2011. The allocation of overhead expense from Prospect Administration was $5,143 and $3,309 for the nine months ended March 31, 2012 and 2011. As our portfolio continues to grow, we expect to continue to increase the size of our administrative and financial staff on a basis that provides increasing returns to scale. Other allocated expenses from Prospect Administration will continue to increase along with the increase in staffing and asset base.

Total operating expenses, net of investment advisory fees, allocation of overhead from Prospect Administration and interest costs ("Other Operating Expenses"), were $1,519 and $1,254 for the three months ended March 31, 2012 and 2011, respectively. Other Operating Expenses were $5,655 and $4,332 for the nine months ended March 31, 2012 and 2011, respectively. The $1,323 increase in Other Operating Expenses for the respective nine-month period is primarily due to increased size of our portfolio, for which we have incurred higher costs for legal and valuation services and administrative expenses.

Net Investment Income

Net investment income represents the difference between investment income and operating expenses. Our net investment income ("NII") was $58,072 and $23,956 for the three months ended March 31, 2012 and March 31, 2011, respectively, or $0.51 per share and $0.27 per share, respectively. The $34,116 increase for the three months ended March 31, 2012 is due to a $51,050 increase in investment income offset by an increase in operating expenses of $16,934. The $51,050 increase in investment income is primarily due to increases of $38,442 and $7,894 in interest income and other income, respectively, due to the increased size of our portfolio for which we have recognized additional interest income and an increased level of structuring and advisory fees recognized primarily from our investments in Energy Solutions and NRG. In conjunction with the sale of NRG we also received a

Table of Contents

$26,936 make-whole fee for early repayment of the outstanding loan, which was recorded as interest income in the quarter ending March 31, 2012. The offsetting $16,934 increase in operating expenses is primarily due to an $11,433 increase in advisory fees due to the growing size of our portfolio and related income, $3,995 of additional interest and credit facility expenses and a $1,241 increase in overhead allocated from Prospect Administration.

Our NII was $122,457 and $64,031 for the nine months ended March 31, 2012 and March 31, 2011, respectively, or $1.10 per share and 0.78 per share, respectively. The $58,426 increase for the nine months ended March 31, 2012 is primarily due to a $105,143 increase in investment income offset by an increase in operating expenses of $46,717. The $105,143 increase in investment income is primarily due to increases of increases of $69,574 and $26,336 in interest income and dividend income, respectively, due to the increased size of our portfolio for which we have recognized additional interest income and an increased level of dividends received primarily from our investments in Energy Solutions and NRG. In conjunction with the sale of NRG we also received a $26,936 make-whole fee for early repayment of the outstanding loan, which was recorded as interest income in the quarter ending March 31, 2012. The offsetting $46,717 increase in operating expenses is primarily due to a $25,368 increase in advisory fees due to the growing size of our portfolio and related income, and $18,192 of additional interest and credit facility expenses.

Net Realized Gain, Increase in Net Assets from Net Changes in Unrealized (Depreciation) Appreciation

Net realized gain was $23,703 and $7,094 for the nine months ended March 31, 2012 and March 31, 2011, respectively. The net realized gain for the three months ended March 31, 2012 was due primarily to the sale of NRG common stock for which we realized a gain of $36,940. For the nine months ended March 31, 2012 this gain was offset by our impairment of Deb Shops. During the nine months ended March 31, 2012, Deb Shops filed for bankruptcy and a plan for reorganization was proposed. The plan, which is expected to be approved by the bankruptcy court, will eliminate our debt position with no payment to us. As a result, we determined that the impairment of Deb Shops was other-than-temporary and recorded a realized loss of $14,607 for the full amount of the amortized cost. The net realized gain for the three and nine months ended March 31, 2011 was due primarily to the sale of our common stock in Miller.

Net increase in net assets from changes in unrealized (depreciation) appreciation was ($32,675) and $7,725 for the three months ended March 31, 2012 and March 31, 2011, respectively. For the three months ended March 31, 2012, the $32,675 decrease in net assets from the net change in unrealized (depreciation) appreciation was primarily driven by significant write-downs of our investments in AIRMALL, H&M and Stryker as well as the elimination of the unrealized appreciation resulting from the sale of NRG mentioned above. These instances of depreciation were partially offset by unrealized appreciation of our investments in Ajax, Babson, CIFC, Energy Solutions and R-V. For the three months ended March 31, 2011, the $7,725 increase in net assets from the net change in unrealized appreciation (depreciation) was driven by significant write-ups of approximately $17,982 related to our investments in Biotronic, NRG and Sport Helmets. These instances of unrealized appreciation were partially offset by unrealized depreciation of approximately $10,536 related to our investments in AIRMALL, Copernicus and Shearer's.

Net increase in net assets from changes in unrealized appreciation was $8,441 and $20,154 for the nine months ended March 31, 2012 and March 31, 2011, respectively. For the nine months ended March 31, 2012, the $8,441 increase in net assets from the net change in unrealized appreciation was driven by significant write-ups of our investments in Ajax, Energy Solutions and R-V as well as the elimination of unrealized depreciation resulting from the other-than-temporary impairment of Deb Shops mentioned above. These instances of unrealized appreciation were partially offset by unrealized depreciation in AIRMALL, Biotronic, H&M, Meatco, NMMB, Stryker, Wind River and the elimination of unrealized appreciation resulting from the sale of NRG mentioned above. For the nine months ended March 31, 2011, the $20,154 increase in net assets from the net change in unrealized appreciation (depreciation) was driven by significant write-ups of approximately $39,561 related to our investments in Ajax, Biotronic, Fischbein, Iron Horse, NRG, Nupla and Sport Helmets. These instances of unrealized appreciation were partially offset by unrealized depreciation of approximately $18,292 related to our investments in H&M, ICS, Shearer's and Stryker.

Financial Condition, Liquidity and Capital Resources

For the nine months ended March 31, 2012 and March 31, 2011, our operating activities used $46,026 and $368,400 of cash, respectively. Financing activities provided $79,512 and $369,714 of cash during the nine months ended March 31, 2012 and March 31, 2011, respectively, which included the payments of dividends of $93,051 and $65,344, during the nine months ended March 31, 2012 and March 31, 2011, respectively.

Our primary uses of funds have been to continue to invest in our investments in portfolio companies, to add new companies to our investment portfolio, repay outstanding borrowings and to make cash distributions to holders of our common stock.

Our primary sources of funds have been issuances of debt and equity. We have and may continue to fund a portion of our cash needs through borrowings from banks, issuances of senior securities or secondary offerings. We may also securitize a portion of our investments in mezzanine or senior secured loans or other assets. Our objective is to put in place such borrowings in order to enable us to expand our portfolio. During the nine months ended March 31, 2012, we borrowed $615,800 and made repayments totaling $579,000 under our revolving credit facility. As of March 31, 2012, we had $121,000 outstanding borrowings on our revolving credit facility and $317,500 outstanding on our Senior Convertible notes (See Note 5 to our consolidated financial statements).

On March 19, 2012, we entered into a definitive agreement to provide debt and equity for the acquisition of the businesses of First Tower, a private multiline specialty finance company based in Flowood, Mississippi with over 150 branch offices. We are acquiring 80.1% of First Tower for $110,200 of cash and 14,518,207 of our shares of common stock. We have the option, at our sole discretion, to substitute up to 100% cash in lieu of such 14,518,207 shares of our common stock at a price per share based on average trading prices prior to the closing date. We anticipate that any cash payments will be funded by draws against our credit facility. Completion of the First Tower Acquisition is subject to regulatory approvals and is expected to close late in the quarter ended June 30, 2012.

Undrawn committed revolvers incur commitment fees ranging from 0.50% to 2.00%. As of March 31, 2012 and June 30, 2011, we have $27,828 and $35,822 of undrawn revolver commitments to our portfolio companies, respectively.

On October 21, 2011, our Registration Statement on Form N-2 was declared effective by the SEC. Under this Shelf Registration Statement, we can issue up to $750,000 of additional equity securities.

We also continue to generate liquidity through public and private stock offerings.

On July 18, 2011, we issued 1,500,000 shares in connection with the exercise of an overallotment option granted with the June 21, 2011 offering of 10,000,000 shares which were delivered June 24, 2011, raising an additional $15,225 of gross proceeds and $14,895 of net proceeds.

On February 28, 2012, we issued 12,000,000 shares of our common stock, raising an additional $131,400 of gross proceeds and $129,840 of net proceeds.

Off-Balance Sheet Arrangements

At March 31, 2012, we did not have any off-balance sheet liabilities or other contractual obligations that are reasonably likely to have a current or future material effect on our financial condition, other than those which originate from 1) the investment advisory and management agreement and the administration agreement and 2) the portfolio companies.

Recent Developments

On April 4, 2012, April 17, 2012, June 8, 2012 and June 13, 2012 we closed increases to our commitments to our credit facility of $15,000, $57,500, $5,000 and $5,000 respectively. The commitments to the credit facility now stand at $492,500.

On April 2, 2012 we made an investment of $22,000 to purchase 51.2% of the subordinated notes in Galaxy XII CLO, Ltd.

Since March 31, 2012, we issued approximately $23,624 in aggregate principal amount of Prospect Capital InterNotes® for net proceeds of approximately $23,160.

On April 16, 2012, we issued $130,000 in aggregate principal amount of 5.375% senior convertible notes due 2017 for net proceeds following underwriting expenses of approximately $126,425.

On April 16, 2012, we made a senior secured debt investment of $15,000 to support the acquisition of Nixon, Inc., a designer and distributor of watches and accessories.

On April 20, 2012 we made an investment of $43,195 to purchase 71.1% of the subordinated notes in Symphony CLO IX, Ltd.

On April 20, 2012, May 24, 2012 and June 22, 2012, we issued 85,063, 81,773 and 72,407 shares, respectively, of our common stock in connection with the dividend reinvestment plan.

On May 1, 2012, we issued $100,000 in aggregate principal amount of 6.95% senior unsecured notes due 2022 for net proceeds net of offering expenses of approximately $96,800.

On May 7, 2012, we announced the declaration of monthly dividends in the following amounts and with the following dates:

- $0.101525 per share for May 2012 to holders of record on May 31, 2012 with a payment date of June 22, 2012;
- $0.101550 per share for June 2012 to holders of record on June 29, 2012 with a payment date of July 24, 2012; and
- $0.101575 per share for July 2012 to holders of record on July 31, 2012 with a payment date of August 24, 2012; and
- $0.10160 per share for August 2012 to holders of record on August 31, 2012 with a payment date of September 21, 2012.

On May 8, 2012, SonicWALL, Inc. repaid the $23,000 loan receivable to us.

On May 17, 2012, we made an investment of $50,000 in Plato Learning, Inc., providers of educational software which deliver online curriculum and assessments to the U.S. educational market.

On May 21, 2012, we made a follow-on investment of $10,500 in Stauber Performance Ingredients, Inc.

On May 31, 2012, The Copernicus Group, Inc. repaid the remaining $17,596 loan receivable to us and we received $2,562 for our preferred stock positions, resulting in a realized gain of $2,283.

Table of Contents

On June 1, 2012, we made a senior secured second lien investment of $17,500 in an installment lender.

On June 1, 2012, we sold our membership interests in C&J Cladding for $4,000, recognizing a realized gain of $3,420 on the sale, and received an advisory fee of $1,500.

On June 1, 2012, we and KeyBanc Capital Markets Inc. entered into an equity distribution agreement relating to sales by us through KeyBanc Capital Markets, by means of at-the-market offerings from time to time, of up to 9,500,000 shares of our common stock (the "ATM Program").

During the period from June 7, 2012 to July 9, 2012, we sold 5,199,764 shares of our common stock at an average price of $11.38 per share, and raised $59,170 of gross proceeds, under the ATM Program. Net proceeds were $58,578 after commissions to the broker-dealer on shares sold.

On June 14, 2012, we made an investment of $18,723 to purchase 52.7% of the subordinated notes in Apidos CLO IX.

On June 15, 2012, we completed the acquisition of the businesses of First Tower Corp. ("First Tower"). We acquired 80.1% of First Tower's businesses for $110,200 in cash and 14,518,207 million unregistered shares of our common stock.

On June 15, 2012, we exited our investment in Nupla Corporation for a sales price of $6,850. After payment of expenses, including accumulated managerial assistance of $450 paid to our Administrator and a $1,500 structuring fee paid to us, the proceeds were applied to repayment of the loans receivable to us, resulting in a realized gain of $2,907, as this loan was acquired in the Patriot Capital acquisition at a discount to the par amount outstanding.

On June 22, 2012, we made an investment of $25,810 to purchase 51.0% of the subordinated notes in Madison Park Funding IX, Ltd.

On June 29, 2012, Sport Helmets Holdings, LLC repaid the $17,556 loan receivable to us. We recognized $2,585 of accelerated purchase discount accretion in the quarter ended June 30, 2012.

On July 5, 2012, we made a senior secured debt investment of $28,000 to support the acquisition of a provider of forklift and other material handling equipment fleet services.

Critical Accounting Policies and Estimates

Our discussion and analysis of our financial condition and results of operations are based upon our financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses. Changes in the economic environment, financial markets and any other parameters used in determining such estimates could cause actual results to differ materially. In addition to the discussion below, our critical accounting policies are further described in the notes to the financial statements.

Basis of Consolidation

Under the 1940 Act rules, the regulations pursuant to Article 6 of Regulation S-X, and the American Institute of Certified Public Accountants' Audit and Accounting Guide for Investment Companies, we are precluded from consolidating any entity other than another investment company or an operating company which provides substantially all of its services and benefits to us. Our December 31, 2011 and June 30, 2011 financial statements include our accounts and the accounts of PCF, our only wholly-owned, closely-managed subsidiary that is also an investment company. All intercompany balances and transactions have been eliminated in consolidation.

Table of Contents

Investment Classification

We are a non-diversified company within the meaning of the 1940 Act. We classify our investments by level of control. As defined in the 1940 Act, control investments are those where there is the ability or power to exercise a controlling influence over the management or policies of a company. Control is generally deemed to exist when a company or individual possesses or has the right to acquire within 60 days or less, a beneficial ownership of 25% or more of the voting securities of an investee company. Affiliated investments and affiliated companies are defined by a lesser degree of influence and are deemed to exist through the possession outright or via the right to acquire within 60 days or less, beneficial ownership of 5% or more of the outstanding voting securities of another person.

Investments are recognized when we assume an obligation to acquire a financial instrument and assume the risks for gains or losses related to that instrument. Investments are derecognized when we assume an obligation to sell a financial instrument and forego the risks for gains or losses related to that instrument. Specifically, we record all security transactions on a trade date basis. Investments in other, non-security financial instruments are recorded on the basis of subscription date or redemption date, as applicable. Amounts for investments recognized or derecognized but not yet settled are reported as Receivables for investments sold and Payables for investments purchased, respectively, in the Consolidated Statements of Assets and Liabilities.

Investment Valuation

Our Board of Directors has established procedures for the valuation of our investment portfolio. These procedures are detailed below.

Investments for which market quotations are readily available are valued at such market quotations.

For most of our investments, market quotations are not available. With respect to investments for which market quotations are not readily available or when such market quotations are deemed not to represent fair value, our Board of Directors has approved a multi-step valuation process each quarter, as described below:

1) Each portfolio company or investment is reviewed by our investment professionals with the independent valuation firm engaged by our Board of Directors;

2) the independent valuation firm conducts independent appraisals and makes their own independent assessment;

3) the audit committee of our Board of Directors reviews and discusses the preliminary valuation with our Investment Adviser proposing values within the valuation range presented by the independent valuation firm; and

4) the Board of Directors discusses the valuations and determines the fair value of each investment in our portfolio in good faith based on the input of our Investment Adviser, the independent valuation firm and the audit committee.

Effective July 1, 2008, we adopted the Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC" or "Codification") 820, *Fair Value Measurements and Disclosures* ("ASC 820"). ASC 820 defines fair value, establishes a framework for measuring fair value in GAAP, and expands disclosures about fair value measurements.

ASC 820 classifies the inputs used to measure these fair values into the following hierarchy:

Level 1: Quoted prices in active markets for identical assets or liabilities, accessible by us at the measurement date.

Table of Contents

Level 2: Quoted prices for similar assets or liabilities in active markets, or quoted prices for identical or similar assets or liabilities in markets that are not active, or other observable inputs other than quoted prices.

Level 3: Unobservable inputs for the asset or liability.

In all cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls has been determined based on the lowest level of input that is significant to the fair value measurement. Our assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to each investment.

In April 2009, the FASB issued ASC 820-10-65, *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly"* ("ASC 820-10-65"). This update provides further clarification for ASC 820 in markets that are not active and provides additional guidance for determining when the volume of trading level of activity for an asset or liability has significantly decreased and for identifying circumstances that indicate a transaction is not orderly. ASC 820-10-65 is effective for interim and annual reporting periods ending after June 15, 2009. The adoption of ASC 820-10-65 did not have any effect on our net asset value, financial position or results of operations for the three and nine months ended March 31, 2012, as there was no change to the fair value measurement principles set forth in ASC 820.

In January 2010, the FASB issued Accounting Standards Update 2010-06, *Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures about Fair Value Measurements* ("ASC 2010-06"). ASC 2010-06 amends ASC 820-10 and clarifies and provides additional disclosure requirements related to recurring and non-recurring fair value measurements and employers' disclosures about postretirement benefit plan assets. ASC 2010-06 is effective December 15, 2009, except for the disclosure about purchase, sales, issuances and settlements in the roll forward of activity in level 3 fair value measurements. The adoption of ASC 2010-06 for the three and nine months ended March 31, 2012, did not have any effect on our financial statements.

Federal and State Income Taxes

We have elected to be treated as a regulated investment company and intend to continue to comply with the requirements of the Internal Revenue Code of 1986 (the "Internal Revenue Code"), applicable to regulated investment companies. We are required to distribute at least 90% of our investment company taxable income and intend to distribute (or retain through a deemed distribution) all of our investment company taxable income and net capital gain to stockholders; therefore, we have made no provision for income taxes. The character of income and gains that we will distribute is determined in accordance with income tax regulations that may differ from GAAP. Book and tax basis differences relating to stockholder dividends and distributions and other permanent book and tax differences are reclassified to paid-in capital.

If we do not distribute at least 98% of our annual income and 98.2% of our capital gains in the calendar year earned, we will generally be required to pay an excise tax equal to 4% of the amount by which 98% of our annual ordinary income and 98.2% of our capital gains exceeds the distributions from such taxable income for the year. To the extent that we determine that our estimated current year annual taxable income will be in excess of estimated current year dividend distributions from such taxable income, we accrue excise taxes, if any, on estimated excess taxable income as taxable income is earned using an annual effective excise tax rate. The annual effective excise tax rate is determined by dividing the estimated annual excise tax by the estimated annual taxable income.

If we fail to satisfy the Annual Distribution Requirement or otherwise fail to qualify as a RIC in any taxable year, we would be subject to tax on all of our taxable income at regular corporate rates. We would not be able to deduct distributions to stockholders, nor would we be required to make

Table of Contents

distributions. Distributions would generally be taxable to our individual and other non-corporate taxable stockholders as ordinary dividend income eligible for the reduced maximum rate for taxable years beginning before 2013 (but not for taxable years beginning thereafter, unless the relevant provisions are extended by legislation) to the extent of our current and accumulated earnings and profits, provided certain holding period and other requirements are met. Subject to certain limitations under the Internal Revenue Code, corporate distributions would be eligible for the dividends-received deduction. To qualify again to be taxed as a RIC in a subsequent year, we would be required to distribute to our shareholders our accumulated earnings and profits attributable to non-RIC years reduced by an interest charge of 50% of such earnings and profits payable by us as an additional tax. In addition, if we failed to qualify as a RIC for a period greater than two taxable years, then, in order to qualify as a RIC in a subsequent year, we would be required to elect to recognize and pay tax on any net built-in gain (the excess of aggregate gain, including items of income, over aggregate loss that would have been realized if we had been liquidated) or, alternatively, be subject to taxation on such built-in gain recognized for a period of ten years.

We adopted FASB ASC 740, *Income Taxes* ("ASC 740"). ASC 740 provides guidance for how uncertain tax positions should be recognized, measured, presented, and disclosed in the financial statements. ASC 740 requires the evaluation of tax positions taken or expected to be taken in the course of preparing our tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold are recorded as a tax benefit or expense in the current year. Adoption of ASC 740 was applied to all open tax years as of July 1, 2007. The adoption of ASC 740 did not have an effect on our net asset value, financial condition or results of operations as there was no liability for unrecognized tax benefits and no change to our beginning net asset value. As of March 31, 2012 and for the three and nine months then ended, we did not have a liability for any unrecognized tax benefits. Management's determinations regarding ASC 740 may be subject to review and adjustment at a later date based upon factors including, but not limited to, an on-going analysis of tax laws, regulations and interpretations thereof.

Valuation of Other Financial Assets and Financial Liabilities

In February 2007, FASB issued ASC Subtopic 820-10-05-1, *The Fair Value Option for Financial Assets and Financial Liabilities* ("ASC 820-10-05-1"). ASC 820-10-05-1 permits an entity to elect fair value as the initial and subsequent measurement attribute for many of assets and liabilities for which the fair value option has been elected and similar assets and liabilities measured using another measurement attribute. We adopted this statement on July 1, 2008 and have elected not to value other assets and liabilities at fair value as would be permitted by ASC 820-10-05-1.

Senior Convertible Notes

We have recorded the Senior Convertible Notes (See Note 5 on page F-48 to the Company's unaudited financial statements for the period ended March 31, 2012) at their contractual amounts. The Senior Convertible Notes were analyzed for any features that would require its accounting to be bifurcated and they were determined to be immaterial.

Revenue Recognition

Realized gains or losses on the sale of investments are calculated using the specific identification method.

Interest income, adjusted for amortization of premium and accretion of discount, is recorded on an accrual basis. Origination, closing and/or commitment fees associated with investments in portfolio companies are accreted into interest income over the respective terms of the applicable loans.

Table of Contents

Accretion of such purchase discounts or premiums is calculated by the effective interest method as of the purchase date and adjusted only for material amendments or prepayments. Upon the prepayment of a loan or debt security, any prepayment penalties and unamortized loan origination, closing and commitment fees are recorded as interest income. The purchase discount for portfolio investments acquired from Patriot Capital Funding, Inc. ("Patriot") was determined based on the difference between par value and fair market value as of December 2, 2009, and will continue to accrete until maturity or repayment of the respective loans.

Dividend income is recorded on the ex-dividend date.

Structuring fees and similar fees are recognized as income as earned, usually when paid. Structuring fees, excess deal deposits, net profits interests and overriding royalty interests are included in other income.

Loans are placed on non-accrual status when there is reasonable doubt that principal or interest will not be collected in accordance with the terms of the investment. Accrued interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to principal depending upon management's judgment. Non-accrual loans are restored to accrual status when past due principal and interest is paid and in management's judgment, are likely to remain current.

Dividends and Distributions

Dividends and distributions to common stockholders are recorded on the ex-dividend date. The amount, if any, to be paid as a dividend or distribution is approved by our Board of Directors each quarter and is generally based upon our management's estimate of our earnings for the quarter. Net realized capital gains, if any, are distributed at least annually.

Financing Costs

We record origination expenses related to our credit facility, Prospect Capital InterNotes® and the Senior Convertible Notes as deferred financing costs. These expenses are deferred and amortized as part of interest expense using the straight-line method for our revolving credit facility and the effective interest method for our Prospect Capital InterNotes® and Senior Convertible Notes, over the respective expected life.

We record registration expenses related to shelf filings as prepaid assets. These expenses consist principally of Securities and Exchange Commission ("SEC") registration fees, legal fees and accounting fees incurred. These prepaid assets will be charged to capital upon the receipt of an equity offering proceeds or charged to expense if no offering completed.

Guarantees and Indemnification Agreements

We follow ASC 460, *Guarantees* ("ASC 460"). ASC 460 elaborates on the disclosure requirements of a guarantor in its interim and annual financial statements about its obligations under certain guarantees that it has issued. It also requires a guarantor to recognize, at the inception of a guarantee, for those guarantees that are covered by ASC 460, the fair value of the obligation undertaken in issuing certain guarantees.

Per Share Information

Net increase or decrease in net assets resulting from operations per common share are calculated using the weighted average number of common shares outstanding for the period presented. In accordance with ASC 946, *Financial Services Investment Companies*, convertible securities are not considered in the calculation of net assets per share.

Recent Accounting Pronouncements

In February 2011, the FASB issued Accounting Standards Update 2011-02, *Receivables (Topic 310): A Creditor's Determination of Whether a Restructuring is a Troubled Debt Restructuring* ("ASU 2011-02"). ASU 2011-02 clarifies which loan modifications constitute troubled debt restructurings. It is intended to assist creditors in determining whether a modification of the terms of a receivable meets the criteria to be considered a troubled debt restructuring, both for purposes of recording an impairment loss and for disclosure of troubled debt restructurings. In evaluating whether a restructuring constitutes a troubled debt restructuring, a creditor must separately conclude that both of the following exist: (a) the restructuring constitutes a concession; and (b) the debtor is experiencing financial difficulties. ASU 2011-02 provides guidance to clarify whether the creditor has granted a concession and whether a debtor is experiencing financial difficulties. The adoption of ASC 2010-06 for the three and nine months ended March 31, 2012, did not have any effect on our financial statements.

In May 2011, the FASB issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* ("ASU 2011-04"). ASU 2011-04 amends Accounting Standards Codification Topic 820, "Fair Value Measurements" ("ASC 820") by: (1) clarifying that the highest-and-best-use and valuation-premise concepts only apply to measuring the fair value of non-financial assets; (2) allowing a reporting entity to measure the fair value of the net asset or net liability position in a manner consistent with how market participants would price the net risk position, if certain criteria are met; (3) providing a framework for considering whether a premium or discount can be applied in a fair value measurement; (4) providing that the fair value of an instrument classified in a reporting entity's shareholders' equity is estimated from the perspective of a market participant that holds the identical item as an asset; and (5) expanding the qualitative and quantitative fair value disclosure requirements. The expanded disclosures include, for Level 3 items, a description of the valuation process and a narrative description of the sensitivity of the fair value to changes in unobservable inputs and interrelationships between those inputs if a change in those inputs would result in a significantly different fair value measurement. ASU 2011-4 also requires disclosures about the highest-and-best-use of a non-financial asset when this use differs from the asset's current use and the reasons for such a difference. In addition, this ASU amends Accounting Standards Codification 820, "Fair Value Measurements," to require disclosures to include any transfers between Level 1 and Level 2 of the fair value hierarchy. These amendments are effective for fiscal years beginning after December 15, 2011 and for interim periods within those fiscal years. The amendments of ASU 2011-04, when adopted, are not expected to have a material impact on our consolidated financial statements.

QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are subject to financial market risks, including changes in interest rates and equity price risk. Some of the loans in our portfolio have floating interest rates.

We may hedge against interest rate fluctuations by using standard hedging instruments such as futures, options and forward contracts subject to the requirements of the 1940 Act. While hedging activities may insulate us against adverse changes in interest rates, they may also limit our ability to participate in the benefits of higher interest rates with respect to our portfolio of investments. During the three months ended March 31, 2012, we did not engage in hedging activities.

USE OF PROCEEDS

The net proceeds from the sale of 21,000,000 shares of our common stock in this offering will be $ (or $ if the option to purchase additional shares is exercised in full) after deducting offering expenses of approximately $300,000 payable by us.

We expect to use the net proceeds from this offering initially to maintain balance sheet liquidity, involving repayment of debt under our credit facility, if any, investments in high quality short-term debt instruments or a combination thereof, and thereafter to make long-term investments in accordance with our investment objective. We anticipate that substantially all of the net proceeds from this offering will be used for the above purposes within six months, depending on the availability of appropriate investment opportunities consistent with our investment objective and market conditions.

As of July 10, 2012, we have drawn $7 million on our credit facility and, based on the assets currently pledged as collateral on the facility, approximately $418.7 million was available to us for borrowing under our credit facility based on the assets currently pledged to secure the facility. Affiliates of the underwriter that are lenders under our credit facility may receive a portion of the net proceeds from offerings made pursuant to this prospectus supplement and the accompanying prospectus through the repayment of any borrowings. Interest on borrowings under the credit facility is one-month LIBOR plus 275 basis points. Additionally, the lenders charge a fee on the unused portion of the credit facility equal to either 50 basis points if at least half of the credit facility is used or 100 basis points otherwise.

RECENT SALES OF COMMON STOCK BELOW NET ASSET VALUE

At our 2008, 2009, 2010 and 2011 annual meeting of stockholders, our stockholders approved our ability to sell an unlimited number of shares of our common stock at any level of discount to NAV per share during the twelve-month period following such approval. Accordingly, we may make offerings of our common stock without any limitation on the total amount of dilution to stockholders. See "Sales of Common Stock Below Net Asset Value" in this prospectus supplement and in the accompanying prospectus. Pursuant to this authority and the approval of our Board of Directors, we have made the following offerings:

DISTRIBUTIONS AND PRICE RANGE OF COMMON STOCK

We have paid and intend to continue to distribute monthly distributions to our stockholders out of assets legally available for distribution. Our distributions, if any, will be determined by our Board of Directors. Certain amounts of the monthly distributions may from time to time be paid out of our capital rather than from earnings for the period as a result of our deliberate planning or by accounting reclassifications.

In order to maintain RIC tax treatment, we must distribute at least 90% of our ordinary income and realized net short-term capital gains in excess of realized net long-term capital losses, if any, out of the assets legally available for distribution. In order to avoid certain excise taxes imposed on RICs, we are required to distribute with respect to each calendar year by January 31 of the following year an amount at least equal to the sum of

- 98% of our ordinary income for the calendar year,
- 98.2% of our capital gains in excess of capital losses for the one-year period ending on October 31 of the calendar year, and
- any ordinary income and net capital gains for preceding years that were not distributed during such years.

In December 2008, our Board of Directors elected to retain excess profits generated in the quarter ended September 30, 2008 and pay a 4% excise tax on such retained earnings. We paid $533,000 for the excise tax with the filing of our tax return in March 2009. No such election was made in December 2009.

In addition, although we currently intend to distribute realized net capital gains (which we define as net long-term capital gains in excess of short-term capital losses), if any, at least annually, out of the assets legally available for such distributions, we may decide in the future to retain such capital gains for investment. In such event, the consequences of our retention of net capital gains are as described under "Material U.S. Federal Income Tax Considerations" in the accompanying prospectus. We can offer no assurance that we will achieve results that will permit the payment of any cash distributions and, if we issue senior securities, we will be prohibited from making distributions if doing so causes us to fail to maintain the asset coverage ratios stipulated by the 1940 Act or if distributions are limited by the terms of any of our borrowings.

We maintain an "opt out" dividend reinvestment plan for our common stockholders. As a result, if we declare a dividend, then stockholders' cash dividends will be automatically reinvested in additional shares of our common stock, unless they specifically "opt out" of the dividend reinvestment plan so as to receive cash dividends. Stockholders who receive distributions in the form of stock are subject to the same U.S. Federal, state and local tax consequences as are stockholders who elect to receive their distributions in cash. See "Dividend Reinvestment Plan" in the accompanying prospectus. The tax consequences of distributions to stockholders are described in the accompanying prospectus under the label "Material U.S. Federal Income Tax Considerations". To the extent prudent and practicable, we intend to declare and pay dividends on a monthly basis.

With respect to the distributions paid to stockholders, income from origination, structuring, closing, commitment and other upfront fees associated with investments in portfolio companies were treated as taxable income and accordingly, distributed to stockholders. During the fiscal year ended June 30, 2009, we recorded total distributions of approximately $56.1 million. For the fiscal year ended June 30, 2010, we recorded total distributions of approximately $81.5 million. On June 18, 2010, we announced a change in dividend policy from quarterly to monthly dividends. For the fiscal year ending June 30, 2011, we recorded total distributions of approximately $106.2 million. For the first, second and third

Table of Contents

quarters of the fiscal year ending June 30, 2012, we recorded total distributions of approximately $102.4 million.

Tax characteristics of all distributions will be reported to stockholders, as appropriate, on Form 1099-DIV after the end of the year. Our ability to pay distributions could be affected by future business performance, liquidity, capital needs, alternative investment opportunities and loan covenants.

Our common stock is quoted on the NASDAQ Global Select Market under the symbol "PSEC." The following table sets forth, for the periods indicated, our NAV per share of common stock and the high and low closing prices per share of our common stock as reported on the NASDAQ Global Select Market. Our common stock historically trades at prices both above and below its NAV per share. There can be no assurance, however, that such premium or discount, as applicable, to NAV per share will be maintained. Common stock of business development companies, like that of closed-end investment companies, frequently trades at a discount to current NAV per share. In the past, our common stock has traded at a discount to our NAV per share. The risk that our common stock may continue to trade at a discount to our NAV per share is separate and distinct from the risk that our NAV per share may decline.

(2) The High/Low Stock Price is calculated as of the closing price on a given day in the applicable quarter.

(3) Our most recently estimated NAV per share is $10.58 on an as adjusted basis solely to give effect to our distributions with record dates of April 30, 2012, May 31, 2012 and June 29, 2012, our issuance of common stock on April 20, 2012, May 24, 2012 and June 22, 2012 in connection with our dividend reinvestment plan, the issuance of 14,518,207 shares of common stock issued in conjunction with the acquisition of First Tower and our sale of 5,199,764 shares of common stock during the period from June 7, 2012 through July 9, 2012 (with settlement dates of June 12, 2012 through July 12, 2012) versus $10.58 determined by us as of March 31, 2012. NAV per share as of June 30, 2012, may be higher or lower than $10.58 based on potential changes in valuations, issuances of securities and earnings for the quarter then ended.

(4) NAV has not yet been finally determined for any day after March 31, 2012.

(5) In June 2010, we changed our distribution policy from a quarterly payment to a monthly payment.

On May 7, 2012, we announced the declaration of monthly dividends in the following amounts and with the following dates:

- $0.101525 per share for May 2012 to holders of record on May 31, 2012 with a payment date of June 22, 2012;
- $0.101550 per share for June 2012 to holders of record on June 29, 2012 with a payment date of July 24, 2012;
- $0.101575 per share for July 2012 to holders of record on July 31, 2012 with a payment date of August 24, 2012; and
- $0.10160 per share for August 2012 to holders of record on August 31, 2012 with a payment date of September 21, 2012.

On July 9, 2012, the last reported sales price of our common stock was $11.82 per share.

As of July 9, 2012, we had approximately 86 stockholders of record.

The below table sets forth each class of our outstanding securities as of July 9, 2012 including shares sold through July 9, 2012 and settled through July 12, 2012.

The underwriter has advised us that it proposes to offer the shares of common stock directly to the public at the public offering price on the cover of this prospectus supplement and to selected dealers, which may include the underwriter, at such offering price less a selling concession not in excess of $ per share. After the offering, the underwriter may change the offering price and other selling terms. Sales of shares made outside of the United States may be made by affiliates of the underwriter.

The expenses of the offering that are payable by us are estimated to be $300,000 (excluding underwriting discounts and commissions).

Option to Purchase Additional Shares

We have granted the underwriter an option exercisable for 30 days after the date of this prospectus supplement, to purchase, from time to time, in whole or in part, up to an aggregate of 3,150,000 shares at the public offering price less underwriting discounts and commissions.

Lock-Up Agreements

We and each of our directors and executive officers have agreed, without the prior written consent of the underwriter not to, during the period ending 45 days following the date of the underwriting agreement, (i) offer, sell, contract to sell, pledge, grant any option to purchase, make any short sale or otherwise transfer or dispose of, directly or indirectly, or file with the Commission a registration statement relating to, any securities of the Company that are substantially similar to the common stock offered hereby, including but not limited to any options or warrants to purchase shares of common stock or any securities that are convertible into or exchangeable for, or that represent the right to receive, common stock or any such substantially similar securities, or publicly disclose the intention to make any offer, sale, pledge, disposition or filing or (ii) enter into any swap or other agreement that transfers, in whole or in part, any of the economic consequences of ownership of the common stock or any such other securities, whether any such transaction described in clause (i) or (ii) above is to be settled by delivery of common stock or such other securities, in cash or otherwise (other than shares of common stock to be sold hereunder or pursuant to employee stock option plans existing on, or upon the conversion or exchange of convertible or exchangeable securities outstanding as of, the date of the underwriting agreement).

Table of Contents

Barclays Capital Inc., in its sole discretion, may release the common stock and other securities subject to the lock-up agreements described above in whole or in part at any time with or without notice. When determining whether or not to release the common stock and other securities from lock-up agreements, Barclays Capital Inc. will consider, among other factors, the holder's reasons for requesting the release, the number of shares of common stock or other securities for which the release is being requested and market conditions at the time.

The Company may issue up to 5% of its then current outstanding shares of common stock in a private placement or other transaction not involving a public offering in connection with portfolio investments by the Company or its subsidiaries where such shares of common stock will be issued as restricted securities within the meaning of Rule 144 of the Securities Act.

Indemnification

We have agreed to indemnify the underwriter against certain liabilities, including liabilities under the Securities Act, and to contribute to payments that the underwriter may be required to make for these liabilities.

Stabilization and Short Positions

The underwriter may engage in stabilizing transactions, covering transactions or purchases for the purpose of pegging, fixing or maintaining the price of the common stock, in accordance with Regulation M under the Exchange Act:

- Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum.

- Covering transactions involve purchases of the common stock in the open market after the distribution has been completed in order to cover short positions.

These stabilizing transactions and covering transactions may have the effect of raising or maintaining the market price of our common stock or preventing or retarding a decline in the market price of the common stock. As a result, the price of the common stock may be higher than the price that might otherwise exist in the open market. These transactions may be effected on The NASDAQ Global Select Market or otherwise and, if commenced, may be discontinued at any time.

Neither we nor the underwriter make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the common stock. In addition, neither we nor the underwriter will make representation that the underwriter will engage in these stabilizing transactions or that any transaction, once commenced, will not be discontinued without notice.

Passive Market Making

In connection with the offering, the underwriter may engage in passive market making transactions in the common stock on The NASDAQ Global Select Market in accordance with Rule 103 of Regulation M under the Exchange Act during the period before the commencement of offers or sales of common stock and extending through the completion of distribution. A passive market maker must display its bids at a price not in excess of the highest independent bid of the security. However, if all independent bids are lowered below the passive market maker's bid that bid must be lowered when specified purchase limits are exceeded.

Electronic Distribution

A prospectus supplement and the accompanying prospectus in electronic format may be made available on the Internet sites or through other online services maintained by the underwriter or by its affiliates. In those cases, prospective investors may view offering terms online and, depending upon the particular underwriter, prospective investors may be allowed to place orders online. The underwriter may agree with us to allocate a specific number of shares for sale to online brokerage account holders.

Table of Contents

Any such allocation for online distributions will be made by the underwriter on the same basis as other allocations.

Other than the prospectus supplement and the accompanying prospectus in electronic format, the information on the underwriter's website and any information contained in any other website maintained by the underwriter is not part of the prospectus supplement and the accompanying prospectus or the registration statement of which the prospectus supplement and the accompanying prospectus forms a part, has not been approved and/or endorsed by us or the underwriter in its capacity as underwriter and should not be relied upon by investors.

Stamp Taxes

If you purchase shares of common stock offered in the prospectus, you may be required to pay stamp taxes and other charges under the laws and practices of the country of purchase, in addition to the offering price listed on the cover page of the prospectus.

Relationships

From time to time, Barclays Capital Inc. and its affiliates have, directly or indirectly, provided investment banking or financial advisory services to us, for which they have received customary fees and commissions, and expect to provide these services to us in the future, for which they expect to receive customary fees and expense reimbursement.

Notice to Prospective Investors in the European Economic Area

In relation to each member state of the European Economic Area which has implemented the Prospectus Directive (each, a "Relevant Member State"), including each Relevant Member State that has implemented the 2010 PD Amending Directive with regard to persons to whom an offer of securities is addressed and the denomination per unit of the offer of securities (each, an "Early Implementing Member State"), with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "Relevant Implementation Date"), no offer of shares will be made to the public in that Relevant Member State (other than offers (the "Permitted Public Offers") where a prospectus will be published in relation to the shares that has been approved by the competent authority in a Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State, all in accordance with the Prospectus Directive), except that with effect from and including that Relevant Implementation Date, offers of shares may be made to the public in that Relevant Member State at any time:

(1) to "qualified investors" as defined in the Prospectus Directive, including:

(a) in the case of Relevant Member States other than Early Implementing Member States), legal entities which are authorized or regulated to operate in the financial markets or, if not so authorized or regulated, whose corporate purpose is solely to invest in securities, or any legal entity which has two or more of (i) an average of at least 250 employees during the last financial year; (ii) a total balance sheet of more than €43.0 million and (iii) an annual turnover of more than €50.0 million as shown in its last annual or consolidated accounts; or

(b) (in the case of Early Implementing Member States), persons or entities that are described in points (1) to (4) of Section I of Annex II to Directive 2004/39/EC, and those who are treated on request as professional clients in accordance with Annex II to Directive 2004/39/EC, or recognized as eligible counterparties in accordance with Article 24 of Directive 2004/39/EC unless they have requested that they be treated as non-professional clients; or

(2) to fewer than 100 (or, in the case of Early Implementing Member States, 150) natural or legal persons (other than "qualified investors" as defined in the Prospectus Directive), as permitted in the Prospectus Directive, subject to obtaining the prior consent of the representatives for any such offer; or

(3) in any other circumstances falling within Article 3(2) of the Prospectus Directive, provided that no such offer of shares shall result in a requirement for the publication of a prospectus pursuant

to Article 3 of the Prospectus Directive or of a supplement to a prospectus pursuant to Article 16 of the Prospectus Directive.

Each person in a Relevant Member State (other than a Relevant Member State where there is a Permitted Public Offer) who initially acquires any shares or to whom any offer is made will be deemed to have represented, acknowledged and agreed that (A) it is a "qualified investor", and (B) in the case of any shares acquired by it as a financial intermediary, as that term is used in Article 3(2) of the Prospectus Directive, (x) the shares acquired by it in the offering have not been acquired on behalf of, nor have they been acquired with a view to their offer or resale to, persons in any Relevant Member State other than "qualified investors" as defined in the Prospectus Directive, or in circumstances in which the prior consent of the Subscribers has been given to the offer or resale, or (y) where shares have been acquired by it on behalf of persons in any Relevant Member State other than "qualified investors" as defined in the Prospectus Directive, the offer of those shares to it is not treated under the Prospectus Directive as having been made to such persons.

For the purpose of the above provisions, the expression "an offer to the public" in relation to any shares in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer of any shares to be offered so as to enable an investor to decide to purchase any shares, as the same may be varied in the Relevant Member State by any measure implementing the Prospectus Directive in the Relevant Member State and the expression "Prospectus Directive" means Directive 2003/71 EC (including the 2010 PD Amending Directive, in the case of Early Implementing Member States) and includes any relevant implementing measure in each Relevant Member State and the expression "2010 PD Amending Directive" means Directive 2010/73/EU.

Notice to Prospective Investors in Hong Kong

The shares may not be offered or sold by means of any document other than (1) in circumstances which do not constitute an offer to the public within the meaning of the Companies Ordinance (Cap.32, Laws of Hong Kong), or (2) to "professional investors" within the meaning of the Securities and Futures Ordinance (Cap.571, Laws of Hong Kong) and any rules made thereunder, or (3) in other circumstances which do not result in the document being a "prospectus" within the meaning of the Companies Ordinance (Cap.32, Laws of Hong Kong), and no advertisement, invitation or document relating to the shares may be issued or may be in the possession of any person for the purpose of issue (in each case whether in Hong Kong or elsewhere), which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the laws of Hong Kong) other than with respect to shares which are or are intended to be disposed of only to persons outside Hong Kong or only to "professional investors" within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder.

Notice to Prospective Investors in Singapore

This prospectus has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, this prospectus and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the shares may not be circulated or distributed, nor may the shares be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than (1) to an institutional investor under Section 274 of the Securities and Futures Act, Chapter 289 of Singapore (the "SFA"), (2) to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions, specified in Section 275 of the SFA or (3) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA.

Where the shares are subscribed or purchased under Section 275 by a relevant person which is: (1) a corporation (which is not an accredited investor) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or (2) a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary is an accredited investor, shares, debentures and units of shares and debentures of that corporation or the beneficiaries' rights and interest in that trust shall not be transferable for 6 months after that corporation or that trust has acquired the shares under Section 275 except: (a) to an institutional investor under Section 274 of the SFA or to a relevant person, or any person pursuant to Section 275(1A), and in accordance with the conditions, specified in Section 275 of the SFA; (b) where no consideration is given for the transfer; or (c) by operation of law.

Notice to Prospective Investors in Japan

The securities have not been and will not be registered under the Financial Instruments and Exchange Law of Japan (the Financial Instruments and Exchange Law) and each underwriter has agreed that it will not offer or sell any securities, directly or indirectly, in Japan or to, or for the benefit of, any resident of Japan (which term as used herein means any person resident in Japan, including any corporation or other entity organized under the laws of Japan), or to others for re-offering or resale, directly or indirectly, in Japan or to a resident of Japan, except pursuant to an exemption from the registration requirements of, and otherwise in compliance with, the Financial Instruments and Exchange Law and any other applicable laws, regulations and ministerial guidelines of Japan.

The underwriter and its affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. The underwriter and certain of its affiliates have, from time to time, performed, and may in the future perform, various financial advisory and investment banking services for us, for which they received or will receive customary fees and expenses. An affiliate of the underwriter is a lender under the Company's credit facility.

Table of Contents

In the ordinary course of their various business activities, the underwriter and its affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may involve securities and/or instruments issued by us. The underwriter and its affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

LEGAL MATTERS

Certain legal matters regarding the common stock offered hereby will be passed upon for the Company by Skadden, Arps, Slate, Meagher & Flom LLP ("Skadden, Arps"), New York, New York, and Venable LLP, as special Maryland counsel, Baltimore, Maryland. CONSOLIDATED SCHEDULE OF INVESTMENTS (Continued)

March 31, 2012 (Unaudited) and June 30, 2011 (Audited)

(in thousands, except share data)

Endnote Explanations for the Consolidated Schedule of Investments as of March 31, 2012 and June 30, 2011

(1) The securities in which Prospect Capital Corporation ("we", "us" or "our") has invested were acquired in transactions that were exempt from registration under the Securities Act of 1933, as amended, or the "Securities Act." These securities may be resold only in transactions that are exempt from registration under the Securities Act.

(2) Fair value is determined by or under the direction of our Board of Directors. As of March 31, 2012 and June 30, 2011, two of our portfolio investments, Allied Defense Group, Inc. ("Allied") and Dover Saddlery, Inc. ("Dover") were publically traded and classified as Level 1 within the valuation hierarchy established by Accounting Standards Codification 820, *Fair Value Measurements and Disclosures* ("ASC 820"). As of March 31, 2012 and June 30, 2011, the fair value of our remaining portfolio investments was determined using significant unobservable inputs. ASC 820 classifies such inputs used to measure fair value as Level 3 within the valuation hierarchy. Our investments in money market funds are classified as Level 2. See Note 2 and Note 3 within the accompanying consolidated financial statements for further discussion.

(3) Security, or portion thereof, is held by Prospect Capital Funding LLC, a bankruptcy remote special purpose entity, and is pledged as collateral for the revolving credit facility and such security is not available as collateral to our general creditors (See Note 4). The market values of these investments at March 31, 2012 and June 30, 2011 were $845,406 and $700,321, respectively; they represent 48.3% and 46.0% of total investments at fair value, respectively. Prospect Capital Funding LLC (See Note 1), our wholly-owned subsidiary, holds an aggregate market value of $845,406 and $631,915 of these investments as of March 31, 2012 and June 30, 2011, respectively.

(4) Security, or portion thereof, has a floating interest rate which may be subject to a LIBOR or PRIME floor. Stated interest rate was in effect at March 31, 2012 and June 30, 2011.

(5) There are several entities involved in the Biomass investment. As of June 30, 2011, we own directly 3,265 shares of common stock in CCEI, f/k/a Worcester Energy Partners, Inc., representing 100% of the issued and outstanding common stock. CCEI owns 100 shares of common stock in Precision Logging and Landclearing, Inc. ("PLL"), representing 100% of the issued and outstanding common stock.

As of June 30, 2011, we own directly 552 shares of common stock in Worcester Energy Co., Inc. ("WECO"), representing 100% of the issued and outstanding common stock.

Our 100% ownership of each of CCEI and WECO resulted from our successful bid, in December 2010, for the 49% of each of those stocks we did not own directly.

As of June 30, 2011, we own directly 100 shares of common stock in Worcester Energy Holdings, Inc. ("WEHI"), representing 100% of the issued and outstanding common stock. WEHI, in turn, owns 51 membership certificates in Biochips LLC ("Biochips"), which represents a 51% ownership stake.

During the quarter ended March 31, 2009, we created two new entities CCEHI and DownEast Power Company, LLC ("DEPC") in anticipation of the foreclosure proceedings against the three

co-borrowers, WECO, CCEI and Biochips, on a note due to us that we had put on non-accrual status effective July 1, 2008.

As of June 30, 2011, we own 1,000 shares of CCEHI, representing 100% of the issued and outstanding stock, which in turn, owns a 100% of the membership interests in DEPC.

On March 11, 2009, we foreclosed on the assets formerly held by CCEI and Biochips with a successful credit bid of $6,000 to acquire the assets. The credit bid was assigned to DEPC and the assets subsequently were acquired by DEPC.

Biochips, WECO, CCEI, Precision and WEHI currently have no material operations and no significant assets. As of June 30, 2009, our Board of Directors assessed a fair value of zero for all of the equity positions and the loan position. We determined that the impairment of both CCEI and CCEHI as of June 30, 2009 was other than temporary and recorded a realized loss for the amount that the amortized cost exceeds the fair value at June 30, 2009. Our Board of Directors set value at zero for the Biomass investment as a whole as of June 30, 2011, respectively.

In December 2011, we formed New CCEI, Inc. ("New CCEI") and contributed 100% of the equity of CCEI to New CCEI. After the contribution, CCEI converted into a limited liability company. On December 9, 2011, each of CCEH, PLL, WECO and WEHI merged with and into New CCEI. During the quarter ended December 31, 2011, New CCEI merged into Change Clean Energy Holdings, LLC and our ownership of New CCEI was transferred to Energy Solutions Holdings, Inc.

(6) During the quarter ended December 31, 2009, we created two new entities, Coalbed Inc. and Coalbed LLC, to foreclose on the outstanding senior secured loan and assigned rights and interests of Conquest Cherokee, LLC ("Conquest"), as a result of the deterioration of Conquest's financial performance and inability to service debt payments. We own 1,000 shares of common stock in Coalbed Inc., representing 100% of the issued and outstanding common stock. Coalbed Inc., in turn owns 100% of the membership interest in Coalbed LLC.

On October 21, 2009, Coalbed LLC foreclosed on the loan formerly made to Conquest. On January 19, 2010, as part of the Manx rollup, the Coalbed LLC assets and loan was assigned to Manx, the holding company. Our Board of Directors set value at zero for the loan position in Coalbed LLC investment as of March 31, 2012 and June 30, 2011.

(7) In addition to the stated returns, the net profits interest held will be realized upon sale of the borrower or a sale of the interests.

(8) During the quarter ended December 31, 2011, our ownership of Change Clean Energy Holdings, Inc. ("CCEHI") and Change Clean Energy, Inc. ("CCEI"), Freedom Marine Holding, Inc. ("Freedom Marine") and Yatesville Coal Holdings, Inc. ("Yatesville") was transferred to Energy Solutions Holdings Inc. (f/k/a Gas Solutions Holdings Inc.) ("Energy Solutions") to consolidate all of our energy holdings under one management team. We own 100% of Energy Solutions.

(9) Entity was formed as a result of the debt restructuring of ESA Environmental Specialist, Inc. In early 2009, we foreclosed on the two loans on non-accrual status and purchased the underlying personal and real property. We own 1,000 shares of common stock in The Healing Staff ("THS"), f/k/a Lisamarie Fallon, Inc. representing 100% ownership. We own 1,500 shares of Vets Securing America, Inc. ("VSA"), representing 100% ownership. VSA is a holding company for the real property of Integrated Contract Services, Inc. ("ICS") purchased during the foreclosure process.

(10) Loan is with THS an affiliate of ICS.

(11) On June 30, 2008, we consolidated our holdings in four coal companies into Yatesville, and consolidated the operations under one management team. As part of the transaction, the debt that we held of C&A Construction, Inc. ("C&A"), Genesis Coal Corp. ("Genesis"), North Fork Collieries LLC ("North Fork") and Unity Virginia Holdings LLC ("Unity") were exchanged for newly issued debt from Yatesville, and our ownership interests in C&A, E&L Construction, Inc. ("E&L"), Whymore Coal Company Inc. ("Whymore") and North Fork were exchanged for 100% of the equity of Yatesville. This reorganization allowed for a better utilization of the assets in the consolidated group.

At June 30, 2011, Yatesville held a $9,326 note receivable from North Fork and owned 100% of the membership interest of East Kentucky Coal Holdings, Inc. ("East Kentucky"). North Fork was owned 100% by East Kentucky.

At June 30, 2011, we owned 100% of the common stock of Genesis and held a note receivable of $20,933.

Yatesville held a note receivable of $4,261 from Unity at June 30, 2011.

As of June 30, 2011, Yatesville owned 10,000 shares of common stock or 100% of the equity of C&A and held a $16,210 senior secured debt receivable from C&A.

As of June 30, 2011, Yatesville owned 10,000 shares of common stock or 100% of the equity of E&L. As June 30, 2011 Yatesville also owned 4,285 Series A convertible preferred shares in each of C&A and E&L.

In August 2009, Yatesville sold its 49% ownership interest in the common shares of Whymore to the 51% holder of the Whymore common shares ("Whymore Purchaser"). All reclamation liability was transferred to the Whymore Purchaser.

Yatesville currently has no material operations. During the quarter ended December 31, 2009, our Board of Directors determined that the impairment of Yatesville was other than temporary and we recorded a realized loss for the amount that the amortized cost exceeds the fair value. Our Board of Directors set the value of the remaining Yatesville investment at zero as of June 30, 2011.

On December 9, 2011, each of Genesis, E&L, C&A and East Kentucky merged with and into Yatesville. During the quarter ended December 31, 2011, our ownership of Yatesville merged into a subsidiary of Energy Solutions.

(12) On January 19, 2010, we modified the terms of our senior secured debt in AEH and Coalbed in conjunction with the formation of Manx Energy, a new entity consisting in the assets of AEH, Coalbed and Kinley Exploration. The assets of the three companies were brought under new common management. We funded $2,800 at closing to Manx to provide for working capital. A portion of our loans to AEH and Coalbed was exchanged for Manx preferred equity, while our AEH equity interest was converted into Manx common stock. There was no change to fair value at the time of restructuring, and we continue to fully reserve any income accrued for Manx.

(13) On a fully diluted basis represents 10.00% of voting common shares.

(14) A portion of the positions listed were issued by an affiliate of the portfolio company.

(15) We own 99.9999% of AGC/PEP, LLC. AGC/PEP, LLC owns 2,037.65 out of a total of 83,818.69 shares (including 5,111 vested and unvested management options) of American Gilsonite Holding Company which owns 100% of American Gilsonite Company.

(16) Syndicated investment which had been originated by another financial institution and broadly distributed.

(17) At March 31, 2012 and June 30, 2011, Mistral Chip Holdings, LLC owns 44,800 shares of Chip Holdings, Inc. and Mistral Chip Holdings 2, LLC owns 11,975 shares in Chip Holdings, Inc. Chip Holdings, Inc. is the parent company of Shearer's Foods, Inc. and has 67,936 shares outstanding before adjusting for management options.

(18) The overriding royalty interests held receive payments at the stated rates based upon operations of the borrower.

(19) On December 31, 2009, we sold our investment in Aylward Enterprises, LLC. AWCNC, LLC is the remaining holding company with zero assets. Our remaining outstanding debt after the sale was written off on December 31, 2009 and no value has been assigned to the equity position as of March 31, 2012 and June 30, 2011.

(20) As of June 30, 2011, we own 100% of Freedom Marine Holding, Inc. ("Freedom Marine"), which owns 100% of the common units of Jettco Marine Services LLC. During the quarter ended March 31, 2012, our ownership of Freedom Marine was transferred to Energy Solutions.

(21) We own warrants to purchase 33,750 shares of common stock in Metal Buildings Holding Corporation ("Metal Buildings"), the former holding company of Borga, Inc. Metal Buildings Holding Corporation owned 100% of Borga, Inc.

On March 8, 2010, we foreclosed on the stock in Borga, Inc. that was held by Metal Buildings, obtaining 100% ownership of Borga, Inc.

(22) We own 100% of C&J Cladding Holding Company, Inc., which owns 40% of the membership interests in C&J Cladding, LLC.

On January 1, 2010, we restructured our senior secured and bridge loans investment in Iron Horse Coiled Tubing, Inc. ("Iron Horse") and we reorganized Iron Horse's management structure. The senior secured loan and bridge loan were replaced with three new tranches of senior secured debt. During the period from June 30, 2011 to March 31, 2012, our fully diluted ownership of Iron Horse decreased from 57.8% to 5.0%, respectively, as we continued to transfer ownership interests to Iron Horse's management as they repaid our outstanding debt. Iron Horse management has an option to repurchase our remaining interest for $2,040.

As of March 31, 2012 and June 30, 2011, our Board of Directors assessed a fair value in Iron Horse of $2,040 and $15,357, respectively.

(24)

On May 6, 2011, we made a secured first-lien $24,250 debt investment to NMMB Acquisition, Inc., a $2,800 secured debt and $4,400 equity investment to NMMB Holdings, Inc. We own 100% of the Series A Preferred Stock in NMMB Holdings, Inc. NMMB Holdings, Inc. owns 100% of the Convertible Preferred in NMMB Acquisition, Inc. NMMB Acquisition, Inc. has a 5.8% dividend rate which is paid to NMMB Holdings, Inc. Our fully diluted ownership in NMMB Holdings, Inc. is 100% as of March 31, 2012 and June 30, 2011. Note 1. Organization

References herein to "we", "us" or "our" refer to Prospect Capital Corporation ("Prospect") and its subsidiary unless the context specifically requires otherwise.

We were formerly known as Prospect Energy Corporation, a Maryland corporation. We were organized on April 13, 2004 and were funded in an initial public offering ("IPO"), completed on July 27, 2004. We are a closed-end investment company that has filed an election to be treated as a Business Development Company ("BDC"), under the Investment Company Act of 1940 (the "1940 Act"). As a BDC, we have qualified and have elected to be treated as a regulated investment company ("RIC"), under Subchapter M of the Internal Revenue Code of 1986 (the "Internal Revenue Code"). We invest primarily in senior and subordinated debt and equity of companies in need of capital for acquisitions, divestitures, growth, development, recapitalizations and other purposes.

On May 15, 2007, we formed a wholly-owned subsidiary, Prospect Capital Funding LLC ("PCF"), a Delaware limited liability company and a bankruptcy remote special purpose entity, which holds certain of our portfolio loan investments that are used as collateral for the credit facility at PCF.

Note 2. Significant Accounting Policies

The following are significant accounting policies consistently applied by us:

Basis of Presentation

The accompanying consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") and pursuant to the requirements for reporting on Form 10-Q and Regulation S-X. The financial results of our portfolio investments are not consolidated in the financial statements.

Use of Estimates

The preparation of GAAP financial statements requires us to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reported period. Changes in the economic environment, financial markets, creditworthiness of our portfolio companies and any other parameters used in determining these estimates could cause actual results to differ, and these differences could be material.

Basis of Consolidation

Under the 1940 Act rules, the regulations pursuant to Article 6 of Regulation S-X and the American Institute of Certified Public Accountants' Audit and Accounting Guide for Investment Companies, we are precluded from consolidating any entity other than another investment company or an operating company which provides substantially all of its services and benefits to us. Our financial statements include our accounts and the accounts of PCF, our only wholly-owned, closely-managed subsidiary that is also an investment company. All intercompany balances and transactions have been eliminated in consolidation.

Investment Classification

We are a non-diversified company within the meaning of the 1940 Act. We classify our investments by level of control. As defined in the 1940 Act, control investments are those where there is the ability or power to exercise a controlling influence over the management or policies of a company. Control is generally deemed to exist when a company or individual possesses or has the right to acquire within 60 days or less, a beneficial ownership of 25% or more of the voting securities of an investee company. Affiliated investments and affiliated companies are defined by a lesser degree of influence and are deemed to exist through the possession outright or via the right to acquire within 60 days or less, beneficial ownership of 5% or more of the outstanding voting securities of another person.

Investments are recognized when we assume an obligation to acquire a financial instrument and assume the risks for gains or losses related to that instrument. Investments are derecognized when we assume an obligation to sell a financial instrument and forego the risks for gains or losses related to that instrument. Specifically, we record all security transactions on a trade date basis. Investments in other, non-security financial instruments are recorded on the basis of subscription date or redemption date, as applicable. Amounts for investments recognized or derecognized but not yet settled are reported as receivables for investments sold and payables for investments purchased, respectively, in the Consolidated Statements of Assets and Liabilities.

Investment Risks

The Company's investments are subject to a variety of risks. Those risks include the following:

Market Risk

Market risk represents the potential loss that can be caused by a change in the fair value of the financial instrument.

Credit Risk

Credit risk represents the risk that the Company would incur if the counterparties failed to perform pursuant to the terms of their agreements with the Company.

Liquidity Risk

Liquidity risk represents the possibility that the Company may not be able to rapidly adjust the size of its positions in times of high volatility and financial stress at a reasonable price.

Interest Rate Risk

Interest rate risk represents a change in interest rates, which could result in an adverse change in the fair value of an interest-bearing financial instrument.

Note 2. Significant Accounting Policies (Continued)

Prepayment Risk

Many of the Company's debt investments allow for prepayment of principal without penalty. Downward changes in interest rates may cause prepayments to occur at a faster than expected rate, thereby effectively shortening the maturity of the security and making the security less likely to be an income producing instrument.

Investment Valuation

Our Board of Directors has established procedures for the valuation of our investment portfolio. These procedures are detailed below.

Investments for which market quotations are readily available are valued at such market quotations.

For most of our investments, market quotations are not available. With respect to investments for which market quotations are not readily available or when such market quotations are deemed not to represent fair value, our Board of Directors has approved a multi-step valuation process each quarter, as described below:

1) Each portfolio company or investment is reviewed by our investment professionals with the independent valuation firm;

2) the independent valuation firm engaged by our Board of Directors conducts independent appraisals and makes their own independent assessment;

3) the audit committee of our Board of Directors reviews and discusses the preliminary valuation with Prospect Capital Management (the "Investment Adviser") proposing values within the valuation range presented by the independent valuation firm; and

4) the Board of Directors discusses valuations and determines the fair value of each investment in our portfolio in good faith based on the input of our Investment Adviser, the respective independent valuation firm and the audit committee.

Investments are valued utilizing a shadow bond approach, a market approach, an income approach, a liquidation approach, or a combination of approaches, as appropriate. The shadow bond and market approach uses prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities (including a business). The income approach uses valuation techniques to convert future amounts (for example, cash flows or earnings) to a single present value amount (discounted) calculated based on an appropriate discount rate. The measurement is based on the net present value indicated by current market expectations about those future amounts. In following these approaches, the types of factors that we may take into account in fair value pricing our investments include, as relevant: available current market data, including relevant and applicable market trading and transaction comparables, applicable market yields and multiples, security covenants, call protection provisions, information rights, the nature and realizable value of any collateral, the portfolio company's ability to make payments, its earnings and discounted cash flows, the markets in

which the portfolio company does business, comparisons of financial ratios of peer companies that are public, M&A comparables, the principal market and enterprise values, among other factors.

In September 2006, the Financial Accounting Standards Board ("FASB") issued ASC 820, *Fair Value Measurements and Disclosures* ("ASC 820"). ASC 820 defines fair value, establishes a framework for measuring fair value in GAAP, and expands disclosures about fair value measurements. We adopted ASC 820 on a prospective basis beginning on July 1, 2008.

ASC 820 classifies the inputs used to measure these fair values into the following hierarchy:

Level 1: Quoted prices in active markets for identical assets or liabilities, accessible by us at the measurement date.

Level 2: Quoted prices for similar assets or liabilities in active markets, or quoted prices for identical or similar assets or liabilities in markets that are not active, or other observable inputs other than quoted prices.

Level 3: Unobservable inputs for the asset or liability.

In all cases, the level in the fair value hierarchy within which the fair value measurement in its entirety falls has been determined based on the lowest level of input that is significant to the fair value measurement. Our assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to each investment. The changes to GAAP from the application of ASC 820 relate to the definition of fair value, the framework for measuring fair value, and the expanded disclosures about fair value measurements. ASC 820 applies to fair value measurements already required or permitted by other standards. In accordance with ASC 820, the fair value of our investments is defined as the price that we would receive upon selling an investment in an orderly transaction to an independent buyer in the principal or most advantageous market in which that investment is transacted.

Valuation of Other Financial Assets and Financial Liabilities

In February 2007, FASB issued ASC Subtopic 820-10-05-1, *The Fair Value Option for Financial Assets and Financial Liabilities* ("ASC 820-10-05-1"). ASC 820-10-05-1 permits an entity to elect fair value as the initial and subsequent measurement attribute for many of assets and liabilities for which the fair value option has been elected and similar assets and liabilities measured using another measurement attribute. We adopted this statement on July 1, 2008 and have elected not to value other assets and liabilities at fair value as would be permitted by ASC 820-10-05-1.

Senior Convertible Notes

We have recorded the Senior Convertible Notes (See Note 5) at their contractual amounts. The Senior Convertible Notes were analyzed for any features that would require its accounting to be bifurcated and they were determined to be immaterial.

Revenue Recognition

Realized gains or losses on the sale of investments are calculated using the specific identification method.

Interest income, adjusted for amortization of premium and accretion of discount, is recorded on an accrual basis. Origination, closing and/or commitment fees associated with investments in portfolio companies are accreted into interest income over the respective terms of the applicable loans. Accretion of such purchase discounts or premiums is calculated by the effective interest method as of the purchase date and adjusted only for material amendments or prepayments. Upon the prepayment of a loan or debt security, any prepayment penalties and unamortized loan origination, closing and commitment fees are recorded as interest income. The purchase discount for portfolio investments acquired from Patriot Capital Funding, Inc. ("Patriot") was determined based on the difference between par value and fair market value as of December 2, 2009, and will continue to accrete until maturity or repayment of the respective loans.

Dividend income is recorded on the ex-dividend date.

Structuring fees and similar fees are recognized as income as earned, usually when paid. Structuring fees, excess deal deposits, net profits interests and overriding royalty interests are included in other income.

Loans are placed on non-accrual status when there is reasonable doubt that principal or interest will not be collected in accordance with the terms of the investment. Accrued interest is generally reversed when a loan is placed on non-accrual status. Interest payments received on non-accrual loans may be recognized as income or applied to principal depending upon management's judgment. Non-accrual loans are restored to accrual status when past due principal and interest is paid and in management's judgment, are likely to remain current.

Federal and State Income Taxes

We have elected to be treated as a regulated investment company and intend to continue to comply with the requirements of the Internal Revenue Code, applicable to regulated investment companies. We are required to distribute at least 90% of our investment company taxable income and intend to distribute (or retain through a deemed distribution) all of our investment company taxable income and net capital gain to stockholders; therefore, we have made no provision for income taxes. The character of income and gains that we will distribute is determined in accordance with income tax regulations that may differ from GAAP. Book and tax basis differences relating to stockholder dividends and distributions and other permanent book and tax differences are reclassified to paid-in capital.

If we do not distribute (or are not deemed to have distributed) at least 98% of our annual taxable income in the calendar year it is earned, we will generally be required to pay an excise tax equal to 4% of the amount by which 98% of our annual taxable income exceeds the distributions from such taxable income for the year. To the extent that we determine that our estimated current year annual taxable

income will be in excess of estimated current year dividend distributions from such taxable income, we accrue excise taxes, if any, on estimated excess taxable income as taxable income is earned using an annual effective excise tax rate. The annual effective excise tax rate is determined by dividing the estimated annual excise tax by the estimated annual taxable income.

If we fail to satisfy the annual distribution requirement or otherwise fail to qualify as a RIC in any taxable year, we would be subject to tax on all of our taxable income at regular corporate rates. We would not be able to deduct distributions to stockholders, nor would we be required to make distributions. Distributions would generally be taxable to our individual and other non-corporate taxable stockholders as ordinary dividend income eligible for the reduced maximum rate for taxable years beginning before 2013 (but not for taxable years beginning thereafter, unless the relevant provisions are extended by legislation) to the extent of our current and accumulated earnings and profits, provided certain holding period and other requirements are met. Subject to certain limitations under the Internal Revenue Code, corporate distributions would be eligible for the dividends-received deduction. To qualify again to be taxed as a RIC in a subsequent year, we would be required to distribute to our shareholders our accumulated earnings and profits attributable to non-RIC years reduced by an interest charge of 50% of such earnings and profits payable by us as an additional tax. In addition, if we failed to qualify as a RIC for a period greater than two taxable years, then, in order to qualify as a RIC in a subsequent year, we would be required to elect to recognize and pay tax on any net built-in gain (the excess of aggregate gain, including items of income, over aggregate loss that would have been realized if we had been liquidated) or, alternatively, be subject to taxation on such built-in gain recognized for a period of ten years.

We follow ASC 740, *Income Taxes* ("ASC 740"). ASC 740 provides guidance for how uncertain tax positions should be recognized, measured, presented, and disclosed in the financial statements. ASC 740 requires the evaluation of tax positions taken or expected to be taken in the course of preparing our tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold are recorded as a tax benefit or expense in the current year. Adoption of ASC 740 was applied to all open tax years as of July 1, 2007. The adoption of ASC 740 did not have an effect on our net asset value, financial condition or results of operations as there was no liability for unrecognized tax benefits and no change to our beginning net asset value. As of March 31, 2012 and for the three and nine months then ended, we did not have a liability for any unrecognized tax benefits. Management's determinations regarding ASC 740 may be subject to review and adjustment at a later date based upon factors including, but not limited to, an on-going analysis of tax laws, regulations and interpretations thereof.

Dividends and Distributions

Dividends and distributions to common stockholders are recorded on the ex-dividend date. The amount, if any, to be paid as a monthly dividend or distribution is approved by our Board of Directors quarterly and is generally based upon our management's estimate of our earnings for the quarter. Net realized capital gains, if any, are distributed at least annually.

Financing Costs

We record origination expenses related to our credit facility, Prospect Capital InterNotes® and the Senior Convertible Notes as deferred financing costs. These expenses are deferred and amortized as part of interest expense using the straight-line method for our revolving credit facility and the effective interest method for our Prospect Capital InterNotes® and Senior Convertible Notes, over the respective expected life.

We record registration expenses related to shelf filings as prepaid assets. These expenses consist principally of Securities and Exchange Commission ("SEC") registration fees, legal fees and accounting fees incurred. These prepaid assets will be charged to capital upon the receipt of an equity offering proceeds or charged to expense if no offering completed.

Guarantees and Indemnification Agreements

We follow ASC 460, *Guarantees* ("ASC 460"). ASC 460 elaborates on the disclosure requirements of a guarantor in its interim and annual financial statements about its obligations under certain guarantees that it has issued. It also requires a guarantor to recognize, at the inception of a guarantee, for those guarantees that are covered by ASC 460, the fair value of the obligation undertaken in issuing certain guarantees.

Per Share Information

Net increase or decrease in net assets resulting from operations per common share are calculated using the weighted average number of common shares outstanding for the period presented. In accordance with ASC 946, *Financial Services Investment Companies*, convertible securities are not considered in the calculation of net assets per share.

Recent Accounting Pronouncements

In January 2010, the FASB issued Accounting Standards Update 2010-06, *Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures about Fair Value Measurements* ("ASC 2010-06"). ASU 2010-06 amends ASC 820-10 and clarifies and provides additional disclosure requirements related to recurring and non-recurring fair value measurements and employers' disclosures about postretirement benefit plan assets. ASU 2010-06 is effective December 15, 2009, except for the disclosure about purchase, sales, issuances and settlements in the roll forward of activity in level 3 fair value measurements. Those disclosures are effective for fiscal years beginning after December 15, 2010 (or July 1, 2011 for us) and for interim periods within those fiscal years. The adoption of the amended guidance in ASC 820-10 did not have a significant effect on our financial statements.

In February 2011, the FASB issued Accounting Standards Update 2011-02, *Receivables (Topic 310): A Creditor's Determination of Whether a Restructuring is a Troubled Debt Restructuring* ("ASU 2011-02"). ASU 2011-02 clarifies which loan modifications constitute troubled debt restructurings. It is intended to assist creditors in determining whether a modification of the terms of a receivable meets the criteria to

be considered a troubled debt restructuring, both for purposes of recording an impairment loss and for disclosure of troubled debt restructurings. In evaluating whether a restructuring constitutes a troubled debt restructuring, a creditor must separately conclude that both of the following exist: (a) the restructuring constitutes a concession; and (b) the debtor is experiencing financial difficulties. ASU 2011-02 provides guidance to clarify whether the creditor has granted a concession and whether a debtor is experiencing financial difficulties. The new guidance is effective for interim and annual periods beginning on or after June 15, 2011, and applies retrospectively to restructurings occurring on or after the beginning of the fiscal year of adoption or July 1, 2011 for us. The adoption of the amended guidance in ASU 2011-02 did not have a significant effect on our financial statements.

In May 2011, the FASB issued Accounting Standards Update 2011-04, *Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and IFRSs* ("ASU 2011-04"). ASU 2011-04 amends Accounting Standards Codification Topic 820, "Fair Value Measurements" ("ASC 820") by: (1) clarifying that the highest-and-best-use and valuation-premise concepts only apply to measuring the fair value of non-financial assets; (2) allowing a reporting entity to measure the fair value of the net asset or net liability position in a manner consistent with how market participants would price the net risk position, if certain criteria are met; (3) providing a framework for considering whether a premium or discount can be applied in a fair value measurement; (4) providing that the fair value of an instrument classified in a reporting entity's shareholders' equity is estimated from the perspective of a market participant that holds the identical item as an asset; and (5) expanding the qualitative and quantitative fair value disclosure requirements. The expanded disclosures include, for Level 3 items, a description of the valuation process and a narrative description of the sensitivity of the fair value to changes in unobservable inputs and interrelationships between those inputs if a change in those inputs would result in a significantly different fair value measurement. ASU 2011-4 also requires disclosures about the highest-and-best-use of a non-financial asset when this use differs from the asset's current use and the reasons for such a difference. In addition, this ASU amends Accounting Standards Codification 820, "Fair Value Measurements," to require disclosures to include any transfers between Level 1 and Level 2 of the fair value hierarchy. These amendments are effective for fiscal years beginning after December 15, 2011 and for interim periods within those fiscal years. The amendments of ASU 2011-04, when adopted, are not expected to have a material impact on our consolidated financial statements.

Note 3. Portfolio Investments

At March 31, 2012, we had invested in 78 long-term portfolio investments, which had an amortized cost of $1,655,863 and a fair value of $ 1,691,580 and at June 30, 2011, we had invested in 72 long-term portfolio investments, which had an amortized cost of $1,435,734 and a fair value of $1,463,010.

As of March 31, 2012, we own controlling interests in AIRMALL USA, Inc., Ajax Rolled Ring & Machine, Inc., AWCNC, LLC, Borga, Inc. ("Borga"), C&J Cladding, LLC, Energy Solutions Holdings, Inc. Note 3. Portfolio Investments (Continued)

For the nine months ended March 31, 2012 and 2011, the net change in unrealized appreciation on the investments that use Level 3 inputs was $40,899 and $22,889 for assets still held as of March 31, 2012 and 2011, respectively.

In December 2011, we completed a reorganization of Gas Solutions Holdings, Inc. renaming the company Energy Solutions and transferring ownership of other operating companies owned by us and operating within the energy industry. As part of the reorganization, our equity interests in Change Clean Energy Holdings, Inc. ("CCEHI") and Change Clean Energy, Inc. ("CCEI"), Freedom Marine Holdings LLC ("Freedom Marine") and Yatesville Coal Holdings, Inc. ("Yatesville") was transferred to Energy Solutions to consolidate all of our energy holdings under one management team strategically expanding Energy Solutions across energy sectors.

On January 4, 2012, Energy Solutions sold its gas gathering and processing assets ("Gas Solution Assets") for a sale price of $199,805, adjusted for the final working capital settlement, including a potential earnout of $28,000 that will be paid based on the future performance of Gas Solution Assets. After expenses, including structuring fees of $9,966 paid to us, Energy Solutions received approximately $148,687 in cash and an additional $10,000 is being held in escrow. Currently, our loans to Energy Solutions remain outstanding and are collateralized by the cash held by Energy Solutions after the sale transaction. The sale of Gas Solution Assets by Energy Solutions has resulted in significant earnings and profits, as defined by the Internal Revenue Code, at Energy Solutions for calendar year 2012. As a result, distributions from Energy Solutions to us will be required to be recognized as dividend income, in accordance with ASC 946, *Financial Services Investment Companies*, as cash distributions are received from Energy Solutions to the extent there are current year earnings and profits sufficient to support such recognition.

As of March 31, 2012, the valuation methodology for Energy Solutions changed from a combination of a discounted cash flow analysis and a public comparables analyses to a current value method for the undistributed sale proceeds held at Energy Solutions.

As of March 31, 2012, the valuation methodology for New Meatco Provisions, LLC ("Meatco") changed from a discounted cash flow analysis to a liquidation value analysis. As a result, and combined with declining financial results, the fair market value of Meatco decreased from $13,106 to $7,634 as of June 30, 2011 and March 31, 2012, respectively.

At March 31, 2012 nine loan investments were on non-accrual status: Borga, Freedom Marine, a
