Table of Contents**ITEM 11. EXECUTIVE COMPENSATION****COMPENSATION OF DIRECTORS**

Compensation of directors is determined by the Compensation Committee. The Compensation Committee has approved a compensation structure for non-employee directors consisting of a cash retainer, an annual equity award and, for Board members serving on a committee, an additional cash retainer. Directors who are our employees are not compensated for their services as directors.

Board and Committee Retainers

For Fiscal 2018, annual cash compensation for non-employee directors was as follows:

Position	Annual Retainer
Chairman of the Board	\$ 65,000
Non-Employee Director (other than the Chairman)	\$ 35,000

Additional retainers for each non-employee director who served on one or more Board committees in Fiscal 2018 were as follows:

Position	Annual Retainer
Audit Committee	
Chair	\$ 12,000
Member	\$ 6,000
Compensation Committee	
Chair	\$ 9,000
Member	\$ 4,500
Nominating and Corporate Governance Committee	
Chair	\$ 4,000
Member	\$ 2,000
Finance and Strategy Committee	
Chair	\$ 9,000
Member	\$ 4,500

All directors are reimbursed for their out-of-pocket expenses incurred in attending meetings of our Board of Directors and its committees, but they do not receive separate meeting fees.

Annual Equity Compensation

Non-employee directors are also eligible to receive periodic restricted stock units (RSUs) under the Company s equity incentive plan then in effect. Each non-employee director shall be granted an annual RSU upon approval of the grant by the Compensation Committee as soon as reasonably practicable following the annual meeting of stockholders at which such director is re-elected. The annual RSU grant shall be worth \$40,000 based on the closing price of the Company s common stock on the RSU grant date. Each RSU entitles the holder to receive shares of the Company s common stock upon vesting of those units. Each annual RSU generally vests in full upon the director s completion of one year of service measured from the date of the annual stockholders meeting to which the RSU relates. If a non-employee director joins the Board in between annual stockholder meetings, such director would receive an RSU for a pro rata portion of the annual grant, which typically vests in full in one year following the grant date.

Our philosophy is to provide our named executive officers with compensation that will motivate and retain them, provide them with meaningful incentives to achieve and exceed short-term and long-term corporate objectives set by our Compensation Committee, and align their long-term interests with those of our shareholders. Based on this philosophy, the compensation programs for our named executive officers are designed to achieve the following primary objectives:

- establish a compensation structure that is competitive enough to attract, retain and motivate outstanding executive talent;
- ensure that any cash incentive compensation programs for our named executive officers are aligned with our corporate strategies and business objectives by tying the potential payouts under such programs to the achievement of key strategic, financial and operational goals; and
- utilize long-term equity awards to align interests between our named executive officers and stockholders.

Impact of 2016 Say-on-Pay Vote

The most recent stockholder advisory vote on executive officer compensation required under the federal securities laws was held on December 15, 2016. Approximately 81.5% of the total votes cast on such proposal (which excluded broker non-votes) were in favor of the compensation of the named executive officers, as that compensation was disclosed in the various compensation tables and narrative that appeared in the Company's proxy statement dated November 21, 2016. Based on that high level of stockholder approval, the Compensation Committee decided not to make any material changes to the Company's compensation philosophies, policies and practices for the Fiscal 2018 compensation of the named executive officers. Based on the voting preference of the Company's stockholders, advisory votes on executive officer compensation will be conducted every three years; accordingly, the next advisory vote will be conducted at the 2019 Annual Meeting of Stockholders. The Compensation Committee will continue to take into account each such advisory vote in order to determine whether any subsequent changes to the Company's executive compensation programs and policies would be warranted to reflect any stockholder concerns reflected in those advisory votes.

Annual Review of Cash and Equity Compensation

We conduct an annual review of the aggregate level of our executive compensation, as well as the mix of elements used to compensate our executive officers to ensure that compensation is structured appropriately to achieve our objectives. We review each component of compensation as related but distinct. Although the Compensation Committee reviews total compensation, it has not adopted any formal guidelines for allocating total compensation between cash and equity compensation. We determine the appropriate level of each compensation component based in part, but not exclusively, on our retention goals and short-term and long-term objectives.

This review generally occurs in the first quarter of each fiscal year at which time the Compensation Committee establishes executive officer base salaries for the following fiscal year, reviews and approves any bonus awards and programs, establishes the performance objectives for our cash based bonus plan, and may grant of equity compensation to the executive officers to ensure their interests are aligned with our stockholders and for retention. In Fiscal 2018, the Compensation Committee engaged and retained the services of an independent compensation consulting firm, Frederic W. Cook & Co., Inc., to assist in the review of its executive compensation with respect to our Chief Executive Officer and our Chief Financial Officer. This consultant provided the Compensation Committee with market data and analysis of our total direct compensation for such executive officer positions as compared with the competitive market. FW Cook reports only to the Compensation Committee and has not performed any other work for the Company since being retained as an independent consultant to the Compensation Committee. As provided in its charter, the Compensation Committee has the authority to determine the scope of FW Cook's services and may terminate their engagement at any time.

In setting executive compensation, the Compensation Committee takes into account a number of factors, including the nature and scope of the named executive officer's responsibilities, his or her individual performance level and contribution to the achievement of our corporate objectives, the experience level of the executive, the recommendations of our Chief Executive Officer for each individual's compensation package (other than his own) and the compensation trends in the industry.

As part of the review process, our Chief Executive Officer provides our Compensation Committee with recommendations as to the base salary, cash bonus potential and long-term equity incentive award for each of our executive officers other than himself based on that officer's level of responsibility, individual performance and contribution to the attainment of our strategic corporate objectives and market data. Our Compensation Committee takes the Chief Executive Officer's recommendations into consideration in setting named executive officer compensation, but retains complete discretionary authority to make all compensation-related decisions for our named executive officers. Our Compensation Committee makes its compensation decisions with respect to the Chief Executive Officer on the basis of relevant market data furnished by a variety of sources and its subjective assessment of individual performance and contributions to our overall corporate performance. Any decisions regarding our Chief Executive Officer's compensation are made without such officer present.

Compensation Components and Structure

We utilize three main components in structuring compensation programs for our named executive officers:

- Base salary, which is the only fixed compensation element in executive compensation program and is primarily used to recruit and retain executive talent and provide an element of economic security from year to year;
- Performance-based cash bonuses that are primarily designed to reward achievement of financial and operational goals; and
- Equity incentive awards designed to ensure long-term retention of our executive talent and align their interests with those of our stockholders.

We view each component of compensation as related but distinct. It is the practice of our Compensation Committee to allocate a substantial portion of each named executive officer's total compensation to performance and long-term incentive compensation as a result of the philosophy described above. While the Compensation Committee does establish specific performance criteria for its cash-based bonus plan each year, there is no formal pre-established policy for the allocation of compensation between cash and non-cash components or between short-term and long-term components, and there are no pre-established ratios between the compensation of our Chief Executive Officer and that of the other named executive officers. Instead, our Compensation Committee determines the compensation of each named executive officer annually based on its review of the market data, its subjective analysis of that individual's performance and contribution to our financial performance and the other factors identified in the Annual Review of Cash and Equity Compensation section above to determine the appropriate level and balance of total compensation. We believe that this approach allows us to tailor compensation for each named executive officer to attract, retain and motivate that executive officer within the parameters of our compensation philosophy.

Base Salaries. Base salaries are set at levels that are intended to recognize the experience, skills, knowledge and responsibilities required of all our named executive officers. Each named executive officer's base salary level is typically reviewed on an annual basis and adjustments may be made to the individual's base salary on the basis of his or her level of performance, the overall performance of the Company and the various compensation trends in our industry.

In June 2017, the Compensation Committee reviewed the base salaries of the named executive officers and established the base salaries for Fiscal 2018 for such officers as is set forth below.

Named Executive Officer

	Fiscal 2018
	Annual Base Salary
Joe Bergera	\$ 400,000
Andrew Schmidt	351,500
James Chambers	275,000(1)
Todd Kreter	275,516
Ramin Massoumi	259,248

(1) Mr. Chamber's Fiscal 2018 base salary was prorated since he joined the Company in August 14, 2017.

Fiscal 2018 Cash-Based Bonus Plan (2018 Bonus Plan). Our named executive officers are eligible to receive an annual cash-based bonus under our 2018 Bonus Plan. Each year, our Compensation Committee establishes the performance objectives to be attained and the target bonuses payable based on the level of attainment of the specified goals, which generally include the Company's revenues and operating income for the fiscal year, the revenues and contribution margin of such officer's business unit, and personal objectives set for each officer (MBOs). We define contribution margin as the business unit's operating income without corporate expense allocations. Corporate operating income and the operating income of each business unit is calculated on a non-GAAP basis to exclude amortization, depreciation, stock-based compensation, and such other non-cash items that the Compensation Committee, in its sole discretion, believes are not directly indicative of the performance of the Company and the business units. The Compensation Committee typically meets near the end of the first fiscal quarter of each year to evaluate the NEO's achievement of such performance objectives and annual bonuses are typically paid out as soon as practicable thereafter.

Agriculture and Weather Analytics Contribution Margin	(6,940)	(5,783)	(4,626)	(8,048)	71.9%

If our performance for Fiscal 2018 exceeded the Company and business unit performance targets set for bonus purposes, the named executive officers could have earned an additional bonus of up to 50% of the target bonus award that was not based upon achieving individual objectives. The full 50% additional bonus would have been earned by the NEOs if the Company had achieved the performance goals set forth under the

Maximum column above. If the Company had achieved performance that was less than the goals set forth under the Maximum column but more than the amounts set forth under the Target column, the additional bonus payable would have been proportional, or based on the level of the Maximum goal achieved when measured from the Target amount. For example, if the performance had exceeded the Target goal by 25% of the difference between the Maximum and Target amounts, then 25% of the 50% additional bonus relating to such performance goal would have been payable.

The performance objectives, target bonus and actual bonus for each of our named executive officers for Fiscal 2018 is as follows:

Equity Compensation. Our equity award program is the primary vehicle for offering long-term incentives to our named executive officers and providing an inducement for long-term retention. Our equity component also aligns the interests of our named executive officers with those of our stockholders and focuses their attention on the creation of stockholder value in the form of stock price appreciation. The Compensation Committee uses both stock options and restricted stock units as part of the Company's long-term incentive program for named executive officers, and the relative allocation of such instruments may vary from time to time. The Company believes that there are several advantages of using restricted stock units including ongoing concerns over the dilutive effect of option grants on the Company's outstanding shares, the Company's desire to have a more direct correlation between the compensation expense it must record for financial accounting purposes and the actual value delivered to executive officers, and the fact that the incentive and retention value of a restricted stock unit award is less affected by market volatility than stock options. We believe that the equity-based compensation provides our named executive officers with a direct interest in our long-term performance and creates an ownership culture that establishes a mutuality of interests between our named executive officers and our shareholders.

Typically, the Compensation Committee provides grant guidelines to our Chief Executive Officer, who in turn will make recommendations back to the Compensation Committee regarding the number of options to be granted to our executive officers. See 2018 Grant of Plan-Based Awards below for the Fiscal 2018 awards.

Employment Contracts; Termination of Employment and Change of Control Arrangements

We do not currently have any employment contracts or change in control arrangements in effect with any of our named executive officers other than the agreements described below. We provide incentives such as salary, benefits, option grants and RSUs to attract and retain executive officers and other key associates. The plan administrator of the 2007 Omnibus Incentive Plan and 2016 Omnibus Incentive Plan has the discretion to determine whether outstanding equity awards held by our NEOs are to vest upon a qualifying termination of employment following certain changes in control of the Company, or upon such change in control, but we do not provide for any automatic single trigger acceleration of equity awards upon a change in control (other than the option grant received by Dr. Daly in connection with his service as a non-employee director). Other than as noted in this section, there is no agreement or policy which would automatically entitle any named executive officer to severance payments or any other compensation as a result of such officer's termination.

Agreement with Joe Bergera

In connection with his hiring, we entered into an employment agreement with Joe Bergera, our Chief Executive Officer, dated September 8, 2015, pursuant to which Mr. Bergera will receive an annual base salary of \$385,000, which may be increased from time to time at the discretion

Edgar Filing: ITERIS, INC. - Form 10-K/A

of the Compensation Committee. Mr. Bergera will also be eligible to participate in our executive bonus plan as then in effect and his potential bonus for each year will be established annually by the Board or a committee of the Board, provided that the bonus potential for Fiscal 2016 will be \$300,000, of which \$150,000 was a signing bonus payable on January 31, 2016 provided that Mr. Bergera was employed by the Company as of such date. The agreement is for an initial term of three years and will renew for successive one year periods until September 2025 unless either we or Mr. Bergera provides written notice of non-renewal at least 30 days prior to the end of the initial term or renewal term, as applicable.

Pursuant to the agreement, Mr. Bergera also received an option grant under our 2007 Omnibus Incentive Plan to purchase up to 1,350,000 shares of our common stock (the Option). The Option vests in equal annual installments over four years and has an exercise price equal to the closing sales price of our common stock on the date of grant of the Option.

If during the initial term of the agreement or any renewal term, Mr. Bergera's employment with the Company is terminated without Cause (as such term is defined in the agreement), Mr. Bergera will be entitled to receive (i) salary continuation payments for 12 months following his termination, (ii) a lump sum payment equal to the pro-rated portion of his target bonus established by the Compensation Committee for the fiscal year in which his employment is terminated and (iii) reimbursement for the cost of COBRA coverage for a period of up to 12 months following the termination. If Mr. Bergera is terminated without Cause or resigns for Good Reason within 12 months following a Change in Control (as such terms are defined in the agreement) (such termination or resignation, a CIC Termination), Mr. Bergera will be entitled to receive (i) a lump sum payment equal to 125% of his base salary as then in effect, (ii) a lump sum payment equal to the pro-rated portion of his target bonus established by the Compensation Committee for the fiscal year in which the CIC Termination occurs, (iii) reimbursement for the cost of COBRA coverage for a period of up to 12 months following the CIC Termination, and (iv) acceleration of the vesting of the Option. In addition, upon termination of his employment due to death, Mr. Bergera's estate or beneficiaries will be entitled to receive salary continuation payments in the aggregate equal to 50% of his then current base salary.

Agreement with Andrew Schmidt

We entered into an employment agreement dated March 9, 2015 with Andrew Schmidt, our Chief Financial Officer, in connection with his hiring. Pursuant to the agreement, Mr. Schmidt will receive an annual base salary of \$325,000, which may be increased from time to time at the discretion of the Board or the Compensation Committee. He will also be eligible to participate in our executive bonus plan as then in effect and his potential bonus for each year will be established annually by the Board or the Compensation Committee, provided that the bonus potential for Fiscal 2016 was to be \$125,000. The agreement will have an initial term of two years and will renew for successive one year periods until March 2025 unless either the Company or Mr. Schmidt provides written notice of non-renewal at least 30 days prior to the end of the initial term or renewal term, as applicable. The agreement was amended on June 12, 2017 and provides that if Mr. Schmidt's employment with the Company is terminated without Cause or in connection with a Change of Control (as such terms are defined in the agreement), Mr. Schmidt will be entitled to salary continuation payments for twelve months following his termination of his annual base salary as then in effect. In addition, Mr. Schmidt will be entitled to receive reimbursement for the cost of COBRA coverage for a period of up to twelve months following such termination.

Iteris, Inc. Executive Severance Plan

The Iteris, Inc. Executive Severance Plan (the "Severance Plan") was adopted on February 5, 2018. Each individual employed by the Company or its subsidiary, who is an officer subject to Section 16 of the Securities Exchange Act of 1934, as amended, and who is not otherwise covered by an employment agreement that includes severance terms, is eligible to receive severance payments under the Severance Plan upon certain qualifying terminations of employment (the "Eligible Employees"). Eligible Employees for the purposes of the Severance Plan is limited to a select group of management or highly compensated employees within the meaning of the Employee Retirement Income Security Act of 1974, as amended.

The Severance Plan provides Eligible Employees with severance payments in the event that an Eligible Employee's employment with the Company or its subsidiaries is terminated either (a) by the Company without Cause not in connection with a Change of Control ("Non-CIC Qualifying Termination") or (b) if in connection with or within 12 months following a Change of Control, by the Eligible Employee for Good Reason (as such terms are defined in the Severance Plan) or by the Company without Cause ("CIC Qualifying Termination").

Non-CIC Qualifying Termination. Upon a Non-CIC Qualifying Termination, an Eligible Employee will be eligible to receive the following:

- A cash payment equal to the Eligible Employee's annual base salary, payable in substantially equal installment payments over the one-year period following termination, in accordance with the Company's normal payroll practices; and
- Reimbursement for the Eligible Employee's monthly COBRA premiums for the 12-month period following termination, or until the Eligible Employee receives substantially similar medical coverage from another employer.

CIC Qualifying Termination. Upon a CIC Qualifying Termination, an Eligible Employee will be eligible to receive the following:

- A cash payment equal to the Eligible Employee's annual base salary, payable in a lump sum on the next payroll date after the 61st day following termination; and
- Reimbursement for the Eligible Employee's monthly COBRA premiums for the 12-month period following, or until the Eligible Employee receives substantially similar medical coverage from another employer.

The severance payments are subject to the Eligible Employee's execution of a severance agreement within 60 days following termination that includes a release of claims and certain non-solicitation, confidentiality, and non-disparagement restrictions.

Table of Contents

The Company may amend or terminate the Severance Plan at any time by providing at least 90 days' advance written notice to each participant, provided that no such amendment or termination that has the effect of reducing or diminishing the right of any participant will be effective unless one year's advance written notice is provided to participants, and such amendment or termination will not be effective if a Change of Control occurs during the one-year notice period.

Indemnification of Directors and Officers

Under Section 145 of the Delaware General Corporation Law, we can indemnify our directors and officers against liabilities they may incur in such capacities, including liabilities under the Securities Act of 1933, as amended. Our certificate of incorporation and bylaws provide that we will indemnify our directors and officers to the fullest extent permitted by law, and our bylaws require us to advance litigation expenses upon receipt of an undertaking by the director or officer. If it is ultimately determined that the director or officer is not entitled to indemnification, the director or officer is required to pay such advances. The bylaws further provide that rights conferred under such bylaws do not exclude any other right such persons may have or acquire under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise.

Our certificate of incorporation provides that, pursuant to Delaware law, our directors shall not be liable for monetary damages for breach of the directors' fiduciary duty of care to us and our stockholders. This provision in the certificate of incorporation does not eliminate the duty of care, and in appropriate circumstances equitable remedies such as injunctive or other forms of non-monetary relief will remain available under Delaware law. In addition, each director will continue to be subject to liability for breach of the director's duty of loyalty to us or our stockholders, for acts or omissions not in good faith or involving intentional misconduct or knowing violations of law, for actions leading to improper personal benefit to the director, and for payment of dividends or approval of stock repurchases or redemptions that are unlawful under Delaware law. The provision also does not affect a director's responsibilities under any other law, such as the federal securities laws or state or federal environmental laws.

We have entered into agreements to indemnify certain of our directors and officers in addition to the indemnification provided for in the certificate of incorporation and bylaws. These agreements, among other things, indemnify such directors and officers for certain expenses (including attorneys' fees), judgments, fines and settlement amounts incurred by such person in any action or proceeding, including any action by or in the right of the Company, on account of services as a director or officer of Iteris, or as a director or officer of any other company or enterprise to which the person provides services at our request.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the discussion and analysis of the compensation of our named executive officers as disclosed in this Annual Report under the heading "Compensation Discussion and Analysis." Based on this review and discussion, the Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Company's Annual Report on Form 10-K for the fiscal year ended March 31, 2018.

Compensation Risk Assessment

The Compensation Committee has evaluated our compensation programs and policies as generally applicable to our employees to ascertain any potential material risks that may be created by the compensation programs. The Compensation Committee concluded that our compensation policies and practices, taken as a whole, are not reasonably likely to have a material adverse impact on our business or our financial condition. The following compensation design features help minimize the incentives for excessive risk-taking:

- Our base pay programs consist of generally competitive salary rates that represent a reasonable portion of total compensation and provide a reliable level of income on a regular basis, which decreases incentive on the part of our executives to take unnecessary or imprudent risks;
- A portion of each executive's incentive compensation opportunity is tied to long-term incentive compensation that emphasizes sustained performance over time. This reduces any incentive to take risks that might increase short-term compensation at the expense of longer term results; and

Table of Contents

- Annual equity awards have multi-year vesting which aligns the long-term interests of our executives with those of our stockholders and, again, discourages the taking of short-term risk at the expense of long-term performance.
- Each officer has multiple performance objectives, some of which relate to the Company as a whole, which is more difficult for an officer to manipulate.

Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(u) of Regulation S-K, we are providing the ratio of the annual total compensation of our Chief Executive Officer, Joe Bergera (the CEO), to that of our median employee (excluding our Chief Executive Officer). The SEC requires us to disclose the annual total compensation of each of Mr. Bergera and such median employee, as well as the ratio of their respective annual total compensation to each other (in each case, with annual total compensation calculated in accordance with SEC rules applicable to the Summary Compensation Table). Please see Summary Compensation Table for an explanation of amounts set forth in the Stock Awards columns.

The pay ratio values for Fiscal 2018 are as follows:

- The estimated median of the annual total compensation of all employees of the Company (other than our CEO) was \$68,428; and
- The Fiscal 2018 annual total compensation of our CEO, as reported in the Summary Compensation Table included elsewhere in this report, was \$1,234,825.
- Based on this information, for Fiscal 2018, the estimated ratio of the annual total compensation of our CEO, Mr. Bergera, to the median of the annual total compensation of all employees was 18 to 1.

Pay Ratio Methodology

We used the following methodology to identify our median employee and calculate the above-disclosed values.

- In determining our median employee, we chose our fiscal year end, March 31, 2018, as the determination date (the Determination Date), which date is within the last three months of our last completed fiscal year, for the determination of employees in such analysis. As of the Determination Date, Iteris and its wholly-owned subsidiary, employed an aggregate of 446 persons (excluding our CEO), consisting of 413 full-time and 33 part-time, all of whom reside in the United States.
- We used a Consistently Applied Compensation Measure (CACM) for all our employee (but excluding our CEO), to calculate the median employee compensation earned in Fiscal 2018. For our CACM, we used our internal payroll records for Fiscal 2018 to identify the sum of (i) base salary or wages earned, (ii) annual bonus earned for Fiscal 2018, (iii) the Company's 401(k) matching contribution made in Fiscal 2018, and (iv) the grant date fair value of stock awards approved during Fiscal 2018 for each employee employed as of the Determination Date.
- In determining our median employee, we did not use any of the exemptions permitted under SEC rules. Similarly, except as described above, we did not rely on any material assumptions, adjustments (e.g., cost-of-living adjustments) or estimates (e.g., statistical sampling) to identify our median employee or to determine annual total compensation or any elements of annual total compensation for our median employee or our CEO.
- We then calculated the median employee's Fiscal 2018 compensation in the same manner (using the same components) as the NEOs' compensation as presented in the Summary Compensation Table, which required us to substitute bonus earned in Fiscal 2018 instead of the bonus actually paid in Fiscal 2018.

The SEC rules for identifying the median employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices. As such, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates, and assumptions in calculating their own pay ratios.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE**Certain Transactions**

Edgar Filing: ITERIS, INC. - Form 10-K/A

Since April 1, 2015, other than the agreements and transactions described in Item 11. Executive Compensation and the transactions described below, there has not been, nor is there any proposed transaction, where we (or any of our subsidiaries) were or will be a party in which the amount involved exceeded or will exceed the lesser of \$120,000 or the average of our total assets at year-end for the last two fiscal years and in which any director, director nominee, executive officer, holder of more than 5% of any class of our voting securities, or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest.

We previously subleased office space to Maxxess Systems, Inc. (Maxxess), one of our former subsidiaries that we sold in September 2003. The sublease terminated in September 2007, at which time Maxxess owed us an aggregate of \$274,000. Maxxess executed a promissory note for such amount, which was subsequently amended and restated on July 23, 2013 and on August 11, 2016. The amended and restated note bears interest at a rate of 6% per annum, compounded annually, with accrued interest payable annually on the first business day of each calendar year. When authorized by the Company, Maxxess may pay down the balance of this note by providing consulting services to Iteris. We have previously fully reserved for amounts owed to us by Maxxess and the outstanding principal balance remains fully reserved. As of March 31, 2018, approximately \$146,000 of the original principal balance was outstanding and payable to Iteris. Maxxess is currently owned by an investor group that includes, among others, one former Iteris director, who has not been a director of Iteris since September 2013, and one existing director of Iteris, who currently owns less than 2% of Maxxess capital stock.

Director Independence

The Board of Directors has determined that Ms. Siegal and each of Messrs. Daly, Deeter, Mooney, Thomas and Williams satisfies the requirements for independence using the standards established by Nasdaq, except that Dr. Daly did not qualify as an independent director while he was serving as our interim Chief Executive Officer from February 2015 to September 2015.
