**ITEM 2.05 Costs Associated with Exit or Disposal Activities**

On January 27, 2005, we announced plans to take an additional \$75 million restructuring charge in conjunction with the company's restructuring plan previously announced in July 2004. This additional charge is to further reduce manufacturing capacity and headcount in high cost regions and leverage expanded capacity and technical capabilities in more cost-efficient regions. Restructuring charges under this plan are expected to total approximately \$175 million, of which approximately 65 -70% is expected to result in cash expenditures. We expect the restructuring activities pursuant to this plan to be completed in fiscal 2006.
