 - Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))
-

Item 8.01. Other Events.

On October 25, 2013, Kosmos Energy Ltd. (the **Company**), executed a farm-out agreement with Capricorn Exploration & Development Company Limited, a wholly-owned subsidiary of Cairn Energy PLC (**Cairn**), relating to the Cap Boujdour Offshore area. Under the terms of the agreement, Cairn will acquire a non-operated interest of 20.0% in the Cap Boujdour Offshore block. The Office National des Hydrocarbures et des Mines (**ONHYM**) will continue to hold its carried interest in the block through the exploration period. Cairn will pay 150% of its share of costs of a 3D seismic survey and one exploration well on the block, subject to a maximum spend of \$125 million in aggregate. In the event the exploration well is successful, Cairn will pay 200% of its share of costs on two appraisal wells up to a cap of \$100 million per well. Additionally, Cairn will contribute approximately \$12 million towards future activity relating to the block. Completion of the transaction is subject to customary government approvals. The Kingdom of Morocco is the de facto administering power of the territory where the Cap Boujdour Offshore area is geographically located, pending resolution of such territory's long-term status. Kosmos has held rights to conduct exploration activities in the Cap Boujdour Offshore area since 2006 under a petroleum agreement with ONHYM.

On October 28, 2013, the Company issued a news release announcing the execution of the farm-out agreement with Cairn. A copy of the news release issued by the Company is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

Item 9.01. Financial Statements and Exhibits.
