Item 1.01 Entry into a Material Definitive Agreement.

On January 5, 2016, Omnicell, Inc. (the "Company"), as borrower, entered into a \$400 million senior secured credit facility pursuant to a Credit Agreement, by and among the Company, the lenders from time to time party thereto, Wells Fargo Securities, LLC, as Sole Lead Arranger and Wells Fargo Bank, National Association, as administrative agent (the "Credit Agreement"). The Credit Agreement provides for (a) a five-year revolving credit facility of \$200 million (the "Revolving Credit Facility") and (b) a five-year \$200 million term loan facility (the "Term Loan Facility" and together with the Revolving Credit Facility, the "Facilities"). In addition, the Credit Agreement includes a letter of credit sub-limit of up to \$10 million and a swing line loan sub-limit of up to \$10 million.

On January 5, 2016, the Company borrowed the full \$200 million under the Term Loan Facility and \$55 million under the Revolving Credit Facility to complete the acquisition of all of the membership interests of Aesynt Holding Coöperatief U.A. ("Aesynt") and to pay related fees and expenses. The Company expects to use future loans under the Revolving Credit Facility, if any, for general corporate purposes. The Credit Agreement replaces the Company's existing Credit Agreement, dated as of September 25, 2013, by and among the Company, the lenders from time to time party thereto and Wells Fargo Bank, National Association, as administrative agent, as amended.

Loans under the Facilities bear interest, at the Company's option, at a rate equal to either (a) the LIBOR Rate, plus an applicable margin ranging from 1.50% to 2.25% per annum based on the Company's Consolidated Total Net Leverage Ratio (as defined in the Credit Agreement), or (b) an alternate base rate equal to the highest of (i) the prime rate, (ii) the federal funds rate plus 0.50%, and (iii) LIBOR for an interest period of one month, plus an applicable margin ranging from 0.50% to 1.25% per annum based on the Company's Consolidated Total Net Leverage Ratio (as defined in the Credit Agreement). Undrawn commitments under the Revolving Credit Facility will be subject to a commitment fee ranging from 0.20% to 0.35% per annum based on the Company's Consolidated Total Net Leverage Ratio on the average daily unused portion of the Revolving Credit Facility. A letter of credit participation fee ranging from 1.50% to 2.25% per annum based on the Company's Consolidated Total Net Leverage Ratio will accrue on the average daily amount of letter of credit exposure.

The Company is permitted to make voluntary prepayments at any time without payment of a premium or penalty, except for any amounts relating to the LIBOR breakage indemnity described in the Credit Agreement. The Company is required to make mandatory prepayments under the Term Loan Facility with (a) net cash proceeds from any issuances of debt (other than certain permitted debt) and (b) net cash proceeds from certain asset dispositions (other than certain asset dispositions) and insurance and condemnation events (subject to reinvestment rights and certain other exceptions). Loans under the Term Loan Facility will amortize in quarterly installments, equal to 5.00% per annum of the original principal amount thereof during the first two years, which shall increase to 10.00% per annum during the third and fourth years, and 15.00% per annum during the fifth year, with the remaining balance payable on January 5, 2021. The Company is required to make mandatory prepayments under the Revolving Credit Facility if at any time the aggregate outstanding principal amount of loans together with the total amount of outstanding letters of credit exceed the aggregate commitments, with such mandatory prepayment to be equal to the amount of such excess.

The Credit Agreement contains customary representations and warranties and customary affirmative and negative covenants applicable to the Company and its subsidiaries, including, among other things, restrictions on indebtedness, liens, investments, mergers, dispositions, dividends and other distributions. The Credit Agreement contains financial covenants that require the Company and its subsidiaries to not exceed a maximum consolidated total leverage ratio and maintain a minimum fixed charge coverage ratio.

Events of default under the Credit Agreement include: (a) the failure by the Company or any Credit Party (as such term is defined in the Credit Agreement) to timely make payments due under the Credit Agreement or the other loan documents; (b) misrepresentations or misstatements in any representation or warranty subject to materiality or material adverse effect qualifications by any Credit Party or subsidiary thereof when made; (c) the failure by any Credit Party to comply with the covenants under the Credit Agreement and other related agreements; (d) certain defaults under a specified amount of other indebtedness of the Company or its subsidiaries; (e) insolvency or bankruptcy-related events with

respect to the Company or any of its subsidiaries; (f) certain judgments against the Company or any of its subsidiaries; (g) certain ERISA-related events; (h) the failure by the loan documents to create a valid and perfected security interest in any material portion of the collateral purported to be covered thereby; (i) any material provision of any loan document ceasing to be valid, binding and enforceable; (j) payment defaults and certain performance defaults under material contracts of the Company and its subsidiaries; and (k) the occurrence of a change in control. If one or more events of default occurs and continues, the administrative agent may, with the consent of the lenders holding a majority of the loans and commitments under the facilities, or will, at the request of such lenders, terminate the commitments of the lenders to make further loans and declare all of the obligations of the credit parties under the Credit Agreement to be immediately due and payable.

The Company's obligations under the Credit Agreement and any swap obligations and banking services obligations owing to a lender (or an affiliate of a lender) are guaranteed by certain of its domestic subsidiaries and secured by substantially all of its and the subsidiary guarantors assets. In connection with entering into the Credit Agreement, and as a condition precedent to borrowing loans thereunder, the Company and certain of the Company's other direct and indirect subsidiaries have entered into certain ancillary agreements, including, but not limited to, a collateral agreement and subsidiary guaranty agreement.

(together with Aesynt Holding, L.P., the "Sellers") pursuant to the securities purchase agreement, dated as of October 29, 2015, by and among the Company, Omnicell International, Inc., Sellers and Aesynt (the "Securities Purchase Agreement").
