QUESTIONS AND ANSWERS

The following information regarding the meeting and the voting process is presented in a question and answer format. As used in this proxy statement, the terms "First Busey," "we," "our," "us," and the "Company" all refer to First Busey Corporation and its subsidiaries. The terms "Busey Bank" and "the Bank" refer to First Busey's wholly-owned banking subsidiary, Busey Bank, Champaign, Illinois.

Why did I receive access to the proxy materials?

We have made the proxy materials available to you via the internet because on March 26, 2018, the record date for the 2018 Annual Meeting, you owned shares of First Busey common stock. This proxy statement describes the matters that will be presented for consideration by the stockholders at the 2018 Annual Meeting. It also gives you information concerning these matters to assist you in making an informed decision.

When you sign the enclosed proxy card or vote by telephone or internet, you appoint the proxy holder as your representative at the meeting. The proxy holder will vote your shares as you have instructed in the proxy card, thereby ensuring that your shares will be voted whether or not you attend the meeting. Even if you plan to attend the meeting, you should complete, sign and return your proxy card or vote by telephone or internet in advance of the meeting just in case your plans change.

If you have voted via proxy card and an issue comes up for a vote at the meeting that was not identified on the proxy form, the proxy holder will vote your shares, pursuant to your proxy, in accordance with his or her judgment.

Why did I receive a Notice Regarding the Availability of Proxy Materials instead of paper copies of the proxy materials?

We are applying the Securities and Exchange Commission notice and access rule that allows us to furnish our proxy materials over the internet to our stockholders instead of mailing paper copies of those materials to each stockholder. As a result, beginning on or about April 12, 2018, we sent our stockholders by mail a *Notice Regarding the Availability of Proxy Materials* which contained instructions on how to access our proxy materials over the internet and vote online. **This notice is not a proxy card and cannot be used to vote your shares.** If you received a *Notice Regarding the Availability of Proxy Materials*, you will not receive paper copies of the proxy materials unless you request the materials by following the instructions on the notice or as provided below.

Full copies of the proxy statement and other materials for the 2018 Annual Meeting are available on the internet through our website at <http://www.busey.com> by clicking on "Investor Relations" or at <http://ir.busey.com>.

How can I request and receive a paper or e-mail copy of the proxy materials?

If you want to receive a paper or e-mail copy of the 2017 Annual Report, proxy statement and proxy card, you must request them. There is no charge for requesting a copy of these documents, but you will be required to enter your 16-digit control number. Please choose one of the following methods to make your request:

By internet: <http://www.proxyvote.com>

By telephone: 1-800-579-1639

By e-mail: sendmaterial@proxyvote.com

Please make the request on or before May 9, 2018 to facilitate timely delivery.

Table of Contents

What matters will be voted on at the meeting?

You are being asked to vote on: (i) the election of twelve directors of First Busey for a term of one year expiring in 2019; (ii) a nonbinding, advisory proposal to approve the compensation of our named executive officers (the "NEOs"), which is referred to as the "say-on-pay" proposal; (iii) a nonbinding, advisory proposal regarding the frequency with which stockholders will vote on future say-on-pay proposals; and (iv) the ratification of the appointment of RSM US LLP as the Company's independent registered public accounting firm for the year ending December 31, 2018. These matters are more fully described in this proxy statement.

If I am the record holder of my shares, how do I vote?

Your vote is important. We encourage you to submit your proxy promptly. Internet and telephone proxy submission is available through 10:59 p.m., central time, on May 22, 2018. You may submit your proxy or vote in one of the following ways:

Submit Your Proxy By Telephone. You have the option to submit your proxy by telephone. In order to submit your proxy by telephone, please go to <http://www.proxyvote.com> and log in using the 16-digit control number provided on your *Notice Regarding the Availability of Proxy Materials*. There is a toll-free telephone number listed on the site which may be used to vote your proxy. Alternatively, if you request paper copies of the proxy materials, your proxy card will include the toll-free telephone number that you may use to submit your proxy.

When you submit your proxy by telephone, you will be required to enter your 16-digit control number, so please have it available when you call. You may submit your proxy by telephone 24 hours a day. The telephone proxy submission system has easy-to-follow instructions and allows you to confirm that the system has properly recorded your voting instructions.

Submit Your Proxy By Internet. You may also submit your proxy by the internet. The *Notice Regarding the Availability of Proxy Materials* indicates the website you may access for internet proxy submission using the 16-digit control number included in the notice. You may submit your proxy by the internet 24 hours a day. As with telephone proxy submission, you will be able to confirm that the system has properly recorded your voting instructions. You may incur telephone and internet access charges from your internet carrier if you submit your proxy by the internet.

Submit Your Proxy By Mail. If you elect to receive your proxy materials by mail and you are a holder of record, you can submit your proxy by marking, dating, and signing your proxy card and returning it by mail in the postage-paid envelope provided to you. If you elect to receive your proxy materials by mail and you hold your shares in street name, you can submit your voting instructions by completing and mailing the voting instruction form provided by your bank, broker, trustee, or holder of record.

If you sign and return your proxy card but do not mark the form to provide voting instructions, the shares represented by your proxy card will be voted "FOR" all nominees for director named in this proxy statement, "FOR" the say-on-pay proposal, for future say-on-pay proposals to be voted on "EVERY YEAR" and "FOR" the ratification of the appointment of RSM US LLP.

Vote in Person. Although we recommend voting in advance of the meeting, you may vote in person by attending the annual meeting. At the meeting, we will distribute written ballots to anyone who wants to vote. Please note that if your shares are held in street name, you will need to arrange to obtain a "legal proxy" from your broker in order to vote in person at the meeting.

Table of Contents

If I hold shares in the name of a broker or other fiduciary, who votes my shares?

If you received this proxy statement from your broker or other fiduciary who may hold your shares, your broker or other fiduciary should provide instructions to direct your fiduciary to vote your shares. Your fiduciary will vote your shares in the manner you direct. If you want to vote in person at the meeting, you will need to arrange to obtain a "legal proxy" from your broker or other fiduciary in advance of the meeting.

Under the rules of various national and regional securities exchanges, brokers and other fiduciaries that hold securities on behalf of beneficial owners generally may vote on routine matters even if they have not received voting instructions from the beneficial owners for whom they hold securities, but are not permitted to vote on nonroutine matters if they have not received such voting instructions (commonly referred to as a "broker nonvote"). The ratification of the appointment of RSM US LLP is considered a routine matter, so your broker or other fiduciary may vote on this matter even if you do not provide voting instructions. However, the election of directors, the "say-on-pay" proposal and the frequency with which stockholders will vote on future say-on-pay proposals is each considered a nonroutine matter. Thus, if you do not provide instructions to your broker or other fiduciary as to how to vote the shares beneficially owned by you, your broker or other fiduciary generally will not be permitted to vote the shares beneficially owned by you on any of these matters.

We therefore encourage you to provide directions to your broker as to how you want your shares voted on all matters to be brought before the meeting. You should do this by carefully following the instructions your broker gives you concerning its procedures. This ensures that your shares will be voted at the meeting.

A number of banks and brokerage firms participate in a program that also permits stockholders to direct their vote by telephone or internet. If your shares are held in an account at such a bank or brokerage firm, you may vote your shares by telephone or internet by following the instructions provided by your bank or brokerage. If you submit your vote by internet, you may incur costs, such as cable, telephone and internet access charges from your internet provider. Voting your shares in this manner will not affect your right to vote in person if you decide to attend the meeting; however, you must first request a legal proxy from your broker or other fiduciary. Requesting a legal proxy prior to the voting deadline will automatically cancel any voting directions you have previously given by internet or by telephone with respect to your shares.

What does it mean if I receive more than one *Notice Regarding the Availability of Proxy Materials*?

It means that you have multiple holdings reflected in our stock transfer records and/or in accounts with stockbrokers. To vote **ALL** of your shares by proxy, please follow the instructions and vote your proxy for each account.

What if I change my mind after I vote my proxy card?

If you hold your shares in your own name, you may revoke your proxy and change your vote at any time before the polls close at the meeting. You may do this by:

using the internet or telephone methods described above, in which case only your last internet or telephone proxy submitted prior to the deadline will be counted;

signing another proxy with a later date and returning that proxy to:

First Busey Corporation
Attn: Mary E. Lakey
100 W. University Avenue
Champaign, Illinois 61820

Table of Contents

sending notice to us at the address and attention above that you are revoking your proxy; or

voting in person at the meeting (attendance at the meeting will not in and of itself constitute the revocation of a proxy).

If you hold your shares in the name of a broker or fiduciary and desire to revoke your proxy, you will need to contact your broker or fiduciary to revoke your proxy.

How many shares must be present in order for there to be a quorum at the 2018 Annual Meeting?

A majority of the shares that are issued and outstanding and entitled to vote as of the record date must be present in person or by proxy at the meeting in order to hold the meeting and conduct business. Shares are counted as present at the meeting if the stockholder either:

is present and votes in person at the meeting; or

has properly submitted a signed proxy card or other form of proxy.

On March 26, 2018, the record date for the 2018 Annual Meeting, there were 48,708,521 shares of common stock issued and outstanding. Therefore, at least 24,354,261 shares need to be present in person or by proxy at the 2018 Annual Meeting.

What happens if a nominee is unable to stand for election?

Although the board has no reason to believe any nominee will be unable to stand for election, the board may, by resolution, provide for a lesser number of directors or designate a substitute nominee. In the latter case, shares represented by proxies may be voted for a substitute nominee. You cannot vote for more than twelve nominees.

What options do I have in voting on each of the proposals?

In the election of directors you may vote "FOR" or "WITHHOLD AUTHORITY TO VOTE FOR" each nominee. In the say-on-pay vote, ratification of the appointment of RSM US LLP and for any other proposal properly brought before the meeting, you may vote "FOR," "AGAINST" or "ABSTAIN." With respect to the proposal on the frequency of future say-on-pay proposals, you may vote "EVERY YEAR," "EVERY TWO YEARS," "EVERY THREE YEARS" or "ABSTAIN."

How many votes may I cast?

Generally, you are entitled to cast one vote for each share of stock you owned on the record date. The proxy card or *Notice Regarding the Availability of Proxy Materials* indicates the number of shares owned by an account attributable to you.

How many votes are needed for each proposal?

Directors will be elected by a plurality and the twelve individuals receiving the highest number of votes cast "FOR" their election will be elected as directors of First Busey. The frequency with which future say-on-pay votes will be held will also be decided by a plurality, with the frequency receiving the most votes being considered the choice of stockholders. The holders of a majority of the shares having voting power and present at the annual meeting will be required to approve the say-on-pay proposal, ratification of the appointment of RSM US LLP and any other matter that arises at the 2018 Annual Meeting. Therefore, abstentions will have the same legal effect as a vote "AGAINST" these matters, while broker nonvotes, if any, will have no effect on these matters. Please note that, because the say-on-pay and frequency of future say-on-pay votes are advisory, the outcome of such votes will not be binding on the board of directors or the Executive Management Compensation and Succession Committee.

Table of Contents

In January 2017, First Busey adopted a majority voting policy, which requires an incumbent director who fails to receive the affirmative vote of a majority of the votes cast with respect to his or her election in an uncontested election at a meeting of stockholders to submit his or her resignation following certification of the stockholder vote. Such resignation will first be considered by the members of the Nominating and Corporate Governance Committee (other than the tendering director, if applicable), who will recommend to the board of directors whether to accept or reject the resignation after considering all factors deemed relevant by the committee, including, without limitation, any stated reasons as to why stockholders withheld votes from the director, any alternatives for curing the underlying cause of the "WITHOLD AUTHORITY FOR" votes, the director's tenure and qualifications, the director's past and expected future contributions to First Busey, and the overall composition of the board, including whether accepting the resignation offer would cause First Busey to be in violation of its constituent documents or fail to meet any applicable regulatory or contractual requirements. The board of directors (other than the tendering director) will then act to accept or reject the committee's recommendation no later than 90 days following the date of the stockholders' meeting after considering the factors considered by the committee and such additional information and factors as the board believes to be relevant.

Where do I find the voting results of the meeting?

If available, we will announce voting results at the meeting. The voting results also will be disclosed in a Form 8-K that we will file within four business days after the meeting.

Who bears the cost of soliciting proxies?

First Busey bears the cost of soliciting proxies. In addition to solicitations by mail, our officers, directors or employees may solicit proxies in person or by telephone. These persons will not receive any special or additional compensation for soliciting proxies. We may reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to stockholders.

**PROPOSAL 1:
ELECTION OF DIRECTORS**

The Nominating and Corporate Governance Committee has nominated the twelve nominees named below for election as directors at the 2018 Annual Meeting for a term of one year or until their successors have been duly elected and are qualified.

Over the past several years, the board of directors and the Nominating and Corporate Governance Committee have discussed and planned for director succession. Current directors E. Phillips Knox, V. B. Leister, Jr., Jon D. Stewart and Phyllis M. Wise expressed they will retire from the board of directors effective at the conclusion of the 2018 Annual Meeting. Since they are retiring from the board of directors, they were not re-nominated for election. With more than 90 years of combined service to First Busey, the board of directors thanks these directors for their significant contributions to the First Busey organization. Subsequently, the board of directors has nominated, upon the recommendation of the Nominating & Corporate Governance Committee, two new individuals for election at the 2018 Annual Meeting, Frederic L. Kenney and Elisabeth M. Kimmel. Additionally, directors David J. Downey, August C. Meyer, Jr. and George T. Shapland have indicated, if elected at the 2018 Annual Meeting, that it is their current intention to retire from the board of directors effective at the conclusion of the 2019 Annual Meeting of Stockholders.

It is intended that the proxies received in response to this solicitation will be voted for the election of the twelve persons so nominated, unless otherwise specified. If, for any reason, any nominee becomes unavailable for election or declines to serve, persons named in the proxy may exercise discretionary authority to vote for a substitute proposed by the board. No circumstances are presently known which would render a nominee named herein unavailable.

Set forth below under "Nominees" is certain biographical information concerning each nominee for director, including principal occupation and age. Unless otherwise noted, nominees for director have been employed in their principal occupation with the same organization for at least the last five years.

Required Stockholder Vote for Election of Directors

Subject to First Busey's majority voting policy discussed on page 6, the directors are elected by a plurality and the twelve individuals receiving the highest number of votes cast "FOR" their election will be elected as directors of First Busey.

Board Recommendation

The board of directors recommends that you vote "FOR" each of the nominees listed below.

There are no arrangements or understandings between any of the nominees, directors or executive officers and any other person pursuant to which any of our nominees, directors or executive officers have been selected for their respective positions. Ms. Kimmel, who has been nominated to stand for election at the 2018 Annual Meeting, is the daughter of Mr. Meyer, an incumbent director. Other than this relationship, no nominee, member of the board of directors or executive officer is related to any other nominee, member of the board of directors or executive officer. Finally, except for Mr. Bradshaw (in his capacity as director and Chairman of the Board of Pulaski Financial Corp., which was acquired by First Busey in 2016) and Mr. Barr (in his capacity as director and Chairman of the Board of First Community Financial Partners, Inc., which was acquired by First Busey in 2017), no nominee or director has been a director of another "public corporation" (i.e., subject to the reporting requirements of the Securities Exchange Act of 1934, or the "Exchange Act") or of any registered investment company within the past five years.

Director Qualifications

We have established minimum criteria that we believe each director should possess to be an effective member of our board. Those criteria are discussed in more detail below in this proxy statement. The particular experience, qualifications, attributes or skills that led the board to conclude that each member is qualified to serve on the board and any committee he or she serves on is as follows:

Joseph M. Ambrose. We consider Mr. Ambrose to be a qualified candidate for service on the board and Executive Management Compensation and Succession Committee due to his business and financial expertise acquired as a senior executive officer of a prominent global business headquartered in the Champaign-Urbana community.

George Barr. We consider Mr. Barr to be a qualified candidate for service on the board due to his extensive legal and business experience. Mr. Barr's involvement with numerous local commercial, industrial, apartment, residential and entertainment real estate development projects provide him and the board with a detailed knowledge of the real estate markets in the areas of Northern Illinois in which the bank operates and provides loans.

Stanley J. Bradshaw. CORPORATE GOVERNANCE AND BOARD OF DIRECTORS MATTERS

General

Generally, the board oversees our business and monitors the performance of our management. In accordance with our corporate governance procedures, the board does not involve itself in the day-to-day operations of First Busey, which is monitored by our executive officers and management. Our directors fulfill their duties and responsibilities by attending regular meetings of the full board, which are generally held every two months, special meetings held from time to time and through committee membership, which is discussed below. Our directors also discuss business and other matters with our key executives and our principal external advisers, such as our legal counsel, auditors and other consultants.

A majority of our directors are "independent," as defined by Nasdaq listing standards, and the board has determined that the independent directors do not have other relationships with us that prevent them from making objective, independent decisions. Generally, the board undertakes an annual review of director independence. This process consists of an oral question and answer session at a board meeting at which all directors hear the responses of each director and have an opportunity to evaluate the facts presented. This independence review is further supplemented by an annual questionnaire that directors are required to complete that contains a number of questions related to, among other things, independence and related-party transactions.

In considering Mr. Downey's independence, our board of directors took into consideration his role as President of The Downey Group, Inc., which in 2017 received life insurance commissions of \$26,515 relating to Busey Bank insurance coverage. In considering Mr. Meyer's and Ms. Kimmel's independence, our board of directors took into consideration Mr. Meyer's role as Chairman and Ms. Kimmel's role as President and Chief Executive Officer of Midwest Television, Inc., which is a 50% partner of an entity that leases property to First Busey. The board of directors ultimately determined that Mr. Downey, Mr. Meyer and Ms. Kimmel are "independent" because the payments made to their companies did not and will not interfere with their exercise of independent judgment in carrying out

Table of Contents

responsibilities as a director. Because of their current or past positions as executive officers of First Busey, Messrs. Dukeman and Lykins are not considered "independent."

Our board of directors held six regular meetings, two special meetings, and one board study session during 2017. All of the directors attended at least 75% of the board meetings and meetings of committees of which they were members. Our independent directors met two times in executive session during 2017, and we expect that they will meet at least two times in executive session during 2018. We require all our directors to attend the annual meeting of our stockholders. Last year all of our directors then serving attended the annual meeting, and we expect all of our directors will attend the 2018 Annual Meeting.

The board of directors has established an Executive Management Compensation and Succession Committee, a Nominating and Corporate Governance Committee and an Audit Committee, each of which is made up solely of independent directors.

Any stockholder who wishes to contact the full board may do so: (i) in writing, in care of First Busey Corporation, 100 W. University Avenue, Champaign, Illinois 61820; or (ii) electronically, through the hyperlink available at our website at <http://www.busey.com>. Communications to the full board should be directed to Mary E. Lakey, Corporate Secretary, who will forward all appropriate comments and communications to the board, while communications to the independent directors should be directed to Mr. Bradshaw.

Executive Management Compensation and Succession Committee

The Executive Management Compensation and Succession Committee met nine times in 2017. In 2017, the Executive Management Compensation and Succession Committee was comprised of Joseph M. Ambrose (Chairman), David J. Downey, Stephen V. King and August C. Meyer, Jr., each of whom is an "independent" director as defined by Nasdaq listing requirements and Rule 10C-1 under the Exchange Act, an "outside" director pursuant to Section 162(m) of the Internal Revenue Code and a "non-employee" director under Section 16 of the Exchange Act. The composition of the Executive Management Compensation and Succession Committee through the end of 2018 may be adjusted following the election of the board of directors at the 2018 Annual Meeting. The Executive Management and Succession Committee charter is available at our website at <http://www.busey.com> under "Investor Relations."

The responsibilities of the Executive Management and Succession Committee include the approval, and recommendation to the full board in certain circumstances, of the compensation of our Chief Executive Officer and other senior executive officers. The Executive Management Compensation and Succession Committee also reviews and analyzes existing and potential management succession issues.

Audit Committee

The Audit Committee provided an update to the board of directors at its six regular meetings during 2017 and met separately from the full board five times in 2017. In 2017, the Audit Committee was comprised of V.B. Leister, Jr. (Chairman), George T. Shapland, Thomas G. Sloan and Jon D. Stewart. Each of these committee members is considered "independent" according to Nasdaq listing requirements and Rule 10A-3 under the Exchange Act, as required for audit committee membership. The board of directors had determined that Mr. Stewart qualified as an "audit committee financial expert" under the regulations of the Securities and Exchange Commission based on his level of education and experience, as described previously in this proxy statement, and he has served in this capacity on the Audit Committee in 2017. The composition of the Audit Committee, including the designation of one of its members as an "audit committee financial expert", will be adjusted through the end of 2018 following the election of the board of directors at the 2018 Annual Meeting.

Table of Contents

The responsibilities and functions of the Audit Committee and its activities during 2017 are described in detail under the heading "Report of the Audit Committee" in this proxy statement. The Audit Committee charter is available at our website at <http://www.busey.com> under "Investor Relations."

The Audit Committee has adopted procedures for the treatment of complaints or concerns regarding accounting, internal accounting controls or auditing matters. In addition, the Audit Committee reviews and approves all related-party transactions, except for those lending relationships and transactions that are approved under the Bank's policies. The Audit Committee has also implemented pre-approval policies and procedures for all audit and non-audit services. Generally, the Audit Committee requires pre-approval of any services to be provided by our auditors and tax accountants, RSM US LLP, to First Busey or any of our affiliates. Additionally, the Audit Committee also pre-approves other services provided by third parties related to compliance with the Sarbanes-Oxley Act of 2002 ("Sarbanes-Oxley") and tax and accounting matters. The pre-approval procedures also allow Mr. Leister, the committee's Chairman, to individually pre-approve services in the event that a meeting cannot be held prior to the necessary action.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee met seven times in 2017. In 2017, the Nominating and Corporate Governance Committee was comprised of David J. Downey (Chairman), Stanley J. Bradshaw, Thomas G. Sloan, George T. Shapland and Phyllis M. Wise, each of whom is considered "independent" according to Nasdaq listing requirements. The composition of the Nominating and Corporate Governance Committee through the end of 2018 will be adjusted following the election of the board of directors at the 2018 Annual Meeting. Responsibilities of the Nominating and Corporate Governance Committee include the nomination of individuals as members of the board, including the review of qualifications of directors to stand for re-election and the implementation and maintenance of our corporate governance procedures. The Nominating and Corporate Governance Committee charter is available at our website at <http://www.busey.com> under "Investor Relations."

The Nominating and Corporate Governance Committee reviews qualified candidates for directors and focuses on those who present varied, complementary backgrounds that emphasize both business experience and community standing. While we do not have a separate diversity policy, the committee does consider the diversity of our directors and nominees in terms of knowledge, experience, skills, expertise, and other demographics which may contribute to the board. The Nominating and Corporate Governance Committee also believes that directors should possess the highest personal and professional ethics.

The Nominating and Corporate Governance Committee has established the following minimum criteria, which it considers necessary for service on the board:

possession of the highest personal and professional ethics, integrity and values;

effective leadership and sound judgment in the nominee's professional life;

exemplary management and communication skills;

active leadership in the nominee's profession, business or organization;

knowledge of business, economic and community issues;

a lack of conflicts of interest that would prevent the nominee from serving on the board; and

for non-employee nominees, independence from management to the extent required in order for a majority of the board to be made up of directors who meet the definition of an "independent director" as set forth by Nasdaq.

Table of Contents

The Nominating and Corporate Governance Committee reviews the qualifications of each potential candidate for director and identifies nominees by consensus.

The Nominating and Corporate Governance Committee evaluates all candidates in the same way, reviewing the aforementioned factors, among others, regardless of the source of such candidate, including stockholder recommendation. Because of this, there is no separate policy with regard to consideration of candidates recommended by stockholders. The Nominating and Corporate Governance Committee did not receive any stockholder recommendations for director nominees for 2018. No third party was retained, in any capacity, to provide assistance in either identifying or evaluating potential director nominees for 2018.

Director Nominations and Qualifications

In order for a stockholder nominee to be considered by the Nominating and Corporate Governance Committee to be its nominee at the 2019 Annual Meeting, the nominating stockholder must file a written notice of the proposed director nomination with our Corporate Secretary, at 100 W. University Avenue, Champaign, Illinois 61820, no earlier than the close of business on February 22, 2019 and no later than the close of business on March 24, 2019. The stockholder's notice of intention to nominate a director must include: (a) for each person to be nominated: (i) the name, age and business and residence address of each nominee; (ii) the principal occupation or employment of each nominee; (iii) the class and number of shares of stock owned by the nominee on the date of the notice; and (iv) any information that would be required to be disclosed on Schedule 13D pursuant to Regulation 13D under the Exchange Act, in connection with the acquisition of stock, and pursuant to Regulation 14A under the Exchange Act, in connection with the solicitation of proxies with respect to nominees for election as directors, regardless of whether the person is subject to the provisions of such regulations; and (b) as to the stockholder giving notice: (i) the name and address of record of the nominating stockholder and the names and addresses of any other stockholders supporting each respective nominee; and (ii) the class and number of shares of stock owned by the nominating stockholder and any other stockholders supporting the nominees on the date of the notice. All submissions must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected. The Nominating and Corporate Governance Committee may request additional information in order to make a determination as to whether to nominate the person for director.

The Nominating and Corporate Governance Committee identifies nominees by first evaluating the current members of the board who are willing to continue in service. Current members of the board with skills and experience that are relevant to our business and who are willing to continue in service are considered for re-nomination. If any member of the board does not wish to continue in service or if the committee or the board decides not to re-nominate a member for re-election, the committee would identify the desired skills and experience of a new nominee in light of the criteria above. Once elected, each director is subject to First Busey's director stock ownership policy. Previously this policy required each director to own stock in First Busey in an amount equal to two times his or her annual cash retainer. However, in early 2014, the board of directors amended this stock ownership policy such that each director is now required to own stock in First Busey in an amount equal to three times his or her annual cash retainer, which is currently \$30,000. In conjunction with the amendment of this policy, directors were given up to five years to increase their respective stock ownership in order to comply with the new ownership requirements.

For the 2018 Annual Meeting, upon the recommendation of the Nominating and Corporate Governance Committee, the board of directors nominated for election to the board 10 incumbent directors and two new director nominees. First Busey did not receive any stockholder nominations for directorships for the 2018 Annual Meeting.

Other Stockholder Proposals

If a stockholder intends to present a proposal at First Busey's 2019 Annual Meeting, our Corporate Secretary must receive notice of such matter no earlier than the close of business on February 22, 2019 and no later than the close of business on March 24, 2019 to be considered timely. The notice must otherwise comply with our bylaws.

Board Leadership Structure

The positions of Chairman of the Board and Chief Executive Officer are currently held by separate individuals. We believe this is the most appropriate structure for our board at this time. The Chairman provides leadership to the board and works with the board to define its structure and activities in the fulfillment of its responsibilities. The Chairman sets the board agendas with board and management input, facilitates communication among directors, works with the Chief Executive Officer to provide an appropriate information flow between management and the board and presides at meetings of the board and stockholders. With the Chairman's assumption of these duties, the Chief Executive Officer may place a greater focus on our strategic and operational activities. We also believe our board feels a greater sense of involvement and brings a wider source of perspective as a result of this structure, from which we benefit.

The position of "lead" independent director is currently filled by Mr. Downey. If elected, Mr. Bradshaw will assume this role effective directly after the 2018 Annual Meeting. The Nominating and Corporate Governance Committee reviews this appointment annually with the full board ratifying the committee's selection. The lead independent director assists the board in assuring effective corporate governance and serves as Chairman of the independent director sessions.

Board's Role in Risk Oversight

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including general economic risks, credit risks, regulatory risks, audit risks, reputational risks and others, such as the impact of competition or risk-related behavior that may be affected by our compensation plans. Management is responsible for the day-to-day management of risks First Busey faces, while the board, as a whole and through its committees, has responsibility for the oversight of risk management. We also have a Chief Risk Officer, who is responsible for the coordination and oversight of the organization's risk management processes. In its risk oversight role, the board of directors has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed.

While the full board of directors is charged with ultimate oversight responsibility for risk management, various committees of the board and members of management also have responsibilities with respect to our risk oversight. In particular, the Audit Committee plays a large role in monitoring and assessing our financial, legal and organizational risks and receives regular reports from the management team's senior risk officers regarding comprehensive organizational risk as well as particular areas of concern. The board's Executive Management Compensation and Succession Committee monitors and assesses the various risks associated with compensation policies and oversees incentive plans to ensure a reasonable and manageable level of risk-taking consistent with our overall strategy. Additionally, our Chief Credit Officer and loan review staff are separately responsible for overseeing our credit risk.

We believe that establishing the right "tone at the top" and providing for full and open communication between management and our board of directors are essential for effective risk management and oversight. Our executive management meets regularly with our other senior officers to discuss strategy and risks facing First Busey. Senior officers attend many of the board meetings or, if

Table of Contents

not in attendance, are available to address any questions or concerns raised by the board on risk management-related and any other matters. Additionally, each of our board-level committees provides regular reports to the full board and apprises the board of our comprehensive risk profile and any areas of concern.

Code of Ethics

We have a code of ethics in place that applies to all of our directors, officers and employees. The code sets forth the standard of ethics that we expect all of our directors, officers and employees to follow, including our Chief Executive Officer and Chief Financial Officer. The text of this code of ethics may be found under "Investor Relations" on our website at <http://www.busey.com>. We intend to satisfy the disclosure requirements under Item 5.05 of Form 8-K regarding any amendment to or waiver of the code with respect to our Chief Executive Officer and Chief Financial Officer, and persons performing similar functions, by posting such information on our website.

DIRECTOR COMPENSATION

In general, director compensation for non-employee directors who served on the board during 2017 included a cash retainer and share-based compensation in the form of deferred stock units ("DSUs"). DSUs are subject to the same terms as restricted stock units ("RSUs"), except that, following vesting, settlement occurs within 30 days following the earlier of separation from the board or a change in control of First Busey.

The Compensation and Succession Committee utilized an external consultant, Frederic W. Cook & Co., Inc. ("F.W. Cook") and legal counsel to review director compensation in 2017. Based on their recommendations, effective July 2017, the annual cash retainer for non-employee directors was increased from \$25,000 to \$30,000. Consistent with past practices, the Chairman of the Audit Committee receives \$7,500 annually; the Chairman of the Executive Management Compensation and Succession Committee and Chairman of the Nominating and Corporate Governance Committee each receives \$5,000 annually; and any director serving on the Director's Loan Committee, each receives \$6,000 annually. In addition, non-chairman directors each receive \$600 for each committee meeting attended (in person or by telephone) outside of regular Board meetings.

During 2017, each of the non-employee directors received a cash retainer of \$26,250, except for Mr. Barr, who was appointed to the board on July 25, 2017 and received a cash retainer of \$7,500. Each of the directors, except Mr. Lykins, also received 1,250 DSUs which vest on the first anniversary of the grant date or at the next annual stockholders' meeting, whichever is earlier. Mr. Leister received an additional cash retainer of \$7,500 for service as Chairman of the Audit Committee. Additionally, Messrs. Shapland, Sloan and Stewart each received additional cash fees of \$600 for attending meetings of the Audit Committee. Mr. Ambrose and Mr. Downey each received additional cash retainers of \$5,000 for service as Chairman of the Executive Management Compensation and Succession Committee and Chairman of the Nominating and Corporate Governance Committee, respectively. Messrs. Downey, King and Meyer also received cash fees of \$2,400, \$3,000, and \$2,400, respectively, for attending meetings of the Executive Management Compensation and Succession Committee. Messrs. Bradshaw, Shapland and Sloan and Dr. Wise also each received cash fees of \$600 for attending meetings of the Nominating and Corporate Governance Committee. Mr. Knox and Mr. Stewart each received additional cash retainers of \$6,000 for service on the Director's Loan Committee.

During 2010, Mr. Lykins, who is Chairman of the Board, entered into a letter of understanding with First Busey that treats him as a non-officer, at-will employee of First Busey such that he does not receive director fees. Under this letter, Mr. Lykins is entitled to an annual salary, participation in First Busey's general benefits programs and discretionary cash bonuses and equity-based awards as determined in the sole discretion of the Executive Management Compensation and Succession Committee.

REPORT OF THE AUDIT COMMITTEE

In accordance with its written charter adopted by the board, the Audit Committee is responsible for: (i) the oversight of the quality and integrity of our accounting, auditing and financial reporting practices; (ii) the oversight of our internal and external auditors; (iii) the resolution of disagreements between management and the auditors regarding financial reporting; and (iv) the determination of the independence of the external auditors. During 2017, the Audit Committee met five times, separate of the full board. At one of its meetings, which included management and the independent auditors, the committee approved our audited financial statements for the year ended December 31, 2016, which were filed with the Securities and Exchange Commission in February 2017.

In discharging its oversight responsibility as to the audit process for the fiscal year ended December 31, 2017, the Audit Committee obtained from the independent auditor a formal written statement describing all relationships between the independent auditor and First Busey that might bear on the auditor's independence as required by the Public Company Accounting Oversight Board, discussed with the independent auditor any relationships that may impact its objectivity and independence and satisfied itself as to the auditor's independence. The Audit Committee also discussed with management, the internal auditors and the independent auditor the quality and adequacy of First Busey's internal controls and the internal audit function's organization, responsibilities, budget and staffing. The Audit Committee reviewed with both the independent and internal auditors their audit plans, scope, and identification of audit risk areas.

The Audit Committee discussed and reviewed with the independent auditor all communications required to be discussed in accordance with Public Company Accounting Oversight Board ("PCAOB") Auditing Standard 1301 (Communications With Audit Committees), and has received and discussed the written disclosures and the letter from our accounting firm required by PCAOB Rule 3526, *Communication with Audit Committees Concerning Independence*. Based on the review and discussions with management and our accounting firm, the Audit Committee recommended to the board that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2017 for filing with the Securities and Exchange Commission.

STOCK OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth certain information regarding the beneficial ownership of our common stock as of March 26, 2018, by all directors and director nominees, by each person who is known by us to be the beneficial owner of more than 5% of our outstanding common stock, by each NEO and by all directors and executive officers as a group.

The number of shares beneficially owned by each director, director nominee, 5% stockholder or NEO is determined under the rules of the Securities and Exchange Commission, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under such rules, beneficial ownership includes any shares as to which the individual has sole and/or shared voting power or investment power and also any shares which the individual has the right to acquire within 60 days of March 26, 2018, through the exercise of any option or other right.

Unless otherwise indicated, each person has sole investment and voting power (or shares such powers with his or her spouse) with respect to the shares set forth in the following table. In certain instances, the number of shares listed includes, in addition to shares owned directly, shares held by the spouse or minor children of the person, or by a trust of which the person is a trustee or in which the person may have a beneficial interest. In some cases, the person has disclaimed beneficial interest in certain of these shares.

In 2014, our board of directors adopted a policy which generally prohibits our directors and officers from hedging their economic interests in our securities or, without the prior approval of the Nominating and Corporate Governance Committee, pledging shares of our common stock as security for lending relationships. Exempt from this policy, however, are shares which were already pledged as security at the time of the policy's adoption. Shares pledged pursuant to this policy are noted in the footnotes to the table below.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers and holders of more than 10% of our common stock to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of common stock. We believe that during 2017, our executive officers, directors and 10% stockholders timely filed reports required to be filed under Section 16(a), except for one late filing on Form 4 filed by Mr. Stephen King relating to a purchase of stock. In making the foregoing statements, we have relied solely upon the written representations of our directors, executive officers and 10% stockholders and reports filed with the Securities and Exchange Commission.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

This Compensation Discussion & Analysis ("CD&A") describes our compensation philosophy and policies for 2017 as applicable to our NEOs, as defined under Securities and Exchange Commission rules, who are listed in the Summary Compensation Table below. This CD&A explains the structure and rationale associated with each material element of the total compensation of our NEOs, and it provides important context for the more detailed disclosure tables and specific compensation amounts provided following this CD&A.

2017 Business Highlights

Our priorities continue to focus around balance sheet strength, profitability and growth, in that order. Throughout 2017, the Company continued to execute its strategy of organically growing loans and deposits within its market footprint. To supplement this organic growth, the Company completed two acquisitions in 2017, First Community Financial Partners, Inc. on July 2, 2017 and Mid Illinois Bancorp, Inc. on October 1, 2017. These acquisitions accelerated growth and created a Midwest community bank with greater scale and improved operating efficiency, along with geographic and balance sheet diversification. Our commitment to premier customer service remains strong, as well as our commitment to remain locally invested in our employees and the communities we serve. First Busey's management team remained disciplined in its focus on capital, credit and efficiency.

Table of Contents

Capital Management Strategies The Company's strong capital levels, coupled with its earnings, have allowed it to provide a steady return to its stockholders through dividends. Our return on Average Tangible Common Equity was 11.61% and 11.68% at December 31, 2017 and 2016, respectively. Further, as of December 31, 2017, the Company remained well-capitalized, exceeding regulatory standards with a Tier 1 Capital ratio of 12.14%.

Credit Quality Our commitment to credit quality remains strong. Our nonperforming loans were \$27.4 million and \$21.6 million at December 31, 2017 and 2016, respectively. Non-performing loans as a percentage of total portfolio loans continued to be low at 0.50% and 0.56% at December 31, 2017 and 2016, respectively.

Efficiency Initiatives During 2017, the Company remained focused on expense discipline with a continuing commitment to deliver optimal value to our stockholders. The efficiency ratio improved in 2017 to 58.27% from 61.80% in 2016.

With our strong capital position, an attractive core funding base, a sound credit foundation, and an active growth plan, we are poised for growth in 2018 and beyond. In 2018, we will continue to monitor our investments and revenue growth with the greatest of care as we strive to deliver optimal value to our stockholders.

2017 Compensation Highlights

Based upon the recommendation of First Busey's senior management and the concurrence of the Executive Management Compensation and Succession Committee, the base salary for each of our NEOs was increased effective June 12, 2017.

Target bonuses were increased for our Chief Executive Officer and other NEOs to 70% and 60% of their base salaries, respectively.

Equity grants for 2017 were determined mid-year, consistent with prior practice, to continue emphasizing aligning the interests of our NEOs with those of our stockholders.

2018 Compensation Highlights

First Busey has not yet made NEO salary determinations for 2018 and expects determinations to be made mid-year.

Equity grants for 2018 will be determined mid-year, consistent with prior practice, to continue emphasizing aligning the interests of our NEOs with those of our stockholders.

First Busey terminated the First Busey Executive Deferred Compensation Plan.

Regulatory Impact on Compensation

The Executive Management Compensation and Succession Committee made many important decisions in 2017 affecting the compensation of our NEOs. These decisions were the result of many factors, including our financial performance as discussed throughout this CD&A. To more fully understand the decisions of the committee with respect to compensation during 2017 and into 2018, the committee believes it is beneficial to understand the changing regulatory context in which these decisions were made.

As a publicly-traded financial institution, First Busey must contend with several often overlapping layers of regulations when considering and implementing compensation-related decisions. These regulations do not set specific parameters within which compensation decisions must be made, but do require First Busey and the Executive Management Compensation and Succession Committee to be mindful of the risks that often go hand-in-hand with compensation programs designed to incentivize the

Table of Contents

achievement of better than average performance. While the regulatory focus on risk assessment has been heightened over the last several years, the incorporation of general concepts of risk assessment in our compensation decisions is not a recent development.

Under its Interagency Guidelines Establishing Standards for Safety and Soundness (the "Safety and Soundness Standards"), the Federal Deposit Insurance Corporation (the "FDIC") has long held that excessive compensation is prohibited as an unsafe and unsound practice. In describing a framework to determine whether compensation is excessive, the FDIC has indicated that financial institutions should consider whether aggregate cash amounts paid, or noncash benefits provided, to employees are unreasonable or disproportionate to the services performed by an employee. The FDIC encourages financial institutions to review an employee's compensation history and to consider internal pay equity, and, as appropriate, to consider benchmarking compensation to peer groups. Finally, the FDIC provides that, in order to give proper context, such an assessment must be made in light of the institution's overall financial condition.

In addition, the Executive Management Compensation and Succession Committee must also take into account the joint agency Guidance on Sound Incentive Compensation Policies (the "Guidance"). Various financial institution regulatory agencies worked together to issue the Guidance, which is intended to complement the Safety and Soundness Standards. The Guidance sets forth a framework for assessing and mitigating risk associated with incentive compensation plans, programs and arrangements maintained by financial institutions. The Guidance is narrower in scope than the Safety and Soundness Standards because it applies only to senior executive officers and those other individuals who, either alone or as a group, could pose a material risk to an institution. With respect to such individuals, the Guidance is intended to focus an institution's attention on balanced risk-taking incentives, compatibility of incentives with effective controls and risk management, and a focus on general principles of strong corporate governance in establishing, reviewing and maintaining incentive compensation programs.

The Executive Management Compensation and Succession Committee, with the assistance of its advisors and First Busey's management, continues to monitor the status of compensation-related rules and regulations expected to be finalized under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act"). In 2014, First Busey adopted a clawback policy that provides the board with authority to recover certain bonus or other incentive compensation paid to any NEO in appropriate circumstances where there has been a restatement of First Busey's financial statements filed with the Securities and Exchange Commission. While the committee believes its own risk assessment procedures are effective, it is prepared to implement any additional steps that may be deemed necessary to fully comply with such rules and regulations should they be finalized and become effective. The committee does note, however, that the proposed risk assessment rules issued under the Dodd-Frank Act nearly mirror the Safety and Soundness Standards and the framework of the Guidance. As such, the committee already adheres, in many respects, to the proposed rules and regulations under the Dodd-Frank Act.

Finally, in addition to the foregoing, as a publicly-traded corporation, First Busey is subject to the Securities and Exchange Commission's rules regarding risk assessment. Those rules require a publicly-traded company to determine whether any of its existing incentive compensation plans, programs or arrangements create risks that are reasonably likely to have a material adverse effect on First Busey. We do not believe that our incentive compensation plans, programs or arrangements create risks that are reasonably likely to have a material adverse effect on First Busey.

The Executive Management Compensation and Succession Committee continues to believe in and practice a sensible approach to balancing risk-taking and rewarding reasonable, but not necessarily easily attainable, goals and this has always been a component of its overall assessment of the compensation plans, programs and arrangements it has put in place for First Busey's NEOs. In this regard, the committee has revisited the components of the frameworks set forth in the Safety and

Table of Contents

Soundness Standards and the Guidance as an effective tool for conducting its own assessment of the balance between risk and reward built into First Busey's compensation programs for our NEOs. The committee believes First Busey has adequate policies and procedures in place to balance and control any risk-taking that may be incentivized by the employee compensation plans. The committee further believes that such policies and procedures will work to limit the risk that any employee would manipulate reporting earnings in an effort to enhance his or her compensation.

In making decisions about executive compensation, in addition to the above, the Executive Management Compensation and Succession Committee considers the impact of other regulatory provisions, including: the provisions of Section 162(m) of the Internal Revenue Code that may limit the tax deductibility of certain compensation; Section 409A of the Internal Revenue Code regarding nonqualified deferred compensation; and Sections 280G and 4999 of the Internal Revenue Code regarding excise taxes and deduction limitations on golden parachute payments made in connection with a change in control. In making decisions about executive compensation, the committee also considers how various elements of compensation will impact our financial results. For example, the committee considers the impact of FASB ASC Topic 718, which requires First Busey to recognize the compensation cost of grants of equity awards based upon the grant date fair value of those awards.

Role of the Executive Management Compensation and Succession Committee

The Executive Management Compensation and Succession Committee is responsible for guiding and overseeing the formulation and application of the compensation and benefit programs for our NEOs, including reviewing and approving compensation levels, evaluating the performance of our NEOs and considering senior management succession issues. The committee acts pursuant to a charter that has been approved by our full board and can be found at <http://www.busey.com> under "Investor Relations." The committee is composed of non-employee, independent members of the board.

Compensation Philosophy and Objectives

We are committed to providing a total compensation program that supports our long-term business strategy and performance culture and creates a commonality of interest with our stockholders. We believe that the most effective compensation program is one that is designed to reward the achievement of annual, long-term and strategic goals by First Busey and that aligns executives' interests with those of our stockholders by rewarding performance consistent with established goals, with the ultimate objective of improving stockholder value.

The Executive Management Compensation and Succession Committee has worked with our management to design compensation programs for all employees that encourage high performance, promote accountability and ensure that employee interests are aligned with the interests of our stockholders. Additionally, the committee evaluates both performance and compensation to ensure that compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives of our compensation peers and that we maintain our ability to attract and retain superior employees in key positions in the markets we serve. The primary objectives of our executive compensation policies are:

- to provide market-based compensation to attract, retain, and motivate highly-qualified executives;
- to reward executives based upon our financial performance at levels competitive with compensation peers;
- to provide incentives for executive officers to work toward targeted successful annual results and strategic objectives;
- to create opportunities and incentives for our executive officers to be long-term stockholders;

Table of Contents

to align executive compensation with increases in stockholder value, as measured by favorable long-term results and continued strengthening of First Busey's financial condition;

to provide flexibility to recognize, differentiate and reward individual performance; and

to identify and prudently manage risks associated with our compensation programs.

We compensate our executives through a mix of base salary, annual cash incentive awards, equity compensation and other benefits and perquisites designed to reward performance, be competitive with our compensation peers and align management's incentives with the long-term interests of our stockholders, all in accordance with the regulatory requirements described above. Our compensation peer group is described below.

Because we believe that our executives' compensation should be tied to the success of First Busey and increases in stockholder value, a significant percentage of total compensation has historically been allocated to incentive compensation. There is no pre-established policy or target for the allocation between either cash and noncash or short-term and long-term incentive compensation. Rather, the Executive Management Compensation and Succession Committee reviews information such as that referenced above with respect to our compensation peer group to determine the appropriate level and mix of incentive compensation.

Compensation-Related Governance Policies

Stock Ownership Policy. We believe that our named executive officers and nonemployee directors should have and maintain a significant equity interest in the Company. In 2014, First Busey adopted a stock ownership policy for our directors and NEOs to promote a long-term perspective in managing First Busey, and to help align the interests of our stockholders, directors and top executives. All of our NEOs and directors are currently in compliance with these guidelines. The guidelines approved by First Busey, and with which the directors and NEOs have five years to comply, are:

Participant	Target ownership level
Directors	3x annual cash retainer fees
Chief Executive Officer	3x annual salary
All other NEOs	2x annual salary

Insider Trading Policy. The Company has an insider trading policy that permits open market transactions in Company stock beginning two trading days after quarterly earnings have been made public until the two weeks before the last day of the quarter end.

Hedging and Pledging Policy. The Company's insider trading policy includes provisions that specifically prohibit our insiders from entering into hedging transactions involving the Company's stock. To our knowledge, none of our officers or directors have entered into a hedging transaction involving Company stock in violation of this prohibition. The Company's insider trading policy also prohibits an insider from pledging Company stock as collateral for a lending relationship without the prior approval of the Nominating and Corporate Governance Committee. To our knowledge, none of our officers or directors has pledged their Company stock in violation of this policy.

Clawback Policy. In 2014, First Busey adopted a clawback policy that provides the board with authority to recover certain bonus or other incentive compensation (cash or equity) paid to any NEO in appropriate circumstances where there has been a restatement of First Busey's financial statements filed with the Securities and Exchange Commission.

Prior Year's Say-on-Pay Vote

At First Busey's 2017 Annual Meeting, the nonbinding, advisory proposal to approve the compensation of certain executive officers received the approval of more than 82% of the shares having voting power and present at the meeting. First Busey, the board and the Executive Management Compensation and Succession Committee pay careful attention to communications received from stockholders regarding executive compensation, including the nonbinding, advisory vote and believes that the vote reflects our stockholders' support of our compensation philosophy and the manner in which we compensate our NEOs. First Busey considered the positive result of the 2017 advisory vote on executive compensation, but not for specific 2017 or 2018 compensation decisions.

Compensation Process

As described above, the Executive Management Compensation and Succession Committee is responsible for overseeing our executive compensation programs. Each year the Chief Executive Officer presents to the committee the performance results for the previous year for it to consider in determining the appropriate aggregate and individual compensation levels for the current year. In conducting its review, the committee considers quantitative performance results, achievement of individual qualitative goals, the overall need of the organization to attract, retain and motivate the executive team, and the total cost of compensation programs. The committee also reviews comprehensive summaries that detail the executives' total target and actual compensation for the year. The use of comprehensive summaries allows the committee to have a complete understanding of the executives' compensation and is valuable in the assessment of past and current compensation and how it relates to each executive's duties and responsibilities.

Generally, annual cash incentive awards are reviewed in the early months of each year following the regulatory process that closes our prior fiscal year. Additionally, the target metrics for the following year's annual cash incentive awards are set and approved in conjunction with the budgeting process in the same time frame.

Base salary adjustments and equity awards, generally consisting of RSUs, are generally made in the middle of each year. Any changes made to the base salaries are normally effective immediately following approval. Changes made to our NEO salary levels are shown below on page 33. No action has yet been taken with respect to salaries for 2018.

Approval of grants for any newly-hired or promoted executives during the course of the year generally occurs at the Executive Management Compensation and Succession Committee meeting immediately following the hiring or promotion. We granted RSUs to our NEOs during June 2017. We anticipate granting additional RSUs to our NEOs in mid-2018.

Peer Comparison. In establishing compensation, in May 2016 and May 2017, the Executive Management Compensation and Succession Committee utilized an external consultant, F.W. Cook, to assist in the independent analysis of external market data on a market reference group. F.W. Cook is independent, reports directly to the chair of the Executive Management Compensation and Succession Committee, and performs no other work for the Company. F.W. Cook also provides the committee input on market place trends and best practices relating to competitive pay levels for executives and board members. Our compensation peer group for our 2017 review included 15 similar publicly-traded

Table of Contents

financial companies, determined based on asset size, that provide banking and related services in a similar market area as First Busey, as follows:

1 st Source Corp. (South Bend, IN)	First Midwest Bancorp, Inc. (Itasca, IL)	First Financial Bancorp (Cincinnati, OH)
Pinnacle Financial Partners, Inc. (Nashville, TN)	CenterState Banks, Inc. (Davenport, FL)	Community Trust Bancorp, Inc. (Pikeville, KY)
Lakeland Financial Corp. (Warsaw, IN)	Heartland Financial USA, Inc. (Dubuque, IA)	Chemical Financial Corporation (Midland, MI)
Great Southern Bancorp, Inc. (Springfield, MO)	First Merchants Corp. (Muncie, IN)	Enterprise Financial Services Corp. (St. Louis, MO)
Simmons First National Corporation (Pine Bluff, AR)	MainSource Financial Group, Inc. (Greensburg, IN)	Old National Bancorp (Evansville, IN)

The Executive Management Compensation and Succession Committee does not utilize any stated weighting of external market data with which to benchmark compensation levels of NEOs. Instead, the committee evaluates the market data prepared by F.W. Cook, along with the other factors listed in this discussion to determine the appropriate compensation levels of each of our NEOs. Prior to retaining F.W. Cook, the committee reviewed its independence as contemplated by the committee's charter and applicable Nasdaq rules, and determined that there were no conflicts of interest that would impair F.W. Cook's independence.

Role of Executive Officers in Compensation Decisions. The Executive Management Compensation and Succession Committee is responsible for all compensation decisions affecting our NEOs. Our Chief Executive Officer annually reviews with the committee the performance of each other NEO. This review is generally based on each executive's individual performance and contribution toward our performance during the year. Based on these reviews, the Chief Executive Officer makes specific recommendations first as to annual cash incentive award amounts and, later to the committee regarding adjustments to the base salary and the determination of RSU grants. The committee takes the reviews and recommendations under advisement and exercises its discretion in modifying any recommended adjustments or awards to executives. The Chief Executive Officer does not participate in or make recommendations with respect to his own compensation and is not present during such discussions or determinations. The committee independently reviews the performance of our Chief Executive Officer. As with the reviews of all other NEOs, this review is generally based on the Chief Executive Officer's individual performance and contribution toward our performance during the year. Based on the review, and subject to limitations to ensure deductibility of this compensation, the committee determines in its sole discretion whether to make adjustments to the base salary and annual cash incentive award amounts for the Chief Executive Officer. The decisions of the committee for salary changes and equity grants are then recommended to the full board for ratification.

Components of Total Compensation

The Executive Management Compensation and Succession Committee believes executive compensation packages provided by First Busey to its executives, including our NEOs, should include both cash and equity compensation that reward performance as measured against established corporate and personal goals. By dividing compensation between cash and noncash, or equity, compensation, the committee hopes to incentivize executives by rewarding them for performance that results in both short-term and long-term improvements in stockholder value. Each component is designed to achieve a

Table of Contents

specific purpose and to contribute to a total package that is competitive with similar packages provided by our compensation peers, appropriately performance-based, and valued by First Busey's executives.

For 2017, the principal components of compensation for our NEOs were:

base salary;

cash incentive compensation;

equity incentive compensation; and

benefits and other perquisites.

Base Salary. We provide our NEOs and other employees with base salary to compensate them for services rendered during the year. During its review of base salaries for NEOs, including in the context of negotiating contractual terms with individuals, the Executive Management Compensation and Succession Committee primarily considers:

individual scope of responsibility;

years of experience;

market data, such as that obtained from a review of our compensation peer group;

internal review of the executive's compensation, both individually and relative to other officers; and

individual performance of the executive.

Salary levels are typically considered annually as part of First Busey's performance review process as well as upon a promotion or other change in job responsibility.

Cash Incentive Compensation. All NEOs participate in our annual cash incentive program, under which they can receive incentive compensation, normally in the form of an annual cash payment. Cash incentive awards are cash-based awards, which are generally based on achievement of earnings per share or other corporate performance goals and achievement of individual goals, and which are intended to reward achievement of short-term company-wide goals that lead to increases in stockholder value.

Participants in the cash incentive program typically receive awards based on the achievement by First Busey of specified diluted earnings per share and other financial targets at the corporate level, as well as qualitative aspects covering risk management and balance sheet strength, including credit measures. The earnings per share and other financial targets are generally set in the first quarter of each year by the Executive Management Compensation and Succession Committee in conjunction with the Company's budget approval process. The 2017 performance goals for our NEOs were based on several criteria. Each year, typically during the early months of the year, the committee and board set a cash incentive pool that is the aggregate amount eligible to be paid out to all employees in cash incentive awards. Historically, the cash incentive pool has been determined based upon comparison with cash incentive payments of the compensation peer group, contractual requirements and financial performance targets. The amount of an individual's potential incentive award is generally based on a participant's position and individual performance.

Balance sheet strength remained a priority, and asset quality and capital strength, as well as regulatory performance, were evaluated on a quantitative and qualitative basis. In addition, specific goals were set relating to net interest income, operating expense, return on average assets, non-interest income growth, earnings per share and relative total stock return. Details are provided below under the heading "2017

Compensation Determinations Cash Incentive Compensation" with respect to the weighting of, and actual performance relative to, each of these goals.

Table of Contents

Subject to certain limitations to ensure tax deductibility, the committee has retained the discretion to adjust any awards determined by the formula to ensure that the final awards made to particular participants are consistent with those made to other executives and to make adjustments to the financial performance objectives for extraordinary events. Individual performance is considered in determining final awards for all cash incentive program participants.

Equity Incentive Compensation. The Executive Management Compensation and Succession Committee believes that equity compensation is an important and effective way of creating a long-term link between the compensation provided to officers and other key management personnel with gains to be realized by stockholders. Our equity compensation programs are also intended to support pay-for-performance, foster employee stock ownership and focus the management team on increasing value for the stockholders. In addition, the committee believes that equity compensation provides balance to the total direct compensation structure, with the bonus program focusing on the achievement of year-to-year goals, while equity compensation creates incentives for increases in stockholder value over a longer term.

Traditionally, we have granted RSUs to our NEOs under our equity incentive plans. During the second quarter of 2010, First Busey adopted the First Busey Corporation 2010 Equity Incentive Plan ("2010 Plan"), which was approved at the annual stockholders meeting on May 19, 2010. At the 2015 stockholders meeting, the stockholders approved an amendment of the 2010 Plan, which among other things, re-approved the performance metrics which may be used under the 2010 Plan. The 2010 Plan is designed to encourage ownership of our common stock by our employees and directors, to provide additional incentive for them to promote the success of our business, and to attract and retain talented personnel. All of our employees and directors and those of our subsidiaries are eligible to receive awards under the 2010 Plan.

The 2010 Plan is administered by the Executive Management Compensation and Succession Committee. Grants are generally at the discretion of the committee, and generally are made subsequent to the annual stockholders' meeting. We believe it is important to make awards at similar times each year to ensure that the timing of awards does not affect their value. Consistent with timing of our executive evaluation and compensation adjustment cycle, equity grants were made in June 2017. We anticipate granting additional RSUs to our NEOs in mid-2018.

Equity awards are generally based on the determination of the Executive Management Compensation and Succession Committee and presented to the full board for ratification. When making award decisions, the committee considers the nature of the services rendered or to be rendered by the employee and the employee's present and potential contributions to the success of First Busey.

Employee Stock Purchase Plan. First Busey adopted and stockholders approved the First Busey Corporation Employee Stock Purchase Plan effective January 1, 2011. The plan is generally available to all salaried employees and is intended to qualify as an employee stock purchase plan under Section 423 of the Internal Revenue Code. The plan allows employees of First Busey and its subsidiaries to purchase shares of our common stock at a discounted purchase price. A participant's after-tax deferrals are accumulated each quarter and used to purchase shares of our common stock. The purchase price is currently 95% of the fair market value on the last trading day of the calendar quarter.

Benefits and Other Perquisites. Our NEOs are eligible to participate in the same benefit plans designed for all of our full-time employees, including health, dental, disability and basic group life insurance coverage. We provide retirement benefits to all eligible full-time employees under the First Busey Corporation Profit Sharing and 401(k) Plan (the "401(k) Plan"). The 401(k) Plan provides employees the opportunity to save for retirement on a tax-favored basis. NEOs, all of whom were eligible during 2017, may elect to participate in the 401(k) Plan on the same basis as all other employees. Each of our eligible employees participates in the profit sharing element of the 401(k) Plan.

Table of Contents

All NEOs are provided with death benefits under portable term life insurance policies. The premiums on the term life insurance policies are paid by First Busey on behalf of the covered employee, so long as they remain employed by First Busey. Of our NEOs, only Mr. Shroyer is provided a company automobile.

First Busey has a health and wellness program, which is available to all employees, including our NEOs, that is designed to help employees make positive lifestyle changes. Employees receive points for participation in the program that are redeemed as monetary incentives in the form of wellness benefits as certain thresholds are met.

Deferred Compensation Plan. First Busey's Executive Deferred Compensation Plan provided a means for participants to voluntarily defer a portion of their salary or bonus. This plan was an unfunded, nonqualified deferred compensation arrangement. While current participants in the Deferred Compensation Plan were permitted to continue participating in the plan, it was no longer open to new participants. During 2017, three NEOs deferred compensation under the plan.

Generally, a participant in the plan would be entitled to receive the value of his or her account at the time of termination. However, effective March 28, 2018, the deferred compensation plan was terminated, and all account balances will be distributed in April 2019.

Change in Control Benefits. Each of Messrs. Dukeman, Elliott, and Plecki, Ms. Randolph, and Mr. Shroyer is a party to an employment agreement that provides for certain payments and benefits if his or her employment is terminated following a change in control. In each instance, if our NEO's employment is terminated by us or the NEO under certain circumstances following a change in control of First Busey, the NEO is entitled to receive certain cash payments and other benefits. The purpose of these payments and benefits is to attract and retain talented executives and to encourage them to pursue transactions that maximize stockholder value, even though their own employment may not be secure following such transaction. Additionally, we believe these agreements help provide for stability in our executive team in the event of a change in control. Further, pursuant to his employment agreement which has been in place since 2006, Mr. Dukeman is also entitled to a tax gross-up, which provides generally that, if he receives payments or benefits in connection with a change in control of First Busey, to the extent such payments or benefits constitute "excess parachute payments" under Section 280G of the Internal Revenue Code, he generally will be paid an additional amount that will offset, on an after-tax basis, the effect of any excise tax consequently imposed on him under Section 4999 of the Internal Revenue Code. No other First Busey employment agreement provides for a tax gross-up.

Impact of Accounting and Tax Issues on Executive Compensation

In setting each individual executive's compensation levels, we consider a variety of accounting and tax issues. Section 162(m) of the Internal Revenue Code limits the deductibility of annual compensation in excess of \$1.0 million paid to a "covered employee" (the Chief Executive Officer, the Chief Financial Officer, and our next three highest paid officers whose compensation is required to be reported in the Summary Compensation Table). Any individual who is deemed a covered employee for tax years beginning after December 31, 2016 will continue to be a covered employee for all future periods. However, certain compensation is exempt from this limit if it qualifies as "performance-based compensation." Performance-based compensation generally includes only payments that are contingent on achievement of performance objectives and excludes fixed or guaranteed payments. For the tax years following 2017, the performance-based compensation exclusion will no longer apply, other than for certain grandfathered arrangements. Although we will consider deductibility under Section 162(m) with respect to the compensation arrangements for executive officers, deductibility will not be the sole factor used in determining appropriate levels or methods of compensation. Since our objectives may not always be consistent with the requirements for full deductibility, we may enter into compensation arrangements under which payments would not be deductible under Section 162(m).

Base Salaries. Based upon the recommendation of First Busey's senior management and the concurrence of the Executive Management Compensation and Succession Committee, who engaged F.W. Cook to provide a comprehensive peer group compensation analysis, the base salary for each of our NEOs was changed effective June 12, 2017.

Base salaries for each NEO are set forth below:

Executive Officer	2015 Salary	2016 Salary	2017 Salary
Van A. Dukeman	\$ 550,000	\$ 600,000	\$ 620,000
Robin N. Elliott	\$ 275,000	\$ 325,000	\$ 350,000

Amy L. Randolph(1)			\$ 270,000
Christopher M. Shroyer	\$ 275,000	\$ 300,000	\$ 315,000

Ms. Randolph was not a NEO in 2015 or 2016.

Cash Incentive Compensation. The Executive Management Compensation and Succession Committee determined NEO annual cash bonuses for the 2017 performance period in March 2018. Cash bonuses were paid in March 2018 to Messrs. Dukeman, Elliott, and Plecki, Ms. Randolph, and Mr. Shroyer, respectively, in the following amounts: \$600,000; \$400,000; \$250,000; \$270,000; and \$250,000. The 2017 performance goals for our NEOs were based on several criteria, including performance to financial targets, quantitative and qualitative targets for balance sheet strength and risk, including credit and regulatory. The specific goals for our NEOs and performance against financial targets are set forth in the table below.

Balance sheet strength, profitability and growth, in that order is a mantra that guides our performance culture. Balance sheet strength, based primarily on asset quality, liquidity, and capital strength, along with regulatory performance, were evaluated, with all criteria determined to have been met. Asset quality was good with \$28.6 million in non-performing assets, allowance to total portfolio loans of 0.97%, an allowance to non-performing loan ratio of 195.8% and a solid classified asset ratio. Our capital ratios were very strong at both the holding company level and bank level with both entities exceeding our targets of 12% Total Capital and 8% Tier 1 Leverage Ratio. Our liquidity and risk profile remained very strong in 2017. We believe we did not stretch our liquidity or risk profiles to achieve our results for 2017. Aspects considered in this analysis were our level of core funding to overall funding, ratio of liquid assets to assets, available sources of liquidity, relationship with our regulators and regulatory exam results.

their salaries adjusted for the calculated 2017 allocation. A total calculated 2017 allocation of 91.4% is shown in the table above. The Executive Management Compensation and Succession Committee also reserves the right to modify the payouts, in its sole discretion. For 2017, the Executive Management Compensation and Succession Committee decided to award cash bonuses in excess of the calculated allocation to recognize the significant involvement of each of the NEOs in our strategic initiatives, including the recently-completed acquisitions, and to reflect the efforts of the NEOs to effectively implement such initiatives and the resulting significantly positive effect on First Busey.

Equity Incentive Compensation. The Executive Management Compensation and Succession Committee believes that incentive compensation should be an important part of compensation for the leaders of First Busey, both short-term, cash-based programs and long-term, equity-based programs. The committee and board want the incentives to be appropriate and reasonable relative to its peers. During June 2017, First Busey granted discretionary RSU awards to our NEOs as reflected in the "Grants of Plan-Based Awards" table below.

2018 Compensation Determinations

Base Salaries. First Busey has not yet made NEO salary adjustments for 2018 and expects determinations to be made mid-year.

Cash Incentive Compensation. For 2018, the target bonus amount for our Chief Executive Officer will remain at 70% of his base salary, and the target bonus amounts for each of our other NEOs will remain at 60% of their respective base salaries. The Executive Management Compensation and Succession Committee has revised the bonus performance measures and relative weightings for 2018 to add a metric for asset quality (weighted at 10%) and to reduce the weightings of the earnings per share metric from 25% to 20% and the pre-provision net interest income metric from 15% to 10%. The other bonus performance measures and weightings will remain unchanged from 2017; however, the total stock return metric was changed from a one-year test to a three-year test. The bonus amounts will remain subject to adjustment to reflect qualitative and regulatory considerations, as noted above, as well as individual performance.

Equity Incentive Compensation. The Executive Management Compensation and Succession Committee believes that long-term, equity-based compensation should be an important part of compensation for the leaders of First Busey. Consistent with past practices, the committee will not make 2018 equity grants until mid-year.

(4) Represents above-market interest on deferred compensation. Interest under the First Busey Executive Deferred Compensation Plan is determined according to the plan document and is 125% of the declared interest rate on Security Life Corp. III policies for the current calendar month as determined by Security Life of Denver (or any successor thereto). If that rate is no longer published or no longer deemed appropriate by the Executive Management Compensation and Succession Committee, the committee may select a substantially similar rate. During 2017, interest under the First Busey Executive Deferred Compensation Plan accrued at a rate of 5.31% per annum.

(5) All other compensation for our NEOs during 2017 is summarized in the table immediately below.

Grants of Plan-Based Awards

The following table sets forth information regarding grants of awards made to our NEOs during 2017 under First Busey's plans.

Name	Type of Award(1)	Grant Date	All Other Stock Awards: Number of Shares of Stock or Units (#)(2)	Grant Date Fair Value of Stock Awards (\$)(3)
Van A. Dukeman	RSUs	June 13, 2017	16,485	\$ 499,990
Robin N. Elliott	RSUs	June 13, 2017	11,540	\$ 350,008
Robert F. Plecki, Jr.	RSUs	June 13, 2017	6,594	\$ 199,996
Amy L. Randolph	RSUs	June 13, 2017	6,594	\$ 199,996
Christopher M. Shroyer	RSUs	June 13, 2017	6,594	\$ 199,996

(1) All recipients earn quarterly dividends on their respective RSUs. As recipients do not have actual dividend rights until the shares are transferred in connection with the RSUs, dividends earned are referred to as dividend equivalents. These dividend equivalents are accrued during the vesting period and are subject to the same vesting, payment and other terms and conditions as the original RSUs to which they relate. Therefore, dividends earned each quarter compound based upon the updated share balances. Dividend equivalents are reinvested at the stock's market price on the dividend payment date.

(2) Awards vest June 13, 2022 subject to the grantee's continued service with First Busey, with accelerated vesting upon a change in control of First Busey or upon termination of the grantee's service due to the grantee's death or disability and pro-rata vesting upon the grantee's retirement on or after attainment of age 62, provided that the grantee complies with certain non-competition covenants.

Potential Payments Upon Termination or Change in Control Disclosure

Each of Messrs. Dukeman, Elliott, and Plecki, Ms. Randolph, and Mr. Shroyer has an employment agreement that provides for certain severance payments following certain termination events, including a termination following a "change in control" of First Busey. Each of Messrs. Dukeman, Elliott, and Plecki, Ms. Randolph, and Mr. Shroyer is subject to a confidentiality provision and a one-year noncompetition covenant following the termination of his or her respective employment. Mr. Elliott and Ms. Randolph are also subject to a one-year nonsolicitation covenant of employees and customers following a termination of employment. Payments due upon termination will be paid by First Busey in equal biweekly installments for a period of one year, or two years if the termination is pursuant to a change in control (three years for Mr. Dukeman).

Mr. Dukeman's agreement provides for one-year employment terms beginning each January 1 that automatically renew each year unless either Mr. Dukeman or First Busey provides the other with notice of nonrenewal. The agreement reflects the terms and conditions of Mr. Dukeman's employment with First Busey and entitles him to an annual base salary and annual performance bonuses and profit sharing benefits in accordance with First Busey's plans, as well as participation generally in First Busey's other employee benefit plans. Mr. Dukeman's agreement provides that if he is terminated without cause, if he terminates his employment due to constructive discharge, or if his employment is terminated due to disability or death, he or his named beneficiary will receive an amount equal to the sum of his annual base salary plus the amount of his most recent performance bonus; and if such termination occurs prior to the end of the current agreement term, the value of contributions under First Busey's retirement and employee benefit plans that would have been made through such term if he remained employed (the "Dukeman Severance Payment"). Mr. Dukeman will also be entitled to receive company-paid life, health and disability insurance for one year following the effective date of his termination. If a change in control of First Busey occurs within 18 months of the severance events described above, Mr. Dukeman will also be entitled to receive an additional amount equal to the difference between the severance amounts described in the preceding two sentences and the greater of \$900,000 or three times the Dukeman Severance Payment. Mr. Dukeman will be entitled to receive the greater of \$900,000 or three times the Dukeman Severance Payment if: (a) his employment terminates for any reason within the one-year period after a change in control; or (b) his employment is terminated by First Busey for any reason within the 18-month period before, or at any time after, a change in control of First Busey. Mr. Dukeman will also be entitled to receive life, health and disability insurance for the three years following the effective date of such termination pursuant to a change in control. Mr. Dukeman will be entitled to receive a gross-up payment from First Busey in the event that any amounts payable to him under his employment agreement for the other payments and benefits received by him are subject to penalties as excess parachute payments under the Internal Revenue Code.

Mr. Elliott's agreement provides for one-year employment terms that automatically renew each year unless either Mr. Elliott or First Busey provides the other with notice of nonrenewal. The agreement reflects the terms and conditions of Mr. Elliott's employment with First Busey and entitles him to an annual base salary and annual performance bonuses and profit sharing benefits in accordance with First Busey's plans, as well as participation generally in First Busey's other employee benefit plans, including a \$1 million life insurance policy. Mr. Elliott will also be entitled to receive continued health insurance at the same cost as during his employment for a period of 18 months following the effective date of such a termination pursuant to a change in control.

Mr. Plecki's agreement provides for one-year employment terms that automatically renew each year unless either Mr. Plecki or First Busey provides the other with notice of nonrenewal. The agreement reflects the terms and conditions of Mr. Plecki's employment with First Busey and entitles him to an annual base salary and annual performance bonuses and profit sharing benefits in accordance with First Busey's plans, as well as participation generally in First Busey's other employee benefit plans. Mr. Plecki's agreement provides that, in the event that he is terminated without cause or if he terminates due to constructive discharge, he or his beneficiary will receive a severance payment equal to the sum of his applicable annual base salary plus the amount of his most recent performance bonus plus the value of First Busey's contributions under tax-qualified retirement plans made for the calendar year preceding the year of termination (the "Plecki Severance Payment"). Mr. Plecki will also be entitled to receive continued health insurance at the same cost as during his employment for a period of one year following the effective date of termination. If First Busey or its successor terminates Mr. Plecki's employment without cause, or if he terminates due to constructive discharge within one year after a change in control, Mr. Plecki will be entitled to receive an amount equal to two times the Plecki Severance Payment. Mr. Plecki will also be entitled to receive continued health insurance at the same cost as during his employment for a period of two years following the effective date of such a termination pursuant to a change in control.

Ms. Randolph's agreement provides for one-year employment terms that automatically renew each year unless either Ms. Randolph or First Busey provides the other with notice of nonrenewal. The agreement reflects the terms and conditions of Ms. Randolph's employment with First Busey and entitles her to an annual base salary and annual performance bonuses and profit sharing benefits in accordance with First Busey's plans, as well as participation generally in First Busey's other employee benefit plans. Ms. Randolph's agreement provides that, in the event that she is terminated without cause or if she terminates for good reason, she or her beneficiary will receive a severance payment equal to the sum of her applicable annual base salary plus the amount of her most recent performance bonus (the "Randolph Severance Payment"). If First Busey or its successor terminates Ms. Randolph's employment without cause or if she terminates for good reason within one year after a change in control, Ms. Randolph will be entitled to receive an amount equal to two times the Randolph Severance Payment.

Mr. Shroyer's agreement provides for one-year employment terms that automatically renew each year unless either Mr. Shroyer or First Busey provides the other with notice of nonrenewal. Mr. Shroyer will also be

entitled to receive continued health insurance at the same cost as during his employment for a period of one year following the effective date of termination. If First Busey or its successor terminates Mr. Shroyer's employment without cause or if he terminates due to constructive discharge within one year after a change in control, Mr. Shroyer will be entitled to receive an amount equal to two times the Shroyer Severance Payment. Mr. Shroyer will also be entitled to receive continued health insurance at the same cost as during his employment for a period of two years following the effective date of such a termination pursuant to a change in control.

Payments made upon a termination of employment under the employment agreements for Messrs. Elliott, Plecki, and Shroyer and Ms. Randolph are contingent on the executive's execution of a release.

The following table shows potential payments to our NEOs following certain termination events, including a termination following a change in control of First Busey. The amounts shown assume that termination was effective as of December 31, 2017, and are estimates of the amounts that would be paid to the executives upon termination. The actual amounts to be paid can only be determined at the actual time of an executive's termination.

CEO PAY RATIO

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act, the SEC adopted a rule requiring annual disclosure of the ratio of the median employee's annual total compensation to the annual total compensation of the principal executive officer. This ratio is commonly referred to as the "CEO Pay Ratio". First Busey's principal executive officer is Mr. Dukeman, the President and Chief Executive Officer.

In determining the median employee, a list of all active full-time and part-time employees as of December 31, 2017, exclusive of Mr. Dukeman and approximately 267 employees acquired by First Busey in 2017 in the acquisitions of First Community Financial Partners, Inc. and Mid Illinois Bancorp, Inc. (as permitted by SEC rules), was prepared with their corresponding annual total W-2 compensation as reflected in our payroll records. Compensation was annualized for any individual not employed for the full year of 2017. Employees were ranked from lowest to highest based on annual total compensation. Since the number of employees was an even number, we selected two employees as the median. The annual total compensation of these median employees were then calculated in the same manner as the total compensation disclosed for Mr. Dukeman in the Summary Compensation Table shown above and an average of their annual total compensation was computed.

For 2017, the annual total compensation of the median employee was \$47,140, and the annual total compensation of the Chief Executive Officer, as reported in the Summary Compensation Table above, was \$1,773,215. Based on this information, the ratio of annual total compensation of the Chief Executive Officer to annual total compensation of the median employee was approximately 37.6 to 1.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our payroll and employment records and the methodology described above. The SEC rules for identifying the median employee and calculating the pay ratio allow companies to adopt a variety of methodologies, apply certain exclusions, and make reasonable estimates and assumptions that reflect their compensation practices. As such, the pay ratio reported by other companies may not be comparable to the pay ratio reported above.

Additionally, none of these individuals has any relationships with First Busey or any of our subsidiaries requiring disclosure under "Certain Relationships and Related-Person Transactions" below, except as discussed in such section with respect to Mr. Meyer. **PROPOSAL 2:
NONBINDING, ADVISORY VOTE TO APPROVE EXECUTIVE OFFICER COMPENSATION**

Section 14A of the Exchange Act, as created by Section 951 of the Dodd-Frank Act, and the rules and regulations promulgated thereunder, require publicly traded companies, such as First Busey, to conduct a separate stockholder advisory vote to approve the compensation of certain executive officers, as disclosed pursuant to the Securities and Exchange Commission's compensation disclosure rules, commonly referred to as a "say-on-pay" vote. In a nonbinding, advisory vote on the frequency of say-on-pay votes held at our 2012 Annual Meeting, our stockholders voted in favor of conducting say-on-pay votes annually. In light of this result, and other factors considered by our board of directors, our board determined that we would hold say-on-pay votes on an annual basis until the next advisory vote on such frequency, which will also take place at our 2018 Annual Meeting as provided in proposal 4 below.

As described in more detail in the CD&A section of this proxy statement, the overall objectives of First Busey's compensation programs have been to align executive officer compensation with the success of meeting long-term strategic operating and financial goals. Stockholders are urged to read the CD&A section of this proxy statement, as well as the Summary Compensation Table and other related compensation tables and narrative disclosure that describe the compensation of our NEOs in 2017. The Executive Management Compensation and Succession Committee and the board of directors believe that the policies and procedures articulated in the CD&A section are effective in implementing our compensation philosophy and achieving its goals, and that the compensation of our NEOs in fiscal year 2017 reflects and supports these compensation policies and procedures.

The following resolution is submitted for stockholder approval:

"RESOLVED, that First Busey Corporation's stockholders approve, on an advisory basis, its executive compensation as described in the section captioned 'Compensation Discussion and Analysis' and the tabular disclosure regarding named executive officer compensation under 'Compensation of Named Executive Officers' contained in First Busey's proxy statement dated April 12, 2018."

Approval of this resolution requires the affirmative vote of a majority of shares having voting power present at the 2018 Annual Meeting. While this say-on-pay vote is required, as provided in Section 14A of the Exchange Act, it is not binding on our board of directors and may not be construed as overruling any decision by the board. However, the Executive Management Compensation and Succession Committee will take into account the outcome of the vote when considering future compensation arrangements.

Board Recommendation

The board of directors recommends stockholders vote to approve the overall compensation of our NEOs by voting "FOR" this proposal. Proxies properly signed and returned will be voted "FOR" this proposal unless stockholders specify otherwise.

**PROPOSAL 3:
NONBINDING, ADVISORY PROPOSAL REGARDING THE FREQUENCY OF STOCKHOLDER VOTES ON EXECUTIVE
COMPENSATION**

Section 14A of the Exchange Act, as created by Section 951 of the Dodd-Frank Act, and the rules and regulations promulgated thereunder, require publicly traded companies, such as First Busey, to permit a separate stockholder vote on the frequency with which stockholders shall conduct an advisory say-on-pay vote on executive compensation, such as the proposal above. In accordance with these requirements, we are providing stockholders with an advisory vote on the frequency with which our stockholders will vote on a say-on-pay proposal.

The advisory vote on the frequency of say-on-pay votes is a nonbinding vote as to how often say-on-pay votes should occur: every year, every two years, or every three years. In addition to those choices, stockholders may also abstain from voting. Section 14A of the Exchange Act requires us to hold an advisory vote on the frequency of say-on-pay votes at least once every six years. The last such vote occurred at the 2012 Annual Meeting of Stockholders, and our stockholders voted in favor of conducting say-on-pay votes annually. In light of this result, and other factors considered by our board of directors, our board determined that First Busey would hold say-on-pay votes on an annual basis.

After careful consideration, our board of directors recommends that future stockholder say-on-pay votes continue to be conducted annually. The board values and encourages constructive input from our stockholders regarding First Busey's compensation philosophy, policies and practices, and believes it is important that such policies and practices are aligned with the best interests of our stockholders. An annual say-on-pay vote will provide the board and Executive Management Compensation and Succession Committee with useful information on stockholder sentiment about these important matters on the most frequent and consistent basis.

Although the board recommends a say-on-pay vote every year, stockholders are not voting to approve or disapprove the board's recommendation. Rather, stockholders are being asked to vote on the following resolution:

"RESOLVED, that the stockholders of First Busey Corporation determine, on an advisory basis, that the frequency with which the stockholders shall have an advisory vote on executive compensation set forth in the Company's proxy statement for its annual meeting of stockholders, beginning with the 2019 Annual Meeting of Stockholders, is (i) every year, (ii) every two years, or (iii) every three years."

The choice which receives the highest number of votes will be deemed the choice of the stockholders.

While this advisory vote is required, as provided in Section 14A of the Exchange Act, it is not binding on our Executive Management Compensation and Succession Committee or board of directors and may not be construed as overruling any decision by the Executive Management Compensation and Succession Committee or the board. However, the Executive Management Compensation and Succession Committee will take into account the outcome of the vote when determining the frequency of future say-on-pay votes.

Board Recommendation

The board of directors recommends a vote for the "EVERY YEAR" frequency alternative. Proxies properly signed and returned will be voted for the "EVERY YEAR" frequency unless stockholders specify otherwise. Stockholders are not voting to approve or disapprove the board of director's recommendation. Stockholders may choose among the three choices included in the resolution above, or may abstain from voting on this proposal.

**PROPOSAL 4:
RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed RSM US LLP as the Company's independent registered public accounting firm for the year ending December 31, 2018. Although stockholder ratification of the appointment of RSM US LLP is not required by our bylaws or otherwise, our board of directors is submitting this appointment to our stockholders for their ratification at the 2018 Annual Meeting as a matter of good corporate practice. If the stockholders do not ratify the appointment of RSM US LLP, the selection of the independent registered public accounting firm will be reconsidered by the Audit Committee. Even if the appointment of RSM US LLP is ratified by the stockholders at the Annual Meeting, the Audit Committee, in its discretion, may direct the selection of a different independent registered public accounting firm at any time during the year.

Board Recommendation

The board of directors recommends stockholders vote to ratify the appointment of RSM US LLP as the Company's independent registered public accounting firm for the year ending December 31, 2018 by voting "FOR" this proposal. Proxies properly signed and returned will be voted "FOR" this proposal unless stockholders specify otherwise.

Table of Contents**AUDIT AND RELATED FEES**

During the period covering the fiscal years ended December 31, 2017 and 2016, RSM US LLP performed the following professional services for First Busey for which we paid the following amounts:

	2017	% of Total Fees	2016	% of Total Fees
Audit Fees(1)	\$ 806,500	87%	\$ 612,000	90%
Audit-Related Fees(2)	\$ 1,000		\$ 2,750	1%
Tax Fees(3)	\$ 120,689	13%	\$ 63,344	9%
All Other Fees				
Total Fees	\$ 928,189	100%	\$ 678,094	100%

- (1) Audit fees consist of fees for professional services rendered for the integrated audit of First Busey Corporation's consolidated financial statements, including procedures required to comply with U.S. Department of Housing and Urban Development ("HUD"), review of First Busey Corporation's quarterly reports on Form 10-Q, annual report on Form 10-K and related proxy statement, consent on Form S-4 and related filings, and acquisition-related audit procedures.
- (2) Audit-related fees are principally for audit and accounting assistance related to accounting for interest rate swaps in 2017 and quasi-reorganizations in 2016.
- (3) Tax services fees consist of compliance fees for the preparation of federal and state tax returns and other tax planning services and consulting on tax compliance and acquisition-related issues.

A representative of RSM US LLP is expected to be present at the 2018 Annual Meeting and will have the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions. We expect to appoint RSM US LLP as our independent registered public accounting firm for 2018 upon review and approval of an engagement letter by the Audit Committee.

Audit Committee Pre-Approval Policy

Generally, the Audit Committee requires pre-approval of any services to be provided by First Busey's auditors and tax accountants, RSM US LLP, to First Busey or any of its affiliates. Additionally, the Audit Committee also pre-approves other services related to Sarbanes-Oxley compliance and tax and accounting services provided by other third parties. The pre-approval procedures include the designation of such pre-approval responsibility to one individual on the Audit Committee, which was Mr. Leister during the period covering the fiscal years ended December 31, 2017 and 2016.

In 2017, the Audit Committee pre-approved all audit services which consisted of professional services rendered for the audit of our consolidated financial statements and internal control over financial reporting in accordance with Sarbanes-Oxley Section 404, procedures required to comply with HUD, review of financial statements included in our quarterly reports on Form 10-Q, annual report on Form 10-K and services normally provided by the independent auditor in connection with statutory and regulatory filings. Pre-approved tax services were related to the preparation of tax returns and tax payment-planning services for tax compliance, tax planning and tax advice. There were no other services that were required to be pre-approved by the committee.

CERTAIN RELATIONSHIPS AND RELATED-PERSON TRANSACTIONS

The board has adopted a policy for review, approval and monitoring of transactions involving First Busey and "related persons" (directors and executive officers or their immediate family members, or stockholders owning five percent or greater of our outstanding stock). The policy covers any related-person transaction that meets the minimum threshold for disclosure in the proxy statement under the

Table of Contents

relevant Securities and Exchange Commission rules (generally, transactions involving amounts exceeding \$120,000 in which a related person has a direct or indirect interest).

Under the policy, the Audit Committee is responsible for reviewing and approving all reportable transactions with any related persons. In considering the transaction, the Audit Committee will take into account all relevant factors, including whether the transaction is on terms comparable to those available to an unaffiliated third party. In connection with any approval or ratification of a transaction, the Audit Committee will also determine whether any such transaction impairs the independence of a director or presents a conflict of interest on the part of a director or executive officer. The board has delegated to the Chairman of the Audit Committee the authority to pre-approve or ratify any transaction with a related person up to \$120,000. The policy also provides that transactions involving competitive bids, the rendering of services by a regulated entity, and certain ordinary course of business banking transactions shall be deemed to be pre-approved by the Audit Committee.

In considering Mr. Downey's independence, our board of directors took into consideration his role as President of The Downey Group, Inc., which in 2017 received life insurance commissions of \$26,515 relating to Busey Bank insurance coverage. The board of directors determined that Mr. Downey is "independent" because the payments made to his company did not interfere with the exercise of independent judgment in carrying out his responsibilities as a director.

In considering Mr. Meyer's and Ms. Kimmel's independence, our board of directors took into consideration Mr. Meyer's role as Chairman and Ms. Kimmel's role as President and Chief Executive Officer of Midwest Television, Inc., which is a 50% partner of an entity that leases property to First Busey. The aggregate payments made by First Busey pursuant to that lease were approximately \$458,742 in 2017. Additionally, First Busey is a party to a lease arrangement with another entity with which Messrs. Meyer and Lykins have a relationship, the payments under which were insignificant in 2017. We believe that the terms of these leases are no less favorable to First Busey or its subsidiaries than would have been obtained from non-affiliated parties and that the leases do not prevent Mr. Meyer or Ms. Kimmel from being deemed to be an independent director.

Our directors and executive officers and their associates were customers of, and had transactions with, First Busey and our subsidiaries in the ordinary course of business during 2017. Additional transactions may be expected to take place in the future. All outstanding loans, commitments to loan, transaction in repurchase agreements, fiduciary and wealth management services, certificates of deposit and depository relationships were in the ordinary course of business and were made on substantially the same terms, including interest rates, collateral and repayment terms on the extension of credit, as those prevailing at the time for comparable transactions with other persons not related to First Busey and did not involve more than the normal risk of collectability or present unfavorable features. All such loans have been approved by Busey Bank's board of directors or, to the extent such loan was approved prior to acquisition of an acquired subsidiary bank, by the applicable acquired subsidiary bank's board of directors in accordance with bank regulatory requirements. Additionally, the Audit Committee considers other nonlending transactions between a director and First Busey or its subsidiaries to ensure that such transactions do not affect a director's independence.

OTHER BUSINESS

As of the date hereof, there is no business to be transacted at the 2018 Annual Meeting other than that referred to in the Notice of Annual Meeting of Stockholders and it is not anticipated that other matters will be brought before the meeting. If, however, other matters should properly be brought before the 2018 Annual Meeting, it is intended that the proxy holders may vote or act in accordance with our board's recommendation on such matters.
