Table of Contents**TE CONNECTIVITY LTD.****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)****1. Basis of Presentation**

The unaudited Condensed Consolidated Financial Statements of TE Connectivity Ltd. ("TE Connectivity" or the "Company," which may be referred to as "we," "us," or "our") have been prepared in United States ("U.S.") dollars, in accordance with accounting principles generally accepted in the U.S. ("GAAP") and the instructions to Form 10-Q under the Securities Exchange Act of 1934, as amended. In management's opinion, the unaudited Condensed Consolidated Financial Statements contain all normal recurring adjustments necessary for a fair presentation of interim results. The results of operations reported for interim periods are not necessarily indicative of the results of operations for the entire fiscal year or any subsequent interim period.

The year-end balance sheet data was derived from audited financial statements, but does not include all of the information and disclosures required by GAAP. These financial statements should be read in conjunction with our audited Consolidated Financial Statements contained in our Annual Report on Form 10-K for the fiscal year ended September 26, 2014.

Unless otherwise indicated, references in the Condensed Consolidated Financial Statements to fiscal 2015 and fiscal 2014 are to our fiscal years ending September 25, 2015 and September 26, 2014, respectively.

2. Restructuring and Other Charges, Net

Net restructuring charges by segment were as follows:

	For the Quarters Ended	
	December 26, 2014	December 27, 2013
	(in millions)	
Transportation Solutions	\$1	\$1
Industrial Solutions	2	1
Network Solutions	1	5
Consumer Solutions	23	
Restructuring charges, net	\$27	\$7

Table of Contents**TE CONNECTIVITY LTD.****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (Continued)****2. Restructuring and Other Charges, Net (Continued)**

Activity in our restructuring reserves during the first quarter of fiscal 2015 is summarized as follows:

	Balance at September 26, 2014	Charges	Changes in Estimate	Cash Payments	Non-Cash Items	Currency Translation	Balance at December 26, 2014
(in millions)							
Fiscal 2015 Actions:							
Employee severance	\$	\$11		\$ (3)		\$	\$8
Property, plant, and equipment		14			(14)		
Total		25		(3)	(14)		8
Fiscal 2014 Actions:							
Employee severance		16		(2)			14
Facility and other exit costs		1					1
Total		17		(2)			15
Pre-Fiscal 2014 Actions:							
Employee severance	84	1	(1)	(14)		(4)	66
Facility and other exit costs	22	1		(3)			20
Property, plant, and equipment		1			(1)		
Total	106	3	(1)	(17)	(1)	(4)	86
Total Activity	\$123	\$28	\$(1)	\$(22)	\$(15)	\$(4)	\$109

Fiscal 2015 Actions

During fiscal 2015, we initiated a restructuring program associated with headcount reductions and product line closures, primarily impacting the Consumer Solutions segment. In connection with this program, during the quarter ended December 26, 2014, we recorded restructuring charges of \$25 million. We expect to complete all restructuring actions commenced in the first quarter of fiscal 2015 by the end of fiscal 2016 and to incur total charges of approximately \$27 million.

Fiscal 2014 Actions

During fiscal 2014, we initiated a restructuring program primarily associated with headcount reductions and manufacturing site and product line closures in the Network Solutions and Consumer Solutions segments. In connection with this program, during the quarter ended December 27, 2013, we recorded restructuring charges of \$3 million. We did not incur any charges during the quarter ended December 26, 2014. We do not expect to incur any additional expense related to restructuring actions commenced in fiscal 2014.

Table of Contents**TE CONNECTIVITY LTD.****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (Continued)****2. Restructuring and Other Charges, Net (Continued)***Pre-Fiscal 2014 Actions*

During fiscal 2013, we initiated a restructuring program associated with headcount reductions and manufacturing site closures impacting all segments. During fiscal 2012, we initiated a restructuring program to reduce headcount across all segments. Also, during fiscal 2012, we initiated a restructuring program in the Transportation Solutions and Industrial Solutions segments associated with the acquisition of Deutsch Group SAS. During the quarters ended December 26, 2014 and December 27, 2013, we recorded net restructuring charges of \$2 million and \$4 million, respectively, related to pre-fiscal 2014 actions. We do not expect to incur any additional significant charges related to pre-fiscal 2014 actions.

Total Restructuring Reserves

Restructuring reserves included on our Condensed Consolidated Balance Sheets were as follows:

	December 26, 2014	September 26, 2014
	(in millions)	
Accrued and other current liabilities	\$80	\$92
Other liabilities	29	31
Restructuring reserves	\$109	\$123

3. Acquisition

On October 9, 2014, we acquired 100% of the outstanding shares of Measurement Specialties, Inc. ("Measurement Specialties"), a leading global designer and manufacturer of sensors and sensor-based systems, for \$86.00 in cash per share. The total value paid was approximately \$1.7 billion, net of cash acquired, and included \$225 million for the repayment of Measurement Specialties' debt and accrued interest. Measurement Specialties offers a broad portfolio of technologies including pressure, vibration, force, temperature, humidity, ultrasonics, position, and fluid sensors, for a wide range of applications and industries. This business has been reported as part of our Transportation Solutions segment from the date of acquisition.

The Measurement Specialties acquisition was accounted for under the provisions of Accounting Standards Codification ("ASC") 805, *Business Combinations*. We have preliminarily allocated the purchase price to tangible and identifiable intangible assets acquired and liabilities assumed based on their estimated fair values. We are in the process of completing the valuation of identifiable intangible assets, fixed assets, and pre-acquisition contingencies and, therefore, the fair values set forth below are subject to adjustment upon finalizing the valuations. The amount of these potential adjustments could be significant. We expect to complete the purchase price allocation during the second quarter of fiscal 2015.

Table of Contents**TE CONNECTIVITY LTD.****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (Continued)****3. Acquisition (Continued)**

The following table summarizes the preliminary allocation of the purchase price to the fair value of identifiable assets acquired and liabilities assumed at the date of acquisition, in accordance with the acquisition method of accounting:

	(in millions)
Cash and cash equivalents	\$37
Accounts receivable	84
Inventories	111
Other current assets	18
Property, plant, and equipment	82
Goodwill	1,071
Intangible assets	561
Other non-current assets	9
Total assets acquired	1,973
Current maturities of long-term debt	20
Accounts payable	48
Other current liabilities	66
Long-term debt	203
Deferred income taxes	105
Other non-current liabilities	10
Total liabilities assumed	452
Net assets acquired	1,521
Cash and cash equivalents acquired	(37)
Net cash paid	\$1,484

The fair values assigned to intangible assets were preliminarily determined through the use of the income approach, specifically the relief from royalty and the multi-period excess earnings methods. Both valuation methods rely on management judgment, including expected future cash flows resulting from existing customer relationships, customer attrition rates, contributory effects of other assets utilized in the business, peer group cost of capital and royalty rates, and other factors. The valuation of tangible assets was derived using a combination of the income, market, and cost approaches. Significant judgments used in valuing tangible assets include estimated reproduction or replacement cost, useful lives of assets, estimated selling prices, costs to complete, and reasonable profit. Useful lives for intangible assets were determined based upon the remaining useful economic lives of the intangible assets that are expected to contribute directly or indirectly to future cash flows.

Table of Contents**TE CONNECTIVITY LTD.****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (Continued)****3. Acquisition (Continued)**

Intangible assets acquired consisted of the following:

	Amount (in millions)	Weighted-Average Amortization Period (in years)
Customer relationships	\$390	18
Developed technology	154	9
Trade names and trademarks	5	1
Customer order backlog	12	<1
Total	\$561	15

The acquired intangible assets are being amortized on a straight-line basis over their expected useful lives.

Goodwill of \$1,071 million was recognized in the transaction, representing the excess of the purchase price over the fair value of the tangible and intangible assets acquired and liabilities assumed. This goodwill is attributable primarily to cost savings and other synergies related to operational efficiencies including the consolidation of manufacturing, marketing, and general and administrative functions. The goodwill has been allocated to the Transportation Solutions segment and is not deductible for tax purposes. However, prior to its merger with us, Measurement Specialties completed certain acquisitions that resulted in goodwill with an estimated value of \$23 million that is deductible primarily for U.S. tax purposes, which we will deduct through 2030.

During the first quarter of fiscal 2015, Measurement Specialties contributed net sales of \$125 million and an operating loss of \$28 million to our Condensed Consolidated Statement of Operations. The operating loss included charges of \$26 million associated with the amortization of acquisition-related fair value adjustments related to acquired inventories and customer order backlog, acquisition costs of \$13 million, and integration costs of \$2 million.

Pro Forma Financial Information

The following unaudited pro forma financial information reflects our consolidated results of operations had the Measurement Specialties acquisition occurred at the beginning of fiscal 2014:

	Pro Forma for the Quarters Ended	
	December 26, 2014	December 27, 2013
	(in millions, except per share data)	
Net sales	\$3,485	\$3,430
Net income attributable to TE Connectivity Ltd.	493	341
Diluted earnings per share attributable to TE Connectivity Ltd	\$1.19	\$0.82

Table of Contents**TE CONNECTIVITY LTD.****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (Continued)****3. Acquisition (Continued)**

The pro forma financial information is based on our preliminary allocation of the purchase price and therefore subject to adjustment upon finalizing the purchase price allocation. The significant pro forma adjustments, which are described below, are net of income tax expense (benefit) at the statutory rate.

Pro forma results for the quarter ended December 26, 2014 were adjusted to exclude \$16 million of acquisition costs, \$15 million of share-based compensation expense incurred by Measurement Specialties as a result of the change in control of Measurement Specialties, \$11 million of charges related to the fair value adjustment to acquisition-date inventories, \$8 million of income tax expense based on the estimated impact of combining Measurement Specialties into our global tax position, and \$5 million of charges related to acquired customer order backlog. Pro forma results for the quarter ended December 26, 2014 were also adjusted to include \$1 million of interest expense based on pro forma changes in our capital structure.

Pro forma results for the quarter ended December 27, 2013 were adjusted to include \$11 million of charges related to the fair value adjustment to acquisition-date inventories, \$6 million of charges related to acquired customer order backlog, \$3 million of interest expense based on pro forma changes in our capital structure, and \$1 million of income tax expense based on the estimated impact of combining Measurement Specialties into our global tax position. In addition, pro forma results for the quarter ended December 27, 2013 were adjusted to exclude \$1 million of charges related to the amortization of the fair value of acquired intangible assets.

Pro forma results do not include any anticipated synergies or other anticipated benefits of the acquisition. Accordingly, the unaudited pro forma financial information is not necessarily indicative of either future results of operations or results that might have been achieved had the Measurement Specialties acquisition occurred at the beginning of fiscal 2014.

4. Inventories

Inventories consisted of the following:

	December 26, 2014	September 26, 2014
	(in millions)	
Raw materials	\$314	\$257
Work in progress	654	620
Finished goods	974	868
Inventories	\$1,942	\$1,745

Table of Contents**TE CONNECTIVITY LTD.****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (Continued)****5. Goodwill**

The changes in the carrying amount of goodwill by segment were as follows:

	Transportation Solutions	Industrial Solutions	Network Solutions	Consumer Solutions	Total
	(in millions)				
September 26, 2014 ⁽¹⁾	\$834	\$2,165	\$970	\$626	\$4,595
Acquisitions	1,072	22			1,094
Currency translation	(9)	(24)	(11)	(7)	(51)
December 26, 2014 ⁽¹⁾	\$1,897	\$2,163	\$959	\$619	\$5,638

(1)

At December 26, 2014 and September 26, 2014, accumulated impairment losses for the Transportation Solutions, Industrial Solutions, Network Solutions, and Consumer Solutions segments were \$2,191 million, \$669 million, \$1,236 million, and \$579 million, respectively.

During the first quarter of fiscal 2015, we completed the acquisition of Measurement Specialties and recognized \$1,071 million of goodwill which benefits the Transportation Solutions segment. See Note 3 for additional information on the acquisition of Measurement Specialties.

6. Intangible Assets, Net

Intangible assets consisted of the following:

	December 26, 2014			September 26, 2014		
	Gross Carrying Amount	Accumulated Amortization	Net Carrying Amount	Gross Carrying Amount	Accumulated Amortization	Net Carrying Amount
	(in millions)					
Intellectual property	\$1,377	\$(579)	\$798	\$1,216	\$(559)	\$657
Customer relationships	1,175	(169)	1,006	784	(142)	642
Other	41	(15)	26	44	(14)	30
Total	\$2,593	\$(763)	\$1,830	\$2,044	\$(715)	\$1,329

During the first quarter of fiscal 2015, the gross carrying amount of intangible assets increased by \$561 million as a result of the Measurement Specialties acquisition. Intangible asset amortization expense was \$50 million and \$28 million for the quarters ended December 26, 2014 and December 27, 2013, respectively.

Table of Contents**TE CONNECTIVITY LTD.****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (Continued)****6. Intangible Assets, Net (Continued)**

The aggregate amortization expense on intangible assets is expected to be as follows:

	(in millions)
Remainder of fiscal 2015	\$134
Fiscal 2016	169
Fiscal 2017	165
Fiscal 2018	164
Fiscal 2019	160
Fiscal 2020	158
Thereafter	880
Total	\$1,830

7. Debt

As of December 26, 2014, Tyco Electronics Group S.A. ("TEGSA"), our 100%-owned subsidiary, had \$597 million of commercial paper outstanding at a weighted-average interest rate of 0.43%. TEGSA had \$327 million of commercial paper outstanding at a weighted-average interest rate of 0.30% at September 26, 2014.

The fair value of our debt, based on indicative valuations, was approximately \$4,495 million and \$4,214 million at December 26, 2014 and September 26, 2014, respectively.

8. Guarantees***Tax Sharing Agreement***

Effective June 29, 2007, we became the parent company of the former electronics businesses of Tyco International plc ("Tyco International"). On June 29, 2007, Tyco International distributed all of our shares, as well as its shares of its former healthcare businesses ("Covidien"), to its common shareholders (the "separation").

Upon separation, we entered into a Tax Sharing Agreement, under which we share responsibility for certain of our, Tyco International's, and Covidien's income tax liabilities based on a sharing formula for periods prior to and including June 29, 2007. We, Tyco International, and Covidien share 31%, 27%, and 42%, respectively, of U.S. income tax liabilities that arise from adjustments made by tax authorities to our, Tyco International's, and Covidien's U.S. income tax returns. The effect of the Tax Sharing Agreement is to indemnify us for 69% of certain liabilities settled in cash by us with respect to unresolved pre-separation tax matters. Pursuant to that indemnification, we have made similar indemnifications to Tyco International and Covidien with respect to 31% of certain liabilities settled in cash by the companies relating to unresolved pre-separation tax matters. If any of the companies responsible for all or a portion of such liabilities were to default in its payment of costs or expenses related to any such liability, we would be responsible for a portion of the defaulting party or parties' obligation. Our indemnification created under the Tax Sharing Agreement qualifies as a guarantee of a third party entity's debt under ASC 460, *Guarantees*. At December 26, 2014 and September 26, 2014, we had a liability of \$21 million representing the indemnifications made to Tyco International and Covidien pursuant to the Tax Sharing Agreement.

Table of Contents

TE CONNECTIVITY LTD.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (Continued)

8. Guarantees (Continued)

Other Matters

In disposing of assets or businesses, we often provide representations, warranties, and/or indemnities to cover various risks including unknown damage to assets, environmental risks involved in the sale of real estate, liability for investigation and remediation of environmental contamination at waste disposal sites and manufacturing facilities, and unidentified tax liabilities and legal fees related to periods prior to disposition. We do not expect that these uncertainties will have a material adverse effect on our results of operations, financial position, or cash flows.

At December 26, 2014, we had outstanding letters of credit, letters of guarantee, and surety bonds in the amount of \$356 million.

In the normal course of business, we are liable for contract completion and product performance. In the opinion of management, such obligations will not significantly affect our results of operations, financial position, or cash flows.

We generally record estimated product warranty costs when contract revenues are recognized under the percentage-of-completion method for construction related contracts; other warranty reserves are not significant. The estimation is based primarily on historical experience and actual warranty claims. Amounts accrued for warranty claims were \$31 million at December 26, 2014 and September 26, 2014.

9. Commitments and Contingencies

Legal Proceedings

In the ordinary course of business, we are subject to various legal proceedings and claims, including patent infringement claims, product liability matters, employment disputes, disputes on agreements, other commercial disputes, environmental matters, antitrust claims, and tax matters, including non-income tax matters such as value added tax, sales and use tax, real estate tax, and transfer tax. Although it is not feasible to predict the outcome of these proceedings, based upon our experience, current information, and applicable law, we do not expect that the outcome of these proceedings, either individually or in the aggregate, will have a material effect on our results of operations, financial position, or cash flows. However, the proceedings discussed below in "Income Tax Matters" could have a material effect on our results of operations, financial position, or cash flows.

At December 26, 2014, we had a contingent purchase price commitment of \$80 million related to our fiscal 2001 acquisition of Com-Net. This represents the maximum amount payable to the former shareholders of Com-Net only after the construction and installation of a communications system was completed for and approved by the State of Florida in accordance with guidelines set forth in the contract. Under the terms of the purchase and sale agreement, we do not believe we have any obligation to the sellers. However, the sellers have contested our position and initiated a lawsuit in June 2006 in the Court of Common Pleas in Allegheny County, Pennsylvania. In November 2014, sellers filed their pre-trial statements with the court claiming no less than \$135 million, representing the \$80 million contingent purchase price commitment plus interest and costs. A liability for this contingency has not been recorded on the Condensed Consolidated Financial Statements as we do not believe that any payment is probable or reasonably estimable at this time.

9. Commitments and Contingencies (Continued)

Income Tax Matters

The Tax Sharing Agreement generally governs our, Tyco International's, and Covidien's respective rights, responsibilities, and obligations with respect to taxes for periods prior to and including June 29, 2007. Pursuant to the Tax Sharing Agreement, we entered into certain guarantee commitments and indemnifications with Tyco International and Covidien. See Note 8 for additional information regarding the Tax Sharing Agreement.

In October 2012, the Internal Revenue Service ("IRS") issued special agreement Forms 870-AD, effectively settling its audit of all tax matters for the years 1997 through 2000, excluding one issue that remains in dispute. The disputed issue involves the tax treatment of certain intercompany debt transactions. The IRS field examination asserted that certain intercompany loans originated during the years 1997 through 2000 did not constitute debt for U.S. federal income tax purposes and disallowed approximately \$2.7 billion of related interest deductions recognized during the period on Tyco International's U.S. income tax returns. In addition, if the IRS is ultimately successful in asserting its claim, it is likely to disallow an additional \$6.6 billion of interest deductions reflected on U.S. income tax returns in years subsequent to fiscal 2000. Tyco International contends that the intercompany financing qualified as debt for U.S. tax purposes and that the interest deductions reflected on the income tax returns are appropriate. The IRS and Tyco International were unable to resolve this matter through the IRS appeals process. On June 20, 2013, Tyco International advised us that it had received Notices of Deficiency from the IRS for certain former U.S. subsidiaries of Tyco International increasing taxable income by approximately \$2.9 billion in connection with the audit of Tyco International's fiscal years 1997 through 2000. The Notices of Deficiency assert that Tyco International owes additional taxes totaling \$778 million, associated penalties of \$154 million, and withholding taxes of \$105 million. In addition, Tyco International received Final Partnership Administrative Adjustments for certain U.S. partnerships owned by former U.S. subsidiaries with respect to which Tyco International estimates an additional tax deficiency of approximately \$30 million will be asserted. The amounts asserted by the IRS exclude any applicable deficiency interest, and do not reflect any impact to subsequent period tax liabilities in the event that the IRS were to prevail on some or all of its assertions. We understand that Tyco International strongly disagrees with the IRS position and has filed petitions in the U.S. Tax Court contesting the IRS' proposed adjustments. Tyco International has advised us that it believes there are meritorious defenses for the tax filings in question and that the IRS positions with regard to these matters are inconsistent with the applicable tax laws and existing U.S. Treasury regulations.

A U.S. Tax Court trial date of February 29, 2016 has been set and the parties are engaged in discovery. We do not expect any payments to the IRS with respect to these matters until they are fully and finally resolved. In accordance with the Tax Sharing Agreement, we, Tyco International, and Covidien would share 31%, 27%, and 42%, respectively, of any payments made in connection with these matters.

If the IRS were to prevail on its assertions, our share of the assessed tax, deficiency interest, and applicable withholding taxes and penalties could have a material adverse impact on our results of operations, financial position, and cash flows. We have reviewed the Notices of Deficiency, the relevant facts surrounding the intercompany debt transactions, relevant tax regulations, and applicable case law, and we continue to believe that we are appropriately reserved for these matters.

Table of Contents

TE CONNECTIVITY LTD.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (Continued)

9. Commitments and Contingencies (Continued)

In the first quarter of fiscal 2015, the IRS issued general agreement Forms 870, effectively settling its audits of tax matters for the years 2001 through 2007, excluding the disputed issue involving certain intercompany loans originated during the years 1997 through 2000. As a result of these developments, in the first quarter of fiscal 2015, we recognized an income tax benefit of \$189 million, representing a reduction in tax reserves for the matters that were effectively settled, and other expense of \$83 million, representing a reduction of associated indemnification receivables, pursuant to the Tax Sharing Agreement with Tyco International and Covidien.

During the first quarter of fiscal 2015, we made net payments of \$4 million related to pre-separation U.S. tax matters. Over the next twelve months, we expect to make net cash payments of approximately \$50 million in connection with pre-separation U.S. tax matters.

During fiscal 2012, the IRS commenced its audit of our income tax returns for the years 2008 through 2010. We expect fieldwork for the 2008 through 2010 audit to conclude in fiscal 2015.

At December 26, 2014 and September 26, 2014, we have reflected \$55 million and \$51 million, respectively, of income tax liabilities related to the audits of Tyco International's and our income tax returns in accrued and other current liabilities as certain of these matters could be resolved within the next twelve months.

We believe that the amounts recorded on our Condensed Consolidated Financial Statements relating to the matters discussed above are appropriate. However, the ultimate resolution is uncertain and could result in a material impact to our results of operations, financial position, or cash flows.

Environmental Matters

We are involved in various stages of investigation and cleanup related to environmental remediation matters at a number of sites. The ultimate cost of site cleanup is difficult to predict given the uncertainties regarding the extent of the required cleanup, the interpretation of applicable laws and regulations, and alternative cleanup methods. As of December 26, 2014, we concluded that it was probable that we would incur remedial costs in the range of \$17 million to \$40 million. As of December 26, 2014, we concluded that the best estimate within this range was \$21 million. We believe that any potential payment of such estimated amounts will not have a material adverse effect on our results of operations, financial position, or cash flows.

10. Financial Instruments

Hedges of Net Investment

We hedge our net investment in certain foreign operations using intercompany non-derivative financial instruments denominated in the same currencies. The aggregate notional value of these hedges was \$2,944 million and \$2,893 million at December 26, 2014 and September 26, 2014, respectively. We recorded foreign exchange gains of \$130 million in the quarter ended December 26, 2014 as currency translation, a component of accumulated other comprehensive income (loss), offsetting foreign exchange gains or losses attributable to the translation of the net investment. Foreign exchange gains and losses recorded as currency translation for the quarter ended December 27, 2013 were immaterial.

Table of Contents**TE CONNECTIVITY LTD.****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (Continued)****10. Financial Instruments (Continued)***Commodity Hedges*

At December 26, 2014 and September 26, 2014, we had commodity hedges with notional values of \$329 million and \$307 million, respectively.

11. Retirement Plans

The net periodic pension benefit cost for all U.S. and non-U.S. defined benefit pension plans was as follows:

	U.S. Plans		Non-U.S. Plans	
	For the Quarters Ended December 26, 2014	December 27, 2013	For the Quarters Ended December 26, 2014	December 27, 2013
	(in millions)			
Service cost	\$2	\$2	\$13	\$13
Interest cost	12	13	16	18
Expected return on plan assets	(17)	(16)	(20)	(18)
Amortization of net actuarial loss	7	6	9	6
Amortization of prior service credit			(1)	(1)
Net periodic pension benefit cost	\$4	\$5	\$17	\$18

During the quarter ended December 26, 2014, we contributed \$16 million to our non-U.S. pension plans.

12. Income Taxes

We recorded an income tax benefit of \$95 million and an income tax provision of \$127 million for the quarters ended December 26, 2014 and December 27, 2013, respectively. The tax benefit for the quarter ended December 26, 2014 reflects a \$189 million income tax benefit related to the effective settlement of undisputed tax matters for the years 2001 through 2007, and an income tax benefit related to the impacts of certain non-U.S. tax law changes and the associated reduction in the valuation allowance for tax loss carryforwards. The provision for the quarter ended December 27, 2013 reflects an income tax charge related to the impacts of certain non-U.S. tax law changes and the associated increase in the valuation allowance for tax loss carryforwards, and charges related to adjustments to prior year income tax returns.

We record accrued interest as well as penalties related to uncertain tax positions as part of the provision for income taxes. As of December 26, 2014, we had recorded \$1,058 million of accrued interest and penalties related to uncertain tax positions on the Condensed Consolidated Balance Sheet, of which \$1,036 million was recorded in income taxes and \$22 million was recorded in accrued and other current liabilities. During the quarter ended December 26, 2014, we recognized a \$44 million income tax benefit related to interest and penalties on the Condensed Consolidated Statement of Operations. As of September 26, 2014, the balance of accrued interest and penalties was \$1,136 million, of which \$1,115 million was recorded in income taxes and \$21 million was recorded in accrued and other current liabilities on the Condensed Consolidated Balance Sheet.

Table of Contents**TE CONNECTIVITY LTD.****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (Continued)****12. Income Taxes (Continued)**

For tax years 1997 through 2000, Tyco International has resolved all matters, excluding one disputed issue related to the tax treatment of certain intercompany debt transactions. Tyco International's income tax returns for the years 2001 through 2007 have been effectively settled but remain subject to adjustment by the IRS upon ultimate resolution of the disputed issue involving certain intercompany loans originated during the years 1997 through 2000. During fiscal 2012, the IRS commenced its audit of our income tax returns for the years 2008 through 2010. We expect fieldwork for the 2008 through 2010 audit to conclude in fiscal 2015. See Note 9 for additional information regarding the status of IRS examinations.

Although it is difficult to predict the timing or results of our worldwide examinations, we estimate that up to approximately \$80 million of unrecognized income tax benefits, excluding the impact relating to accrued interest and penalties, could be resolved within the next twelve months.

We are not aware of any other matters that would result in significant changes to the amount of unrecognized income tax benefits reflected on the Condensed Consolidated Balance Sheet as of December 26, 2014.

13. Other Income (Expense), Net

During the quarters ended December 26, 2014 and December 27, 2013, we recorded net other expense of \$70 million and net other income of \$32 million, respectively, primarily pursuant to the Tax Sharing Agreement with Tyco International and Covidien. See Note 8 for further information regarding the Tax Sharing Agreement.

The net other expense for the first quarter of fiscal 2015 included \$83 million related to the effective settlement of undisputed tax matters for the years 2001 through 2007. See Note 9 for additional information.

The net other income for the first quarter of fiscal 2014 included \$18 million of income related to our share of a settlement agreement entered into by Tyco International with a former subsidiary, CIT Group Inc., which arose from a pre-separation claim for which we were entitled to 31% once resolved.

14. Earnings Per Share

The weighted-average number of shares outstanding used in the computations of basic and diluted earnings per share were as follows:

	For the Quarters Ended	
	December 26, 2014	December 27, 2013
	(in millions)	
Basic	407	411
Dilutive impact of share-based compensation arrangements	6	7
Diluted	413	418

Table of Contents**TE CONNECTIVITY LTD.****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (Continued)****14. Earnings Per Share (Continued)**

The computation of diluted earnings per share for the quarter ended December 26, 2014 excludes 2 million of share options because the instruments' underlying exercise prices were greater than the average market prices of our common shares and inclusion would be antidilutive. There were no antidilutive share options for the quarter ended December 27, 2013.

15. Equity*Dividends*

We paid a cash dividend of \$0.29 per share to shareholders out of contributed surplus in the first quarter of fiscal 2015.

Upon shareholders' approval of a dividend payment, we record a liability with a corresponding charge to contributed surplus. At December 26, 2014 and September 26, 2014, the unpaid portion of the dividends recorded in accrued and other current liabilities on the Condensed Consolidated Balance Sheets totaled \$118 million and \$236 million, respectively.

Share Repurchase Program

Common shares repurchased under the share repurchase program were as follows:

	For the Quarters Ended	
	December 26, 2014	December 27, 2013
	(in millions)	
Number of common shares repurchased	2	4
Amount repurchased	\$141	\$212

At December 26, 2014, we had \$733 million of availability remaining under our share repurchase authorization.

16. Share Plans

Total share-based compensation expense, which was included primarily in selling, general, and administrative expenses on the Condensed Consolidated Statements of Operations, was \$25 million and \$22 million during the first quarters of fiscal 2015 and 2014, respectively. As of December 26, 2014, there was \$213 million of unrecognized compensation expense related to share-based awards, which is expected to be recognized over a weighted-average period of 2.1 years.

Table of Contents

TE CONNECTIVITY LTD.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (Continued)

16. Share Plans (Continued)

During the first quarter of fiscal 2015, we granted the following equity awards as part of our annual incentive plan grant:

	Shares (in millions)	Weighted- Average Grant-Date Fair Value
Share options	1.7	\$18.82
Restricted share awards	1.1	61.50
Performance share awards	0.2	61.50

As of December 26, 2014, we had 19 million shares available for issuance under our stock and incentive plans, of which the TE Connectivity Ltd. 2007 Stock and Incentive Plan, as amended and restated, is the primary plan.

Share-Based Compensation Assumptions

The weighted-average assumptions we used in the Black-Scholes-Merton option pricing model for the options granted as part of our annual incentive plan grant were as follows:

Expected share price volatility	36%
Risk free interest rate	1.97%
Expected annual dividend per share	\$1.16
Expected life of options (in years)	6.0

17. Segment Data

Net sales and operating income by segment were as follows:

	Net Sales ⁽¹⁾		Operating Income	
	For the Quarters Ended December 26, 2014	December 27, 2013	For the Quarters Ended December 26, 2014	December 27, 2013
	(in millions)			
Transportation Solutions	\$1,612	\$1,440	\$303	\$296
Industrial Solutions	784	763	89	99
Network Solutions	704	713	61	46
Consumer Solutions	366	410	24	38
Total	\$3,466	\$3,326	\$477	\$479

(1)

Intersegment sales were not material and were recorded at selling prices that approximated market prices.

Table of Contents**TE CONNECTIVITY LTD.****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (Continued)****18. Subsequent Events***Planned Divestiture*

On January 27, 2015, we entered into a definitive agreement to sell our Broadband Network Solutions ("BNS") business for \$3.0 billion in cash, subject to a final working capital adjustment. The transaction is expected to close during calendar 2015 and is subject to customary closing conditions and regulatory approvals.

The BNS business will meet the held for sale and discontinued operations reporting criteria and be included in discontinued operations beginning in the second quarter of fiscal 2015. Prior period results will be reclassified to conform to this presentation. The BNS business is currently reported in the Network Solutions segment.

The following table presents balance sheet information for the BNS business which is included on the accompanying Condensed Consolidated Balance Sheet at December 26, 2014:

	December 26, 2014
	(in millions)
Accounts receivable, net	\$313
Inventories	243
Property, plant, and equipment, net	199
Goodwill	767
Intangible assets, net	233
Other assets	54
Total assets	\$1,809
Current maturities of long-term debt	\$90
Accounts payable	130
Other liabilities	131
Total liabilities	\$351

Share Repurchase Program

On January 27, 2015, our board of directors authorized an increase of \$3.0 billion in the share repurchase program.

19. Tyco Electronics Group S.A.

Tyco Electronics Group S.A. ("TEGSA"), a Luxembourg company and our 100%-owned subsidiary, is a holding company that owns, directly or indirectly, all of our operating subsidiaries. TEGSA is the obligor under our senior notes, commercial paper, and five-year unsecured senior revolving credit facility, which are fully and unconditionally guaranteed by its parent, TE Connectivity Ltd. The following tables present condensed consolidating financial information for TE Connectivity Ltd., TEGSA, and all other subsidiaries that are not providing a guarantee of debt but which represent assets of TEGSA, using the equity method of accounting.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our Condensed Consolidated Financial Statements and the accompanying notes included elsewhere in this Quarterly Report. The following discussion may contain forward-looking statements that reflect our plans, estimates, and beliefs. Our actual results could differ materially from those discussed in these forward-looking statements as a result of many factors, including but not limited to those under the heading "Forward-Looking Information" and "Part II. Item 1A. Risk Factors."

Our Condensed Consolidated Financial Statements have been prepared in United States ("U.S.") dollars, in accordance with accounting principles generally accepted in the U.S. ("GAAP").

The following discussion includes organic net sales growth and free cash flow which are non-GAAP financial measures. We believe these non-GAAP financial measures, together with GAAP financial measures, provide useful information to investors because they reflect the financial measures that management uses in evaluating the underlying results of our operations. See "Non-GAAP Financial Measures" for more information about these non-GAAP financial measures, including our reasons for including the measures and material limitations with respect to the usefulness of the measures.

Overview

TE Connectivity Ltd. ("TE Connectivity" or the "Company," which may be referred to as "we," "us," or "our") is a global technology leader. We design and manufacture connectivity and sensors solutions essential in today's increasingly connected world. We help our customers solve the need for intelligent, efficient, and high-performing products and solutions.

Overall, our net sales increased 4.2% in the first quarter of fiscal 2015 as compared to the same period of fiscal 2014. Increased net sales in the Transportation Solutions segment and, to a lesser degree, the Industrial Solutions segment were partially offset by sales declines in the Consumer Solutions segment and, to a lesser degree, the Network Solutions segment. The acquisition of Measurement Specialties, Inc. ("Measurement Specialties") in October 2014 contributed net sales of \$125 million, which benefited our sales in the sensors end market in the Transportation Solutions segment. On an organic basis, net sales increased 3.4% in the first quarter of fiscal 2015 as compared to the same period of fiscal 2014. In the Transportation Solutions segment, our organic net sales increased 7.9% in the first quarter of fiscal 2015 as compared to the first quarter of fiscal 2014 due to sales increases in the automotive, commercial transportation, and sensors end markets. In the Industrial Solutions segment, our organic net sales increased 2.7% during the first quarter of fiscal 2015 as compared to the first quarter of fiscal 2014 due primarily to growth in the aerospace, defense, oil, and gas end market. In the Network Solutions segment, our organic net sales growth of 1.9% was due primarily to sales increases in the subsea communications end market, partially offset by sales declines in the telecom networks and data communications end markets. In the Consumer Solutions segment, our organic net sales decreased 8.5% in the first quarter of fiscal 2015 as compared to the same period of fiscal 2014 as a result of sales declines in the consumer devices end market, partially offset by sales increases in the appliances end market.

Outlook

In the second quarter of fiscal 2015, we expect net sales to be between \$3.55 billion and \$3.65 billion. This reflects sales increases in the Network Solutions and Transportation Solutions segments and, to a lesser degree, the Industrial Solutions segment, partially offset by sales decreases in the Consumer Solutions segment relative to the second quarter of fiscal 2014. In the Network Solutions

Table of Contents

segment, we expect our net sales in the subsea communications end market to be approximately \$175 million in the second quarter of fiscal 2015. In the Transportation Solutions segment, we expect our sales growth to outpace an anticipated 1% growth in global automotive production in the second quarter of fiscal 2015 as compared to the same period of fiscal 2014. In addition, the Transportation Solutions segment will benefit from the acquisition of Measurement Specialties. In the Industrial Solutions segment, we expect our sales to increase in the second quarter of fiscal 2015 as compared to the second quarter of fiscal 2014, due primarily to sales increases in the commercial aerospace end market, partially offset by weakness in the oil and gas end market. In the Consumer Solutions segment, we expect our sales decrease in the consumer devices end market to be partially offset by a sales increase in the appliances end market in the second quarter of fiscal 2015 as compared to the second quarter of fiscal 2014. We expect diluted earnings per share to be in the range of \$0.89 to \$0.93 per share in the second quarter of fiscal 2015. This outlook reflects the negative impact of foreign currency exchange rates on net sales and earnings per share of approximately \$250 million and \$0.10 per share, respectively, in the second quarter of fiscal 2015.

For fiscal 2015, we expect net sales to be between \$14.45 billion and \$14.85 billion, primarily reflecting sales increases in the Network Solutions and Transportation Solutions segments and, to a lesser degree, in the Industrial Solutions segment, partially offset by a sales decline in the Consumer Solutions segment from fiscal 2014 levels. In the Network Solutions segment, we expect our net sales in the subsea communications end market to be approximately \$650 million in fiscal 2015. In the Transportation Solutions segment, we expect our sales growth to outpace an anticipated 2% to 3% growth in global automotive production from fiscal 2014 levels. In addition, the Transportation Solutions segment will benefit from the acquisition of Measurement Specialties. In the Industrial Solutions segment, we expect our sales to increase during fiscal 2015 as compared to fiscal 2014, due primarily to strong sales in the commercial aerospace end market. In the Consumer Solutions segment, we expect our sales decrease in the consumer devices end market to be partially offset by a sales increase in the appliances end market in fiscal 2015 as compared to the prior fiscal year. We expect diluted earnings per share to be in the range of \$4.04 to \$4.34 per share in fiscal 2015. This outlook reflects the negative impact of foreign currency exchange rates on net sales and earnings per share of approximately \$900 million and \$0.35 per share, respectively, in fiscal 2015.

The above outlook includes the results of our Broadband Network Solutions business as well as foreign exchange rates and commodity prices that are consistent with current levels.

We are monitoring the current macroeconomic environment and its potential effects on our customers and the end markets we serve. Additionally, we continue to closely manage our costs in line with economic conditions. We also are managing our capital resources and monitoring capital availability to ensure that we have sufficient resources to fund future capital needs. See further discussion in "Liquidity and Capital Resources."

Acquisition

On October 9, 2014, we acquired 100% of the outstanding shares of Measurement Specialties, a leading global designer and manufacturer of sensors and sensor-based systems, for \$86.00 in cash per share. The total value paid was approximately \$1.7 billion, net of cash acquired, and included \$225 million for the repayment of Measurement Specialties' debt and accrued interest. This business has been reported as part of our Transportation Solutions segment from the date of acquisition.

See additional information regarding the Measurement Specialties acquisition in Note 3 to the Condensed Consolidated Financial Statements.

Table of Contents**Planned Divestiture**

On January 27, 2015, we entered into a definitive agreement to sell our Broadband Network Solutions ("BNS") business for \$3.0 billion in cash, subject to a final working capital adjustment. The transaction is expected to close during calendar 2015 and is subject to customary closing conditions and regulatory approvals.

The BNS business will meet the held for sale and discontinued operations reporting criteria and be included in discontinued operations beginning in the second quarter of fiscal 2015. Prior period results will be reclassified to conform to this presentation. The BNS business is currently reported in the Network Solutions segment.

See Note 18 to the Condensed Consolidated Financial Statements for additional information regarding the divestiture of the BNS business.

Restructuring

We are committed to continuous productivity improvements and consistently evaluate opportunities to simplify our global manufacturing footprint, migrate facilities to lower-cost regions, reduce fixed costs, and eliminate excess capacity. These initiatives are designed to help us maintain our competitiveness in the industry, improve our operating leverage, and position us for future growth. In connection with these initiatives and in response to market conditions, we incurred net restructuring charges of \$27 million during the first quarter of fiscal 2015. We expect to incur net restructuring charges of approximately \$65 million during fiscal 2015, including \$15 million associated with the integration of Measurement Specialties. Cash spending related to restructuring was \$22 million during the first quarter of fiscal 2015, and we expect total spending, which will be funded with cash from operations, to be approximately \$105 million in fiscal 2015. Annualized cost savings related to these actions are expected to be approximately \$20 million and are expected to be realized by the end of fiscal 2016. Cost savings will be reflected primarily in cost of sales and selling, general, and administrative expenses.

Results of Operations

Key business factors that influenced our results of operations for the periods discussed in this report include:

Raw material prices. We expect to purchase approximately 174 million pounds of copper, 135,000 troy ounces of gold, and 2.7 million troy ounces of silver in fiscal 2015. Prices continue to fluctuate. The following table sets forth the average prices incurred related to copper, gold, and silver.

	Measure	For the Quarters Ended	
		December 26, 2014	December 27, 2013
Copper	Lb.	\$3.13	\$3.38
Gold	Troy oz.	\$1,285	\$1,461
Silver	Troy oz.	\$19.22	\$25.22

Foreign exchange. Approximately 55% of our net sales are invoiced in currencies other than the U.S. dollar. Our results of operations are influenced by changes in foreign currency exchange rates. Increases or decreases in the value of the U.S. dollar, compared to other currencies, will directly affect our reported results as we translate those currencies into U.S. dollars at the end of each fiscal period.

Table of Contents

Consolidated Operations

Net Sales. Net sales increased \$140 million, or 4.2%, to \$3,466 million in the first quarter of fiscal 2015 from \$3,326 million in the first quarter of fiscal 2014. Measurement Specialties, which was acquired on October 9, 2014, contributed net sales of \$125 million in the first quarter of fiscal 2015. On an organic basis, net sales increased \$113 million, or 3.4%, in the first quarter of fiscal 2015 from the first quarter of fiscal 2014 due primarily to increased net sales in the Transportation Solutions segment and, to a lesser degree, the Industrial Solutions segment. Price erosion adversely affected organic sales by \$59 million in the first quarter of fiscal 2015. Foreign currency exchange rates negatively impacted net sales by \$139 million in the first quarter of fiscal 2015 as compared to the same period of fiscal 2014.

See further discussion of organic net sales below under "Results of Operations by Segment."

The following table sets forth the percentage of our total net sales by geographic region⁽¹⁾:

	For the Quarters Ended	
	December 26, 2014	December 27, 2013
Europe/Middle East/Africa ("EMEA")	33%	35%
Asia Pacific	34	34
Americas ⁽²⁾	33	31
Total	100%	100%

(1) Net sales to external customers are attributed to individual countries based on the legal entity that records the sale.

(2) The Americas includes our subsea communications business.

The following table provides an analysis of the change in our net sales by geographic region:

	Change in Net Sales for the Quarter Ended December 26, 2014 versus Net Sales for the Quarter Ended December 27, 2013

Table of Contents

The following table provides an analysis of the change in our net sales by segment:

Change in Net Sales for the Quarter Ended December 26, 2014 versus Net Sales for the Quarter Ended December 27, 2013						
	Organic		Translation	Acquisitions	Total	
	(\$ in millions)					
Transportation Solutions	\$114	7.9%	\$(73)	\$131	\$172	11.9%
Industrial Solutions	20	2.7	(34)	35	21	2.8
Network Solutions	14	1.9	(23)		(9)	(1.3)
Consumer Solutions	(35)	(8.5)	(9)		(44)	(10.7)
Total	\$113	3.4%	\$(139)	\$166	\$140	4.2%

Gross Margin. In the first quarter of fiscal 2015, gross margin was \$1,171 million, reflecting a \$54 million increase from gross margin of \$1,117 million in the first quarter of fiscal 2014. Gross margin as a percentage of net sales increased to 33.8% in the first quarter of fiscal 2015 from 33.6% in the first quarter of fiscal 2014. In the first quarter of fiscal 2015, gross margin included charges of \$27 million associated with the amortization of acquisition-related fair value adjustments related to acquired inventories and customer order backlog primarily associated with Measurement Specialties. Excluding this item, gross margin increased in the first quarter of fiscal 2015 as compared to the first quarter of fiscal 2014, due primarily to higher volume and, to a lesser degree, improved manufacturing productivity, partially offset by price erosion.

Selling, General, and Administrative Expenses. Selling, general, and administrative expenses decreased \$8 million to \$459 million in the first quarter of fiscal 2015 from \$467 million in the first quarter of fiscal 2014. The decrease resulted primarily from cost control measures and savings attributable to restructuring actions, partially offset by the additional selling, general, and administrative expenses of Measurement Specialties. Selling, general, and administrative expenses as a percentage of net sales decreased to 13.2% in the first quarter of fiscal 2015 from 14.0% in the same period of fiscal 2014.

Research, Development, and Engineering Expenses. Research, development, and engineering expenses increased \$20 million to \$184 million in the first quarter of fiscal 2015 from \$164 million in the first quarter of fiscal 2014. The increase resulted from additional expenses related to acquisitions and growth initiatives, primarily in the Transportation Solutions segment.

Acquisition and Integration Costs. During the first quarter of fiscal 2015, we incurred acquisition and integration costs of \$24 million, including \$15 million related to the acquisition of Measurement Specialties. There were no such charges during the first quarter of fiscal 2014.

Restructuring and Other Charges, Net. Net restructuring and other charges were \$27 million and \$7 million in the first quarters of fiscal 2015 and 2014, respectively. During fiscal 2015, we initiated a restructuring program associated with headcount reductions and product line closures, primarily impacting the Consumer Solutions segment. During fiscal 2014, we initiated a restructuring program primarily associated with headcount reductions and manufacturing site and product line closures in the Network Solutions and Consumer Solutions segments. See Note 2 to the Condensed Consolidated Financial Statements for additional information regarding net restructuring and other charges.

Operating Income. In the first quarter of fiscal 2015, operating income was \$477 million as compared to \$479 million in the first quarter of fiscal 2014. Results for the first quarter of fiscal 2015 included \$41 million of charges related to the acquisition of Measurement Specialties, including \$26 million of charges associated with the amortization of acquisition-related fair value adjustments related to acquired inventories and customer order backlog and \$15 million of acquisition and integration costs. Results for the first quarter of fiscal 2015 also included \$27 million of restructuring

Table of Contents

and other charges and \$10 million of additional acquisition related costs. Results for the first quarter of fiscal 2014 included \$7 million of net restructuring and other charges. See further discussion of operating income below under "Results of Operations by Segment."

Non-Operating Items

Other Income (Expense), Net. During the quarters ended December 26, 2014 and December 27, 2013, we recorded net other expense of \$70 million and net other income of \$32 million, respectively, primarily pursuant to the Tax Sharing Agreement with Tyco International plc ("Tyco International") and Covidien plc ("Covidien"). See Note 8 to the Condensed Consolidated Financial Statements for further information regarding the Tax Sharing Agreement.

The net other expense for the first quarter of fiscal 2015 included \$83 million related to the effective settlement of undisputed tax matters for the years 2001 through 2007. See Note 9 to the Condensed Consolidated Financial Statements for additional information.

The net other income for the first quarter of fiscal 2014 included \$18 million of income related to our share of a settlement agreement entered into by Tyco International with a former subsidiary, CIT Group Inc., which arose from a pre-separation claim for which we were entitled to 31% once resolved.

Income Taxes. We recorded an income tax benefit of \$95 million and an income tax provision of \$127 million for the quarters ended December 26, 2014 and December 27, 2013, respectively. The tax benefit for the quarter ended December 26, 2014 reflects a \$189 million income tax benefit related to the effective settlement of undisputed tax matters for the years 2001 through 2007, and an income tax benefit related to the impacts of certain non-U.S. tax law changes and the associated reduction in the valuation allowance for tax loss carryforwards. The provision for the quarter ended December 27, 2013 reflects an income tax charge related to the impacts of certain non-U.S. tax law changes and the associated increase in the valuation allowance for tax loss carryforwards, and charges related to adjustments to prior year income tax returns.

Results of Operations by Segment

Transportation Solutions

	For the Quarters Ended	
	December 26, 2014	December 27, 2013
	(\$ in millions)	
Net sales	\$1,612	\$1,440
Operating income	\$303	\$296
Operating margin	18.8%	20.6%

The following table sets forth the Transportation Solutions segment's percentage of total net sales by primary industry end market⁽¹⁾:

	For the Quarters Ended	
	December 26, 2014	December 27, 2013
Automotive	76%	83%
Commercial Transportation	13	14
Sensors	11	3
Total	100%	100%

Edgar Filing: TE Connectivity Ltd. - Form 10-Q

Table of Contents

The following table provides an analysis of the change in the Transportation Solutions segment's net sales by primary industry end market:

	Change in Net Sales for the Quarter Ended December 26, 2014 versus Net Sales for the Quarter Ended December 27, 2013					
	Organic		Translation	Acquisitions	Total	
	(\$ in millions)					
Automotive	\$95	8.0%	\$(61)	\$	\$34	2.8%
Commercial						
Transportation	15	7.4	(8)		7	3.5
Sensors	4	7.4	(4)	131	131	272.9
Total	\$114	7.9%	\$(73)	\$131	\$172	11.9%

Net sales in the Transportation Solutions segment increased \$172 million, or 11.9%, to \$1,612 million in the first quarter of fiscal 2015 from \$1,440 million in the first quarter of fiscal 2014. The weakening of certain foreign currencies negatively affected net sales by \$73 million in the first quarter of fiscal 2015 as compared to the first quarter of fiscal 2014. Measurement Specialties contributed net sales of \$125 million in the first quarter of fiscal 2015. Organic net sales increased \$114 million, or 7.9%, during the first quarter of fiscal 2015 as compared to the first quarter of fiscal 2014.

In the automotive end market, our organic net sales increased 8.0% in the first quarter of fiscal 2015 as compared to the first quarter of fiscal 2014. The increase resulted from growth of 16.4% in the Asia Pacific region and 5.2% in the EMEA region, partially offset by a decrease of 2.2% in the Americas region. In the Asia Pacific region, growth was driven by strength in China. In the EMEA region, growth resulted primarily from increased demand for exports to other regions. Our decrease in the Americas region was due to weak economic conditions in Brazil and Argentina, partially offset by growth in the U.S. In the commercial transportation end market, our organic net sales increased 7.4% primarily as a result of increased demand in China driven by the acceleration of purchases related to emission standard changes. In the sensors end market, our organic net sales increased 7.4% in the first quarter of fiscal 2015 as compared to the first quarter of fiscal 2014 due primarily to increased demand in the EMEA region and China.

In the first quarter of fiscal 2015, operating income in the Transportation Solutions segment increased \$7 million to \$303 million from \$296 million in the first quarter of fiscal 2014, and included an operating loss of \$28 million associated with Measurement Specialties. Segment results for the first quarter of fiscal 2015 included \$41 million of charges related to the acquisition of Measurement Specialties, including \$26 million of charges associated with the amortization of acquisition-related fair value adjustments related to acquired inventories and customer order backlog and \$15 million of acquisition and integration costs. Segment results also included \$1 million of net restructuring and other charges in both the first quarters of fiscal 2015 and 2014. Excluding these items, operating income increased in the first quarter of fiscal 2015 as compared to the first quarter of fiscal 2014. The increase resulted primarily from higher volume and, to a lesser degree, improved manufacturing productivity, partially offset by price erosion.

Table of Contents**Industrial Solutions**

For the Quarters Ended

	For the Quarters Ended	
	December 26, 2014	December 27, 2013
Industrial Equipment	40%	42%
Aerospace, Defense, Oil, and Gas	37	33
Energy	23	25
Total	100%	100%

(1)

Industry end market information is presented consistently with our internal management reporting and may be revised periodically as management deems necessary.

The following table provides an analysis of the change in the Industrial Solutions segment's net sales by primary industry end market:

	Change in Net Sales for the Quarter Ended December 26, 2014 versus Net Sales for the Quarter Ended December 27, 2013					
	Organic		Translation	Acquisitions	Total	
	(\$ in millions)					
Industrial Equipment	\$1	0.3%	\$(13)	\$1	\$(11)	(3.4)%
Aerospace, Defense, Oil, and Gas	18	7.5	(8)	34	44	17.7
Energy	1	0.8	(13)		(12)	(6.2)
Total	\$20	2.7%	\$(34)	\$35	\$21	2.8%

Net sales in the Industrial Solutions segment increased \$21 million, or 2.8%, to \$784 million in the first quarter of fiscal 2015 from \$763 million in the first quarter of fiscal 2014. The weakening of certain foreign currencies negatively affected net sales by \$34 million in the first quarter of fiscal 2015 as compared to the first quarter of fiscal 2014. Organic net sales increased \$20 million, or 2.7%, during the first quarter of fiscal 2015 as compared to the same period of fiscal 2014.

In the industrial equipment end market, our organic net sales were flat in the first quarter of fiscal 2015 as compared to the first quarter of fiscal 2014 as increases resulting from continued strength in the Asia Pacific region, particularly China, were offset by declines resulting from softness in the EMEA region. In the aerospace, defense, oil, and gas end market, our organic net sales increased 7.5% in the first quarter of fiscal 2015 as compared to the first quarter of fiscal 2014. The increase was attributable to continued strength in the commercial aviation market, partially offset by weakness in the oil and gas market. In the energy end market, our organic net sales were flat in the first quarter of fiscal 2015 as compared to the first quarter of fiscal 2014 as growth in the Americas region was offset by declines in China and the EMEA region.

Table of Contents

In the first quarter of fiscal 2015, operating income in the Industrial Solutions segment decreased \$10 million to \$89 million from \$99 million in the first quarter of fiscal 2014. Segment results for the first quarter of fiscal 2015 included \$9 million of acquisition and integration costs, \$2 million of net restructuring and other charges, and \$1 million of charges associated with the amortization of acquisition-related fair value adjustments related to customer order backlog. Segment results for the first quarter of fiscal 2014 included \$1 million of net restructuring and other charges. Excluding these items, operating income was flat in the first quarter of fiscal 2015 as compared to the same period of fiscal 2014 as higher volume was offset by price erosion.

Network Solutions

	For the Quarters Ended	
	December 26,	December 27,
	2014	2013
	(\$ in millions)	
Net sales	\$704	\$713
Operating income	\$61	\$46
Operating margin	8.7%	6.5%

The following table sets forth the Network Solutions segment's percentage of total net sales by primary industry end market⁽¹⁾:

	For the Quarters Ended	
	December 26,	December 27,
	2014	2013
Telecom Networks	39%	44%
Data Communications	21	23
Enterprise Networks	21	21
Subsea Communications	19	12
Total	100%	100%

(1) Industry end market information is presented consistently with our internal management reporting and may be revised periodically as management deems necessary.

The following table provides an analysis of the change in the Network Solutions segment's net sales by primary industry end market:

	Change in Net Sales for the Quarter Ended December 26, 2014 versus Net Sales for the Quarter Ended December 27, 2013				
	Organic		Translation	Total	
				(\$ in millions)	
Telecom Networks	\$(29)	(9.4)%	\$(12)	\$(41)	(13.1)%
Data Communications	(7)	(4.1)	(4)	(11)	(6.7)
Enterprise Networks	1	0.5	(7)	(6)	(4.0)
Subsea Communications	49	57.4		49	57.4
Total	\$14	1.9%	\$(23)	\$(9)	(1.3)%

In the first quarter of fiscal 2015, net sales in the Network Solutions segment decreased \$9 million, or 1.3%, to \$704 million from \$713 million in the first quarter of fiscal 2014. The weakening of certain foreign currencies negatively affected net sales by \$23 million in the first quarter of fiscal 2015 as compared to the first quarter of fiscal 2014. Organic net sales increased \$14 million, or 1.9%, in the first quarter of fiscal 2015 as compared to the same period of fiscal 2014.

Table of Contents

In the telecom networks end market, our organic net sales decreased 9.4% in the first quarter of fiscal 2015 as compared to the first quarter of fiscal 2014 as a result of declines in the EMEA and Asia Pacific regions, partially offset by growth in North America. In the data communications end market, our organic net sales decreased 4.1% in the first quarter of fiscal 2015 from the first quarter of fiscal 2014 as a result of weakness in the Americas and Asia Pacific regions. In the enterprise networks end market, our organic net sales were flat in the first quarter of fiscal 2015 as compared to the first quarter of fiscal 2014 as continued growth in the Asia Pacific region was offset by weakness in the EMEA region. In the subsea communications end market, organic net sales increased 57.4% in the first quarter of fiscal 2015 as compared to the first quarter of fiscal 2014 as a result of increased levels of project activity.

Operating income in the Network Solutions segment increased \$15 million to \$61 million in the first quarter of fiscal 2015 from \$46 million in the first quarter of fiscal 2014. Segment results included \$1 million and \$5 million of net restructuring and other charges in the first quarters of fiscal 2015 and 2014, respectively. Excluding these items, operating income increased in the first quarter of fiscal 2015 as compared to the first quarter of fiscal 2014, due primarily to improved manufacturing productivity, partially offset by price erosion.

Consumer Solutions

	For the Quarters Ended	
	December 26, 2014	December 27, 2013
	(\$ in millions)	
Net sales	\$366	\$410
Operating income	\$24	\$38
Operating margin	6.6%	9.3%

The following table sets forth the Consumer Solutions segment's percentage of total net sales by primary industry end market⁽¹⁾:

	For the Quarters Ended	
	December 26, 2014	December 27, 2013
Consumer Devices	57%	63%
Appliances	43	37
Total	100%	100%

(1) Industry end market information is presented consistently with our internal management reporting and may be revised periodically as management deems necessary.

The following table provides an analysis of the change in the Consumer Solutions segment's net sales by primary industry end market:

	Change in Net Sales for the Quarter Ended December 26, 2014 versus Net Sales for the Quarter Ended December 27, 2013				
	Organic		Translation	Total	
	(\$ in millions)

Appliances	10	6.7	(4)	6	3.9
Total	\$(35)	(8.5)%	\$(9)	\$(44)	(10.7)%

Table of Contents

In the first quarter of fiscal 2015, net sales in the Consumer Solutions segment decreased \$44 million, or 10.7%, to \$366 million from \$410 million in the first quarter of fiscal 2014. The weakening of certain foreign currencies negatively affected net sales by \$9 million in the first quarter of fiscal 2015 as compared to the first quarter of fiscal 2014. Organic net sales decreased \$35 million, or 8.5%, during the first quarter of fiscal 2015 as compared to the first quarter of fiscal 2014.

In the consumer devices end market, our organic net sales decreased 17.4% in the first quarter of fiscal 2015 from the first quarter of fiscal 2014 due to continued declines in our sales in the personal computer and mobile phone markets as well as slower growth in the tablet computer market. In the appliances end market, our organic net sales increased 6.7% in the first quarter of fiscal 2015 as compared to the same period of fiscal 2014 due to a rebound in the U.S. market and strong demand in the Asia Pacific region.

Operating income in the Consumer Solutions segment decreased \$14 million to \$24 million in the first quarter of fiscal 2015 from \$38 million in the first quarter of fiscal 2014. Segment results included \$23 million of net restructuring and other charges in the first quarter 2015. Excluding these charges, operating income increased in the first quarter of fiscal 2015 as compared to the first quarter of fiscal 2014, resulting primarily from improved manufacturing productivity, partially offset by price erosion.

Liquidity and Capital Resources

The following table summarizes our cash flow from operating, investing, and financing activities, as reflected on the Condensed Consolidated Statements of Cash Flows:

	For the Quarters Ended	
	December 26,	December 27,
	2014	2013
	(in millions)	
Net cash provided by operating activities	\$295	\$385
Net cash used in investing activities	(1,651)	(123)
Net cash used in financing activities	(209)	(262)
Effect of currency translation on cash	(24)	(6)
Net decrease in cash and cash equivalents	\$(1,589)	\$(6)

Our ability to fund our future capital needs will be affected by our ability to continue to generate cash from operations and may be affected by our ability to access the capital markets, money markets, or other sources of funding, as well as the capacity and terms of our financing arrangements. We believe that cash generated from operations and, to the extent necessary, these other sources of potential funding will be sufficient to meet our anticipated capital needs for the foreseeable future, including the payment of \$250 million of 1.60% senior notes due in February 2015. We may use excess cash to reduce our outstanding debt, including through the possible repurchase of our debt in accordance with applicable law, to purchase a portion of our common shares pursuant to our authorized share repurchase program, to pay distributions or dividends on our common shares, or to acquire strategic businesses or product lines. The cost or availability of future funding may be impacted by financial market conditions. We will continue to monitor financial markets and respond as necessary to changing conditions.

Cash Flows from Operating Activities

In the first quarter of fiscal 2015, net cash provided by continuing operating activities decreased \$92 million to \$295 million from \$387 million in the first quarter of fiscal 2014. The decrease

Edgar Filing: TE Connectivity Ltd. - Form 10-Q

Table of Contents

resulted primarily from the timing of tax payments and project activity in our subsea communications business.

The amount of income taxes paid, net of refunds, during the first quarters of fiscal 2015 and 2014 was \$87 million and \$56 million, respectively. In the first quarter of fiscal 2015, these payments included \$4 million for tax deficiencies related to pre-separation tax matters; there were no such payments during the first quarter of fiscal 2014. We expect to make net cash payments related to pre-separation U.S. tax matters of approximately \$50 million during the next twelve months. These amounts include payments in which we are the primary obligor to the taxing authorities and for which we expect a portion to be reimbursed by Tyco International and Covidien under the Tax Sharing Agreement as well as indemnification payments to Tyco International and Covidien under the Tax Sharing Agreement for tax matters where they are the primary obligor to the taxing authorities. See Note 9 to the Condensed Consolidated Financial Statements for additional information related to pre-separation tax matters.

In addition to net cash provided by operating activities, we use free cash flow, a non-GAAP financial measure, as a useful measure of our ability to generate cash. Free cash flow was \$162 million in the first quarter of fiscal 2015 as compared to \$266 million in the first quarter of fiscal 2014. The decrease in free cash flow was driven primarily by the changes in net cash provided by continuing operating activities discussed above.

The following table sets forth a reconciliation of net cash provided by continuing operating activities, the most comparable GAAP financial measure, to free cash flow.

	For the Quarters Ended	
	December 26,	December 27,
	2014	2013
	(in millions)	
Net cash provided by continuing operating activities	\$295	\$387
Capital expenditures	(142)	(133)
Proceeds from sale of property, plant, and equipment	5	12
Payments related to pre-separation U.S. tax matters, net	4	
Free cash flow	\$162	\$266

Cash Flows from Investing Activities

Capital spending increased \$9 million in the first quarter of fiscal 2015 to \$142 million as compared to \$133 million in the first quarter of fiscal 2014. We expect fiscal 2015 capital spending levels to be approximately 5% of net sales. We believe our capital funding levels are adequate to support new programs, and we continue to invest in our manufacturing infrastructure to further enhance productivity and manufacturing capabilities.

In the first quarter of fiscal 2015, we acquired Measurement Specialties. The total value paid for the transaction was approximately \$1.7 billion, net of cash acquired, and included \$225 million for the repayment of Measurement Specialties' debt and accrued interest. See additional information in Note 3 to the Condensed Consolidated Financial Statements.

Cash Flows from Financing Activities and Capitalization

Total debt at December 26, 2014 and September 26, 2014 was \$4,223 million and \$3,948 million, respectively. See Note 7 to the Condensed Consolidated Financial Statements for additional information regarding debt.

Edgar Filing: TE Connectivity Ltd. - Form 10-Q

Table of Contents

Tyco Electronics Group S.A. ("TEGSA") has a five-year unsecured senior revolving credit facility ("Credit Facility") with total commitments of \$1,500 million. This facility expires in August 2018. TEGSA had no borrowings under the Credit Facility at December 26, 2014 and September 26, 2014.

The Credit Facility contains a financial ratio covenant providing that if, as of the last day of each fiscal quarter, our ratio of Consolidated Total Debt (as defined in the Credit Facility) to Consolidated EBITDA (as defined in the Credit Facility) for the then most recently concluded period of four consecutive fiscal quarters exceeds 3.75 to 1.0, an Event of Default (as defined in the Credit Facility) is triggered. The Credit Facility and our other debt agreements contain other customary covenants. None of our covenants are presently considered restrictive to our operations. As of December 26, 2014, we were in compliance with all of our debt covenants and believe that we will continue to be in compliance with our existing covenants for the foreseeable future.

In addition to the Credit Facility, TEGSA is the borrower under the outstanding senior notes and commercial paper. TEGSA's payment obligations under its senior notes, commercial paper, and Credit Facility are fully and unconditionally guaranteed by its parent, TE Connectivity Ltd. Neither TE Connectivity Ltd. nor any of its subsidiaries provides a guarantee as to payment obligations under the 3.50% convertible subordinated notes due 2015 issued by ADC Telecommunications, Inc. prior to its acquisition in December 2010.

Payments of common share dividends to shareholders were \$118 million and \$103 million in the first quarters of fiscal 2015 and 2014, respectively. We paid a cash dividend of \$0.29 per share to shareholders out of contributed surplus in the first quarter of fiscal 2015.

We repurchased approximately two million of our common shares for \$141 million and approximately four million of our common shares for \$212 million under our share repurchase authorization during the quarters ended December 26, 2014 and December 27, 2013, respectively. At December 26, 2014, we had \$733 million of availability remaining under our share repurchase authorization. On January 27, 2015, our board of directors authorized an increase of \$3.0 billion in the share repurchase program.

Commitments and Contingencies

Legal Proceedings

In the ordinary course of business, we are subject to various legal proceedings and claims, including patent infringement claims, product liability matters, employment disputes, disputes on agreements, other commercial disputes, environmental matters, antitrust claims, and tax matters, including non-income tax matters such as value added tax, sales and use tax, real estate tax, and transfer tax. Although it is not feasible to predict the outcome of these proceedings, based upon our experience, current information, and applicable law, we do not expect that the outcome of these proceedings, either individually or in the aggregate, will have a material effect on our results of operations, financial position, or cash flows. However, the proceedings discussed below in "Income Tax Matters" could have a material effect on our results of operations, financial position, or cash flows.

At December 26, 2014, we had a contingent purchase price commitment of \$80 million related to our fiscal 2001 acquisition of Com-Net. This represents the maximum amount payable to the former shareholders of Com-Net only after the construction and installation of a communications system was completed for and approved by the State of Florida in accordance with guidelines set forth in the contract. Under the terms of the purchase and sale agreement, we do not believe we have any obligation to the sellers. However, the sellers have contested our position and initiated a lawsuit in June 2006 in the Court of Common Pleas in Allegheny County, Pennsylvania. In November 2014, sellers filed their pre-trial statements with the court claiming no less than \$135 million, representing the

Table of Contents

\$80 million contingent purchase price commitment plus interest and costs. A liability for this contingency has not been recorded on the Condensed Consolidated Financial Statements as we do not believe that any payment is probable or reasonably estimable at this time.

Income Tax Matters

Effective June 29, 2007, we became the parent company of the former electronics businesses of Tyco International. On June 29, 2007, Tyco International distributed all of our shares, as well as its shares of its former healthcare businesses ("Covidien"), to its common shareholders (the "separation").

In connection with the separation, we entered into a Tax Sharing Agreement that generally governs our, Tyco International's, and Covidien's respective rights, responsibilities, and obligations with respect to taxes for periods prior to and including June 29, 2007. Pursuant to the Tax Sharing Agreement, we entered into certain guarantee commitments and indemnifications with Tyco International and Covidien. See Note 8 to the Condensed Consolidated Financial Statements for additional information regarding the Tax Sharing Agreement.

In October 2012, the Internal Revenue Service ("IRS") issued special agreement Forms 870-AD, effectively settling its audit of all tax matters for the years 1997 through 2000, excluding one issue that remains in dispute. The disputed issue involves the tax treatment of certain intercompany debt transactions. The IRS field examination asserted that certain intercompany loans originated during the years 1997 through 2000 did not constitute debt for U.S. federal income tax purposes and disallowed approximately \$2.7 billion of related interest deductions recognized during the period on Tyco International's U.S. income tax returns. In addition, if the IRS is ultimately successful in asserting its claim, it is likely to disallow an additional \$6.6 billion of interest deductions reflected on U.S. income tax returns in years subsequent to fiscal 2000. Tyco International contends that the intercompany financing qualified as debt for U.S. tax purposes and that the interest deductions reflected on the income tax returns are appropriate. The IRS and Tyco International were unable to resolve this matter through the IRS appeals process. On June 20, 2013, Tyco International advised us that it had received Notices of Deficiency from the IRS for certain former U.S. subsidiaries of Tyco International increasing taxable income by approximately \$2.9 billion in connection with the audit of Tyco International's fiscal years 1997 through 2000. The Notices of Deficiency assert that Tyco International owes additional taxes totaling \$778 million, associated penalties of \$154 million, and withholding taxes of \$105 million. In addition, Tyco International received Final Partnership Administrative Adjustments for certain U.S. partnerships owned by former U.S. subsidiaries with respect to which Tyco International estimates an additional tax deficiency of approximately \$30 million will be asserted. The amounts asserted by the IRS exclude any applicable deficiency interest, and do not reflect any impact to subsequent period tax liabilities in the event that the IRS were to prevail on some or all of its assertions. We understand that Tyco International strongly disagrees with the IRS position and has filed petitions in the U.S. Tax Court contesting the IRS' proposed adjustments. Tyco International has advised us that it believes there are meritorious defenses for the tax filings in question and that the IRS positions with regard to these matters are inconsistent with the applicable tax laws and existing U.S. Treasury regulations.

A U.S. Tax Court trial date of February 29, 2016 has been set and the parties are engaged in discovery. We do not expect any payments to the IRS with respect to these matters until they are fully and finally resolved. In accordance with the Tax Sharing Agreement, we, Tyco International, and Covidien would share 31%, 27%, and 42%, respectively, of any payments made in connection with these matters.

If the IRS were to prevail on its assertions, our share of the assessed tax, deficiency interest, and applicable withholding taxes and penalties could have a material adverse impact on our results of operations, financial position, and cash flows. We have reviewed the Notices of Deficiency, the relevant

Table of Contents

facts surrounding the intercompany debt transactions, relevant tax regulations, and applicable case law, and we continue to believe that we are appropriately reserved for these matters.

In the first quarter of fiscal 2015, the IRS issued general agreement Forms 870, effectively settling its audits of tax matters for the years 2001 through 2007, excluding the disputed issue involving certain intercompany loans originated during the years 1997 through 2000. As a result of these developments, in the first quarter of fiscal 2015, we recognized an income tax benefit of \$189 million, representing a reduction in tax reserves for the matters that were effectively settled, and other expense of \$83 million, representing a reduction of associated indemnification receivables, pursuant to the Tax Sharing Agreement with Tyco International and Covidien.

During the first quarter of fiscal 2015, we made net payments of \$4 million related to pre-separation U.S. tax matters. Over the next twelve months, we expect to make net cash payments of approximately \$50 million in connection with pre-separation U.S. tax matters.

During fiscal 2012, the IRS commenced its audit of our income tax returns for the years 2008 through 2010. We expect fieldwork for the 2008 through 2010 audit to conclude in fiscal 2015.

At December 26, 2014 and September 26, 2014, we have reflected \$55 million and \$51 million, respectively, of income tax liabilities related to the audits of Tyco International's and our income tax returns in accrued and other current liabilities as certain of these matters could be resolved within the next twelve months.

We believe that the amounts recorded on our Condensed Consolidated Financial Statements relating to the matters discussed above are appropriate. However, the ultimate resolution is uncertain and could result in a material impact to our results of operations, financial position, or cash flows.

Off-Balance Sheet Arrangements

In certain instances, we have guaranteed the performance of third parties and provided financial guarantees for uncompleted work and financial commitments. The terms of these guarantees vary with end dates ranging from fiscal 2015 through the completion of such transactions. The guarantees would be triggered in the event of nonperformance, and the potential exposure for nonperformance under the guarantees would not have a material effect on our results of operations, financial position, or cash flows.

In disposing of assets or businesses, we often provide representations, warranties, and/or indemnities to cover various risks including unknown damage to assets, environmental risks involved in the sale of real estate, liability for investigation and remediation of environmental contamination at waste disposal sites and manufacturing facilities, and unidentified tax liabilities and legal fees related to periods prior to disposition. We do not expect that these uncertainties will have a material adverse effect on our results of operations, financial position, or cash flows.

At December 26, 2014, we had outstanding letters of credit, letters of guarantee, and surety bonds in the amount of \$356 million.

We have recorded liabilities for known indemnifications included as part of environmental liabilities. See Note 9 to the Condensed Consolidated Financial Statements for a discussion of these liabilities.

In the normal course of business, we are liable for contract completion and product performance. In the opinion of management, such obligations will not significantly affect our results of operations, financial position, or cash flows.

Table of Contents

Pursuant to the Tax Sharing Agreement, we entered into certain guarantee commitments and indemnifications with Tyco International and Covidien. Under the Tax Sharing Agreement, we, Tyco International, and Covidien share 31%, 27%, and 42%, respectively, of certain contingent liabilities relating to unresolved pre-separation tax matters of Tyco International. The effect of the Tax Sharing Agreement is to indemnify us for 69% of certain liabilities settled in cash by us with respect to unresolved pre-separation tax matters. Pursuant to that indemnification, we have made similar indemnifications to Tyco International and Covidien with respect to 31% of certain liabilities settled in cash by the companies relating to unresolved pre-separation tax matters. If any of the companies responsible for all or a portion of such liabilities were to default in its payment of costs or expenses related to any such liability, we would be responsible for a portion of the defaulting party or parties' obligation. These arrangements were valued upon our separation from Tyco International in accordance with Accounting Standards Codification 460, *Guarantees*. At December 26, 2014, we had a liability of \$21 million representing the indemnifications made to Tyco International and Covidien pursuant to the Tax Sharing Agreement. See Notes 8 and 9 to the Condensed Consolidated Financial Statements for additional information.

Critical Accounting Policies and Estimates

The preparation of the Condensed Consolidated Financial Statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of revenue and expenses.

Our accounting policies for revenue recognition, goodwill and other intangible assets, income taxes, pension and postretirement benefits, acquisitions, and contingent liabilities are based on, among other things, judgments and assumptions made by management. During the quarter ended December 26, 2014, there were no significant changes to these policies or to the underlying accounting assumptions and estimates used in these policies from those disclosed in the Consolidated Financial Statements and accompanying notes contained in our Annual Report on Form 10-K for the fiscal year ended September 26, 2014.

Non-GAAP Financial Measures

Organic Net Sales Growth

Organic net sales growth is a non-GAAP financial measure. The difference between reported net sales growth (the most comparable GAAP measure) and organic net sales growth (the non-GAAP measure) consists of the impact from foreign currency exchange rates, acquisitions, and divestitures. Organic net sales growth is a useful measure of the underlying results and trends in our business. It excludes items that are not completely under management's control, such as the impact of changes in foreign currency exchange rates, and items that do not reflect the underlying growth of the company, such as acquisition and divestiture activity.

We believe organic net sales growth provides useful information to investors because it reflects the underlying growth from the ongoing activities of our business. Furthermore, it provides investors with a view of our operations from management's perspective. We use organic net sales growth to monitor and evaluate performance, as it is an important measure of the underlying results of our operations. Management uses organic net sales growth together with GAAP measures such as net sales growth and operating income in its decision making processes related to the operations of our reporting segments and our overall company. We believe that investors benefit from having access to the same financial measures that management uses in evaluating operations. The discussion and analysis of organic net sales growth in "Results of Operations" above utilizes organic net sales growth as management does internally. Because organic net sales growth calculations may vary among other

Table of Contents

companies, organic net sales growth amounts presented above may not be comparable with similarly titled measures of other companies. Organic net sales growth is a non-GAAP financial measure that is not meant to be considered in isolation or as a substitute for GAAP measures. The primary limitation of this measure is that it excludes items that have an impact on our net sales. This limitation is best addressed by evaluating organic net sales growth in combination with our GAAP net sales. The tables presented in "Results of Operations" above provide reconciliations of organic net sales growth to net sales growth calculated under GAAP.

Free Cash Flow

Free cash flow is a non-GAAP financial measure. The difference between net cash provided by continuing operating activities (the most comparable GAAP measure) and free cash flow (the non-GAAP measure) consists mainly of significant cash outflows and inflows that we believe are useful to identify. Free cash flow is a useful measure of our ability to generate cash. It also is a significant component in our incentive compensation plans. We believe free cash flow provides useful information to investors as it provides insight into the primary cash flow metric used by management to monitor and evaluate cash flows generated from our operations.

Free cash flow is defined as net cash provided by continuing operating activities excluding voluntary pension contributions and the cash impact of special items, minus net capital expenditures. Net capital expenditures consist of capital expenditures less proceeds from the sale of property, plant, and equipment. These items are subtracted because they represent long-term commitments. Voluntary pension contributions are excluded from the GAAP measure because this activity is driven by economic financing decisions rather than operating activity. Certain special items, including net payments related to pre-separation tax matters, also are considered by management in evaluating free cash flow. We believe investors also should consider these items in evaluating our free cash flow.

Free cash flow as presented herein may not be comparable to similarly-titled measures reported by other companies. The primary limitation of this measure is that it excludes items that have an impact on our GAAP cash flow. Also, it subtracts certain cash items that are ultimately within management's and the board of directors' discretion to direct and may imply that there is less or more cash available for our programs than the most comparable GAAP measure indicates. This limitation is best addressed by using free cash flow in combination with the GAAP cash flow results. It should not be inferred that the entire free cash flow amount is available for future discretionary expenditures, as our definition of free cash flow does not consider certain non-discretionary expenditures, such as debt payments. In addition, we may have other discretionary expenditures, such as discretionary dividends, share repurchases, and business acquisitions, that are not considered in the calculation of free cash flow.

The tables presented in "Liquidity and Capital Resources" above provide reconciliations of free cash flow to cash flows from continuing operating activities calculated under GAAP.

Forward-Looking Information

Certain statements in this quarterly report on Form 10-Q are "forward-looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. These statements are based on our management's beliefs and assumptions and on information currently available to our management. Forward-looking statements include, among others, the information concerning our possible or assumed future results of operations, business strategies, financing plans, competitive position, potential growth opportunities, potential operating performance improvements, acquisitions, divestitures, the effects of competition, and the effects of future legislation or regulations. Forward-looking statements include all statements that are not historical facts and can be identified by the use of forward-looking terminology such as the words "believe," "expect," "plan," "intend," "anticipate,"

Edgar Filing: TE Connectivity Ltd. - Form 10-Q

Table of Contents

"estimate," "predict," "potential," "continue," "may," "should," or the negative of these terms or similar expressions.

Forward-looking statements involve risks, uncertainties, and assumptions. Actual results may differ materially from those expressed in these forward-looking statements. You should not put undue reliance on any forward-looking statements. We do not have any intention or obligation to update forward-looking statements after we file this report except as required by law.

The following and other risks, which are described in greater detail in "Part I. Item 1A. Risk Factors," in our Annual Report on Form 10-K for the fiscal year ended September 26, 2014, could also cause our results to differ materially from those expressed in forward-looking statements:

conditions in the global or regional economies and global capital markets, and cyclical industry conditions;

conditions affecting demand for products in the industries we serve, particularly the automotive industry;

competition and pricing pressure;

market acceptance of new product introductions and product innovations and product life cycles;

raw material availability, quality, and cost;

fluctuations in foreign currency exchange rates;

financial condition and consolidation of customers and vendors;

reliance on third-party suppliers;

risks associated with current and future acquisitions and divestitures;

risks associated with the planned divestiture of our BNS business;

global risks of business interruptions such as natural disasters and political, economic, and military instability;

risks associated with security breaches and other disruptions to our information technology infrastructure;

risks related to compliance with current and future environmental and other laws and regulations;

our ability to protect our intellectual property rights;

risks of litigation;

Edgar Filing: TE Connectivity Ltd. - Form 10-Q

our ability to operate within the limitations imposed by our debt instruments;

risks relating to our separation on June 29, 2007 from Tyco International;

the possible effects on us of various U.S. and non-U.S. legislative proposals and other initiatives that, if adopted, could materially increase our worldwide corporate effective tax rate and negatively impact our U.S. government contracts business;

various risks associated with being a Swiss corporation;

the impact of fluctuations in the market price of our shares; and

the impact of certain provisions of our articles of association on unsolicited takeover proposals.

Table of Contents

There may be other risks and uncertainties that we are unable to predict at this time or that we currently do not expect to have a material adverse effect on our business.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

There have been no significant changes in our exposures to market risk during the first quarter of fiscal 2015. For further discussion of our exposures to market risk, refer to "Part II. Item 7A. Quantitative and Qualitative Disclosures About Market Risk" in our Annual Report on Form 10-K for the fiscal year ended September 26, 2014.

ITEM 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our chief executive officer and chief financial officer, evaluated the effectiveness of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")), as of December 26, 2014. Based on that evaluation, our chief executive officer and chief financial officer concluded that our disclosure controls and procedures were effective as of December 26, 2014.

Measurement Specialties Acquisition

We acquired Measurement Specialties on October 9, 2014. For additional information regarding the acquisition, see Note 3 to the Condensed Consolidated Financial Statements included in this Quarterly Report.

Securities and Exchange Commission guidance permits management to omit an assessment of an acquired business' internal control over financial reporting from management's assessment of internal control over financial reporting for a period not to exceed one year from the date of acquisition. We are in the process of integrating the Measurement Specialties operations within our internal control structure. Accordingly, we intend to exclude Measurement Specialties from our annual assessment of internal control over financial reporting as of September 25, 2015.

Changes in Internal Control Over Financial Reporting

During the quarter ended December 26, 2014, there were no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

Table of Contents

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

There have been no material developments in our legal proceedings since we filed our Annual Report on Form 10-K for the fiscal year ended September 26, 2014, except the development described under "Part I. Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations - Commitments and Contingencies - Legal Proceedings" of this report. For a description of our previously reported legal proceedings, refer to "Part I. Item 3. Legal Proceedings" in our Annual Report on Form 10-K for the fiscal year ended September 26, 2014.

ITEM 1A. RISK FACTORS

There have been no material changes in our risk factors from those disclosed in "Part I. Item 1A. Risk Factors" in our Annual Report on Form 10-K for the fiscal year ended September 26, 2014 except as described below. The risk factors described in our Annual Report on Form 10-K, in addition to other information set forth below and in this report, could materially affect our business operations, financial condition, or liquidity. Additional risks and uncertainties not currently known to us or that we currently believe are immaterial also may impair our business operations, financial condition, and liquidity.

There can be no assurance that the pending divestiture of our BNS business will be completed or that we will realize any anticipated benefits from such sale.

On January 27, 2015, we entered into a definitive agreement with CommScope to sell our BNS business. The transaction is subject to certain regulatory approvals and customary closing conditions. There can be no assurance that the pending sale will be completed. CommScope may be unable to secure financing, and we and CommScope may be unable to obtain regulatory approvals or satisfy the other closing conditions.

In addition, a divestiture such as this typically entails numerous potential risks, including:

diversion of resources and employee and management attention from the operation of our business;

loss of key employees following such a transaction;

difficulties in the separation of operations, services, products, and personnel;

retention of certain liabilities as a result of contractual indemnity obligations; and

damage to our existing customer, supplier, and other business relationships.

If the pending divestiture is consummated, there can be no assurance that we will realize any anticipated benefits from such sale. If we do not realize the expected benefits from divesting our BNS business, our financial condition and results of operations could be materially adversely affected.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

Recent Sales of Unregistered Securities

None.

Table of Contents

Issuer Purchases of Equity Securities

The following table presents information about our purchases of our common shares during the quarter ended December 26, 2014:

Period	Total Number of Shares Purchased ⁽¹⁾	Average Price Paid Per Share ⁽¹⁾	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs ⁽²⁾	Maximum Approximate Dollar Value of Shares that May Yet Be Purchased Under the Plans or Programs ⁽²⁾⁽³⁾
September 27 - October 24, 2014	920,562	\$54.45	919,300	\$823,973,976
October 25 - November 28, 2014	924,246	61.47	700,400	780,956,147
November 29 - December 26, 2014	756,859	63.58	755,700	732,908,790
Total	2,601,667	\$59.60	2,375,400	

- (1) These columns include the following transactions which occurred during the quarter ended December 26, 2014:
- (i) the acquisition of 226,267 common shares from individuals in order to satisfy tax withholding requirements in connection with the vesting of restricted share awards issued under equity compensation plans; and
 - (ii) open market purchases totaling 2,375,400 common shares, summarized on a trade-date basis, in conjunction with the share repurchase program announced in September 2007.
- (2) Our share repurchase program authorizes us to purchase a portion of our outstanding common shares from time to time through open market or private transactions, depending on business and market conditions. The share repurchase program does not have an expiration date.
- (3) Amounts in this column reflect the maximum value of shares that could be purchased under our share repurchase program as of December 26, 2014. On January 27, 2015, our board of directors authorized an increase of \$3.0 billion in the share repurchase program.
