BOARD OF DIRECTORS AND COMMITTEES

The business of the Company is managed under the direction of its seven member Board of Directors (the “Board”). The Board meets regularly during our fiscal year to review significant developments affecting us and to act on matters requiring Board approval. It also holds special meetings when necessary between scheduled meetings.

The Board met seven times in 2008 (including regularly scheduled and special telephonic meetings). Each director attended at least 75% of the total meetings of the Board and the total meetings of each applicable committee. The non-management directors meet in executive session, as needed, without the management director or other members of management. The Board does not have a policy regarding director attendance at annual meetings. For the 2008 Annual Meeting of Stockholders, all seven directors attended the meeting.

We have a non-executive Chairman in lieu of a “lead” director who presides at all executive sessions of the Board. Mr. Morrow currently serves as the non-executive Chairman of the Board. An interested person who wishes to contact either the Chairman or the non-management directors as a group may do so by writing to either the Chairman or the Non-Management Directors, c/o Corporate Secretary, North American Galvanizing & Coatings, Inc., 5314 South Yale Avenue, Suite 1000, Tulsa, Oklahoma 74135, which will be forwarded, unopened, to the addressee. Stockholders may also contact any other member of the Board by writing to the same address, c/o Board of Directors.

Corporate Governance

The corporate governance guidelines adopted by the Board in 2004 address the qualification and selection of Board members, independence of Board members, Board leadership, structure of Board committees and Board processes. In addition, the guidelines include a requirement for executive sessions of non-management directors, an annual self-assessment of the performance of the Board and its committees, an annual performance evaluation of the Chief Executive Officer, and a charter for each Board committee. We have also adopted a Code of Conduct and Ethics that applies to the Board, our corporate officers, including our Chief Executive Officer and Chief Financial Officer, and all of our other employees. Our corporate governance guidelines, the charters for our committees and our Code of Conduct and Ethics, including our independence standards (which conform to NASDAQ rules), are available on our website at <http://www.nagalv.com/Investors.asp>.

Committees of the Board

The Board maintains the following four standing committees, the membership of which is determined from time to time by the Board:

Executive Committee. Messrs. Sununu (chairman), Klemann, Morrow, and Evans are members of the Executive Committee, which met five times in 2008. The Executive Committee is delegated authority to act on behalf of the Board in certain operational and personnel matters, and to approve capital expenditures within limits authorized by the Board.

Audit Committee. Messrs. Lynch (chairman), Bundy, and Klemann and Ms. Henry are members of the Audit Committee, which met five times in 2008. Each member of the Audit Committee is an “independent director” as defined in the NASDAQ rules for Audit Committee members and satisfies the requirements of Rule 10A-3 of the Securities Exchange Act of 1934, as amended, (the “Exchange Act”). The Board has determined that each of Mr. Lynch and Ms. Henry qualify as an audit committee “financial expert” within the meaning of the rules and regulations of the Securities and Exchange Commission (the “SEC”).

The Audit Committee is responsible for, among other things,

- appointing our independent registered public accountants, subject to stockholder ratification,
- reviewing the scope of the annual audit and recommendations of the independent registered public accountants, reviewing and discussing with management and the independent registered public accountants our audited
- financial statements and other financial information,
 - monitoring the independence and performance of our independent registered public accountants, and
 - evaluating overall risk exposures and the adequacy of the overall internal control functions of the Company.

Compensation Committee. Messrs. Bundy (chairman), Lynch and Morrow are members of the Compensation Committee, which met three times in 2008. All of the committee members are “independent directors” as defined in the NASDAQ rules.

The Compensation Committee considers remuneration of our corporate and subsidiary officers, administers our incentive compensation and stock option plans and approves the adoption of employee benefit plans. The Compensation Committee evaluates the performance of the Chief Executive Officer and Chief Financial Officer and recommends to the Board their compensation.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee was formed in 2003, and is composed of Messrs. Morrow (chairman), Bundy, Klemann and Lynch, Ms. Henry and Gov. Sununu. All of the committee members are “independent directors” as defined in the NASDAQ rules. The Corporate Governance and Nominating Committee met two times in 2008.

The Corporate Governance and Nominating Committee is responsible for, among other things, identifying and evaluating the qualifications of candidates for Board membership and making recommendations of candidates for consideration of nomination by the Board.

The Corporate Governance and Nominating Committee reviews and recommends to the Board the slate of director nominees to be proposed for election at annual meetings of stockholders and candidates to fill vacancies on the Board that occur between annual meetings of the stockholders. In identifying and evaluating candidates for Board membership, the Corporate Governance and Nominating Committee takes into account all factors it considers appropriate. While there are no specific minimum requirements for director nominees, the Committee does consider the following non-exclusive factors: professional experience, knowledge, integrity, independence, diversity of backgrounds and the extent to which the candidate would fill a present need on the Board.

The Corporate Governance and Nominating Committee utilizes a variety of methods for identifying and evaluating nominees for director with an emphasis on the needs of the Company. The Committee will consider candidates for the board of directors recommended by stockholders and will evaluate such candidates in the same manner as other potential candidates. Any stockholder who wishes to recommend a person to be considered for nomination as a director by the Corporate Governance and Nominating Committee may do so by submitting the candidate’s name and qualifications in writing to Corporate Governance and Nominating Committee, c/o Corporate Secretary, 5314 South Yale Avenue, Suite 1000, Tulsa, Oklahoma 74135. Stockholders may directly nominate persons for director in accordance with the provisions of our Bylaws, a copy of which is on file with the SEC.

ITEM 11. EXECUTIVE COMPENSATION

Overview of Director Compensation and Procedures

Director compensation is now and has historically been set by the Board. Director compensation has historically been relatively low with most directors serving because of their equity interest in the Company or their personal or business relationship with our large stockholders.

Non-management directors receive an annual fee, currently \$35,000, payable in quarterly installments, and receive no additional compensation for committee services beyond their annual fee. The Company reimburses the directors for their out-of-pocket expenses for attending Board and committee meetings which, from time-to-time, may include the director's spouse.

Mr. Evans, the management director, receives no additional cash compensation for his service as a director. He is required to participate in the Director Stock Unit Program to the extent described below and receives matching Stock Unit grants.

At the Company's Annual Meeting held July 21, 2004, stockholders approved a Director Stock Unit Program ("Program"). Under the Program, effective January 1, 2005, each non-management director is required to defer at least 50% (\$17,500) of his or her annual fee, and may elect to defer 75% (\$26,250) or 100% (\$35,000) of the annual fee. The director must make the annual deferral decision before the start of the year. Amounts deferred under the Program are converted into a deferred Stock Unit grant under the Company's 2004 Incentive Stock Plan at the average of the closing prices for a share of the Company's Common Stock for the 10 trading days before the quarterly director fee payment dates.

To encourage deferral of fees by non-management directors, the Company makes a matching Stock Unit grant ranging from 25% to 75% of the amount deferred by the director as of the same quarterly payment dates. During 2008, each of the non-management directors deferred 100% of their fees and received matching Stock Unit grants totaling 75%.

For Mr. Evans, under the Program the Company automatically defers from his salary a dollar amount equal to 50% (\$17,500) of the director fees for non-management directors. In addition, Mr. Evans may elect to defer an amount equal to 75% (\$26,250) or 100% (\$35,000) of the director fees for non-management directors from his compensation, and the Company matches deferrals by Mr. Evans with Stock Units at the same rate as it matches deferrals for non-management directors.

Delivery of the granted stock is made five calendar years following the year for which the deferral is made subject to acceleration upon the resignation or retirement of the director or a change in control.

In addition to the annual cash fees and matching Stock Unit grants, each non-management director receives an annual grant of 13,333 forfeitable shares of Common Stock (the "Restricted Stock") under the 2004 Incentive Stock Plan. Historically, the Compensation Committee has made this annual award in July of each year. However, in 2008 we made awards on March 5, 2008 and July 14, 2008. Ms. Henry did not receive the March 5, 2008 award because she was only recently appointed as a director at that time. The March 5, 2008 grant was a special one-time grant made in recognition of the directors' service and contributions to the development, implementation, and achievement of the Company's strategy and goals for the period 2004 through 2007. In 2009, the annual award was made in January rather than July to reduce the potential expense recorded for the 2009 award.

Restricted Stock granted to non-management directors vests and becomes nonforfeitable on the date of the earliest to occur of the following:

- (a) the date that is two (2) years after the date of grant;
- (b) the date of a change in control;
- (c) the date the participant terminates employment due to a disability;
- (d) the date of the participant's death;

Sununu, 20,000. Options outstanding in September 2008 were adjusted to reflect the four-for-three stock split, according to provisions for equity changes in the 2004 Incentive Stock Plan.

(4) See Summary Compensation Table for disclosure related to Ronald J. Evans, who is also an Executive Officer of the Company. Mr. Evans receives no cash compensation as a director beyond the compensation he receives as CEO. He participates in the Director Stock Unit Program, as described above, and receives matching Stock Unit grants.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Committee reviews and approves, and recommends for the approval of the full Board of Directors, the annual compensation and compensation procedures for the two executive officers of the Company, the Chief Executive Officer (“CEO”) and Chief Financial Officer (“CFO”). The CEO confers with the Compensation Committee concerning the compensation of the CFO. The Compensation Committee considers recommendations from its compensation consultant, Dolmat Connell & Partners (“DC&P”), in making its decisions. The Compensation Committee is authorized to and has directly engaged DC&P, who is independent of the Company’s management and reports directly to the Compensation Committee. DC&P has no economic relationships with the Company other than its role in advising the Compensation Committee on matters such as competitive market rates and compensation practices. At present, the Compensation Committee believes that the cumulative business experience of its members is adequate for its compensation decisions.

Our objective is to provide for executive compensation that will attract and retain skilled executives and will link executive compensation to corporate performance. To achieve these goals, we believe that our executive compensation must include adequate short-term compensation (primarily in the form of salary and annual bonus) and long-term compensation (primarily in the form of restricted stock, stock options and other equity-based awards.) The Compensation Committee has no policy as far as the allocation of executive compensation between short-term and long-term compensation or between cash and equity compensation. This allocation is based on a case by case analysis for each executive officer each year. As indicated from the Summary Compensation Table that appears below, a substantial portion of the CEO’s compensation (38.5%) came from equity awards. Conversely, only 15.4% of the CFO’s compensation came from equity awards. This relative disparity is based upon the Compensation Committee’s view that a substantial portion of the CEO’s compensation should be linked to Company performance and the performance of the Company’s stock.

Salary. Actual salaries are based on individual performance contributions within a competitive salary range for each position established through job evaluation and market comparisons. We review approved salary ranges annually to determine parity with national compensation trends and to ensure that we maintain a reasonably competitive compensation structure. The President and Chief Executive Officer’s salary is approved by the Board based on a review and recommendation by the Compensation Committee, taking into consideration historical compensation, corporate performance, similar competitive compensation of Chief Executive Officers at peer corporations, assessment of past performance, leadership characteristics and its expectations of future contributions to the Company’s long-term success.

Proxy-disclosed compensation data from a group of U.S.-based public companies from the Industrial Manufacturing industry of similar size to the Company was used for the peer group assessment. DC&P proposed the peer organizations based on revenue, market capitalization, and status as a U.S.-based, non-subsidiary, public and actively traded firm. The proposed peer group, approved by the Compensation Committee, consisted of the following 13 companies: Adept Technology, Inc., Aldila, Inc., Amtech Systems, Inc., BTU International, Inc., Eastern Co., Gencor

Industries, Inc., Magnetek, Inc., Memry Corp., Perceptron, Inc., Portec Rail Products, Inc., Synalloy Corp., UFP Technologies, Inc., and Veri-Tek International Corp.

Effective April 1, 2007, the Company entered into a three-year written employment agreement with the CEO that provides the CEO an annual base salary of \$325,000 during the term, subject to possible increase by the Board. The CEO's salary has not changed since April 1, 2007. The CFO's compensation is determined in a like manner except that the CEO has a substantial role, together with the Compensation Committee, in setting the CFO's compensation subject to Board approval. In March 2008, based on the review described above, the Compensation Committee recommended and the Board approved an increase in annual base salary of \$10,000, to \$185,000, for the Chief Financial Officer, effective April 1, 2008. In January 2009, the Compensation Committee recommended and the Board approved an increase in annual base salary of \$10,000, to \$195,000, for the Chief Financial Officer, effective April 1, 2009.

Annual Incentive Compensation. Our executive officers and key employees are eligible to participate in a discretionary annual bonus program. The Committee, subject to Board approval, administers the plan and selects the key employees and executive officers who participate, with substantial CEO input on all employees except himself. This authority enables the Committee to consider individual achievement in deciding on, and recommending to the Board, the amount of any bonus for a participant.

The Compensation Committee took into consideration the corporate performance and contributions and earnings performance by our key employees and executive officers for the year ended December 31, 2008, and approved an aggregate of \$883,000 in bonus awards for 31 persons, including \$250,000 for our Chief Executive Officer and \$90,000 for our Chief Financial Officer. The Compensation Committee determined these bonuses in January 2009, based upon corporate performance and the performance of the particular employee in 2008.

The Board approved the recommendations of the Compensation Committee.

2004 Incentive Stock Plan. Equity awards are made under this plan to provide additional incentives to employees to work to maximize our growth and stockholder value. Historically, the Compensation Committee has awarded stock option grants for equity awards, but in 2008 moved to restricted stock awards. The move was made because the Company incurs expense with both option and restricted stock awards, but there is an increased likelihood that the employee will obtain value from a restricted stock award rather than an option award. The plan may utilize vesting periods to encourage key employees to continue in our employ. The number of awards granted is determined by the Compensation Committee's subjective evaluation of the executive's ability to influence our long-term growth and profitability. Awards are granted at the current market price at the time of the grant.

During January 2009, the Compensation Committee recommended and the Board of Directors approved a grant totaling 154,168 forfeitable shares of Common Stock (the "Restricted Stock") for 32 management employees, including 66,667 for our Chief Executive Officer and 20,000 for our Chief Financial Officer. This grant is in recognition of 2008 performance. Restricted Stock granted to management employees vests and becomes nonforfeitable on the date of the earliest to occur of the following:

- (a) the date that is four (4) years after the date of grant;
- (b) the date of a change in control;
- (c) the date the participant terminates employment due to a disability;
- (d) the date of the participant's death;

During March 2008, the Compensation Committee recommended and the Board of Directors approved a grant totaling 126,667 forfeitable shares, as adjusted for the four-for-three stock split in September, 2008, of Common Stock (the "Restricted Stock") for 7 management employees, including 66,667 for our Chief Executive Officer and 20,000 for our Chief Financial Officer. This grant is in recognition of 2007 performance.

The Compensation Committee recommends, and the Board approves, equity awards under this plan. The CEO confers with the Compensation Committee on all plan awards other than those made to himself. Grants are made before March 15 each year.

401K Plan. The Company offers a 401(k) defined contribution plan to its eligible employees, including executive officers. Although the Company match is discretionary, the Company has historically matched a participant's contributions up to 3% and contributed to the North American Galvanizing Common Stock Fund of the 401K an additional 110% of a participant's contributions over 3%, but not to exceed 6%, of the participant's compensation.

Perquisites. The Company offers to pay the travel costs of the executives' spouses to attend the Annual Meeting of Stockholders. The aggregate cost in total is less than \$10,000 per year. The Company provides no other perquisites to its executives.

Change in Control Provisions. Awards under the 2004 Incentive Stock Plan and the Director Stock Unit Plan are subject to accelerated vesting upon a change in control of the Company, resignation or retirement. The Compensation Committee believes these accelerated vesting provisions to be fair and customary. The change in control provisions in the CEO's employment agreement are discussed below.

CEO Employment Agreement. The Company entered into a three-year written employment agreement with the CEO, effective April 1, 2007, that provides the CEO an annual base salary of \$325,000 during the term, subject to possible increase by the Board. Under the agreement, the CEO remains eligible to participate in all Company benefit plans.

If the CEO's employment is terminated for any reason other than a change in control or for cause or because of a permanent disability, then the employment agreement provides that the CEO (or his estate) is entitled to a one-time termination payment equal to his then annual base salary. Cause shall mean any of (i) employee's gross negligence or willful misconduct in the performance of the duties and services required pursuant to the agreement, or (ii) employee's final conviction of a felony, or (iii) employee's material breach of any material provision of the agreement with remains uncorrected for thirty (30) days following written notice to employee by employer.

In the event either the CEO or the Company elects to terminate the agreement upon the occurrence of a change in control, then the CEO will be entitled to receive a one-time payment equal to 2.99 times his annual base salary as of the date of termination. The CEO would have received a termination payment of \$971,750 in the event a change of control and termination had occurred as of December 31, 2008.

The CEO and the Chairman of the Board, in consultation with the Compensation Committee, negotiated the terms of the employment agreement, which were recommended by the Compensation Committee and approved by the Board. The Compensation Committee and the Board believe that the terms of the agreement are reasonable and that the agreement was needed in order to retain the services of the CEO.

The Compensation Committee believes that compensation levels during 2008 adequately reflect our compensation goals and policies. The Compensation Committee will continue to evaluate the relationship between its executive and key managerial compensation and our performance and stockholder value.

The Company's Director Stock Unit Program commenced January 1, 2005. Since that time, the executive contributions and registrant contributions have been included in the Summary Compensation Table. For 2008, 2007 and 2006, the executive contributions are included in salary and the registrant contributions are included in change in pension value and nonqualified deferred compensation earnings in the Summary Compensation Table.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

The vesting of all outstanding stock options, forfeitable stock grants, and stock deferrals under the Director Stock Unit Programs, are accelerated upon the retirement or resignation of the holder or upon a change-in-control and would result in value of \$838,686 to the Chief Executive Officer and \$135,150 to the Chief Financial Officer, assuming the event took place on 12/31/08. Under the terms of the CEO's employment agreement, the Company must pay the CEO (i) a single cash payment equal to one year's annual base salary (currently \$325,000) upon his retirement or termination (other than in connection with a change-in-control or for cause) and (ii) a single cash payment equal to 2.99 times his annual base salary (a total of \$971,750 assuming the event took place on 12/31/08 based on current salary) in connection with the termination of his employment in connection with a change-in-control of the Company.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE

RELATED PARTY TRANSACTIONS

Morrow & Co., LLC. Mr. Joseph J. Morrow, a director of the Company and a nominee for reelection, is the Chief Executive Officer, a director and approximately a 30% shareholder of Morrow & Co., LLC, which provides proxy solicitation and other stockholder related services to us. During the year ended December 31, 2008, the Company paid Morrow & Co., LLC \$7,500, in connection with the Company's 2008 Annual Meeting of Stockholders, consisting of a fee for solicitation of proxies. In addition, an affiliate of Morrow & Co., LLC, Audit Committee on Call, provides a confidential hotline service to be used for reporting violations of the Business Code of Conduct and Ethics policy. The Company was billed \$600 during 2008 for this service.

Our Code of Business Conduct and Ethics, which constitutes our related party transaction policy, requires that all related party transactions be disclosed in writing to the Board. The Board

must approve such transactions, and the terms of such transactions must be the same as the Company would obtain from an unaffiliated third party. The Board is aware of and has approved the Company's transactions with affiliates of Mr. Morrow as described above in accordance with the terms of our policy.

DIRECTOR INDEPENDENCE

The Board has determined that directors Linwood J. Bundy, Janice K. Henry, Gilbert L. Klemann II, Patrick J. Lynch, Joseph J. Morrow and John H. Sununu are "independent directors," as the term is defined under the listing standards of NASDAQ. Mr. Evans is not independent, as he is an executive officer of the Company. When we use the term "non-management director" in this filing, we are referring to all the Board members with the exception of Mr. Evans.

ITEM 14. PRINCIPAL ACCOUNTING FEES AND SERVICES

Total fees for professional services provided by Deloitte for the years ended December 31, 2008 and 2007 were \$464,472 and \$420,658, respectively, for the following services:

Audit Fees

The aggregate fees for professional services rendered by Deloitte for the audit of our annual financial statements and the effectiveness of the Company's internal control over financial reporting and for the reviews of the financial statements included in our Quarterly Reports on Form 10-Q in 2008 and 2007 were \$352,758 and \$319,500, respectively.

Tax Fees

The aggregate fees paid for preparation of tax returns were \$77,805 and \$35,000 for 2008 and 2007, respectively. The aggregate fees for tax planning and consultation on tax compliance in 2008 and 2007 were \$33,909 and \$13,107, respectively. In addition, fees of \$43,226 were paid during 2007 for assistance with an IRS examination.

The Audit Committee charter provides for the pre-approval of all audit services and all non-audit services to be provided by our independent registered public accountants that are permitted under applicable law and regulation, and all corresponding fees and terms, by the Audit Committee. Pursuant to procedures established by the Audit Committee, the Chief Financial Officer and/or Chief Executive Officer are required to review and recommend for approval such services to the Audit Committee, subject to the de minimus exception for non-audit services permitted by SEC rules and regulations. For fiscal years 2008 and 2007, none of the fees listed above were covered by the de minimus exception.

The Audit Committee has considered whether the provision of non-audit services by Deloitte for the year ended December 31, 2008 is compatible with maintaining the principal independent registered public accountant's independence.
