**Item 2.02 Results of Operations and Financial Condition**

On August 2, 2007, Cholestech Corporation ( Cholestech ) is issuing a press release and holding a conference call regarding its financial results for the first quarter ended June 29, 2007. A copy of the press release is furnished as Exhibit 99.1 to this Current Report on Form 8-K and is incorporated by reference.

The information in this Current Report on Form 8-K and the exhibit attached hereto shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934 (the Exchange Act ) or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933 or the Exchange Act, regardless of any general incorporation language in such filing.

**Use of Non-GAAP Financial Measure**

To supplement our results presented in accordance with generally accepted accounting principles (GAAP), Cholestech uses a non-GAAP measure of operating results, cash earnings, which is adjusted from results based on GAAP to exclude certain non-cash expenses. The Company believes this measure provides meaningful supplemental information regarding Cholestech s operating results given the current accumulated tax loss carryforwards and because it excludes amounts that are not related to Cholestech s core operating results and facilitates the comparison of results for the current period with results for past periods. Further, this non-GAAP measure is one of the primary indicators management uses for assessing our performance, allocating resources and planning and forecasting for future periods. Accordingly, the Company is disclosing this information to permit additional analysis of the Company s performance. This measure should be considered in addition to results prepared in accordance with GAAP, but should not be considered a substitute for or superior to GAAP results.
