RISK FACTORS

Our business is subject to risks and uncertainties. The risks that we regard as the most relevant to our business are set out below. We have undertaken certain mitigating actions that we believe help us to manage the risks identified below. However, we may not be successful in deploying some or all of these mitigating actions. If the circumstances in these risk factors occur or are not successfully mitigated, our cashflow, operating results, financial position, business and reputation could be materially adversely affected. In addition, risks and uncertainties could cause actual results to vary from those described in this document, or could impact on our ability to meet our targets or be detrimental to our profitability or reputation. This list is not intended to be exhaustive and there may be other risks and uncertainties that are not mentioned below that could impact our future performance or our ability to meet published targets. The risks and uncertainties discussed below should be read in conjunction with the Group's consolidated financial statements and related notes and the portions of the Report of the Directors that are incorporated by reference from the Group's Annual Report and Accounts 2011 (furnished to the SEC on March 2, 2012 on Form 6-K) and other information included in or incorporated by reference in our Form 20-F for the year ended December 31, 2011.

Consumer Preference

As a branded goods business, Unilever's success depends on the value and relevance of our brands and products to consumers across the world and on our ability to innovate.

Consumer tastes, preferences and behaviours are constantly changing and Unilever's ability to respond to these changes and to continue to differentiate our brands and products is vital to our business.

We are dependent on creating innovative products that continue to meet the needs of our consumers. If we are unable to innovate effectively, Unilever's sales or margins could be materially adversely affected.

Competition

The activities of our competitors may adversely impact our business.

Unilever operates globally in competitive markets where other local, regional and global companies are targeting the same consumer base.

Our retail customers frequently compete with us through private label offerings.

Industry consolidation amongst our direct competitors and in the retail trade can bring about significant shifts in the competitive landscape.

Increased competition and actions by competitors or customers could lead to downward pressure on prices and/or a decline in Unilever's market share in the affected category, which could adversely affect Unilever's results and hinder its growth potential.

Portfolio Management

Unilever's strategic investment choices will determine the long-term growth and profits of our business.

Unilever's growth and profitability are determined by our portfolio of categories, geographies and channels and how these evolve over time. If Unilever does not make optimal strategic investment decisions then Unilever's opportunities for growth and improved margin could be adversely impacted.

Table of Contents

Sustainability

The success of our business depends on finding sustainable solutions to support long-term growth.

Unilever's vision to double the size of our business while reducing our environmental impact will require more sustainable ways of doing business. This means increasing the positive social benefits of Unilever's activities while reducing our environmental impact. There can be no assurance that this will be achieved and our business could be adversely impacted as a result.

Customer Relationships

Successful customer relationships are vital to our business and continued growth.

Maintaining strong relationships with our customers is necessary for our brands to be well presented to our consumers and available for purchase at all times.

The strength of our customer relationships also affects our ability to obtain pricing and secure favourable trade terms.

There can be no guarantee that Unilever will be able to maintain strong relationships with customers. Failure to maintain customer relationships could negatively impact the terms of business with the affected customers and reduce the availability of our products to consumers.

People

A skilled workforce is essential for the continued success of our business.

Our ability to attract, develop and retain the right number of appropriately qualified people is critical if we are to effectively compete and grow.

This is especially true in our key emerging markets where there can be a high level of competition for a limited talent pool.

The loss of management or other key personnel or the inability to identify, attract and retain qualified personnel could make it difficult to manage the business and could adversely effect operations and financial results.

Supply Chain

Our business depends on securing high quality materials, efficient manufacturing and the timely distribution of products to our customers.

Our supply chain network is exposed to potentially adverse events such as physical disruptions, environmental and industrial accidents or bankruptcy of a key supplier which could impact our ability to deliver orders to our customers.

The quality and safety of our products are of paramount importance for our brands and our reputation. Nevertheless, the risk that raw materials are accidentally or maliciously contaminated throughout the supply chain due to human error or equipment failure cannot be fully excluded. Such incidents can impact on both results and the reputation of our business.

The cost of our products can be significantly affected by the cost of the underlying commodities and materials from which they are made. Fluctuations in these costs cannot always be passed on to the consumer through pricing.

Table of Contents

Systems and Information

Unilever's operations are increasingly dependent on IT systems and the management of information.

We interact electronically with customers, suppliers and consumers in ways which place ever greater emphasis on the need for secure and reliable IT systems and infrastructure and careful management of the information that is in our possession.

Disruption of our IT systems could inhibit our business operations with these parties in a number of ways, including the disruption of the management of daily cashflows and delays in payment processes and ultimately impacting our results.

There is also a threat from unauthorised access and misuse of sensitive information. Unilever's information systems could be subject to unauthorised access which disrupts Unilever's business and/or leads to loss of assets.

Business Transformation

Successful execution of business transformation projects is key to delivering their intended business benefits and avoiding disruption to other business activities.

Unilever is continually engaged in major change projects, including acquisitions and disposals, to drive continuous improvement in our business and to strengthen our portfolio and capabilities. In 2011, this included several significant acquisitions (Alberto Culver, Concern Kalina).

In addition, Unilever in 2011 undertook IT system implementations, the roll-out of Enterprise Support and changes to our management organisation.

There can be no certainty that these transactions or projects will be successfully executed and/or will deliver the expected operational benefits. Furthermore there may be disruption to production processes and to administrative and financial systems in other parts of the business.

External economic and political risks, and natural disasters

Unilever operates across the globe and is exposed to a range of external economic and political risks and natural disasters that may affect the execution of our strategy or the running of our operations.

Adverse economic conditions may result in reduced consumer demand for our products and may affect one or more countries within a region, or may extend globally.

Government actions such as fiscal stimulus, changes to taxation and price controls can impact on the growth and profitability of our local operations.

Social and political upheavals and natural disasters can disrupt sales and operations.

In 2011, more than half of Unilever's turnover came from emerging markets including Brazil, India, Indonesia, Turkey, South Africa, China, Mexico and Russia. These markets offer greater growth opportunities but also expose Unilever to economic, political and social volatility in these markets.

Eurozone Risk

Issues arising out of the sovereign debt crisis in Europe could have a material adverse effect on Unilever's business in a number of ways.

Uncertainty, lack of confidence and any further deterioration in the situation could lead to lower growth and even recession in Europe and elsewhere.

Table of Contents

Our operations would be affected if Eurozone countries were to leave the euro. In particular:

our European supply chain would face economic and operational challenges;

our customers and suppliers may be adversely affected, leading to heightened counterparty credit risk; and

our investment in the country concerned could be impaired and may be subject to exchange controls and translation risks going forward.

The likely contraction in the availability of credit from financial institutions and the impact this will have on Unilever's liquidity risk are described under 'Financial' below.

Financial

Unilever is exposed to a variety of external financial risks.

Changes to the relative value of currencies can fluctuate widely and could have a significant impact on business results. Further, because Unilever consolidates its financial statements in euros it is subject to exchange risks associated with the translation of the underlying net assets and earnings of its foreign subsidiaries.

We are also subject to the imposition of exchange controls by individual countries which could limit our ability to import materials paid in foreign currency or to remit dividends to the parent company.

Currency rates, along with demand cycles, can also result in significant swings in the prices of the raw materials needed to produce our goods.

Unilever may face liquidity risk, i.e. difficulty in meeting its obligations, associated with its financial liabilities. A material and sustained shortfall in our cash flow could undermine Unilever's credit rating, impair investor confidence and also restrict Unilever's ability to raise funds.

We are exposed to market interest rate fluctuations on our floating rate debt. Increases in benchmark interest rates could increase the interest cost of our floating rate debt and increase the cost of future borrowings.

In times of financial market volatility, we are also potentially exposed to counterparty risks with banks, suppliers and customers.

Certain businesses have defined benefit pension plans, most now closed to new employees, which are exposed to movements in interest rates, fluctuating values of underlying investments and increased life expectancy. Changes in any or all of these inputs could potentially increase the cost to Unilever of funding the schemes and therefore have an adverse impact on profitability and cash flow.

Ethical

Acting in an ethical manner, consistent with the expectations of customers, consumers and other stakeholders is essential for the protection of the reputation of Unilever and its brands.

Unilever's brand and reputation are valuable assets and the way in which we operate, contribute to society and engage with the world around us is always under scrutiny both internally and externally.

Despite the commitment of Unilever to ethical business and the processes implemented accordingly there remains a risk that actions or events fail to achieve these aims and any resulting damage to the reputation of Unilever and its brands could result in loss of revenue.

Table of Contents

Legal, Regulatory and Other

Compliance with laws and regulations is an essential part of Unilever's business operations.

Unilever is subject to local, regional and global laws and regulations in such diverse areas as product safety, product claims, trademarks, copyright, patents, competition, employee health and safety, the environment, corporate governance, listing and disclosure, employment and taxes.

Failure to comply with laws and regulations could expose Unilever to civil and/or criminal actions leading to damages, fines and criminal sanctions against us and/or our employees with possible consequences for our corporate reputation.

Changes to laws and regulations could have a material impact on the cost of doing business.

Unilever is also exposed to varying degrees of risk and uncertainty related to other factors including environmental, political, social and fiscal risks. All these risks could materially affect Unilever's business. There may be other risks which are unknown to Unilever or which are currently believed to be immaterial.

UNILEVER GROUP

UNILEVER N.V. AND UNILEVER PLC

History and Structure of Unilever

Unilever N.V. ("N.V.") and Unilever PLC ("PLC") are the two parent companies of the Unilever Group of companies. N.V. was incorporated under the name Naamlouze Vennootschap Margarine Unie in The Netherlands in 1927. PLC was incorporated under the name Lever Brothers Limited in England and Wales in 1894.

Together with their group companies, N.V. and PLC operate effectively as a single economic entity. This is achieved by a series of agreements between N.V. and PLC (The Equalisation Agreement, The Deed of Mutual Covenants and The Agreement for Mutual Guarantees of Borrowing), together with special provisions in the Articles of Association of N.V. and PLC. N.V. and PLC have the same Directors, adopt the same accounting principles and pay dividends to their respective shareholders on an equalised basis. N.V. and PLC and their group companies constitute a single reporting entity for the purposes of presenting consolidated accounts. Accordingly, the accounts of the Unilever Group are presented by both N.V. and PLC as their respective consolidated accounts.

N.V. and PLC have agreed to co-operate in all areas and ensure that all group companies act accordingly. N.V. and PLC are holding and service companies, and the business activity of Unilever is carried out by their subsidiaries around the world. Shares in group companies may ultimately be held wholly by either N.V. or PLC or by the two companies in varying proportions.

The two companies have different shareholder constituencies and shareholders can hold shares in either or both companies but cannot convert or exchange the shares of one company for shares of the other. N.V. is listed in Amsterdam and New York. PLC is listed in London and New York.

In the ratio of earnings to fixed charges, earnings consist of net profit from continuing operations excluding net profit or loss of joint ventures and associates increased by fixed charges, income taxes and dividends received from joint ventures and associates. Fixed charges consist of interest payable on debt and a portion of lease costs determined to be representative of interest. This ratio takes no account of interest receivable although Unilever's treasury operations involve both borrowing and depositing funds.

DESCRIPTION OF THE NOTES

The following description of the particular terms of the Notes offered hereby supplements, and to the extent inconsistent therewith replaces, the description of the general terms and provisions of the guaranteed debt securities set forth in the accompanying prospectus, to which description reference is hereby made. We urge you to read the Indenture and related form of Notes before making your investment decision. Those documents govern your rights as a holder of Notes. See "Where You Can Find More Information About Us."

Brief Description of the Notes and Guarantees

The Notes of each series will be unsecured obligations of Unilever Capital Corporation and will rank equally with all other unsecured and unsubordinated debt of Unilever Capital Corporation.

The payment of principal, premium, if any, and interest on the Notes will be guaranteed jointly, severally, fully and unconditionally by Unilever N.V., Unilever PLC and Unilever U.S.

No sinking fund has been provided for the Notes.

See "Description of Debt Securities and Guarantees" beginning on page 5 in the accompanying prospectus.

Principal, Maturity and Interest

The Notes will be issued in an aggregate principal amount of \$ _____ and the Notes will be issued in an aggregate principal amount of \$ _____. Unless otherwise redeemed, the Notes will mature on _____ and the Notes will mature on _____ (the Stated Maturity). The Notes will bear interest at the rate of _____ % per annum, and the Notes will bear interest at the rate of _____ % per annum, each from August _____, 2012 or from the most recent interest payment date to which interest has been paid or provided for, payable semi-annually on _____ and _____ of each year, commencing _____, 2013 to the persons in whose name the Notes are registered at the close of business on the related record date, _____ or _____, as the case may be, next preceding such interest payment date.

Further Issues

Unilever Capital Corporation may from time to time, without notice to, or the consent of, the registered holders of the Notes, create and issue further securities equal in rank to the Notes of either series in all respects (or in all respects except for the payment of interest accruing prior to the issue date of the further notes). The further notes of either series may be consolidated and form a single series with the original Notes of that series and have the same term as to status, redemption or otherwise as the original series of Notes.

Redemption

Unilever Capital Corporation may, at its option, redeem the Notes of either series in whole at any time or in part from time to time. The redemption price for any Note so redeemed shall equal any accrued and unpaid interest thereon to the redemption date, plus the greater of (a) the principal amount thereof or (b) an amount equal to the Discounted Remaining Payments. For purposes of this redemption provision, the following terms have the meanings set forth below:

"Discounted Remaining Payments" means an amount equal to the sum of the Current Values of the amounts of interest and principal that would have been payable by Unilever Capital Corporation pursuant to the terms of the Notes on each interest payment date after the redemption date and at

Table of Contents

Stated Maturity of the final payment of principal thereof (assuming that Unilever Capital Corporation had not redeemed such Notes prior to such Stated Maturity).

"Current Value" means, in respect of any amount, the present value of that amount on the redemption date after discounting that amount on a semi-annual basis from the originally scheduled date for payment on the basis of the Treasury Rate plus basis points in the case of the Notes and basis points in the case of the Notes.

"Treasury Rate" means a per annum rate (expressed as a decimal and, in the case of United States Treasury bills, converted to a per annum yield) determined by the Company on the redemption date to be the per annum rate equal to the semi-annual bond equivalent yield to maturity for United States Treasury securities maturing at the Stated Maturity of the final payment of principal of the Notes redeemed pursuant to the provisions described above, as determined by reference to the weekly average yield to maturity for United States Treasury securities maturing on such Stated Maturity as reported in the most recent Statistical Release H.15(519) of the Board of Governors of the Federal Reserve.

The Notes of either series are also redeemable at the option of Unilever Capital Corporation, in whole but not in part, at any time at the principal amount thereof plus accrued interest to the Redemption Date in the event of certain changes in the tax laws of the United States, the United Kingdom or The Netherlands after the date of this prospectus supplement (subject to the right of holders of record on the relevant record date to receive interest due on an Interest Payment Date that is on or prior to the Redemption Date). See "Description of Debt Securities and Guarantees Redemption of Debt Securities Under Certain Circumstances" in the accompanying prospectus.

Notice of any redemption will be mailed at least 30 days, but not more than 60 days, before the redemption date to each holder of Notes to be redeemed at his address appearing in the security register relating to the Notes. Unless Unilever Capital Corporation defaults in payment of the redemption price, on and after the redemption date interest ceases to accrue on such Notes or portions thereof called for redemption.

Unless otherwise redeemed, the Notes of each series will mature at par on their Stated Maturity.

Notes in Global Form

The Notes will be represented by one or more global notes that will be deposited with and registered in the name of The Depository Trust Company (DTC) or its nominee. Unilever Capital Corporation will not issue certificated Notes, except in the limited circumstances described below.

Book Entry Procedures for the Global Notes

Each global note will be issued to DTC, which will keep a computerized record of its participants whose clients have purchased the Notes. Each participant will then keep a record of its own clients. Unless it is exchanged in whole or in part for a certificated note, a global note may not be transferred. DTC, its nominees and their successors may, however, transfer a global note as a whole to one another, and these transfers are required to be recorded on our records or a register to be maintained by the trustee. Beneficial interests in a global note will be shown on, and transfers of beneficial interests in the global note will be made only through, records maintained by DTC and its participants.

The Depository Trust Company

DTC is:

a limited-purpose trust company organized under the New York Banking Law;

a "banking organization" within the meaning of the New York Banking Law;

Table of Contents

a member of the Federal Reserve System;

a "clearing corporation" within the meaning of the New York Uniform Commercial Code; and

a "clearing agency" registered under the provisions of Section 17A of the Securities Exchange Act of 1934.

DTC holds securities that its direct participants deposit with DTC. DTC also records the settlements among direct participants of securities transactions, such as transfers and pledges, in deposited securities through computerized records for direct participants' accounts. This book-entry system eliminates the need to exchange certificated securities. Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations.

DTC's book-entry system is also used by other organizations such as securities brokers and dealers, banks and trust companies that work through a direct participant. The rules that apply to DTC and its participants are on file with the SEC. DTC is owned by a number of its direct participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc.

Ownership of Notes through DTC, Clearstream and Euroclear

When you purchase Notes through the DTC system, the purchases must be made by or through a direct participant, which will receive credit for the Notes on DTC's records. When you actually purchase the Notes, you will become their beneficial owner. Your ownership interest will be recorded only on the direct or indirect participants' records. DTC will have no knowledge of your individual ownership of the Notes. DTC's records will show only the identity of the direct participants and the principal amount of the Notes held by or through them. You will not receive a written confirmation of your purchase or sale or any periodic account statement directly from DTC. You should instead receive these from your direct or indirect participant. As a result, the direct or indirect participants are responsible for keeping accurate account of the holdings of their customers. We understand that under existing industry practice, in the event an owner of a beneficial interest in the global note desires to take any actions that DTC, as the holder of the global note, is entitled to take, DTC would authorize the participants to take such action, and that participants would authorize beneficial owners owning through such participants to take such action or would otherwise act upon the instructions of beneficial owners owning through them.

No beneficial owner of an interest in the global note will be able to transfer the interest except in accordance with DTC's applicable procedures, in addition to those provided for under the indenture and, if applicable, those of Euroclear Bank S.A./N.V. and Clearstream Banking S.A. The trustee will wire payments on the Notes to DTC's nominee. We and the trustee will treat DTC's nominee as the owner of each global note for all purposes. Accordingly, we, the trustee and any paying agent will have no direct responsibility or liability to pay amounts due on a global note to you or any other beneficial owners in that global note.

It is DTC's current practice, upon receipt of any payment of distributions or liquidation amounts, to proportionately credit direct participants' accounts on the payment date based on their holdings. In addition, it is DTC's current practice to pass through any consenting or voting rights to such participants by using an omnibus proxy. Those participants will, in turn, make payments to and solicit votes from you, the ultimate owner of the Notes, based on their customary practices. Payments to you will be the responsibility of the participants and not of DTC, the trustee or us.

Links have been established among DTC, Clearstream Banking S.A. and Euroclear Bank S.A./N.V., which are two European book-entry depositories similar to DTC, to facilitate the cross-market transfers of the Notes associated with secondary market trading. Noteholders may hold their Notes through the accounts maintained by Euroclear or Clearstream in DTC only if they are participants of those systems,

Table of Contents

or indirectly through organizations which are participants in those systems. Euroclear and Clearstream will hold omnibus book-entry positions on behalf of their participants through customers' securities accounts in Euroclear's and Clearstream's names on the books of their respective depositaries which in turn will hold such positions in customers' securities accounts in the names of the nominees of the depositaries on the books of DTC. All securities in Euroclear and Clearstream are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts.

Transfers of Notes by persons holding through Euroclear or Clearstream participants will be effected through DTC, in accordance with DTC rules, on behalf of the relevant European international clearing system by its depositaries; however, such transactions will require delivery of exercise instructions to the relevant European international clearing system by the participant in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the exercise meets its requirements, deliver instructions to its depositaries to take action to effect exercise of the Notes on its behalf by delivering Notes through DTC and receiving payment in accordance with its normal procedures for next-day funds settlement. Payments with respect to the Notes held through Euroclear or Clearstream will be credited to the cash accounts of Euroclear participants or Clearstream participants in accordance with the relevant systems' rules and procedures, to the extent received by its depositaries.

All information in this prospectus supplement on DTC, Euroclear and Clearstream is derived from DTC, Euroclear or Clearstream, as the case may be, and reflects the policies of such organizations. These organizations may change these policies without notice.

Definitive Notes

Individual certificates in respect of the Notes will not be issued in exchange for the global notes, except in very limited circumstances. If DTC notifies us that it is unwilling or unable to continue as a clearing system in connection with the global notes or ceases to be a clearing agency registered under the Exchange Act, and a successor clearing system is not appointed by us within 90 days after receiving such notice from DTC or upon becoming aware that DTC is no longer so registered, we will issue or cause to be issued individual certificates in registered form on registration of transfer of, or in exchange for, book-entry interests in the Notes represented by such global notes upon delivery of such global notes for cancellation.

Payments on any definitive Notes will be made by the trustee directly to holders of such definitive Notes in accordance with the procedures set forth herein and in the Indenture. Interest payments and any principal payments on the definitive Notes on each interest payment date will be made to holders in whose names the definitive Notes were registered at the close of business on the related record date as set forth under "Principal, Maturity and Interest." Payments will be made by check, mailed to the address of such holders as they appear on the Note register and, in addition, under the circumstances provided by the Indenture, by wire transfer to a bank or depository institution located in the United States and appropriate facilities thereof. The final payment of principal and interest on any definitive Notes, however, will be made only upon presentation and surrender of such definitive Notes at the office of the paying agent for the Notes.

A definitive Note may be transferred free of charge in whole or in part upon the surrender of the definitive Note to be transferred, together with the completed and executed assignment that appears on the reverse of the definitive Note, at the specified office of any transfer agent. In the case of a permitted transfer of any part of a Note, a new Note in respect of the balance not transferred will be issued to the transferor. Each new definitive Note to be issued upon the transfer of a definitive Note will, upon the effective receipt of such completed assignment by a transfer agent at its respective specified office, be available for delivery at such specified office, or at the request of the holder requesting such transfer, will be mailed at the risk of the transferee entitled to the new definitive Note

to such address as may be specified in such completed assignment. Neither the registrar nor any transfer agent shall be required to register the transfer of or exchange of any definitive Notes within 15 days before the Notes are to be selected for redemption.

Paying Agent

Payments and transfers of the Notes will be made at the respective offices of the paying and transfer agents in New York City.

Notices

Notices to holders of the Notes will be sent by mail to the registered holders and will be published, whether the Notes are in global or definitive form. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once, on the date of the first such publication.

Replacement Securities

In case of mutilation, destruction, loss or theft of any definitive Note, application for replacement is to be made at the office of the trustee. Any such definitive Note will be replaced by the trustee in compliance with such procedures, and on such terms as to evidence and indemnity, as Unilever Capital Corporation and the trustee may require and subject to applicable laws. All costs incurred in connection with the replacement of any definitive Note will be borne by the holder of the Note. Mutilated or defaced definitive Notes must be surrendered before new ones will be issued.

Payment of Additional Amounts

If any deduction or withholding for any present or future taxes, assessments or other governmental charges of the United Kingdom, The Netherlands or the United States shall at any time be required, Unilever Capital Corporation and the guarantors have agreed, subject to certain exceptions, to pay Additional Amounts as described under "Description of Debt Securities and Guarantees Payment of Additional Amounts" in the accompanying prospectus.

TAXATION

Federal Taxation in the United States

This section summarizes the material U.S. tax consequences to holders of Notes. It represents the views of our tax counsel, Cravath, Swaine & Moore LLP. However, the discussion is limited in the following ways:

The discussion only covers you if you buy your Notes in the initial offering.

The discussion only covers you if you hold your Notes as a capital asset (that is, for investment purposes), and if you do not have a special tax status.

The discussion does not cover tax consequences that depend upon your particular tax situation in addition to your ownership of Notes. In particular, this discussion does not apply to you if you are subject to special tax rules, such as:

financial institutions;

insurance companies;

dealers or traders in securities or currencies;

S-19

Table of Contents

tax-exempt entities;

regulated investment companies;

expatriates;

if you will hold the Notes as part of a "hedging" or "conversion" transaction or as a position in a "straddle" or as part of a "synthetic security" or other integrated transaction for U.S. federal income tax purposes;

if you will hold the Notes through partnerships or other pass-through entities; and

if you have a "functional currency" other than the U.S. dollar.

The discussion is based on current law. Changes in the law may change the tax treatment of the Notes.

The discussion does not cover state, local or foreign tax law.

We have not requested a ruling from the IRS on the tax consequences of owning the Notes. As a result, the IRS could disagree with portions of this discussion.

If you are considering buying Notes, we suggest that you consult your tax advisor about the tax consequences of holding the Notes in your particular situation.

Tax Consequences to U.S. Holders

This section applies to you if you are a U.S. holder. A "U.S. holder" is:

U.S. citizen or resident alien;

a corporation or entity taxable as a corporation for U.S. federal income tax purposes that was created under U.S. law (federal or state); or

an estate or trust whose world-wide income is subject to U.S. federal income tax.

This summary does not address holders of equity interests in a U.S. holder. If a partnership holds Notes, the tax treatment of a partner will generally depend upon the status of the partner and upon the activities of the partnership. If you are a partner of a partnership holding Notes, we suggest that you consult your tax advisor.

Interest. If you are a cash method taxpayer (including most individual holders), you must report interest on the Notes in your income when you receive it. If you are an accrual method taxpayer, you must report interest on the Notes in your income as it accrues.

Sale or Retirement of Notes. On your sale or retirement of your Note:

Edgar Filing: UNILEVER N V - Form 424B3

You will have taxable gain or loss equal to the difference between the amount received by you and your tax basis in the Note. Your tax basis in the Note is your cost, subject to certain adjustments.

Your gain or loss will generally be capital gain or loss, and will be long-term capital gain or loss if you held the Note for more than one year. For a non-corporate U.S. holder, the maximum tax rate on long-term capital gains is 15% for taxable years before 2013.

If you sell the Note between interest payment dates, a portion of the amount you receive reflects interest that has accrued on the Note but has not yet been paid by the sale date. That amount is treated as ordinary interest income and not as sale proceeds.

Payments by Guarantors A payment on a Note made by a guarantor will be treated in the same manner as if made directly by us.

Information Reporting and Backup Withholding. Under the tax rules concerning information reporting to the U.S. Internal Revenue Service (the "IRS"):

Assuming you hold your Notes through a broker or other securities intermediary, the intermediary must provide information to the IRS and to you on Form 1099 concerning interest and retirement proceeds on your Notes, unless an exemption applies.

Similarly, unless an exemption applies, you must provide the intermediary with your Taxpayer Identification Number for its use in reporting information to the IRS. If you are an individual, this is your social security number. You are also required to comply with other IRS requirements concerning information reporting.

If you are subject to these requirements but do not comply, the intermediary must withhold tax on all amounts payable to you on the Notes (including principal payments). This is called "backup withholding". Backup withholding is not an additional tax. If the intermediary withholds payments, you may use the withheld amount as a credit against your U.S. federal income tax liability and you may be entitled to a refund of such amounts.

All individuals are subject to these requirements. Some holders, including all corporations, are exempt from these requirements.

Tax Consequences to Non-U.S. Holders

This section applies to you if you are a non-U.S. holder. A "non-U.S. holder" is a person or entity that is not a U.S. holder.

Withholding Taxes. Generally, payments of principal and interest on the Notes will not be subject to U.S. withholding taxes. The same rules will apply to payments of Additional Amounts and payments made by a guarantor on a Note.

However, for the exemption from withholding taxes to apply to you, you must meet one of the following requirements:

You provide a completed IRS Form W-8BEN (or substitute form) to the bank, broker or other intermediary through which you hold your Notes. The IRS Form W-8BEN contains your name, address and a statement made under penalties of perjury that you are the beneficial owner of the Notes and that you are not a United States person (as defined under the Code).

You hold your Notes directly through a "qualified intermediary," and the qualified intermediary has sufficient information in its files indicating that you are not a United States person (as defined under the Code). A qualified intermediary is a bank, broker or other intermediary that (1) is either a U.S. or non-U.S. entity, (2) is acting out of a non-U.S. branch or office and (3) has signed an agreement with the IRS providing that it will administer all or part of the U.S. tax withholding rules under specified procedures.

You are entitled to an exemption from withholding tax on interest under a tax treaty between the United States and your country of residence. To claim this exemption, you must generally complete IRS Form W-8BEN and claim this exemption on the form. In some cases, you may instead be permitted to provide documentary evidence of your claim to the intermediary, or a qualified intermediary may already have some or all of the necessary evidence in its files.

The interest income on the Notes is effectively connected with the conduct of your trade or business in the United States, and is not exempt from U.S. federal income tax under a tax treaty. To claim this exemption, you must complete IRS Form W-8ECI (or substitute form).

Edgar Filing: UNILEVER N V - Form 424B3

Table of Contents

Even if you meet one of the above requirements, interest paid to you will be subject to withholding tax under any of the following circumstances:

The withholding agent or an intermediary knows or has reason to know that you are not entitled to an exemption from withholding tax. Specific rules apply for this test.

The IRS notifies the withholding agent that information that you or an intermediary provided concerning your status is false.

An intermediary through which you hold the Notes fails to comply with the procedures necessary to avoid withholding taxes on the Notes. In particular, an intermediary is generally required to forward a copy of your IRS Form W-8BEN (or other documentary information concerning your status) to the withholding agent for the Notes. However, if you hold your Notes through a qualified intermediary or if there is a qualified intermediary in the chain of title between yourself and the withholding agent for the Notes the qualified intermediary will not generally forward this information to the withholding agent.

You are treated as owning 10% or more of the total combined voting power of all classes of the voting stock of Unilever Capital Corporation, are a "controlled foreign corporation" with respect to Unilever Capital Corporation, or are a bank making a loan in the ordinary course of its business. In these cases, you will be exempt from withholding taxes only if you are eligible for a treaty exemption or if the interest income is effectively connected with your conduct of a trade or business in the United States, as discussed above.

Interest payments made to you will generally be reported to the IRS and to you on IRS Form 1042-S. However, this reporting does not apply to you if you hold your Notes directly through a qualified intermediary and the applicable procedures are complied with.

The rules regarding withholding are complex and vary depending on your individual situation. They are also subject to change. In addition, special rules apply to certain types of non-U.S. holders of Notes, including partnerships, trusts, and other entities treated as pass-through entities for U.S. federal income tax purposes. We suggest that you consult with your tax advisor regarding the specific methods for satisfying these requirements.

Sale or Retirement of Notes. If you sell a Note or it is retired, you will not be subject to U.S. federal income tax on any gain unless one of the following applies:

The gain is connected with a trade or business that you conduct in the United States.

You are an individual, you are present in the United States for at least 183 days during the year in which you dispose of the Note, and certain other conditions are satisfied.

The gain represents accrued interest, in which case the rules for interest would apply.

U.S. Trade or Business. If you hold your Note in connection with a trade or business that you are conducting in the United States:

Any interest on the Note, and any gain from disposing of the Note, generally will be subject to U.S. federal income tax as if you were a U.S. holder.

If you are a corporation, you may be subject to the "branch profits tax" on your earnings that are connected with your U.S. trade or business, including earnings from the Note. This tax is 30%, but may be reduced or eliminated by an applicable income tax treaty.

Edgar Filing: UNILEVER N V - Form 424B3

Estate Taxes. If you are an individual, your Notes will not be subject to U.S. estate tax when you die. However, this rule only applies if, at your death, payments on the Notes were not connected to a trade or business that you were conducting in the United States and you did not actually or

constructively own 10% or more of the total combined voting power of all classes of the voting stock of Unilever Capital Corporation.

Information Reporting and Backup Withholding U.S. rules concerning information reporting and backup withholding are described above. These rules apply to non-U.S. holders as follows:

Principal and interest payments you receive will be automatically exempt from the usual rules if you are a non-U.S. holder exempt from withholding tax on interest, as described above. The exemption does not apply if the withholding agent or an intermediary knows or has reason to know that you should be subject to the usual information reporting or backup withholding rules. In addition, as described above, interest payments made to you may be reported to the IRS on IRS Form 1042-S.

Sale proceeds you receive on a sale of your Notes through a broker may be subject to information reporting and/or backup withholding if you are not eligible for an exemption. In particular, information reporting and backup reporting may apply if you use the U.S. office of a broker, and information reporting (but not backup withholding) may apply if you use the foreign office of a broker that has certain connections to the United States. In general, you may file IRS Form W-8BEN to claim an exemption from information reporting and backup withholding. We suggest that you consult your tax advisor concerning information reporting and backup withholding on a sale.

Taxation in the Netherlands

Any payments made under the Notes issued by Unilever Capital Corporation and guaranteed by amongst others Unilever N.V. will not be subject to withholding or deduction for, or on account of taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

Taxation in the United Kingdom

Unilever PLC's English solicitors, Slaughter and May, have opined that, under United Kingdom law and practice, as in effect on the date of this prospectus supplement, none of Unilever Capital Corporation, Unilever N.V., Unilever PLC or Unilever U.S. would be required to deduct or withhold any taxes, levies, imposts or other charges from any payment due or to become due in respect of the Notes and the guarantees by Unilever Capital Corporation, Unilever N.V., Unilever PLC or Unilever U.S., as the case may be.

EC Council Directive

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland). The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

Unilever Capital Corporation, Unilever N.V., Unilever PLC and Unilever United States, Inc. have agreed jointly and severally to indemnify the several Underwriters against certain liabilities, including liabilities under the Securities Act of 1933, or to contribute to payments the Underwriters may be required to make because of any of those liabilities.

Commissions and Discounts

The Underwriters propose to offer the Notes directly to the public at the public offering price set forth on the cover page of this prospectus supplement. After the initial offering of the Notes to the public, the representatives may change the public offering price. The offering of the Notes by the Underwriters is subject to receipt and acceptance and subject to the Underwriters' right to reject any order in whole or in part.

The following table shows the underwriting discounts and commissions that Unilever Capital Corporation is to pay to the Underwriters in connection with this offering (expressed as a percentage of the principal amount of the Notes).

	Paid by Unilever Capital Corporation	
Per Note		%
Per Note		%

Price Stabilization and Short Positions

In connection with the offering, the representatives, on behalf of the Underwriters, may purchase and sell Notes in the open market. These transactions may include over-allotment, syndicate covering transactions and stabilizing transactions. Over-allotment involves syndicate sales of Notes in excess of the principal amount of Notes to be purchased by the Underwriters in the offering, which creates a

Table of Contents

syndicate short position. Syndicate covering transactions involve purchases of the Notes in the open market after the distribution has been completed in order to cover syndicate short positions. Stabilizing transactions consist of certain bids or purchases of Notes made for the purpose of preventing or retarding a decline in the market price of the Notes while the offering is in progress.

The Underwriters also may impose a penalty bid. This occurs when a particular Underwriter repays to the Underwriters a portion of the underwriting discount received by it because the representatives have repurchased notes sold by or for the account of such Underwriter in stabilizing or short covering transactions.

Any of these activities may have the effect of preventing or retarding a decline in the market price of the Notes. They may also cause the price of the Notes to be higher than the price that otherwise would exist in the open market in the absence of these transactions. The Underwriters may conduct these transactions in the over-the-counter market or otherwise. If the Underwriters commence any of these transactions, they may discontinue them at any time.

Other Relationships

The Underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services.

The Underwriters have performed corporate banking, investment banking and advisory services for the Unilever Group from time to time for which they have received customary fees and expenses. The Underwriters may, from time to time, engage in transactions with and perform services for the Unilever Group in the ordinary course of their business. In addition, affiliates of the Underwriters have from time to time provided credit and entered into lending transactions with the Unilever Group for which they have received customary fees and expenses and may, from time to time, do so in the ordinary course of their business.

In the ordinary course of their various business activities, the Underwriters and their respective affiliates, officers, directors and employees may purchase, sell or hold a broad array of investments, including serving as counterparties to certain derivative and hedging arrangements, and actively trade securities, derivatives, loans, commodities, currencies, credit default swaps and other financial instruments for their own account and for the accounts of their customers, and such investment and trading activities may involve or relate to assets, securities and/or instruments of the Unilever Group (directly, as collateral securing other obligations or otherwise) and/or persons and entities with relationships with the Unilever Group. The Underwriters and their respective affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

Selling Restrictions

Each of the Underwriters will not offer, sell or deliver any of the Notes directly or indirectly, or distribute this prospectus supplement or the prospectus or any other offering material relating to the Notes, in or from any jurisdiction except under circumstances that will result in compliance with the applicable laws and regulations thereof and will not impose any obligations on the Company except as set forth in the underwriting agreement.

**ENFORCEMENT OF CIVIL LIABILITIES
AGAINST FOREIGN PERSONS**

Unilever N.V. is a Netherlands corporation and Unilever PLC is a company incorporated under the laws of and registered in England and Wales. Most of the directors of Unilever N.V. and Unilever PLC and certain of the experts named in this Prospectus are residents of The Netherlands or the United Kingdom or other countries and all or a substantial portion of their respective assets are located outside the United States. As a result, it may not be possible for investors to effect service of process within the United States upon Unilever N.V., Unilever PLC or such persons with respect to matters arising under the Federal securities laws or to enforce against them judgments of courts of the United States predicated upon civil liability under the Federal securities laws. Unilever N.V. has been advised by its Dutch counsel, De Brauw Blackstone Westbroek London B.V., that a claim based solely upon Federal securities laws may not be enforceable in a Dutch court and that, in addition, a judgement of a United States court, whether or not based solely upon Federal securities laws, will not be enforceable in the Netherlands, although a Dutch court may give binding effect to such judgement if certain conditions are satisfied. Unilever PLC has been advised by its English counsel, Slaughter and May, that there is doubt as to the enforceability in the United Kingdom, in original actions or in actions for enforcement of judgments of United States courts, of liabilities predicated solely upon the Federal securities laws. Unilever N.V. and Unilever PLC have consented to service of process in New York City for claims based upon the Indenture, the debt securities and the guarantees described under "Description of Debt Securities and Guarantees."

UNILEVER GROUP

UNILEVER N.V. AND UNILEVER PLC

UNILEVER N.V. AND UNILEVER PLC

History and Structure of Unilever

Unilever N.V. ("N.V.") and Unilever PLC ("PLC") are the two parent companies of the Unilever Group of companies. N.V. was incorporated under the name Naamlooze Vennootschap Margarine Unie in The Netherlands in 1927. PLC was incorporated under the name Lever Brothers Limited in England and Wales in 1894.

Together with their group companies, N.V. and PLC operate effectively as a single economic entity. This is achieved by a series of agreements between N.V. and PLC (The Equalisation Agreement, The Deed of Mutual Covenants and The Agreement for Mutual Guarantees of Borrowing), together with special provisions in the Articles of Association of N.V. and PLC. N.V. and PLC have the same Directors, have the same Chairman and adopt the same accounting principles. Shareholders of both companies receive dividends on an equalised basis. N.V. and PLC and their group companies constitute a single reporting entity for the purposes of presenting consolidated accounts. Accordingly, the accounts of the Unilever Group are presented by both N.V. and PLC as their respective consolidated accounts.

N.V. and PLC have agreed to cooperate in all areas and ensure that all group companies act accordingly. N.V. and PLC are holding and service companies, and the business activity of Unilever is carried out by their subsidiaries around the world. Shares in group companies may ultimately be held wholly by either N.V. or PLC, or jointly by the two companies, in varying proportions.

The two companies have different shareholder constituencies and shareholders cannot convert or exchange the shares of one company for shares of the other. N.V. is listed in Amsterdam and New York. PLC is listed in London and New York.

RATIOS OF EARNINGS TO FIXED CHARGES

The combined ratios of earnings to fixed charges for the Unilever Group for the periods shown are as follows. Such ratios have been calculated using financial information prepared in accordance with International Financial Reporting Standards (IFRS) as adopted by the European Union (EU) and in accordance with IFRS as issued by the International Accounting Standard Board.

Six Months Ended June 30, 2011	Year Ended December 31				
	2006	2007	2008	2009	2010
11.5	7.5	8.3	11.7	8.8	10.7

In the ratio of earnings to fixed charges, earnings consist of net profit from continuing operations excluding net profit or loss of joint ventures and associates increased by fixed charges, income taxes and dividends received from joint ventures and associates. Fixed charges consist of interest payable on debt and a portion of lease costs determined to be representative of interest. This ratio takes no account of interest receivable although Unilever's treasury operations involve both borrowing and depositing funds.

Table of Contents

Unless otherwise stated in the related prospectus supplement, the principal of and the premium on, if any, and interest on, if any, registered guaranteed debt securities will be payable and such guaranteed debt securities will be transferable at the corporate trust office in the City of New York of the Trustee, *provided* that payment of interest, if any, may be made by check mailed to the address of the person entitled thereto as it appears in the Security Register. In the case of bearer guaranteed debt securities, principal, premium, if any, and interest, if any, will be payable at such place or places outside the United States designated in the related prospectus supplement. The guarantees are joint, several, full and unconditional.

Unless otherwise indicated in the related prospectus supplement, we will issue the guaranteed debt securities only in fully registered form without coupons in denominations of \$1,000 and integral multiples of \$1,000. No service charge will be made for any transfer or exchange of the guaranteed debt securities, but Unilever Capital Corporation or Unilever N.V., as the case may be, may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection therewith.

We may sell the guaranteed debt securities at a discount (which may be substantial) below their stated principal amount. The guaranteed debt securities may bear no interest or interest at a rate that at the time of issuance is below market rates.

If we sell any of the guaranteed debt securities for any foreign currency or currency unit or if payments on the guaranteed debt securities are payable in any foreign currency or currency unit, we will describe in the prospectus supplement the restrictions, elections, specific terms and other information relating to those guaranteed debt securities and the foreign currency or currency unit.

Guarantees

If Unilever Capital Corporation issues the guaranteed debt securities, Unilever N.V., Unilever PLC and Unilever U.S. will jointly, severally, fully and unconditionally guarantee the due and punctual payment of the principal of and premium on, if any, and interest on, if any, and the due and punctual payment of the sinking fund or analogous payments, if any, with respect to the guaranteed debt securities when and as they shall become due and payable, whether at stated maturity, by declaration of acceleration, call for redemption or otherwise. If Unilever N.V. issues the guaranteed debt securities, Unilever U.S. and Unilever PLC will act as guarantors on the same terms.

Interest on LIBOR Debt Securities

We may issue floating rate debt securities bearing interest calculated with reference to LIBOR. Interest on any LIBOR debt securities will accrue from and including the date of issuance of such LIBOR debt securities, to but excluding the first interest payment date and then from and including the most recent interest payment date to which interest has been paid or duly provided for to but excluding the next interest payment date or maturity date, as the case may be. We refer to each of these periods as an "interest period." The amount of accrued interest that we will pay for any interest period can be calculated by multiplying the face amount of the LIBOR debt security by an accrued interest factor. This accrued interest factor is computed by adding the interest factor calculated for each day from the date of issuance of the LIBOR debt security, or from the last date we paid interest to you, to the date for which accrued interest is being calculated. The interest factor for each day is computed by dividing the interest rate applicable to that day by 360.

When we use the term "London business day," we mean any day on which dealings in United States dollars are transacted in the London interbank market. A "business day" means any day except a Saturday, a Sunday or a legal holiday in The City of New York or a day on which banking institutions in The City of New York are authorized or obligated by law, regulation or executive order to close. In the event that any interest payment date (other than the maturity date) and interest reset date would

Table of Contents

otherwise fall on a day that is not a business day, that interest payment date and interest reset date will be postponed to the next day that is a business day. If the postponement would cause the day to fall in the next calendar month, the interest payment date and interest reset date will be the immediately preceding business day.

The interest rate on any LIBOR debt securities will be calculated by the calculation agent appointed by us, initially The Bank of New York Mellon, and will be equal to LIBOR plus a spread that will be set forth in a prospectus supplement. The calculation agent will reset the interest rate on each interest payment date and on the original issuance date of the LIBOR debt securities, each of which we refer to as an "interest reset date." The second London business day preceding an interest reset date will be the "interest determination date" for that interest reset date. The interest rate in effect on each day that is not an interest reset date will be the interest rate determined as of the interest determination date pertaining to the immediately preceding interest reset date. The interest rate in effect on any day that is an interest reset date will be the interest rate determined as of the interest determination date pertaining to that interest reset date.

"LIBOR" will be determined by the calculation agent in accordance with the following provisions:

(a) With respect to any interest determination date, LIBOR will be the rate for deposits in United States dollars having a maturity of the Index Maturity commencing on the first day of the applicable interest period that appears on Reuters Screen LIBOR01 Page as of 11:00 a.m., London time, on that interest determination date. If no rate appears, LIBOR for that interest determination date will be determined in accordance with the provisions described in (b) below.

(b) With respect to an interest determination date on which no rate appears on Reuters Screen LIBOR01 Page, as specified in (a) above, the calculation agent will request the principal London offices of each of four major reference banks in the London interbank market, as selected by the calculation agent (after consultation with us), to provide the calculation agent with its offered quotation for deposits in United States dollars for the Index Maturity, commencing on the first day of the applicable interest period, to prime banks in the London interbank market at approximately 11:00 a.m., London time, on that interest determination date and in a principal amount that is representative for a single transaction in United States dollars in that market at that time. If at least two quotations are provided, then LIBOR on that interest determination date will be the arithmetic mean of those quotations. If fewer than two quotations are provided, then LIBOR on the interest determination date will be the arithmetic mean of the rates quoted at approximately 11:00 a.m., in The City of New York, on the interest determination date by three major banks in The City of New York selected by the calculation agent (after consultation with us) for loans in United States dollars to leading European banks, having an Index Maturity and in a principal amount that is representative for a single transaction in United States dollars in that market at that time. If, however, the banks selected by the calculation agent are not providing quotations in the manner described by the previous sentence, LIBOR determined as of that interest determination date will be LIBOR in effect on that interest determination date.

"Reuters Screen LIBOR01 Page" means the display designated as the Reuters Screen LIBOR01 Page, or such other screen as may replace the Reuters Screen LIBOR01 Page on the service or any successor service as may be nominated by the British Bankers' Association for the purpose of displaying London interbank offered rates for United States dollar deposits.

The Index Maturity will be disclosed in a prospectus supplement.

All percentages resulting from any calculation of the interest rate on any LIBOR debt securities will be rounded to the nearest one hundred-thousandth of a percentage point with five one millionths of a percentage point rounded upwards (e.g., 9.876545% (or .09876545) would be rounded to 9.87655% (or .0987655)), and all dollar amounts used in or resulting from such calculation will be rounded to the

Table of Contents

nearest cent (with one-half cent being rounded upward). Each calculation of the interest rate on any LIBOR debt securities by the calculation agent will (in the absence of manifest error) be final and binding on the holders and us.

So long as any LIBOR debt securities of a series remain outstanding, there will at all times be a calculation agent for that series. If the original calculation agent is unable or unwilling to continue to act as the calculation agent or if it fails to calculate properly the interest rate for any interest period, we will appoint another leading commercial or investment bank to act as calculation agent in its place. The calculation agent may not resign its duties without a successor having been appointed.

Payment of Additional Amounts

If any deduction or withholding for any present or future taxes, assessments or other governmental charges of the United Kingdom, The Netherlands, or (if the prospectus supplement so states) the United States, including any political subdivision or taxing authority of or in any such jurisdiction (respectively, a "United Kingdom Tax", a "Netherlands Tax", or a "United States Tax") shall at any time be required in respect of any amounts to be paid by the issuer or a guarantor pursuant to the terms of the debt securities, the issuer or the guarantor will pay as additional interest to the holder of a debt security (or to the holder of any coupon appertaining thereto) such additional amounts ("Additional Amounts") as may be necessary in order that the net amounts paid to such holder pursuant to the terms of such guaranteed debt security or such guarantee, after such deduction or withholding, shall be not less than such amounts as would have been received by the holder had no such withholding or deduction been required; *provided, however*, that (a) amounts with respect to United Kingdom Tax shall be payable only to holders that are not resident in the United Kingdom for purposes of its tax, (b) amounts with respect to Netherlands Tax shall be payable only to holders that are not resident in The Netherlands for purposes of its tax, and (c) amounts with respect to United States Tax shall be payable only to a holder that is, for United States tax purposes, a nonresident alien individual, a foreign corporation, or an estate or trust not subject to tax on a net income basis with respect to income on the debt securities (a "United States Alien"), *and provided further*, that the issuer or guarantor shall not be required to make any payment of Additional Amounts for or on account of:

- (a) any tax, assessment or other governmental charge which would not have been imposed but for the existence of any present or former connection between such holder (or between a fiduciary, settlor, beneficiary, member or shareholder of, or possessor of a power over, such holder, if such holder is an estate, trust, partnership or corporation) and the United Kingdom, The Netherlands, or the United States (in the case of a United Kingdom Tax, a Netherlands Tax, or a United States Tax, respectively), or any political subdivision or territory or possession thereof or therein or area subject to its jurisdiction, including, without limitation, such holder (or such fiduciary, settlor, beneficiary, member, shareholder or possessor) being or having been a citizen or resident thereof or treated as a resident thereof or being or having been present or engaged in trade or business therein or having or having had a permanent establishment therein;
- (b) any estate, inheritance, gift, sales, transfer, personal property or similar tax, assessment or other governmental charge;
- (c) any tax, assessment or other governmental charge which is payable other than by withholding from payments of (or in respect of) principal of, premium, if any, or any interest on, the debt securities or coupons, if any;
- (d) with respect to any United States Tax, any such tax imposed by reason of the holder's past or present status as a personal holding company, foreign personal holding company or foreign private foundation or similar tax-exempt organization with respect to the United States or as a corporation which accumulates earnings to avoid United States Federal income tax;

Table of Contents

- (e) with respect to any United States Tax, any such Tax imposed by reason of such holder's past or present status as (i) the actual or constructive owner of 10% or more of the total combined voting power of all classes of stock of Unilever Capital Corporation or Unilever U.S., or (ii) a controlled foreign corporation that is related to Unilever Capital Corporation or Unilever U.S. through stock ownership;
- (f) any tax, assessment or other governmental charge required to be withheld by any paying agent from any payment of principal of, premium, if any, or any interest on, any guaranteed debt security or coupon, if any, if such payment can be made without such withholding by any other paying agent;
- (g) any tax, assessment or other governmental charge which would not have been imposed or withheld if such holder had made a declaration of nonresidence or other similar claim for exemption or presented any applicable form or certificate, upon the making or presentation of which that holder would either have been able to avoid such tax, assessment or charge or to obtain a refund of such tax, assessment or charge, including, with respect to any United States Tax, certification or documentation to the effect that such holder or beneficial owner is a United States Alien and lacks other connections with the United States;
- (h) any tax, assessment or other governmental charge which would not have been imposed but for the presentation of a debt security (where presentation is required) or coupon, if any, for payment on a date more than 30 days after the date on which such payment became due and payable or the date on which payment thereof was duly provided for, whichever occurred later; or
- (i) any combination of items (a), (b), (c), (d), (e), (f), (g) and (h) above;

nor shall Additional Amounts be paid with respect to any payment of the principal of, premium, if any, or any interest on any debt security or coupon to any such holder who is a fiduciary or a partnership or a beneficial owner who is other than the sole beneficial owner of such payment to the extent a beneficiary or settlor with respect to such fiduciary or a member of such partnership or a beneficial owner would not have been entitled to such Additional Amounts had it been the holder of the debt security or coupon.

Redemption of Debt Securities Under Certain Circumstances

The issuer, and any guarantor, may redeem each series of guaranteed debt securities in whole but not in part at any time (except in the case of guaranteed debt securities that have a variable rate of interest, which may be redeemed on any interest payment date), on giving not less than 30 nor more than 60 days' notice of such redemption, at a redemption price equal to the principal amount plus accrued interest, if any, to the date fixed for redemption (except in the case of discounted debt securities which may be redeemed at the redemption price specified by the terms of each series of such debt securities), if,

- (i) the issuer or any guarantor of such series of guaranteed debt securities determines that, as a result of any change in or amendment to the laws or any regulations or rulings promulgated thereunder of the United Kingdom, The Netherlands or the United States (or of any political subdivision or taxing authority of or in any such jurisdiction), or any change in the application or official interpretation of such laws, regulations or rulings, or any change in the application or official interpretation of, or any execution of or amendment to, any treaty or treaties affecting taxation to which any such jurisdiction is a party, which change, execution or

Table of Contents

amendment becomes effective on or after the issue date or such other date specified in the guaranteed debt securities of such series,

(a) the issuer or the guarantor would be required to pay Additional Amounts (as described under "Payment of Additional Amounts" above) with respect to such series of guaranteed debt securities on the next succeeding interest payment date and the payment of such Additional Amounts cannot be avoided by the use of reasonable measures available to the issuer or the applicable guarantor, as the case may be, or

(b) United Kingdom or Netherlands withholding tax has been or would be required to be withheld with respect to interest income received or receivable by the issuer directly from a guarantor (or any affiliate of the issuer or any guarantor) and such withholding tax obligation cannot be avoided by the use of reasonable measures available to the issuer or the guarantor (or any affiliate of the issuer or any guarantor), or

(ii) the issuer or any guarantor determines, based upon an opinion of independent counsel of recognized standing to the issuer or the applicable guarantor, as the case may be, that, as a result of any action taken by any legislative body of, taxing authority of, or any action brought in a court of competent jurisdiction, in the United Kingdom, The Netherlands or the United States (or of any political subdivision or taxing authority of or in any such jurisdiction) (whether or not such action was taken or brought with respect to the issuer or the applicable guarantor), which action is taken or brought on or after the issue date or such other date specified in the guaranteed debt securities of such series, there is a substantial probability that the circumstances described in clause (i)(a) or (i)(b) would exist; *provided, however*, that no such notice of redemption may be given earlier than 90 days prior to the earliest date on which the issuer or the applicable guarantor would be obligated to pay such Additional Amounts. The issuer or the guarantor, as the case may be, will also pay to each holder, or make available for payment to each such holder, on the redemption date any Additional Amounts resulting from the payment of such redemption price.

Prior to the publication of any notice of redemption pursuant to this provision, the issuer or the applicable guarantor shall deliver to the Trustee (i) a certificate signed by a duly authorized officer of Unilever Capital Corporation or Unilever N.V., as the case may be, or the applicable guarantor stating that it is entitled to effect a redemption described in clause (i) of the preceding paragraph and setting forth a statement of facts showing that the conditions precedent of the right so to redeem have occurred or (ii) an opinion of independent legal counsel of recognized standing to the effect that the conditions specified in clause (ii) of the preceding paragraph have been satisfied. Such notice, once delivered to the Trustee, will be irrevocable.

Limitation on Liens

The Indenture provides that Unilever N.V. and Unilever PLC will not, nor will they permit any Restricted Subsidiary (as defined below) to, issue, assume or guarantee any indebtedness for money borrowed ("debt") secured by a mortgage, security interest, pledge, lien or other encumbrance (a "mortgage" or "mortgages") on any Principal Property (as defined below) or upon any shares of stock or indebtedness of any Restricted Subsidiary (whether such Principal Property, shares of stock or indebtedness are now owned or hereafter acquired) without in any such case effectively providing concurrently with the issuance, assumption or guarantee of any debt that the guarantees shall be secured equally and ratably with (or prior to) the debt. These restrictions, however, shall not apply to debt secured by (and there shall be excluded from debt in any computation under this limitation):

(i) mortgages on property, shares of stock or indebtedness of any corporation, which mortgages are existing at the time such corporation becomes a Restricted Subsidiary;

(ii) mortgages on property, which mortgages are existing at the time of the acquisition of such property, and certain mortgages on property to finance the acquisition thereof;

Table of Contents

- (iii) mortgages on property to secure debt incurred to finance all or part of the cost of construction, alteration, or repair of, or improvements to, all or any part of such property;
- (iv) mortgages securing debt owing to any guarantor or any Restricted Subsidiary by any Restricted Subsidiary or any guarantor;
- (v) mortgages on assets held by banks to secure amounts due to such banks in the ordinary course of business and certain statutory and other mortgages incurred in the ordinary course of business or imposed by law;
- (vi) mortgages on property in favor of the United Kingdom, Canada, the United States or The Netherlands or any political subdivision of any thereof, or any department, agency or other instrumentality of any thereof, to secure partial, progress, advance or other payments pursuant to the provisions of any contract or statute;
- (vii) mortgages existing at the date of the execution of the Indenture;
- (viii) mortgages incurred in connection with engaging in leveraged or single investor lease transactions;
- (ix) mortgages on property, shares of stock or indebtedness of a corporation existing at the time such corporation is merged into or consolidated or amalgamated with Unilever N.V., Unilever PLC or a Restricted Subsidiary or at the time of a sale, lease or other disposition of the properties of a corporation as an entirety or substantially as an entirety to Unilever N.V., Unilever PLC or a Restricted Subsidiary;
- (x) mortgages on property incurred or assumed in connection with the issuance of revenue bonds, the interest on which is exempt from United States Federal income taxation pursuant to Section 103 of the United States Internal Revenue Code, as amended from time to time; and
- (xi) extensions, renewals or replacements (or successive extensions, renewals or replacements) in whole or in part of any mortgage referred to in the foregoing clauses (i) through (x) inclusive.

Notwithstanding the foregoing, Unilever N.V. and Unilever PLC may, and they may permit a Restricted Subsidiary to, issue, assume or guarantee debt secured by mortgages not excepted in the foregoing clauses (i) through (x) inclusive without equally and ratably securing the guarantees; *provided, however*, that the aggregate principal amount of all such debt then outstanding, plus the principal amount of such debt then being issued, assumed or guaranteed, and the aggregate amount of the Attributable Debt (as defined below) in respect of sale and leaseback transactions (with the exception of Attributable Debt which is excluded pursuant to clauses (i) through (iv) inclusive described under "Limitations on Sales and Leasebacks" below), shall not exceed 10% of Capital Employed (as defined below).

Limitations on Sales and Leasebacks

The Indenture provides that Unilever N.V. and Unilever PLC will not, and will not permit any Restricted Subsidiary to, enter into any transaction with any person for the leasing by Unilever N.V. or Unilever PLC or a Restricted Subsidiary of any Principal Property, the acquisition or the completion of construction and commencement of full operation, whichever is later, of which has occurred more than 120 days prior thereto, which Principal Property has been or is to be sold or transferred by Unilever N.V. or Unilever PLC or such Restricted Subsidiary to that person in contemplation of such leasing unless, after giving effect thereto, the aggregate amount of all Attributable Debt with respect to all such transactions plus all debt secured by mortgages on Principal Properties (with the exception of debt which is excluded pursuant to clauses (i) through (xi) inclusive described under "Limitation on Liens" above) would not exceed 10% of Capital Employed. This covenant shall not apply to, and there

Table of Contents

shall be excluded from Attributable Debt in any computation under such restriction or under "Limitation on Liens" above, Attributable Debt with respect to any sale and leaseback transaction if:

- (i) the lease in such sale and leaseback transaction is for a term of not more than three years;
- (ii) Unilever N.V., Unilever PLC or the relevant Restricted Subsidiary, as the case may be, shall apply or cause to be applied an amount in cash equal to the greater of the net proceeds of such sale or transfer or the fair value (as determined by the Board of Directors of Unilever N.V. and Unilever PLC) of such Principal Property to the retirement (other than any mandatory retirement or by way of payment at maturity), within 120 days of the effective date of any such arrangement, of debt of Unilever N.V., Unilever PLC or Restricted Subsidiaries (other than debt owed by any Subsidiary), which by its terms matures more than 12 months after the date of the creation of such debt, or shall apply such proceeds to investment in other Principal Properties within a period not exceeding 12 months prior or subsequent to any such arrangement;
- (iii) such sale and leaseback transaction is entered into between any guarantor and a Restricted Subsidiary or between Restricted Subsidiaries or between guarantors; or
- (iv) Unilever N.V., Unilever PLC or a Restricted Subsidiary would be entitled to incur a mortgage on such Principal Property pursuant to clauses (i) through (xi) inclusive described under "Limitation on Liens" above, securing debt without equally and ratably securing the guarantees.

Subordination of Debt Securities

The prospectus supplement for any applicable series of guaranteed debt securities will provide that the guaranteed debt securities of such series will be expressly subordinate and subject in right of payment to the prior payment in full of all Senior Debt (as defined below) of the issuer of such series (whether Unilever N.V. or Unilever Capital Corporation), and the obligations of each guarantor of such series evidenced by the guarantees will be expressly subordinate and subject in right of payment to the prior payment in full of all Senior Debt of the guarantor.

In the event and during the continuation of any default in the payment of any Senior Debt of the issuer continuing beyond the period of grace, if any, specified in the instrument evidencing such Senior Debt (unless and until such event shall have been cured or waived or shall have ceased to exist), no payments on account of principal, premium, if any, or interest if any, on the subordinated debt securities or sums payable with respect to the conversion, if applicable, of such subordinated debt securities may be made by the issuer pursuant to the subordinated debt securities.

In the event and during the continuation of any default in the payment of any Senior Debt of any guarantor continuing beyond the period of grace, if any, specified in the instrument evidencing such Senior Debt (unless and until such event shall have been cured or waived or shall have ceased to exist), no payments on account of principal, premium, if any, or interest, if any, on the subordinated debt securities or sums payable with respect to the conversion, if applicable, of such subordinated debt securities may be made by the guarantor pursuant to its guarantee with respect thereto.

Upon any payment or distribution of the assets of the issuer (Unilever N.V. or Unilever Capital Corporation, as applicable) or the assets of any guarantor to creditors upon dissolution or winding-up or total or partial liquidation or reorganization, whether voluntary or involuntary or in bankruptcy, insolvency, receivership or other proceedings for the issuer or the guarantor, the holders of our Senior Debt or the Senior Debt of the guarantor, as the case may be, will be entitled to receive payment in full of all amounts due thereon before any payment is made by us or the guarantor, as the case may be, on account of principal, premium, if any, or interest, if any, on the subordinated debt securities or sums payable with respect to the conversion, if applicable, of such subordinated debt securities.

Table of Contents

By reason of such subordination, in the event of the insolvency of the issuer (Unilever N.V. or Unilever Capital Corporation, as applicable) or any guarantor, holders of the subordinated debt securities may recover less, ratably, and holders of Senior Debt may recover more, ratably, than other of our creditors or creditors of any guarantor.

The term "Senior Debt," when used with reference to us or any guarantor, will be defined in the Indenture to mean the principal of, premium, if any, and interest, if any, which is due and payable on:

- (a) all of our indebtedness or all indebtedness of the guarantor, as the case may be (other than the subordinated debt securities or the guarantees), whether outstanding on the date of execution of the Indenture or thereafter created, incurred or assumed, which
 - (i) is for money borrowed,
 - (ii) is evidenced by a note, debenture, bond or similar instrument, whether or not for money borrowed,
 - (iii) constitutes obligations under any agreement to lease, or any lease of, any real or personal property which are required to be capitalized on the balance sheet of lessee in accordance with generally accepted United Kingdom and Dutch accounting principles applicable in the preparation of our most recent audited financial statements or the most recent audited financial statements of the guarantor or made as part of any sale and leaseback transaction to which we are a party or the guarantor is a party, or
 - (iv) constitutes purchase money indebtedness;
- (b) any indebtedness of others of the kinds described in the preceding clause (a) for the payment of which the issuer or the guarantor, as the case may be, are responsible or liable as guarantor or otherwise; and
- (c) amendments, renewals, extensions and refundings of any such indebtedness; unless in any instrument or instruments evidencing or securing such indebtedness or pursuant to which the same is outstanding, or in any such amendment, renewal, extension or refunding, it is provided that such indebtedness is subordinate to all other of our indebtedness or the indebtedness of the guarantor, as the case may be, or that such indebtedness is not superior in right of payment to the subordinated debt securities or the guarantees; *provided, however*, that Senior Debt shall not be deemed to include any obligation of the issuer (Unilever N.V. or Unilever Capital Corporation, as applicable) or any guarantor to any Subsidiary or to Unilever N.V. or Unilever PLC.

The Indenture does not limit the amount of Senior Debt which the issuer (Unilever N.V. or Unilever Capital Corporation, as applicable) may issue, or that may be issued by either issuer or any guarantor.

Conversion

The prospectus supplement for each series of guaranteed debt securities will provide whether the securities are convertible and, if so, the conversion price and terms.

Table of Contents

"*Capital Employed*" means the combined capital and reserves, outside interests in group companies, creditors due after more than one year and provisions for liabilities and charges, as shown on our combined consolidated balance sheet as published in the most recent Annual Accounts of Unilever PLC and Unilever N.V. Modification of the Indenture

Unilever Capital Corporation, Unilever N.V., Unilever PLC, Unilever U.S. and the Trustee may modify and amend the Indenture, with the consent of the holders of not less than 66²/₃% in aggregate principal amount of the outstanding securities of all series under the Indenture which are affected by the modification or amendment (voting as one class); *provided, however*, that no such modification or amendment may, without the consent of the holder of each such outstanding security of any series affected thereby, among other things:

- (a) change the stated maturity date of the principal of or any installment of interest on such security;
- (b) reduce the principal amount of, or the rate or rates of any interest on, any such security or any premium payable upon the redemption thereof or any sinking fund or analogous payment with respect thereto, or reduce the amount of the principal of a discounted debt security that would be due and payable upon a declaration of acceleration of the maturity thereof or upon the redemption thereof;
- (c) change the currency of payment of principal of or any premium or interest on any such security;
- (d) impair the right to institute suit for the enforcement of any such payment on or after the stated maturity thereof;
- (e) reduce the above-stated percentage of holders of securities necessary to modify or amend the Indenture;
- (f) modify the foregoing requirements or reduce the percentage of outstanding securities of any series necessary to waive any past default to less than a majority; or
- (g) change in any manner materially adverse to the interests of the holders of such securities the terms and conditions of the obligations of any guarantor regarding the due and punctual payment of the principal thereof, and premium, if any, and interest, if any, thereon or the sinking fund or analogous payments, if any, with respect to such securities.

Table of Contents

Unilever Capital Corporation, Unilever N.V., Unilever PLC, Unilever U.S. and the trustee may also amend the Indenture in certain circumstances without the consent of the holders of the debt securities to evidence the succession of another corporation to Unilever Capital Corporation, Unilever N.V., Unilever PLC or Unilever U.S., as the case may be, or the replacement of the trustee with respect to the debt securities of one or more series and for certain other purposes.

Events of Default

The following are defined as Events of Default with respect to securities of any series outstanding under the Indenture (unless otherwise stated in the related prospectus supplement):

- (a) failure to pay at maturity the principal of, or premium, if any, on any security of such series outstanding under the Indenture;
- (b) failure to pay any interest or any additional interest on any security of such series outstanding under the Indenture when due continued for 30 days;
- (c) failure to deposit any sinking fund or analogous payment with respect to such series when and as due or beyond any applicable period of grace;
- (d) failure to perform any other covenant of Unilever Capital Corporation, Unilever N.V., Unilever PLC or Unilever U.S. (other than a covenant expressly included in the Indenture solely for the benefit of a series other than such series), continued for 90 days after written notice; and
- (e) certain events in bankruptcy, insolvency or reorganization of Unilever Capital Corporation, Unilever N.V. or Unilever PLC.

If an Event of Default shall occur and be continuing, the Trustee in its discretion may proceed to protect and enforce its rights and those of the holders of such series of securities. If an Event of Default shall occur and be continuing, either the Trustee or the holders of not less than 25% in aggregate principal amount of the outstanding securities of such series (or of all affected series in the case of defaults under clauses (d) and (e) above (voting as one class)) may accelerate the maturity of all such outstanding securities of such series by written notice. The holders of not less than a majority in aggregate principal amount of outstanding securities of such series (or of all such affected series in the case of defaults under clauses (d) and (e) above (voting as one class), as the case may be) under the Indenture may waive any past default under the Indenture, except, among other things, a default in the payment of principal, premium, if any, or interest, if any. The holders of not less than a majority in aggregate principal amount of outstanding securities of any series (or of all such affected series in the case of defaults under clauses (d) and (e) above (voting as one class), as the case may be) may rescind a declaration of acceleration of securities of such series but only if all Events of Default have been remedied and all payments due (other than those due as a result of acceleration) have been made. Since each series of guaranteed debt securities will be independent of each other series, a default with respect to one series of guaranteed debt securities will not in itself necessarily result in the acceleration of the maturity of a different series of guaranteed debt securities.

Unilever Capital Corporation, Unilever N.V., Unilever PLC and Unilever U.S. are required to furnish to the Trustee annually a statement as to performance or fulfillment of covenants, agreements or conditions in the Indenture or a statement as to the nature of any default.

Consolidation, Merger and Sale of Assets

PLAN OF DISTRIBUTION

We may sell the guaranteed debt securities in and outside the United States (i) through underwriters or dealers, (ii) directly to purchasers or (iii) through agents. The prospectus supplement will include the following information:

- (a) the terms of the offering;
- (b) the names of any underwriters or agents;
- (c) the purchase price of the securities from us;
- (d) the net proceeds to us from the sale of the securities;
- (e) any delayed delivery arrangements;
- (f) any underwriting discounts and other items constituting underwriters' compensation;
- (g) any initial public offering price; and
- (h) any discounts or concessions allowed or reallocated or paid to dealers.

Sale Through Underwriters or Dealers

If we use underwriters in the sale, the underwriters will acquire the guaranteed debt securities for their own account. The underwriters may resell the securities from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Underwriters may offer securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless we inform you otherwise in the prospectus supplement, the obligations of the underwriters to purchase the securities will be subject to certain conditions, and the underwriters will be obligated to purchase all the offered securities if they purchase any of them. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

During and after an offering through underwriters, the underwriters may purchase and sell the guaranteed debt securities in the open market. These transactions may include overallotment and stabilizing transactions and purchases to cover syndicate short positions created in connection with the offering. The underwriters may also impose a penalty bid, whereby selling concessions allowed to syndicate members or other broker-dealers for the offered securities sold for their account may be reclaimed by the syndicate if such offered securities are repurchased by the syndicate in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the offered securities, which may be higher than the price that might otherwise prevail in the open market. If commenced, these activities may be discontinued at any time.

If we use dealers in the sale of the guaranteed debt securities, we will sell the securities to them as principals. They may then resell those securities to the public at varying prices determined by the dealers at the time of resale. We will include in the prospectus supplement the names of the dealers and the terms of the transaction.

Direct Sales and Sales Through Agents

We may sell the guaranteed debt securities directly. In this case, no underwriters or agents would be involved. We may also sell the guaranteed debt securities through agents we designate from time to time. In the prospectus supplement, we will name any agent involved in the offer or sale of the offered securities, and we will describe any commissions payable by us to the agent. Unless we inform you

otherwise in the prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

We may sell the guaranteed debt securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act of 1933 with respect to any sale of those securities. We will describe the terms of any such sales in the prospectus supplement.

Delayed Delivery Contracts

If we so indicate in the prospectus supplement, we may authorize agents, underwriters or dealers to solicit offers from certain types of institutions to purchase guaranteed debt securities from us at the public offering price under delayed delivery contracts. These contracts would provide for payment and delivery on a specified date in the future. The contracts would be subject only to those conditions described in the prospectus supplement. The prospectus supplement will describe the commission payable for solicitation of those contracts.

General Information

We may have agreements with the agents, dealers and underwriters to indemnify them against certain civil liabilities, including liabilities under the Securities Act of 1933, or to contribute with respect to payments that the agents, dealers or underwriters may be required to make. Agents, dealers and underwriters may be customers of, engage in transactions with or perform services for us in the ordinary course of their businesses.
