On January 31, 2017, Sanchez Energy Corporation (the *Company*) entered into an underwriting agreement (the *Underwriting Agreement*) with J.P. Morgan Securities LLC, as representative of the several underwriters named therein (collectively, the *Underwriters*), providing for the offer and sale of 10,000,000 shares of the Company's common stock, par value \$0.01 per share (the *Common Stock*), by the Company, at a price to the public of \$12.50 per share (\$11.7902 per share, net of underwriting discounts). The Company granted the Underwriters a 30-day option to purchase up to an additional 1,500,000 shares of Common Stock on the same terms, which was exercised in full on February 1, 2017.

The Company will receive net proceeds of approximately \$134.9 million (after deducting underwriting discounts and commissions and estimated offering expenses) from the sale of the shares of Common Stock. The Company intends to use the net proceeds of the offering for general corporate purposes, including working capital. The offering is expected to close on February 6, 2017.

The Underwriting Agreement contains customary representations, warranties and agreements of the Company and customary conditions to closing, obligations of the parties and termination provisions. The Company has agreed to indemnify the Underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments the Underwriters may be required to make because of any of those liabilities.
