Before the items on the agenda of this meeting were put to debate and to the vote, the representative of the stockholder Southern Electric Brasil Participações Ltda. stated that the changes in the Bylaws made by the Extraordinary General Meeting of Stockholders of October 25, 1999, and also the subsequent alterations, were approved only by virtue of the suspension of the Stockholders Agreement, by decision of the Courts, and were thus provisional and precarious. He stated that hence the acts and operations practiced or submitted to approval by the management bodies of Cemig, supported by the said changes in the Bylaws made under the protection of the Court decision in force today, may, at any moment, be reviewed and withdrawn from the world of legal existence.

On this question, the representative of the stockholder State of Minas Gerais reminded the meeting that the decision which annulled the Stockholders Agreement signed between the State of Minas Gerais and Southern Electric Brasil Participações Ltda. no longer has an interim or provisional character. It is, he said, a decision on the merit and it is thus a case not of suspension but of annulment. He added that there is already in existence a decision on the merit that annuls the Stockholders Agreement, confirmed by the Appeal Court of the State of Minas Gerais.

He further explained that the decisions of this Meeting can only take into account what exists at the present moment, and that it would be irresponsible not to vote on matters, in expectation of Court decisions, since, in reality, the said Stockholders Agreement, by force of Court judgment, cannot produce any effect and the decisions taken are being taken within strict compliance with the Court decision.

Finally, he noted that the Extraordinary and Special Appeals brought by Southern Electric Brasil were not admitted by the Vice-chairman of the Minas Gerais Appeal Court, and that the Higher Appeal Court refused the interlocutory and special appeals brought by Southern Electric Brasil, thus underlining and reinforcing the legal situation already stated by the Minas Gerais Appeal Court, that is to say, the inefficacy of the Stockholders Agreement subject of the action.

Once again taking the floor, the representative of Southern Electric Brasil Participações Ltda. stated that the Interlocutory Appeal brought against the dispatch denying the Extraordinary Appeal is awaiting judgment in proceedings in the Federal Supreme Court.

Continuing with the business of the meeting, the Chairman requested the Secretary to proceed to reading of the Proposal of the Board of Directors, which deals with the matter that is on the agenda, the content of which document is as follows:
