**Item 1.01** **Entry into a Material Definitive Agreement.**

On December 14, 2012, Radius Health, Inc. (the Company) entered into a Fifth Amendment to Development and Clinical Supplies Agreement (the Fifth Amendment), with 3M Company and 3M Innovative Properties Company (together, 3M), effective as of November 30, 2012. The Fifth Amendment amends the Development and Clinical Supplies Agreement dated June 19, 2009, as previously amended on each of December 31, 2009, September 16, 2010, September 29, 2010 and March 2, 2011, between the Company and 3M (the Development Agreement).

Pursuant to the Development Agreement as previously amended, 3M was responsible to develop a BA058 microneedle patch product and manufacture clinical and toxicology supplies of such patch product for preclinical, Phase 1 and Phase 2 studies on an exclusive basis. Pursuant to the Fifth Amendment, 3M is to continue such development and manufacturing of supplies for a Phase 3 study of the patch product on an exclusive basis, for an aggregate additional cost of approximately \$10.6 million. The Fifth Amendment also clarifies the agreement between the parties with respect to ownership and use of intellectual property under the contract.

The preceding descriptions of the Development Agreement and the Fifth Amendment are qualified in their entirety by reference to the full text of the Development Agreement and the Fifth Amendment, copies of which were filed as an Exhibit to the Company's Current Report on Form 8-K/A filed on October 24, 2011 and filed as an Exhibit to this Current Report on Form 8-K, respectively.
