REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Benefits Committee of
City National Bank Profit Sharing Plan
Opinion on the Financial Statements
We have audited the accompanying statements of net assets available for benefits of the City National Bank Profit Sharing Plan (the Plan) as of December 31, 2017 and 2016, the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the financial statements). In our opinion, the financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2017 and 2016, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.
Basis for Opinion
These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on the Plan s financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.
We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audits we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion.
Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures to respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.
Opinion on the Supplemental Information

The supplemental information included in Schedule H, line 4(i) Schedule of Assets (Held at End of Year) as of December 31, 2017 has been subjected to audit procedures performed in conjunction with the audit of the Plan s financial statements. The supplemental information is the responsibility of the Plan s management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information in the accompanying schedule, we evaluated whether the supplemental information, including its form and content, is presented in conformity with DOL s Rules and Regulations for Reporting and Disclosure under ERISA. In our opinion, the supplemental information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole.

schedule is fairly stated, in all material respects, in relation to the financial statements as a whole.

	Notes	to Finai	ncial S	tatements
--	-------	----------	---------	-----------

December 31, 2017 and 2016

(1) **Description of the Plan**

The following description of the City National Bank Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a complete description of the Plan s provisions.

(a) General

The Plan is a defined contribution profit sharing plan with a 401(k) component, which provides retirement benefits for eligible employees of City National Bank (CNB) and its subsidiaries and certain affiliates (the Company) that have agreed to participate in the Plan. The Plan is administered by City National Bank (the Plan Sponsor) who acts by and through its administrative committee, the Benefits Committee. The Benefits Committee comprises officers of the Plan Sponsor, City National Bank, an indirect, wholly-owned subsidiary of Royal Bank of Canada (RBC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

On November 2, 2015, RBC completed its acquisition of City National Corporation (CNC), the former holding company for CNB. CNC was merged with and into RBC USA Holdco Corporation (Holdco), a Delaware corporation, with Holdco surviving the merger as a wholly-owned subsidiary of RBC. Prior to November 2, 2015, CNC was the Company or Plan Sponsor and the Plan was called the CNC Profit Sharing Plan.

The Department of Labor (DOL) conducted an investigation of the Plan, which began during the year ended December 31, 2009 for plan years ended December 31, 2006 through December 31, 2011.

The DOL issued its findings by letter dated September 29, 2012 in which the DOL addressed the appearance of violations of ERISA, subject to the possibility that additional information may revise its views. By letter dated December 6, 2012, CNC responded to the DOL. Representatives of the DOL and CNC met on May 29, 2013. During the May 29, 2013 meeting, both the DOL and CNC agreed to provide additional information and to continue discussions. Subsequent to that meeting, CNC provided additional information to the DOL.

On April 24, 2015, the DOL filed a complaint against CNC and others in the U.S. District Court for the Central District of California Western Division. The DOL alleged the following causes of action: (1) disloyal, imprudent, and prohibited transactions between the Plan and plan service providers City National Bank and CNC, who were also Plan fiduciaries; (2) disloyal, imprudent and prohibited transactions between the Plan and City National Asset Management, a division of City National Bank; and City National Securities, a wholly owned subsidiary of City National Bank; and (3) co-fiduciary liability with alleged damages of approximately \$4 million plus lost opportunity costs. CNC received the summons and complaint and engaged counsel. On April 5, 2016, the Court granted partial summary judgment in favor of the DOL and ordered CNB to retain an independent fiduciary to conduct an accounting of the amount of revenue sharing paid to CNB as a result of the Plan s investments. CNB s motion for reconsideration was denied on June 7, 2016. After a mutually agreed-upon independent fiduciary completed its accounting of revenue sharing, the parties filed cross motions for partial summary judgment on damages. On February 8, 2017, the Court ruled in favor of plaintiffs and entered judgment in the amount of \$7.3 million. CNB filed a notice of appeal on March 28, 2017, and briefing in the Ninth Circuit Court of Appeals is now completed with the Court to set oral arguments in late 2018. The Plan Sponsor is responsible for the payment of any amounts that may be incurred with respect to this matter. The impact on the Plan will be limited to gains that may be reported as a result of any payment made by the Plan Sponsor to the Plan. Such amounts cannot be determined at this time.

CITY NATIONAL BANK PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2017 and 2016

OneAmerica Retirement Services LLC is the recordkeeper for the Plan. CNB was the directed trustee for the Plan through March 31, 2017 and Matrix Trust Company was appointed directed trustee effective April 1, 2017. Matrix Trust Company is also the custodian for assets of the Plan. Plan participant Individually Directed Accounts (IDAs) are held at TD Ameritrade, unless a participant requests a different provider.

(b) Contributions

Employees of the Company who are entitled to paid vacation time and have completed one hour of service are eligible to participate in the Plan as of their hire date. Company profit sharing contributions to the Plan (referenced as Employer Contributions in the Plan) are equal to a percentage of employee eligible compensation based on the change in Net Profits (as defined by the Plan) over the prior fiscal year, subject to an overall maximum Company contribution of 8% of Consolidated Net Profits reduced by matching contributions made for such fiscal year (which are not made by forfeitures). For Plan years 2017 and 2016, a profit sharing contribution of 6.27% and 5.46%, respectively, of each participant s eligible compensation was made by the Company. Participants direct the investment of their contributions into various investment options offered by the Plan. Company contributions are invested at the participant s discretion in the same manner as the salary reduction contributions described below.

Under the 401(k) feature of the Plan, participants can contribute, under a salary reduction agreement, up to 50% of their eligible compensation as defined, but not to exceed the dollar amount allowed by law, which was \$18,000 for the years ended December 31, 2017 and 2016. The Company matches these employee deferrals up to a maximum amount of 50% of the first 6% of eligible compensation contributed to the Plan each payroll period. Participants age 50 and over may make unmatched catch-up deferrals in accordance with Internal Revenue Code (IRC) regulations and limitations, not to exceed the dollar amount allowed by law, which was \$6,000 for the years ended December 31, 2017 and 2016. Participants may also contribute amounts representing distributions (rollovers) from other tax-favored plans.

(c) Participant Accounts

Each participant account is credited with the participant s contributions, allocations of the Company s matching contribution and profit sharing contribution (if any), earnings or losses and administrative expenses as applicable. Earnings of the various funds are allocated to the participant balances according to the ratio that a participant s account balance or shares held in a given fund bears to the total of all account balances or shares held in the fund.

CITY NATIONAL BANK PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2017 and 2016

(d) Vesting

Participant contributions and the Company s matching contributions are immediately fully vested. A participant shall become fully vested in his or her entire accrued benefit upon the participant s normal retirement date (as defined by the Plan), death, or total disability (as defined by the Plan). The Company s profit sharing contributions, for participants whose employment terminates prior to his or her normal retirement date for reasons other than death or total disability shall vest in accordance with the following schedule:

	Vested
Years of service	percentage
Less than 2 years	0%
2	25
3	50
4	75
5 or more	100

Any non-vested amounts in a terminated participant s account will be forfeited in accordance with Plan provisions and used in the following sequence: first, to make any Plan contributions due to participants that have returned from qualified military service that are consistent with applicable law and the terms of the Plan; second, to make any Plan contributions required to correct administrative errors; third, to reduce matching contributions otherwise payable by the Company in the year that the forfeiture first becomes available; fourth, to restore previously forfeited account balances, if any; and fifth, to reduce matching contributions in the following year. As of December 31, 2017 and 2016, forfeited non-vested accounts totaled \$9,987 and \$5,492, respectively.

(e) Benefit Payments

In accordance with Plan provisions, a participant may elect to receive a distribution of his or her entire vested accrued benefit upon the participant s separation of service or attainment of age 59 ½. Under certain other conditions, such as for financial hardships defined by the Plan, a participant may request a withdrawal of his or her contributions.

In general, for distributions other than for financial hardship or withdrawal of employee after-tax contributions, the method of payment shall be based on the participant s election and may be made in the form of a lump-sum payment, installments (if eligible as defined by the Plan), or direct transfer to an Individual Retirement Account (IRA) or tax-favored plan that accepts the transfer. A participant may also elect a

combination of lump-sum payment and direct transfer. Distributions shall be made in cash or in-kind in accordance with the participant s election and Plan provisions.

CITY NATIONAL BANK PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2017 and 2016

(f) Notes Receivable from Participants

In accordance with provisions of the Plan s Loan Program, loans to participants may be made in an amount not less than \$1,000 and not to exceed the lesser of 50% of the participant s vested account balance, or \$50,000 reduced by the highest outstanding balance during the previous 12 months. Participants may only have one loan outstanding at a time. Such loans are collateralized by the participant s vested balance in the Plan and bear the prevailing interest rate used by lending institutions for loans made under similar circumstances. Interest rates ranged from 4.25% to 9.25% and maturity dates ranged from January 2018 to January 2033 as of December 31, 2017. The terms of these loans cannot exceed five years except that if the loan is used to purchase the principal residence of the participant, the loan term may be extended for up to a period of 15 years. Principal and interest are paid ratably through payroll deductions.

(g) Plan Termination

The Company has not expressed any intent to terminate the Plan; however, it may do so at any time, subject to the provisions of ERISA. In the event of Plan termination, participants automatically become fully vested in their accrued benefits.

(h) Plan Amendments

Effective January 1, 2016, the Plan was amended to (1) align the Employer Contribution (i.e., profit sharing) component with the Company s new fiscal year, which changed from calendar year to the 12-month period beginning November 1 and ending October 31; (2) to account for a short fiscal year for purposes of the 2016 profit sharing contribution; and (3) to modify the definition of Net Profit to align with the Company s new fiscal year and financial structure under RBC.

Effective January 1, 2017, the Plan was amended to align definitions and testing methods used in discrimination testing with RBC s US defined contribution plan to: (1) remove from the definition of Highly Compensated Employee reference to the top-paid group as the group consisting of the top 20% of Employees, to (2) change the Actual Deferral Percentage Limitation and the Limitations on Employee 401(m) Contributions from *preceding year* to *current year* method for testing purposes, and (3) to clarify repayment of participant loans applicable to participant transfers within the Controlled Group.

(2) Significant Accounting Policies

(a) Basis of Presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (U.S. GAAP).

Certain prior year amounts have been reclassified to conform to the current period presentation.

CITY	NATI(ONAL	BANK
PROF	TT SHA	RING	PLAN

Notes to Financial Statements

December 31, 2017 and 2016

(b) Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities in the statements of net assets available for benefits and the additions and deductions in the statements of changes in net assets available for benefits, as well as the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Publicly traded securities are carried at fair value based on the published market quotations. Shares of mutual funds are valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end. Common collective trust fund is valued at the NAV of units of the collective trust. Refer to Note 3 for a discussion of fair value measurements. Purchases and sales of investments are recorded on a settlement-date basis, which does not materially differ from trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation in fair value of investments includes both realized and unrealized gains and losses.

(d) Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

(e) Payment of Participant Benefits

Participant benefits are recorded when paid.

<i>(f)</i>	Administrative	Expenses
------------	----------------	-----------------

A portion of the administrative expenses of the Plan are paid by participants, and a portion is paid by the Company.

A participant s share of the administrative expense is charged on a per capita basis determined by dividing the applicable expenses by the number of participants.

Individual expenses, such as loan and Individually Directed Account (IDA) fees, are charged to the applicable participant accounts based on whether a participant takes advantage of certain Plan features. For example, the Plan s service providers charge a fee for processing loan applications and IDA transactions.

8

CITY	NATIONAL BANK	
PROF	IT SHARING PLAN	

Notes to Financial Statements

December 31, 2017 and 2016

(g) Risks and Uncertainties

The Plan provides for various investment options in money market funds, mutual funds, common stocks, corporate debt, and government securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect participants account balances and the amounts reported in the financial statements.

(h) Concentrations

Investment in the common stock of Royal Bank of Canada comprises 9.3% and 8.7% of the Plan s investments as of December 31, 2017 and 2016, respectively.

(3) Fair Value Measurements

Accounting guidance defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance. The inputs used in valuation techniques are prioritized as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

• Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

If the determination of fair value measurement for a particular asset or liability is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

CITY NATIONAL BANK PROFIT SHARING PLAN

Notes to Financial Statement	Notes	to Fina	incial S	tatements
------------------------------	-------	---------	----------	-----------

December 31, 2017 and 2016

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2017 and 2016.

Mutual funds and cash equivalents: Valued at the quoted NAV of shares held by the Plan at year-end.

U.S. Government securities: Valued using quoted prices and other inputs directly or indirectly observable for the asset. Prices for securities without market feeds are obtained through a third-party valuation source.

Common and preferred stock: Valued at the closing prices reported in active markets on which the individual securities are traded. Prices for securities without market feeds are obtained through a third-party valuation source using quoted prices.

Corporate debt: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Partnerships: Valued at the closing prices reported in active markets on which the individual securities are traded.

Other assets: Primarily consist of options, which are valued by third-party vendors based on observable market inputs.

Common collective trust fund: Valued at the NAV of units of the collective trust. The NAV, as provided by the trustee of the common collective trust fund, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investments for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in a different fair value measurement at the reporting date.

CITY NATIONAL BANK PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2017 and 2016

As of December 31, 2017 and 2016, the Plan s investments measured at fair value consisted of the following instruments and classifications within the fair value hierarchy:

Asset type		Level 1	Level 2	Level 3	Total
Cash equivalents	\$	75,608,477	\$ 129,950	\$	\$ 75,73

Partnerships	580,104				580,104
Other assets			(19,170)		(19,170)
Total assets in the fair value hierarchy	657,586,315		265,429		657,851,744
Investments measured at net asset value (a)					65,838,706
Total investments, at fair value	\$ 657,586,315	\$	265,429	\$	\$ 723,690,450

75,738,427

605,440,529

⁽a) In accordance with Topic 820, certain investments that are measured at fair value using the net asset value per share (or its equivalent), as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

(4) Party-in-Interest Transactions

Certain Plan investments are shares of CNR Mutual Funds managed by City National Rochdale and shares of common stock of Royal Bank of Canada. CNR is a wholly owned subsidiary of City National Bank, which is an indirect, wholly-owned subsidiary of Royal Bank of Canada, and thus, these are party-in-interest transactions.

CITY NATIONAL BANK PROFIT SHARING PLAN

Notes to Financial Statements

December 31, 2017 and 2016

(5) Income Taxes

The Company received a favorable tax determination letter on May 8, 2017 from the IRS stating that the Plan is qualified under IRC Section 401(a) and that the Trust is exempt from federal income taxes under provisions of Section 501(a). Although the determination received in 2017 did not include Plan amendments executed after January 7, 2016, the Plan administrator and the Plan s tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has concluded that as of December 31, 2017 and 2016, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan may be subject to audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(6) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the assets available for benefits between the financial statements and Form 5500 as of December 31, 2017 and 2016:

	2017	2016
Net assets available for benefits per the financial statements	\$ 888,257,203	\$ 736,695,275
Less interest income on notes receivable from participants	4,417	2,912
Net assets available for benefits per Form 5500	\$ 888,252,786	\$ 736,692,363

The following is a reconciliation of the net increase in net assets available for benefits between the financial statements and the Form 5500 for the years ended December 31, 2017 and 2016:

	2017	2016
Net increase in net assets available for benefits per the financial statements	\$ 151,561,928 \$	64,474,666

Less interest income on notes receivable from participants	1,505	(2,155)
Net increase in net assets available for benefits per Form 5500	\$ 151,560,423 \$	64,476,821
