**Item 1.03**

**Bankruptcy or Receivership.**

On March 31, 2009, Idearc Inc. (the Company ) and all of its domestic subsidiaries (collectively, with the Company, the Debtors ) filed voluntary petitions in the United States Bankruptcy Court for the Northern District of Texas, Dallas Division (the Bankruptcy Court ) seeking reorganization relief under the provisions of Chapter 11 of Title 11 of the United States Code (the Bankruptcy Code ).

The Company began operations as an independent, public company on November 17, 2006 when the Company was spun-off from Verizon Communications Inc. In connection with the spin-off transaction, the Company incurred approximately \$9,115 million of debt. The combination of a prolonged economic downturn facing the United States economy, the highly competitive directory advertising industry, declining use of print yellow page directories and the Company's significant outstanding indebtedness has resulted in difficulty in facing its substantial debt burden.

The consolidated audited financial statements of the Company for the fiscal year ending December 31, 2008 contained an explanatory paragraph regarding the Company's ability to continue as a going concern which constituted a default under the Company's senior secured credit facility (the Senior Credit Facility ). On March 31, 2009, the Company failed to make scheduled payments under the Senior Credit Facility of approximately \$69 million in interest and approximately \$30 million in principal, resulting in an additional default under the Senior Credit Facility.

The Company has evaluated various options for restructuring its balance sheet and debt service obligations to alleviate covenant issues under the Senior Credit Facility and to create a capital structure that will permit the Company to remain a going concern. The Company believes that a financial restructuring designed to reduce its outstanding indebtedness, strengthen its balance sheet and improve its liquidity can best be achieved through a reorganization pursuant to a Chapter 11 proceeding under the Bankruptcy Code.

The Debtors continue to operate their businesses as debtors-in-possession under the jurisdiction of the Bankruptcy Court and in accordance with the applicable provisions of the Bankruptcy Code. As of the date of this Current Report on Form 8-K, a receiver, fiscal agent or similar officer has not been appointed. A copy of the press release dated March 31, 2009 announcing, among other things, the Debtors' bankruptcy filing is hereby furnished and attached hereto as Exhibit 99.1.

The Debtors' voluntary filing of the bankruptcy case constituted an event of default under the Senior Credit Facility. As a result of such default, the commitments under the Senior Credit Facility immediately terminated and all borrowings, with accrued interest thereon, and all other amounts owed by the Company, including all amounts under outstanding letters of credit, became immediately due and payable. In addition, the bankruptcy filing constituted an event of default under the indenture governing the Company's 8% senior unsecured notes due 2016 (the Unsecured Notes ). As a result of such default, the principal amount plus accrued and unpaid interest on the Unsecured Notes is due and payable. As of March 31, 2009, the aggregate principal amounts outstanding under the Senior Credit Facility, including the termination value of swap agreements, are approximately \$6,913 million and the aggregate principal amounts outstanding under the Unsecured Notes are approximately \$2,850 million.

As a result of the Debtors' bankruptcy filing, the ability of creditors to seek remedies to enforce their rights under the Senior Credit Facility and the Unsecured Notes have been stayed, and creditor rights of enforcement are subject to the applicable provisions of the Bankruptcy Code.

Edgar Filing: IDEARC INC. - Form 8-K

The Company urges that caution be exercised with respect to existing and future investments in its equity securities as it is anticipated that a restructuring under a plan of reorganization will substantially

change the Company's capital structure, including, without limitation, by extinguishing the existing common stock of the Company without distribution to existing equity holders.

The information required by Item 2.04 relating to the Senior Credit Facility and the Unsecured Notes is contained in Item 1.03 above and is incorporated herein by reference.
