### e-SMART TECHNOLOGIES, INC. NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

#### Note 1 - Basis of Presentation

The accompanying unaudited condensed financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Results for the three month periods ended March 31, 2002 and 2001, are not necessarily indicative of the results that may be expected for the respective years ended December 31, 2002 and 2001.

The unaudited condensed financial statements should be read in conjunction with the audited financial statements and related footnotes included in the Registrant's Annual Report on Form 10-KSB for the fiscal years ended December 31, 2002 and December 31, 2001, supplemented by the notes included herein. Such Annual Report on Form 10-KSB was the second Annual Report on Form 10-KSB to be filed by the Registrant since present management assumed control of the Registrant in December 2000. Prior thereto, the Registrant's last audited financial statements were filed with the Registrant's Form 10-SB12G on May 30, 2000.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### Note 2 - Related Party Transactions

##### Common Ownership

Approximately 77% of the Registrant's outstanding common shares are owned by IVI Smart Technologies, Inc., a Delaware corporation (the "Licensor"), that is the sole owner of all of the Super Smart Card TM technology originally licensed to the Registrant in 2000, and subsequently amended in 2001, for a 20-year term for commercialization throughout Asia and the United States. The Licensor's parent is Intermarket Ventures, Inc., a Utah corporation ("Ventures"). Mary A. Grace, the Registrant's President and Chief Executive Officer, is a director, executive officer and principal stockholder of the Licensor and Ventures. Tamio Saito, the Registrant's Chief Technology Officer, is also an executive officer and principal stockholder of the Licensor and Ventures. The Licensor and Ventures are in a position to materially influence the direction of the Registrant, its efforts in raising the additional capital critical to its success, and the strategies employed in commercialization of the licensed technology, assuming the Registrant's business plan is ultimately successful.

#### Note 3 - Going Concern

The Registrant's condensed financial statements have been presented on the basis that it is a going concern, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business.

As shown in the accompanying financial statements, the Registrant's entire working capital at March 31, 2002 was comprised of \$1,011 of cash. In addition,

## Edgar Filing: E-SMART TECHNOLOGIES INC - Form 10QSB

the Registrant has incurred an accumulated deficit of \$(169,260) through March 31, 2002. The Registrant is dependent upon the efforts of the Licensor and Ventures to raise proceeds from continued debt or equity placements to sustain the research and development and ultimate commercialization of their respective interests in the Super Smart Card TM technology. The Registrant's ability to continue to receive this level of support from the Licensor and Ventures is uncertain. The condensed consolidated financial statements do not include any adjustments that might be necessary if the Registrant is unable to continue as a going concern.

### Administrative Proceeding

On December 12, 2003, the SEC commenced an Administrative Proceeding against the Registrant seeking, *inter alia*, to interrupt public trading in the Registrant's securities (the "Proceeding"). Pending a decision by the Administrative Law Judge, Lillian A. McEwen (the "ALJ"), the Registrant agreed to utilize its best efforts to prepare and file its Annual Report on Form 10-KSB for the two fiscal years ending December 31, 2003, on or before March 30, 2004.

However, and on March 4, 2004, Judge, published an Initial Decision in the Proceeding. In her Initial Decision, the ALJ found that the Registrant failed to make the required filings, as alleged, and therefore violated Exchange Act Section 13(a) and Rules 13a-1 and 13a-13. In assessing sanctions, the ALJ found that the Registrant's violations were not only recurrent but also egregious, lasting over three years and continuing to the present. The ALJ added that, although the Registrant represents that it intends to bring itself into full compliance with the periodic reporting requirements no later than March 31, 2004, this endeavor seems doomed. Because the ALJ was convinced that the Registrant could not readily remedy its periodic reporting violations, she concluded that a suspension would not sufficiently protect the investing public. The ALJ, therefore, rendered a decision to revoke the Registrant's registration. On March 30, 2004, the Registrant filed a Form 10-KSB covering fiscal years ending on December 31, 2002 and 2003.

On March 23, 2004, the Registrant filed a petition with the SEC for review of the ALJ 's decision. The Registrant's petition was granted on March 26, 2004. On March 30, 2004, the Division of Enforcement asked that the ALJ's decision be summarily affirmed pursuant to Rule of Practice 411(e). The Division also moved for leave, under Commission Rule of Practice 410(d), to file a brief in opposition to the Registrant's petition for review. By June 30, 2004, the Registrant had filed all Form 10-QSB Quarterly Reports required to be filed for the two years ended December 31, 2003. On May 17, 2004, the Registrant timely filed its Form 10-QSB Quarterly report for the three months ended March 31, 2004.

On July 16, 2004, the SEC published an order wherein the Division of Enforcement's motions for summary affirmance and for leave to file a brief in opposition to the Registrant's petition for review were denied. On August 16, 2004, the Registrant timely filed its Form 10-QSB Quarterly Report for the three and six months ended June 30, 2004. On September 8, 2004, the Registrant filed an Annual Report on Form 10-KSB for the two years ended December 31, 2002.

On October 12, 2004, the SEC ordered the administrative proceeding brought against the Registrant remanded to the ALJ to afford her an opportunity to reassess her sanctioning determination in light of the circumstances of this case and the Registrant's subsequent filing of reporting record as outlined above.

## Edgar Filing: E-SMART TECHNOLOGIES INC - Form 10QSB

On December 13, 2004, the Registrant participated at a hearing before the ALJ. At the hearing, and with a view towards resolving the matter through a Cease and Desist Order pursuant to Section 21C of the Securities Exchange Act of 1934, as amended, the Registrant agreed to file its three Form 10-QSB Quarterly Reports for the fiscal year ended December 31, 2002, its three Form 10-QSB Quarterly Reports for the fiscal year ended December 31, 2001, and its Form 10-KSB Annual Report for the fiscal year ended December 31, 2000, on or before January 14, 2005.

### ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS

The following discussion contains forward-looking statements regarding the Registrant, its business, prospects and results of operations that are subject to certain risks and uncertainties posed by many factors and events that could cause the Registrant's actual business, prospects and results of operations to differ materially from those that may be anticipated by such forward-looking statements. Factors that may affect such forward-looking statements include the Registrant's ability to successfully develop new products for new markets; the impact of competition on the Registrant's revenues, changes in law or regulatory requirements that adversely affect or preclude customers from using the Registrant's products for certain applications, delays in the Registrant's introduction of new products or services, and failure by the Registrant to keep pace with emerging technologies.

When used in this discussion, words such as "believes," "anticipates," "expects," "intends," and similar expressions are intended to identify forward-looking statements, but are not the exclusive means of identifying forward-looking statements. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this report. The Registrant undertakes no obligation to revise any forward-looking statements in order to reflect events or circumstances that may subsequently arise. Readers are urged to carefully review and consider the various disclosures made by the Registrant in this report and other reports filed with the Securities and Exchange Commission ("SEC") that attempt to advise interested parties of the risks and factors that may affect the Registrant's business.

Three Months Ended March 31, 2002 and March 31, 2001

Revenues - Since obtaining the original license to the Super Smart Card TM technology in 2000, and which was subsequently amended in 2001, the Registrant intends to engage in research and development efforts to enhance and broaden the technology's applications and to explore the global market for its optimal commercialization. The Registrant is still in its development stage for accounting purposes as it has not experienced revenues in either of the three month periods ended March 31, 2002 ("1Q '02") or March 31, 2001 ("1Q '01").

Expenses - Expenses rose to \$23,430 for 1Q '02 compared to \$-0- for 1Q '01. The principal factors underlying this increase were as follows: 1) an increase in research and development expenses in 1Q '02 in line with the Registrant's commencement of investigation into the technology's commercialization, and 2) an increase in general and administrative expenses during 1Q '02 consistent with the Registrant beginning to create the infrastructure it will require to oversee its affairs.

Loss Before Taxes and Income Taxes - As a result of the foregoing, loss before taxes for 1Q '02 was \$(23,430) compared to \$-0- for 1Q '01 upon which the Registrant's provision for taxes in 1Q02 was solely attributable to state and local franchise taxes.

## Edgar Filing: E-SMART TECHNOLOGIES INC - Form 10QSB

Net Loss - Consistent with the foregoing analysis, the Registrant reported a net loss of \$(23,680) or \$(0.00) per share for 1Q '02, compared to a net loss of \$-0- or \$(0.00) per share for 1Q '01, based upon weighted average shares outstanding of 145,462,200 and 59,101,000, respectively.

Liquidity and Capital Resources - The Registrant has limited working capital and is dependent upon the efforts of the Licensor and Ventures in raising proceeds derived from private securities offerings for funds for the continuation of its proposed smart card business. Currently, the Registrant does not have any income from operations, existing credit facilities or similar bank borrowing arrangements. The Registrant will need to obtain additional financing in order to carry out its entire business plan. There can be no assurance that any additional financing will be available to the Registrant on acceptable terms, if at all. If the Registrant raises additional funds by issuing additional equity securities, further dilution to existing equity holders may result. If adequate additional funds are not available, the Registrant may be required to curtail significantly its long term business objectives and the Registrant still may not be able to transition out of the development stage, notwithstanding that the BVS2 TM systems and Super Smart Card TM and other system technologies are expected to be ready for commercialization in early 2005.

At March 31, 2002, the Registrant's entire working capital was comprised of \$1,011 of cash, and it had incurred an accumulated deficit from operations of \$(169,260). The Registrant periodically evaluates its liquidity requirements, capital needs and availability of capital resources in view of its plans for commercialization of its technology, and other operating cash needs. In the opinion of Registrant's management, the Registrant expects to generate sufficient cash from the sale of securities to accredited investors to meet its requirements through 2002. The Registrant may rely on these same resources, as well as debt financing from time to time to meet its long-term capital needs.

### ITEM 3. CONTROLS AND PROCEDURES

#### Evaluation of Disclosure Controls and Procedures

During the quarter ended March 31, 2002, the Registrant had not yet begun to implement controls and procedures designed to ensure that information required to be disclosed in the reports that the Registrant files or submits under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), is recorded, processed, summarized and reported within the time periods specified in the rules and forms of the SEC. Based upon their evaluation of the controls and procedures expected to be implemented during the next several fiscal quarters, the Chief Executive and Chief Financial Officer of the Registrant have concluded that the Registrant's disclosure controls and procedures are expected to improve substantially. Such officer also concluded that the Registrant's controls and procedures will likely equal or exceed those required of the Registrant within two or three more operating quarters.

#### Changes in Internal Controls

The Registrant made no significant changes in its internal controls or in other factors that could significantly affect these controls subsequent to the date of the evaluation of those controls by the Chief Executive and Chief Financial Officer.
