Schedule of Assets Held for Investment Purposes at End of Year

Form 5500 Schedule H line 4j:
Schedule of Reportable (5%) Transactions

Signature

Index to Exhibit

* Other schedules required by section 2520.103-10 of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA have been omitted as they are not applicable.

Report of Independent Accountants

To the Participants and Administrator of
the ESI 401(k) Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the ESI 401(k) Plan (the "Plan") at December 31, 2000 and December 31, 1999, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets held for investment purposes at December 31, 2000 and reportable (5%) transactions for the year ended December 31, 2000 are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

ESI 401(k) Plan Notes to Financial Statements

1. Summary of Plan Provisions

The following description of the ESI 401(k) Plan (the Plan) provides only general information. Participants should refer to the Summary Plan Description and the Plan document for more complete descriptions of the Plan's provisions.

General

The Plan is a defined contribution plan covering all salaried employees of ITT Educational Services, Inc. (ESI) (or an affiliate of ESI that adopts the Plan) who have completed one year of service. It is subject to Section 401(a) of the Internal Revenue Code (the IRC) and the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The ESI Employee Benefit Plan Administration and Investment Committee (the Committee) is the plan administrator of the Plan for purposes of ERISA. J.P. Morgan/American Century Retirement Plan Services provides administrative services under a written agreement with the Committee. UMB Bank, N.A. is a trustee of the trust for the Plan.

The Plan became effective in May 1998, and the first transfer and contribution to the Plan were made in June 1998. Prior to June 1998, ESI employees participated in The ITT 401(k) Retirement Savings Plan (the ITT Plan) of ITT Corporation, ESI's former parent corporation. During 1998 and 1999, the portion of the ITT Plan assets attributable to ESI employees was transferred to the ESI employees' Plan accounts, which is reflected in the statement of changes in net assets available for plan benefits as Transfer in from ITT Plan.

Contributions

Each year, a participant may contribute up to 16% of pretax annual base compensation, as defined in the Plan. ESI makes a matching contribution equal to 50% of the first 5% of base compensation that a participant contributes to the Plan during each payroll processing period. In addition, ESI makes a retirement contribution of 1% of a participant's base compensation for each payroll processing period. ESI contributions are made or invested in ESI common stock. Participant contributions are invested among a number of available investment funds as directed by each participant. At age 55, participants may choose to re-allocate existing ESI contribution accounts and allocate all future ESI contributions among all available investment funds. Contributions are subject to certain limitations.

Participant Plan Accounts

Each participant's Plan account is credited with the participant's contributions, the ESI matching and retirement contributions and an allocation of Plan earnings derived from the participant's investment options, and is charged with an allocation of administrative expenses. Earnings and administrative expenses are allocated among the funds based on account balances. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of participant's Plan account. Forfeitures from terminated participants' non-vested accounts are used to reduce future ESI contributions. Total forfeitures for participants' non-vested accounts were \$86,420 and \$39,693 for 2000 and 1999, respectively.

Vesting

Participants are 100% vested in their contributions and ESI retirement contributions, plus any actual earnings on those contributions. Vesting in the ESI matching contributions and the earnings on those contributions is based on the participant's years of continuous service with ESI in accordance with the following table:

Edgar Filing: ITT EDUCATIONAL SERVICES INC - Form 11-K

Years of Service	Vested Percent
Less than 1	0%
At least 1, but less than 2	20%
At least 2, but less than 3	40%
At least 3, but less than 4	60%
At least 4, but less than 5	80%
At least 5	100%

Loans

A participant may borrow from his or her Plan account, while employed by ESI, up to the lesser of \$50,000 or 50% of the vested portion of the Plan account balance. Loan terms cannot exceed five years, unless the loan is to be used in conjunction with the purchase of a participant's primary residence. The loans are secured by the amounts transferred to the Loan Fund (as defined in the Plan) from the participant's Plan account and bear interest at a rate determined by the Committee. Loan principal and interest are paid ratably by payroll deductions, or as otherwise agreed to by the participant and the Committee.

Investment Options

The Plan trustee has established and maintains 12 separate investment funds into which participants may direct their contributions. Those 12 separate funds are as follows:

American Century Ultra Fund Invests in a diversified portfolio of medium- and large-size companies that fund management considers to have above-average potential for appreciation.

American Century Real Estate Fund Invests primarily in securities issued by real estate investment trusts with potential for long-term capital appreciation.

American Century Value Fund Invests in equity securities of well-established companies that fund management believes to be undervalued at the time of purchase.

American Century International Growth Fund Invests in a diversified range of foreign companies with above-average potential for appreciation.

American Century Strategic Allocation Fund: Conservative Invests in equity securities and some bond and money market securities with the objective of moderate long-term growth.

American Century Strategic Allocation Fund: Moderate Invests in equity securities and maintains a sizable stake in bonds and money market securities to provide long-term growth and some regular income.

American Century Strategic Allocation Fund: Aggressive Invests in equity securities and some bonds and money market securities to provide long-term growth and a small amount of income.

American Century Income & Growth Fund Invests in stocks of companies with strong dividend growth potential and large U.S. companies whose stocks appear under valued.

JPM Pierpont U.S. Small Company Fund Invests in equity securities of small companies considered to be likely to provide a high total return.

JPM Pierpont Bond Fund Invests in a diversified portfolio of fixed income securities, including, but not limited to, U.S. government and agency securities, corporate securities, private placements and asset-backed mortgage-related securities.

SEI Trust Stable Asset Fund Invests exclusively in a diversified pool of high-quality fixed income securities.

ESI Stock Fund Invests in shares of ESI common stock.

Fund Transfers

Edgar Filing: ITT EDUCATIONAL SERVICES INC - Form 11-K

Transfers between funds result from participants redirecting their contributions between the funds listed above.

Distributions

A participant is eligible to receive a distribution from the Plan upon the participant's termination of service, death, disability, retirement or demonstration of financial hardship. Payments are normally made in the form of a single lump sum. If the value of the participant's vested Plan account balance exceeds \$5,000, however, the participant may elect instead to receive payment in one of the following forms: (a) annual installments; (b) monthly installments; or (c) a nonforfeitable annuity, which will be purchased from an insurance company by the Plan on the participant's behalf.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investments and Investment Income

Investments, which are exposed to various risks, such as interest rate, market and credit risks, are stated at fair value as determined by the Plan trustee at the quoted market value or unit values based upon quoted market values as of the last business day of the Plan year. Participant loans are valued at cost, which approximates fair value.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments.

Payment of Benefits

Disbursements to participants are recorded when paid.

3. Investments

The following is a summary of investments that represent 5% or more of net assets available for Plan benefits at December 31, 2000 and 1999:

	December 31, 2000	
	Shares	Fair Value
SEI Trust Stable Asset Fund	6,083,186	\$6,083,186
American Century Strategic Allocation Fund: Moderate	1,131,185	7,137,775
American Century Income & Growth Fund	387,378	11,694,946
American Century Ultra Fund	197,067	6,379,064
ESI Stock Fund, includes participant directed and non-participant directed	788,912	17,362,214

	December 31, 1999	
	Shares	Fair Value

Edgar Filing: ITT EDUCATIONAL SERVICES INC - Form 11-K

SEI Trust Stable Asset Fund	6,159,213	\$6,159,213
American Century Strategic Allocation Fund: Moderate	985,125	7,152,008
American Century Income & Growth Fund	391,943	13,345,651
American Century Ultra Fund	159,154	7,286,051
ESI Stock Fund, includes participant directed and non-participant directed	771,882	11,924,136

4. Administrative Fees

Participant accounts were charged \$91,556 and \$95,950 for administrative fees related to the Plan for the periods ended December 31, 2000 and 1999, respectively. ESI paid administrative fees of \$56,850 and \$7,870 for the period ended December 31, 2000 and 1999, respectively.

5. Related-Party Transactions

Certain Plan investments are shares of mutual funds managed by J.P. Morgan/American Century or its affiliates and, therefore, these investments qualify as party-in-interest transactions, which are exempt from the ERISA prohibited transaction rules. In addition, participants in the Plan may invest their contributions in the ESI Stock Fund, which primarily holds shares of ESI common stock. At December 31, 2000, the ESI Stock Fund held 788,912 shares with a historical cost of \$19,350,585 and a market value of \$17,362,214. At December 31, 1999, the ESI Stock Fund held 771,882 shares with a historical cost of \$19,873,361 and a market value of \$11,816,335.

6. Plan Termination

Although it has not expressed any intent to do so, ESI has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Plan accounts.

7. Income Tax Status

The Internal Revenue Service issued a determination letter on April 13, 1999 stating that the Plan qualifies for tax-exempt status under the applicable provisions of the IRC.
