To the Trustees and Participants in the
Reliant Energy, Inc. Savings Plan:

We have audited the accompanying statements of net assets available for benefits of the Reliant Energy, Inc. Savings Plan (the Plan) as of December 31, 2004 and 2003, and the statement of changes in net assets available for benefits for the year ended December 31, 2004. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2004 and 2003, and the changes in net assets available for benefits for the year ended December 31, 2004 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedule, listed in the Table of Contents, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

1. DESCRIPTION OF THE PLAN

General - The Reliant Energy, Inc. Savings Plan (formerly, the Reliant Resources, Inc. Savings Plan, changed effective as of April 26, 2004), (the Plan), is a defined contribution plan sponsored by Reliant Energy, Inc. (formerly Reliant Resources, Inc., and changed effective as of April 26, 2004), (the Company) covering substantially all of the eligible non-union employees of the Company or a subsidiary or an affiliate of the Company that has adopted the Plan. The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility - Employees of the Company or a subsidiary or affiliate of the Company as of March 27, 2002, other than employees of Reliant Energy Mid-Atlantic Power Holdings, LLC, Reliant Energy Maryland Holdings, LLC, Reliant Energy New Jersey Holdings, LLC, Reliant Energy Northeast Management Company, or Reliant Energy Mid-Atlantic Power Services, Inc. (REMA Employees), that has adopted the Plan and were eligible to participate in the Reliant Energy, Incorporated Savings Plan, were eligible to participate in the Plan on March 28, 2002. Employees of the Company on or after March 28, 2002 are eligible to participate in the Plan on his or her employment date. REMA Employees who, as of January 31, 2002, were eligible to participate in the Reliant Energy Mid-Atlantic Savings Plan for Non-Represented Employees, became eligible to participate in the Plan as of February 1, 2002. REMA Employees hired after February 1, 2002 are eligible to participate in the Plan on his or her employment date.

Contributions - Participants may elect to contribute to the Plan on a pre-tax and/or after-tax basis through periodic payroll contributions. These contributions are limited to an aggregate of 16% of the participant s eligible compensation up to the Internal Revenue Service Code (the Code) section 401(a) (17) limit. For 2004, this limit was \$205,000. Active participants who are, or will be, age 50 or older during a calendar year are eligible to make additional pre-tax contributions (Catch-Up Contributions) to the Plan for that year in excess of the annual pre-tax contribution limit up to a maximum amount permitted by the Code. The total amount of participant pre-tax contributions was limited to \$13,000 and \$12,000 in 2004 and 2003, respectively. The maximum Catch-Up Contribution amount was \$3,000 and \$2,000 for 2004 and 2003, respectively. Any contributions in excess of the pre-tax contribution limit, excluding any Catch-Up Contributions, are made to the participant s after-tax account, unless the participant elects otherwise. Plan participants who contribute also receive Company matching contributions equal to 100% of the first 6% of the participant s contribution. Under the provisions of the Plan, the Company may make two types of discretionary contributions one is a payroll discretionary contribution and the other is an annual discretionary contribution. For any year, the Company may elect, in its sole discretion, to make payroll discretionary contributions to the Plan on behalf of participants in an amount equal to a prescribed percentage of pay for each payroll period. The payroll discretionary contribution percentage for 2004 and 2003 was 2% and was limited to the first \$85,000 of the participant s eligible compensation for the year. The Company may also elect, in its sole discretion, to make an annual discretionary contribution of up to 3% of the participants eligible compensation. The annual discretionary contribution may be made in cash, the Company stock or a combination of cash and the Company stock, as determined by the Chairman of the Board, Chief Executive Officer, President, or Chief Operating Officer of the Company. This contribution will generally be made within 90 days following the end of the Plan year. The annual discretionary contribution receivable at December 31, 2004 and 2003 was approximately \$3.1 million and \$4.9 million, respectively. Participants do not need to contribute to the Plan to receive either type of discretionary contribution.

Participant Accounts - Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company's matching contributions, allocations of Company discretionary contributions, if applicable, any rollover contributions made by the participant and Plan earnings, and charged with an allocation of administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investments - Participants direct the investment of their contributions, the Company's matching contribution and the Company's payroll discretionary contribution into various investment options offered by the Plan. The Company's annual discretionary contribution may be made in cash or Company stock. If the contribution is made in Company stock, participants can transfer this contribution to any available option.

Vesting - Participants are fully vested in their total account balance, including Company contributions, under the Plan.

Participant Loans - Participants may borrow from their fund accounts up to a maximum of \$50,000 or 50% of their account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates as determined under the Plan. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - On termination of employment including death, disability, or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly, semi-annual or annual installments not to exceed ten years.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Financial Presentation - The accompanying financial statements of the Plan are prepared under the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, as of the date of the financial statements. Actual results could differ from those estimates.

Market Risk - The Plan provides for investments in various investment securities, including CenterPoint Energy, Inc. common stock (closed to new investment) and the Company common stock, that are exposed to certain risks such as interest rate, credit, and overall market volatility. Due to the level of risk, changes in the value of investment securities could occur in the near term, and these changes could materially affect the amounts reported in the statements of net assets available for benefits.

Administrative Expenses - Administrative expenses of the Plan are paid by either the Plan or the Plan's sponsor as provided in the Plan document.

Payment of Benefits - Benefits are recorded when paid.

Investment Valuation and Income Recognition - The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at the end of the year. Units of the Vanguard Retirement Savings Trust are valued at net asset value at the end of the year, which approximates fair value. The common stock funds are valued at the year-end unit closing price (comprised of the year-end market price plus uninvested cash position). Participant loans are valued at cost which approximates fair value.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income, if any, is recorded on the ex-dividend date. Capital gain distributions are included in dividend income.

3. ASSETS TRANSFERRED TO THE PLAN

In December 2004, approximately \$16.6 million in assets from the Orion Power Holdings, Inc. Savings Plan (the Orion Plan) transferred to the Plan in connection with the transfer of certain non-bargaining participants in the Orion Plan to the Plan.
