This prospectus provides you with a general description of the securities we and/or selling securityholders may offer. Each time we and/or selling securityholders sell securities, a prospectus supplement will be provided that contains specific information about the terms of that offering and the specific manner in which such securities may be offered. The prospectus supplement may also add to, update or change information contained in or incorporated by reference into this prospectus. DISCLOSURE REGARDING FORWARD-LOOKING STATEMENTS

Certain statements in this prospectus or the documents incorporated by reference into this prospectus constitute forward-looking statements as that term is defined under Section 21E of the Securities Exchange Act of 1934, as amended, concerning, among other things, the prospects and developments of our Company and business strategies for our operations, all of which are subject to risks and uncertainties. These forward-looking statements are included in various sections of this prospectus and the documents incorporated by reference into this prospectus. They are identified as forward-looking statements or by their use of terms (and variations thereof) such as will, may, can, anticipate, intend, continue, estimate, expect, plan, should, outlook, believe and seek, and similar terms (and variations thereof) and phrases.

Forward-looking statements include statements regarding our current plans, forecasts, estimates, beliefs or expectations, including, without limitation, statements with respect to:

- our future financial and operating performance;
- future acquisitions and dispositions;
- future potential capital expenditures and securities repurchases;
- our ability to realize cost savings and synergies;
- our ability to respond to economic cycles;

Edgar Filing: UAG Central Region Management, LLC - Form S-3ASR

- trends in the automotive retail industry and in the general economy in the various countries in which we operate;
- our ability to access the remaining availability under our credit agreements;
- our liquidity;
- performance of joint ventures, including Penske Truck Leasing (PTL);
- future foreign exchange rates;
- the outcome of various legal proceedings;
- results of self insurance plans;
- trends affecting our future financial condition or results of operations; and
- our business strategy.

Our actual results may differ materially from those anticipated in these forward-looking statements. These forward-looking statements are affected by risks, uncertainties and assumptions that we make, including among other things, the factors that are described in Risk Factors and:

- our business and the automotive retail industry in general are susceptible to adverse economic conditions, including changes in interest rates, foreign exchange rates, consumer demand, consumer confidence, fuel prices, unemployment rates and credit availability;
- the number of new and used vehicles sold in our markets;

Table of Contents

- automobile manufacturers exercise significant control over our operations, and we depend on them and continuation of our franchise agreements in order to operate our business;
- we depend on the success, popularity and availability of the brands we sell, and adverse conditions affecting one or more automobile manufacturers, including the adverse impact on the vehicle and parts supply chain due to natural disasters or other disruptions that interrupt the supply of vehicles and parts to us, may negatively impact our revenues and profitability;
- a restructuring of any significant automotive manufacturers or automotive suppliers;
- our operations may be affected by severe weather or other periodic business interruptions;
- we have substantial risk of loss not covered by insurance;
- we may not be able to satisfy our capital requirements for acquisitions, dealership renovation projects, financing the purchase of our inventory, or refinancing of our debt when it becomes due;
- the success of our commercial vehicle distribution operations depends upon continued availability of the vehicles we distribute, demand for those vehicles and general economic conditions in those markets;
- our level of indebtedness may limit our ability to obtain financing generally and may require that a significant portion of our cash flow be used for debt service;
- higher interest rates may significantly increase our variable rate interest costs and, because many customers finance their vehicle purchases, decrease vehicle sales;
- non-compliance with the financial ratios and other covenants under our credit agreements and operating leases;
- our operations outside of the U.S. subject our profitability to fluctuations relating to changes in foreign currency valuations;

Edgar Filing: UAG Central Region Management, LLC - Form S-3ASR

- import product restrictions and foreign trade risks that may impair our ability to sell foreign vehicles profitably;
- with respect to our PTL investment, changes in the financial health of its customers, labor strikes or work stoppages by its employees, a reduction in PTL's asset utilization rates and industry competition which could impact distributions to us;
- with respect to our Hertz rental car operations, we are subject to residual risk on the rental vehicles and the risk that a substantial number of the rental vehicles may be unavailable due to recall or other reasons;
- we are dependent on continued availability of our information technology systems;
- if we lose key personnel, especially our Chief Executive Officer, or are unable to attract additional qualified personnel;
- new or enhanced regulations relating to automobile dealerships including those that may be issued by the Consumer Finance Protection Bureau restricting automotive financing;
- changes in tax, financial or regulatory rules or requirements;
- we are subject to numerous legal and administrative proceedings which, if the outcomes are adverse to us, could have a material adverse effect on our business;
- if state dealer laws in the U.S. are repealed or weakened, our automotive dealerships may be subject to increased competition and may be more susceptible to termination, non-renewal or renegotiation of their franchise agreements; and
- some of our directors and officers may have conflicts of interest with respect to certain related party transactions and other business interests.

In addition:

- the price of our common stock is subject to substantial fluctuation, which may be unrelated to our performance; and

- shares eligible for future sale may cause the market price of our common stock to drop significantly, even if our business is doing well.

We urge you to carefully consider these risk factors in evaluating all forward-looking statements regarding our business and you

THE COMPANY

We are an international transportation services company, operating retail automotive dealerships, Hertz car rental franchises and commercial vehicle distribution. We are the second largest automotive retailer headquartered in the U.S. as measured by the \$10.9 billion in total revenue we generated during the nine months ended September 30, 2013. As of September 30, 2013, we operated 321 retail automotive franchises, of which 171 franchises are located in the U.S. and 150 franchises are located outside of the U.S. The franchises outside the U.S. are located primarily in the U.K. During the nine months ended September 30, 2013, we retailed and wholesaled more than 334,000 vehicles. We are diversified geographically, with 64% of our total revenues during the nine months ended September 30, 2013, generated in the U.S. and Puerto Rico and 36% generated outside the U.S. We offer 38 brands with 96% of our total retail revenue during the nine months ended September 30, 2013, generated from brands of non-U.S. based manufacturers, and 69% generated from premium brands, such as Audi, BMW, Mercedes-Benz and Porsche. Each of our dealerships offers a wide selection of new and used vehicles for sale. In addition to selling new and used vehicles, we generate higher-margin revenue at each of our dealerships through maintenance and repair services and the sale and placement of finance and insurance products, extended service and maintenance contracts and replacement and aftermarket products.

We also hold a 9.0% ownership interest in Penske Truck Leasing Co., L.P. (PTL), a leading provider of transportation services and supply chain management. PTL operates and maintains more than 200,000 vehicles and serves customers in North America, South America, Europe and Asia and is one of the largest purchasers of commercial trucks in North America. Product lines include full-service truck leasing, truck rental and contract maintenance, logistics services such as dedicated contract carriage, distribution center management, transportation management and acting as lead logistics provider. The general partner of PTL is Penske Truck Leasing Corporation, a wholly-owned subsidiary of Penske Corporation, which, together with other wholly-owned subsidiaries of Penske Corporation, owns 41.1% of PTL. The remaining 49.9% of PTL is owned by General Electric Capital Corporation (GECC). We account for our investment in PTL under the equity method, and we therefore record our share of PTL's earnings each quarter on our statements of income under the caption Equity in Earnings of Affiliates, which also includes the results of our other investments.

In August 2013, we completed the acquisition of Western Star Trucks Australia, the exclusive importer and distributor of Western Star commercial trucks, MAN commercial trucks and buses, and Dennis Eagle refuse collection vehicles, together with associated parts across Australia, New Zealand and portions of Southeast Asia. The business also includes two retail truck dealerships. We refer to this business as Penske Commercial Vehicles. From our acquisition of Penske Commercial Vehicles on August 30, 2013 through September 30, 2013, it generated \$49.4 million of revenue through the distribution and retail sale of vehicles and parts to a network of more than 80 dealerships.

We are the Hertz rental car franchisee in the Memphis, Tennessee market and certain Indiana markets. We currently operate more than fifty on- and off-airport Hertz rental car locations.

We are incorporated in the state of Delaware and began dealership operations in October 1992. Our telephone number is (248) 648-2500 and our website is <http://www.penskeautomotive.com>. The information on our website is not part of this prospectus.

RISK FACTORS

An investment in our securities involves a high degree of risk. Prior to making a decision about investing in our securities, you should carefully consider the risks and uncertainties described under Risk Factors or Forward-Looking Statements in the applicable prospectus supplement and in our most recent annual report on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K, including any amendments to such reports, incorporated in the registration statement of which this prospectus forms a part, together with all other information contained and incorporated by reference in this prospectus and the applicable prospectus supplement. The risks and uncertainties described herein and therein are not the only ones facing us. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also occur. The occurrence of any of those risks and uncertainties may materially adversely affect our financial condition, results of operations, cash flows or business. In that case, the price or value of our securities could decline and you could lose all or part of your investment.

USE OF PROCEEDS

Unless otherwise described in the applicable prospectus supplement, the net proceeds from the sale of the offered securities by us will be used for general corporate purposes, which may include repayment of indebtedness, the financing of capital expenditures, future acquisitions and additions to our working capital. Additional information on the use of net proceeds from any sale of securities offered by us pursuant to this prospectus may be set forth in the prospectus supplement or other offering material relating to such offering.

We will not receive any proceeds from the resale of securities by selling securityholders pursuant to this prospectus and the applicable prospectus supplement.

DESCRIPTION OF DEBT SECURITIES

This section describes the general terms that will apply to any debt securities that we may offer in the future and to which a future prospectus supplement may relate. At the time that we offer debt securities, we will describe in the prospectus supplement that relates to that offering (1) the specific terms of the debt securities and (2) the extent to which the general terms described in this section apply to those debt securities.

We may issue debt securities consisting of senior securities and subordinated securities that may be secured or unsecured. The senior securities are to be issued under an indenture between Penske Automotive and The Bank of New York Mellon Trust Company, N.A., as trustee. The subordinated securities are to be issued under a separate indenture between Penske Automotive and The Bank of New York Mellon Trust Company, N.A., as trustee. Forms of the indentures for the senior securities and the subordinated securities are included as exhibits to the registration statement of which this prospectus forms a part. In the discussion that follows, we summarize particular provisions of the indentures. Our discussion of indenture provisions is only a summary and is not complete. You should read the indentures including changes to be filed as part of any supplemental prospectus, for a more complete understanding of the provisions we describe.

Table of Contents

The aggregate principal amount of debt securities that we may issue under each of the indentures is unlimited. The indenture allows us to reopen a previous issue of a series of debt securities and issue additional debt securities of that issue.

To the extent that debt securities are guaranteed, the guarantees will be set forth in the applicable indenture or supplements thereto. To the extent that debt securities or related guarantees are secured, the security interest will be granted under and subject to the applicable indenture or supplements thereto, security agreement, pledge agreements, mortgages, intercreditor agreements, lien subordination agreements and other documents as may be required.

General

Each prospectus supplement relating to a particular offering of debt securities will describe the specific terms of debt securities. Those specific terms will include the following:

- the title of the debt securities;
- any limit on the aggregate principal amount of the debt securities of a particular series;
- whether any of the debt securities are to be issuable in permanent global form;
- the date or dates on which the debt securities will mature;
- the rate or rates at which the debt securities will bear interest, if any, or the formula pursuant to which such rate or rates shall be determined, and the date or dates from which any such interest will accrue;
- the payment dates on which interest, if any, on the debt securities will be payable and the regular record dates which will be used to determine who is entitled to receive each interest payment;
- the terms, if any, upon which the debt securities may be converted into shares of our common stock;

Edgar Filing: UAG Central Region Management, LLC - Form S-3ASR

- any mandatory or optional sinking fund or analogous provisions;
- each office or agency where, subject to the terms of the applicable indenture, the principal of and any premium and interest on the debt securities will be payable and each office or agency where, subject to the terms of the applicable indenture, the debt securities may be presented for registration of transfer or exchange;
- the date, if any, after which and the price or prices at which the debt securities may be redeemed, in whole or in part at our option or at the option of the holder of the debt securities, or according to any mandatory redemption provisions, and the other detailed terms and provisions of any such optional or mandatory redemption provisions;
- the denominations in which any debt securities will be issuable, if other than denominations of \$1,000 and any integral multiple thereof;
- the portion of the principal amount of the debt securities, if other than the principal amount, payable upon acceleration of maturity;
- the person(s), if other than the trustee, who shall be the security registrar, the initial paying agent, and the depository for the debt securities;
- the terms of subordination applicable to any series of subordinated securities;
- the terms of any guarantees; and
- any other terms of the debt securities inconsistent with the provisions of the indentures.

Except where specifically described in the applicable prospectus supplement, the indentures do not contain any covenants designed to protect holders of the debt securities against a reduction in our creditworthiness, including in the event of a highly leveraged transaction, or to prohibit other transactions which may adversely affect holders of the debt securities.

We may issue debt securities as original issue discount securities to be sold at a substantial discount below their stated principal amounts. We will describe in the relevant prospectus supplement any special United States federal income tax considerations that may apply to debt securities issued with such an original issue discount. Special United States tax considerations applicable to any debt

securities that are denominated in a currency other than United States dollars or that use an index to determine the amount of payments of principal of and any premium and interest on the debt securities will also be set forth in a prospectus supplement.

Global Securities

According to the indentures, so long as the depositary's nominee is the registered owner of a global security, that nominee will be considered the sole owner of the debt securities represented by the global security for all purposes. Except as provided in the relevant prospectus supplement, owners of beneficial interests in a global security will not be entitled to have debt securities of the series represented by the global security registered in their names, will not receive or be entitled to receive physical delivery of debt securities of such series in definitive form and will not be considered the owners or holders of the debt securities under the indentures. Principal of, premium, if any, and interest on a global security will be payable in the manner described in the relevant prospectus supplement.

Form, Exchange and Transfer

We will issue the debt securities of each series only in registered form, without coupons, and, unless otherwise specified in the applicable prospectus supplement, only in denominations of \$1,000 and integral multiples thereof.

Holders may, at their option, but subject to the terms of the indentures and the limitations that apply to global securities, exchange their debt securities for other debt securities of the same series containing identical terms and provisions, in any authorized denomination and of a like tenor and aggregate principal amount.

Subject to the terms of the indentures and the limitations that apply to global securities, holders may exchange debt securities as provided above. No service charge applies for any registration of transfer or exchange of debt securities, but the holder may have to pay any tax or other governmental charge associated with registration of transfer or exchange. We have appointed the trustee as security registrar. Any transfer agent (in addition to the security registrar) initially designated by us for any debt securities will be named in the applicable prospectus supplement. We may at any time designate additional transfer agents or cancel the designation of any transfer agent or approve a change in the office through which any transfer agent acts. However, we will be required to maintain a transfer agent in each place of payment for the debt securities of each series.

If the debt securities are to be partially redeemed, we will not be required to:

- issue or register the transfer of or exchange any debt security during a period beginning 15 days before the day of the selection for redemption of the debt securities of the applicable series and ending on the close of business on the day of such selection; or

Edgar Filing: UAG Central Region Management, LLC - Form S-3ASR

- register the transfer of or exchange any debt security selected for redemption, in whole or in part, except the unredeemed portion of any debt security being redeemed in part.

Payment and Paying Agents

We will pay interest on a debt security on any interest payment date to the registered holder of the debt security as of the close of business on the regular record date for payment of interest. If the debt securities do not remain in book entry form, the record date for each interest payment date will be the close of business on the fifteenth calendar day immediately preceding the applicable interest payment date. In such instance, we will pay such interest either:

- on a special record date between 10 and 15 days before the payment; or
- in any other lawful manner of payment that is consistent with the requirements of any securities exchange on which the debt securities may be listed for trading.

We will pay the principal of and any premium and interest on the debt securities at the office of the paying agent or paying agents that we designate. We may pay interest by check mailed to the address of the person entitled to the payment as the address appears in the security register. We have designated the corporate trust office of the trustee as our sole paying agent for payments on the debt securities. Any other paying agents initially designated by us for the debt securities will be named in the applicable prospectus supplement. We may at any time designate additional paying agents, rescind the designation of any paying agent or approve a change in the office through which any paying agent acts.

Any money paid by us to a paying agent for the payment of the principal of or any premium or interest on any debt security which remains unclaimed at the end of two years after the principal, premium or interest has become due and payable may be repaid to us at our request.

Table of Contents

Subordination

We may issue subordinated securities from time to time in one or more series under the subordinated indenture. Our subordinated securities will be subordinated and junior in right of payment to certain of our other indebtedness to the extent set forth in the applicable prospectus supplement.

Guarantees

Certain of our material domestic subsidiaries named as registrants in the registration statement of which this prospectus is a part, or any combination of them, may, jointly and severally, guarantee any or all of the series of debt securities. Guarantees may be full or limited, senior or subordinated, secured or unsecured, or any combination thereof. In all cases, however, the obligations of each guarantor under its guarantee will be limited as necessary to prevent the guarantee from being rendered voidable under fraudulent conveyance, fraudulent transfer or similar laws affecting the rights of creditors generally. The guarantees will not place a limitation on the amount of additional indebtedness that may be incurred by the guarantors.

Satisfaction and Discharge

We may be discharged from our obligations on the debt securities of any series that have matured or will mature or be redeemed within one year if we deposit with the trustee enough cash or U.S. government obligations to pay all the principal, interest and any premium due to the stated maturity date or redemption date of debt securities.

Merger and Consolidation

Each indenture provides that we may consolidate or merge with or into any other corporation and we may sell, lease or convey all or substantially all of our assets to any corporation, organized and existing under the laws of the United States of America or any U.S. state, provided that the corporation (if other than us) formed by or resulting from any such consolidation or merger or which shall have received such assets shall assume payment of the principal of (and premium, if any), any interest on and any additional amounts payable with respect to the debt securities and the performance and observance of all of the covenants and conditions of such indenture to be performed or observed by us.

Modification and Waiver

The indentures provide that we and the trustee may modify and amend the indentures with the consent of the holders of a majority in principal amount of the outstanding debt securities of each series affected by the modification or amendment, provided that no such modification or amendment may, without the consent of the holder of each outstanding debt security affected by the modification or amendment:

- change the stated maturity of the principal of, or any installment of interest on or any additional amounts payable with respect to, any debt security or change the redemption price;
- reduce the principal amount of, or interest on, any debt security or reduce the amount of principal which could be declared due and payable prior to the stated maturity;
- change the place or currency of any payment of principal or interest on any debt security;
- impair the right to institute suit for the enforcement of any payment on or with respect to any debt security;
- reduce the percentage in principal amount of the outstanding debt securities of any series, the consent of whose holders is required to modify or amend each indenture; or
- modify the foregoing requirements or reduce the percentage of outstanding debt securities necessary to waive any past default to less than a majority.

Except with respect to certain fundamental provisions, the holders of at least a majority in principal amount of outstanding debt securities of any series may, with respect to such series, waive past defaults under each indenture.

Events of Default, Waiver and Notice

Unless otherwise provided in the applicable prospectus supplement and supplemental indenture, an event of default with respect to any debt security of any series is defined in each indenture as being:

Table of Contents

- our default in payment of any interest on or any additional amounts payable in respect of any debt security of that series which remains uncured for a period of 30 days;
- our default in payment of principal (and premium, if any) on the debt securities of that series when due either at maturity, upon optional or mandatory redemption, as a sinking fund installment, by declaration or otherwise;
- our default in the performance or breach of any other covenant or warranty in respect of the debt securities of such series in each indenture which shall not have been remedied for a period of 90 days after notice;
- our bankruptcy, insolvency or reorganization; and
- any other event of default established for the debt securities of such series set forth in the applicable prospectus supplement and supplemental indenture.

Each indenture provides that the trustee may withhold notice to the holders of the debt securities of any default with respect to any series of debt securities (except in payment of principal of, or interest on, the debt securities) if the trustee considers it in the interest of the holders of the debt securities of such series to do so.

Each indenture also provides that:

- if an event of default due to a default in payment of principal of, or interest on, any series of debt securities, or because of a default in the performance or breach of any other covenant or agreement applicable to the debt securities of such series but not applicable to all outstanding debt securities, shall have occurred and be continuing, either the trustee or the holders of not less than 25% in principal amount of the outstanding debt securities of such series then may declare the principal of all debt securities of that series, or such lesser amount as may be provided for in the debt securities of that series, and interest accrued thereon, to be due and payable immediately; and
- if the event of default resulting from our default in the performance of any of the other covenants or agreements in each indenture applicable to all outstanding debt securities under such indenture or certain events of bankruptcy, insolvency and reorganization shall have occurred and be continuing, either the trustee or the holders of not less than 25% in principal amount of all outstanding debt securities (treated as one class) may declare the principal of all debt securities, or such lesser amount as may be provided for in such securities, and interest accrued thereon, to be due and payable immediately,

Edgar Filing: UAG Central Region Management, LLC - Form S-3ASR

but upon certain conditions such declarations may be annulled and past defaults may be waived (except a continuing default in payment of principal of, or premium or interest on, the debt securities) by the holders of a majority in principal amount of the outstanding debt securities of such series (or of all series, as the case may be).

The holders of a majority in principal amount of the outstanding debt securities of any series shall have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to debt securities of such series provided that such direction shall not be in conflict with any rule of law or the applicable indenture and shall not be unduly prejudicial to the holders not taking part in such direction. The trustee may also take any other action it deems proper which is consistent with the holders' direction. If an event of default or other default occurs and is continuing after any applicable notice and/or cure period, then the trustee may in its discretion (and subject to the rights of the holders to control remedies as described above and certain other conditions specified in the indentures) bring such judicial proceedings as the trustee shall deem appropriate or proper.

The indentures provide that no holder of any debt security will have any right to institute any proceeding, judicial or otherwise, with respect to the indentures for the appointment of a receiver or trustee for any other remedy thereunder unless:

- that holder has previously given the trustee written notice of a continuing event of default;
- the holders of not less than 25% in principal amount of the outstanding debt securities of any series have made written request to the trustee to institute proceedings in respect of that event of default and have offered the trustee reasonable indemnity against costs and liabilities incurred in complying with such request; and
- for 60 days after receipt of such notice, request and offer of indemnity, the trustee has failed to institute any such proceeding and no direction inconsistent with such request has been given to the trustee during such 60-day period by the holders of a majority in principal amount of outstanding debt securities of that series.

Furthermore, no holder will be entitled to institute any such action if and to the extent that such action would disturb or prejudice the rights of other holders.

However, each holder has an absolute and unconditional right to receive payment when due and to bring a suit to enforce that right. We are required to furnish to the trustee under each indenture annually a statement as to our performance or fulfillment of our obligations under the applicable indenture and noting any default in such performance of fulfillment.

The Trustee

The Bank of New York Mellon Trust Company, N.A. will serve as the trustee under each indenture.

DESCRIPTION OF CAPITAL STOCK

The following description of our capital stock is only a summary and is subject to the provisions of our certificate of incorporation and by-laws, in each case as amended, which are included as exhibits to the registration statement on Form S-3 of which this prospectus forms a part, and the applicable provisions of the laws of Delaware, our State of incorporation.

General

Our authorized capital stock consists of (a) 240,000,000 shares of voting common stock, par value \$0.0001 per share, (b) 7,125,000 shares of non-voting common stock, par value \$0.0001 per share, (c) 20,000,000 shares of Class C common stock, par value \$0.0001 per share, and (d) 100,000 shares of preferred stock, par value \$0.0001 per share. As of January 7, 2014 we had 90,243,731 outstanding shares of voting common stock and no outstanding shares of non-voting common stock, Class C common stock, or preferred stock. As of January 7, 2014, approximately 1.5 million shares of common stock were reserved for issuance to employees under our incentive equity plans.

The following summary of the material terms and provisions of our capital stock is not complete and is subject to the terms included in our restated certificate of incorporation, our by-laws, and Delaware law. Reference is made to those documents and to Delaware law for a detailed description of the provisions summarized below.

Limitation on Liability and Indemnification Matters

Our certificate of incorporation limits the liability of our directors to our company and our stockholders to the fullest extent permitted by Delaware law. Specifically, our directors are not personally liable for money damages for breach of fiduciary duty as a director, except for liability:

Edgar Filing: UAG Central Region Management, LLC - Form S-3ASR

- under Section 174 of the Delaware General Corporation Law, which concerns unlawful payments of dividends, stock purchases or redemptions;
- for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;
- for any breach of the director's duty of loyalty to us or our stockholders; and
- for any transaction from which the director derived an improper personal benefit.

Our certificate of incorporation and bylaws also contain provisions indemnifying our directors, officers, employees and agents to the fullest extent permitted by Delaware law. The indemnification permitted under Delaware law is not exclusive of any other rights to which such persons may be entitled under our by-laws, any agreement, a vote of stockholders or otherwise.

In addition, we maintain directors' and officers' liability insurance to provide our directors and officers with insurance coverage for losses arising from claims based on breaches of duty, negligence, error and other wrongful acts.

Anti-takeover Effects of Our Certificate of Incorporation and By-laws and Provisions of Delaware Law

A number of provisions in our certificate of incorporation, by-laws and Delaware law may make it more difficult to acquire control of us by various means. These provisions could deprive the stockholders of opportunities to realize a premium on the shares of common stock owned by them. In addition, these provisions may adversely affect the prevailing market price of the common stock. These provisions are intended to:

- enhance the likelihood of continuity and stability in the composition of the board and in the policies formulated by the board;

Table of Contents

- discourage certain types of transactions which may involve an actual or threatened change in control of us;
- discourage certain tactics that may be used in proxy fights;
- encourage persons seeking to acquire control of us to consult first with the board of directors to negotiate the terms of any proposed business combination or offer; and
- reduce our vulnerability to an unsolicited proposal for a takeover that does not contemplate the acquisition of all of our outstanding shares or that is otherwise unfair to our stockholders.

No Stockholder Action Without a Meeting. Our certificate of incorporation and by-laws provide that stockholders may only take action at an annual or special meeting.

Special Meetings of Stockholders. Our by-laws provide that special meetings of our stockholders may be called only by the board of directors, the chairman of the board or the chief executive officer and must be called by the chief executive officer only upon the request of the holders of a majority of the outstanding shares of capital stock entitled to vote. This limitation on the right of stockholders to call a special meeting could make it more difficult for stockholders to initiate actions that are opposed by the board of directors, the chairman of the board or the chief executive officer. These actions could include the removal of an incumbent director or the election of a stockholder nominee as a director. They could also include the implementation of a rule requiring stockholder ratification of specific defensive strategies that have been adopted by the board of directors with respect to unsolicited takeover bids. In addition, the limited ability of the stockholders to call a special meeting of stockholders may make it more difficult to change the existing board and management.

Issuance of Preferred Stock. The ability of our board to establish the rights and issue substantial amounts of preferred stock without the need for stockholder approval, while providing desirable flexibility in connection with possible acquisitions, financings and other corporate transactions, may among other things, discourage, delay, defer or prevent a change in control of our company.

Authorized But Unissued Shares of Common Stock. The authorized but unissued shares of common stock are available for future issuance without stockholder approval. These additional shares may be utilized for a variety of corporate purposes, including future public offerings to raise additional capital, corporate acquisitions and employee benefit plans. The existence of authorized but unissued shares of common stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

Section 203 of the Delaware General Corporation Law. We must comply with the provisions of Section 203 of the Delaware General Corporation Law. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years after the date of the transaction in which the person became an interested stockholder, unless the business combination is approved in a prescribed manner.

A business combination includes a merger, consolidation, sale or other disposition of assets having an aggregate value in excess of 10% of the consolidated assets of the corporation and some transactions that would increase the interested stockholder's proportionate share ownership in the corporation. An interested stockholder is a person who, together with affiliates and associates, owns, or, in some cases, within three years prior, did own, 15% or more of the corporation's voting stock. Under Section 203, a business combination between us and an interested stockholder is prohibited unless it satisfies one of the following three conditions:

- our board of directors must have previously approved either the business combination or the transaction that resulted in the stockholder becoming an interested stockholder;
- upon completion of the transaction that resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of our voting stock outstanding at the time the transaction commenced, excluding, for purposes of determining the number of shares outstanding, shares owned by (1) persons who are directors and also officers and (2) employee stock plans, in some instances; and
- the business combination is approved by a majority of our board of directors and authorized at an annual or special meeting of the stockholders by the affirmative vote of the holders of at least 66 2/3% of the outstanding voting stock that is not owned by the interested stockholder.

This means that, to the extent provided in the applicable certificate of designations, you have paid the full purchase price for your shares and will not be assessed any additional amount for your shares.

Our board of directors will designate the transfer agent and registrar for each series of preferred stock and the exchange or market on which such series will be listed or eligible for trading, if any, at the time it authorized such series.

To the extent that applicable law or the applicable certificate of designations provides that holders of shares of a series of preferred stock are entitled to voting rights, each holder shall be entitled to vote ratably (relative to each other such holder) on all matters submitted to a vote of such holders. Each holder may exercise such vote either in person or by proxy.

our certificate of incorporation and by-laws, in each case as amended, which are included as exhibits to the registration statement on Form S-3 of which this prospectus forms a part, the certificate of designations governing the series of preferred stock, and the applicable provisions of the laws of Delaware, our State of incorporation.

Rank

Unless otherwise specified in the applicable prospectus supplement, the shares of preferred stock of each series will rank with respect to dividend rights and rights upon liquidation, dissolution or winding up of our affairs:

- senior to all classes or series of shares of common stock, and to all equity securities ranking junior to the series of shares of preferred stock;
- on a parity with all equity securities issued by us the terms of which specifically provide that such equity securities rank on a parity with shares of preferred stock of the series; and
- junior to all equity securities issued by us the terms of which specifically provide that such equity securities rank senior to shares of preferred stock of the series.

Dividends

Subject to the preferences to which holders of shares of any other series of preferred stock may be entitled and to the extent that the applicable certificate of designations so provides, the holders of shares of a series of preferred stock shall be entitled to receive ratably (relative to each other such holder) such dividends, if any, as may be declared from time to time in respect of shares of such series by our board of directors out of funds (including cash, securities and other property) legally available therefor. Subject to the prior rights of creditors and to preferences to which holders of shares of any other series of preferred stock may be entitled and to the extent that the applicable certificate of designations so provides, the holders of such shares of a series of preferred stock are entitled to receive ratably (relative to each other such holder) our assets (including cash, securities and other property) distributed upon our liquidation, dissolution or winding up.

DESCRIPTION OF COMMON STOCK

General

Edgar Filing: UAG Central Region Management, LLC - Form S-3ASR

Each outstanding share of our common stock is identical in all respects and entitles its holder to the same rights and privileges, except as otherwise described below. Holders of shares of common stock do not have preemptive or other rights to subscribe for additional shares of common stock or for any of our other securities.

Voting Common Stock. Each holder of voting common stock is entitled to one vote per share on all matters to be voted on by our stockholders. In addition, some stockholders that are regulated stockholders (as defined below) may at any time convert their shares of voting common stock into an equal number of shares of non-voting common stock in order to comply with applicable regulatory requirements.

Non-Voting Common Stock. Holders of non-voting common stock are generally not entitled to vote that stock on any matter on which our stockholders are entitled to vote.

Holders of non-voting common stock can vote as a separate class on any merger or consolidation of our company with or into another entity or entities, or any recapitalization or reorganization, in which shares of non-voting common stock would receive or be exchanged for consideration different on a per share basis from consideration received with respect to or in exchange for the shares of voting common stock or would otherwise be treated differently from shares of voting common stock in connection with such transaction, except that shares of non-voting common stock may, without such a separate class vote, receive non-voting securities which are otherwise identical to the voting securities received with respect to voting common stock so long as (1) the non-voting securities are convertible into the voting securities on the same terms as the non-voting common stock is convertible into voting common stock and (2) all other consideration is equal on a per share basis. Holders of shares of non-voting common stock can vote as a separate class on any amendment to the provisions contained in this paragraph.

Holders of non-voting common stock may at any time convert any or all of their shares into an equal number of shares of voting common stock. However, a holder of non-voting common stock may not convert its shares if, as a result of that conversion, the holder would control (1) more shares of our voting common stock or other securities than the holder is permitted to own pursuant to any regulation applicable to it or (2) with respect to holders regulated by state insurance law, 5% or more of our voting capital stock. However, the shares of non-voting common stock may be converted into voting common stock if the holder believes that such

Table of Contents

converted shares will be transferred within 15 days pursuant to a conversion event and the holder agrees not to vote such shares of voting common stock prior to the conversion event and undertakes to convert such shares back into non-voting common stock if such shares are not transferred pursuant to a conversion event. A conversion event includes a public offering by us and certain changes of control of our company.

We may not convert or directly or indirectly redeem, purchase or otherwise acquire any shares of voting common stock or any other class of our capital stock or take any other action affecting the voting rights of such shares if such action will increase the percentage of any class of outstanding voting securities owned or controlled by any regulated stockholder, unless we give written notice of such action to each regulated stockholder. We must defer making any such conversion, redemption, purchase or acquisition for a period of 30 days after giving notice to the regulated stockholders.

We may not be a party to any reorganization, merger or consolidation pursuant to which any regulated stockholder would be required to take (1) any voting securities that would cause such holder to violate any law, regulation or other governmental requirement or (2) any securities convertible into voting securities which if such conversion occurred would cause such holder to violate any law, regulation or governmental requirement. We currently have no outstanding shares of non-voting common stock.

Class C Common Stock. If any Class C common stock is issued, each holder of Class C common stock would be entitled to one-tenth of one vote for each share of Class C common stock held by such holder. We currently have no outstanding shares of Class C common stock.

The holders of shares of voting common stock and Class C common stock and, on any matter on which the holders of shares of non-voting common stock are entitled to vote, the holders of shares of non-voting common stock, all vote together as a single class; provided, however, that the holders of shares of non-voting common stock or Class C common stock are entitled to vote as a separate class on any amendment, repeal or modification of any provision of the certificate of incorporation that adversely affects the powers, preference or special rights of the holders of the non-voting common stock or Class C common stock, respectively.

For purposes of this section, regulated stockholder includes any stockholder that is subject to Regulation Y and owns our common stock or preferred stock.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is Computershare Limited.

Listing

Our common stock is listed on the New York Stock Exchange under the symbol PAG.

DESCRIPTION OF WARRANTS TO PURCHASE DEBT SECURITIES

The following summarizes the terms of debt warrants we may issue. We will issue the debt warrants under a debt warrant agreement that we will enter into with a bank or trust company, as debt warrant agent, that we select at the time of issue.

Determination of Terms

We may issue debt warrants evidenced by debt warrant certificates under the debt warrant agreement independently or together with any debt securities we offer by any prospectus supplement. The prospectus supplement will describe the particular terms of the debt warrants it covers. These terms may include:

- the price at which the debt warrants will be issued;

- the currency or composite currency for which the debt warrants may be purchased;

- the designation, aggregate principal amount, currency or composite currency and terms of the debt securities which may be purchased upon exercise of the debt warrants;

Table of Contents

- if applicable, the date on and after which the debt warrants and the related debt securities will be separately transferable;

- the principal amount of debt securities purchasable upon exercise of each debt warrant and the price at which and the currency or composite currency in which such principal amount of debt securities may be purchased upon such exercise;

- the date on which the right to exercise the debt warrants will commence and the date on which the right will expire and, if the debt warrants are not continuously exercisable throughout such period, the specific date or dates on which they will be exercisable;

- whether the debt warrant certificates representing the debt warrants will be in registered form or bearer form, or both;

- any applicable Federal income tax consequences;

- the identity of the debt warrant agent for the debt warrants; and

- any other terms of the debt warrants which conflict with the debt warrant agreement.

You may exchange debt warrant certificates for new debt warrant certificates of different denominations and may present debt warrant certificates for registration of transfer at the corporate trust office of the debt warrant agent, which will be listed in the prospectus supplement. Debt warrant holders, as such, do not have any of the rights of holders of debt securities, except to the extent that the consent of debt warrant holders may be required for certain modifications of the terms of an indenture or form of the debt security, as the case may be, and the series of debt securities issuable upon exercise of the debt warrants. In addition, debt warrant holders are not entitled to payments of principal of and interest, if any, on the debt securities.

Exercise of Debt Warrants

You may exercise debt warrants by surrendering the debt warrant certificate at the corporate trust office of the debt warrant agent, with payment in full of the exercise price. Upon the exercise of debt warrants, the debt warrant agent will, as soon as practicable, deliver the debt securities in authorized denominations in accordance with your instructions. If less than all the debt warrants evidenced by the debt warrant certificate are exercised, the agent will issue a new debt warrant certificate for the remaining amount of debt warrants.

DESCRIPTION OF WARRANTS TO PURCHASE COMMON OR PREFERRED STOCK

The following summarizes the terms of common stock warrants and preferred stock warrants we may issue. This description is subject to the detailed provisions of a stock warrant agreement that we will enter into with a stock warrant agent we select at the time of issue.

General Terms

We may issue stock warrants evidenced by stock warrant certificates under the stock warrant agreement independently or together with any securities we offer by any prospectus supplement. If we offer stock warrants, the prospectus supplement will describe the particular terms of the stock warrants it covers. These terms may include:

- the offering price, if any;

- if applicable, the designation and terms of the preferred stock purchased upon exercise of the preferred stock warrants;
- the dates on which the right to exercise the stock warrants begins and expires;
- certain United States federal income tax consequences;
- call provisions, if any;
- the currencies in which the offering price and exercise price are payable; and
- if applicable, the anti-dilution provisions of the stock warrants.

The shares of common stock or preferred stock we issue upon exercise of the stock warrants will, when issued in accordance with the stock warrant agreement, be validly issued, fully paid and non-assessable.

Table of Contents

Exercise of Stock Warrants

You may exercise stock warrants by surrendering to the stock warrant agent the stock warrant certificate, which indicates your election to exercise all or a portion of the stock warrants evidenced by the certificate. Surrendered stock warrant certificates must be accompanied by payment of the exercise price in the form of cash or a check. The stock warrant agent will deliver certificates evidencing duly exercised stock warrants to the transfer agent. Upon receipt of the certificates and the exercise price, the transfer agent will deliver a certificate representing the number of shares of common stock or preferred stock purchased. If you exercise fewer than all the stock warrants evidenced by any certificate, the stock warrant agent will deliver a new stock warrant certificate representing the unexercised stock warrants.

No Rights As Shareholders

Holders of stock warrants, as such, are not entitled to vote, to consent, to receive dividends or to receive notice as holders of common stock or preferred stock with respect to any meeting of such holders, or to exercise any rights whatsoever as holders of our common stock or preferred stock.

PLAN OF DISTRIBUTION

We and/or selling securityholders may sell the offered securities to or through one or more underwriters for public offering and sale by them, may sell the offered securities to investors directly or through agents, which agents may be affiliated with us, or otherwise through a combination of any of such methods of sale. Direct sales to investors may be accomplished through subscription offerings or through subscription rights distributed to our stockholders. In connection with subscription offerings or the distribution of subscription rights to stockholders, if all of the underlying offered securities are not subscribed for, we may sell such unsubscribed offered securities to third parties directly or through agents and, in addition, whether or not all of the underlying offered securities are subscribed for, we may concurrently offer additional offered securities to third parties directly or through agents, which agents may be affiliated with us. Any underwriter or agent involved in the offer and sale of the offered securities will be named in the applicable prospectus supplement.

Any selling securityholder will act independently of us in making decisions with respect to the timing, manner and size of each sale of securities covered by this prospectus and the applicable prospectus supplement.

The distribution of the offered securities may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, or at prices related to the prevailing market prices at the time of sale or at negotiated prices, any of which may represent a discount from the prevailing market price. We and/or selling securityholders also may, from time to time, authorize underwriters acting as our agents to offer and sell the offered securities upon the terms and conditions set forth in the applicable prospectus supplement. In connection with the sale of offered securities, underwriters may be deemed to have received compensation in the form of underwriting discounts or commissions and may also receive commissions from purchasers of offered securities for whom they may act as agent. Underwriters may sell offered securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agent.

Edgar Filing: UAG Central Region Management, LLC - Form S-3ASR

Any underwriting compensation paid to underwriters or agents in connection with the offering of offered securities, and any discounts, concessions or commissions allowed by underwriters to participating dealers, will be set forth in the applicable prospectus supplement. Underwriters, dealers and agents participating in the distribution of the offered securities may be deemed to be underwriters, and any discounts and commissions received by them and any profit realized by them on resale of the offered securities may be deemed to be underwriting discounts and commissions, under the Securities Act of 1933, as amended (the Securities Act). Underwriters, dealers and agents may be entitled, under agreements entered into with us and/or selling securityholders, to indemnification against and contribution toward civil liabilities, including liabilities under the Securities Act. Any such indemnification agreements will be described in the applicable prospectus supplement.

If five percent or more of the net proceeds of any offering of securities made under this prospectus will be received by members of the Financial Industry Regulatory Authority, which we refer to in this prospectus as FINRA, participating in the offering or by affiliates or associated persons of such FINRA members, the offering will be conducted in accordance with FINRA Conduct Rule 5121.

The maximum aggregate commission or discount to be received by any member of FINRA or independent broker dealer will not be greater than 8% of the gross proceeds of the sale of securities offered pursuant to this prospectus and any applicable prospectus supplement.

Table of Contents

To comply with the securities laws of some states, if applicable, the securities may be sold in these jurisdictions only through registered or licensed brokers or dealers. In addition, in some states the securities may not be sold unless they have been registered or qualified for sale or an exemption from registration or qualification requirements is available and is complied with.

Some of the underwriters and their affiliates may be customers of, engage in transactions with and perform services for us and our subsidiaries in the ordinary course of business.

SELLING SECURITYHOLDERS

Selling securityholders are persons or entities that, directly or indirectly, have acquired or will from time to time acquire from us, our securities in various private transactions. Such selling securityholders may be parties to registration rights agreements with us, or we otherwise may have agreed or will agree to register their securities for resale. The initial purchasers of our securities, as well as their transferees, pledgees, donees or successors, all of whom we refer to as selling securityholders, may from time to time offer and sell the securities pursuant to this prospectus and any applicable prospectus supplement.

The applicable prospectus supplement will set forth the name of each selling securityholder and the number of and type of securities beneficially owned by such selling securityholder that are covered by such prospectus supplement. The applicable prospectus supplement also will disclose whether any of the selling securityholders have held any position or office with, have been employed by or otherwise have had a material relationship with us during the three years prior to the date of the prospectus supplement.

The restated certificate of incorporation of Penske Automotive Group, Inc. ("Penske Automotive Group") provides that a director of Penske Automotive Group will not be liable to Penske Automotive Group or its stockholders for monetary damages for breach of fiduciary duty as a director, except to the extent that an exemption from liability or limitation of liability is not permitted under the Delaware General Corporation law ("DGCL"). Based on the DGCL as presently in effect, a director of Penske Automotive Group will not be personally liable to Penske Automotive Group or its stockholders for monetary damages for breach of fiduciary duty as a director, except: (1) for any breach of the director's duty of loyalty to Penske Automotive Group or its stockholders; (2) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law; (3) under Section 174 of the DGCL, which concerns unlawful payments of dividends, stock purchases or redemptions; or (4) for any transactions from which the director derived an improper personal benefit.

While these provisions give directors protection from awards for monetary damages for breaches of their duty of care, they do not eliminate the duty. Accordingly, Penske Automotive Group's certificate of incorporation will have no effect on the availability of equitable remedies such as injunction or rescission based on a director's breach of his or her duty of care.

Section 102(b)(7) of the Delaware General Corporation Law permits a corporation to provide in its certificate of incorporation that a director of the corporation shall not be personally liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director, except for liability (i) for any breach of the director's duty of loyalty to the corporation or its stockholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) for payments of unlawful dividends or unlawful stock repurchases, redemptions or other distributions, or (iv) for any transactions from which the director derived an improper personal benefit.

The Restated Certificate of Incorporation and the By-laws of Penske Automotive Group provide that Penske Automotive Group will indemnify its directors and officers to the fullest extent permitted by law and that no director shall be liable for monetary damages to Penske Automotive Group or its stockholders for any breach of fiduciary duty, except to the extent provided by applicable law. (iv) Any other communication that is an offer in the offering made by the registrant to the purchaser.

Edgar Filing: UAG Central Region Management, LLC - Form S-3ASR

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(7) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions described in Item 15 or otherwise, the registrant has been advised that, in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

(8) That, for purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the Registrant pursuant to Rule 424(b)(1) or (4) or 497(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(9) That, for the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment that contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
