Minimum Tax.

DRIVERS Derivative Inverse Tax-Exempt Receipts FGIC Financial Guaranty Insurance Company

FSA Financial Security Assurance, Inc.
MBIA Municipal Bond Insurance Association

XLCA XL Capital Assurance, Inc.

The Trust invests primarily in debt securities issued by Ohio municipalities. The ability of the issuers of the debt securities to meet their obligations may be affected by economic developments in a specific industry or municipality. In order to reduce the risk associated with such economic developments, at February 29, 2008, 41.5% of total investments are backed by bond insurance of various financial institutions and financial guaranty assurance agencies. The aggregate percentage insured by an individual financial institution ranged from 3.3% to 14.2% of total investments.

| (1) | Security exempt from registration under Rule 144A of the Securities Act of 1933. These securities may be sold in                |
|-----|---|
|     | transactions exempt from registration, normally to qualified institutional buyers. At February 29, 2008, the aggregate value    |
|     | of the securities is \$1,483,842 or 4.0% of the Trust s net assets applicable to common shares.                                 |
| (2) | Security has been issued as a leveraged inverse floater bond. The stated interest rate represents the rate in effect at         |
|     | February 29, 2008.  |
| (3) | Security (or a portion thereof) has been segregated to cover payable for when-issued securities.                                |
| (4) | When-issued security.   |
| (5) | Security (or a portion thereof) has been segregated to cover margin requirements on open financial futures contracts.           |
| (6) | Security represents the underlying municipal obligation of an inverse floating rate obligation held by the Trust.               |
| (7) | Security is subject to redemption at each auction date. The stated interest represents the rate in effect at February 28, 2008. |

|                                       |    |                |   |                                  |                                     | \$<br>(82,652)                                   |

The effective date represents the date on which the Trust and the counterparty to the interest rate swap contract begin interest payment accruals.

At February 29, 2008, the Trust had sufficient cash and/or securities to cover commitments under these contracts.

The cost and unrealized appreciation (depreciation) of investments of the Trust at February 29, 2008, as determined on a federal income tax basis, were as follows:

| gate cost | \$<br>61,029,336 |
|-----------|------------------|
| gate cost | \$               |

| Gross unrealized appreciation | 1,491,994         |
|-------------------------------|-------------------|
| Gross unrealized depreciation | (3,924,657)       |
| Net unrealized depreciation   | \$<br>(2,432,663) |

The Trust adopted Financial Accounting Standards Board Statement of Financial Accounting Standards No. 157 (FAS 157), Fair Value Measurements , effective December 1, 2007. FAS 157 established a three-tier hierarchy to prioritize the assumptions, referred to as inputs, used in valuation techniques to measure fair value. The three-tier hierarchy of inputs is summarized in the three broad levels listed below.

- Level 1 quoted prices in active markets for identical investments
- Level 2 other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)
- Level 3 significant unobservable inputs (including a fund s own assumptions in determining the fair value of investments)

At February 29, 2008, the inputs used in valuing the Trust s investments, which are carried at value, were as follows:

|         |                                     | Investments in   | Other Financial |
|---------|-------------------------------------|------------------|-----------------|
|         | Valuation Inputs                    | Securities       | Instruments*    |
| Level 1 | Quoted Prices                       | \$               | \$<br>(56,266)  |
| Level 2 | Other Significant Observable Inputs | 61,426,673       | (82,652)        |
| Level 3 | Significant Unobservable Inputs     |                  |                 |
| Total   |                                     | \$<br>61,426,673 | \$<br>(138,918) |

<sup>\*</sup>Other financial instruments are derivative instruments not reflected in the Portfolio of Investments, such as futures, forwards and swap contracts, which are valued at the unrealized appreciation (depreciation) on the instrument.

The Trust held no investments or other financial instruments as of November 30, 2007 whose fair value was determined using Level 3 inputs.

The Trust generally uses a pricing vendor to provide evaluations for its investments in municipal bonds, which are derived from the vendor s pricing models. Inputs to the models may include, but are not limited to, reported trades, executable bid and asked prices, broker/dealer quotations, benchmark curves or information pertaining to the issuer. The pricing vendor may use a matrix approach, which considers information regarding securities with similar characteristics to determine the evaluation for a security. The Trust s investments in interest rate swaps are normally valued using valuations provided by a pricing vendor. Such vendor valuations are based on the present value of fixed and projected floating rate cash flows over the term of a swap contract. Future cash flows are discounted to their present value using swap curves provided by electronic data services or by broker/dealers. The Trust s investments in futures contracts are valued based on the closing price on the primary exchange on which such contracts trade.

#### Item 2. Controls and Procedures

(a) It is the conclusion of the registrant s principal executive officer and principal financial officer that the effectiveness of the registrant s current disclosure controls and procedures (such disclosure controls and procedures having been evaluated within 90 days of the date of this filing) provide reasonable assurance that the information required to be disclosed by the registrant has been recorded, processed, summarized and reported within the time period specified in the Commission s rules and forms and that the information required to be disclosed by the registrant has been accumulated and communicated to the registrant s principal executive officer and principal financial officer in order to allow timely decisions regarding required disclosure.

(b) There have been no changes in the registrant s internal controls over financial reporting during the fiscal quarter for which the report is being filed that have materially affected, or are reasonably likely to materially affect the registrant s internal control over financial reporting.

#### **Signatures**

Pursuant to the requirements of the Securities Exchange Act of 1934 and the Investment Company Act of 1940, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
