COMMITTEES OF THE BOARD OF DIRECTORS

AUDIT COMMITTEE

As of the date of this Proxy Statement, Messrs. Viard and Horton have been appointed as members to our Audit Committee. The two members are "independent" within the meaning of Rule 10A-3 under the Exchange Act and are in addition financial experts. The Audit Committee operates under a written charter adopted by the Board of Directors on November 20, 2004. The Board of Directors pursuant to a special meeting held on December 18, 2008 adopted an amended audit committee charter and responsibilities.

The Audit Committee's primary function is to provide advice with respect to our financial matters and to assist the Board of Directors in fulfilling its oversight responsibilities regarding finance, accounting, and legal compliance. The Audit Committee's primary duties and responsibilities will be to: (i) serve as an independent and objective party to monitor our financial reporting process and internal control system; (ii) review and appraise the audit efforts of our independent accountants; (iii) evaluate our quarterly financial performance as well as our compliance with laws and regulations; (iv) oversee management's establishment and enforcement of financial policies and business practices; and (v) provide an open avenue of communication among the independent accountants, management and the Board of Directors.

COMPENSATION COMMITTEE

As of the date of this Proxy Statement, Messrs. Viard and Horton have been appointed as members to our Compensation Committee. The Compensation Committee operates under a written charter adopted by the Board of Directors pursuant to a special meeting held on December 18, 2008.

OVERVIEW OF COMPENSATION PROCESS

The Compensation Committee of our Board of Directors is responsible for setting the compensation of our executive officers, overseeing the Board's evaluation of the performance of our executive officers and administering our equity-based incentive plans, 401(k) plan and deferred compensation plan, among other things.

-6-

The Compensation Committee undertakes these responsibilities pursuant to a written charter adopted by the Compensation Committee and the Board of Directors, which will be reviewed at least annually by the Compensation Committee. The charter may be viewed in full on our website, www.morgancreekcorp.com under the "Corporate Governance" tab on the Investor Relations page.

The Compensation Committee is composed solely of "non-employee directors" as defined in Rule 16b-3 of the rules promulgated under the Exchange Act, "outside directors" for purposes of regulations promulgated pursuant to Section 162(m) of the Internal Revenue Code ("IRC"), and "independent directors" as defined in Section 303A of the New York Stock Exchange ("NYSE") corporate governance listing standards, in each case as determined by the Board of Directors. Our

Edgar Filing: MORGAN CREEK ENERGY CORP - Form DEF 14A

Board of Directors recommends Compensation Committee membership based on such knowledge, experience and skills that it deems appropriate in order to adequately perform the responsibilities of the Compensation Committee. Messrs. Horton and Viard serve as members of the Compensation Committee.

The Compensation Committee annually reviews executive compensation and our compensation policies to ensure that the Chief Executive Officer and the other executive officers are rewarded appropriately for their contributions to us and that the overall compensation strategy supports the objectives and values of our organization, as well as stockholder interests. The Compensation Committee will conduct this review and compensation determination through a comprehensive process involving a series of meetings typically occurring in the first quarter of each year.

COMPENSATION PHILOSOPHY

The fundamental objective of our executive compensation policies is to attract, retain and motivate executive leadership for us that will execute our business strategy, uphold our values and deliver results and long-term value to our stockholders. Accordingly, the Compensation Committee seeks to develop compensation strategies and programs that will attract, retain and motivate highly qualified and high-performing executives through compensation that is:

(i) PERFORMANCE BASED: a significant component of compensation should be determined based on whether or not we meet certain performance criteria that in the view of our Board of Directors are indicative of our success;

(ii) STOCKHOLDER BASED: equity incentives should be used to align the interests of our executive officers with those of our stockholders;

(iii) FAIR: compensation should take into account compensation among similarly situated companies, our success relative to peer companies and our overall pay scale.

It is the Compensation Committee's goal to have a substantial portion of each executive officer's compensation contingent upon our performance, as well as upon his or her individual performance. The Compensation Committee's compensation philosophy for an executive officer emphasizes an overall analysis of the executive's performance for the year, projected role and responsibilities, required impact on execution of our strategy, external pay practices, total cash and total direct compensation positioning, and other factors the Compensation Committee deems appropriate. The Compensation Committee's philosophy also considers employee retention, vulnerability to recruitment by other companies and the difficulty and costs associated with replacing executive talent. Based on these objectives, compensation programs for similarly situated companies and the philosophies of the Compensation Committee, the Compensation Committee has determined that we should provide our executive officers compensation packages composed of the following elements: (i) base salary, which reflects individual performance and is designed primarily to be competitive with salary levels at comparably sized companies; and (ii) long-term stock-based incentive awards which strengthen the mutuality of interests between executive officers and our stockholders.

-7-

COMPLIANCE WITH SECTION 16(A) OF THE EXCHANGE ACT

Section 16(a) of the Exchange Act requires our directors and officers, and the persons who beneficially own more than ten percent of our common stock, to file

(1) Under Rule 13d-3, a beneficial owner of a security includes any person who,

directly or indirectly, through any contract, arrangement, understanding, relationship, or otherwise has or shares: (i) voting power, which includes the power to vote, or to direct the voting of shares; and (ii) investment power, which includes the power to dispose or direct the disposition of shares. Certain shares may be deemed to be beneficially owned by more than one person (if, for example, persons share the power to vote or the power to dispose of the shares). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares (for example, upon exercise of an option) within 60 days of the date as of which the information is provided. In computing the percentage ownership of any person, the amount of shares outstanding is deemed to include the amount of shares beneficially owned by such person (and only such person) by reason of these acquisition rights. As a result, the percentage of outstanding shares of any person as shown in this table does not necessarily reflect the person's actual ownership or voting power with respect to the number of shares of common stock actually outstanding as of the date of this Proxy Statement. As of the date of this Proxy Statement, there are 34,032,392 shares issued and outstanding. Beneficial ownership amounts reflect the Reverse Stock Split.

MATTERS TO BE ACTED UPON AT THE MEETING

PROPOSAL 1. ELECTION OF DIRECTORS

Our Bylaws provide authorization to the Board of Directors of the Company to fix from time to time by resolution that number of directors of the Company. Directors hold office until their respective successors are elected and qualified or until their earlier death, resignation or removal. The Board of Directors intends to appoint the following nominees for director. It is intended that the proxies solicited hereby will be voted "for" election of the following nominees unless otherwise specified: (i) Peter Wilson; (ii) D. Bruce Horton; (iii) John C. Weldy Jr.; (iv) Angelo Viard; and (v) Peter Carpenter. Messrs. Wilson, Horton, Weldy, Viard and Carpenter are all currently members of the Board of Directors. For a description of their respective background and experience, including their respective principal occupations during the past five years and the name and principal business in which such occupations were carried on, and the nominating process, please refer to Directors and Executive Officers; Corporate Governance.

PROPOSAL 2. APPROVAL OF AMENDMENT TO ARTICLES OF INCORPORATION TO INCREASE OUR AUTHORIZED CAPITAL FROM 66,666,666 TO 400,000,000 SHARES OF \$0.001 PAR VALUE COMMON STOCK.

Our Board of Directors approved an amendment to our Articles of Incorporation to increase our authorized capital from 66,666,666 shares of common stock to 400,000,000 shares of common stock. The full text of the Amendment to the Articles of Incorporation is attached to this Proxy Statement as Exhibit A.

-14-

REASONS FOR PROPOSAL

Our Board of Directors believes that the amendment is in the best interests of our stockholders and us. We believe that the increase is necessary so that we will have a sufficient number of authorized shares to meet our obligations to issue additional shares and for future contingencies. The increase in authorized capital may also be necessary in order to have sufficient shares to issue upon conversion of notes, exercise of warrants and options.

Edgar Filing: MORGAN CREEK ENERGY CORP - Form DEF 14A

As of the date of this Proxy Statement, we do not have any specific plans to issue common stock other than to issue common stock in accordance with private placement offerings for financing purposes and upon the conversion of notes, the exercise of warrants and/or stock awards under our 2008 Stock Option Plan.

On December 8, 2009, our Board of Directors authorized the private placement offering of up to 4,000,000 units at a per unit price of \$0.50 (the "Units") for aggregate proceeds of \$2,000,000, with each Unit consisting of one share of our restricted common stock and one-half of one non-transferrable warrant exercisable at \$1.00 for a period of one year (the "Warrant"). As of the date of this Proxy Statement, we have received an aggregate of approximately \$1,000,000 in subscriptions. Proceeds from the offering will be used for general working capital purposes and expenses associated with the drilling of one or more of our wells on the North Fork 3-D property.

INTEREST OF MANAGEMENT IN THE AMENDMENT TO THE ARTICLES OF INCORPORATION

Management does not have a direct or indirect material interest in the proposed Amendment to the Articles of Incorporation.

PROPOSED CHANGES IN AUTHORIZED CAPITAL

Under the Amendment to the Articles of Incorporation, our authorized capital stock will be 400,000,000 shares of common stock, with a par value of \$0.001. Our authorized capital currently consists of 66,666,666 shares of common stock.

Shares of common stock may be issued from time to time as the Board of Directors may determine. Holders of common stock will be entitled to receive such dividends as may be declared by the Board of Directors out of funds legally available therefor after any applicable requirements with respect to preferential dividends have been met. In the event of liquidation, holders of common stock will be entitled to a proportionate share in any distribution of our assets after the payment of liabilities and after distribution in full of preferential amounts, if any. Holders of common stock will not have preemptive rights. Each share of common stock will be entitled to one vote, and cumulative voting will not be permitted in the election of directors.

A quorum for the transaction of business at any meeting of the stockholders will be a majority of the shares entitled to vote. The affirmative vote of the holders of at least a majority of the shares voted at a meeting of the stockholders at which a quorum is present will constitute stockholder approval of matters to be acted upon by the stockholders. However, in the case of a sale or other transfer of substantially all our assets, liquidation, merger, consolidation, reorganization, or similar type of extraordinary corporate transaction with a beneficial owner of 10% or more of such shares, the affirmative vote of two-thirds of the shares entitled to vote thereon will constitute approval unless such transaction is with an affiliate or subsidiary, or the transaction is approved by the affirmative vote of a majority of our continuing directors. Continuing directors will be those directors who were our directors prior to the beneficial owner of 10% or more becoming a beneficial owner or affiliate, or who are designated continuing directors prior to or at their first election as directors.

Stockholders may act by written consent of a majority of the shares entitled to vote, subject to any greater voting requirements as set forth above.

OTHER MATTERS

Our Board of Directors knows of no other matters to be acted upon at the meeting. However, if other matters should come before the Special Meeting, it is the intention of the proxies to vote each proxy in their discretion on such

matters.
