Item 8.01 Other Information

Late Filing and Company Restructuring

The Form 10-K for the period ending March 31, 2011 was due on June 29, 2011; the Form 10-Q for the period ended June 30, 2011 was due on August 15, 2011 and the Form 10-Q for the period ended September 30, 2011 was due on December 14, 2011. Due to difficulties in receiving complete and critical information from the prior Directors and Officers who resigned on April 15, 2011, the Form 10-K for the fiscal year ended March 31, 2011 and the Form 10-Q for the periods identified above were not completed as of the original filing deadline. The Form 10-Q for the period ended December 31, 2011 is due on or before February 14, 2012.

The Company is in the process of restructuring its organization as well as its operations. A Definitive Schedule 14C was filed on January 9, 2012 regarding the 500-1 reverse stock split approved by the majority shareholders. The Company is currently working with the regulatory authorities to process this request for a reverse split. The impact of this restructuring will assist the Company in its efforts to reestablish its operations and to move forward as a going concern in 2012.

As part of the restructuring efforts, the Company is working on the preparation and filing of the late reports identified above. Despite the difficulty in obtaining all information attributed to the prior management that resigned on April 15, 2011, the Company has gathered material information needed to prepare all of the required reports. As part of the restructuring process, the Company will do its best efforts to file all late reports, as identified above, on or before February 14, 2012, the due date of the Form 10-Q for the 3rd quarter of the fiscal year ended March 31, 2012. The Company intends on filing the Form 10-Q for the period ended December 31, 2011 on a timely basis.

Due to the late filing of the Form 10-K for the period ended March 31, 2011; Form 10-Q for the period ended June 30, 2011 and the Form 10-Q for the period ended September 30, 2011, the Company status on the OTC.BB may be delisted and changed to another trading venue. Such a change may impact the ability for shareholders to trade Company shares. When the late reports are filed, the Company will pursue all avenues needed to retain or reinstate (as applicable) its listing on the OTC.BB.

During the restructuring period and the period where late filed reports are outstanding, there have been no sales or purchases of Company stock by directors or officers of the Company.
