## CORPORATE GOVERNANCE

### Meetings of the Board of Directors

The Board of Directors of the Company held five meetings during 2013. Each director attended at least 75% of the aggregate of all meetings of the Board of Directors and each committee each such director served on during 2013. All of the Company's directors are encouraged to attend the Company's Annual Meeting of Stockholders. All of the Company's directors were in attendance at the Company's 2013 Annual Meeting.

### Independence, Diversity, Leadership Structure and Board Committees

#### *Independence*

The Company's Common Stock is listed on the NASDAQ Stock Market LLC, or Nasdaq, and Nasdaq's listing standards relating to director independence apply to the Company. The Board of Directors has determined that the following current directors are independent under applicable Nasdaq listing standards: Messrs. Stevenson, Gould, Kozin, Oberdorf and Pierce, as well as Ms. Quinn.

#### *Diversity*

The Company strives to have the members of its Board of Directors possess a diverse set of skills so as to best provide guidance to the management team and oversight to the Company. Skills sought include financial, capital markets, manufacturing, engineering, executive leadership, marketing and sales, organizational growth, human resources and strategic planning. The Company believes that it has a minimum of one director for each of these skills.

#### *Leadership Structure*

As noted above, our Board of Directors is currently comprised of eight directors, six of whom are independent under applicable standards. Assuming the nominees are elected at the Meeting, six of the Company's eight directors will be independent under applicable standards.

Mr. R. Jeffrey Bailly has served as Chief Executive Officer and member of the Board since January 1, 1995. He has served as Chairman of the Board since 2006.

We recognize that different board leadership structures may be appropriate for companies in different situations and believe that no one structure is suitable for all companies. We believe our current board leadership structure is optimal for us because it demonstrates to our employees, suppliers, customers, and other stakeholders that UFP Technologies is under strong leadership, with a single person setting the tone and having primary responsibility for managing our operations. Having a single leader for both the Company and the Board of Directors eliminates the potential for confusion or duplication of efforts, and provides clear leadership for the Company.

Because the positions of Chairman of the Board and Chief Executive Officer are held by the same person, the Board also believes it is appropriate for the independent Directors to elect one independent Director to serve as a Lead Independent Director. In addition to presiding at executive sessions of independent directors, the Lead Independent Director has the responsibility to: (1) coordinate with the Chairman of the Board and Chief Executive Officer in establishing the agenda and topic items for Board meetings; (2) retain independent advisors on behalf of the Board as the Board may determine is necessary or appropriate; and (3) perform such other functions as the independent directors may designate from time to time. Mr. Gould currently serves as the Lead Independent Director, a position he has held since June 2004.

We believe that our overall leadership structure, consisting of a single individual serving as Chief Executive Officer and Chairman of the Board, together with the number of independent, experienced

directors that make up the majority of our Board and the independent oversight of our Lead Independent Director, benefits the Company and its stockholders.

### ***Risk Oversight***

Our Board of Directors is responsible for overseeing the Company's risk management process. The Board focuses on the Company's general risk management strategy, the most significant risks facing the Company, and ensures that appropriate risk mitigation strategies are implemented by management. The Board is also apprised of particular risk management matters in connection with its general oversight and approval of corporate matters.

The Board of Directors has delegated to the Audit Committee oversight of certain aspects of the Company's risk management process. Among its duties, the Audit Committee reviews with management (a) the Company's policies with respect to risk assessment and risk management as well as the Company's significant areas of financial risk exposure and (b) the Company's system of disclosure controls and procedures and system of internal controls over financial reporting. Our Compensation Committee also considers and addresses risk as it performs its committee responsibilities. Both committees report to the full Board as appropriate, including when a matter rises to the level of a material or enterprise level risk.

The Company's management is responsible for day-to-day risk management. Our Treasury, Finance, and Internal Audit functions serve as the primary monitoring and testing function for company-wide policies and procedures, and manage the day-to-day oversight of the risk management strategy for the ongoing business. This oversight includes identifying, evaluating, and addressing potential risks that may exist at the enterprise, strategic, financial, operational, and compliance and reporting levels.

We believe the division of risk management responsibilities described above is an effective approach for addressing the risks we face and that our Board leadership structure supports this approach.

### ***Code of Ethics***

Pursuant to Section 406 of the Sarbanes-Oxley Act of 2002, the Company has adopted a Code of Ethics for Senior Financial Officers that applies to the Company's principal executive officer, principal financial officer, principal accounting officer, controller, and other persons performing similar functions. The Code of Ethics, as amended, is available at the Company's website, [www.ufpt.com/investors/governance.html](http://www.ufpt.com/investors/governance.html). We intend to satisfy the disclosure requirement under Item 5.05 of Current Report on Form 8-K regarding an amendment to, or waiver from, a provision of this code by posting such information on our website, at the address specified above.

### ***Nominating Committee***

The Board of Directors has a Nominating Committee, which met on four occasions in 2013, and is currently composed of Messrs. Gould, Oberdorf, Kozin, Stevenson and Pierce, as well as Ms. Quinn, each of whom is an independent Director under applicable Nasdaq standards. Mr. Gould serves as Chairman. Director nominees are selected by the Nominating Committee. The Nominating Committee operates pursuant to a written charter (the "Nominating Committee Charter") that was adopted by the Board of Directors and that complies with applicable Nasdaq listing standards. The Nominating Committee Charter is available at the Company's website, [www.ufpt.com/investors/governance.html](http://www.ufpt.com/investors/governance.html). The Nominating Committee may consider candidates recommended by stockholders as well as from other sources such as other directors or officers, third party search firms or other appropriate sources. For all potential candidates, the Nominating Committee may consider all factors it deems relevant, such as a candidate's independence, character, ability to exercise sound judgment, diversity, age, demonstrated

leadership, skills, including financial literacy, and experience in the context of the needs of the Board, and concern for the long-term interests of the stockholders. The Nominating Committee does not assign any particular weight or importance to any one of these factors but rather considers them as a whole. In general, persons recommended by stockholders will be considered on the same basis as candidates from other sources. If a stockholder wishes to recommend a candidate for election as a director at the 2015 Annual Meeting of Stockholders, it must follow the procedures described in "Stockholder Proposals and Nominations for Director" below.

#### *Compensation Committee*

The Board of Directors has a Compensation Committee, which met on seven occasions in 2013, and is currently composed of Messrs. Oberdorf, Kozin, and Pierce and Ms. Quinn, each of whom is an independent director under applicable Nasdaq standards. Mr. Kozin serves as the Chairman. The Compensation Committee operates pursuant to a written charter (the "Compensation Committee Charter") that was adopted by the Board of Directors and that complies with applicable Nasdaq listing standards. The Compensation Committee Charter, as amended, is available at the Company's website, [www.ufpt.com/investors/governance.html](http://www.ufpt.com/investors/governance.html). Under the provisions of the Compensation Committee Charter, the primary functions of the Compensation Committee include determining salaries and bonuses for the Company's named executive officers, individuals to whom stock options, other equity-based awards and cash awards are granted, and the terms upon which such grants and awards are made, adopting incentive plans, overseeing risks associated with the Company's compensation policies and practices, evaluating the performance of the Company's named executive officers, reviewing with management compensation disclosures to be included in the Company's filings with the Securities and Exchange Commission ("SEC"), and determining director compensation, benefits and overall compensation. The Compensation Committee has the sole discretion and express authority to retain and terminate any compensation consultant, including sole authority to approve the consultant's fees and other retention terms.

*Compensation Committee Interlocks and Insider Participation.* During fiscal year 2013, Messrs. Oberdorf, Kozin, and Pierce and Ms. Quinn served as member of the Compensation Committee, none of whom is or has ever been an executive officer or employee of the Company (or any of its subsidiaries) and no "compensation committee interlocks" existed during 2013.

For a further description of the Company's determination of executive and director compensation, see "Executive Compensation" below.

#### *Audit Committee*

The Board of Directors has an Audit Committee established within the meaning of Section 3(a)(58)(A) of the Securities Exchange Act of 1934. The Audit Committee met six times in 2013, and is currently composed of Messrs. Stevenson, Gould and Oberdorf, each of whom meets the enhanced independence standards for audit committee members set forth in applicable SEC rules and Nasdaq listing standards. Mr. Stevenson serves as Chairman. The Board of Directors had determined that each of Mr. Stevenson and Mr. Oberdorf qualifies as an "audit committee financial expert", as defined by applicable SEC rules. The Audit Committee operates pursuant to a written charter (the "Audit Committee Charter") that was adopted by the Board of Directors and that complies with currently applicable SEC and Nasdaq rules. The Audit Committee Charter, as amended, is available at the Company's website, [www.ufpt.com/investors/governance.html](http://www.ufpt.com/investors/governance.html). Under the provisions of the Audit Committee Charter, the primary functions of the Audit Committee are to assist the Board of Directors with oversight of (i) the Company's accounting and financial reporting processes, internal controls and external independent audits of the Company's financial statements and (ii) the qualifications, independence, appointment, retention, compensation and performance of the Company's registered public accounting firm. The Audit Committee is also responsible for the maintenance of

"whistle-blowing" procedures, and the oversight of certain other compliance matters. See "Report of the Audit Committee" below.

**Report of the Audit Committee**

### EXECUTIVE OFFICER AND DIRECTOR COMPENSATION

#### Compensation Discussion and Analysis

##### Introduction and Scope

This Compensation Discussion and Analysis ("CD&A") is intended to provide a context for the disclosures contained in this Proxy Statement with respect to our "named executive officers." Our named executive officers are determined in accordance with SEC rules. Under such rules, our named executive officers for fiscal 2013 were Messrs. R. Jeffrey Bailly, Ronald J. Lataille, Mitchell C. Rock, Richard LeSavoy, William David Smith and Daniel J. Shaw Jr. Mr. LeSavoy resigned from his position as the Company's Vice President, Manufacturing, effective June 14, 2013. The 2013 compensation of our named executive officers is detailed in the tables that follow this CD&A.

The Company's compensation programs are determined by the Compensation Committee of the Board of Directors, which has the ongoing responsibility for establishing, implementing, and monitoring the Company's executive compensation programs. The Compensation Committee operates pursuant the Compensation Committee Charter that was adopted by the Board of Directors and that complies with

## Edgar Filing: UFP TECHNOLOGIES INC - Form DEF 14A

applicable Nasdaq listing standards. The Compensation Committee Charter, as amended, is available at the Company's website, [www.ufpt.com/investors/governance.html](http://www.ufpt.com/investors/governance.html).

### Executive Summary

Using foams, plastics, composites and natural fiber, we design and manufacture a vast range of solutions primarily for the medical, automotive, aerospace and defense, and packaging markets. Our industry is fragmented across numerous competing entities. Our ability to compete effectively depends to a large extent on our ability to identify, recruit, develop and retain key management personnel. We believe this requires a competitive compensation structure as compared to other companies of a similar size in the same or similar industries.

The compensation programs for our named executive officers are designed to align compensation objectives with our business strategies and to encourage our executives to focus on creating stockholder value. While it is critical that our compensation programs allow for the recruitment and retention of highly qualified executives, it is also important that these programs are variable in nature such that performance is a key factor in realizing value. Accordingly, our programs combine competitive base salaries with annual cash incentives and long-term equity incentives. Specifically, we structure our named executive officer compensation to include:

Competitive base salary;

Stock grant (CEO only);

Performance-based cash incentive bonus;

Performance-based long-term incentive in the form of time-based vesting restricted stock awards; and

Other common perquisites.

We believe that our compensation programs have been effective in aligning pay with the interests of our stockholders. The following graphs highlight the Company's earnings-per-share, stock performance and CEO compensation over the last five years:

### UFP 5-year EPS

Note: Reflects earnings per dilutive common share outstanding as reported in the Company's financial statements filed with the SEC on Form 10-K for each respective fiscal year.

**Stock Performance Graph**

The following graph compares cumulative total stockholder return on our Common Stock since December 31, 2008 with the cumulative total return of the (1) NASDAQ Stock Market (US Companies), (2) SIC Codes 3080-3089 Miscellaneous Plastic Products, and (3) GICS 15103020 Paper Packaging. This graph assumes the investment of \$100 on December 31, 2008 in our Common Stock, and for comparison the companies that comprise each of (1) the NASDAQ Stock Market, (2) SIC Codes 3080-3089 Miscellaneous Plastic Products, and (3) GICS 15103020 Paper Packaging, and that all dividends were reinvested. Measurement points are the last trading day of each respective fiscal year.

**CEO 5-Year Total Compensation (000)**

Note: Reflects total compensation for R. Jeffrey Bailly as reported in the Summary Compensation Table of the Proxy Statement for each respective fiscal year.

The compensation programs for the named executive officers have been amended in the last four years to provide equity incentives for a fixed dollar value with the number of shares being variable. The intent of these amendments was to limit the amount of compensation variability resulting solely from fluctuations in the Company's stock price while still providing variability in pay based upon the achievement of financial and individual objectives. This is evident in the above graphs, as the total

## Edgar Filing: UFP TECHNOLOGIES INC - Form DEF 14A

CEO compensation has remained relatively flat over the course of the last five years despite the consistent increase in the Company's earnings-per-share.

The following policies and practices have also been adopted by the Compensation Committee and/or the full Board of Directors to promote good corporate governance:

**Elimination of Income Tax Gross-up** as part of a contract amendment, the Company eliminated income tax gross-up benefits previously associated with the CEO's annual stock grants.

**Hedging of Company stock** the Company established a policy prohibiting insider trading practices including the hedging of the Company's stock by executive officers.

**Repricing of Stock Options** the Company's equity incentive plans prohibit the repricing of stock options or other equity awards without the consent of our stockholders.

**Buyouts of Underwater Options** the Company's equity incentive plans prohibit the Company from buying out underwater stock options from executive officers.

**Stock Ownership Guidelines** The Company adopted share ownership guidelines for the named executive officers and independent directors as follows: (i) within five years after joining the Board or five years from the date of adoption of the guidelines, whichever is later, each non-employee Board member beneficially own Company stock valued at three times his or her annual base cash retainer fee, (ii) within five years after being appointed to his or her position or five years from the date of adoption of the guidelines, whichever is later, the Chief Executive Officer beneficially own Company stock valued at three times his or her base salary, and (iii) within five years after being appointed to his or her position or five years from the date of adoption of the guidelines, whichever is later, the other named executive officers beneficially own Company stock valued at one times his or her base salary.

**Clawback Policy** The Company adopted a policy that if the Company is required to prepare an accounting restatement due to the material noncompliance of the Company, as a result of misconduct, with any financial reporting requirement under the securities laws, within the meaning of Section 304 of the Sarbanes-Oxley Act of 2002, the Company's chief executive officer and chief financial officer shall reimburse the Company for any incentive bonus, or other incentive award or any equity award or profit earned from the sale of Company securities, during the twelve-month period in which the financial statements applied.

**Compensation Committee** the Company has established a Compensation Committee that is comprised exclusively of independent directors.

**Independent Consultants** the independent consultants who provided benchmarking data with respect to the named executive officers do not provide services to the Company other than at the direction of the Compensation Committee.

### Philosophy and Objectives of Compensation Programs

The primary objectives of our compensation programs are to:

Retain executive talent by offering compensation that is commensurate with pay at other companies of a similar size in similar industries, as adjusted for individual factors, and considering the complexity of the Company's business;

Safeguard the interests of the Company and the Company's stockholders;

## Edgar Filing: UFP TECHNOLOGIES INC - Form DEF 14A

Drive executive performance by having certain components of pay at risk and/or tied to Company and individual goal performance;

Be fair to employees, management and stockholders; and

Be well communicated and understood by program participants and stockholders.

The Compensation Committee believes that the most effective compensation program is one that provides a reasonable level of fixed income through competitive base salaries, equity grants and retirement benefits as well as additional rewards for achieving easily identifiable and clearly measured performance targets. The Compensation Committee also believes that these rewards should be in the form of both cash and non-cash, and have some component subject to time-based vesting as a retention measure. Incentive cash bonuses are included to drive executive performance by having pay at risk so that a significant portion of potential annual cash compensation is tied to profitability targets. We also include performance-based restricted stock awards with a time-based vesting component as a significant element of prospective executive compensation so that the value of a portion of an executive's compensation is dependent upon both company-wide performance measures and continued employment.

#### **Use of Compensation Consultants**

In 2008, the Compensation Committee engaged DolmatConnell & Partners, a Massachusetts-based compensation consulting firm ("DolmatConnell"), to perform a comprehensive comparative market study of the compensation programs offered to peer company chief executives and other executive officers. The Compensation Committee has used this information, strategy and philosophy over the past several years to evaluate each component of compensation, including base salaries, incentive bonuses and other stock-based incentives for its named executive officers, annually in view of the Company's performance. The chief executive officer also makes recommendations to the Compensation Committee about the compensation of the Company's other named executive officers. The Compensation Committee considers the chief executive officer's recommendations before making a final determination of the compensation programs for the named executive officers. The chief executive officer may not be present during voting or deliberations on his or her compensation.

In 2013, the Compensation Committee engaged Radford, a national compensation consulting firm ("Radford"), to perform an updated comprehensive comparative market study of the compensation programs offered to peer company chief executives, other executive officers, and directors. The Compensation Committee has used this information, strategy and philosophy to evaluate and adjust executive and director compensation for fiscal 2014, as discussed in greater detail under "2013 Compensation Study" below.

#### **Principal Elements of the 2013 Compensation Program**

There were five principal elements of compensation for the named executive officers during fiscal 2013:

Base salary;

Stock grant (CEO only);

Performance-based cash incentive bonus;

Performance-based long-term incentive in the form of time-based vesting restricted stock awards; and

Other perquisites.

*Base Salary* The base salaries established by the Compensation Committee for our named executive officers for fiscal 2013 are set forth below.

Named Executive Officer	Annual Base Salary (\$)
R. Jeffrey Bailly	\$ 450,000
Ronald J. Lataille	\$ 230,000
Mitchell C. Rock	\$ 230,000
Richard LeSavoy(1)	\$ 230,000
William David Smith(2)	\$ 230,000
Daniel J. Shaw, Jr.	\$ 175,000

(1) Mr. LeSavoy resigned from the Company, effective June 14, 2013.

(2) Mr. Smith joined the Company as Vice President, Operations, effective August 26, 2013.

Base salaries were reviewed by the Compensation Committee in light of the market competitive assessment done by DolmatConnell in 2008. The base salaries are also reviewed by the Compensation Committee annually and, if appropriate, are adjusted. The competitive assessment done by DolmatConnell included a survey of the following 15 companies:

CECO Environmental Corporation      Material Sciences Corporation      Portec Rail Products, Incorporated

Chase Corporation      MOD-PAC Corporation      Quixote Corporation

Culp, Incorporated      Nashua Corporation      Synalloy Corporation

EXX, Incorporated      North American Galvanizing & Coatings, Incorporated      The Eastern Company

Flanders, Corporation      Tufco Technologies, Incorporated

Landec Corporation

These companies had median revenues and net income of \$122.0 million and \$4.8 million, putting the Company, at the time, at the 30<sup>th</sup> percentile and 59<sup>th</sup> percentile, respectively. Compensation from these companies was compiled into categories including base salary, target cash compensation, long-term incentive value, all other compensation and total compensation. Compensation for each of the named executive officers was measured against this peer group. The named executive officers, on average, placed just above the 50<sup>th</sup> percentile. No significant adjustments to compensation were made as a result of this study in 2008. Since 2008, the Compensation Committee has adjusted the base

salaries of our named executive officers from time to time in its discretion.

*Stock Grant* for the past several years, including fiscal 2013, the Company has granted to Mr. R. Jeffrey Bailly, its Chief Executive Officer, an award of Common Stock as a component of his overall compensation. The objective of this equity component is to greater align the chief executive officer's interests with those of the Company's stockholders. The stock is typically issued to the chief executive officer in the last week of the fiscal year, assuming the chief executive officer remains employed by the Company on that date. In 2013, consistent with the terms of his employment agreement, the chief executive officer was granted shares valued at \$400,000.

*Cash Incentive Bonus* in the beginning of each fiscal year, following approval by the Board of Directors of the Company's Strategic Plan and Budget, the Compensation Committee establishes, at its discretion, performance targets for the named executive officers' cash incentive bonus. The performance targets include the achievement of Company-wide financial objectives as well as individual goals. Typically, the financial performance portion of the bonus fluctuates up and down based upon a degree by which the Company's actual results fall short of or exceed the financial objective. In certain instances, a small discretionary component is included.

For 2013, the following cash incentive bonuses were awarded by the Compensation Committee:

NEO	Overall Bonus Target as % of Base		Financial Component(1)		Individual Goals(2)		Discretionary		Total Incentive Bonus

- (1) Based upon targeted Adjusted Operating Income of \$18,800,000. Adjusted Operating Income is operating income as adjusted to disregard (i) non-recurring restructuring charges related to plant closings and consolidations and (ii) the impact of acquired or disposed of operations during the fiscal year ended December 31, 2013. Actual Adjusted Operating Income was \$17,548,000 for 2013, which reflects adjustments for \$150,000 of one-time unbudgeted expenses associated with the closure of the Company's Ventura, CA plant and integration costs of Packaging Alternatives Corporation. The financial component of the incentive bonus for Mr. Bailly fluctuates by 10% by which the actual Adjusted Operating Income exceeds the targeted Adjusted Operating Income, with a maximum bonus of \$500,000. To the extent that actual Adjusted Operating Income is less than 80% of targeted Adjusted Operating Income, the financial component of Mr. Bailly's incentive bonus is zero. To the extent that actual Adjusted Operating Income equals or exceeds 80% of targeted Adjusted Operating Income but is less than targeted Adjusted Operating Income, the financial component of Mr. Bailly's incentive bonus is determined as \$112,500 (half of the targeted bonus) plus 2.992% of the amount by which actual Adjusted Operating Income exceeds 80% of targeted Adjusted Operating Income. The financial component of the incentive bonus for Messrs. Rock, Lataille, Smith and Shaw fluctuates by 1% by which the actual Adjusted Operating Income falls short of or exceeds the targeted Adjusted Operating Income.
- (2) Individual goals for Mr. Bailly were related to strategic planning, systems implementation, acquisitions, revenue growth, and departmental restructuring. Individual goals for Mr. Lataille were related to regulatory compliance, systems implementation, business analysis and investor relations. Individual goals for Mr. Rock were related to revenue growth, acquisitions, sales and marketing department structure and human resources. Individual goals for Mr. Smith were related to plant operations, communication, plant footprint optimization and strategic planning. Individual goals for Mr. Shaw were related to research and development, design engineering, estimating and manufacturing engineering.
- (3) Mr. LeSavoy resigned from the Company effective June 14, 2013 and therefore was not eligible to receive an incentive bonus.
- (4) Mr. Smith joined the Company effective August 26, 2013. His incentive bonus was determined as the pro-rata share of the amount that he would have earned for the year had he been with the Company for the entire year.

*Long-term Incentives.* It is the philosophy of the Company and the Compensation Committee to provide executives with long-term incentives and, thus, align their financial interests with those of the Company's stockholders. Among the Company's various compensation plans, the Company maintains two equity incentive plans for employees the Company's 1993 Employee Stock Option Plan, which expired in 2010, and the Company's 2003 Incentive Plan that provide long-term rewards and incentives to the Company's named executive officers, as well as other participants.

The Company maintains a stock unit award program for the named executive officers under the 2003 Incentive Plan. The stock unit awards represent a right to receive shares of the Company's Common Stock in varying amounts, generally based on the achievement of certain financial performance objectives by the Company and time-based vesting requirements. For 2013, the following

## Edgar Filing: UFP TECHNOLOGIES INC - Form DEF 14A

stock unit awards were approved by our Compensation Committee for grant to our named executive officers:

	Threshold Adjusted Operating Income of \$16,920,000(1)(2)		Target Adjusted Operating Income of \$21,620,000(1)(2)		Exceptional Adjusted Operating Income of \$26,320,000(1)(2)	
	Number of shares	Grant Date Value	Number of shares	Grant Date Value	Number of shares	Grant Date Value
R. Jeffrey Bailly	5,842	\$ 116,666	5,842	\$ 116,666	5,842	\$ 116,666
Ronald J. Lataille	1,252	\$ 25,000	1,252	\$ 25,000	1,252	\$ 25,000
Mitchell C. Rock	1,252	\$ 25,000	1,252	\$ 25,000	1,252	\$ 25,000
Richard LeSavoy(3)	1,252	\$ 25,000	1,252	\$ 25,000	1,252	\$ 25,000
Daniel J. Shaw, Jr.	1,002	\$ 20,000	1,002	\$ 20,000	1,002	\$ 20,000

- (1) The "threshold", "target" and "exceptional" financial performance targets were established by the Compensation Committee as the achievement of 90%, 115% and 140% of the Company's targeted Adjusted Operating Income of \$18,800,000, respectively. Based upon the Company's achievement of \$17,548,000 in actual Adjusted Operating Income for its 2013 fiscal year, the Compensation Committee determined that the Company had achieved the "threshold" financial performance target relating to stock unit awards granted in 2013, but that the "target" and "exceptional" financial performance targets had not been achieved, and as a result the "target" and "exceptional" shares were not eligible to become vested.
- (2) One-third of these awards vest on March 1, 2015, one-third of these awards vest on March 1, 2016 and one-third of these awards vest on March 1, 2017, provided that the recipient remains continuously employed by the Company through each such vesting date and the corresponding financial performance requirement is met.
- (3) These stock unit awards were forfeited prior to vesting upon Mr. LeSavoy's resignation from the Company effective June 14, 2013.

### Other Benefits and Perquisites

*Deferred Compensation Plan* in 2006, the Company implemented the UFP Technologies Executive Nonqualified Excess Plan ("Deferred Compensation Plan"). Under the Deferred Compensation Plan, named executive officers and other key employees are eligible to defer up to 90% of base salary and 100% of bonus and/or commissions into the Plan. Investments of the deferrals are directed by the participants and returns on the deferrals are determined accordingly. Employer contributions into the Deferred Compensation Plan are discretionary and determined by the Compensation Committee. No employer contributions were made in 2013.

*Supplemental Disability Insurance* beginning in 2007, named executive officers received long-term disability insurance coverage to supplement the Company's group long-term disability plan. The objective is to provide named executive officers with sufficient coverage to replace a significant portion of his wages in the event of disability. The premiums are paid for by the Company and amounted to approximately \$12,000 in the aggregate for all named executive officers in 2013.

*Profit Sharing/401(k) Plan* all employees, including named executive officers, who meet certain criteria are eligible to participate in the UFP Technologies, Inc. 401(k) Plan (the "401(k) Plan"). Participants in the 401(k) Plan can defer up to 20% of their gross compensation, subject to IRS limitations, on a pre-tax basis. The Company matches employee deferrals at a discretionary rate, which was 50% of employee deferrals up to a maximum of 2% of an employee's gross wages in 2013. In addition, the Company may make an additional discretionary profit sharing contribution which was

approximately 1.60% of gross qualifying wages in 2013. No employee deferrals are required to receive an allocated portion of the profit sharing contribution.

*Perquisites* the Company provides welfare benefits to its named executive officers with officer contributions consistent with other UFP employees. The chief executive officer is also eligible for additional perquisites including club memberships, life insurance and Company paid tax preparation fees. These chief executive officer perquisites are offered principally to facilitate the chief executive officer's role as a Company representative within the community, and to entertain customers.

#### **Policy on Equity-Based Award Timing and Pricing**

The Company's Board of Directors adopted a policy whereby equity-based awards are only to be granted by majority vote of members of the Compensation Committee at a committee meeting. The Company's policy is to permit trading of Company securities commencing 48 hours after the release of quarterly or annual earnings, assuming that, at such time, there is, in the opinion of the Directors, no material inside information pending. The Company's 2003 Incentive Plan establishes fair market value as the closing price on the date of grant of any equity security, including stock options, granted pursuant to such plan.

#### **Tax Considerations**

As part of its role, the Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended, which provides that the Company may not deduct compensation of more than \$1,000,000 that is paid to certain individuals, unless such compensation is paid pursuant to one of the enumerated exceptions set forth in Section 162(m). The Company believes that compensation paid under the management incentive plans is generally fully deductible for federal income tax purposes. In this regard, for 2013, no named executive officer received compensation in excess of the limits imposed by Section 162(m) and, therefore, the Company believes that all executive compensation is deductible for federal income tax purposes.

#### **Stockholder Advisory Vote on Executive Compensation**

In reviewing our 2013 compensation decisions and policies, we considered the results of our stockholders' advisory vote to approve executive compensation, which was conducted at our 2013 annual meeting of stockholders last June. In the proxy statement provided to stockholders in connection with our 2013 annual meeting, the Company's Board of Directors recommended that stockholders vote in favor of this proposal. The affirmative vote of a majority of the votes cast by the stockholders entitled to vote on this proposal at the 2013 annual meeting was required for advisory approval of this proposal. Over 97% of such shares were voted to approve, on an advisory basis, our executive compensation. We considered this vote as supportive of our compensation decisions and policies.

#### **2013 Compensation Study**

During 2013, the Compensation Committee engaged Radford to perform an updated comprehensive comparative market study of the compensation programs offered to peer company chief executives, other executive officers and directors. The Compensation Committee intends to use this information, strategy and philosophy annually, in view of the Company's performance, to evaluate each component of compensation, including base salaries, incentive bonuses and other stock-based incentives, for its named executive officers and directors.

## Edgar Filing: UFP TECHNOLOGIES INC - Form DEF 14A

Radford assessed the Company's pay structure against the following peer group:

American Pacific	Hurco Companies	Omega Flex
CECO Environmental	Key Technology	Rochester Medical

Based upon the Radford report and the Company's philosophy of positioning executive compensation at or about the 50<sup>th</sup> percentile as compared to its peer group companies, the Compensation Committee has made the following changes to executive compensation for 2014:

Increased the base salaries of Messrs. Lataille, Rock, Smith, and Shaw from \$230,000, \$230,000, \$230,000, and \$175,000 to \$255,000, \$240,000, \$240,000 and \$180,000, respectively;

Increased the target bonus opportunity for Messrs. Lataille, Rock, Smith, and Shaw to 40% from 35%; and

Adjusted the long-term incentive awards for all executive officers to the 50<sup>th</sup> percentile, with 50% of such awards being subject to time-based vesting requirements only, 25% being subject to both time-based vesting requirements and the achievement of a "target" financial performance objective and 25% being subject to both time-based vesting requirements and the achievement of an "exceptional" financial performance objective.

Based upon the Radford report the Board of Directors of the Company has made the following changes to director compensation beginning in June 2014:

Increase the annual cash component of Board compensation from \$10,000 to \$25,000; and

(2) The amounts included in the "Stock Awards" column represents the grant date fair value of stock unit awards granted to the named executive officers. Amounts shown do not reflect compensation actually received by the named executive officer nor does it necessarily reflect the actual value that will be recognized by the named executive officer. Instead, the amount shown is the grant date fair value of restricted stock granted to the named executive officer computed in accordance with FASB ASC, Topic 718, Compensation Stock Compensation. The assumptions used to calculate the value of restricted stock awards are set forth under Note 1(l) Share-Based Compensation, to the Company's consolidated financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2013. The grant date fair value is based upon the probable outcome of the performance conditions applicable to each award. Assuming the maximum share payout, which is earned when performance is at or above 140% of targeted Adjusted Operating Income, the grant date fair value of all stock awards granted to each named executive officer would be as follows: for Mr. Bailly, \$750,000; for Mr. Lataille, \$75,000; for Mr. Rock, \$75,000; for Mr. LeSavoy, \$75,000, and for Mr. Shaw, \$75,000.

(3) The amounts included in the "Options Awards" column represents the grant date fair value of all stock options granted to the named executive officers. Amounts shown do not reflect compensation actually received by the named executive officer nor does it

### Employment Contract

On October 8, 2007, the Company entered into an employment agreement with Mr. R. Jeffrey Bailly, the Company's President and Chief Executive Officer and the Chairman of the Company's Board of Directors. The Agreement is terminable by either party at any time, as provided below. On March 2, 2011 the Company and Mr. Bailly executed an amendment to the employment agreement. Pursuant to the terms of the amendment, effective January 1, 2012, Mr. Bailly's annual salary increased from not less than \$300,000 to not less than \$350,000, and the Annual Stock Grant Award changed from 25,000 shares of the Company's Common Stock to \$300,000 worth of shares of the Company's Common Stock. On February 18, 2013 the Company and Mr. Bailly executed an amendment to the employment agreement. Pursuant to the terms of the amendment, effective January 1, 2013, Mr. Bailly's annual salary increased from not less than \$350,000 to not less than \$450,000, and the Annual Stock Grant Award changed from \$300,000 worth of shares of the Company's Common Stock to \$400,000 worth of shares of the Company's Common Stock. Also pursuant to the terms of the amendment, effective January 1, 2013, Mr. Bailly is no longer entitled to an income tax gross-up on the Annual Stock Grant Award.

As amended, the employment agreement provides that Mr. Bailly will receive a minimum annual salary of \$450,000 and consideration for discretionary bonuses. Pursuant to the agreement, Mr. Bailly will receive an annual stock grant award (the "Annual Stock Grant Award") on or about January 1 of each year entitling him to receive on or before December 31 (the "Issue Date") of each year an aggregate of \$400,000 worth of shares of the Company's Common Stock, provided that Mr. Bailly remains employed with the Company through the Issue Date of each such year. Annual Stock Grant Awards are to be made under the Company's 2003 Incentive Plan.

Mr. Bailly's agreement prohibits him from competing with the Company for a period of eighteen months following the termination of his employment for any reason. The employment agreement provides Mr. Bailly with certain other benefits, including the opportunity to participate in the Company's stock option plans, insurance plans and other employment benefits as may be generally available to senior executives of the Company, as well as for the direct payment or reimbursement of tax preparation fees, certain dues and fees relating to club memberships and other fringe benefits.

Under the terms of the Agreement, if (i) Mr. Bailly's employment with the Company is terminated by the Company without Cause (as defined in the agreement), (ii) Mr. Bailly terminates his employment with the Company for Good Reason (as defined in the agreement), or (iii) Mr. Bailly voluntarily terminates his employment within six months of a Change in Control (as defined in the agreement) of the Company, then the Company is required to pay Mr. Bailly a lump sum amount equal to three times his average annual compensation for the two years preceding such termination. The agreement defines "average annual compensation" as including aggregate base salary, the Annual Stock Grant Award, and bonus compensation earned in such years. However, any termination payment to Mr. Bailly shall be limited to an amount that would not result in the imposition of an excise tax or denial of a tax deduction for the Company under the tax code's golden parachute rules. The agreement

Edgar Filing: UFP TECHNOLOGIES INC - Form DEF 14A

also provides that in the event of (i) a Change in Control of the Company or (ii) termination of Mr. Bailly's employment by the Company without Cause, or by Mr. Bailly for Good Reason, then (i) any shares in the Annual Stock Grant Award not issued to Mr. Bailly to which he would otherwise be entitled as of the next Issue Date following such Change in Control or such termination will be immediately issued to him and (ii) any of Mr. Bailly's other earned but unvested Stock Rights (as defined in the Agreement) will immediately vest in full. If Mr. Bailly's employment with the Company is terminated by the Company without Cause, or if Mr. Bailly terminates his employment with the Company for Good Reason, the Company will continue to pay Mr. Bailly's health insurance for up to thirty-six months.

Instead, the amount shown is the grant date fair value of restricted stock and stock options granted to the named executive officer computed in accordance with FASB ASC, Topic 718, Compensation - Stock Compensation. The assumptions used to calculate the value of restricted stock awards and stock options are set forth under Note 1(l) Share-Based Compensation, to the Company's consolidated financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2013.

Except in the case of Mr. Bailly, any unvested stock unit awards shall terminate upon the cessation of a recipient's employment with the Company. With respect to Mr. Bailly, in the event of a cessation of employment by the Company without "cause" or by Mr. Bailly for "good reason" (as such terms are defined in his stock unit award agreement), all earned but unvested stock unit awards shall become immediately exercisable, regardless of such cessation of employment. In the event of a change in control of the Company (as defined in the stock unit award agreement evidencing the award) on or after January 1, 2014, all earned but unvested stock unit awards held by each of the named executive officers shall become fully vested immediately prior to the effective date of such change in control.
- (3) These stock unit awards are subject to "Threshold", "Target" and "Maximum" financial performance objectives, established by the Compensation Committee as the achievement of 90%, 115% and 140% of the Company's targeted Adjusted Operating Income for fiscal 2013. Based upon the Company's financial results for its 2013 fiscal year, the Compensation Committee determined that the Threshold goal had been achieved, but that the Target and Maximum goals had not been achieved. Accordingly, each named executive

For 2013 non-employee directors received: (i) an annual retainer of \$30,000, with a \$10,000 cash component and a \$20,000 equity component, payable 50% in the form of an unrestricted stock grant and 50% in the form of options, (ii) an annual committee retainer of \$5,000 in cash, and an additional \$2,500 if the non-employee director serves as committee chairman, (iii) reimbursement of expenses for each meeting physically attended, and (iv) an annual lead independent director retainer of \$5,000 for the individual serving in that position. David B. Gould served as the Company's lead independent director for fiscal 2013.

As discussed under "Compensation Discussion and Analysis" above, based upon the 2013 Radford report, the Board has approved the following effective June 2014: (i) an increase the annual cash component of Board compensation from \$10,000 to \$25,000; and (ii) an increase the annual equity award component of Board compensation from \$20,000 to \$35,000.

Under our stock ownership guidelines, the Board has established a goal that, within five years after joining the Board or five years from the date of adoption of the guidelines, whichever is later, each non-employee Board member beneficially own Company stock valued at three times his or her annual base cash retainer fee.

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

*R. Jeffrey Bailly.* In fiscal 2013, we paid Mr. Bailly's brother compensation in the aggregate amount of approximately \$148,000, which primarily consisted of salary and benefits available to all employees, for services rendered to the Company in his capacity as Director, Corporate Estimating.

*Review, Ratification and Approval.* As provided in the charter of our Audit Committee, the Audit Committee reviews and approves related party transactions (unless such review and approval has been delegated to another committee consisting solely of independent directors). The non-exclusivity of this delegation provides the Board with flexibility to address the particular circumstances of any related-party transaction. Additionally, if one or more members of the Audit Committee are otherwise conflicted, or for any other reason, the Board reserves the right to establish a separate committee of disinterested independent directors to review a particular transaction. Regardless of the deliberative body of disinterested independent directors reviewing a related-party transaction, the standard applied in reviewing such transaction is whether the transaction is on terms no less favorable to the Company than terms generally available from an unaffiliated third party under the same or similar circumstances. The Board generally considers related-party transactions to be those transactions that are required to be disclosed pursuant to Item 404 of Regulation S-K.

**PROPOSAL NO. 2**  
**ADVISORY VOTE ON EXECUTIVE COMPENSATION**

This advisory vote on executive compensation is provided as required pursuant to Section 14A of the Securities Exchange Act of 1934, as amended. The Company is seeking the approval by its stockholders of a non-binding advisory resolution to approve the compensation of our named executive officers, as disclosed in this proxy statement under the section titled "Executive Officer and Director Compensation Compensation Discussion and Analysis" and " Executive Compensation." While this stockholders vote on executive compensation is only an advisory vote that is not binding on the Company or the Board of Directors, the Company values the opinions of its stockholders and will consider the outcome of the vote when making future compensation decisions.

## Edgar Filing: UFP TECHNOLOGIES INC - Form DEF 14A

As described more fully above under "Compensation Discussion and Analysis," the primary objective of our executive compensation program is to attract, retain and reward executive officers who contribute to our long-term success. We believe this requires a competitive compensation structure as compared to companies of a similar size in the same or similar industries. Additionally, we seek to align a significant portion of executive officer compensation to the achievement of specified Company performance goals. Incentive cash bonuses are included to drive executive performance by having pay at risk so that a significant portion of potential annual cash compensation is tied to profitability targets. We also include performance-based restricted stock awards with a time-based vesting component as a significant element of prospective executive compensation so that the value of a portion of an executive's compensation is dependent upon both company-wide performance measures and continued employment.

We urge stockholders to read the Compensation Discussion and Analysis, which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and the related compensation tables and narrative above which provide detailed information on the compensation of our named executive officers.

In light of the above, the Compensation Committee and the Board of Directors believe that the policies and procedures articulated in the Compensation Discussion and Analysis are effective in achieving our goals and that the compensation of our named executive officers reported in this proxy statement has supported and contributed to the Company's success. To that end, we will ask our stockholders to vote "FOR" the following resolution at the annual meeting:

**RESOLVED, that the compensation paid to the named executive officers, as disclosed in this Proxy Statement pursuant to the SEC's executive compensation disclosure rules (which disclosure includes the Compensation Discussion and Analysis, the compensation tables, and the narrative disclosures that accompany the compensation tables), is hereby APPROVED.**

### **Principal Effects of Approval or Non-Approval of the Proposal**

The approval of the compensation of the named executive officers, commonly known as a "say-on-pay" resolution, is non-binding on the Board of Directors. As stated above, although the vote is non-binding, the Board and the Compensation Committee will review and consider the voting results when making future decisions regarding our executive compensation program.

The Company's current policy is to provide stockholders with an opportunity to approve, on a non-binding advisory basis, the compensation of the named executive officers each year at the annual meeting of stockholders. It is expected that the next such vote will occur at the 2015 annual meeting of stockholders.

### **Vote Required**

The non-binding approval of the compensation of the named executive officers by the stockholders requires the approval of a majority of the votes cast by the stockholders entitled to vote on this proposal at the meeting. Abstentions and broker non-votes will not be treated as votes cast for this purpose and will not affect the outcome of the vote. Proxies solicited by the Board will be voted to approve the compensation of the named executive officers unless a stockholder has indicated otherwise in the proxy.

**OUR BOARD RECOMMENDS A VOTE "FOR" THE APPROVAL OF THIS RESOLUTION.**

**PROPOSAL NO. 3**  
**RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has selected Grant Thornton LLP ("Grant Thornton") as the Company's independent registered public accounting firm for the year ending December 31, 2014, and the Board of Directors is asking stockholders to ratify that selection. Although current law, rules, and regulations, as well as the Audit Committee Charter, require the Audit Committee to engage, retain, and supervise the Company's independent registered public accounting firm, the Board considers the selection of the independent registered public accounting firm to be an important matter of stockholder concern and is submitting the selection of Grant Thornton for ratification by stockholders as a matter of good corporate practice. If the stockholders do not ratify the selection of Grant Thornton, the Audit Committee will review the Company's relationship with Grant Thornton and take such action as it deems appropriate, which may include continuing to retain Grant Thornton as the Company's independent registered public accounting firm.

**Vote Required**

The affirmative vote of a majority of the votes cast by the stockholders entitled to vote on this proposal at the Meeting is required to ratify the appointment of Grant Thornton. Abstentions and broker non-votes will not be treated as votes cast for this purpose and will not affect the outcome of the vote. Proxies solicited by the Board will be voted to ratify the appointment of Grant Thornton unless a stockholder has indicated otherwise in the proxy.

**THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" APPROVAL OF PROPOSAL NO. 3.**

**Independent Registered Public Accounting Firm**

The Audit Committee has appointed Grant Thornton independent accountants, to be the Company's independent registered public accounting firm and to audit the consolidated financial statements of the Company for the year ending December 31, 2014. The Company is advised that no member of Grant Thornton has any direct financial interest or material indirect financial interest in the Company or has had any connection with the Company in the capacity of promoter, underwriter, voting trustee, director, officer or employee since such date. Grant Thornton also served as our independent registered public accounting firm during 2013.

A representative of Grant Thornton is expected to be present at the Meeting and will be given the opportunity to make a statement if so desired. The representative will be available to respond to appropriate questions.

*Audit Fees.* The Company incurred an aggregate of approximately \$275,000 in fees for audit services from Grant Thornton in each of the fiscal years ended December 31, 2013 and 2012. Audit fees include fees and expenses for professional services rendered in connection with the audit of the Company's annual financial statements, reviews of the financial statements included in each of the Company's Quarterly Reports on Form 10-Q during those years and fees for services related to the Company's registration statements, consents and assistance with and review of documents filed with the SEC.

*Audit-Related Fees.* The Company incurred no audit-related fees in the fiscal years ended December 31, 2013 and 2012 from Grant Thornton.

*Tax Fees.* The Company incurred no tax fees for the fiscal years ended December 31, 2013 and 2012, respectively, from Grant Thornton.

## Edgar Filing: UFP TECHNOLOGIES INC - Form DEF 14A

*All Other Fees.* The Company incurred no other fees for the fiscal years ended December 31, 2013 and 2012, respectively, from Grant Thornton.

The Audit Committee has considered whether the provision of non-audit services by Grant Thornton is compatible with maintaining Grant Thornton's independence, and believes that the provision of such services is compatible.

### **Audit Committee Policy on Pre-Approval of Services of Independent Registered Public Accounting Firm**

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services provided by Grant Thornton. These services may include audit services, audit-related services, tax services and other services.

## OTHER MATTERS

### Voting Procedures

The votes of stockholders present in person or represented by proxy at the Meeting will be tabulated by an inspector of elections appointed by the Company. A quorum, consisting of a majority of shares of all stock issued, outstanding and entitled to vote at the Meeting, will be required to be present in person or by proxy for consideration of the proposals to conduct business at the Meeting. However, if a quorum is not present, a vote of a majority of the votes properly cast will adjourn the Meeting, whether or not a quorum is present. Votes withheld, abstentions and broker "non-votes" are counted as present or represented for purposes of determining the presence or absence of a quorum. A "non-vote" occurs when a broker holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because, in respect of such other proposal, the broker does not have discretionary voting power and has not received instructions from the beneficial owner.

The election of directors will be determined by a plurality of the votes cast by stockholders entitled to vote at the annual meeting. On all other matters being submitted to stockholders, the affirmative vote of a majority of shares cast, in person or represented by proxy, by the stockholders entitled to vote on each such matter at the annual meeting is required for approval.

An automated system tabulates the votes. The vote on each matter submitted to stockholders is tabulated separately. Abstentions and broker "non-votes" are included in the number of shares present or represented for purposes of quorum, but are not considered as shares voting or as votes cast with respect to any matter presented at the annual meeting. As a result, abstentions and broker "non-votes" will not have any effect on any of the matters being submitted to stockholders.

### Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers, directors and persons who own more than 10 percent of the Company's Common Stock to file initial reports of their ownership and changes in ownership of the Company's Common Stock with the SEC. Based solely on the Company's review of the copies of such reports it has received and written representations from certain reporting persons, with respect to the fiscal year ended December 31, 2013, the Company believes that each person who was required to file such reports complied with the applicable filing requirements.

### Other Proposed Action

The Board of Directors knows of no matters that may come before the Meeting other than those discussed above. However, if any other matters should properly be presented to the Meeting, the persons named as proxies shall have discretionary authority to vote the shares represented by the accompanying proxy in accordance with their own judgment and applicable laws and regulations.

### Stockholder Communications

Stockholders may contact the Board of Directors of the Company by writing to them c/o Investor Relations, UFP Technologies, Inc., 172 East Main Street, Georgetown, Massachusetts 01833. In general, any stockholder communication directed to the Board or a committee thereof will be delivered to the Board or the appropriate committee. However, the Company reserves the right not to forward to the Board any abusive, threatening or otherwise inappropriate materials.

### Stockholder Proposals and Nominations for Director

Stockholder proposals for inclusion in the Company's proxy materials for the 2015 Annual Meeting of Stockholders pursuant to Rule 14a-8 of the Securities Exchange Act of 1934 must be received by the

## Edgar Filing: UFP TECHNOLOGIES INC - Form DEF 14A

Company no later than January 2, 2015. These proposals must also meet the other requirements of the rules of the Securities and Exchange Commission and the Company's Bylaws.

The Company's Bylaws establish an advance notice procedure with regard to proposals that stockholders otherwise desire to introduce at the Company's Annual Meeting without inclusion in the Company's proxy statement for that meeting. Written notice of such stockholder proposals and director nominations for the Company's Annual Meeting of Stockholders in 2013 must be received by the Company's Board of Directors, c/o Secretary, UFP Technologies, Inc., 172 East Main Street, Georgetown, Massachusetts 01833, not later than March 13, 2015 and must not have been received earlier than February 11, 2015 in order to be considered timely, and must contain specified information concerning the matters proposed to be brought before such meeting and concerning the stockholder proposing such matters. The matters proposed to be brought before the meeting also must be proper matters for stockholder action. If a stockholder who wishes to present such a proposal fails to notify the Company within this time frame, the proxies that management solicits for the meeting will have discretionary authority to vote on the stockholder's proposal if it is properly brought before the meeting. If a stockholder makes a timely notification, the proxies may still exercise discretionary voting authority under circumstances consistent with the proxy rules of the Securities and Exchange Commission.

Pursuant to the Company's Bylaws, the notice must set forth: (a) for each nominee (i) information as would be required to be included in a proxy statement filed pursuant to the proxy rules of the Securities and Exchange Commission, and (ii) written consent to be named in the proxy statement and serve as director if so elected; (b) a brief description of any proposed business including (i) the text of such proposal and any accompanying resolutions, (ii) the reasons for conducting such business at the meeting, and (iii) any material interest held by the proposing stockholder or any beneficial owner on whose behalf the proposal is made; and (c) proposing stockholder and/or beneficial owner information including, (i) name and address, (ii) the class and number of shares of capital stock held, (iii) a description of any agreement, arrangement or understanding with respect to the nomination or proposal with any of their affiliates or associates, and any others acting in concert with the foregoing, (iv) a description of any agreement, arrangement or understanding with respect to shares of the Company's stock entered into by the date of such notice for the purposes of loss mitigation, risk management or derivation of benefit from share price changes and/or redistribution of voting power, (v) a representation that such stockholder is the holder of record, is entitled to vote, and intends to appear in person or by proxy and propose such business or nomination, (vi) a representation of intention to either deliver proxy statements to holders of the necessary percentage of shares or to solicit proxies in support of the proposal, and (vii) any other information relating to such stockholder and/or beneficial owner required to be disclosed in filings made in connection with solicitation of proxies pursuant to the Securities Exchange Act of 1934. The stockholder can alternatively satisfy the notice requirement by submitting proposals in compliance with Securities and Exchange Commission requirements and inclusion of such proposal within a proxy statement prepared by the Company. Compliance with the Company's Bylaws shall be the exclusive means for a stockholder to make nominations or submit other business to the annual meeting (other than matters properly brought in compliance with the rules of the Securities Exchange Act of 1934).

### **Incorporation By Reference**

To the extent that this Proxy Statement has been or will be specifically incorporated by reference into any filing by the Company under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, the sections of the Proxy Statement entitled "Report of the Compensation Committee" and "Report of the Audit Committee" shall not be deemed to be so incorporated, unless specifically otherwise provided in any such filing.

**Annual Report on Form 10-K**

Copies of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2013 as filed with the Securities and Exchange Commission, this Proxy Statement and the Proxy Card are available to stockholders without charge at the Company's website, [www.ufpt.com/investors/filings.html](http://www.ufpt.com/investors/filings.html), and upon written request addressed to Investor Relations, UFP Technologies, Inc. at 172 East Main Street, Georgetown, Massachusetts 01833.
