

Item 8.01 Other Events.

Federated National Insurance Company (“Federated National”), a wholly owned subsidiary of Federated National Holding Company (the “Company”), has been notified by the Florida Office of Insurance Regulation (the “Florida OIR”) that the Florida OIR has approved Federated National’s requested rate increase for its homeowners’ multiple peril insurance program within the State of Florida. The rate increase, which is effective August 1, 2016, will result in an average premium increase of approximately 5.6% statewide for new and renewal business. The Company believes that this rate increase will not impede Federated National’s competitive position in the Florida homeowners’ market; it is not possible at this time, however, to assess the possible impact of this rate increase on the Company’s results of operations.
