PROXY STATEMENT

FOR THE

ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD APRIL 19, 2007

TO OUR SHAREHOLDERS:

This proxy statement is being furnished to holders of the common stock of Southside Bancshares, Inc. (the "Company") in connection with the Company's Annual Meeting of Shareholders (the "Annual Meeting") to be held on April 19, 2007, at 4:00 p.m. at Willow Brook Country Club, 3205 West Erwin Street, Tyler, Texas, and at any adjournments thereof, for the purposes of considering and acting upon the following:

- (1) Election of three directors to serve until the Annual Meeting of Shareholders in 2010.
- (2) Transactions of such other business that may properly come before the Annual Meeting or any adjournment thereof.

This Proxy Statement and applicable form of proxy, as well as, the Annual Report of the Company for the year ended December 31, 2006, including financial statements, are first being sent to shareholders on or about March 14, 2007.

VOTING OF PROXY

If your proxy is executed and returned, it will be voted as you direct. If no direction is provided, the proxy will be voted for the election of directors and the proxies will use their discretion with respect to voting on any other matters presented for a vote. Additionally, if your proxy is executed and returned, it will be voted to approve the minutes of the last Annual Meeting. This vote will not amount to a ratification of the action taken at that meeting nor will it indicate approval or disapproval of that action.

REVOCABILITY OF PROXY

Your proxy may be revoked prior to the Annual Meeting by notice in writing, to the Corporate Secretary at the Company's principal office, located 1201 South Beckham Avenue, Tyler, Texas 75701, at any time, or by advising the Corporate Secretary at the Annual Meeting that you wish to revoke your proxy and vote your shares in person. Your attendance at the Annual Meeting will not constitute automatic revocation of the proxy.

PERSONS MAKING THE SOLICITATION

The Company's board of directors is soliciting the proxy. The expense of soliciting your proxy will be borne entirely by the Company and no other person or persons will bear such costs either directly or indirectly. Proxies will be solicited principally by mail, but may also be solicited by personal interview, telephone, and email by directors, officers, and employees of the Company who will receive no additional compensation.

RECORD DATE AND OUTSTANDING SHARES

The Company's board of directors has fixed the close of business on March 5, 2007 as the record date for determining the holders of common stock of the Company entitled to notice of and to vote at the Annual Meeting. At the close of business on February 15, 2007, there were approximately 12,357,516 shares of common stock outstanding and eligible to be voted on each matter.

1

QUORUM AND VOTING RIGHTS

The approval of all proposals brought before the Annual Meeting requires that a quorum be present at the Annual Meeting. The presence, in person or by properly executed proxy, of the holders of a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting is necessary to constitute a quorum. In the event that a quorum is not represented in person or by proxy at the Annual Meeting, a majority of shares represented at that time may adjourn the Annual Meeting to allow the solicitation of additional proxies or other measures to obtain a quorum.

Each shareholder is entitled to one vote on each proposal per share of common stock held as of the record date. The election of three directors to serve until the 2010 Annual Meeting requires approval by a “plurality” of the votes cast by the shares of common stock entitled to vote in the election. This means that the three nominees who receive the highest number of properly cast votes will be elected as directors even if those nominees do not receive a majority of the votes cast. Shares represented by proxies that are marked “withhold authority” for the election of one or more director nominees or that are not voted (whether by abstention, broker non-vote or otherwise) will not be counted in determining the number of votes cast for those persons.

For all other matters, a majority of votes cast shall decide each matter submitted to the shareholders at the Annual Meeting.

EFFECT OF WITHHOLD VOTES, ABSTENTIONS AND BROKER NON-VOTES

Shares represented at the Annual Meeting that are withheld or abstained from voting and broker non-votes will be considered present for purposes of determining a quorum at the Annual Meeting. Shares represented by proxies that are marked “withhold authority” for the election of one or more director nominees or that are not voted (whether by abstention, broker non-vote or otherwise) will not be counted in determining the number of votes cast for those persons. For all other proposals, abstentions will be included in vote totals and, as such, will have the same effect on proposals as a negative vote. Broker non-votes (i.e., the submission of a proxy by a broker or nominee specifically indicating the lack of discretionary authority to vote on the matter), if any, will not be included in vote totals and, as such, will have no effect on any proposal.

ELECTION OF DIRECTORS (PROPOSAL 1)

The board of directors is classified into three classes, two of which are comprised of three directors and one that is comprised of four directors, for a total of ten directors. One class of directors is elected each year for a three-year term.

The three nominees identified below are nominees for election at the Annual Meeting for a three-year term expiring at the 2010 Annual Meeting:

.	Alton Cade
.	B. G. Hartley
.	Paul W. Powell

All nominees and continuing directors are currently directors of the Company and Southside Bank (a wholly owned subsidiary). For biographical information on the nominee, please see “Information About Our Executive Officers, Directors and Nominees.”

Unless otherwise instructed, proxies received in response to this solicitation will be voted in favor of the election of the persons nominated by the Nominating Committee for directors of the Company. While it is not expected that any of the nominees will be unable to qualify or accept office, if for any reason one or more shall be unable to do so, the proxies will be voted for the substitute nominee(s) selected by the board of directors of the Company.

The board of directors recommends a vote FOR the election of each of the individuals nominated for election as a director.

The Committee received a letter from PwC confirming its independence and discussed it with

PwC. The Committee discussed and reviewed with PwC critical accounting policies and practices, internal controls, other material written communications to management, and the scope of PwC audits and all fees paid to PwC during the fiscal year. Any such shareholder must meet and evidence the minimum eligibility requirements specified in Exchange Act Rule 14a-8 and must submit, within the same timeframe for submitting a shareholder proposal required by Rule 14a-8: (1) name, mailing address, telephone number, email address, resume, business history, listing of other past and present directorships and director committees, banking industry experience and other relevant information; (2) explain in the submission why the shareholder believes the candidate would be an appropriate director for the Company and the benefits and attributes that the candidate will provide to the Company in serving as a director; (3) provide evidence of ownership of the Company's securities along with the recommendation; and (4) indicate whether the Company may identify the shareholder in any public disclosures that it makes regarding the consideration of the director candidate. Nominations for the 2008 Proxy must be filed with the Assistant Corporate Secretary on or before November 14, 2007.

In considering board of director candidates, the Nominating Committee takes into consideration all factors that it deems appropriate, including, but not limited to, the individual's character, education, experience, knowledge, skills and ownership of the Company's stock. The Nominating Committee will also consider the extent of the individual's experience in business, education or public service, his or her ability to bring a desired range of skills, diverse perspectives and experience to the board of directors and whether the individual possesses high ethical standards, a strong sense of professionalism and is capable of serving the interests of shareholders. Additionally, the Nominating Committee will consider the number of boards the candidate currently serves on when assessing whether the candidate has the appropriate amount of time to devote to serving on the Company's board of directors. The Nominating Committee is not obligated to nominate any individual for election. No shareholder nominations have been received by the Company for this Annual Meeting. Accordingly, no rejections or refusals of such candidates have been made by the Company.

In addition, the Nominating Committee is responsible for identifying, screening, and nominating candidates for election to the Compensation Committee and Audit Committee and designating individuals, if any, as an "audit committee financial expert." These nominations are then submitted to the board of directors for final approval.

EXECUTIVE OFFICER AND DIRECTOR COMPENSATION

Compensation Discussion and Analysis

Overview of Compensation Program

The Compensation Committee (for purposes of the analysis, the “Committee”) of the Board has responsibility for reviewing and establishing the Company’s compensation programs, consistent with the Company’s compensation philosophy. Later in this proxy statement under the heading “Executive Compensation” you will find a series of tables containing specific information about the compensation earned or paid in 2006 to the Company’s Chief Executive Officer, Chief Financial Officer and the next three most highly compensated executive officers, who are referred to as the “named executive officers” or “NEOs”. The Committee attempts to ensure that the total compensation paid to the NEOs is fair, reasonable, and competitive.

The Compensation Committee conducts an annual base salary and bonus compensation level review of the NEOs and develops incentive compensation programs when appropriate. The Committee also reviews and develops recommendations for director compensation, including committee service fees.

Compensation Philosophy and Objectives

The Committee believes that the most effective executive compensation plan program is one that is designed to reward the achievement of specific annual, long-term, and strategic performance, and which aligns executives’ interests with those of the shareholders with the ultimate objective of improving long-term shareholder value. The Committee evaluates both performance and compensation to ensure that the Company maintains its ability to attract and retain superior officers in key positions and that compensation provided to key officers remains competitive relative to the compensation paid to similarly situated executives of our peer companies. To that end, the Committee believes executive compensation provided by the Company to its NEOs should include both cash and other benefits that reward performance.

Role of Executive Officers in Compensation Decisions

The Committee makes all compensation decisions with respect to the NEOs. The Chief Executive Officer provides input regarding the performance of the other NEOs and makes recommendations for compensation amounts payable to the other NEOs. The Chief Executive Officer is not involved with any aspect of determining his own pay.

Setting Executive Compensation

Based on the compensation objectives noted above, the Committee has structured the NEOs annual and long-term incentive-based cash and non-cash executive compensation to be competitive and to motivate and reward the NEOs for their performance. In furtherance of this, the Committee will, as needed, engage an outside consulting firm to conduct a peer review of its overall compensation program for the NEOs. In years when an outside consultant is not used, the Committee uses other peer reviews. During 2006, the Committee reviewed and considered two surveys. During compensation discussions, the Committee considered the 2006 SNL Financial Executive Compensation Review and a comparison of NEOs compensation against a peer group of publicly-traded Texas banks as well as several banks from Arkansas, Oklahoma, Louisiana and New Mexico (collectively, the “Compensation Peer Group”). The Compensation Peer Group, which is periodically reviewed and updated by the Committee, consists of companies against which the Committee believes Southside competes for talent. The Companies comprising the Compensation Peer Group are:

Bank of the Ozarks

Texas Capital Bancshares, Inc.

MetroCorp Bancshares, Inc.
Southwest Bancorp, Inc.
BancFirst Corp, Oklahoma
First Financial Bankshares
Prosperity Bancshares, Inc.
Sterling Bancshares, Inc.

Simmons First National Corp
Iberiabank Corp
Texas United Bancshares, Inc.
Summit Bancshares, Inc.
First State Bancorp, New Mexico

There is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation. Rather, the Committee reviews on an annual basis such peer reviews to determine the appropriate level and mix of compensation. The Company does not currently have any equity-based compensation plans available to use as part of its executive officer compensation program

2006 Executive Compensation Components

For the fiscal year ended December 31, 2006, the principal components of compensation for NEOs were:

Base salary;
Bonus;
Retirement benefits;
Split dollar agreements; and
Perquisites and other personal benefits.

Base Salary

The Company provides NEOs and other employees with a base salary to compensate them for services rendered during the fiscal year. Base salary ranges for NEOs are determined for each executive based on their position and responsibility by using available market data adjusted for duties and responsibilities.

During the review of base salaries for executives, the Committee primarily considers:

peer group data;
internal review of the executive's compensation, both individually and relative to our other officers; and
individual performance of the executive.

Salary levels are typically considered annually as part of the Company's performance review process as well as upon a promotion or other change in job responsibility. Merit based increases to salaries of NEOs are based on the Committee's assessment. The NEO salary increase approved by the compensation committee for 2006, resulted from a review of peer group and salary survey information and also considered NEO and company performance. In making their final decision the committee also considered the lack of equity incentives to offer as part of a compensation package. NEO Jeryl Story asked that his raise be deferred a year due to most relationship managers not receiving a raise for 2006, a result of a new incentive plan aimed at increasing loan revenue. The committee agreed to defer NEO Jeryl Story's salary increase and agreed to pay it in a lump sum in 2007.

Bonus

All officers and employees of the Company have historically been paid an annual 12.5% bonus. While referred to as a bonus, the 12.5% has been paid to all employees for over 25 years and is considered by most employees as part of their base salary and is often referred to as deferred compensation, even though it is paid in the same calendar year and approved as a bonus by the board of directors. The original concept was to pay 2.50% of base salary as a bonus in early June to assist with vacation expenses and to pay 10% of base salary in early December to assist with the holiday gift giving season. This bonus is calculated by multiplying the base annual salary times 12.5%. The Compensation Committee has in prior years recommended a special year end bonus in excess of the 12.5% bonus for NEOs, based on a combination of individual and Company performance. There were no special year-end bonuses in excess of the 12.5% bonuses paid to NEOs during 2006, at the request of the NEOs, due to cost containment initiatives implemented during 2006 that impacted salary and benefits and reduced full-time employees. Initiatives related to benefits included initiatives that impacted all employees, including the NEOs.

Retirement Benefits

Retirement benefits fulfill an important role within the Company's overall executive compensation program because they provide a financial security component which promotes retention. The Company believes that its retirement program is comparable to those offered by the banks in our Compensation Peer Group and, as a result, are needed to ensure that our executive compensation remains competitive.

The Company maintains a 401(k) plan (the "401(k) Plan"), a tax-qualified, defined contribution plan in which substantially all of our employees, including the NEOs, are eligible to participate. The Company also maintains a tax-qualified, defined benefit pension plan (the "Pension Plan") pursuant to which participants are entitled to benefits based on final average monthly compensation and years of credited service. In addition, the Company maintains a non-qualified supplemental retirement plan (the "Restoration Plan") which provides benefits in addition to the Pension Plan. The Pension Plan and the Restoration Plan are described in more detail under the Pension Benefits table in this Proxy Statement.

The Company has also entered into deferred compensation agreements with each of the NEOs that provide for the payment of a stated amount over a specific period of years. These deferred compensation agreements are described in more detail under the Pension Benefits table in this Proxy Statement.

Split Dollar Agreements

In 2004 the Company entered into split dollar agreements with NEOs, Sam Dawson, Jeryl Story, and Lee Gibson designed to replace and enhance previous split dollar plans the NEOs were required to dissolve due to the Sarbanes - Oxley Act passed in 2002 and in recognition of their contributions to the success of the Company. In 2004 the Company also entered into a split dollar agreement with NEO B. G. Hartley in recognition of his substantial contributions to the success of the Company. The agreements provide that the Company will be the beneficiary of Bank Owned Life Insurance (commonly referred to as BOLI) insuring the executives' lives. The agreements provide the executives with the right to designate the beneficiaries of the death benefits guaranteed in each agreement. The agreements originally provided for death benefits of an initial aggregate amount of \$3.3 million. The individual amounts are increased annually on the anniversary date of the agreement by an inflation adjustment factor of 5%. As of December 31, 2006, the death benefits totaled \$3.6 million. The agreements also state that before and after the executive's retirement dates, the Company will also pay an annual gross-up bonus to the executive in an amount sufficient to enable the executive to pay federal income tax on both the economic benefit and on the gross-up bonus itself. There was no expense associated with the post-retirement liability for the year ended December 31, 2006.

Perquisites and Other Personal Benefits

The Company provides NEOs with perquisites and other personal benefits that the Company and the Committee believe are reasonable and consistent with its overall compensation program to better enable the Company to attract and retain superior employees for key positions. The Committee periodically reviews the levels of perquisites and other personal benefits provided to NEOs. Perquisites provided to NEOs during 2006 were Company paid club dues and a Company provided automobile.

Executive Compensation

The following information is furnished for the fiscal year ended December 31, 2006 with respect to the Chief Executive Officer, the Chief Financial Officer and the next two highest paid NEOs receiving at least \$100,000 in compensation. This information relates to compensation paid to the NEOs by Southside Bank, as the Company does not directly pay compensation to the NEOs.

Pension Plan

The Pension Plan is a tax-qualified, defined benefit pension plan pursuant to which participants are entitled to benefits based on final average monthly compensation and years of credited service.

On November 3, 2005, our board of directors approved amendments to the Pension Plan which affected future participation in the Pension Plan and reduced the accrual of future benefits. The following amendments to the Pension

Plan became effective in 2006.

Entrance into the Pension Plan by new employees was frozen effective December 31, 2005. Employees hired after December 31, 2005 are not eligible to participate in the plan. All other employees are eligible to participate under the plan on the first day of the month coincident with or next following the first anniversary of hire. "Employee" means any person on the payroll whose wages are subject to withholding for the purposes of federal income tax. Certain hourly-paid security personnel are excluded. All of our NEOs at December 31, 2006 were eligible to participate. Employees are vested upon the earlier of five years credited service or the employee attaining 60 years of age. Benefits are payable monthly commencing on the later of age 65 or the participant's date of retirement. Eligible participants may retire at reduced benefit levels after reaching age 55.

The benefits under the Pension Plan are determined using the following formula, stated as a single life annuity with 120 payments guaranteed, payable at normal retirement age.

15

Formula (1) and Formula (2), calculated using Credit Service at Normal Retirement Date, multiplied by a service ratio and summed as described below:

Formula (1)	x	The fraction in which the numerator is Credited Service as of 12/31/05 and the denominator is Credited Service at Normal Retirement Date
	plus	
Formula (2)	x	The fraction in which the numerator is Credited Service earned after 12/31/05 and the denominator is Credited Service at Normal Retirement Date

Formula (1) is an amount equal to:

2% of Final Average Monthly Compensation times Credited Service up to 20 years, *PLUS*

1% of Final Average Monthly Compensation times Credited Service, if any, in excess of 20 years, *PLUS*

0.60% of that portion of Final Average Monthly Compensation which exceeds Monthly Covered Compensation times Credited Service up to 35 years

Formula (2) is an amount equal to:

0.90% of Final Average Monthly Compensation times Credited Service, *PLUS*

0.54% of that portion of Final Average Monthly Compensation which exceeds Monthly Covered Compensation times Credited Service up to 35 years

Benefit Formula Definitions

Credit Service

A participant's years of credited service are based on the number of years an employee works for the Company. The Company has no policy to grant extra years of credited service.

Final Average Monthly Compensation (FAMC)

The monthly average of the 60 consecutive months' compensation during the participant's period of credited service that gives the highest average. Compensation generally includes all gross income received by the participant for services actually rendered in the course of employment, with certain exclusions, plus any elective deferrals under Section 125 and Section 402(g)(c). Compensation in the Pension Plan is limited as required.

Covered Compensation

A rounded 35-year average of the Maximum Taxable Wages (MTW) under social security. The table in effect during the calendar year proceeding termination or retirement is used.

B. G. Hartley began receiving payments out of the Pension Plan without retiring upon reaching age 65 under prior language in the plan that allowed all participants to begin receiving payments at age 65, regardless of their employment status. The Pension Plan was amended several years ago and participants must now retire to be eligible to receive payments out of the plan. All participants receiving payments out of the Pension Plan at the time of the amendment were grandfathered so as to allow them to continue receiving payments out of the plan, which included B. G. Hartley. For the purposes of the Pension Plan, Mr. Hartley is receiving payments as if he were retired. None of the other NEOs were in pay status under the Pension Plan at the time of the amendment, and thus were not grandfathered.

The following summarizes the assumptions used to compute the pension disclosures. The pension disclosures have been computed using the SFAS 87 assumptions from the financial statements as of the pension measurement date of December 31, 2006, except the SFAS 87 retirement age has been replaced by the normal retirement age for this calculation (and the benefit valued is only the accrued, not the projected, benefit).

SFAS 87 Discount Rate as of 12/31/05	5.625%
SFAS 87 Discount Rate as of 12/31/06	6.050%
Expected Retirement Age	65
Post-Retirement Mortality	1994 Group Annuity Reserving Mortality Table for males and females
Pre-Retirement Mortality, Disability or Turnover	None
Form of Payment	
· Qualified Retirement Plan	10-Year Certain & Life Annuity
· NonQualified Restoration Plan	10-Year Certain & Life Annuity

Restoration Plan

The annual retirement income benefit of NEOs under the Pension Plan is subject to certain limitations imposed by the Internal Revenue Code. Under one such limitation, in determining the benefit accrued for a year under the Pension Plan, the benefit formula excludes an NEO's compensation above a specified ceiling. In 2006, for example, the ceiling was \$220,000, which means that the compensation of NEOs in excess of that amount was not considered in the benefit formula for purposes of determining benefits under the Pension Plan. The Company maintains the Restoration Plan, a non-qualified supplemental retirement plan which provides additional benefits by taking into account the excess compensation not taken into account under the Pension Plan. The Restoration Plan is unfunded and noncontributory, which means that benefits are paid from the general assets of the Company, and the NEOs are not required to make any contributions under the Restoration Plan. The formula used to calculate the benefit payable pursuant to the Restoration Plan is the same as that which is used under the Pension Plan described above, except that the amounts payable under the Restoration Plan are reduced by the amounts payable under the Pension Plan.

Deferred Compensation Agreements

Under the terms of the deferred compensation agreements with Mr. Hartley, upon a termination of employment by reason of death, retirement or an involuntary termination by the company other than for cause, payment of the specified benefits under the deferred compensation agreements would be triggered.

In addition, under the terms of the deferred compensation agreements with Messrs. Dawson, Story and Gibson, if the executive remains in the employment of Southside Bank until his retirement (on or after age 65), permanent disability or death, whichever occurs first, Southside Bank agrees to pay certain amounts to the executive or to the executive's designated beneficiaries, as described below. If the executive's employment is involuntarily terminated by Southside for any reason other than for "good cause" (as defined in the agreement), such termination shall be treated the same as a retirement, and the executive shall be entitled to receive the payments. If, prior to a change in control, the executive terminates his employment prior to attainment of age 65 for any reason other than death or disability, no amounts shall be due executive under the agreement. If, after a change in control, the executive terminates employment prior to attainment of age 65 for any reason other than death, disability, or for good reason (as defined in the agreement), no amounts shall be due to the executive under the agreement. After a change in control, a termination by the executive for "good reason" (as defined in the deferred compensation agreements) shall be treated the same as a retirement, and

the executive shall be entitled to receive the payments.

Under the terms of his deferred compensation agreement, Mr. Hartley is entitled to receive \$467,000 immediately upon retirement or other qualifying retirement and \$1,166,000 payable over 15 years. Under the terms of their deferred compensation agreements, Messrs. Dawson, Story, and Gibson are entitled to receive \$500,000, \$400,000, and \$400,000 respectively, payable monthly over 10 years.

The present value of the accumulated benefits under the deferred compensation arrangements was calculated using a discount rate of 5.625%

Potential Payments Upon Termination or Change of Control

The following discussion summarizes the compensation and benefits payable to the NEOs in the event of a termination of employment under various circumstances, assuming that a termination of employment had occurred on December 31, 2006. The Company does not have employment agreements or other individual arrangements with the NEOs that provide for specific benefits upon a termination of employment. In general, upon termination of employment, an NEO would receive compensation and benefits for which he has already vested. This would include accrued but unpaid salary, accrued and unused vacation pay, and any balance under the 401(k) plan. Each of the NEOs is also fully vested in his Pension Plan and Restoration Plan benefits, and such benefits are payable monthly beginning on the later of age 65 or the NEOs termination of service.

In addition, under the terms of the deferred compensation agreement with Mr. Hartley, upon a termination of employment by reason of death, retirement or an involuntary termination by the company other than for cause, payment of the specified benefits under the deferred compensation agreements would be triggered. Under the terms of the deferred compensation agreements with Messrs. Director Compensation

The Company compensated its non-employee directors \$1,000 per month in 2006. Members of the Audit Committee are paid \$500 per month and the Chairman of the Audit Committee is paid \$700 per month. Due to the increased time commitment of the Chairman of the Audit Committee in performing his duties, beginning January 2007 that monthly fee was increased by \$200 per month. The Company's Nominating and Compensation Committee members are paid \$400 per meeting attended. The Compensation Committee has in prior years recommended a year-end bonus of up to \$5,000 for directors of the Company. There were no bonuses paid during 2006 at the request of the directors due to the costs containment initiatives implemented during 2006 that impacted salary and benefits and reduced full-time employees.

The Company's non-employee directors, who are also directors of Southside Bank, are paid \$400 per Southside Bank committee meeting, \$500 for regular Southside Bank board meetings and an annual retainer of \$1,000.
