NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES [Continued]

Revenue Recognition - The Company plans to generate revenue from the retail sale of medications as a closed-door pharmacy. Revenue from pharmacy sales will be recognized upon shipment of the product. All sales are expected to be final when shipment is made. AHR Subsidiary previously generated revenue from hospital management consulting. Revenue from facilitating the sale of hospital property was recorded when property was sold. AHR Subsidiary had purchased the right to receive a portion of the revenues from a consulting and asset sale agreement. Revenue derived from the purchased contract rights was recorded as received on a net basis. On a net basis, only the share of revenue belonging to AHR Subsidiary was recorded as revenue.

Actual results could differ from those estimated by management.

Recently Enacted Accounting Standards - Statement of Financial Accounting Standards (SFAS) No. 149, Amendment of Statement 133 on Derivative Instruments and Hedging Activities , and SFAS No. 150, Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity , were recently issued. Reclassification - The financial statements for periods prior to September 30, 2004 have been reclassified to conform to the headings and classifications used in the September 30, 2004 financial statements.

NOTE 2 - ACQUISITION AND CANCELLATION OF ACQUISITION OF RXS

On May 8, 2003, the Company signed a Stock Purchase Agreement with RX Solutions, Inc. (RXS). The agreement provided for the Company to issue 720,000 shares of Class B Preferred Stock and to sign \$900,000 of notes payable to the shareholders of RXS for 100% of the outstanding shares of RXS 's common stock. As part of the agreement, the Company entered into a three-year Employment Agreement with the shareholders of RXS. In July 2003, the Company defaulted on the notes payable and employment agreement underlying the acquisition. In August 2003, the

Company entered into an agreement to extend the maturity of a \$300,000 90-day non-interest-bearing note payable to September 29, 2003. The extension required the Company to pay \$40,000 in August and September 2003 in lieu of the interest and salary payments required by the Stock Purchase Agreement. In September 2003, the Company renegotiated the notes payable underlying the acquisition so that the Company would pay \$25,000 by October 31, 2003 against the \$300,000 90-day non-interest-bearing note payable and pay \$200,000 by November 29, 2003 as payment in full of a \$294,000 five-year 7% note payable, a \$306,000 five-year 7% note payable and related accrued interest. In November 2003, the Company defaulted on the notes payable underlying the acquisition and the owners of RXS called for the acquisition to be cancelled. The financial statements reflect the acquisition as having never closed and any expenses associated with the cancelled acquisition have been classified as a cost of the unsuccessful RXS acquisition.

AMERICAN HOSPITAL RESOURCES, INC.

NOTES TO UNAUDITED CONDENSED FINANCIAL STATEMENTS

NOTE 3 - ACQUISITION AND VOIDING OF ACQUISITION OF NIPSI

On December 13, 2002, Parent signed an asset purchase agreement with NIPSI Healthcare of Houston Limited Partnership (NIPSI) and NIPSI of Houston, Inc. (NIPSI General Partner). The agreement provided for the Company to assume certain liabilities of NIPSI and to sign an unsecured 18-month \$150,000 note payable to NIPSI for most of the operating assets of NIPSI. The agreement also included a non-compete covenant from NIPSI and NIPSI General Partner. The acquisition closed December 16, 2002; however, in April 2003, the court entered a default judgment against NIPSI [See Note 14]. The court found that NIPSI had fraudulently transferred assets to the Company to avoid the claims of AmeriSource. The court voided and nullified the transfer of assets from NIPSI to the Company and ordered NIPSI to pay \$551,264 to AmeriSource. As a result of these proceedings, the asset purchase agreement between the Company, NIPSI and NIPSI General Partner was voided and the Company was released as a defendant.

Also, NIPSI General Partner sent a demand letter to the Company to rescind the asset purchase agreement and claiming damages of \$120,000 against the Company [See Note 14]. The financial statements reflect the acquisition as having been voided or rescinded and any expenses associated with the voided acquisition have been classified as costs of the unsuccessful NIPSI acquisition.

NOTE 4 - ACQUISITION OF AMERICAN HOSPITAL RESOURCES, INC.

On April 3, 2002, the Company signed an agreement and plan of reorganization with Phase One, LLC and AHR Subsidiary. The agreement called for former shareholders of AHR Subsidiary to receive up to 12,870,000 shares of the common stock issued to Phase One, LLC based on the performance of the Company. In connection with the agreement, the Company amended its articles of incorporation to authorize 10,000,000 shares of preferred stock and to change its name tnt board compensation is described under the heading Compensation of Directors below.

We expect our directors, executives and employees to conduct themselves with the highest degree of integrity, ethics and honesty. MercadoLibre's credibility and reputation depend upon the good judgment, ethical standards and personal integrity of each director, executive, and employee. In order to better protect MercadoLibre and its stockholders, we periodically review our code of business conduct and ethics to ensure that it provides clear guidance to our employees and directors.

Transparency

We believe it is important that our stockholders understand our governance practices. In order to help ensure the transparency of our practices, we have posted information regarding our corporate governance procedures on our investor relations website at <http://investor.mercadolibre.com>.

Board Effectiveness and Director Performance Reviews

It is important to us that our board and its committees are performing effectively and in the best interests of our company and our stockholders. The board and each committee performs an annual self-assessment to evaluate its effectiveness in fulfilling its obligations. As part of this annual self-assessment, directors are able to provide feedback on the performance of other directors. Our lead independent director follows up on this feedback and takes such further action with directors receiving comments and other directors as she deems appropriate.

Succession Planning

The board recognizes the importance of effective executive leadership to MercadoLibre's success, and meets to discuss executive succession planning at least annually. As part of this process, our board reviews the capabilities of our senior leadership as set out in written succession planning documents and identifies and discusses potential successors for members of our executive staff, including the chief executive officer. Our nominating and corporate governance committee leads the succession planning process for our chief executive officer and other senior officers and performs a similar analysis with respect to the rest of our board.

Auditor Independence

We have taken a number of steps to ensure the continued independence of our independent registered public accounting firm. Our independent registered public accounting firm reports directly to the audit committee, and we limit the use of our auditors for non-audit services. The fees for services provided by our auditors in 2015 and 2014 and our policy on pre-approval of non-audit services are described under the section below entitled "Proposal Three: Ratification of Independent Registered Public Accounting Firm."

Corporate Hotline

We have established a corporate telephone hotline and Internet site to allow any employee to confidentially and anonymously lodge a complaint about any accounting, internal control, auditing or other matter of concern.

Board Committees

Board committees help our board perform effectively and efficiently, but do not replace the oversight of our board as a whole. There are currently three principal standing board committees: the audit committee, the compensation committee and the nominating and corporate governance committee. Each committee meets regularly and has a written charter that has been approved by our board, which is available on our investor relations website at <http://investor.mercadolibre.com>. In addition, at each regularly scheduled board meeting, a member of each committee reports on any significant matters addressed by the committee subsequent to the board's most recent prior meeting. Each committee performs an annual self-assessment to evaluate its effectiveness in fulfilling its obligations.

Table of Contents

The following table lists the current members of each of our three principal standing board committees:

The board has established an audit committee, which consists of Mr. Vázquez (Chairman), Mr. Malka and Ms. Segal. Our board has determined that each of the directors serving on our audit committee is independent within the meaning of the rules of the SEC and NASDAQ. The audit committee is responsible for, among other things:

considering and approving, in advance, all audit and non-audit services to be performed by our independent registered public accounting firm;

overseeing management's establishment and maintenance of our accounting and financial reporting processes, including our internal controls and disclosure controls and procedures, and the audits of our financial statements;

establishing procedures for the receipt, retention and treatment of complaints received by us regarding accounting, internal control or auditing matters and the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters;

investigating any matter brought to its attention within the scope of its duties and engaging independent counsel and other advisers as the audit committee deems necessary;

determining compensation of the independent registered public accounting firm, compensation of advisors hired by the audit committee and ordinary administrative expenses;

reviewing annual and quarterly financial statements prior to their release;

preparing the report required by the rules and regulations of the SEC to be included in our annual proxy statement;

reviewing and assessing the adequacy of the committee's formal written charter on an annual basis; and

handling such other matters that are specifically delegated to the audit committee by our board from time to time.

The audit committee met four times during the fiscal year ended December 31, 2015 and took three actions by unanimous written consent. Our board has determined that Mr. Vázquez is an audit committee financial expert, as defined by SEC rules.

Compensation Committee

The board has established a compensation committee, which consists of Messrs. Malka (Chairman) and Calemzuk and Ms. Serra. We expect Mr. Mario Vazquez to be appointed as a member of the Compensation Committee during 2016. Our board has determined that each of the directors serving on our compensation committee is independent within the meaning of NASDAQ rules. The compensation committee is responsible for, among other things:

recommending to our board for determination, the compensation and benefits of all of our executive officers and key employees;

monitoring and reviewing our compensation and benefit plans to ensure that they meet corporate objectives;

administering our stock plans and other incentive compensation plans and preparing recommendations and periodic reports to our board concerning these matters;

preparing the report required by the rules and regulations of the SEC to be included in our annual proxy statement and assisting management in the preparation of a compensation discussion and analysis; and

such other matters that are specifically delegated to the compensation committee by our board from time to time.

The compensation committee met once during the fiscal year ended December 31, 2015 and took two actions by unanimous written consent.

Nominating and Corporate Governance Committee

The board has established a nominating and corporate governance committee, which consists of Messrs. Calemzuk (Chairman), Spence and Vázquez. Our board has determined that each of the directors serving on our nominating and corporate governance committee is independent within the meaning of NASDAQ rules. The nominating and corporate governance committee is responsible for, among other things:

recommending to our board for selection, nominees for election to our board;

making recommendations to our board regarding the size and composition of the board, committee structure and makeup and retirement procedures affecting board members;

monitoring our performance in meeting our obligations of fairness in internal and external matters and our principles of corporate governance; and

such other matters that are specifically delegated to the nominating and corporate governance committee by our board from time to time.

Our board has adopted a written charter for our nominating and corporate governance committee, which is posted on our investor relations website at <http://investor.mercadolibre.com>. That charter requires the nominating and corporate governance committee to consider the desired composition of our board, including such factors as expertise and diversity, and our corporate governance guidelines provide that, in consideration of the composition of our board, diversity of backgrounds and expertise should be emphasized.

The nominating and corporate governance committee took one action by unanimous written consent during the fiscal year ended December 31, 2015.

Other Committees

From time to time, our board may establish other committees as circumstances warrant. Those committees will have the authority and responsibility as delegated to them by our board.

Code of Business Conduct and Ethics

Our board has adopted a code of business conduct and ethics that applies to our officers, directors and employees. Among other matters, our code of business conduct and ethics is designed to deter wrongdoing and to promote:

honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;

full, fair, accurate, timely and understandable disclosure in our SEC filings and other public communications;

compliance with applicable governmental laws, rules and regulations;

prompt internal reporting of violations of the code to appropriate persons identified in the code; and

accountability for adherence to the code.

Our audit committee must approve any waiver of the code of business conduct and ethics for our executive officers or directors, and any waiver shall be promptly disclosed. We intend to satisfy the disclosure requirement under Item 5.05 of Form 8-K relating to amendments to or waivers from any provision of the code of business conduct and ethics applicable to our chief executive officer and chief financial officer by posting the required information on our investor relations section of our website at <http://investor.mercadolibre.com>.

Director Nominations

Nominating and Corporate Governance Committee. The nominating and corporate governance committee of our board performs the functions of a nominating committee. The nominating and corporate governance committee's charter describes the committee's responsibilities, including identifying, reviewing, evaluating and recommending director candidates for nomination by our board. Our corporate governance guidelines also contain information concerning the responsibilities of the nominating and corporate governance committee with respect to identifying and evaluating director candidates. Both documents are published on our investor relations website at <http://investor.mercadolibre.com>.

Director Candidate Recommendations and Nominations by Stockholders. The nominating and corporate governance committee's charter provides that the committee will consider director candidates recommended by stockholders. The charter of the nominating and corporate governance committee provides that it will evaluate all candidates for election to our board, regardless of the source from which the candidate was first identified, based on the totality of the merits of each candidate and not based upon minimum qualifications or attributes. Stockholders should submit any such recommendations for the consideration of our nominating and corporate governance committee through the method described under *Stockholder Communications* above. In addition, any stockholder of record entitled to vote for the election of directors may nominate persons for election to our board if that stockholder complies with the notice procedures summarized in *Stockholder Proposals for 2017 Annual Meeting* beginning on page 46 of this proxy statement.

Process for Identifying and Evaluating Director Candidates. The nominating and corporate governance committee evaluates all director candidates in accordance with the criteria described in our corporate governance guidelines and the nominating and corporate governance committee charter. The committee evaluates any candidate's qualifications to serve as a member of our board based on the skills and characteristics of individual board members as well as the composition of our board as a whole. In addition, the nominating and corporate governance committee will evaluate a candidate's independence, skills, experience, reputation, integrity, potential for conflicts of interest and other appropriate qualities in the context of our board's needs.

Director diversity. We do not have a formal policy about diversity of our board membership, but the nominating and corporate governance committee will consider a broad range of factors when nominating individuals for election as directors, including differences of viewpoint, professional experience, education, skill, other personal qualities and attributes, race, gender and national origin. The nominating and corporate governance committee neither includes nor excludes any candidate from consideration solely based on the candidate's diversity traits.

Table of Contents**Directors Attendance at Meetings of our Board of Directors and Board Committees**

Our board held four meetings and took one action by written consent during the fiscal year ended December 31, 2015. Except for Mr. Spence, all other directors attended 75% or more of the aggregate of all meetings of the board of directors and the board committees on which they served during 2015.

DIRECTOR COMPENSATION

On September 27, 2013, our board, upon the recommendation of the compensation committee, adopted a director compensation program, that sets compensation for our outside directors for the period June 2013 to June 2016. The 2015 portion of this director compensation program (the 2015 Director Program), which became effective as of June 10, 2015, provides that each outside director receives an annual fee for board services from June 10, 2015 to June 9, 2016 comprised of a non-adjustable board service award and an adjustable board service award. The non-adjustable board service award consists of a fixed cash payment of \$50,000. The adjustable board service award consists of a fixed cash amount of \$70,000 multiplied by the quotient of (a) the average closing sale price of our common stock on NASDAQ during the 30-trading day period preceding the 2016 Annual Meeting divided by (b) the average closing sale price of our common stock on NASDAQ during the 30-trading day period preceding the 2015 Annual Meeting of Stockholders.

The compensation committee periodically considers our director compensation policy with a primary objective of matching compensation levels to the relative demands associated with serving on our board and its various committees.

We do not pay additional compensation to directors who have not been classified as outside directors, but do reimburse these directors for expenses incurred in attending meetings of our board and its committees.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The primary goals of our compensation committee with respect to executive compensation are to attract and retain the most talented and dedicated executive officers possible and to align executive officers' incentives with stockholder value creation.

In this proxy statement, we use the term "named executive officers" to refer to Marcos Galperin, our president and chief executive officer, Pedro Arnt, our executive vice president and chief financial officer, Stello Tolda, our executive vice president and chief operating officer, Osvaldo Giménez, our executive vice president - payments, and Daniel Rabinovich, our executive vice president and chief technology officer.

At the 2015 Annual Meeting of Stockholders, the advisory vote on executive compensation was approved by approximately 90% of shares voted. The level of support on the advisory vote was considered by the compensation committee and supported its decision to maintain the general structure of our compensation program during 2015.

Executive Summary

We host the largest online commerce platform in Latin America located at www.mercadolibre.com, which is focused on enabling e-commerce and its related services. Our services are designed to provide our users with mechanisms for buying, selling, paying, collecting, generating leads and comparing via e-commerce transactions in an effective and efficient manner. Although we consider our company to be a market leader in e-commerce in each of Argentina, Brazil, Chile, Colombia, Costa Rica, Ecuador, Mexico, Peru, Uruguay and Venezuela, based on unique visitors and page views during 2015, we operate in a rapidly evolving and highly competitive market that requires a highly qualified executive management team with strong operational skills. Our executive compensation philosophy is designed to align the compensation of our named executive officers with our business objectives and reward performance over both the short and long term.

Executive Compensation Program Objectives

We are committed to providing an executive compensation program that supports the following goals and philosophies:

aligning our management team's interests with stockholders' expectations of earnings per share growth and a competitive dividend yield;

effectively compensating our management team for actual performance over the short and long term;

attracting and retaining an experienced and effective management team;

motivating and rewarding our management team to produce growth and performance for our stockholders that are sustainable and consistent with prudent risk-taking and based on sound corporate governance practices; and

providing market competitive levels of target (i.e., opportunity) compensation.

Structure of Our 2015 Executive Compensation Program

As discussed in more detail beginning on page 21, our 2015 executive compensation program is comprised of three different compensation elements, including:

base salary, which is fixed annually and compensates individuals for daily performance;

annual bonus, which is intended to compensate officers for achieving corporate goals and value-creating milestones during the prior fiscal year; and

2015 Long-Term Retention Plan (2015 LTRP) bonus, which, together with the annual bonus, rewards the executive, other than our president and chief executive officer, for both company and individual performance and assists in the retention of key employees. Our president and chief executive officer's 2015 LTRP bonus is based strictly on company performance. The 2015 LTRP is paid over a six-year period through annual fixed payments as well as annual variable payments that move in tandem with increases or decreases in our stock price during the six-year period over which the bonus is paid.

Table of Contents

A significant portion of our 2015 executive compensation program is structured to reward named executive officers for actual performance. The charts below illustrate the percentage of performance-based compensation for our named executive officers:

By design, a significant portion of the compensation awarded under our 2015 executive compensation program is contingent upon company performance, in the case of our president and chief executive officer, and both individual and company performance, in the case of our other named executive officers. In 2015, subject to satisfaction of Minimum Eligibility Conditions (described under Long-Term Retention Plans below), the total amount of Mr. Galperin's annual bonus was based on pre-determined company performance criteria. For each of our other named executive officers, subject to satisfaction of the Minimum Eligibility Conditions, the cash award was partially based on pre-determined company performance criteria and partially based on qualitative assessment of individual performance.

The bonuses granted to our named executive officers under our 2015 LTRP are paid out over a period of six years and subject to forfeiture if an officer retires, resigns or terminates his employment for any reason, or if an officer takes certain specified actions that could adversely affect our business. In addition, similar to the annual bonus, the 2015 LTRP bonus is tied directly to the satisfaction of minimum performance objectives. In the event the minimum performance objectives are satisfied, approximately 50% of the cash payable under the 2015 LTRP will move in tandem with increases or decreases in our stock price during the six year period over which the bonus is paid.

We continue to provide no executive perquisites.

Role of the Compensation Committee in Compensation Decisions

Our compensation committee reviews and sets all compensation programs (including equity compensation) applicable to our executive officers and directors, our overall compensation strategy for all employees, and the specific compensation of our executive officers on an annual basis. In the course of this review, the compensation committee considers our current compensation programs and whether to modify them or introduce new programs or elements of compensation in order to better meet our overall compensation objectives. The compensation committee has the authority to select, retain and terminate special counsel and other experts (including compensation consultants), as the committee deems appropriate. Our compensation committee has, from time to time, engaged compensation consultants to assist the compensation committee in reviewing and developing recommendations related to fixed and performance-based to compensation for our named executive officers as well as the market terms for our LTRP agreements. In April 2015, our compensation committee engaged Mercer Consulting (Mercer) to conduct a review of the terms of each of our 2009 LTRP, 2010 LTRP, 2011 LTRP, 2012 LTRP, 2013 LTRP and 2014 LTRP against customary market terms for these types of plans and to report back to the compensation committee with any recommended changes. Our compensation committee adopted and approved Mercer's recommended changes to these LTRPs in August 2015.

Table of Contents***Role of Executive Officers and Consultants in Compensation Decisions***

While the compensation committee determines our overall compensation philosophy and sets the compensation of our executive officers, it looks to the officers identified below and the compensation consultants retained by the committee, if any, to work within the compensation philosophy to make recommendations to the compensation committee with respect to both overall guidelines and specific compensation decisions. Each of our chief executive officer and our vice president of human resources also provides the board and the compensation committee with his perspective on the performance of our executive officers as part of the annual personnel review and succession planning discussions. The compensation committee establishes compensation levels for our chief executive officer on its own or in consultation with the compensation consultants it retains, if any, and our chief executive officer is not present during any of these discussions. Each of our chief executive officer and our vice president of human resources recommends to the compensation committee specific salary amounts for executive officers other than the chief executive officer and provides recommendations on other compensation programs, and the compensation committee considers those recommendations before making final compensation determinations. Our vice president of human resources works closely with the chairman of our compensation committee and attends certain compensation committee meetings to provide perspectives on the competitive landscape and the needs of the business, information regarding our performance, and technical advice. Further, our vice president of human resources prepares materials for compensation committee meetings at the direction of the compensation committee. In connection with prior compensation consultant engagements, the compensation committee has directed the compensation consultants to work with our vice president of human resources and other members of management to gather information the consultants deemed necessary for purposes of forming their recommendations and evaluating the recommendations of our vice president of human resources and our chief executive officer. For more information regarding the engagement of compensation consultants by the compensation committee, see [Role of the Compensation Committee in Compensation Decision](#) above.

Competitive Considerations

To set total compensation guidelines, the compensation committee reviews market data of companies with which the compensation committee believes MercadoLibre competes for executive talent. The committee believes that it is necessary to consider this market data in making compensation decisions in order to attract and retain top-notch executive talent. To facilitate making external compensation comparisons, in late 2013, Mercer provided the compensation committee with competitive market data by analyzing proprietary third-party surveys and publicly-disclosed documents of companies in specified peer groups. The compensation committee used this market data in determining salary structures and defining the total annual compensation of senior management for 2015.

In 2015, the compensation committee reviewed updated data from a peer group selected in 2013 consisting of companies of similar size within our industry. The companies included in that peer group are as follows:

Factset	Expedia
Linkedin	Groupon
Red Hat	TripAdvisor
OpenTableValueClick	Netflix, Inc.

Shutterfly

Homeaway

In deciding whether a company should be included in the peer group, in addition to industry, the committee considered the following screening criteria:

revenues;

earnings before interest, depreciation and amortization;

market capitalization; and

total assets.

Because MercadoLibre executives live in Latin America and not in the United States, in applying the peer group data provided by Mercer, the compensation committee decided to adopt a percentage of reduction to compensate for cost of living differences between Latin America and the United States. For that reason, the market positioning of our executives is generally 90% of the median of the peer group of U.S. companies analyzed by Mercer in late 2013.

Table of Contents

For the year of 2016, the compensation of our named executive officers was defined on the basis of the recommendations that had been provided by Mercer in late 2013, duly adjusted for inflation. The compensation committee members also utilized both anecdotal and specific information based on personal experience and industry contacts, particularly with respect to Latin America.

Elements of Compensation

The compensation received by our named executive officers consists of the following elements, each as more fully described below:

base salary;

annual bonus; and

long-term retention plan bonus.

The following table summarizes the various elements of compensation paid to our named executive officers, in each of 2015, 2014 and 2013. Due to various reporting requirements, the information set forth in the table below may not correspond with the amounts included in the table under the caption "Summary Compensation Table" below. For example, cash paid to our named executive officers in 2015 as part of the 2010 LTRP is recognized as 2011 compensation for purposes of the information required to be included in the Summary Compensation Table. However, we believe the following summary to be a more transparent reflection of the compensation received in each of these years by our named executive officers. Payouts under the 2009 LTRP, 2010 LTRP, 2011 LTRP, 2012 LTRP, 2013 LTRP, 2014 LTRP and 2015 LTRP, as defined below, represent payments (in cash or stock) in 2015, 2014, 2013, 2012, 2011, 2010 or 2009, as applicable, primarily for performance in 2009, 2010, 2011, 2012, 2013, 2014 and 2015, respectively.

Base Salary

Base salaries for our named executive officers are established based on the scope of their responsibilities and individual experience, taking into account competitive market compensation paid by the above peer companies for similar positions. Base salaries are reviewed at least annually for merit increases and cost of living adjustments, and adjusted from time to time to realign salaries with market levels based on the peer review and after taking into account individual responsibilities, performance and experience.

Base salaries of our named executive officers for 2015 were between \$218,097 and \$547,624. We adjusted the 2015 named executive officer base salaries that are paid in foreign currencies, considering the market pay level for those positions according to the compensation market study prepared by Mercer, as adjusted for inflation, for our chief executive officer and executive vice presidents. The committee believes that each named executive officer's salary level is appropriate in light of his roles and responsibilities within our company.

Annual Bonus

In addition to base salaries, our named executive officers are eligible to receive annual bonuses. The annual incentive bonuses are intended to compensate named executive officers for achieving corporate goals and for achieving what the compensation committee believes to be value-creating milestones during the prior year. The annual bonus for each of our named executive officers is paid in cash in an amount reviewed and approved by our compensation committee and full board of directors. The compensation committee uses annual incentive bonuses to compensate named executive officers for achieving financial and operational goals and, in the case of our named executive officers other than our president and chief executive officer, for achieving individual annual performance objectives. These objectives are generally established in the first half of the year and vary depending on the individual named executive officer, but relate generally to financial and operational targets as well as a cultural alignment assessment carried out by the chief executive officer for the rest of the named executive officers. If established objective thresholds for the annual performance period are not met, the executive does not receive a bonus for the year. After the end of each fiscal year, our actual performance is compared to the objectives established by our board of directors during the prior year to determine the annual bonus award payout.

For 2015, each named executive officer was eligible for an annual bonus up to an amount equal to approximately 115.4% of his annual base salary.

In 2015, subject to satisfaction of the Minimum Eligibility Conditions (described under Long-Term Retention Plans below), 100% of Mr. Galperin's annual bonus was based on the company performance criteria described below. For each of Messrs. Arnt, Tolda, Rabinovich and Giménez, subject to satisfaction of the Minimum Eligibility Conditions, the award was partially based on such company performance criteria and partially based on the qualitative assessment of individual performance. For additional information regarding the calculation of the Annual Bonus of our named executive officers, see 2015 Annual Bonus and 2015 LTRP Bonus Components below.

A portion of each named executive officer's annual bonus was based upon our company's achievement of certain pre-determined goals for performance. For 2015, the compensation committee selected the following as the company performance (the Consolidated Performance) measures:

Net revenues minus bad debt (excluding Venezuela), defined as our net revenues for 2015, less the portion of our bad debt that is uncollectible and after adjustments for unusual items as determined by the compensation committee, in each case, excluding Venezuela net revenues minus bad debt;

Venezuela net revenues minus bad debt, defined as the net revenues of our Venezuelan operations for 2015, less the portion of our Venezuelan operations' bad debt that is uncollectible and after adjustments for unusual items as determined by the compensation committee;

Net income (excluding Venezuela), defined as our net income in 2015, excluding Venezuela net income, and after adjustments for unusual items as determined by the compensation committee;

Venezuela net income, defined as the net income of Venezuelan operations in 2015 and after adjustments for unusual items as determined by the compensation committee;

NPS, which stands for Net Promoter Score and is defined as a measure of our Marketplace customers satisfaction, calculated as the percentage of promoters (customer scoring our service from 9 to 10) minus the percentage of detractors (customers scoring our service from 0 to 6).

The Consolidated Performance is a weighted average of the Consolidated Performance measures calculated using financial metrics translated to U.S. dollars at the previous year's applicable exchange rate, which is intended to isolate the operational performance from fluctuations in local currencies.

For Messrs. Galperin, Arnt, Tolda and Rabinovich the quantitative portion of the award is equal to the weighted average of the Consolidated Performance measures. For Mr. Osvaldo Giménez the quantitative portion of the award is based 50% on Consolidated Performance and 50% based on certain MercadoPago operational performance measures. For Mr. Giménez, the objectives related to the 2015 operations of our MercadoPago business, are MercadoPago penetration, which is defined as the total payment volume (TPV) in the MercadoLibre e-commerce website in 2015 divided by the gross merchandise volume

Table of Contents

(GMV) in 2015, off-platform net revenues, which mainly includes revenues generated off MercadoLibre's marketplace and financing revenues and off-platform TPV (collectively, the MercadoPago Performance). These are calculated using consolidated financial metrics translated to U.S. dollars at the previous year's applicable exchange rate, which is intended to isolate the operational performance from fluctuations in local currencies.

The compensation committee believes these metrics are the strongest drivers of long-term stockholder value for our company. These elements each track off a target number and have a percentage weight, resulting in a total performance metric for each named executive officer. The compensation committee is given discretion to make adjustments to each element in order to reduce or eliminate the effect of unusual events and thus make better year-over-year performance comparisons. This process may involve subtracting or adding back both revenues and expenses from reported results to better reflect our core results. This policy also reflects the compensation committee's inability to predict unusual events when performance targets are established early in the fiscal year. With respect to annual bonus determinations for our 2015 fiscal year, in early 2016, the compensation committee met with our vice president of human resources to analyze any appropriate adjustments. Together, they prepared a detailed analysis of each performance element and the recommended adjustments and presented it to the compensation committee for approval. In its discretion, the compensation committee also made other immaterial adjustments. For 2015, the adjustments approved by our compensation committee consisted of excluding the effect from the performance measures of the acquisition of Metros Cúbicos and KPL. These elements and the mechanics of our annual bonus plan are more fully described below in the description of our 2015 Long-Term Retention Plan.

Long-Term Retention Plans

As a private company, our compensation program consisted primarily of annual salary and bonus. In 2008, our compensation committee determined that our executive compensation program needed more focus on long-term incentives to assist in the retention of key employees that have valuable industry expertise and developed competencies. In connection with this new focus, our company adopted the 2008 Long-Term Retention Plan (the 2008 LTRP), followed by the 2009 Long-Term Retention Bonus Plan (the 2009 LTRP), the 2010 Long-Term Retention Bonus Plan (the 2010 LTRP), the 2011 Long-Term Retention Bonus Plan (the 2011 LTRP), the 2012 Long-Term Retention Bonus Plan (the 2012 LTRP), the 2013 Long-Term Retention Bonus Plan (the 2013 LTRP) and the 2014 Long-Term Retention Bonus Plan (individually, the 2014 LTRP , and collectively with the 2009 LTRP, 2010 LTRP, 2011 LTRP, 2012 LTRP and 2013 LTRP, the 2009, 2010, 2011, 2012, 2013 and 2014 LTRPs). See Prior Long-Term Retention Plans below for a detailed description of each of the 2009, 2010, 2011, 2012, 2013 and 2014 LTRPs.

2015 Long-Term Retention Plan

In 2015, the compensation committee continued its focus on long-term incentives and, on August 4, 2015, adopted the 2015 Long-Term Retention Plan (the 2015 LTRP) for executives. The 2015 LTRP is designed to assist us in the retention of key employees that have valuable industry experience and developed competencies. The award under the 2015 LTRP will be fully payable in cash, shares of our common stock or any combination thereof, in addition to the annual salary and annual bonus of each employee. In order to receive an award under the 2015 LTRP, the executive must satisfy the Minimum Eligibility Conditions applicable to determine eligibility for annual cash bonuses. If these Minimum Eligibility Conditions are satisfied, the executive will, subject to his continued employment as of each applicable payment date, receive the target amount of his 2015 LTRP bonus.

The 2015 LTRP is separate and distinct from the 2009, 2010, 2011, 2012, 2013 and 2014 LTRPs. However, the compensation committee considered the expected payouts under the 2009, 2010, 2011, 2012, 2013 and 2014 LTRPs when evaluating awards under the 2015 LTRP in the interest of evaluating total compensation to be received by the executive in the coming years.

The 2015 LTRP is substantially similar to the 2014 LTRP, with the exception of the definition of the term

Performance Goals , which has been revised in the 2015 LTRP to eliminate the individual performance of the named executive officers as part of the LTRP bonus eligibility requirements. In order for a named executive officer to receive an award under the 2015 LTRP, our company must achieve 50% of the weighted average planned growth in the Consolidated Performance. If our company achieves such performance, the executive will, subject to his continued employment as of each applicable payment date, receive the target amount of his 2015 LTRP bonus, payable as follows:

Table of Contents

the officer will receive a fixed payment equal to 8.333% of his or her 2015 LTRP bonus once a year for a period of six years (with the first payment occurring on or about March 31, 2016), (the Annual Fixed Payment); and

on each date our company pays the Annual Fixed Payment to the officer, he will also receive a payment equal to the product of (i) 8.333% of the applicable 2015 LTRP bonus and (ii) the quotient of (a) divided by (b), where (a), the numerator, equals the Applicable Year Stock Price (as defined below) and (b), the denominator, equals the 2014 Stock Price (as defined below). For purposes of the 2015 LTRP, the 2014 Stock Price equals \$127.29 (the average closing price of our common stock on the NASDAQ during the final 60 trading days of 2014) and the Applicable Year Stock Price will equal the average closing price of our common stock on the NASDAQ during the final 60 trading days of the year preceding the applicable payment date for so long as our common stock is listed on the NASDAQ.

Each award under the 2009 LTRP, 2010 LTRP, 2011 LTRP, 2012 LTRP, 2013 LTRP, 2014 LTRP and 2015 LTRP (collectively our LTRPs) is payable 100% in cash, shares of our common stock or any combination of cash and shares as determined by the compensation committee from time to time in its sole discretion. Under each of our LTRPs, a participant who experiences a covered termination, which is defined as (i) a termination without cause and for a reason other than death or disability or (ii) a resignation with good reason, on or after a change in control (as defined in each of our LTRPs) will vest in 100% of the award payments that remain to be paid. Each of our LTRPs also provides that the compensation committee, in its discretion, may pay all or part of the amount that remains payable under an award which is not then otherwise due and payable upon the disability or death of the participant in accordance with such rules or procedures established by the compensation committee. Each of our LTRPs generally provides that good reason exists if (a) a participant's duties, functions or responsibilities are materially reduced, (b) a participant's base salary or bonus opportunity is materially reduced or (c) a participant is required to relocate his principal office to a location that is more than fifty (50) miles from his then current principal office, and such circumstances remain uncured by us for thirty days.

2015 LTRP Bonus

The following table sets forth the nominal target value of the 2015 LTRP bonus and the portion of the 2015 LTRP bonus paid out for 2015 for each named executive officer:

	Nominal Target Value of 2015 LTRP Bonus (1)(2)	Portion of 2015 LTRP Bonus Paid Out for 2015 (1)
Marcos Galperin	\$ 5,946,400	\$ 927,715
Pedro Arnt	\$ 1,120,000	\$ 174,734
Stelleo Tolda	\$ 1,120,000	\$ 174,734
Oswaldo Giménez	\$ 1,120,000	\$ 174,734
Daniel Rabinovich	\$ 1,500,000	\$ 234,019

- (1) The 2015 LTRP bonus amounts were determined by the compensation committee at the end of the 2015 fiscal year based on each executive's 2015 performance tally, which tally is based on the attainment of certain company goals, in the case of our president and chief executive officer, and certain individual and company goals, in the

case of our other named executive officers, and, in each case, the subject executive's satisfaction of the Minimum Eligibility Conditions. Messrs. Galperin and Tolda each received his first installment payment under the 2015 LTRP in April 2016.

- (2) The maximum amount of each named executive officer's 2015 LTRP bonus will depend on our stock price for the last 60-trading days of the applicable fiscal year. To the extent our stock price exceeds \$127.29 for one or more applicable periods, the amount of the executive's 2015 LTRP bonus will exceed 8.333% of the amount listed in the column above entitled "Nominal Target Value of Total 2015 LTRP Bonus." To the extent our stock price is less than \$127.29 for one or more applicable periods, the amount of the executive's 2015 LTRP bonus will be less than 8.333% of the amount in the column above entitled "Nominal Target Value of Total 2015 LTRP Bonus." Equity awards. In the past we have granted equity to our executive officers through our Amended and Restated 1999 Stock Option and Restricted Stock Plan, which was adopted by our board of directors to permit the grant of equity to our employees. In 2009, our board adopted and our stockholders approved the 2009 Equity Compensation Plan. Upon adoption of the 2009 Equity Compensation Plan, no further awards were available for issuance under our 1999 Stock Option and Restricted Stock Plan. As of December 31, 2015, we had approximately 238,615 shares of common stock available for issuance under the 2009 Equity Compensation Plan. The board has considered outstanding job performance, contributions to our company and achievement of other benchmarks in granting past awards. We have not adopted stock ownership guidelines for our executive officers.

Our 2009, 2010, 2011, 2012, 2013, 2014 and 2015 LTRPs all permit the payment of award payments under such LTRPs in cash, shares of our common stock or any combination thereof.

Other compensation and benefits. We maintain broad-based benefits that are provided to certain full-time employees, including health insurance, extra vacation days, mobile telephones, executive education sponsorship programs, parking spaces and subsidized English, Spanish and/or Portuguese lessons. We also provide life insurance policies for

some of our employees in Brazil. In certain cases, if an employee is asked to relocate temporarily to another country office, we will facilitate such employee's relocation by acting as guarantors in residential apartment lease agreements and paying for relocation expenses. We do not have any pension plan for our employees, including our executive officers.

Employment agreements. We have entered into employment agreements with each named executive officer as described below under Employment Agreements. Certain executive officers may also receive benefits in the event of a change in control of our company as described under Potential Payments Upon Termination or Change in Control.

Conclusion

In evaluating the individual components of overall compensation for each of our executive officers, the compensation committee reviews not only the individual elements of compensation, but also total compensation and compares overall compensation to total compensation of similarly situated employees at the company's peer companies. By design, a significant portion of the compensation awarded under our 2015 executive compensation program is contingent upon company performance, in the case of our president and chief executive officer, and both individual and company performance, in the case of our other named executive officers. The committee remains committed to this philosophy of pay-for-performance and will continue to review executive compensation programs for the best methods to promote stockholder value through employee incentives.

Compensation Committee Report

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis section of this proxy statement with management and, based on such review and discussions, the compensation committee recommended to the board of directors that it be included in the company's proxy statement and Annual Report on Form 10-K for the year ended December 31, 2015.

Relationship of Compensation Practices to Risk Management

When structuring our overall compensation practices for our employees generally, consideration is given as to whether the structure creates incentives for risk-taking behavior and therefore impacts our risk management practices. Attention is given to the elements and the mix of pay as well as ensuring that employees' awards align with stockholders' value.

We have assessed the compensation policies and practices for our employees and concluded that they do not create risks that are reasonably likely to have a material adverse effect on the company. This analysis was performed and discussed by the compensation committee.

(4) The maximum amount of each named executive officer's 2015 LTRP bonus will depend on our stock price for the last 60-trading days of the applicable fiscal year. To the extent our stock price exceeds \$127.29 for one or more applicable periods, the amount of the executive's 2015 LTRP bonus will exceed 8.333% of the amount listed in the Target column above. To the extent our stock price is less than \$127.29 for one or more applicable periods, the amount of the executive's 2015 LTRP bonus will be less than 8.333% of the amount in the Target column above. The average closing price of our common stock on NASDAQ during the final 60 trading days of 2015 was \$111.02. Assuming the Applicable Year Stock Price equals \$127.29 as of each payment date, the total amount payable to each of the named executive officers under the 2015 LTRP would be as follows: \$5,946,400 to Mr. Galperin, \$1,500,000 to Mr. Rabinovich and \$1,120,000 to each of Messrs. Arnt, Tolda and Giménez.

We have entered into employment agreements and indemnification agreements with each of our named executive officers. For a detailed description, see Employment Agreements and Certain Relationships and Related Transactions Indemnification Agreements below.

Option Exercises and Stock Vested

No options were exercised by our named executive officers during the 2015 fiscal year and no shares of stock held by our named executive officers vested during the 2015 fiscal year.

Pension Benefits

We do not have any plan that provides for payments or other benefits at, following, or in connection with the retirement of any of our employees. However, as required by law in certain countries where we operate, we deduct a percentage of each employee's salary, including our executive officers, and remit it to governmental social security agencies or private pension fund administrators, depending on the regulatory regime established in each country.

Nonqualified Defined Contribution and Other Nonqualified Deferred Compensation Plans

We do not have any defined contribution or other plan that provides for the deferral of compensation on a basis that is not tax-qualified.

Employment Agreements

We have previously entered into employment agreements with each of our named executive officers. The term of each of these employment agreements is for an undetermined period.

Each executive officer that is party to an employment agreement is entitled to receive the base salary set forth in such executive officer's employment agreement, subject to the raises that we have provided to those executive officers throughout the terms of their employment. In addition to base salary, the executive officers may receive bonus compensation as we, in our sole discretion, elect to pay them in accordance with the bonus plan policy. The executive officers are also entitled to reimbursement for reasonable out-of-pocket expenses that they incur on our behalf in the performance of their duties as executive officers.

The employment agreements provide that, during an executive officer's employment and for so long afterwards as any pertinent information remains confidential, such executive officer will not use or disclose any confidential information that we use, develop or obtain. The agreements provide that all work product relating to our business belongs to us or our subsidiaries, and the executive officer will promptly disclose such work product to us and provide reasonable assistance in connection with the defense of such work product.

The agreements also provide that, during an executive officer's employment, and for a period of one year after the end of an executive officer's employment in the event of termination without just cause, and two years in the event of resignation or termination for just cause (the non-competition period), the executive officer will not (1) compete directly or indirectly with us, (2) induce our or our subsidiaries' employees to terminate their employment with us or to engage in any competitive business or (3) solicit or do business with any of our present, past or prospective customers or the customers of our subsidiaries.

Table of Contents**Potential Payments Upon Termination or Change in Control**

We may terminate an executive officer's employment in the event that we determine, in our sole discretion, that there is just cause (as defined below). If we terminate an executive officer's employment for just cause, such executive officer will not be entitled to receive any severance benefits, except for severance obligations mandated under the laws of the country where the executive officer resides. If we terminate the executive officer's employment without just cause, such executive officer shall be entitled to a severance payment in an amount equal to one year's gross base salary as set forth in the employment agreements.

Just cause means and includes (1) the commission by the executive officer of any gross misconduct or any offense serious enough for the relationship to become impossible to continue, including without limitation, the executive officer's willful and continuing disregard of the lawful written instructions of our board or such executive officer's superiors, (2) any action or any omission by the executive officer, resulting in such executive officer's breach of his duty of loyalty or any act of self-dealing, (3) any material breach by the executive officer of his duties and obligations under the employment agreement as decided by our board and (4) the executive officer's conviction, in our board of director's sole discretion, of any serious crime or offense for violating any law (including, without limitation, theft, fraud, paying directly or indirectly bribes or kick-backs to government officials, the crimes set forth in the U.S. Foreign Corrupt Practices Act of 1977 or the foreign equivalent thereof and the executive officer's embezzlement of funds of our company or any of our affiliates).

In September of 2001, we implemented the 2001 Management Incentive Bonus Plan (the Incentive Plan). As established in the Incentive Plan, our chief executive officer established which officers would be eligible for the Incentive Plan. Pursuant to the Incentive Plan, in the event we are sold, the eligible officers, as a group, are entitled to receive a sale bonus and a stay bonus. If the purchase price is equal to or greater than \$20,000,000 then the eligible officers as a group are entitled to receive (1) a sale bonus equal to 5.5% of the purchase price and (2) a stay bonus equal to 7.1% of the purchase price, subject in both cases to a maximum combined cap of \$78,335,000. If the purchase price is less than \$20,000,000, then the eligible officers, as a group, are entitled to receive the stay bonus only. The bonuses are divided between the eligible officers, including our named executive officers and others, according to the participation percentages established by our chief executive officer, in accordance with the Incentive Plan.

For additional information regarding potential payments under our LTRPs, see Elements of Compensation Long-Term Retention Plan 2015 Long-Term Retention Plan and Prior Long-Term Retention Plans

Prior Long-Term Retention Plans

Each of the 2009, 2010, 2011, 2012, 2013 and 2014 LTRPs provide that award payments may be made in cash, shares of our common stock or any combination of cash and shares of our common stock, as determined by the compensation committee. The Company has further decided that the participants have the right to request settlement in cash in case the compensation committee determines to make the award payment in shares of our common stock.

In addition, each of our 2009, 2010, 2011, 2012, 2013 and 2014 LTRPs provide that a participant who experiences a covered termination, which is defined as (i) a termination without cause and for a reason other than death or disability or (ii) a resignation with good reason, in each case on or after a change in control (each as defined in the respective LTRP), will vest in 100% of the award payments that remain to be paid. Each of these LTRPs provides that the compensation committee, in its discretion, may pay all or part of the amount that remains payable under an award which is not then otherwise due and payable upon the disability or death of the participant in accordance with such rules or procedures established by the compensation committee. Each of these LTRPs generally provides that good reason exists if (a) a participant's duties, functions or responsibilities are materially reduced, (b) a participant's base salary or bonus opportunity is materially reduced or (c) a participant is required to relocate his principal office to a location that is more than fifty (50) miles from his then current principal office, and such circumstances remain uncured by us for thirty days.

As discussed above, the compensation committee engaged Mercer in 2015 and in certain prior years to conduct a review of the terms of each of our LTRPs against customary market terms for these types of plans. In 2015, Mercer recommended that we amend each of the 2009, 2010, 2011, 2012, 2013 and 2014 LTRPs to modify the definition of the term Market Value (as defined in each LTRP) in an effort to distinguish between a Change in Control (as defined in each LTRP) in which our company is the surviving entity and those transactions in which it is not the surviving entity and include special payment rules in connection with the acceleration in vesting in the case of certain participants who experience a covered termination. The compensation committee and our board elected to approve the foregoing changes following their own review and a discussion of Mercer's recommendation.

2009 Long-Term Retention Plan

In July 2009, our compensation committee adopted the 2009 LTRP for executives to supplement salary and annual bonus for an eight-year period starting in 2010. As noted above, the 2009 LTRP was amended and restated in May 2013. The 2009 LTRP was designed to assist us in the retention of key employees that have valuable industry experience and developed competencies.

Table of Contents

Awards under the 2009 LTRP were based upon an eligible participant's satisfaction of the following minimum eligibility conditions:

our company must have achieved at least 80% of the target general company performance objectives in 2009;

the subject executive officer must have scored at least 80% on his individual qualitative assessments; and

the subject executive's total performance tally must have equaled at least 80%.

In addition, Mr. Giménez's bonus eligibility was dependent upon the MercadoPago business achieving at least 70% of target net revenues. Under the 2009 LTRP, general company performance objectives included net revenues minus bad debt for our company, our net income, and our free cash flow.

Each award under the 2009 LTRP is payable over an eight-year period and is payable (i) in the case of award payments made before a change in control, in cash, shares of our common stock or any combination of cash or shares of our common stock, as determined by the compensation committee in its sole discretion, and (ii) in the case of award payments made on or after a change in control, in the form of cash only. A participant in the 2009 LTRP that is employed as an eligible employee (as defined in the 2009 LTRP) on the date each portion of the award under the 2009 LTRP is to be paid to such participant shall be entitled to receive the applicable award payment on such date. Except with respect to a covered termination event on or after a change in control, participation in the 2009 LTRP will cease immediately upon a participant's retirement, resignation or termination of employment for any reason (with or without cause), or if determined by the compensation committee, upon the participant's death or disability.

In order to receive an award under the 2009 LTRP, an eligible participant must satisfy certain minimum company and individual performance conditions. If these conditions are satisfied, the executive officer will, subject to his continued employment as of each applicable payment date or a covered termination event occurring on or after a change in control, receive the full amount of his 2009 LTRP bonus, payable as follows:

the officer will receive a fixed payment equal to 6.25% of his or her 2009 LTRP bonus once a year for a period of eight years starting in 2010; and

on each date we pay the annual fixed payment to the officer, he or she will also receive a variable payment equal to the product of (i) 6.25% of the applicable 2009 LTRP bonus and (ii) the quotient of (a) divided by (b), where (a), the numerator, equals the Applicable Year Stock Price (defined below) and (b), the denominator, equals the 2008 Stock Price (as defined below). For purposes of the 2009 LTRP, the 2008 Stock Price equals \$13.81 (the average closing price of our common stock on NASDAQ during the final 60 trading days of 2008) and the Applicable Year Stock Price equals the average closing price of our common stock on NASDAQ during the final 60 trading days of the year preceding the applicable payment date.

The maximum amount of each executive officer's 2009 LTRP bonus will depend on our stock price for the last 60 trading days of the applicable fiscal year. Under the 2009 LTRP, in the event that, as of any payment date, our shares are not listed on a national stock exchange, the amount of the annual variable payment will be based upon the average

closing price of the shares during the 90-day period they were last traded on a national exchange, unless the compensation committee determines that a different value is more appropriate based upon the facts and circumstances.

2010 Long-Term Retention Plan

In June 2010, our compensation committee adopted the 2010 LTRP for executives to supplement salary and annual bonus for an eight-year period starting in 2011. As noted above, the 2010 LTRP was amended and restated in May 2013. The 2010 LTRP was designed to assist us in the retention of key employees that have valuable industry experience and developed competencies.

Awards under the 2010 LTRP were based upon an eligible participant's satisfaction of the following minimum eligibility conditions:

our company must have achieved at least 80% of the target general company performance objectives in 2010;

Table of Contents

the business unit must have achieved at least 70% of the functional performance objectives in 2010;

the subject executive officer must have scored at least 80% on his individual qualitative assessments; and

the subject executive's total performance tally must have equaled at least 80%.

In addition, in order for Mr. Giménez to be eligible to receive a 2010 LTRP bonus, the MercadoPago business must have achieved at least 70% of target net revenues.

Each award under the 2010 LTRP is payable over an eight-year period and is payable (i) in the case of award payments made before a change in control, in cash, shares of our common stock or any combination of cash or shares of our common stock, as determined by the compensation committee in its sole discretion, and (ii) in the case of award payments made on or after a change in control, in the form of cash only. A participant in the 2010 LTRP that is employed as an eligible employee (as defined in the 2010 LTRP) on the date each portion of the award under the 2010 LTRP is to be paid to such participant shall be entitled to receive the applicable award payment on such date. Except with respect to a covered termination event on or after a change in control, participation in the 2010 LTRP will cease immediately upon a participant's retirement, resignation or termination of employment for any reason (with or without cause), or if determined by the compensation committee, upon the participant's death or disability.

Under the 2010 LTRP, general company performance objectives included:

net revenues minus bad debt for our marketplace business, defined as our net revenues for 2010, determined in accordance with U.S. GAAP, less the portion of our bad debt for our marketplace business that was uncollectible and after adjustments for unusual items as determined by the compensation committee;

our net income, determined in accordance with GAAP and after adjustments for unusual items as determined by the compensation committee; and

our adjusted free cash flow, defined as the net increase in our cash and cash equivalents and short-term and long-term investments in 2010 over 2009 adjusted by (a) the difference between the MercadoPago accounts receivable balance at December 31, 2009 versus December 31, 2010 and (b) the difference between the MercadoPago accounts payable balance at December 31, 2009 versus December 31, 2010 and after adjustments for unusual items as determined by the compensation committee.

The 2010 LTRP will be paid in eight equal annual quotas commencing on March 31, 2011. Each quota will be calculated as follows:

the officer will receive a fixed payment equal to 6.25% of his or her 2010 LTRP bonus once a year for a period of eight years starting in 2011; and

on each date we pay the annual fixed payment to the officer, he or she will also receive a variable payment equal to the product of (i) 6.25% of the applicable 2010 LTRP bonus and (ii) the quotient of (a) divided by (b), where (a), the numerator, equals the Applicable Year Stock Price (defined below) and (b), the denominator, equals the 2009 Stock Price (as defined below). For purposes of the 2010 LTRP, the 2009 Stock Price equals \$45.75 (the average closing price of our common stock on NASDAQ during the final 60 trading days of 2009) and the Applicable Year Stock Price equals the average closing price of our common stock on NASDAQ during the final 60 trading days of the year preceding the applicable payment date.

The maximum amount of each executive officer's 2010 LTRP bonus will depend on our stock price for the last 60 trading days of the applicable fiscal year. Under the 2010 LTRP, in the event that, as of any payment date, our shares are not listed on a national stock exchange, the amount of the annual variable payment will be based upon the average closing price of the shares during the 90-day period they were last traded on a national exchange, unless the compensation committee determines that a different value is more appropriate based upon the facts and circumstances.

2012 Long-Term Retention Plan

On June 5, 2012, the board of directors finalized the 2012 LTRP. As noted above, the 2012 LTRP was amended and restated in May 2013. The 2012 LTRP was designed to assist us in the retention of key employees that have valuable industry experience and developed competencies. If these Minimum Eligibility Conditions are satisfied, the executive will, subject to his continued employment as of each applicable payment date or a covered termination event on or after a change in control, receive the target amount of his 2012 LTRP bonus.

Awards under the 2012 LTRP were based upon an eligible participant's satisfaction of the following minimum eligibility conditions:

our company must have achieved 50% of the weighted average planned growth in each of Overall Company Performance U.S. dollars, Overall Company Performance Constant Dollars, MercadoPago Performance Constant Dollars and Individual Performance, each term as defined under the 2012 LTRP, as applicable to the subject executive officer. For example, Messrs. Galperin, Arnt, Tolda and Rabinovich must achieve 50% of the weighted average planned growth for both the Overall Company Performance U.S. dollars category and the Overall Company Performance Constant Dollars category, while Mr. Giménez must achieve 50% of the weighted average planned growth for both the Overall Company Performance U.S. dollars category and the MercadoPago Performance Constant Dollars category; and

For purposes of the 2010 LTRP, the 2011 Stock Price equals \$77.77 (the average closing price of our common stock on NASDAQ during the final 60 trading days of 2011) and the Applicable Year Stock Price equals the average closing price of our common stock on NASDAQ during the final 60 trading days of the year preceding the applicable payment date.

The maximum amount of each executive officer's 2012 LTRP bonus will depend on our stock price for the last 60 trading days of the applicable fiscal year. Under the 2012 LTRP, in the event that, as of any payment date, our shares are not listed on a national stock exchange, the amount of the annual variable payment will be based upon the average closing price of the shares during the 90-day period they were last traded on a national exchange, unless the compensation committee determines that a different value is more appropriate based upon the facts and circumstances.

2013 Long-Term Retention Plan

On September 27, 2013, the board of directors finalized the 2013 LTRP. The 2013 LTRP was designed to assist us in the retention of key employees that have valuable industry experience and developed competencies. The award under the 2013 LTRP will be fully payable in cash, shares of our common stock or any combination thereof, in addition to the annual salary and annual bonus of each employee. In order to receive an award under the 2013 LTRP, the executive must satisfy the Minimum Eligibility Conditions applicable to determine eligibility for annual cash bonuses. If these Minimum Eligibility Conditions are satisfied, the executive will, subject to his continued employment as of each applicable payment date or a covered termination event on or after a change in control, receive the target amount of his 2013 LTRP bonus.

Awards under the 2013 LTRP were based upon an eligible participant's satisfaction of the following minimum eligibility conditions:

our company must have achieved 50% of the weighted average planned growth in each of Overall Company Performance U.S. dollars, Overall Company Performance Constant Dollars, MercadoPago Performance Constant Dollars and Individual Performance, each term as defined under the 2013 LTRP, as applicable to the subject executive officer. For example, Messrs. Galperin, Arnt, Tolda and Rabinovich must achieve 50% of the weighted average planned growth for both the Overall Company Performance U.S. dollars category and the Overall Company Performance Constant Dollars category, while Mr. Giménez must achieve 50% of the weighted average planned growth for both the Overall Company Performance U.S. dollars category and the MercadoPago Performance Constant Dollars category;

each named executive officer (other than Mr. Galperin) must have achieved a minimum standard of meets expectations in his qualitative assessment of individual performance.

Each award under the 2013 LTRP is payable 100% in cash, shares of our common stock or any combination of cash over a six-year period and shares as determined by the compensation committee from time to time in its sole discretion. Under the 2013 LTRP, a participant who experiences a covered termination, which is defined as (i) a termination without cause and for a reason other than death or disability or (ii) a resignation with good reason, on or after a change in control (each as defined in the 2013 LTRP) will vest in 100% of the award payments that remain to be paid. The 2013 LTRP also provides that the compensation committee, in its discretion, may pay all or part of the amount that remains payable under an award which is not then otherwise due and payable upon the disability or death of the participant in accordance with such rules or procedures established by the compensation committee. The 2013 LTRP generally provides that good reason exists if (a) a participant's duties, functions or responsibilities are materially reduced, (b) a participant's base salary or bonus opportunity is materially reduced or (c) a participant is required to relocate his principal office to a location that is more than fifty (50) miles from his then current principal office, and such circumstances remain uncured by us for thirty days.

The 2013 LTRP will be paid in six equal annual quotas commencing on March 31, 2014. Each quota will be calculated as follows:

the officer will receive a fixed payment equal to 8.33% of his or her 2013 LTRP bonus once a year for a period of eight years starting in 2014; and

on each date we pay the annual fixed payment to the officer, he or she will also receive a variable payment equal to the product of (i) 8.33% of the applicable 2013 LTRP bonus and (ii) the quotient of (a) divided by (b), where (a), the numerator, equals the Applicable Year Stock Price (defined below) and (b), the denominator, equals the 2012 Stock Price (as defined below). For purposes of the 2010 LTRP, the 2012 Stock Price equals \$79.57 (the average closing

price of our common stock on NASDAQ during the final 60 trading days of 2011) and the Applicable Year Stock Price equals the average closing price of our common stock on NASDAQ during the final 60 trading days of the year preceding the applicable payment date.

The maximum amount of each executive officer's 2013 LTRP bonus will depend on our stock price for the last 60 trading days of the applicable fiscal year. Under the 2013 LTRP, in the event that, as of any payment date, our shares are not listed on a national stock exchange, the amount of the annual variable payment will be based upon the average closing price of the shares during the 90-day period they were last traded on a national exchange, unless the compensation committee determines that a different value is more appropriate based upon the facts and circumstances.

2014 Long-Term Retention Plan

On March 31, 2014, the board of directors adopted the 2014 LTRP. The 2014 LTRP is designed to assist us in the retention of key employees that have valuable industry experience and developed competencies. The award under the 2014 LTRP will be fully payable in cash, shares of our common stock or any combination thereof, in addition to the annual salary and annual bonus of each employee. In order to receive an award under the 2014 LTRP, the executive must satisfy the Minimum Eligibility Conditions applicable to determine eligibility for annual cash bonuses. If these Minimum Eligibility Conditions are satisfied, the executive will, subject to his continued employment as of each applicable payment date, receive the target amount of his 2014 LTRP bonus.

The 2014 LTRP is substantially similar to the 2013 LTRP. Awards under the 2013 LTRP were based upon an eligible participant's satisfaction of the following minimum eligibility conditions:

our company must have achieved 50% of the weighted average planned growth in each of Overall Company Performance U.S. dollars, Overall Company Performance Constant Dollars, MercadoPago Performance Constant Dollars and Individual Performance, each term as defined under the 2014 LTRP, as applicable to the subject executive officer. For example, Messrs. Galperin, Arnt, Tolda and Rabinovich must achieve 50% of the weighted average planned growth for both the Overall Company Performance U.S. dollars category and the Overall Company Performance Constant Dollars category, while Mr. Giménez must achieve 50% of the weighted average planned growth for both the Overall Company Performance U.S. dollars category and the MercadoPago Performance Constant Dollars category; and

each named executive officer (other than Mr. Galperin) must have achieved a minimum standard of meets expectations in his qualitative assessment of individual performance.

Each award under the 2014 LTRP is payable 100% in cash, shares of our common stock or any combination of cash and shares as determined by the compensation committee from time to time in its sole discretion. Under each of the 2013 LTRP and the 2014 LTRP, a participant who experiences a covered termination, which is defined as (i) a termination without cause and for a reason other than death or disability or (ii) a resignation with good reason, on or after a change in control (each as defined in the 2014 LTRP, as applicable) will vest in 100% of the award payments that remain to be paid. Each of the 2013 LTRP and the 2014 LTRP also provides that the compensation committee, in its discretion, may pay all or part of the amount that remains payable under an award which is not then otherwise due and payable upon the disability or death of the participant in accordance with such rules or procedures established by the compensation committee. Each of the 2013 LTRP and the 2014 LTRP generally provides that good reason exists if (a) a participant's duties, functions or responsibilities are materially reduced, (b) a participant's base salary or bonus opportunity is materially reduced or (c) a participant is required to relocate his principal office to a location that is more than fifty (50) miles from his then current principal office, and such circumstances remain uncured by us for

thirty days.

The 2014 LTRP will be paid in six equal annual quotas commencing on March 31, 2015. Each quota will be calculated as follows:

the officer will receive a fixed payment equal to 8.33% of his or her 2014 LTRP bonus once a year for a period of eight years starting in 2014; and

on each date we pay the annual fixed payment to the officer, he or she will also receive a variable payment equal to the product of (i) 8.33% of the applicable 2014 LTRP bonus and (ii) the quotient of (a) divided by (b), where (a), the

numerator, equals the Applicable Year Stock Price (defined below) and (b), the denominator, equals the 2013 Stock Price (as defined below). For purposes of the 2010 LTRP, the 2013 Stock Price equals \$118.48 (the average closing price of our common stock on NASDAQ during the final 60 trading days of 2013) and the Applicable Year Stock Price equals the average closing price of our common stock on NASDAQ during the final 60 trading days of the year preceding the applicable payment date.

The maximum amount of each executive officer's 2014 LTRP bonus will depend on our stock price for the last 60 trading days of the applicable fiscal year. Under the 2014 LTRP, in the event that, as of any payment date, our shares are not listed on a national stock exchange, the amount of the annual variable payment will be based upon the average closing price of the shares during the 90-day period they were last traded on a national exchange, unless the compensation committee determines that a different value is more appropriate based upon the facts and circumstances.

PROPOSAL TWO:

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Section 14A of the Exchange Act added by the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Financial Reform Act) provides our stockholders with an advisory vote to approve our executive compensation. This advisory vote gives our stockholders the opportunity to express their views on the compensation of our named executive officers. Although this vote is advisory and is not binding, the board of directors and the compensation committee plan to take into consideration the outcome of the vote when making future executive compensation decisions. At our 2011 Annual Meeting of Stockholders, a majority of stockholders voted in favor of having an advisory vote to approve our executive compensation each year, consistent with the recommendation of our board. After consideration of these results and our board's recommendation, we elected to hold future advisory votes on executive compensation each year until the next advisory vote on frequency occurs. We are required under the Financial Reform Act to hold an advisory vote on frequency at least every six years.

As described in detail under Executive Compensation, our compensation program is designed to align the interests of management with those of our stockholders, apply a pay-for-performance philosophy and attract and retain top management talent. Our board believes that our current executive compensation program directly links executive compensation to our performance and properly aligns the interests of our executive officers with those of our stockholders. For example:

By design, a significant portion of the compensation awarded under our 2015 executive compensation program is contingent upon company performance, in the case of our president and chief executive officer, and both individual and company performance, in the case of our other named executive officers. In 2015, subject to satisfaction of Minimum Eligibility Conditions (as defined above), the total amount of Mr. Galperin's annual bonus was based on pre-determined company performance criteria. For each of our other named executive officers, subject to satisfaction of the Minimum Eligibility Conditions, the cash award was partially based on pre-determined company performance criteria and partially based on qualitative assessment of individual performance.

Base salary represents a relatively small percentage of total direct compensation for our named executive officers. In 2015, the compensation committee applied our pay-for-performance philosophy in setting base salaries for our chief executive officer, chief financial officer and chief operating officer that represented between approximately 9,9% and 19,9% of their respective total direct compensation.

The awards granted to our named executive officers under our long-term retention plans are paid out over a period of eight years, in the case of each of the 2009 LTRP, 2010 LTRP, 2011 LTRP and 2012 LTRP, and six years, in the case of the 2013 LTRP, 2014 LTRP and 2015 LTRP, and subject to forfeiture under certain conditions.

See the information set forth under Executive Compensation for more information on these elements of our executive compensation program.

For these reasons, our board strongly endorses our company's executive compensation program and recommends that stockholders vote in favor of the following resolution:

RESOLVED, that the company's stockholders approve, on an advisory basis, the compensation of the company's named executive officers, as disclosed under the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, compensation tables and narrative discussion contained in this proxy statement.

THE BOARD RECOMMENDS A VOTE FOR THE APPROVAL OF OUR EXECUTIVE COMPENSATION

Table of Contents**PROPOSAL THREE:****RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Our audit committee has appointed Deloitte & Co. S.A. (Deloitte) to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2016, and stockholders are being asked to ratify the selection at the 2016 Annual Meeting. Representatives of Deloitte will not be present at the 2016 Annual Meeting in person. However, representatives will be present telephonically and will have the opportunity to make a statement and respond to appropriate questions.

Although ratification by stockholders is not a prerequisite to the ability of the audit committee to select Deloitte as our independent registered public accounting firm, we believe ratification to be desirable. Accordingly, our stockholders are being requested to ratify, confirm and approve the selection of Deloitte as our independent registered public accounting firm to conduct the annual audit of our consolidated financial statements for the year ending December 31, 2016. If the stockholders do not ratify the selection of Deloitte, the selection of the independent registered public accounting firm will be reconsidered by the audit committee; however, the audit committee may select Deloitte notwithstanding the failure of the stockholders to ratify its selection. If the appointment of Deloitte is ratified, the audit committee will continue to conduct an ongoing review of Deloitte's scope of engagement, pricing and work quality, among other factors, and will retain the right to replace Deloitte at any time.

The audit committee considers Deloitte to be qualified to deliver independent auditing services to our company due to, among other things, their depth of experience, breadth of reserves, commitment to provide exceptional service, ability to handle transactional matters and location of key personnel.

Deloitte has served as our independent registered public accounting firm since 2010.

Audit and Non-Audit Fees

The following is a description of the fees billed to us by Deloitte for the years ended December 31, 2015 and 2014:

	2015	2014
Audit Fees	\$ 1,202,369	\$ 992,642
Audit-Related Fees	\$ 79,800	\$ 224,871
Tax Fees	\$ 83,192	\$ 57,168
All Other Fees		
Total	\$ 1,365,361	\$ 1,274,681

Audit Fees

Audit fees represent the aggregate fees billed to us by Deloitte during the applicable fiscal year in connection with the annual audit of our consolidated financial statements, the audit of our internal control over financial reporting, the review of our interim financial statements and the review of our Annual Report on Form 10-K. Audit fees also include fees for services performed by Deloitte during the applicable fiscal year that are closely related to the audit and in many cases could only be provided by our independent registered public accounting firm. Such services include consents related to SEC registration statements and certain reports relating to our regulatory filings.

Audit-Related Fees

Audit-related fees represent the aggregate fees billed to us by Deloitte during the applicable fiscal year for assurance and related services reasonably related to the performance of the audit of our annual financial statements for those years.

Tax Fees

Tax fees represent the aggregate fees billed to us by Deloitte during 2015 and 2014 for tax compliance, tax planning and tax advice.

Table of Contents

All Other Fees

All other fees represent the aggregate fees billed to us by Deloitte for those permissible non-audit services that the audit committee believes are routine and recurring and would not impair the independence of the independent registered public accounting firm and are consistent with the SEC's rules on auditor independence.

Audit Committee Pre-Approval Policy

The audit committee's policy is that all audit and non-audit services provided by its independent registered public accounting firm shall either be approved before the independent registered public accounting firm is engaged for the particular services or shall be rendered pursuant to pre-approval procedures established by the audit committee. These services may include audit services and permissible audit-related services, tax services and other services. Pre-approval spending limits for all services to be performed by the independent registered public accounting firm are established periodically by the audit committee, detailed as to the particular service or category of services to be performed and implemented by our financial officers. The term of any pre-approval is twelve months from the date of pre-approval, unless the audit committee specifically provides for a different period. Any audit or non-audit service fees that we may incur that fall outside the limits pre-approved by the audit committee for a particular service or category of services require separate and specific pre-approval by the audit committee prior to the performance of services. For each fiscal year, the audit committee may determine the appropriate ratio between the total amount of fees for audit, audit-related and tax and other services. The audit committee may revise the list of pre-approved services from time to time. In all pre-approval instances, the audit committee will consider whether such services are consistent with the SEC rules on auditor independence.

All of the fees paid to Deloitte during the years ended December 31, 2015 and 2014 described above were pre-approved by the audit committee in accordance with the audit committee pre-approval policy and before Deloitte was engaged for the particular service.

Our bylaws also establish an advance notice procedure for stockholders who wish to present a proposal before an annual meeting of stockholders or nominate persons for election to our board at our annual meeting but do not intend for the proposal to be included in our proxy statement. Our bylaws provide that the only business that may be conducted at an annual meeting is business that is (1) specified in the notice of a meeting (or any supplement thereto) given by or at the direction of the chairman of the board or our board of directors, (2) otherwise properly brought before the meeting by the chairperson or by or at the direction of a majority of our board of directors, or (3) properly brought before the meeting by a stockholder entitled to vote at the annual meeting who has delivered timely written notice to our Corporate Secretary, which notice must contain the information specified in our bylaws.

To be timely, our Corporate Secretary must receive the written notice at our principal executive offices not earlier than 90 days and not later than 60 days before the anniversary of the date on which we first mailed our proxy materials for the prior year's annual meeting of stockholders (i.e. between January 27, 2017 and February 26, 2017 for our 2017 Annual Meeting of Stockholders). However, in the event that the date of the 2017 Annual Meeting of Stockholders is advanced or delayed by more than 30 days from the first anniversary of the date of the 2016 Annual Meeting, in order to be timely, a proposal or nomination by the stockholder must be delivered not later than the later of (i) 90 days before the 2017 Annual Meeting of Stockholders or (ii) 10 days following the day on which public announcement of the date of such meeting is first made. The notice must satisfy the other requirements with respect to such proposals and nominations contained in our bylaws. If a stockholder fails to meet the deadlines in Rule 14a-8 and our bylaws or fails to comply with SEC Rule 14a-4, we may exercise discretionary voting authority under proxies we solicit to vote on any such proposal. Our bylaws were filed with the SEC as an exhibit to our registration statement on Form S-1 on May 11, 2007, which can be viewed by visiting our investor relations website at <http://investor.mercadolibre.com> and may also be obtained by writing to our Corporate Secretary at our principal executive office (Arias 3751, 7th floor, Buenos Aires, Argentina, C1430CRG).
