#

Varian Medical Systems, Inc., (NYSE:VAR) of Palo Alto, California is the world's leading manufacturer of integrated cancer therapy systems, which are treating thousands of patients per day. The company is also a premier supplier of X-ray tubes and flat-panel digital subsystems for imaging in medical, scientific, and industrial applications. Varian Medical Systems employs approximately 3,160 people who are located at manufacturing sites in North America and Europe and in its 48 sales and support offices around the world. In its most recent fiscal year ended September 26, 2003, Varian Medical Systems reported sales of over \$1 billion. Additional information is available on the company's investor relations web site at www.varian.com

Forward Looking Statements

This release contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including statements about plans to hold a special stockholders meeting, mail a proxy statement to Varian Medical Systems stockholders, and a vote by Varian Medical Systems stockholders on a proposal to amend the company's restated certificate of incorporation to increase the company's authorized shares of common stock. Actual results might differ materially from these statements due to risks and uncertainties, including those associated with the approval of the proposal by Varian Medical Systems' stockholders; and changes in general economic, business and industry conditions. More complete descriptions of the risks applicable to Varian Medical Systems appear in the company's documents filed with the Securities and Exchange Commission and available on request from Varian Medical Systems. Varian Medical Systems disclaims any intent or obligation to update these forward-looking statements.
