Dear Stockholders

You are cordially invited to attend the 2018 Annual Meeting of Stockholders of Broadridge Financial Solutions, Inc. Our 2018 Annual Meeting will be held on Thursday, November 8, 2018, at 9:00 a.m. Eastern Time.

This is our tenth completely virtual meeting of stockholders. You will be able to attend the 2018 Annual Meeting online, vote, and submit questions during the meeting by visiting broadridge.onlineshareholdermeeting.com.

At the meeting, our stockholders will elect our Board of Directors and several other important items of business will be conducted. I will report on our fiscal year 2018 financial performance at the meeting, and the members of the Board and I will also answer questions from our stockholders.

We announced earlier this month that Timothy C. Gokey will succeed me as Chief Executive Officer of Broadridge, and I will become Executive Chairman, effective January 2, 2019. This follows the Board's long-planned succession process. Tim is one of the most committed and capable leaders in Fintech, and I am confident that Tim will build on our strong momentum and lead Broadridge to its next phase of growth. In addition, our current Chairman of the Board, Leslie A. Brun, was appointed to the role of Lead Independent Director in connection with the CEO succession plan, effective January 2, 2019. In this new role, Les will continue to provide independent leadership of the Board. We believe that this structure will result in a strong team from both an operational and a governance perspective.

Also, due to an age limitation for election to the Board of Directors in our Corporate Governance Principles, Richard J. Haviland, who has been a member of the Board and the Chair of our Audit Committee since we became a public company in 2007, will be rotating off the Board following the 2018 Annual Meeting. We wish Rich well and thank him for his many years of tireless service on the Board.

Whether or not you plan to attend the 2018 Annual Meeting, please read our 2018 Proxy Statement for important information on each of the proposals, and our practices in the areas of corporate governance and executive compensation. Our 2018 Annual Report to Stockholders contains information about Broadridge and our financial performance.

Please provide your voting instructions by the Internet, telephone, or by returning a proxy card or voting instruction form. Your vote is important to us and our business and we strongly urge you to cast your vote.

I am very much looking forward to our 2018 Annual Meeting of Stockholders.

Sincerely,

Richard J. Daly
Chief Executive Officer

4 Broadridge 2018 Proxy Statement

TABLE OF CONTENTS**Pay is Aligned to Company Performance (page 32)**

Broadridge's compensation programs are designed to align the interests of our executives with the interests of our stockholders. For this reason, the mix of compensation elements for the executive officers listed on the Summary Compensation Table on page 54 (the *Named Executive Officers* or *NEOs*), and particularly the chief executive officer (*Chief Executive Officer* or *CEO*), is heavily weighted towards variable, performance-based compensation.

In line with the Company's strong overall financial performance in fiscal year 2018, the annual cash incentive payments for the Named Executive Officers ranged from 125% to 136% of their targets. In addition, because of our strong EPS performance in fiscal years 2017 and 2018, performance-based restricted stock unit (*RSU*) awards were earned at 130% of their target amounts.

The total direct compensation (*TDC*) of the Named Executive Officers increased in fiscal year 2018 due to the short-term cash incentive payouts reflecting the Company's performance in this fiscal year. In addition, in some cases, based on executive performance in the prior fiscal year, TDC targets were increased for fiscal year 2018.

Target Compensation for Named Executive Officers (page 37)

A summary of the fiscal year 2018 target TDC of the Named Executive Officers as approved by the Compensation Committee is set forth in the table below. The compensation presented in this table differs from the compensation presented in the Summary Compensation Table, which can be found on page 54 of this Proxy Statement, and is not a substitute for such information.

Name	Base Salary	Annual Cash Incentive			Annual Equity Incentive			Target TDC
	Annual Value	Fixed Cash as % of Target TDC	Cash Incentive as % of Target	Target Value	Cash Incentive as % of Target TDC	Target Value	Equity as % of Target TDC	
Mr. Daly	\$ 928,288	11%	165%	\$ 1,531,675	18%	\$ 6,000,000	71%	\$ 8,459,963
Mr. Young	\$ 562,754	21%	90%	\$ 506,479	19%	\$ 1,650,000	61%	\$ 2,719,233
Mr. Gokey	\$ 636,540	19%	130%	\$ 827,502	24%	\$ 1,950,000	57%	\$ 3,414,042
Mr. Perry	\$ 601,000	28%	140%	\$ 841,400	39%	\$ 700,000	33%	\$ 2,142,400
Mr. Schifellite	\$ 583,495	26%	115%	\$ 671,019	30%	\$ 1,000,000	44%	\$ 2,254,514

Executive Total Compensation Mix (page 37)

A significant portion of the CEO's and other Named Executive Officers' target TDC is variable, performance-based compensation. This is intended to ensure that the executives who are most responsible for overall performance and changes in stockholder value are held most accountable for results.

Broadridge 2018 Proxy Statement 5

TABLE OF CONTENTS

Response to Say on Pay Advisory Vote (page 37)

Each year, the Company provides stockholders with an opportunity to cast an advisory vote on the compensation of the Company's Named Executive Officers (the *Say on Pay Vote*). At the 2017 annual meeting of stockholders, stockholders continued their strong support of our executive compensation program with approximately 97% of the votes cast in favor of the proposal. Based on the outcome of the annual Say on Pay Vote, the Compensation Committee believes that the Company's current executive compensation program is aligned with the interests of the Company's stockholders. Accordingly, the Compensation Committee decided to retain the core elements and pay-for-performance design of our executive compensation program for fiscal year 2018.

In addition, at the 2017 annual meeting of stockholders, the Company held a non-binding vote on the frequency of the Say on Pay Vote to approve the compensation of its Named Executive Officers as disclosed in the Proxy Statement (the *Frequency Vote*). Currently, the Say on Pay Vote is included every year. At the 2017 annual meeting of stockholders, approximately 84% of the votes cast by stockholders were in favor of continuing to hold the Say on Pay Vote every year.

The Compensation Committee will continue to consider the outcome of the Company's Say on Pay Votes and the views of our stockholders when making future compensation decisions for the Named Executive Officers.

Approval of the 2018 Omnibus Award Plan (page 68)

We are requesting that stockholders vote in favor of the Broadridge Financial Solutions, Inc. 2018 Omnibus Award Plan (the *2018 Omnibus Award Plan*), which is maintained for the benefit of eligible employees, directors and consultants of the Company and its affiliates.

The 2018 Omnibus Award Plan was unanimously adopted by the Board of Directors on August 2, 2018, subject to approval by our stockholders. The Board of Directors believes that approval of the 2018 Omnibus Award Plan is in the best interests of the Company and the stockholders. Awards that may be granted under the 2018 Omnibus Award Plan (and are currently granted under our Amended and Restated 2007 Omnibus Award Plan (the *2007 Omnibus Award Plan*)) are an important component of our overall compensation program, which allows us to link the compensation of our employees, directors and consultants to Company performance, align their interests with stockholder interests and enables our employees, directors and consultants to build long-term stockholder value.

As described in more detail in this Proxy Statement, the 2018 Omnibus Award Plan is intended to replace the 2007 Omnibus Award Plan, which is our only equity plan. It will provide that an additional 7,190,000 shares of our common stock, together with the number of shares that remain available under the 2007 Omnibus Award Plan at the effective time, may be issued as equity-based compensation awards to our employees, directors and consultants. If our stockholders do not approve the 2018 Omnibus Award Plan, the 2007 Omnibus Award Plan will remain in effect with its current terms and conditions. As of June 30, 2018, there were 2,755,510 shares available for grant under the 2007

Omnibus Award Plan, all of which could be granted as any form of award authorized under the 2007 Omnibus Award Plan. Upon effectiveness of the 2018 Omnibus Award Plan, no further grants of awards will be made under the 2007 Omnibus Award Plan.

Ratification of Auditors (page 77)

We ask our stockholders to ratify the appointment of Deloitte & Touche LLP as our independent registered public accountants for the year ending June 30, 2019. Below is summary information about Deloitte & Touche LLP's fees for 2018 and 2017.

Type of Fees (\$ in thousands)	2018	2017

Proposal 1 — Election of Directors

At the 2018 Annual Meeting, nine directors are to be elected, each of whom will serve until the 2019 annual meeting of stockholders and until their respective successors are duly elected and qualified. The Board has nominated the following individuals to serve as members of the Board of Directors: Leslie A. Brun, Pamela L. Carter, Richard J. Daly, Robert N. Duelks, Brett A. Keller, Stuart R. Levine, Maura A. Markus, Thomas J. Perna, and Alan J. Weber.

Each of the nominees currently serves on the Board and was elected by the stockholders at the 2017 annual meeting of stockholders. Each nominee has consented to be nominated and to serve, if elected.

Nominee Qualifications

Under the Company's Corporate Governance Principles, a majority of the Board must be comprised of directors who are independent based on the rules of the New York Stock Exchange (the *NYSE*). The NYSE rules provide that the Board is required to affirmatively determine which directors are independent and to disclose such determination for each annual meeting of stockholders. No director will be deemed to be independent unless the Board affirmatively determines that the director has no material relationship with the Company, either directly or as an officer, stockholder or partner of an organization that has a relationship with the Company. In its review of director independence, the Board of Directors considers all relevant facts and circumstances, including without limitation, all commercial, banking, consulting, legal, accounting, charitable or other business relationships any director may have with the Company in conjunction with the Corporate Governance Principles and Section 303A of the NYSE's Listed Company Manual (the *NYSE Listing Standards*).

On August 2, 2018, the Board reviewed each director's relationship with us and affirmatively determined that all of the directors, other than Mr. Daly, are independent under the NYSE Listing Standards. Mr. Daly was determined to not be independent because he is our Chief Executive Officer. The Governance and Nominating Committee seeks directors with established strong professional reputations and experience in areas relevant to the strategy and operations of the Company's businesses, particularly industries that Broadridge serves.

Broadridge is a global financial technology leader and a member of the S&P 500, providing investor communications and technology-driven solutions to banks, broker-dealers, asset managers and corporate issuers. Our services include investor and customer communications, securities processing, and data and analytics solutions. In short, we provide important infrastructure that powers the financial services industry. With over 50 years of experience, including over 10 years as an independent public company, we provide financial services firms with advanced, dependable, scalable and cost-effective integrated solutions. Our solutions help reduce the need for clients to make significant capital investments in operations infrastructure, thereby allowing them to increase their focus on core business activities.

We serve a large and diverse client base across four client groups: capital markets, asset management, wealth management and corporations. Our clients in the financial services industry include retail and institutional brokerage firms, global banks, mutual funds, asset managers, insurance companies, annuity companies, institutional investors, specialty trading firms, clearing firms, third party administrators, hedge funds, and financial advisors. Our corporate clients are typically publicly held companies. In addition to financial services firms, our customer communications business services other corporate clients in the healthcare, insurance, consumer finance, telecommunications, utilities, retail and other service industries with their essential communications.

Our directors' skills, expertise, background and experiences encompass the areas of banking and financial services, information processing services, technology services, and providers of services to the financial services industry, all of which are areas important to our Company's businesses and strategy.

The biographies of the director nominees are set forth below. They contain information regarding the individual's service as a director of the Company, business experience, director positions held currently or any time in the past five years, and the experiences, qualifications, attributes or skills that caused the Board to determine that such individual should serve as a director of the Company.

Each of the nominees for election as a director at the 2018 Annual Meeting holds or has held senior executive positions in large, complex organizations, and most hold or have held the role of chief executive officer. This experience demonstrates their ability to perform at the highest levels. In these positions, they have gained experience in core business skills, such as strategic and financial planning, public company financial reporting, compliance, risk management, leadership development, and marketing. This experience enables them to provide sound judgment concerning the issues facing a large corporation in today's environment, provide oversight of these areas at the Company and evaluate our performance.

Proposal 1 — Election of Directors

The Governance and Nominating Committee also believes that each of the nominees has other key attributes that are important to an effective board: wisdom, integrity, an understanding and general acceptance of the Company's corporate philosophy, valid business or professional knowledge and experience, a proven record of accomplishment with excellent organizations, an inquiring mind, a willingness to speak one's mind, an ability to challenge and stimulate management, and a willingness to commit time and energy. The Governance and Nominating Committee takes diversity into account in determining the Company's slate of nominees and believes that, as a group, the directors bring a diverse range of perspectives to the Board's deliberations.

In addition to the above, the Governance and Nominating Committee also considered the specific experience described in the biographical details that follow in determining to nominate the individuals set forth below for election as directors. For more information on the process undertaken by the Governance and Nominating Committee in recommending qualified director candidates to the Board, see the Corporate Governance–Nomination Process section of this Proxy Statement.

Broadridge 2018 Proxy Statement 13

TABLE OF CONTENTS**Director Compensation**

The compensation of our non-management directors is determined by the Compensation Committee upon review of recommendations from the Committee's independent compensation consultant, Frederic W. Cook & Co., Inc. (*FW Cook*). The table below sets forth cash and equity compensation paid to our non-management directors (including our independent Chairman) in the fiscal year ended June 30, 2018. All of our directors are non-management directors, other than Mr. Daly, who is our CEO. Mr. Daly's compensation as CEO is reflected in the Summary Compensation Table on page 54 of the Executive Compensation section of this Proxy Statement. Mr. Daly does not receive any separate cash or equity compensation for his participation on the Broadridge Board of Directors.

The table on page 16 on fiscal year 2018 non-management director compensation includes the following compensation elements:

Compensation Element	Director Compensation Program
Annual Cash Retainer	•\$75,000, which may be deferred at the director's option
Annual Equity Retainer	•\$145,000 target value split equally between stock options and DSUs that are fully vested upon grant
Board and Committee Meeting Fees for all directors other than the Chairman	•\$1,500 for each Board meeting and committee meeting attended in person •\$750 for telephonic meetings
Annual Committee Chair Cash Retainer	•\$15,000
Chairman Additional Annual Retainer	•\$62,500 in cash •\$57,500 equity award target value split equally between stock options and DSUs that are fully vested upon grant
Matching Gift Program	•For each director, the Company matches charitable contributions up to \$10,000 per calendar year
Stock Ownership Guidelines and Holding Period Requirements	•Ownership of common stock or DSUs with a value equivalent to a multiple of the annual cash retainer •Holding of 100% of shares received upon exercise of stock options, net of exercise price, tax liability, and transaction costs, until separation from service on the Board

Cash Compensation. In fiscal year 2018, all non-management directors received an annual retainer and meeting fees for each Board meeting and each committee meeting attended as a committee member. The meeting fees are paid irrespective of whether meetings are held on the same date; and attendance at Board or committee meetings by telephone results in payment of half of the standard meeting fee. The Chairs of the Audit, Compensation, and Governance and Nominating Committees each received an additional annual retainer. Our independent Chairman, Mr. Brun, received an additional cash retainer, but is not entitled to receive meeting fees for participation in Board or committee meetings.

All retainers and meeting fees are paid in cash on a quarterly basis. Pursuant to the Broadridge Director Deferred Compensation Plan, directors may elect to defer their retainers and meeting fees into a notional account in the form of phantom shares of Broadridge common stock. The number of phantom shares awarded is determined by dividing the

quarterly cash payment by the closing price of Broadridge stock on the last day of the quarter. This election is made annually prior to the beginning of the calendar year in which the retainers and fees are earned and is irrevocable for the entire calendar year. Accounts reflect changes in value over time based on the change in Broadridge's stock price and are also credited with dividend equivalents in cash plus interest on a quarterly basis as dividends are declared by the Broadridge Board. Participants receive distributions of the value of their notional accounts in cash following their departure from the Board of Directors in either a lump sum or installments for up to five years, as previously elected by the director.

Equity Compensation. Non-management directors received annual grants of stock options and DSUs under the 2007 Omnibus Award Plan during fiscal year 2018. Our non-management directors each received equity awards and our independent Chairman, Mr. Brun, received an additional equity award. The equity target value is split equally between grants of stock options and DSUs. The number of shares comprising each director's equity awards is determined at the time of grant based on a 30-day average stock price and, for stock options, the binomial stock option valuation method.

TABLE OF CONTENTS

Director Compensation

All stock options are granted with an exercise price equal to the closing price of Broadridge common stock on the date of grant. All stock options granted to our non-management directors are fully vested upon grant, and have a term of 10 years. Following separation from service on the Board, stock options held by directors expire at the earlier of the expiration of the option term and three years. All DSUs are granted at the same time as stock options, are fully vested upon grant, and will settle as shares of common stock upon the director's separation from service on the Board. DSUs are credited with dividend equivalents in the form of additional DSUs on a quarterly basis as dividends are declared by the Broadridge Board.

Currently, the stock ownership guidelines for the Company's non-management directors provide that each non-management director is expected to accumulate an amount of the Company's common stock equal in value to at least five times their annual cash retainer. Stock option awards granted to the directors are not counted as shares of common stock for purposes of this calculation. All of our non-management directors have met the stock ownership multiple, other than Mr. Keller and Ms. Carter, who joined the Board in 2015 and 2017, respectively, and are making progress toward meeting the multiple.

In addition, the directors currently are required to hold 100% of their shares received upon exercise of stock options, net of their exercise price, tax liability, and transaction costs, until their separation from service on the Board. DSUs do not settle as shares of common stock until a director's separation from service on the Board. Because of the holding requirement, there is no minimum time period in which the directors are required to achieve the stock ownership multiple.

In February 2018, the Board adopted new stock ownership guidelines for the Company's non-management directors that will be effective beginning in November 2018. Under the new guidelines, non-management directors will be required to own Company stock equal to 10 times their annual cash retainer. Stock option awards and phantom stock will not count as shares of common stock for purposes of this calculation.

The new guidelines provide that non-management directors will no longer be required to hold 100% of their shares until their separation from service on the Board. Specifically the guidelines provide that:

A non-management director should retain at least 50% of the net profit shares realized after the exercise of stock options until the ownership level is reached. Net profit shares are the shares remaining after the sale of shares to finance payment of the stock option exercise price, taxes and transaction costs owed at exercise.

After the ownership level is met, the non-management director must continue to hold at least 50% of future net profit shares for one year.

Similar to the prior guidelines, because of the holding requirement, there is no minimum time period in which the directors are required to achieve the stock ownership multiple.

Other. Non-management directors may participate in the Broadridge Director & Officer Matching Gift Program (the *Matching Gift Program*). Under this program, a charitable foundation established and funded by the Company (the *Broadridge Foundation*) contributes an equal amount to any qualified tax-exempt organization that a director supports up to a maximum Company contribution of \$10,000 per calendar year.

The non-management directors are also reimbursed for their reasonable expenses in connection with attending Board and committee meetings and other Company events.

TABLE OF CONTENTS**Corporate Governance****The Board of Directors**

Our Corporate Governance Principles provide that directors are expected to attend regular Board meetings in person and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities. Each of our incumbent directors attended 100% of the meetings of the Board of Directors and of the committees on which they served during fiscal year 2018.

The Board of Directors has three standing committees, each of which is comprised solely of independent directors and is led by an independent Chair: Audit Committee, Compensation Committee, and Governance and Nominating Committee. The independent directors meet in executive sessions during each regular Board meeting and committee meeting. In addition, at least once a year, our independent directors meet to review the Compensation Committee's annual review of the Chief Executive Officer.

Chief Executive Officer Succession

On September 11, 2018, the Board of Directors appointed Timothy C. Gokey to succeed Richard J. Daly as Chief Executive Officer. Also on September 11, 2018, the Board appointed Mr. Daly to the role of Executive Chairman, after serving more than 11 years as CEO, and Leslie A. Brun, Chairman of the Board, was appointed by the Board as Lead Independent Director. All appointments are effective January 2, 2019.

These changes were designed to ensure continuity and for the Company to continue to benefit from Mr. Daly's deep knowledge and passion for Broadridge's business as the Company continues to grow and evolve. They were the result of a long-planned succession process, during which the Board had the opportunity to observe and evaluate Mr. Gokey in many different settings, including formal Board presentations, Board/management meetings, earnings calls, investor presentations and individual discussions with directors.

The Board determined that Mr. Gokey has been instrumental in creating and executing the strategies that have driven Broadridge's growth over the past eight years, and that he has the right business and leadership skills, financial services experience and expertise in strategy, growth, innovation, and technology to be CEO. The Board agreed that Mr. Gokey is the right person to lead Broadridge into the future.

In his role as Executive Chairman, Mr. Daly will act as an advisor to the Chief Executive Officer on important initiatives including regulatory matters, digital adoption and retail shareholder engagement.

Board Leadership Structure

Our Corporate Governance Principles do not specify a policy with respect to the separation of the positions of Chairman and Chief Executive Officer or with respect to whether the Chairman should be a member of management or a non-management director. The Board recognizes that there is no single, generally accepted approach to providing Board leadership, and given the dynamic and competitive environment in which we operate, the Board's leadership structure may vary as circumstances warrant.

The Board has determined that the leadership of the Board is currently best conducted by a Chairman. The Chairman provides overall leadership to the Board in its oversight function, while the Chief Executive Officer provides leadership

TABLE OF CONTENTS

Corporate Governance

with respect to the day-to-day management and operation of our business. We believe the separation of the offices allows the Chairman to focus on managing Board matters and allows the Chief Executive Officer to focus on managing our business. To further enhance the objectivity of the Board, the director nominees, other than Mr. Daly, are independent.

In connection with our recently announced CEO succession plan, the Board created the position of Executive Chairman. The Board appointed Mr. Daly to serve as our Executive Chairman, effective January 2, 2019, due to his long tenure and understanding of the Company as a founder of its core business and as CEO. The Board also believes that Mr. Daly's service as Executive Chairman will enhance management continuity and provide a valuable resource for Mr. Gokey as he transitions to the role of CEO.

Given that Mr. Daly is not an independent director under applicable NYSE rules, the Board determined to continue the strong leadership of independent directors and created the role of Lead Independent Director. Mr. Brun was appointed by the Board to serve as Lead Independent Director, effective January 2, 2019.

The Executive Chairman will have the following duties and responsibilities as Chairman of the Board:

- Call Board and stockholder meetings

- Preside at Board and stockholder meetings

- Prepare Board meeting schedules, agendas and materials, subject to approval of the Lead Independent Director

The Lead Independent Director's duties and responsibilities will include:

- Preside at all meetings of the Board at which the Chairman is not present, including executive sessions of the independent directors

- Serve as liaison between the Chairman and the independent directors

- Approve meeting agendas and materials for the Board

- The authority to call meetings of the independent directors

- Act as liaison between the independent directors and the CEO

The Board believes that this structure will provide the Company and the Board with strong leadership, continuity of experience given Mr. Daly's role, and appropriate independent oversight. The Board believes that having a Lead Independent Director vested with key duties and responsibilities and three independent Board committees chaired by independent directors provides a formal structure for strong independent oversight of the Executive Chairman and the Company's management team.

Committees of the Board

Audit Committee

The Board of Directors has determined that each of the members of the Audit Committee is independent as defined by NYSE Listing Standards and the rules of the Securities and Exchange Commission (the "SEC") applicable to audit committee members. The Board of Directors has determined that Mr. Haviland and Mr. Weber qualify as audit committee financial experts as defined in the applicable SEC rules, and that all Audit Committee members are

financially literate.

The Audit Committee has a charter under which its responsibilities and authorities include assisting the Board in overseeing the:

Corporate Governance

• Ensuring that the Audit, Compensation and Governance and Nominating Committees of the Board of Directors shall have the benefit of qualified and experienced independent directors

• Developing and recommending to the Board a set of effective corporate governance policies and procedures applicable to the Company

The Corporate Governance Principles and the Governance and Nominating Committee's charter is available on the Company's Investor Relations website at www.broadridge-ir.com under the heading Corporate Governance.

Nomination Process

When seeking candidates for director, the Governance and Nominating Committee may solicit suggestions from incumbent directors, management or stockholders. The Committee will consider director candidates proposed by stockholders, provided that the stockholder recommendation complies with the Company's By-law provisions requiring that stockholder submissions be submitted to the Company's Secretary at 5 Dakota Drive, Lake Success, New York 11042 in a timely manner and include the information called for in the Company's By-laws concerning (a) the potential nominee and (b) the person proposing the nomination. The Committee will apply the same standards in considering candidates submitted by stockholders as it uses for any other potential nominee. In addition, the Governance and Nominating Committee has authority under its charter to retain a search firm to assist the Company with identifying and evaluating Board candidates who have the backgrounds, skills and experience that the Committee has identified as desired in director candidates.

After conducting an initial evaluation of a potential candidate, the Governance and Nominating Committee will interview that candidate if it believes such candidate might be suitable to be a director. The candidate may also meet with other members of the Board. At the candidate's request, they may also meet with management. If the Governance and Nominating Committee believes a candidate would be a valuable addition to the Board, it will recommend that candidate's election to the full Board.

The Governance and Nominating Committee selects each nominee based on the nominee's skills, achievements and experience. The Corporate Governance Principles provide that director nominees should have experience in positions with a high degree of responsibility, be leaders in the companies or institutions with which they are affiliated, and be selected based upon contributions they can make.

The Governance and Nominating Committee considers a variety of factors in selecting candidates. The minimum characteristics that the Committee believes must be met include: independence, wisdom, integrity, an understanding and general acceptance of the Company's corporate philosophy, valid business or professional knowledge and experience, a proven record of accomplishment with excellent organizations, an inquiring mind, a willingness to speak one's mind, an ability to challenge and stimulate management, and a willingness to commit time and energy.

In making its selection of candidates to recommend for election, the Corporate Governance Principles provide that the Board seeks members from diverse professional, racial, cultural, ethnic and gender backgrounds that combine a broad spectrum of experience and expertise with a reputation for integrity. Exceptional candidates who do not meet all of these criteria may still be considered. The Corporate Governance Principles do not provide for a fixed number of directors, but provide that the optimum size of the Company's Board of Directors is 8 to 12 directors.

Proxy Access By-law

The Company's By-laws provide that under certain circumstances, a stockholder, or group of up to 50 stockholders, who have maintained continuous ownership of at least three percent (3%) of our common stock for at least three years may nominate and include a specified number of director nominees in our annual meeting proxy statement. The number of stockholder-nominated candidates appearing in our annual meeting proxy statement cannot exceed 25% of the number of directors then serving on the Board of Directors.

For a description of the process for nominating directors, see page 79 of this Proxy Statement.

Annual Board and Committee Evaluation Process

The Board conducts an evaluation of its performance and effectiveness as well as that of the three committees on an annual basis. The purpose of the evaluation is to track progress in certain areas targeted for improvement from year to year and to identify ways to enhance the Board's and committees' effectiveness. As part of the evaluation, each director

completes a written questionnaire developed by the Governance and Nominating Committee to provide feedback on the effectiveness of the Board, the committees on which they serve, as well as each individual director's own contributions. The collective ratings and comments of the directors are compiled and then presented to the Governance and Nominating Committee by its Chair, and to the full Board for discussion and action.

The Board's Role in Risk Oversight

The Company's management is responsible for managing risks affecting the Company, including identifying, assessing and appropriately mitigating risk. The responsibilities of the Board of Directors include oversight of the Company's risk management processes. The Board of Directors has two primary methods of overseeing risk. The first method is through the Company's Enterprise Risk Management (ERM) process which allows for full Board oversight of the most significant risks facing the Company. The second is through the functioning of the Board's committees.

Management established the ERM process to ensure a complete Company-wide approach to risk over five distinct but overlapping core areas:

• **Strategic** – the risks that could impede the Company from achieving its strategic vision and goals

• **Financial** – the risks related to maintaining accurate financial statements, and timely and complete financial disclosures

• **Operational** – the risks in the processes, people and technology the Company employs to achieve its strategy, normal business operations and cybersecurity

• **Compliance** – the risks related to the Company's legal and regulatory compliance requirements and violations of laws

• **Reputational** – the risks that impact the Company's reputation including failing to meet the expectations of its customers, investors, employees, regulators or the public

The goal of the ERM process is to provide an ongoing procedure, effected at all levels of the Company across each business unit and corporate function, to identify and assess risk, monitor risk, and agree on mitigating action. Central to Broadridge's risk management process is its Risk Committee, which oversees management's identification and assessment of the key risks in the Company, and reviews the controls management has in place with respect to these risks. The Risk Committee is comprised of executive officers and senior executives of the Company including the Chief Operating Officer, Chief Financial Officer, General Counsel, Senior Managing Director of Global Technology, Chief Information Officer, Chief Security Officer, and Chief Human Resources Officer. The Risk Committee communicates the results of its work directly to the Chief Executive Officer and the Board. The Chief Executive Officer, Chief Operating Officer, Chief Financial Officer, and General Counsel meet regularly to discuss specific risks and the Company's risk management processes.

In addition, the Board and the Audit and Compensation Committees of the Board oversee specific areas of risk as follows:

- The full Board has oversight responsibility of the Company's Strategic, Operational, and Reputational risks.
- Executive officers and senior executives with specific subject matter expertise update the full Board on the Strategic, Reputational and non-information technology Operational risks.
-

The Senior Managing Director of Global Technology, Chief Information Officer, SVP Global Technology/Office of the CIO, and Chief Security Officer update the full Board and the Audit Committee on information technology and cybersecurity Operational risks.

• The Audit Committee has oversight responsibility of the Company's Financial and Compliance risks (other than compensation program design risk).

• The Chief Financial Officer, Chief Accounting Officer, and Treasurer update the Audit Committee on the Financial risks.

• The Chief Financial Officer, Chief Accounting Officer, General Counsel, and other business and finance executives update the Audit Committee on the Compliance risks.

Broadridge 2018 Proxy Statement 21

Corporate Governance

• The Compensation Committee has oversight responsibility of the Company's compensation program design risk.
• The Chief Human Resources Officer updates the Compensation Committee on compensation program design risk.
In addition, a subcommittee of the Risk Committee provides additional oversight of Broadridge's cybersecurity risks. This Cybersecurity Council is comprised of senior executives representing a number of disciplines within the Company including the Chief Financial Officer. The Cybersecurity Council meets regularly, and reports on its activities and the progress of its cybersecurity and information security initiatives are provided regularly to the Audit Committee. In addition, the Cybersecurity Council provides a summary of its activities to the full Board.

The Chairs of the Audit Committee and Compensation Committee may address risks directly with management, or, where appropriate, may elevate a risk for consideration by the full Board. The ERM process and the full Board and committee approach to risk management leverages the Board's leadership structure to ensure that risk is overseen by the Board on both a Company-wide approach and through specific areas of competency.

Risk Assessment of Compensation Programs

Management, with the assistance of FW Cook, performed an annual assessment of our compensation objectives, philosophy, and forms of compensation and benefits for all Broadridge employees, including the executives, to determine whether the risks arising from such policies or practices are reasonably likely to have a material adverse effect on the Company. A report summarizing the results of this assessment was reviewed and discussed with the Compensation Committee. After this review and in consultation with FW Cook, the Compensation Committee concluded that Broadridge's compensation program does not create risks that are reasonably likely to have a material adverse effect on the Company.

The key design features in our compensation programs that support this conclusion are:

The mix between fixed and variable compensation, annual and long-term compensation, and cash and equity compensation are designed to encourage strategies and actions that are in Broadridge's and its stockholders' long-term best interests.

Stock options and performance-based RSUs provide for significant long-term wealth creation for executive officers when the Company provides meaningful total shareholder return over a sustained period. The multiple year vesting periods of 2.5 to 4 years for equity compensation awards encourage executives to focus on sustained stock price appreciation.

Incentive awards are determined based on a review of a variety of financial and non-financial indicators of performance, which diversifies the risk associated with any single performance measure.

The Compensation Committee reviews and approves executive officer objectives to ensure that goals are aligned with the Company's business plans, achieve the proper risk/reward balance, and do not encourage unnecessary or excessive risk taking.

• The Compensation Committee has the ability to use its discretion to reduce earned incentive awards based on a subjective evaluation of each individual's performance against strategic and leadership objectives and other factors. Broadridge maintains a clawback policy that requires the reimbursement by an executive officer of cash or equity incentive compensation earned by any executive officer in connection with a restatement of the Company's financial statements due to material noncompliance with financial reporting requirements.

Officer Stock Ownership Guidelines are in place for all of the Company's executive officers providing the goal that executive officers accumulate shares of our common stock ranging in value from two times to six times their current annual base salary based on their roles.

Officer Stock Retention and Holding Period Requirements are in place providing the goal that all executive officers retain at least 50% of the net profit shares realized from stock option exercises and RSU vesting in the form of Broadridge common stock. These net profit shares must be held indefinitely if the executive officer has not met the stock ownership guideline and must be held for a minimum of one year if the executive officer has met the ownership guideline.

A Pre-Clearance and Insider Trading Policy is in place that requires pre-approval of any transactions in Broadridge common stock by executive officers and directors and prohibits the hedging or pledging of our stock.

Succession Planning

The Board is actively engaged and involved in executive officer talent management. The Board reviews the Company's executive talent management strategy which includes a discussion of the Company's leadership bench and succession plans with a focus on key positions at the senior officer level.

In addition, the committees of the Board regularly discuss the talent pipeline for specific critical roles. High potential leaders are given exposure and visibility to Board members through formal presentations and informal events. More broadly, the Board is regularly updated on key talent indicators for the overall workforce, including diversity, recruiting and development programs.

Communications with the Board of Directors

All interested parties who wish to communicate with the Board of Directors or any of the non-management directors, may do so by sending a letter to the Secretary, Broadridge Financial Solutions, Inc., 5 Dakota Drive, Lake Success, New York 11042, and should specify the intended recipient. All such communications, other than unsolicited commercial solicitations or communications, will be forwarded to the appropriate director for review. Any such unsolicited commercial solicitation or communications not forwarded to the appropriate director will be available to any non-management director who wishes to review it. The Governance and Nominating Committee, on behalf of the Board, will review any letters it may receive concerning the Company's corporate governance processes and will make recommendations to the Board based on such communications.

Code of Business Conduct and Code of Ethics

The Company has adopted a Code of Business Conduct and Ethics (the *Code of Business Conduct*) and a Code of Ethics for Principal Executive Officer and Senior Financial Officers (the *Code of Ethics*) which applies, among others, to the Company's principal executive officer, principal financial officer and chief accounting officer. The Company will post on its website any amendment to the Code of Business Conduct or the Code of Ethics and any waiver of the Code of Business Conduct or the Code of Ethics granted to any of its directors or executive officers to the extent required by applicable rules.

Website Access to Corporate Governance Documents

Copies of the Corporate Governance Principles, Code of Business Conduct, Code of Ethics and the Charters of the committees of the Board of Directors are available on our Investor Relations website at www.broadridge-ir.com under

the heading "Corporate Governance" or by writing to the Secretary, Broadridge Financial Solutions, Inc., 5 Dakota Drive, Lake Success, New York 11042.

Certain Relationships and Related Transactions

The Company maintains a written Related Party Transactions Policy. Under this policy, any transaction between the Company and a related person in which such related person has a direct or indirect material interest must be submitted to our Audit Committee for review, approval, or ratification.

A related person means a director, executive officer or beneficial holder of more than five percent (5%) of the Company's outstanding common stock, or any immediate family member of the foregoing, as well as any entity at which any such person is employed, is a partner or principal (or holds a similar position), or is a beneficial owner of a 10% or greater direct or indirect equity interest. Our directors and executive officers must promptly inform our General Counsel of any plan to engage in a potential related party transaction.

TABLE OF CONTENTS

Corporate Governance

This policy requires our Audit Committee to be provided with full information concerning the proposed transaction, including the risks and benefits to the Company and the related person, any alternative means by which to obtain like products or services, and the terms of a similar transaction with an unaffiliated third party. In considering whether to approve any such transaction, the Audit Committee will consider all relevant facts and circumstances, including the nature of the interest of the related person in the transaction and the terms of the transaction. Specific types of transactions are excluded from review under the policy, such as, for example, transactions in which the related person's interest derives solely from his or her service as a director of another entity that is a party to the transaction.

In fiscal year 2018, the Company did not engage in any related party transaction in which the amount involved exceeded \$120,000.

In addition, the Code of Business Conduct prohibits Company personnel, including members of the Board of Directors, from exploiting their positions or relationships with Broadridge for personal gain. The Code of Business Conduct provides that there shall be no waiver of any part of the Code of Business Conduct, except by a vote of the Board of Directors or a designated committee, which will ascertain whether a waiver is appropriate and ensure that the waiver is accompanied by appropriate controls designed to protect Broadridge.

Director Attendance at Annual Meetings

The Company does not have a formal policy with regard to the directors' attendance at annual meetings of stockholders. Generally, however, Board and committee meetings are held the same day as the annual meeting of stockholders, with directors attending the annual meeting. All of our incumbent directors who were members of our Board at the time attended the Company's 2017 annual meeting of stockholders.

Stockholder Engagement

We believe that regular, transparent communication with our stockholders is essential to our long-term success. Throughout the year, members of our management team regularly engage with our stockholders to ensure that we are addressing their questions or concerns. We do this through the participation of our Chief Executive Officer, President and Chief Financial Officer at industry and investment community conferences, investor road shows, and analyst meetings both in our offices and in the offices of current and potential institutional investors. We provide several ways for our stockholders to communicate with us, including by email and telephone. During fiscal year 2018, members of our management team met with representatives of many of our top institutional stockholders to discuss our business strategy, financial performance, capital stewardship program, governance practices, executive compensation, and various other matters. We also invited our institutional investors to an Investor Day presentation at which several executives discussed our businesses in greater detail. Management shares with the Board any concerns raised by our stockholders. We have had success engaging with our stockholders to understand their questions or concerns, and we remain committed to these efforts on an ongoing basis.

We welcome feedback from all stockholders, who can contact our Investor Relations team by calling 516-472-5400 or by emailing broadridgeir@broadridge.com.

Proposal 2 — Advisory Vote to Approve the Compensation of our Named Executive Officers (the Say on Pay Vote)

In recognition of the interest the Company's stockholders have in the Company's executive compensation policies and practices, and in accordance with the requirements of Section 14A of the Exchange Act, this proposal provides the Company's stockholders with an opportunity to cast an advisory vote on the compensation of the Named Executive Officers, as disclosed pursuant to the SEC's compensation disclosure rules in this Proxy Statement.

At the 2017 annual meeting of stockholders, approximately 97% of the votes cast on the Say on Pay Vote were voted in favor of the proposal. The Compensation Committee discussed the results of this advisory vote in connection with its review of compensation decisions.

As described in more detail beginning on page 32 of this Proxy Statement under the heading Executive Compensation—Compensation Discussion and Analysis, the Company has adopted an executive compensation program that reflects the Company's philosophy that executive compensation should be structured to align each executive's interests with the interests of our stockholders. Provided below are a few highlights of our performance and our executive compensation policies and practices in fiscal year 2018.

Pay for Performance. The mix of compensation elements for the Named Executive Officers, and particularly the CEO, is more heavily weighted towards variable, performance-based compensation than for the balance of the Company's executive officers. This is intended to ensure that the executives who are most responsible for overall performance and changes in stockholder value are held most accountable for results. For example, approximately 89% of the total target fiscal year 2018 compensation of our CEO, and approximately 77% of the total target fiscal year 2018 compensation of our other Named Executive Officers (on average), is at risk and tied primarily to the growth and profitability of the Company.

As discussed in the 2018 Financial Performance Highlights section beginning on page 33 below, in fiscal year 2018, we reported strong financial performance including record closed sales results.

In line with the Company's strong overall financial performance in fiscal year 2018, the annual cash incentive payments for the Named Executive Officers ranged from 125% to 136% of their targets. In addition, because of our strong EPS performance in fiscal year 2018, performance-based RSU target awards were earned at 130% of their target amounts.

The TDC of the Named Executive Officers increased in fiscal year 2018 due to the short-term cash incentive payouts reflecting the Company's performance in this fiscal year. In addition, in some cases, based on executive performance in the prior fiscal year, TDC targets were increased for fiscal year 2018.

In summary, the Compensation Committee concluded that fiscal year 2018 compensation was well aligned with our performance for the year and that the connection between pay and performance is strong.

Pay Targeted at Median. Our goal is to position target compensation at the median of the external market for the Named Executive Officers. On an individual basis, target compensation for each Named Executive Officer may be set above or below median based on a variety of factors including sustained performance over time, readiness for promotion to a higher level, and skill set and experience relative to external market counterparts. Actual compensation

varies above or below the target level based on the degree to which specific performance goals are attained in the variable incentive plans, changes in stock value over time, and the individual performance of each executive.

Risk Mitigation and Corporate Governance Policies and Practices. The Company has certain policies in place to minimize excessive risk taking such as a clawback policy and a policy that prohibits the hedging or pledging of the Company's stock. In consultation with its independent compensation consultant, FW Cook, the Compensation Committee has reviewed the compensation programs for all Broadridge employees and has concluded that these programs do not create risks that are reasonably likely to have a material adverse effect on the Company.

In addition, the Company has certain governance and compensation policies and practices in place to ensure that we meet best practices in corporate governance. Please see the Compensation Governance Policies and Practices and the Corporate Governance Policies sections on pages 38 and 50, respectively, of this Proxy Statement for descriptions of these policies and practices.

Executive Summary

Philosophy and Objectives of our Executive Compensation Program

The philosophy underlying our executive compensation program is to provide an attractive, flexible, and market-based total compensation program tied to performance and aligned with the interests of our stockholders. Our objective is to recruit and retain top caliber executive officers and other key employees to deliver sustained high performance to our stockholders.

Within this framework, we observe the following principles:

Hire and motivate talented executive officers: Base salaries and target incentive compensation opportunities are designed to be market competitive to attract, engage and retain executives who will help ensure our future success. In addition, our program is designed to motivate and inspire behavior that fosters a high performance culture while maintaining a reasonable level of risk and adherence to the highest standards of overall corporate governance.

Pay for performance: Our program is designed to provide a clear line of sight and connection between compensation and performance, both individual and organizational. A significant portion of each executive’s pay varies based on organizational, individual and, where appropriate, divisional performance.

Align compensation with stockholder value: We align the interests of our executives with stockholders by ensuring that their compensation is heavily weighted towards variable, performance-based compensation. We use a combination of short- and long-term incentives to motivate our executives to meet annual goals in a manner that supports our longer term strategic objectives, with a significant portion of our executives’ compensation opportunity linked to Broadridge common stock.

Our annual cash incentive program is designed to reward annual performance as measured by achievement against pre-set annual financial and operating goals.

Our long-term equity incentive compensation program is designed to align executive officer financial interests with those of stockholders and to help improve our long-term profitability and stability through the attraction and retention of superior talent.

2018 Financial Performance Highlights

In fiscal year 2018, we achieved another year of strong financial performance.

TABLE OF CONTENTS

Executive Compensation

Our strong financial results enabled the Company to generate total shareholder return of 55% for the one-year period ended June 30, 2018. This performance is within the top quartile of companies in the S&P 500. Our total return is calculated as the annualized rate of return reflecting our common stock price appreciation plus the reinvestment of dividends and the compounding effect of dividends paid on reinvested dividends. We continued to return capital to our stockholders through share repurchases and increased levels of dividends, while also investing in our business through acquisitions.

During the fiscal year, we repurchased 2 million shares for a total amount of \$225 million, net of proceeds from the exercise of stock options. In total, in fiscal year 2018 we returned \$391 million to stockholders in the form of dividends and share repurchases.

Acquisitions are an important part of our strategy. We spent a total of \$148 million on six acquisitions and other strategic investments in fiscal year 2018, including the acquisitions of Summit Financial Disclosure, LLC, a full service financial document management solutions provider, including document composition and regulatory filing services; ActivePath Solutions Ltd., a digital technology company with technology that enhances the consumer experience associated with consumer statements, bills and regulatory communications; and FundAssist Limited, a regulatory, marketing and sales solutions service provider to the global investments industry.

The Board of Directors increased the annual dividend amount declared by 11% during fiscal year 2018. Also, in August 2018, the Board of Directors increased our annual dividend amount for fiscal year 2019 by 33% to \$1.94 per share, subject to the discretion of the Board to declare quarterly dividends. With this increase, our annual dividend has increased for the eleventh consecutive year since becoming a public company in 2007.

TABLE OF CONTENTS**Executive Compensation**

2018 Compensation Highlights

Our philosophy is to position the target compensation structure for our executive officers, in the aggregate, at the median of the external market. On an individual basis, target compensation for executive officers including our Named Executive Officers, is set above or below the median based on a variety of factors including time in position, sustained performance over time, readiness for promotion to a higher level, and skill set and experience relative to external market counterparts. Actual compensation varies above or below the target level based on the degree to which specific performance goals are attained in the variable incentive plans, changes in stock value over time, and the individual performance of each executive.

The performance metrics utilized in the Company's short- and long-term incentive plans align with Broadridge's operating plan. Strong engagement and leadership displayed by our Named Executive Officers drives clear line of sight to these metrics across the Company. Line of sight is the degree to which an employee can directly see how his or her contributions influence the performance measures being evaluated. We design our rewards and performance goals so executives see a common line of sight between their goals and the organization's goals. We believe that aligning executives with Broadridge's strategic goals is critical to attain strategic success.

As a direct result of this alignment, Broadridge demonstrated another year of solid growth in fiscal year 2018, which supported the payouts under the short- and long-term incentive plans. Fiscal year 2018 TDC for the Named Executive Officers reflects the Company's strong overall performance in this fiscal year. The annual cash incentive payments for the Named Executive Officers were above their targets, as described below. In addition, performance-based RSU awards for the performance period ending with fiscal year 2018 were earned at 130% of their target amounts, reflecting Adjusted EPS performance in fiscal years 2017 and 2018 that exceeded our target performance goals.

In summary, the Compensation Committee concluded that fiscal year 2018 compensation was well aligned with the Company's performance for the year and that the connection between pay and performance was strong.

Executive Total Compensation Mix

A significant portion of the CEO's and other Named Executive Officers' target TDC is variable, performance-based compensation. This is intended to ensure that the executives who are most responsible for overall performance and changes in stockholder value are held most accountable for results.

Continuing Stockholder Support for our Compensation Programs

Each year, the Company provides stockholders with an opportunity to cast an advisory vote on the compensation of the Company's Named Executive Officers. At the 2017 annual meeting of stockholders, stockholders continued their strong support of our executive compensation program with approximately 97% of the votes cast in favor of the proposal. Based on the outcome of the annual Say on Pay Vote, the Compensation Committee believes that the Company's current executive compensation program is aligned with the interests of the Company's stockholders. Accordingly, the Compensation Committee decided to retain the core elements and pay-for-performance design of our executive compensation program for fiscal year 2018.

TABLE OF CONTENTS**Executive Compensation**

In addition, at the 2017 annual meeting of stockholders, the Company held a non-binding vote on the frequency of the Say on Pay Vote to approve the compensation of its Named Executive Officers as disclosed in the Proxy Statement. Currently, the Say on Pay Vote is included every year. At the 2017 annual meeting of stockholders, approximately 84% of the votes cast by stockholders were in favor of continuing to hold the Say on Pay Vote every year.

The Compensation Committee will continue to consider the outcome of the Company's Say on Pay Votes and the views of our stockholders when making future compensation decisions for the Named Executive Officers.

Compensation Governance Policies and Practices

The Company has the following policies and practices in place in order to minimize excessive risk taking and meeting best practices in compensation governance:

Policy/Practice	Overview
Clawback Policy	Executive officer cash and equity incentive compensation is subject to reimbursement, if and to the extent that the payment, grant, or vesting was predicated upon the achievement of financial results that were subsequently the subject of a financial restatement due to material noncompliance with financial reporting requirements by the Company, and a lower payment, award, or vesting would have occurred based upon the restated financial results.
Double-trigger on Change in Control	Our Change in Control Severance Plan (the <i>CIC Plan</i>) has a double-trigger, which provides payments of cash and vesting of equity awards only upon termination of employment without cause or with good reason within three years following a change in control.
No Re-pricing or Discount Stock Options	We do not replace, cash out, or lower the exercise price of underwater stock options without stockholder approval. The exercise price of our stock options is not less than 100% of the fair market value of our common stock on the date of grant.
No Dividends or Dividend Equivalents on Unvested Equity Awards	Dividends or dividend equivalents are not earned or accrued by our equity awards until they vest and convert to shares of common stock.
Stock Ownership Guidelines and Retention and Holding Period Requirements	To encourage equity ownership among our executive officers, we maintain stock ownership guidelines based on a multiple of their salaries; the guidelines include stock retention and holding period provisions.
No Employment Agreements	Our Named Executive Officers do not have employment agreements and therefore are not entitled to minimum base salaries, guaranteed bonuses or guaranteed levels of equity or other incentives.
No Hedging or Pledging of Stock	Our executive officers, directors, and employees are prohibited from engaging in hedging and pledging activities or short sales with respect to Broadridge common stock.
No Excise Tax Gross-ups	

We do not provide for excise tax gross-ups to executive officers in the event of a change in control of the Company.

Restrictive Covenant
Agreements

We require that executives agree to be bound by a restrictive covenant agreement containing non-competition, non-solicitation and confidentiality provisions as a condition to receiving an equity grant or severance payments under the severance plan for executive officers (the *Officer Severance Plan*).

Independence of our
Compensation Committee
and Advisor

The Compensation Committee is comprised solely of independent directors and utilizes the services of an independent compensation consultant.

Key Roles and Processes for Executive Compensation Decision-Making

Role of the Compensation Committee

The Compensation Committee has oversight of all compensation elements provided to Broadridge's executive officers, including the Named Executive Officers.

The Compensation Committee plays a significant role in the evolution of Broadridge's executive compensation strategies and policies in order to ensure that our executive compensation program supports our long-term business strategies and enhances our performance and return to stockholders while not creating undue risk. Among its duties, the Compensation Committee determines and approves the total compensation of our CEO and approves the compensation for the remainder of our executive officers after taking into account the CEO's recommendations including:

- Review and approval of corporate incentive goals and objectives relevant to compensation;
- Evaluation of the competitiveness of each executive officer's total compensation package; and
- Approval of any changes to the total compensation package, including, but not limited to, base salary, annual cash incentive and long-term equity incentive award opportunities.

Role of the Independent Consultant

The Compensation Committee engages FW Cook as its independent compensation consultant to provide compensation market analysis and insight with respect to the compensation of our executive officers and directors. In addition, FW Cook gives the Compensation Committee advice regarding selection of the Peer Group companies (as defined below), market competitive compensation, executive compensation trends, the omnibus plan and share request, and governance and regulatory updates. FW Cook also provides ongoing assistance in the design and structure of the variable incentive plans, including the selection of performance metrics and the setting of performance goals.

The Compensation Committee annually reviews the independence of FW Cook and, in fiscal year 2018, concluded that FW Cook is independent and their work has not raised any conflicts of interest. FW Cook reports to the Compensation Committee, does not perform any other services for the Company, and has no economic or other ties to the Company or the management team that could compromise their independence or objectivity. Role of Management

Our CEO makes recommendations to the Compensation Committee with respect to the base salaries, annual cash incentive awards and long-term incentive awards for executive officers, within the framework of the executive compensation program approved by the Compensation Committee and taking into account FW Cook's review of market competitive compensation data on behalf of the Compensation Committee. These recommendations are based upon his assessment of each executive officer's performance, the performance of the individual's respective business or

function, and retention considerations. The Compensation Committee considers the CEO's recommendations in its sole discretion. Our CEO does not make recommendations with respect to his own compensation.

Peer Group Selection and Market Data

Broadridge refers to a peer group in establishing executive officer target compensation. The list of companies determined to be Broadridge's peers for executive officer compensation benchmarking purposes is reviewed annually by the Compensation Committee. Fiscal year 2018 target compensation was determined by the Committee in August 2017 taking into account the peer group established earlier in 2017 and set out below.

How the Peer Group was Chosen:

• Comparable businesses operating in similar industries

• Within a reasonable range of revenue, market capitalization, operating income, total assets and number of employees compared to Broadridge, with revenue as the primary measure

• Similar cost structures, business models, and compensation models

• Similar level of global reach

How we use the Peer Group:

• As a reference point to assess the competitiveness of base salary, incentive targets, and TDC awarded to the Named Executive Officers

• As information on market practices in connection with compensation plan design, share utilization and share ownership guidelines

• To compare Company performance and validate whether executive compensation programs are aligned with Company performance

The Compensation Committee, with the assistance of its independent compensation consultant, FW Cook, determined that the following 16 companies are Broadridge's peers for fiscal year 2018 compensation benchmarking purposes (the *Peer Group*):

- Alliance Data Systems Corp.
- CA, Inc.
- Convergys Corp.
- CoreLogic, Inc.
- DST Systems, Inc.
- Dun & Bradstreet Corp.
- Equifax Inc.
- Euronet Worldwide Inc.
- Fidelity National Information Services, Inc.
- Fiserv Inc.
- Global Payments Inc.
- IHS Markit
- Paychex Inc.
- Total System Services Inc.
- Vantiv, Inc.
- Western Union Company

The Compensation Committee made a number of changes to our Peer Group for use in fiscal year 2018 compensation benchmarking.

The following companies were removed:

Jack Henry & Associates, based on revenue size

Heartland Payment Systems Inc., which was acquired by Global Payments Inc. in 2016

The following companies were added as they are comparable in size and business to the Company:

Fidelity National Information Services, Inc.

IHS Markit

In addition, Vantiv, Inc. was acquired by Worldpay Group plc in January 2018 and the combined company is now named Worldpay, Inc., and DST Systems, Inc. was acquired by SS&C Technologies Holdings, Inc. in April 2018.

TABLE OF CONTENTS**Executive Compensation**

At the time of the Committee's compensation review, Broadridge was at the 68th percentile for revenue and the 41st percentile of the average of all measures compared with the Peer Group (revenue, market capitalization, operating income, total assets, and total employees).

Peer Group data is considered a primary source of information for the determination of both market practices and market compensation levels for the Named Executive Officers. As there is limited data on positions other than the CEO and CFO in the Peer Group data, the Compensation Committee also reviews data from three national survey sources related to general industry and technology companies, size-adjusted for Broadridge's total revenues, or in the case of the role of Mr. Schifellite, size-adjusted for the total revenues of the business he manages, when it considers the market competitiveness of Named Executive Officer compensation levels and/or market practices. The survey providers utilized are Willis Towers Watson, Aon Hewitt and Aon Radford. The Committee does not review the specific companies included in these surveys and the data presented to the Compensation Committee is general and not specific to any particular subset of companies.

CEO Evaluation Process

The Board of Directors evaluates the performance of the CEO annually. For fiscal year 2018, the Board's evaluation of Mr. Daly's performance took into account a CEO scorecard. The CEO scorecard assessed financial and operational business performance against pre-determined objectives in four categories: financial goals, operational excellence goals, human capital goals, and client goals. For more information on the fiscal year 2018 goals, please see the section entitled "Corporate Officer Bonus Plan—Strategic and Leadership Goals" beginning on page 44.

The Board of Directors concluded that Mr. Daly exceeded its overall expectations based on his leadership of the Company and in driving strong operational and financial performance. The Compensation Committee considered the Board of Directors' evaluation of Mr. Daly's performance when determining his fiscal year 2018 cash incentive achievement and his fiscal year 2019 base salary and incentive compensation targets.

The Board of Directors also used the CEO scorecard to communicate the key performance and strategic and leadership goals that it wants Mr. Daly to pursue in the upcoming fiscal year.

Corporate Officer Bonus Plan – 2018 Performance Funding Target

For the annual cash incentive awards, the Compensation Committee established that no amount would be payable to the Company’s officers for fiscal year 2018 unless the Company’s fiscal year 2018 Adjusted Net Earnings were at least \$248.8 million. Broadridge’s Adjusted Net Earnings for fiscal year 2018 were \$431.8 million and, therefore, exceeded the threshold required in order to pay cash incentive awards under this plan. For the definition of Adjusted Net Earnings and for information on how it is calculated for compensation purposes, see Explanation of Compensation Adjusted Non-GAAP Financial Measures on page 52.

Achievement of the performance threshold goal establishes a maximum award amount that each executive officer is eligible to receive, equal to 200% of their target amount set forth below, subject to the compensation limits in the 2007 Omnibus Award Plan. However, the actual cash incentive award payable is determined by the Compensation Committee based on the scoring of the financial, client satisfaction, and strategic and leadership goals established for each officer as described below, limited to the maximum award amount.

Corporate Officer Bonus Plan – 2018 Performance Metrics

For fiscal year 2018, the Compensation Committee determined that the annual cash incentive awards for the Named Executive Officers be calculated as follows:

Corporate Officer Bonus Plan – 2018 Performance Metrics – Financial Goals

The Compensation Committee considers the achievement of financial goals to be the most relevant measure of the Company's overall business performance for the year; therefore, the financial goals are the most heavily weighted factors. The Compensation Committee determined that the financial goals below are aligned with the Company's long-term growth and profitability objectives.

The Compensation Committee establishes threshold, target and maximum performance levels for each financial goal. Each level represents a different performance expectation considering factors such as the Company's prior year performance and the Company's operating plan growth goals.

The corporate financial goals used to score the annual cash incentives of the Named Executive Officers are set forth below.

TABLE OF CONTENTS

Executive Compensation

In addition to the corporate financial goals, Mr. Schifellite's corporate officer bonus plan includes Adjusted EBT, Closed Sales and Fee-Based Revenue goals based on the performance of our Investor Communication Solutions segment excluding the customer communication solutions business (*Investor Communications division*). The corporate financial goals and those of the Investor Communications division are given equal weight in the determination of his cash incentive award.

The Company has not disclosed the targets and ranges pertaining to the Investor Communications division because this information is not otherwise publicly disclosed by the Company, and the Company believes it would cause competitive harm to do so in this Proxy Statement. The financial goals were set above last year's achievement and the outcome was substantially uncertain at the time the goals were set. Achievement of Mr. Schifellite's divisional goals ranged from 105% to 156% of target performance in fiscal year 2018, 93% to 114% of target performance in fiscal year 2017, and 98% to 103% of target performance in fiscal year 2016. For fiscal year 2018, the weighted-average score of the Investor Communications division financial goals was 143%.

Mr. Perry's corporate officer bonus plan has two components, each with a target of 70% of his base salary:

Corporate Goals Component, which is comprised of the corporate financial goals described above, as well as client satisfaction and strategic and leadership results. This component is scored in the same manner as the annual cash incentive awards of the other corporate Named Executive Officers (*i.e.*, Messrs. Daly, Young and Gokey).

Sales Incentive Component, which is scored based on Broadridge's Closed Sales achievement.

Corporate Officer Bonus Plan – Client Satisfaction Goal

Broadridge conducts a client satisfaction survey for each of its major business units annually. Each year, threshold, target and stretch goals are established, with target and stretch award levels based on exceeding the prior year's performance. The results of the client satisfaction survey are included as a component of the Corporate Officer Bonus Plan because of the importance of client retention to the achievement of Broadridge's revenue goals.

For the Named Executive Officers, other than Mr. Schifellite, client satisfaction is the weighted-average achievement against pre-set targets in Broadridge's client satisfaction survey of the Investor Communication Solutions and Global Technology and Operations business segments. The score for Mr. Schifellite is based solely on the performance of the Investor Communications division. The percentage earned by Mr. Schifellite was 200% of target, and the percentage earned by the other Named Executive Officers was 127% of target.

Corporate Officer Bonus Plan – Strategic and Leadership Goals

Strategic and leadership achievement is included as a component of each Named Executive Officer's bonus in order to reinforce the importance of the Company's non-financial strategic objectives. The amounts payable on this component are determined based on the Compensation Committee's evaluation of the Named Executive Officer's strategic and leadership performance.

TABLE OF CONTENTS

Executive Compensation

CEO

The following primary strategic and leadership goals were communicated to Mr. Daly by the Compensation Committee at the beginning of the fiscal year. The Compensation Committee evaluated Mr. Daly's achievement of these strategic and leadership goals which are set forth in the CEO scorecard:

CEO Strategic and Leadership Goals

Achievement

Meet established financial goals and achieve top quartile total shareholder return performance
 Financial performance exceeded targets. One-year and three-year total shareholder return performance was in the top quartile of the S&P 500.

Drive strategic growth through new products, innovation and global expansion
 The Company made multiple acquisitions aligned with its strategic objectives and advanced several strategic initiatives including initiatives in capital markets, expanding its digital capabilities, blockchain, cloud and artificial intelligence technology applications.

Develop bench strength throughout the organization, paying special attention to increasing diversity
 The Company enhanced its executive talent through a combination of external hires and promotions. Annual talent reviews are conducted with focus on the executive talent pipeline and diversity.

Ensure that operations are accurate, dependable and efficient
 The Company's strong client revenue retention rate of 97% provides a stable base for future revenue growth.

The Compensation Committee specifically considered these key accomplishments in its assessment of Mr. Daly's overall performance and decided to pay Mr. Daly 140% of the target on the strategic and leadership goals portion of his cash incentive award.

Other Named Executive Officers

The strategic and leadership goals for the other Named Executive Officers were similar to the qualitative measures used by the Compensation Committee to evaluate the performance of Mr. Daly; however, the goals varied by Named Executive Officer. The following key accomplishments were considered in determining the achievement of the strategic and leadership goals portion of the other Named Executive Officers' cash incentive awards:

• The Company's strong financial results and total shareholder return performance for fiscal year 2018

• The successful integration of acquisitions aligned with the Company's strategic objectives

• Progress in the Company's strategic initiatives

• The Company's strong operational performance as evidenced by its client revenue retention rates

Mr. Daly made a recommendation to the Compensation Committee with respect to achievement of the strategic and leadership goals for each of the other executive officers, which the Compensation Committee reviewed in assessing their performance.

Long-Term Equity Incentive Compensation

The purpose of long-term equity incentive compensation provided under the 2007 Omnibus Award Plan is to align executive officer financial interests with those of stockholders, and to improve our long-term profitability and stability through the attraction and retention of superior talent.

The Company grants both stock options and performance-based RSUs to its executive officers annually to reinforce key long-term business strategies. Stock options have a 10-year term and align executive officers with stockholder interests to create long-term growth in the Broadridge stock price. Performance-based RSUs, which have a two-year performance period with EPS goals, reinforce year-over-year EPS growth. This metric was selected because it is Broadridge's primary measure of long-term corporate profitability and is intended to provide alignment with stockholders' interests.

Long-Term Equity Incentive Grants

Each executive officer has an annual long-term equity incentive target grant denoted in terms of a dollar value, which is allocated equally between stock options and performance-based RSUs. The Compensation Committee considers recommendations from the CEO with regard to grants of stock options and performance-based RSUs to executive officers other than himself. The Compensation Committee retains full responsibility for approval of individual grants. Details on the types of equity awards granted are provided in the table below.

Type of Equity	FY18 Timing	Vesting	Terms
Stock Options	August 2017: The Compensation Committee determines target dollar value for each officer. February 2018: Stock options granted. ------------------------	---	---	--

The binomial value is determined using a binomial option-pricing valuation model under FASB ASC Topic 718 (1) and based on a 30-day average closing price of Broadridge common stock, typically determined one week prior to the Compensation Committee meeting in February.

The use of an average closing price for purposes of converting dollar value targets into shares is intended to reduce (2) the impact of short-term stock price volatility on individual awards, thereby mitigating the risk of a windfall or impairment to the award opportunity.

For Mr. Daly's October 2017 award, in the event of his retirement from the Company during a performance period (3) after he has attained the age of 65, the award will vest in full on April 1, 2020, without proration for the portion of the performance period worked but based on actual performance at the end of the performance period, subject to compliance with the restrictive covenants in his award agreement.

(4) For information on how this metric is calculated, see Explanation of Compensation Adjusted Non-GAAP Financial Measures on page 52.

Fiscal Year 2017-2018 Performance-Based RSU Earned Awards

The goals for performance-based RSUs granted on October 1, 2016 were set and evaluated by the Compensation Committee in August 2016. Following the end of the two-year performance period, the Compensation Committee calculated that the Named Executive Officers earned 130% of the performance-based RSU target award amounts, due to the achievement of average compensation Adjusted EPS of \$3.37 in fiscal years 2017 and 2018. Broadridge's annual compensation Adjusted EPS achievement for fiscal years 2017 and 2018 was \$3.18 and \$3.56, respectively. The earned RSUs will vest and convert to shares of our common stock on April 1, 2019, provided that the plan participant remains actively employed with Broadridge on the vesting date.

Additional Benefits

Retirement Plans

Broadridge provides the Named Executive Officers with retirement benefits on the same terms as those offered to other employees generally through Broadridge's 401(k) Plan. The 401(k) Plan allows our U.S. employees to save for retirement on a tax-deferred or Roth after-tax basis, and Broadridge makes matching contributions to the 401(k) Plan to encourage participation in this plan.

In addition, the Named Executive Officers, other than Mr. Young and Mr. Perry, participate in the Company's Supplemental Officer Retirement Plan (the *SORP*), which is a non-qualified supplemental retirement plan. The Broadridge SORP provides supplemental benefits to certain executive officers and was intended to support the objective of attracting and retaining key talent by improving the market competitiveness of our overall rewards package and tying the receipt of value to continued tenure through a defined retirement age. On January 1, 2014, the SORP was closed to new participants.

The Broadridge Executive Retirement and Savings Plan (the *ERSP*) is a defined contribution restoration plan that mirrors Broadridge's qualified 401(k) Plan for those executives who are not in the SORP. The ERSP provides specified deferred compensation benefits to a select group of U.S.-based management or highly compensated employees. The ERSP allows for voluntary associate deferrals of base salary and/or cash incentive compensation and employer contributions above the qualified defined contribution compensation and deferral limitations. Participants in the SORP are eligible to defer their cash compensation under the ERSP but are not eligible for additional benefits such as Company matching under the ERSP.

Please see the *Pension Benefits* and the *Non-Qualified Deferred Compensation* tables on [pages 59 and 60](#) in this Proxy Statement, respectively, for further information regarding Broadridge's retirement plans.

Executive Retiree Health Insurance Plan

Certain key executives, including all Named Executive Officers, who terminate employment with the Company after they have attained age 55 and have been credited with at least 10 years of service are eligible to participate in our Executive Retiree Health Insurance Plan. This plan is a post-retirement benefit plan pursuant to which the Company helps defray the health care costs of certain eligible key executive retirees and qualifying dependents until they reach the age of 65. This plan is intended to support the objective of attracting and retaining key talent by improving the market competitiveness of our overall rewards package.

Benefit Plans

Broadridge provides its Named Executive Officers with health and welfare benefits during active employment on the same terms as those offered to other employees.

Perquisites

Broadridge provides the Named Executive Officers with a Company-paid car or car allowance. In addition, under the Matching Gift Program, the Broadridge Foundation, a charitable foundation established and funded by the Company, provides up to \$10,000 per calendar year in matching of charitable contributions made to qualified tax-exempt organizations on behalf of executive officers.

These perquisites are consistent with both general industry market practice based on independent third-party executive benefit and perquisite surveys and Broadridge's executive rewards strategy. The Compensation Committee reviewed these perquisites in fiscal year 2018 and determined that they are in line with perquisites provided by companies with which Broadridge competes for talent.

Please see the All Other Compensation table on page 55 of this Proxy Statement for more information regarding the perquisites provided to the Named Executive Officers.

Change in Control Severance Plan

Our CIC Plan is designed to neutralize the potential conflict our executive officers could face with a potential change in control and possible termination of employment and to facilitate our ability to attract and retain executives as we compete for talented individuals in a marketplace where such protections are commonly offered. In addition, the CIC Plan protects and enhances stockholder value by encouraging executive officers to evaluate potential transactions with independence and objectivity, ensuring continuity of management prior to and after a transaction, and ensuring that executives receive reasonable severance compensation in the event that their positions are eliminated as a result of a transaction.

All Named Executive Officers participate in the CIC Plan. The CIC Plan is a double-trigger plan that requires both a change in control of the Company and a subsequent qualifying termination of employment in order for the executive officer to receive any payment under the plan. Under the CIC Plan, if a participant's employment is terminated by the Company without cause or by the participant for good reason, as those terms are defined under the CIC Plan, within a three-year period following a change in control, the participant would be eligible to receive a severance payment and certain equity awards will be accelerated.

Mr. Daly is party to a Change in Control Enhancement Agreement with the Company (the *Enhancement Agreement*) under which he is entitled to receive, on an item-by-item basis, the greater of the benefits and payments under the Enhancement Agreement and the CIC Plan.

Please see the Potential Payments upon a Termination or Change in Control section beginning on page 62 of this Proxy Statement for further information regarding Broadridge's CIC Plan.

Officer Severance Plan

The Company maintains an Officer Severance Plan for executive officers, including the Named Executive Officers, in order to enhance recruitment and retention of senior officers who are key to our long-term success without the necessity of having separate employment agreements. The Officer Severance Plan provides for severance benefits when an executive officer is terminated without cause as defined in the Officer Severance Plan. Upon a qualifying termination the executive officer would be eligible to receive severance payments, and the vesting of certain equity awards will continue during the severance period. In the instance that an executive officer is due benefits or payments under both the Officer Severance Plan and the CIC Plan, the executive officer would be eligible to receive the greater of the benefits and payments and the more favorable terms and conditions determined on an item-by-item basis.

Please see the Potential Payments upon a Termination or Change in Control section beginning on page 62 of this Proxy Statement for further information regarding the Officer Severance Plan.

Employment Agreements

Broadridge does not have employment agreements in place with any Named Executive Officers.

Corporate Governance Policies

Stock Ownership Guidelines and Retention and Holding Period Requirements

The Company's stock ownership guidelines reinforce the objective of increasing equity ownership of the Company among executive officers in order to more closely align their interests with those of our stockholders. The ownership guidelines are based on each executive officer acquiring and holding a total equity value at least equal to a specified multiple of his or her annual base salary. The multiples of base salary by executive officer position are:

Level	Multiple of base salary
Chief Executive Officer	6x
Chief Financial Officer	3x
President and Chief Operating Officer	4x
All other Corporate Senior Vice Presidents and Corporate Vice Presidents	2x

What Counts:

- Shares owned outright
- Shares beneficially owned by direct family members (spouse, dependent children)
- Shares held in the executive's account under a 401(k) plan or other savings plan

What Doesn't Count:

- Unexercised stock options
- Unvested RSUs

•

The Compensation Committee has also established stock retention and holding period requirements for the executive officers. Specifically:

An executive officer should retain at least 50% of the net profit shares realized after the exercise of stock options or vesting of RSUs until the ownership level is reached. Net profit shares are the shares remaining after the sale of shares to finance payment of the stock option exercise price, taxes and transaction costs owed at exercise or vesting. After the ownership level is met, the executive officer must continue to hold at least 50% of future net profit shares for one year.

All executive officers are in compliance with the stock retention requirement. Additionally, all executive officers currently meet or are making progress toward meeting the ownership multiples.

Clawback Policy

The Company maintains a clawback policy that requires reimbursement by an executive officer of all or part of any bonus, incentive or equity-based compensation that is paid, awarded or vests if and to the extent that: (a) the payment, grant, or vesting was predicated upon the achievement of financial results that were subsequently the subject of a financial restatement due to material noncompliance with financial reporting requirements by the Company, and (b) a lower payment, award, or vesting would have occurred based upon the restated financial results.

Under this policy, the Company will, to the extent allowable under applicable laws, require reimbursement of any bonus, incentive or equity-based compensation previously awarded or cancel any unvested, unexercised or deferred stock awards previously granted to the executive officer in the amount by which the individual executive officer's bonus, incentive or equity-based compensation for the relevant period exceeded the lower amount that would have been received based on the restated financial results. However, the Company will not seek to recover bonuses, incentive or equity-based compensation that was paid or had vested more than three years prior to the date the applicable restatement is disclosed.

Pre-Clearance and Insider Trading Policy and Prohibition on Hedging and Pledging

The Broadridge trading policy for the Company's executive officers and directors provides that the Company's executive officers and directors or their immediate family members, family trusts or other controlled entities cannot engage in any transaction in Broadridge securities (including purchases, sales, broker assisted cashless exercises of stock options and the sale of the common stock acquired pursuant to exercise of stock options) without first obtaining the approval of the Company's General Counsel.

Approval of transactions can be sought only during a defined window period when the executive officers and directors are not in possession of material non-public information about the Company. The window period is generally defined as the period of time commencing on the second day after the public release by Broadridge of its quarterly and annual earnings information and ending on the date of distribution to Broadridge's executive officers of the flash financial performance results for the second month of the then current fiscal quarter, but can be closed by the Company's General Counsel at any time if the person seeking approval is in possession of material non-public information. The Broadridge trading policy also clarifies the obligations of Broadridge's officers, directors and employees with respect to securities law prohibitions against insider trading.

In addition, the trading policy prohibits the Company's executive officers, directors and employees from engaging in short sales and the purchase of any financial instrument, including prepaid variable forward contracts, equity swaps, put options, collars and exchange funds, or otherwise engaging in a transaction that is designed to, or may reasonably be expected to have the effect of, hedging or offsetting any decrease in the market value of Broadridge securities, and also prohibits holding Broadridge securities in a margin account or pledging Broadridge securities as collateral for a loan.

Impact of Accounting and Tax Considerations

As a general matter, the Compensation Committee reviews and considers the various tax and accounting implications of the compensation elements utilized by the Company.

With respect to accounting considerations, the Compensation Committee examines the accounting cost associated with equity compensation in light of the requirements under FASB ASC Topic 718. Under its current practice, annual equity grants, including performance-based RSU and stock option grants, are made on a target value basis and then converted into a set number of RSUs and/or stock options, so as to limit the total accounting cost of the grants.

Section 162(m) of the Internal Revenue Code of 1986, as amended (the *Code*) generally places a limit of \$1 million on the amount of compensation a public company can deduct in any year for each of its covered employees (which, under current law, includes the current and certain former Named Executive Officers). The Committee takes into account the deductibility of compensation as a factor in determining executive compensation. However, the Committee believes that its primary responsibility is to provide a compensation program that is designed to attract, retain and reward the executive talent necessary to the success of the Company, and the Committee has retained the discretion to approve compensation that is not deductible under Section 162(m).

Effective for fiscal year 2018 and prior years, the limit on deductibility of Named Executive Officer compensation did not apply to compensation that qualified as performance-based compensation under Section 162(m). Accordingly, for fiscal year 2018 and prior years the Committee generally designed annual incentive awards, performance-based RSU awards and stock option grants with the intent to satisfy the requirements for the performance-based compensation exception in order to allow the compensation of its Named Executive Officers in excess of the Section 162(m) limit to be deductible. However, no assurance can be given that compensation intended to satisfy the requirements for exemption from Section 162(m) in fact satisfies such requirements.

Effective for fiscal years beginning after December 31, 2017, amendments to Section 162(m) enacted last December generally repealed the exception for performance-based compensation and modified the definition of covered employees to include the chief financial officer and certain former Named Executive Officers of the Company. In making future compensation decisions, the Committee intends to take into account any available grandfather provisions to preserve the deductibility of previously granted compensation under the amendments to Section 162(m). However, due to the repeal of the exceptions under Section 162(m) described above, effective for fiscal years beginning after December 31, 2017, compensation paid to our covered executive officers in excess of the \$1 million limit under Section 162(m) will generally not be deductible.

Explanation of Compensation Adjusted Non-GAAP Financial Measures

We use a variety of performance metrics when setting the incentive compensation performance goals at the beginning of the fiscal year. These metrics are:

- Adjusted Net Earnings – to determine whether annual cash incentive awards will be paid and the maximum amount of such awards
- Adjusted EBT – a component in scoring the annual cash incentive award
- Closed Sales – a component in scoring the annual cash incentive award
- Fee-Based Revenue – a component in scoring the annual cash incentive award
- Adjusted EPS – to measure performance for purposes of our performance-based RSUs

Adjusted Net Earnings, Adjusted EBT, and Adjusted EPS are adjusted to exclude the impact of certain Non-GAAP items described below because the Company believes these items do not reflect ordinary operations or earnings so they should not impact compensation. Please see Explanation and Reconciliation of the Company's Use of Non-GAAP Financial Measures on page 35 of this Proxy Statement for a discussion of these Non-GAAP adjustments.

The Compensation Committee specifies certain additional adjustments that are set forth in the 2007 Omnibus Award Plan at the time it establishes the targets. This is done to ensure that the measurement of performance reflects factors that management can directly control and so that payout levels are not artificially inflated or impaired by factors unrelated to the ongoing operation of the business.

Adjusted Net Earnings: Adjusted Net Earnings is defined for purposes of the Company's corporate officer bonus plan as the Company's net earnings after income taxes adjusted to exclude the impact of Amortization of Acquired Intangibles and Purchased Intellectual Property, Acquisition and Integration Costs, and the Gain on Sale of Securities, reported in the Company's financial statements, as further adjusted to exclude the impact of all items of gain, loss, charge or expense relating to the items specified by the Compensation Committee within the first 90 days of the performance period, and as disclosed in the Company's 2018 Form 10-K. In fiscal year 2018, results were adjusted by the Compensation Committee to exclude the impact of:

- The effect of changes in tax laws, accounting principles, or other laws or regulatory rules affecting reported results;

- Any variance in the actual amount of excess tax benefit arising from stock based compensation from the Company's operating plan;
- Reorganization and restructuring programs to the extent that they result in aggregate net gain in excess of \$6 million (\$4 million on an after-tax basis);
- Acquisitions that closed during the fiscal year that were not included in the Company's operating plan; and
- Foreign currency exchange gains or losses to the extent they vary from the Company's operating plan by more than \$2 million.

Adjusted EBT: Adjusted EBT is defined as the Company's EBT, as adjusted by \$85 million to exclude the impact of Amortization of Acquired Intangibles and Purchased Intellectual Property, Acquisition and Integration Costs, and the Gain on Sale of Securities. In calculating achievement of this goal, pre-set adjustments were also applied by the Compensation Committee to exclude the impact of:

- Reorganization and restructuring programs to the extent that they result in aggregate net gain in excess of \$6 million;
- Acquisitions that closed during the fiscal year that were not included in the Company's operating plan; and
- Foreign currency exchange gains and losses to the extent they vary from the Company's operating plan by more than \$2 million.

Closed Sales: Closed Sales is the total amount of recurring revenue closed sales in the fiscal year. Closed sales represent an estimate of the expected recurring annual revenues for new client contracts that were signed by Broadridge in the current reporting period. A sale is considered closed when the Company has received the signed client contract. The amount of the closed sale is an estimate of annual revenues based on client volumes or activity; it excludes event-driven and distribution revenues.

TABLE OF CONTENTS

Executive Compensation

Fee-Based Revenues: Fee-Based Revenues are the Company's total annual revenues, less distribution revenues that consist primarily of postage-related fees. In calculating achievement of this goal, pre-set adjustments were applied to exclude the impact of:

- Revenues derived from acquisitions that closed during the fiscal year that were not included in the Company's operating plan; and
- Foreign currency exchange gains and losses to the extent they vary from the Company's operating plan.

Adjusted EPS: Adjusted EPS is defined as the Company's EPS adjusted to exclude the impact of Amortization of Acquired Intangibles and Purchased Intellectual Property, and Acquisition and Integration Costs, reported in the Company's financial statements, as further adjusted to exclude the impact of all items of gain, loss, charge or expense relating to the items specified by the Compensation Committee within the first 90 days of the performance period, and as disclosed in the Company's Form 10-K for the fiscal year. In scoring the achievement of fiscal year 2017-2018 performance-based RSUs, the Compensation Committee applied its pre-set adjustments to the fiscal years 2017 and 2018 adjusted EPS results, to exclude the impact of:

- The effect of changes in tax laws, accounting principles, or other laws or regulatory rules affecting reported results (for purposes of calculating fiscal year 2018 Adjusted EPS);
- Reorganization and restructuring programs to the extent such programs resulted in aggregate net expenses in excess of \$6 million;
- Acquisitions that closed during the fiscal years that were not included in the Company's operating plan; and
- Foreign currency exchange gains or losses to the extent they vary from the Company's operating plan by more than \$2 million.

(1) Amounts consist of the threshold, target and maximum annual cash incentive award levels. Amounts in the threshold awards column represent 50% of the target award which corresponds to the minimum performance level required for a payout of the award. Amounts in the maximum awards column represent 200% of the target award

which corresponds to the maximum payout of the award. Actual amounts paid to the Named Executive Officers are reported in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table with respect to fiscal year 2018.

Amounts consist of the threshold, target and maximum performance-based RSU awards set in fiscal year 2018 under the 2007 Omnibus Award Plan. Amounts in the threshold awards column represent 50% of the target award (2) which corresponds to the minimum performance level required for a payout of the award. Amounts in the maximum awards column represent 150% of the target award which corresponds to the maximum payout of the award.

These amounts are valued based on the aggregate grant date fair value of the award determined pursuant to FASB ASC Topic 718, and based on the probable outcome of the performance condition in the case of performance-based (3) RSUs, excluding the effect of estimated forfeitures. See Note 13, Stock-Based Compensation, to the Consolidated Financial Statements included in the 2018 Form 10-K, for a discussion of the relevant assumptions used in calculating these amounts.

Named Executive Officers can earn from 0% to 150% of their stated RSU award amount in shares.

(5) Represents a stock option award granted under the 2007 Omnibus Award Plan on February 12, 2018, that will vest ratably over the next four years on the anniversary of the date of grant.

TABLE OF CONTENTS**Executive Compensation****Pension Benefits Table**

The following table sets forth for each Named Executive Officer certain information with respect to the Broadridge SORP which provides for pension benefits in connection with retirement. Mr. Young and Mr. Perry are not eligible to participate in this plan.

Name	Number of Years of Credited Service⁽¹⁾ (#)	Present Value of Accumulated Benefit⁽²⁾ (\$)	Payments During Last Fiscal Year (\$)
Richard J. Daly	24.0	\$ 12,815,239	—

Timothy C. Gokey	7.0	\$ 2,180,038	—
Christopher J. Perry	—	—	—
Robert Schifellite	17.0	\$ 4,422,936	—

(1) Broadridge SORP-credited service is defined as complete calendar years. Years of service recognized under the Broadridge SORP for Mr. Daly and Mr. Schifellite include credit for their years of service under ADP's SORP (as described in more detail below). For actuarial valuation purposes, credited service is attributed through the Statement of Financial Accounting Standards measurement date.

Service credit and actuarial values are calculated as of June 30, 2018, the pension plan's measurement date for the last fiscal year. Actuarial values are based on the Mercer modified RP-2014 base white collar mortality tables for males and females (*MRP2007*), with generational mortality improvements projected using the Mercer modified MP-2014 scale (*MMP-2007*), a 4.28% discount rate for the SORP and a normal retirement age of 65. The method (2) of valuation to determine the liabilities presented includes discounting the value of the respective benefits, based on service accrued through the measurement date and payable at age 65, for interest and mortality with mortality not applicable prior to the commencement of benefits. The present value amounts for the SORP include the impact of the years of service credited under the ADP Supplemental Officer Retirement Plan (the *ADP SORP*), and are also net of the ADP SORP offset (as described in more detail below).

The SORP is available to executive officers of the Company hired prior to January 1, 2014. Benefits under the SORP are not subject to any maximum benefit limitations under the Code. Although benefits under the SORP are generally payable out of the general assets of the Company, the Company has established a rabbi trust, which is intended to provide a source of funds to be contributed by the Company to assist the Company in meeting its liabilities under the SORP.

The Broadridge SORP provides for a lifetime annuity retirement benefit payable annually at age 65 equal to the product of: (a) a participant's final five-year average compensation; (b) a multiplier which equals two percent (2%) for every year of credited service up to 20 years, plus an additional one percent (1%) for every year of service in excess of 20 years; and (c) the applicable vesting percentage.

TABLE OF CONTENTS**Executive Compensation**

Compensation covered under the Broadridge SORP includes base salary and annual cash incentive award (paid or deferred) and is not subject to the limitations under the Code. Equity compensation is not included in the calculation of the SORP benefit. Payments are also available in other forms of actuarial equivalent annuities.

Reduced benefits are available after age 60 using an early retirement reduction of five percent (5%) for each year the benefit commences earlier than age 65. If a participant with a vested benefit terminates employment with the Company prior to reaching age 60, payment of the benefit is delayed until the participant reaches age 60. In addition, the Broadridge SORP provides: (i) a disability retirement benefit, generally calculated in the same manner as the retirement benefit, if a participant incurs a disability while employed by the Company; and (ii) if a participant dies, a spousal benefit equal to 50% of the benefit the participant would have been entitled to at death, provided the participant is at least 35 years old and the vested percentage is greater than zero.

Mr. Daly and Mr. Schifellite are also credited with the service they accrued under the ADP SORP as of the date Broadridge became an independent company from ADP, 13 and 6 years, respectively. While the net effect of this increases the accrued benefit they receive under the Broadridge SORP, the benefits are offset by the amount of their vested, accrued benefits payable under the ADP SORP. The amounts of the offset will continue to be the obligations of ADP and are as follows: \$223,770 for Mr. Daly and \$25,916 for Mr. Schifellite.

(1) Represents the deferral of fiscal year 2018 salary and non-equity incentive compensation which is reported in the Summary Compensation Table for fiscal year 2018.

(2) Represents Company contributions to the ERSP reported in the All Other Compensation column of the Summary Compensation Table for fiscal year 2018.

(3) This total reflects the cumulative value of each participant's deferrals, including the fiscal year 2018 non-equity incentive compensation deferrals of \$63,054 for Mr. Young and \$112,914 for Mr. Perry, Company contributions and investment experience. The total includes executive and Company contributions of \$373,530 for Mr. Young and \$810,525 for Mr. Perry that were previously reported in the Summary Compensation Table as compensation of

the officers for previous years.

The ERSP is a defined contribution restoration plan that mirrors the Company's qualified 401(k) Plan. The purpose of the ERSP is to provide specified deferred compensation benefits to a select group of U.S.-based management or highly compensated employees. The ERSP allows for voluntary participant deferrals of up to 50% of base salary and/or up to 100% of cash incentive compensation and employer contributions above the Code's qualified defined contribution compensation and deferral limitations. Participants in the SORP are eligible to defer their cash compensation under the ERSP but are not eligible for additional benefits such as Company contributions under the ERSP. Company contributions vest 50% after two years of service and 100% after three years of service.

Participants may designate one or more investments from among 23 externally managed mutual funds selected by the plan administrator and available for investment in participants' accounts under the ERSP to serve as a notional basis for calculating earnings accruals on employee and Company contributions to the ERSP.

TABLE OF CONTENTS

Executive Compensation

The Company provides two types of contributions for eligible employees, as described below. In addition, the Company provides an additional Company contribution to executive officers who are not participants in the SORP (currently Mr. Young and Mr. Perry). Eligible employees must be employed on December 31st to receive the employer contributions for that plan year.

Restoration basic contribution: The Company provides a restoration basic contribution which varies from 1% to 6.25% of eligible salary and cash incentive compensation above the Code's compensation limit based on the number of years of the eligible employee's service. Eligible employees are not required to contribute to the ERSP in order to receive the Restoration basic contribution.

Restoration matching contribution: Participants who contribute the maximum contribution to the 401(k) Plan are eligible to receive a restoration matching contribution equal to \$0.70 or \$0.80 for every dollar deferred under the ERSP, up to 6% of eligible pay above the Code's compensation limit based on the number of months of participation under the 401(k) Plan.

Additional Company contribution: executive officers who are not participants in the SORP are eligible to receive an additional Company contribution of 3% of their base salary and cash incentive amounts.

Participants may elect to enroll in the ERSP each calendar year, but once their deferral elections are made they are irrevocable for the covered year. Participants elect to receive distributions (either as a lump sum or in annual installments) of their deferrals plus any subsequent interest or investment gains upon their retirement, or on a fixed future date at least three years in the future. ERSP participants who terminate employment with the Company prior to their elected fixed distribution date receive a lump sum distribution of all deferred amounts at least six months after the termination date.

Potential Payments upon a Termination or Change in Control

The Company does not have any employment agreements with its Named Executive Officers that require severance payments upon termination of their employment. The Company maintains the Change in Control Severance Plan and Officer Severance Plan under which the Named Executive Officers may be eligible for severance payments upon termination of their employment.

The following tables and footnotes quantify the treatment of compensation and value of benefits that each Named Executive Officer would receive under the Company's compensation program upon various scenarios for termination of employment.

The tables include the amounts that the Named Executive Officers would receive under the SORP and the Executive Retiree Health Insurance Plan upon retirement on June 30, 2018, which amounts would be payable on termination of employment. Compensation amounts deferred under the ERSP have been earned and therefore are retained by the Named Executive Officers upon termination. Amounts deferred under the ERSP are not included in the following tables because they are reported in the Non-Qualified Deferred Compensation Table on page 60 of this Proxy Statement.

Change in Control Severance Plan and Enhancement Agreements

The Company maintains a CIC Plan for the payment of certain benefits to executive officers, including our Named Executive Officers, upon termination of employment from Broadridge following a change in control.

The CIC Plan provides for the following severance benefits upon a termination without cause or for good reason (as defined below) within two years after a change in control (as defined below):

Compensation: The Named Executive Officers will receive 150% of their current total annual compensation (generally defined as the higher of the two most recent calendar years' base salary amounts, plus the average annual cash incentive earned in the last two completed calendar years).

Stock Option Vesting: 100% vesting of all unvested stock options.

RSU Vesting: 100% vesting of all unvested time-based RSUs where vesting restrictions would have lapsed within two years of termination. In addition, any stock that a participant would have been entitled to receive had performance goals been achieved at target in the Company's performance-based RSU programs will be granted to the participant. The CIC Plan provides for the following severance benefits upon a termination of employment without cause or for good reason if the termination occurs between the second and third anniversary of a change in control:

Compensation: The executive officers will receive 100% of their current total annual compensation (as defined above).

Stock Option Vesting: 100% vesting of all unvested stock options that would have vested within one year after termination.

- **RSU Vesting:** 100% vesting of all unvested time-based RSUs where vesting restrictions would have lapsed within one year of termination. In addition, in the case of performance-based RSUs for which the

performance period has ended, all earned but unvested stock for which vesting restrictions would have lapsed within one year of termination, will vest.

In addition, the Company will reduce the severance payments and benefits to the extent specified in the CIC Plan to avoid the imposition of the excise tax under Section 4999 of the Code.

Mr. Daly entered into an Enhancement Agreement with the Company at the time of the Company's spin-off from ADP, pursuant to which he is entitled to receive on an item-by-item basis, the greater of the benefits and payments under the Enhancement Agreement and the CIC Plan. Under the Enhancement Agreement, if a change in control occurs and Mr. Daly's employment is terminated by the Company without cause or he resigns for good reason within two years after the change in control, he will receive a termination payment equal to 200% of his current total annual compensation (as defined above), or 150% of his current total annual compensation if the termination occurs between the second and third anniversary of the change in control.

62 Broadridge 2018 Proxy Statement

TABLE OF CONTENTS**Executive Compensation**

For purposes of the CIC Plan, a change in control generally means: (A) the acquisition of 35% or more of the total combined voting power of the Company's then outstanding securities; (B) the merger, consolidation or other business combination of the Company, subject to certain exceptions; or (C) the sale of all or substantially all of the Company's assets, subject to certain exceptions.

For purposes of the CIC Plan, cause generally means the occurrence of any of the following events after a change in control which is not cured within 15 days after a participant provides written notice thereof: (A) gross negligence or willful misconduct which is materially injurious to the Company monetarily or otherwise; (B) misappropriation or fraud with regard to the Company or its assets; or (C) conviction of, or the pleading of guilty or nolo contendere to, a felony involving the assets or business of the Company.

For purposes of the CIC Plan, good reason generally means the occurrence of any of the following events after a change in control which is not cured within 15 days after a participant provides written notice thereof: (A) material diminution in the value and importance of a participant's position, duties, responsibilities or authority; (B) a reduction in a participant's aggregate compensation or benefits; or (C) a failure of any successor or assign of the Company to assume in writing the obligations under the CIC Plan.

In the instance that an executive officer is due benefits or payments under both the Officer Severance Plan and the CIC Plan, such as in the event a termination without cause occurs within three years after a change in control, the executive officer would be eligible to receive the greater of the benefits and payments and the more favorable terms and conditions determined on an item-by-item basis. See below for the details on the Officer Severance Plan.

The following table sets forth the payments which each of our Named Executive Officers would have received assuming that the employment of each Named Executive Officer was terminated by the Company on June 30, 2018 without cause or by the executive for good reason within two years following a change in control and during the third year after the change in control.

(1) Represents current total annual compensation as detailed above.

In the event of a termination of employment within two years following a change in control, base salaries and annual cash incentives are calculated based on the terms of the CIC Plan for all NEOs. The annual cash incentive is the multiple of the average annual cash incentive paid in 2016 and 2017 (the last two completed calendar years).

Broadridge 2018 Proxy Statement 63

TABLE OF CONTENTS

Executive Compensation

In the event of a termination of employment between two and three years following a change in control, for all NEOs except Mr. Daly, the base salary and annual cash incentive amounts are calculated based on the Officer Severance Plan, as that plan provides the greater benefit.

For Mr. Daly, in the event of a termination of employment between two and three years following a change in control, base salary is calculated based on the Officer Severance Plan and annual cash incentive is calculated based on the CIC Plan.

Represents the aggregate value of all unvested stock options and performance-based RSUs vesting upon termination under the CIC Plan as detailed above, based on the closing stock price on the last trading day of fiscal year 2018 of \$115.10 per share. If Mr. Daly were to terminate between two to three years after a change in control, (2) based on his age, he would qualify for retirement treatment of his outstanding equity awards, which would continue to vest for a period of time on the original vesting dates. For this purpose, retirement is defined as termination of employment for any reason other than cause for employees age 65 and over, and involuntary termination of employment without cause for employees age 60 and over.

Mr. Daly is 100% vested in his SORP benefit and based on his age, he would commence receiving annual benefits at termination of employment that are reduced by an early retirement factor for commencement prior to age 65. Mr. Schifellite is 100% vested in his SORP benefits and Mr. Gokey is 70% vested in his SORP benefits, but based on their ages, they would commence receiving annual benefits at age 60. Those benefits would then be reduced by an (3) early retirement factor for commencement prior to age 65. Service credit and actuarial values are calculated as of June 30, 2018 (Broadridge SORP's measurement date for the last fiscal year). Actuarial values are based on the Mercer MRP-2007 with generational mortality improvements projected using the Mercer MMP-2007, and a 4.28% discount rate.

Based on age and service, Mr. Daly and Mr. Schifellite are eligible for executive retiree medical benefits under the Executive Retiree Health Insurance Plan upon termination of employment with the Company until they reach age (4) 65. Actuarial values are calculated as of June 30, 2018 (measurement date for the last fiscal year) and are based on Mercer MRP-2007 with generational mortality improvements projected using the Mercer MMP-2007, and a 3.92% discount rate.

Officer Severance Plan

In the event of a termination without cause (as defined below) that is not within three years after a change in control, executive officers would be eligible to receive severance benefits under the Officer Severance Plan instead of the CIC Plan. Upon a qualifying termination under the Officer Severance Plan, the executive officers would be eligible to receive:

Continued payment of base salary of 24 months for the CEO and 18 months for the other Named Executive Officers; Payment of a cash incentive award for the fiscal year of termination on the normal payment date based on actual performance, pro-rated for the Named Executive Officers other than the CEO, who is eligible for a full year's cash incentive award; and

Continued vesting during the severance period of equity awards granted after the effective date of the Officer Severance Plan, with proration of performance-based restricted stock and RSUs if the termination occurs prior to the end of the performance period.

As a condition to receiving any severance payments under the Officer Severance Plan, executive officers will be required to enter into agreements that contain a general release of the Company and certain restrictive covenants,

including non-competition provisions that will be in force during the severance period.

For purposes of the Officer Severance Plan, *cause* generally means: (A) conviction of, or pleading nolo contendere to, a felony; (B) willful misconduct resulting in material harm to the Company; (C) fraud, embezzlement, theft or dishonesty resulting in material harm to the Company; (D) continuing failure to perform duties after written notice; or (E) material breach of any confidentiality, non-solicitation and/or non-competition agreements.

(1) Represents the aggregate value of all unvested stock options and performance-based RSUs with accelerated vesting upon termination based on the closing stock price on the last trading day of fiscal year 2018 of \$115.10 per share.

• Death or Permanent Disability: All unvested stock options vest in full and unvested performance-based RSUs vest at target.

• Voluntary Termination or Involuntary Termination with Cause: All unvested equity is forfeited.

•

Retirement: Awards would continue to vest for a period of time on the original vesting dates. For this purpose, retirement is defined as termination of employment for any reason other than cause for employees age 65 and over, and involuntary termination of employment without cause for employees age 60 and over. Mr. Daly would not qualify for retirement treatment of his awards if he were to voluntarily terminate employment or if the Company terminated his employment with cause, but he would qualify for retirement treatment of his awards if the Company involuntarily terminated his employment without cause. Mr. Young, Mr. Gokey, Mr. Perry and Mr. Schifellite are not eligible for retirement treatment of their equity awards.

Mr. Daly and Mr. Schifellite are 100% vested in their SORP benefits and Mr. Gokey is 70% vested in his SORP benefits. Based on his age on June 30, 2018, in the case of termination or retirement, Mr. Daly would commence receiving annual benefits at termination of employment that are reduced by an early retirement factor for commencement prior to age 65. Under the same circumstances, based on their ages, Mr. Schifellite and Mr. Gokey would commence receiving annual benefits at age 60. Those benefits would then be reduced by an early retirement (2) factor for commencement prior to age 65. Service credit and actuarial values are calculated as of June 30, 2018 (Broadridge SORP's measurement date for the last fiscal year). Actuarial values are based on the Mercer MRP-2007 with generational mortality improvements projected using the Mercer MMP-2007, and a 4.28% discount rate. In the case of death, represents the annual benefits payable to the spouse of the deceased participant under the Broadridge SORP. The spouse of a deceased participant is assumed to be the same age as the participant and is expected to commence receiving benefits at age 60.

Based on age and service, Mr. Daly and Mr. Schifellite are eligible for executive retiree medical benefits under the Executive Retiree Health Insurance Plan upon termination of employment due to disability, voluntary termination (3) or retirement from the Company until they reach age 65. Actuarial values are calculated as of June 30, 2018 (measurement date for the last fiscal year) and are based on the Mercer MRP-2007 with generational mortality improvements projected using the Mercer MMP-2007, and a 3.92% discount rate.

TABLE OF CONTENTS

Executive Compensation

CEO Pay Ratio

In accordance with SEC rules, we are providing the following information about the relationship between the annual total compensation of our median compensated employee and the annual total compensation of our CEO, Rich Daly. The SEC rules for identifying the median employee and calculating the pay ratio allow companies to apply various methodologies and assumptions and, as a result, the pay ratio reported by us may not be comparable to the pay ratio reported by other companies.

¶The 2018 annual total compensation of Mr. Daly was \$11,216,495.

¶The 2018 annual total compensation of our median compensated employee was \$65,624.

¶Accordingly, the ratio of Mr. Daly's annual total compensation to the annual total compensation of our median compensated employee for fiscal year 2018 was 171 to 1.*

*The pay ratio was calculated in a manner consistent with Item 402(u) of SEC Regulation S-K and is based upon our reasonable judgment and assumptions.

Calculating the CEO Pay Ratio

Determining our Global Employee Population

To calculate this pay ratio, we determined our median compensated employee by collecting compensation data for all employees, excluding employees in countries that, in the aggregate, comprise less than five percent (5%) of our global employee population (considered *de minimis* under SEC rules). Applying the *de minimis* exemption, we excluded a total of 324 employees in Australia (23), Germany (23), Czech Republic (22), France (1), Hong Kong (22), Israel (11), Japan (40), The Netherlands (5), Poland (21), Russia (121), Singapore (33) and South Africa (2). We also excluded from this population independent contractors and temporary workers who are paid through a third party. The total number of our employees without taking into account any exclusion was 10,901, and that number of employees was used for the *de minimis* calculation.

In total, we collected compensation data for employees in four countries, comprising over 97% of our global employee population. These four countries are: the U.S., Canada, United Kingdom, and India. Our calculation was comprised of a population of 10,577 globally (after excluding the 324 non-U.S. employees described above), of which 6,553 were in the U.S. and 4,024 were located internationally.

Determining the Median Compensated Employee

To identify our median compensated employee, we used total cash compensation and employer cost for health benefits as our compensation measure, which, for these purposes, included base salary, cash incentive payments, cash commissions and other similar payments, as well as the estimated employer cost for health benefits for those participating in our benefit programs. We determined the median compensated employee from our active, global employee population as described above as of April 30, 2018, using total cash compensation earned and paid from May 1, 2017 through April 30, 2018. We annualized total cash compensation for permanent employees hired during the period and did not make any cost-of-living adjustments. In addition, we used the estimated employer health

benefits cost for the month of April 2018 and annualized for all participating employees. Any compensation paid in a foreign currency was converted to U.S. Dollars using a 12-month average through April 30, 2018.

Our median compensated employee is an individual who earned total cash compensation and health benefits at the midpoint, that is, the point at which half of the global employee population earned more total cash compensation and benefits and half of the global employee population earned less total cash compensation and health benefits.

Calculating the Pay Ratio

After identifying the median compensated employee, we calculated the annual total compensation for this employee in the same manner as the Total compensation shown for our CEO in the Summary Compensation Table on page 54 of this Proxy Statement.

TABLE OF CONTENTS**Proposal 3 — Approval of the 2018 Omnibus Award Plan**

The Board of Directors is requesting that stockholders vote in favor of our 2018 Omnibus Award Plan, which is maintained for the benefit of eligible employees, directors and consultants of the Company and its affiliates. A copy of the 2018 Omnibus Award Plan is attached to the Proxy Statement as Appendix A.

Reasons for the Proposal

The 2018 Omnibus Award Plan was unanimously adopted by the Board of Directors on August 2, 2018, subject to approval by our stockholders. The Board of Directors believes that approval of the 2018 Omnibus Award Plan is in the best interests of the Company and the stockholders. Awards that may be granted under the 2018 Omnibus Award Plan (and are currently granted under our 2007 Omnibus Award Plan) are an important component of our overall compensation program, which allows us to link the compensation of our employees, directors and consultants to Company performance, align their interests with stockholder interests and enables our employees, directors and consultants to build long-term stockholder value.

As described in more detail below, the 2018 Omnibus Award Plan is intended to replace the 2007 Omnibus Award Plan, which is our only equity plan. It will provide that an additional 7,190,000 shares of our common stock, together with the number of shares that remain available under the 2007 Omnibus Award Plan at the effective time, may be issued as equity-based compensation awards to our employees, directors and consultants. If our stockholders do not approve the 2018 Omnibus Award Plan, the 2007 Omnibus Award Plan will remain in effect with its current terms and conditions. As of June 30, 2018, there were 2,755,510 shares available for grant under the 2007 Omnibus Award Plan, all of which could be granted as any form of award authorized under the 2007 Omnibus Award Plan. Upon effectiveness of the 2018 Omnibus Award Plan, no further grants of awards will be made under the 2007 Omnibus Award Plan.

If the 2018 Omnibus Award Plan is not approved, the number of shares currently available under the 2007 Omnibus Award Plan may not be sufficient to cover projected awards for next year. Thus, if the 2018 Omnibus Award Plan is not approved, we may not be able to provide persons eligible for awards with compensation packages that are necessary to attract, retain and motivate these individuals.

Key Data

The following table sets forth information regarding outstanding equity awards and shares available for future equity awards under the existing 2007 Omnibus Award Plan as of June 30, 2018 (without giving effect to approval of the 2018 Omnibus Award Plan):

Total shares underlying outstanding stock options	4,478,288
Weighted average exercise price of outstanding stock options	\$55.69
Weighted average remaining contractual life of outstanding stock options	6.97
Total shares underlying outstanding unvested performance- and time-based RSU awards	1,378,088
Total shares currently available for grant under existing plan	2,755,510

Total shares of common stock outstanding as of the Record Date 116,501,013

When approving the 2018 Omnibus Award Plan, the Board of Directors considered our overhang and the burn rate with respect to the equity awards granted.

Overhang is equal to the total number of equity awards outstanding (which includes total shares underlying outstanding stock options and performance- and time-based RSU awards) plus the total number of shares available for grant under the 2007 Omnibus Award Plan, divided by the sum of a) the total common stock outstanding, b) the number of equity awards outstanding and c) the total number of shares available for grant under the 2007 Omnibus Award Plan. The Company's overhang as of June 30, 2018 was 6.9%, and it would be 12.0% after taking into account the additional shares authorized for issuance under the 2018 Omnibus Award Plan.

68 Broadridge 2018 Proxy Statement

TABLE OF CONTENTS**Proposal 3 — Approval of the 2018 Omnibus Award Plan**

The burn rate is equal to the total number of equity awards the Company granted in a fiscal year divided by the weighted average common stock outstanding during the year. The following table provides data on the Company's burn rate under its existing 2007 Omnibus Award Plan for the last three fiscal years:

Year	Stock Options Granted	Time-Based RSUs Granted	Performance-Based RSUs Earned⁽¹⁾	Total Shares⁽²⁾	Weighted Average Shares Outstanding	Annual Burn Rate
2018	1,079,442	456,217	150,068	1,685,727	116,814,873	1.44%
2017	568,465	531,301	171,082	1,270,848	118,031,350	1.08%
2016	679,995	574,889	264,868	1,519,752	118,278,582	1.28%
Basic Three-Year Average Burn Rate						1.27%

(1) Represents performance-based RSUs that were earned during the fiscal year.

(2) Represents the total of stock options and time-based RSUs granted during the fiscal year, plus performance-based RSUs that were earned during the fiscal year.

We carefully monitor the rate at which we use the shares authorized for issuance under our equity compensation program and the program's impact on shareholder dilution, and our historical and expected future usage were taken into account when we determined the number of shares to be reserved for issuance under the 2018 Omnibus Award Plan. If this Proposal 3 is approved by our stockholders, we expect the share reserve under the 2018 Omnibus Award Plan to last us for 8 to 10 years based upon our historical three-year average burn rate. However, expectations regarding future share usage could be impacted by a number of factors such as award type mix; hiring and promotion activity; the rate at which shares are returned to the 2018 Omnibus Award Plan's reserve upon the awards' expiration, forfeiture or cash settlement; the future performance of our stock price; the consequences of acquiring other companies; and other factors.

Promotion of Sound Corporate Governance Practices

The 2018 Omnibus Award Plan is designed to include a number of features that reinforce and promote alignment of equity compensation arrangements for employees, directors and consultants with the interests of stockholders and the Company. The following are some of the features included in the 2018 Omnibus Award Plan:

Minimum Vesting Requirements. Subject to certain limited exceptions described below, all equity awards granted under the 2018 Omnibus Award Plan will have vesting periods of at least one year.

No Discounted Stock Options or Stock Appreciation Rights (SARs). Stock options and SARs may not be granted with exercise prices lower than the fair market value of the underlying shares on the grant date.

No Repricing of Stock Options or SARs. The exercise price of a stock option or SAR may not be reduced, directly or indirectly, without the prior approval of stockholders, including by repurchase of underwater stock options or SARs for cash or replacement with other awards.

No Dividends on Unvested Awards. In no event will dividends or dividend equivalents be paid on unvested awards, whether performance-based or time-based.

No Liberal Share Recycling of Stock Options or SARs. Shares retained by or delivered to the Company to pay the exercise price of a stock option or SAR or to satisfy tax withholding in connection with the exercise of such awards will count against the number of shares remaining available under the 2018 Omnibus Award Plan.

No Tax Gross-Ups. The 2018 Omnibus Award Plan does not provide tax gross-ups.

Awards Subject to Clawback Policy. Awards under the 2018 Omnibus Award Plan will be subject to the Company's clawback policy as in effect from time to time.

No Liberal Change in Control Definition. The change in control definition in the 2018 Omnibus Award Plan is not liberal and, for example, would not occur merely upon stockholder approval of a transaction. A change in control must actually occur in order for the change in control provisions in the 2018 Omnibus Award Plan to be triggered.

TABLE OF CONTENTS

Proposal 3 — Approval of the 2018 Omnibus Award Plan

Description of the 2018 Omnibus Award Plan

The following description of the 2018 Omnibus Award Plan is a summary of its principal provisions and is qualified in its entirety by reference to the full text of the 2018 Omnibus Award Plan, a copy of which is attached hereto as Appendix A.

Purpose. The purpose of the 2018 Omnibus Award Plan is to provide a means through which the Company and its affiliates may attract able persons to enter and remain in the employ of, or other service with, the Company and its affiliates and to provide a means whereby employees, directors and consultants of the Company and its affiliates can acquire and maintain common stock ownership, or be paid incentive compensation, thereby strengthening their commitment to the welfare of the Company and its affiliates and promoting an identity of interest between stockholders and these persons.

Administration. The 2018 Omnibus Award Plan is administered and interpreted by the Compensation Committee of the Board of Directors or such other committee of at least two people as the Board of Directors may appoint (the *Committee*) or, if no such committee has been appointed by the Board of Directors, the Board of Directors. Currently, the Compensation Committee of the Board of Directors serves as the Committee under the 2018 Omnibus Award Plan. Unless the Board of Directors is acting as the Committee or the Board of Directors specifically determines otherwise, each member of the Committee is intended to be, to the extent applicable, a (i) a non-employee director within the meaning of Rule 16b-3 under the Exchange Act, or a person meeting any similar requirement under any successor rule or regulation; and (ii) an independent director under the NYSE rules. However, the fact that a Committee member shall fail to qualify as a non-employee director under Rule 16b-3 will not invalidate any award granted by the Committee if the award is otherwise validly granted under the 2018 Omnibus Award Plan.

The Committee has the full authority to select those individuals eligible to receive awards, to determine the type of awards to be granted, the number of shares of common stock to be covered by each award, the terms and conditions of each award and to make any other determination and take any other action that the Committee deems necessary or desirable for the administration of the 2018 Omnibus Award Plan. The terms and conditions of individual awards are set forth in written agreements that are consistent with the terms of the 2018 Omnibus Award Plan.

Eligibility. Participation in the 2018 Omnibus Award Plan is limited to employees, directors and consultants of the Company and its affiliates designated to participate in the 2018 Omnibus Award Plan by the Committee who have entered into an award agreement or who have received written notification that they have been so designated. Approximately 2,000 employees, eight directors and no consultants are currently eligible to participate in the 2018 Omnibus Award Plan.

Shares Subject to the 2018 Omnibus Award Plan. The maximum number of shares of common stock in respect of which awards may be granted under the 2018 Omnibus Award Plan is 7,190,000 shares of common stock plus the number of shares of common stock remaining available for issuance or delivery under the 2007 Omnibus Award Plan and not subject to outstanding awards as of the effective date of the 2018 Omnibus Award Plan (the *Effective Date*). If awards granted under the 2018 Omnibus Award Plan (and awards granted under the 2007 Omnibus Award Plan that are outstanding on the Effective Date) expire, terminate or are canceled for any reason or to the extent such awards are

cash-settled, the shares covered by such awards will again be available under the 2018 Omnibus Award Plan.

For purposes of determining the number of shares of common stock available for Awards under the 2018 Omnibus Award Plan, the following shares will not be added to the shares of common stock authorized for grant: (i) shares tendered by a participant or withheld by the Company in payment of the option price of an option; (ii) shares tendered by a participant or withheld by the Company to satisfy any tax withholding obligation with respect to options or SARs; (iii) shares subject to a SAR that are not issued in connection with its stock settlement on exercise thereof; and (iv) shares reacquired by the Company on the open market or otherwise using cash proceeds from the exercise of options. To the extent that any shares subject to a full-value award (*i.e.*, an award other than an option or SAR) are withheld to satisfy any tax withholding obligation, then in each such case, the shares so tendered or withheld will again become available for future awards under the 2018 Omnibus Award Plan.

Adjustments. The 2018 Omnibus Award Plan requires that the Committee appropriately adjust the aggregate number of shares of common stock available for the grant of awards and the number, price or kind of stock or other consideration subject to an award to reflect any change in the outstanding stock or in the Company's capital structure by reason of certain corporate transactions or events or in applicable laws or circumstances which results in any substantial dilution or enlargement of a participant's rights.

TABLE OF CONTENTS

Proposal 3 — Approval of the 2018 Omnibus Award Plan

Prohibition on Repricing. The Committee may not reprice stock options or SARs or cancel any stock option or SAR whose exercise or strike price is in excess of the value of the shares subject thereto for cash or property, in any such case without stockholder approval.

Minimum Vesting Provisions. Awards granted under the 2018 Omnibus Award Plan (other than cash-based awards) will vest no earlier than the first anniversary of the date on which the award is granted (excluding, for this purpose, any shares delivered in lieu of fully vested cash awards, awards granted to directors that vest on the earlier of the one-year anniversary of the date of grant and the next annual meeting of stockholders which is at least 50 weeks after the immediately preceding year's annual meeting, and certain substitution awards issued in connection with acquisitions of other entities by the Company). However, the Committee may grant awards without regard to the foregoing minimum vesting requirement with respect to a maximum of five percent (5%) of the available share reserve authorized for issuance under the 2018 Omnibus Award Plan. Additionally, the foregoing restriction does not apply to the Committee's discretion to provide for accelerated exercisability or vesting of any award, including in cases of retirement, death, disability or a change in control, in the terms of the award or otherwise.

Limit on Non-Employee Director Compensation. The value of awards granted under the 2018 Omnibus Award Plan during a single fiscal year to any non-employee director, taken together with any cash fees paid during the fiscal year to the director in respect of the director's service as a member of the Board of Directors during the fiscal year (including service as a member or chair of any committees of the Board of Directors), will not exceed \$750,000 in total value (calculating the value of any award based on the grant date fair value of the award for financial reporting purposes). The independent members of the Board of Directors may make exceptions to this limit for a non-executive chair of the Board of Directors, provided that the non-employee director receiving such additional compensation may not participate in the decision to award such compensation.

Types of Awards. The 2018 Omnibus Award Plan provides for the grant of any or all of the following types of awards: (i) stock options, including incentive stock options (only to eligible employees) and non-qualified stock options; (ii) SARs; (iii) restricted stock and RSUs; (iv) stock bonus awards; (v) phantom stock awards; (vi) performance share awards; and (vii) cash performance awards.

Stock Options. The Committee may grant non-qualified stock options and incentive stock options (only to eligible employees) to purchase shares of our common stock. The Committee will determine the number of shares subject to the option, the term of the option (which shall not exceed 10 years or five years in the case of an incentive stock option granted to a 10% stockholder), the exercise price, the vesting schedule and other material terms of each option. Except in the case of certain substitution awards, no stock option may have an exercise price less than the fair market value (as defined in the 2018 Omnibus Award Plan) of the common stock at the time of grant (or, in the case of an incentive stock option granted to a 10% stockholder, 110% of such share's fair market value).

Options will be exercisable at such time or times and subject to such terms and conditions as determined by the Committee. The exercise price upon exercise may be paid: (i) in cash, check, cash equivalent or shares of common stock; (ii) in the discretion of the Committee and to the extent permitted by law, in other property having a fair market value on the exercise date equal to the exercise price, by means of net exercise or through the delivery of irrevocable instructions to a stockbroker to deliver the Company an amount equal to the exercise price; or (iii) by such other

method as the Committee may allow.

SARs. The Committee may grant SARs either in connection with a stock option (a *Tandem SAR*) or independent of a stock option (a *Non-Tandem SAR*). A SAR is a right to receive a payment in common stock, equal in value to the excess, if any, of the fair market value of one share of common stock on the date of exercise over the strike price. Except in the case of certain substitution awards, the strike price per share covered by a SAR will be the per share exercise price of the related stock option in the case of a Tandem SAR and will be not less than the per share fair market value of common stock on the date of the grant in the case of a Non-Tandem SAR. Also, without stockholder approval, the Committee may not reprice SARs. SARs will be exercisable at such time or times and subject to such terms and conditions as determined by the Committee.

Restricted Stock and RSUs. The Committee may award shares of restricted stock and RSUs. Upon the award of restricted stock, the recipient has certain rights of a stockholder with respect to the shares, including, without limitation, the right to vote such shares and, subject to and conditioned upon the full vesting of the shares of restricted stock, the right to tender such shares, subject to the conditions and restrictions generally applicable to restricted stock or

Broadridge 2018 Proxy Statement 71

TABLE OF CONTENTS**Proposal 3 — Approval of the 2018 Omnibus Award Plan**

specifically set forth in the recipient's restricted stock agreement. An RSU represents the right to receive one share of common stock for each vested RSU, provided that, if so provided in the applicable award agreement, the Committee may, in its sole discretion, elect to pay cash or part cash and part shares for vested RSUs.

Recipients of restricted stock and RSUs are required to enter into an award agreement with the Company which states the restrictions to which the shares are subject, which may include satisfaction of pre-established performance goals, and the criteria or date or dates on which such restrictions will lapse. The Committee may remove any or all of such restrictions at any time. If the grant of restricted stock or RSUs or the lapse of the relevant restrictions is based on the attainment of performance goals, the Committee will establish for each participant the length of the performance period and the applicable performance goals and formulae. The performance goals for performance-based restricted stock and RSUs will be based on one or more criteria determined by the Committee as discussed in general below.

Stock Bonus Awards; Phantom Stock Awards. Subject to the minimum vesting provisions discussed above, the Committee may issue unrestricted stock or other awards denominated in stock, alone or in tandem with other awards under the 2018 Omnibus Award Plan, and the Committee may also issue phantom stock awards. The Committee will determine the terms and conditions of any such awards, which may include the achievement of certain performance goals. The performance goals for such awards will be based on one or more criteria determined by the Committee as discussed in general below.

Performance Shares and Cash Performance Awards. The Committee may grant performance shares or cash performance awards. The Committee will determine the performance goals which must be met over a specified performance period in order for the shares or cash, as the case may be, to be earned and vested. The performance goals will be based on one or more criteria determined by the Committee as discussed in general below. In determining the actual size of an individual award for a performance period, the Committee may reduce or eliminate the amount of the award earned on the basis of achievement of the performance goals if, in its sole judgment, such reduction or elimination is appropriate. Each performance share or cash performance award may be paid in whole shares or cash, respectively, either as a lump sum payment or in installments, all as the Committee shall determine. Except as otherwise determined by the Committee consistent with the terms of the 2018 Omnibus Award Plan, upon termination of service of a Participant prior to the end of the applicable restricted period, performance shares and cash performance awards will be forfeited.

Performance Goals. The performance goals will be based on one or more of the performance criteria selected by the Committee, which may include, without limitation, one or more of the following objectives or any other metric or objective determined by the Committee to be appropriate from time to time, each as they relate to Company-wide objectives or those of an affiliate, a subsidiary, division, department or function of the Company or an affiliate: (i) earnings per share; (ii) stock price; (iii) stockholder return; (iv) return on investment; (v) return on capital; (vi) earnings before interest, taxes, depreciation and/or amortization; (vii) income before taxes and extraordinary items; (viii) gross or net profits; (ix) gross or net revenues; (x) net earnings or net income (before or after taxes); (xi) operating income; (xii) operating profit or net operating profit (before or after taxes); (xiii) return measures (including, but not limited to, return on assets or net assets, capital, invested capital, equity, or sales); (xiv) cash flow (including, but not limited to, operating cash flow, free cash flow, and cash flow return on capital); (xv) gross or operating margins; (xvi) fair market value of the shares of the Company's common stock; (xvii) the growth in the value of an

investment in the Company's common stock assuming the reinvestment of dividends; (xviii) productivity ratios; (xix) expense targets; (xx) margins; (xxi) operating efficiency; (xxii) objective measures of customer satisfaction; (xxiii) cost reductions or savings; (xxiv) market share; (xxv) working capital targets; (xxvi) measures of economic value added; (xxvii) sales; (xxviii) enterprise value; (xxix) client retention; (xxx) competitive market metrics; (xxxi) employee retention; (xxxii) timely completion of new product rollouts; or (xxxiii) any combination of the foregoing.

The performance criteria may be measured on an absolute basis or relative to a pre-established target, to previous years' results or to a designated comparison group. The Committee may also: (i) designate additional objective or subjective performance criteria, and (ii) adjust, modify or amend the applicable performance criteria.

No Dividends or Dividend Equivalents on Unvested Awards. No dividends or dividend equivalents will be paid with respect to awards prior to the vesting of such awards.

Change in Control. In the event of a change in control (as defined in the 2018 Omnibus Award Plan), unvested awards under the 2018 Omnibus Award Plan do not automatically vest. However, the Committee may provide in an award agreement that upon a change in control (as defined in the 2018 Omnibus Award Plan): (i) all stock options

Proposal 3 — Approval of the 2018 Omnibus Award Plan

and SARs will become immediately exercisable with respect to 100% of the shares subject to the stock options or SARs and/or the restricted period will expire immediately with respect to 100% of other awards (including the waiver of any performance goals); and (ii) all incomplete performance periods will end on the date of a change in control and the Committee will determine the extent to which the performance goals have been met and will cause the payment of awards based on the participant's actual achievement of the performance goals through such date and the settlement of previously deferred awards in a manner that complies with Section 409A of the Code. In addition, the Committee may, with 10 days' advance notice, cancel outstanding awards in exchange for a payment in cash, stock or a combination thereof, or cancel awards without payment if the price per share of common stock received by stockholders in connection with the change in control is less than the fair market value of the award on the grant date.

Transferability. Although awards will generally be nontransferable (except by will or the laws of descent and distribution), the Committee may permit awards (other than incentive stock options) to be transferred to certain permitted transferees set forth in the 2018 Omnibus Award Plan, subject to certain conditions (including that any permitted transfer must be without consideration).

Amendment and Termination. The Board of Directors may amend, alter, suspend, discontinue or terminate the 2018 Omnibus Award Plan or any portion thereof at any time, except that no such amendment, alteration, suspension, discontinuance or termination may: (i) materially impair the rights of any participant without the participant's consent; or (ii) be made without stockholder approval to the extent such approval is necessary to comply with any tax or regulatory requirement applicable to the 2018 Omnibus Award Plan. Awards under the 2018 Omnibus Award Plan may not be made on or after November 8, 2028, provided that administration of the 2018 Omnibus Award Plan will continue in effect until all matters relating to awards previously granted have been settled.

Market Price of Shares. The per share closing price of the common stock on September 17, 2018 was \$134.79.

Certain U.S. Federal Income Tax Consequences

The following is a summary of the federal income tax consequences of the 2018 Omnibus Award Plan, based on the current provisions of the Code, the treasury regulations promulgated thereunder and administrative and judicial interpretations thereof. The rules concerning the federal income tax consequences with respect to awards granted pursuant to the 2018 Omnibus Award Plan are highly technical. In addition, the applicable statutory provisions are subject to change and their application may vary in individual circumstances. Therefore, the following is designed to provide a general understanding of the federal income tax consequences, and it does not set forth any state or local income tax or estate tax consequences that may be applicable.

Incentive Stock Options. Options granted under the 2018 Omnibus Award Plan may be incentive stock options as defined in the Code, provided that such options satisfy the requirements under the Code. In general, neither the grant nor the exercise of an incentive stock option will result in taxable income to the optionee or a deduction to us. The sale of common stock received pursuant to the exercise of an option which satisfied all the requirements of an incentive stock option, as well as the holding period requirement described below, will result in a long-term capital gain or loss to the optionee equal to the difference between the amount realized on the sale and the exercise price and will not result in a tax deduction to us. To receive incentive stock option treatment, the optionee must not dispose of the

common stock purchased pursuant to the exercise of an option either (i) within two years after the option is granted; or (ii) within one year after the date of exercise.

If all requirements for incentive stock option treatment other than the holding period rules are satisfied, the recognition of income by the optionee is deferred until disposition of the common stock, but, in general, any gain (in an amount equal to the lesser of (i) the fair market value of the common stock on the date of exercise minus the exercise price; or (ii) the amount realized on the disposition minus the exercise price) is treated as ordinary income. Any remaining gain is treated as long-term or short-term capital gain depending on the optionee's holding period for the disposed stock. We generally will be entitled to a deduction at that time equal to the amount of ordinary income realized by the optionee.

The 2018 Omnibus Award Plan provides that an optionee may pay for common stock received upon the exercise of an option (including an incentive stock option) with other shares of common stock. In general, an optionee's transfer of stock acquired pursuant to the exercise of an incentive stock option, to acquire other stock in connection with the exercise of an incentive stock option, may result in ordinary income if the transferred stock has not met the minimum

TABLE OF CONTENTS**Proposal 3 — Approval of the 2018 Omnibus Award Plan**

statutory holding period necessary for favorable tax treatment as an incentive stock option. For example, if an optionee exercises an incentive stock option and uses the stock so acquired to exercise another incentive stock option within the two-year or one-year holding periods discussed above, the optionee may realize ordinary income under the rules summarized above.

Non-Qualified Stock Options. An optionee will realize no taxable income at the time he or she is granted a non-qualified stock option. Such conclusion is predicated on the assumption that, under existing U.S. Treasury Department regulations, a non-qualified stock option, at the time of its grant, has no readily ascertainable fair market value. Ordinary income will be realized when a non-qualified stock option is exercised, provided the common stock issued is not restricted stock. The amount of such income will be equal to the excess of the fair market value on the exercise date of the shares of common stock issued to an optionee over the exercise price. The optionee's holding period with respect to the shares acquired will begin on the date of exercise.

The tax basis of the stock acquired upon the exercise of any option will be equal to the sum of (i) the exercise price of such option and (ii) the amount included in income with respect to such option. Any gain or loss on a subsequent sale of the stock will be either a long-term or short-term capital gain or loss, depending on the optionee's holding period for the stock disposed of. If the common stock issued is restricted stock, different rules may apply. Subject to the limitations under Section 162(m) and Section 280G of the Code (as described below), we generally will be entitled to a deduction for federal income tax purposes at the same time and in the same amount as the optionee is considered to have realized ordinary income in connection with the exercise of the option.

Restricted Stock. Participants who receive grants of restricted stock generally do not recognize income at the time of the grant. When the award vests, participants generally recognize ordinary income in an amount equal to the fair market value of the stock at such time, and we will generally receive a corresponding deduction. However, no later than 30 days after a participant receives an award of restricted stock, the participant may elect to recognize taxable ordinary income in an amount equal to the fair market value of the stock at the time of receipt. Provided that the election is made in a timely manner, when the restrictions on the shares of common stock lapse, the participant will not recognize any additional income. If the participant forfeits the restricted stock to the Company (e.g., upon the participant's termination prior to vesting), the participant may not claim a deduction with respect to the income recognized as a result of the election. Dividends paid with respect to unvested shares of restricted stock generally will be taxable as ordinary income to the participant at the time the dividends are received.

Performance Shares and Other Awards. With respect to performance shares, SARs, RSUs, stock bonus awards, phantom stock awards, and cash performance awards, generally, when a participant receives payment with respect to any such award the amount of cash and the fair market value of any other property received will be ordinary income to such participant and will be allowed as a deduction to us.

Certain Other Tax Issues. In addition, (i) any entitlement to a tax deduction on our part is subject to the applicable federal tax rules (including, without limitation, Section 162(m) of the Code regarding the \$1 million annual limitation on deductible compensation paid to our Named Executive Officers); (ii) in the event that the exercisability or vesting of any award is accelerated because of a change in control, payments relating to the awards (or a portion thereof), either alone or together with certain other payments, may constitute excess parachute payments under Section 280G of

the Code, which excess amounts may be subject to excise taxes and may be nondeductible by us; and (iii) the exercise of an incentive stock option may have implications in the computation of an employee's alternative minimum taxable income.

New Plan Benefits

No grants have been made to any participant under the 2018 Omnibus Award Plan. The terms and number of awards to be granted in the future under the 2018 Omnibus Award Plan are to be determined in the discretion of the Committee. Since no such determinations regarding awards or grants have yet been made, the benefits or amounts that will be received by or allocated to the Company's employees, or consultants cannot be determined at this time. However, the Company expects to grant annual equity retainer awards under the 2018 Omnibus Award Plan to each of the non-employee directors in November 2018, with a target value of \$155,000 split equally between stock options and DSUs. In addition, the Company expects to grant its Chairman the additional Chairman annual equity retainer award under the 2018 Omnibus Award Plan in November 2018 with a target value of \$57,500 split equally between stock options and DSUs.

The Audit Committee has appointed Deloitte & Touche LLP as the independent registered public accountants for the Company and its subsidiaries for the fiscal year ending June 30, 2019. In determining whether to reappoint Deloitte & Touche LLP as the independent registered public accountants for the upcoming fiscal year, the Audit Committee considered several factors including:

The performance of Deloitte & Touche LLP as the Company's independent auditors since its retention when Broadridge became an independent public company in 2007, including the extent and quality of Deloitte and Touche LLP's communications with the Audit Committee, and feedback from management regarding Deloitte and Touche LLP's overall performance;

Deloitte & Touche LLP's independence with respect to the services to be performed;

Deloitte & Touche LLP's general reputation for adherence to professional auditing standards;

Deloitte & Touche LLP's knowledge and expertise in handling the complexity of Broadridge's global operations within its respective industry; and

Those persons intend to vote the proxy in accordance with their best judgment.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Stockholders of Record. You are a stockholder of record or registered stockholder if, at the close of business on the Record Date, your shares were registered directly in your name with Broadridge Corporate Issuer Solutions, Inc., our transfer agent.

Beneficial Owner. You are a beneficial owner, if at the close of business on the Record Date, your shares were held by a brokerage firm or other nominee and not in your name. Being a beneficial owner means that, like most of our stockholders, your shares are held in street name. As the beneficial owner, you have the right to direct your broker or nominee how to vote your shares by following the voting instructions your broker or other nominee provides. If you do not provide your broker or nominee with instructions on how to vote your shares, your broker or nominee will be able to vote your shares with respect to some of the proposals in this Proxy Statement, but not all. About the Annual Meeting and These Proxy Materials

Beneficial Owners. If you are the beneficial owner of your shares and you do not instruct your broker or other nominee how to vote your shares, your broker or nominee may exercise its discretion to vote on some proposals at the Annual Meeting, but not all. Under the rules of the NYSE, your broker or nominee does not have discretion to vote your shares on non-routine matters such as Proposals 1, 2 and 3.
