Charterholder and a member of the CFA Institute. He currently serves as a board member of Woodside Homes, a leading West Coast homebuilder, is a guest lecturer at the UCLA Anderson School of Management and CFA Society of Los Angeles, and is a frequent speaker at industry events. We believe that his extensive investment and closed-end fund experience make him an ideal nominee for the Fund's Board.

### Reasons for electing Karpus' Nominees:

1. FTT's Board has given FIMC a number of chances to improve the performance of the Fund. Unfortunately, none of them have worked.

	<b>1 Yr.</b>	<b>3 Yr.</b>	<b>Inception (1/29/10 - 5/29/15)</b>
FTT Net Asset Value Total Return (Annualized)	-1.87%	-0.24%	-0.80%
Benchmark (Barclays U.S. Aggregate Total Treasury Index)	3.08%	1.07%	3.54%
Annualized Underperformance	-4.95%	-1.31%	-4.34%

**Source:** Bloomberg Finance, L.P. Logically, the next step is to terminate FIMC as the Fund's Investment Manager. This doesn't appear to be a step that the Trustees are willing to take. This lack of independence illustrates clearly why shareholders deserve new representation on FTT's Board.

2. FTT's Trustees already know that shareholders have lost faith in them. This is evidenced clearly by last year's voting results, where over 54% of the votes submitted withheld authority for FTT's 2014 nominees.

<b>Nominee</b>	<b>For</b>	<b>% of shares voted</b>	<b>Withheld Authority to Vote</b>	<b>% of shares voted</b>
Maureen Lally-Green	3,698,074	45.90%	4,357,149	54.10%
P. Jerome Richey	3,697,521	45.90%	4,357,702	54.10%
John T. Collins	3,697,521	45.90%	4,357,702	54.10%
John W. McGonigle	3,698,974	45.90%	4,356,249	54.10%

**Source:** FTT Annual Shareholder Report for the Fiscal Year Ended November 30, 2014. However, because the Fund has what is referred to as a "plurality" vote standard, last year's trustees seeking election were able to keep their positions. 3. This year's nominees for the Fund are J. Christopher Donohue, Peter E. Madden, and Charles F. Mansfield, Jr. Following are some important facts about these nominees from last year's FTT proxy statement:

- \* Each nominee sits on the Board for **135** portfolios within the Federated complex.
  - \* Mr. Madden is paid \$310,000 by Federated for his "services."
  - \* Mr. Mansfield is paid \$247,500 by Federated for his "services."
  - \* Although Mr. Donohue is not "paid" from the fund complex for his "services," he is an interested Trustee who is paid an undisclosed amount by Federated for his various roles within Federated and certain of its affiliated companies.
4. Despite perpetual underperformance, according to the Fund's Annual Statement for the period ending November 30, 2014 (the "Report"), each of the Fund's nominees voted to continue with the Fund's agreement with FIMC. In fact, on Page 30 of the Report, it was noted that: "the Board's decision to approve the contract reflects its determination that Federated's performance and actions provided a satisfactory basis to support the decision to continue the existing arrangements." Given these circumstances, we believe that now is the time for you to tell FTT that you are not pleased with their stewardship of the Fund. **As such, we feel that it is imperative that all shareholders vote FOR each of Karpus' Trustee nominees on the attached GREEN proxy card. Please refer to management's proxy statement for information regarding the names, qualifications and background of the Fund's nominees. *Voting Requirement*** In the election of Trustees, the qualified nominees receiving the highest numbers of votes cast by the shareholders entitled to vote in such election at a meeting at which a quorum is present, up to the number of Trustees to be elected in such election, shall be elected.

**ITEM 2:  
Termination of the Fund's Investment Adviser**

At the Meeting, Karpus intends to submit the following proposal: **BE IT RESOLVED**, that the Investment Management Agreement between the Federated Enhanced Treasury Income Fund ("FTT" or the "Fund") and Federated Investment Management Company ("FIMC" or the "Adviser") shall be terminated.

**Supporting Statement**

FTT lists the Barclays U.S. Treasury Bond Index as its benchmark. Compared to this stated benchmark, the Fund's net asset value (or the full value of FTT's underlying assets minus the Fund's liabilities) has underperformed substantially since inception, as well as over 1 and 3 year time periods ending 12/31/2014. In fact, on a 1 year basis, FTT has underperformed by 4.68%. And, on a 3 year basis and since inception (1/29/2010-12/31/2014), it has underperformed by 1.60% and 4.33%, respectively (Source: Bloomberg Finance, LP). Importantly, all of these figures are on an annualized basis. Clearly, this type of perpetual underperformance is not acceptable. On top of this, throughout the end of 2014, the Fund has traded at an average discount of 8.5% despite the Board and Advisor recommending and implementing share repurchases, a managed distribution policy (which has been reduced), termination of the Fund's sub-adviser, a reduction in the management fee, and a change to the Fund's portfolio manager. With the discount staying so wide, the only logical conclusion that can be drawn is that shareholders and the market have lost faith in the Adviser's ability to successfully manage the Fund, as well as the Board's ability to manage the Adviser. In fact, the results of last year's election show just that, where over 54% of votes cast (or just over 50% of the Fund's outstanding shares) withheld authority to vote for the Fund's Board nominees! The Board and the Fund's Adviser have exhausted FTT's proverbial "bag of tricks" and we believe shareholders should be given an opportunity to realize the true value of their shares. While the Fund is likely to come up with a litany of arguments against our proposal, the simple fact of the matter is that the current Adviser has not been able to provide attractive, long-term performance for the Fund. Despite its best efforts, the Adviser has been given more than ample time to prove its value to FTT's shareholders and we believe it has fallen dramatically short of being able to do so. **IT IS CLEAR THAT THE TIME FOR CHANGE IS NOW!** If you agree and believe FTT should terminate its Investment Management Agreement with Federated

Edgar Filing: Federated Enhanced Treasury Income Fund - Form PREC14A

Investment Management Company, please vote FOR this proposal.

**END OF PROPOSAL**

## Edgar Filing: Federated Enhanced Treasury Income Fund - Form PREC14A

As long-term shareholders of the Fund, we believe our proposal speaks for itself. We have lost faith in FIMC's ability to provide for positive relative returns for the Fund. Although we anticipate the Fund may attempt to scare shareholders by questioning who will manage the Fund if FIMC is terminated, our answer is simple: the Board has a fiduciary duty to independently assess the manager's performance and seek suitable alternatives. If performance is subpar, and especially if it is subpar for extended time periods, like it is with FTT, the Board has fiduciary duties to seek a manager that they believe will provide more attractive performance.

In considering how you will vote, please review the following.

\* In 2010, the Fund conducted an initial public offering raising approximately \$180 million. Now, as of May 29, 2015, the Fund is worth approximately \$120 million.

\* Compared to its stated benchmark, the Barclays U.S. Aggregate Total Treasury Index, FIMC's "management" of FTT's net asset value has underperformed annually by 4.34% since inception. (Source: Bloomberg Finance, LP) This is simply not acceptable. Based on performance alone, we question how the Board can justify continuing to pay FIMC fees for "managing" the Fund. **As your fellow shareholder, we therefore strongly urge you vote FOR Karpus' proposal to terminate FIMC as the Fund's Investment Adviser on the GREEN proxy card. Voting Requirement** To become effective, the termination of the Fund's Investment Advisory Agreement must be approved by a vote of a majority of the outstanding voting securities of the Fund. The "vote of a majority of the outstanding voting securities" is defined in the 1940 Act as the lesser of the vote of (i) 67% or more of the shares of the Fund entitled to vote thereon present at the meeting if the holders of more than 50% of such outstanding shares are present in person or represented by proxy; or (ii) more than 50% of such outstanding shares of the Fund entitled to vote thereon. For purposes of determining the approval of the termination of the Fund's Investment Advisory Agreement, abstentions and broker non-votes will have the same effect as shares voted against the proposal.

### **OTHER MATTERS TO COME BEFORE THE MEETING**

## Edgar Filing: Federated Enhanced Treasury Income Fund - Form PREC14A

Except as set forth in this Proxy Statement, Karpus is not aware of any matters affecting the Fund to be brought before the Meeting. Should other matters properly be brought before the Meeting that Karpus is unaware of a reasonable time before this solicitation, the attached GREEN proxy card, when duly executed, will give the proxies named therein discretionary authority to vote on all such matters and on all matters incident to the conduct of the Meeting. Such discretionary authority will include the ability to vote shares on any proposal to adjourn the Meeting. If Karpus attends the Meeting and submits proxies (see disclosures above concerning the specific limited circumstances under which Karpus would not do so) and a vote to adjourn the Meeting with respect to one or more of the proposals is called, Karpus will vote for or against

adjournment in its discretion, based upon its determination of whether or not an adjournment will further its objective of obtaining truly independent representation on the Board of the Fund. Execution and delivery of a proxy by a record holder of shares of common stock will be presumed to be a proxy with respect to all common shares held by such record holder unless the proxy specifies otherwise.

### **VOTING PROCEDURES**

**Outstanding Shares of the Fund** On the Record Date, June [ ], 2015, FTT reported in its proxy statement as having [ ] outstanding shares of common stock. Each shareholder of record at the close of business on the Record Date is entitled to one vote for each share held, and each fractional share is entitled to a proportionate fractional vote. Only holders of record as of the close of business on the Record Date will be entitled to vote at the Meeting. If you were a shareholder of record on the Record Date, you will retain your voting rights for the Meeting even if you sold shares after the Record Date. Accordingly, it is important that you vote the shares you owned on the Record Date or grant a proxy to Karpus to vote such shares, even if you sold some or all of your shares after the Record Date. **Proxies, Quorum and Voting at the Meeting** In the election of Trustees, the qualified nominees receiving the highest numbers of votes cast by the shareholders entitled to vote in such election at a meeting at which a quorum is present, up to the number of Trustees to be elected in such election, shall be elected. Only shareholders of record on the Record Date are entitled to vote at the Meeting. Each common share of the Fund is entitled to one vote on all matters to be voted on by that class of shares. Fractional shares are entitled to proportionate shares of one vote. Shareholders do not have cumulative voting rights in the election of Trustees. Any proxy may be revoked as to all matters covered thereby at any time prior to the time a vote is taken by: (i) submitting to the Fund or to us a later dated written revocation or a duly executed proxy; or (ii) attending and voting at the Meeting in person (mere attendance at the Meeting will not in and of itself constitute a revocation). Although a revocation of a proxy solicited by the Fund will be effective only if delivered to the Fund, we request that either the original or a copy of all revocations be mailed to Karpus Management, Inc., d/b/a Karpus Investment Management, c/o Regan & Associates, Inc., 505 Eighth Avenue, Suite 800, New York, New York 10018, so that we will be aware of all revocations and can more accurately determine if and when the requisite proxies have been received. If Karpus attends the Meeting and submits proxies (see disclosures below concerning the limited circumstances under which Karpus would not do so) and because of any unexpected occurrence, any nominee is not available for election or if any other matters properly come

before the Meeting, Karpus will vote for or against all such matters in its discretion, based upon its determination of whether or not such matters will further its objective of obtaining truly independent representation on the Board of the Fund.

In order to hold the Fund's annual meeting, a "quorum" of shareholders must be present. Holders of one-third of the total number of outstanding common shares of the Fund, present in person or by proxy, shall be required to constitute a quorum for Items 1 and 2 and any other matter which is properly presented for action by the Shareholders at the Meeting. Votes cast by proxy or in person at the Meeting will be tabulated by the inspectors of election appointed for the Meeting. The inspectors of election will determine whether a quorum is present at the Meeting. Abstentions and "broker non-votes" will be included for purposes of determining whether a quorum is present. Broker non-votes occur when shares held by brokers or nominees, typically in "street name," as to which proxies have been returned but: (a) voting instructions have not been received from the beneficial owners or persons entitled to vote; and (b) the broker or nominee does not have discretionary voting power or elects not to exercise discretion on a particular matter. Broker non-votes will not be counted as votes cast. Because the Fund requires a plurality of votes to elect each of the nominees, abstentions and broker non-votes will not have an effect on the outcome of Proposal 1. However, abstentions and broker non-votes will have the same effect as a vote "against" on proposals requiring a majority or other specified percentage of outstanding voting securities for approval. All nominees named above have consented to continue to serve if elected. If any nominee named above shall by reason of death or for any other reason become unavailable as a candidate at the Meeting, votes pursuant to the enclosed proxy will be cast for a substitute candidate selected by Karpus. Karpus has no reason to believe that any nominee will become unavailable for election as a Trustee. **Please note: If you give us your proxy, we will take all steps necessary and lawful to obtain truly independent representation on the Board of the Fund. Due to the complexities of corporate law, as described above, under certain circumstances, voting your shares at all, even if voted FOR Karpus' nominees, could help create a quorum which could allow management's nominees to be elected. If Karpus believes that voting the proxies it receives would cause there to be a quorum and that the Karpus proposal would thereby not be approved, we may not attend the Meeting and may withhold all proxies in order to attempt to defeat management's Trustee nominees. If we are not able to obtain truly independent representation on the Board of the Fund, we may not attend the Meeting, we may not vote your shares, and your shares may not be counted toward a quorum. If you do not believe the foregoing condition is reasonably specified, or you unconditionally want your shares to be represented at the Meeting, you should not give us your proxy. If Karpus does attend the Meeting, unless you indicate otherwise, your shares will be voted FOR each of Karpus' three (3) Class III nominees and FOR Karpus' shareholder proposal to terminate the Investment Management Agreement between the Fund and FIMC. If Karpus does attend the Meeting, unless you indicate otherwise, your shares will be voted FOR ALL KARPUS NOMINEES in Item 1 and FOR Item 2.**

#### **Voting Requirements**

With respect to Item 1, in the election of Trustees, the qualified nominees receiving the highest numbers of votes cast by the shareholders entitled to vote in such election at a Meeting at which a quorum is present, up to the number of Trustees to be elected in such election, shall be elected. With respect to Item 2, to become effective, the termination of the Fund's Investment Advisory Agreement must be approved by a vote of a majority of the outstanding voting securities of the Fund. The "vote of a majority of the outstanding voting securities" is defined in the 1940 Act as the lesser of the vote of (i) 67% or more of the shares of the Fund entitled to vote thereon present at the Meeting if the holders of more than 50% of such outstanding shares are present in person or represented by proxy; or (ii) more than 50% of such outstanding shares of the Fund entitled to vote thereon. **Procedures** For the proxy solicited hereby to be voted or, under the circumstances specified herein, not voted, the enclosed GREEN proxy card must be signed, dated and returned in the enclosed envelope, in time to be voted at the Meeting. If you wish to vote in accordance with our recommendations, you must submit the enclosed GREEN proxy card and must not subsequently submit the Fund's proxy card. **IF YOU HAVE ALREADY RETURNED THE FUND'S PROXY CARD, YOU HAVE THE RIGHT TO REVOKE IT AND ALL MATTERS COVERED THEREBY AND MAY DO SO BY SUBSEQUENTLY SIGNING, DATING AND MAILING THE ENCLOSED GREEN PROXY CARD. ONLY YOUR LATEST PROXY WILL COUNT AT THE MEETING.** Execution of a GREEN proxy card will not affect your right to attend the Meeting and to vote in person. Authorized proxies will be voted (or as described in circumstances specified above, not voted) at the Meeting as marked and, in the absence of specific instructions, will be voted FOR Karpus' nominees; FOR terminating FIMC as the Fund's Investment Adviser; and to transact such other business as may properly come before the Meeting, including any adjournments or postponements thereof in Karpus' discretion and any Meeting which may be called in lieu thereof. **Solicitation of Proxies** The solicitation of proxies pursuant to this proxy statement is being made by Karpus. Proxies may be solicited by mail, facsimile, telephone, Internet, in person, press/news releases, and by advertisements. Karpus has entered into an agreement with Regan & Associates, Inc. for solicitation and advisory services in connection with this solicitation, for which Regan & Associates, Inc. will receive a fee not to exceed \$45,000 together with reimbursement for its reasonable out-of-pocket expenses, and will be indemnified against certain liabilities and expenses, including certain liabilities under the federal securities laws. Karpus and Regan & Associates, Inc. will solicit

proxies from individuals, brokers, banks, bank nominees and other institutional holders. Karpus has requested banks, brokerage houses and other custodians, nominees and fiduciaries to forward all solicitation materials to the beneficial owners of the Shares they hold of record. Karpus will reimburse these record holders for their reasonable out-of-pocket expenses in so doing. It is anticipated that Karpus will utilize approximately 5 persons and Regan & Associates, Inc. will employ approximately 10 persons to solicit the Fund's shareholders for the Meeting.

The entire expense of soliciting proxies is being borne by Karpus. Because Karpus believes that the Fund's shareholders will benefit from the Solicitation, Karpus intends to seek reimbursement from the Fund, to the fullest extent permitted by law, of all expenses it incurs in connection with the Solicitation. Karpus does not intend to submit the question of such reimbursement to a vote of security holders of the Fund unless otherwise required by law. Costs of the Solicitation of proxies are currently estimated to be approximately \$110,000. Karpus estimates that through the date hereof, its expenses in connection with the Solicitation are approximately \$20,000.

#### **ADDITIONAL INFORMATION**

Karpus has omitted from this proxy statement certain disclosures that are included in the Fund's proxy statement. These disclosures include, among other things, biographical information on the Fund's Trustees and executive officers, the dollar range of Shares owned by Trustees of the Fund and information on committees of the Board. Shareholders should refer to the Fund's proxy statement in order to review these disclosures. The information concerning the Fund contained in this Proxy Statement has been taken from, or is based upon, publicly available information. Although Karpus does not have any information that would indicate that any information contained in this Proxy Statement concerning the Fund is inaccurate or incomplete, Karpus does not take any responsibility for the accuracy or completeness of such information. **Shareholder Proposals** Shareholder proposals meeting tests contained in the SEC's proxy rules may, under certain conditions, be included in the Fund's proxy statement for a particular annual shareholder meeting. Shareholder proposals intended for inclusion pursuant to Rule 14a-8 under the Exchange Act in the Fund's proxy statement for its 2016 annual meeting of shareholders must be received by the Fund, at the address indicated on page 1 of the Fund's Proxy Statement, not later than March [ ], 2016. In order for a proposal made outside of Rule 14a-8 under the Exchange Act to be considered "timely" within the meaning of Rule 14a-4(c) under the Exchange Act, such proposal must be received by the Fund at such address not later than June [ ], 2016. To be valid, any proposal must include all of the information specified in the Fund's by-laws and comply with all applicable legal requirements. Timely submission of a shareholder proposal does not guarantee that such proposal will be included in the Fund's proxy statement or otherwise be eligible for presentation at the shareholder meeting.

### IMPORTANT

**TELL YOUR BOARD WHAT YOU THINK!** Your vote is extremely important. No matter how many Shares you own, please give Karpus your proxy FOR Karpus' Trustee Nominees and FOR Karpus' shareholder proposal to terminate FIMC as the Fund's Investment Adviser by voting your Shares by telephone or Internet as described on the enclosed **GREEN** proxy card or by signing and dating the enclosed **GREEN** proxy card, and returning it in the postage-paid envelope provided. If any of your Shares are held in the name of a brokerage firm, bank, bank nominee or other institution, only it can vote such Shares and only upon receipt of your specific instructions. Accordingly, please contact the person responsible for your account and instruct that person to execute the **GREEN** proxy card. In addition, if you hold your Shares in a brokerage or bank account, your broker or bank may allow you to provide your voting instructions by telephone or Internet. Please consult the materials you receive from your broker or bank prior to authorizing a proxy by telephone or Internet. Karpus urges you to confirm in writing your instructions to Karpus in care of Regan & Associates, Inc. at the address provided below so that Karpus will be aware of all instructions given and can attempt to ensure that such instructions are followed. **Questions, or requests for additional copies of this Proxy Statement, should be directed to:**

---

If voting your proxies would, in Karpus' opinion, cause there to be a quorum and the Karpus proposal would thereby not be approved, then unless Karpus determines that the Board has agreed to afford shareholders truly independent representation on the Board of the Fund, Karpus may not attend the Meeting, may not vote the undersigned's shares proxy, and the shares may not be counted toward a quorum. If you do not believe the foregoing condition is reasonably specified, or you unconditionally want your shares to be represented at the Meeting, you should not give us your proxy.
