business strategy as a pure-play fabless semiconductor company. On June 28, 2005, the Company issued a press release disclosing the facts and circumstances leading up to the Company's decision to exit its retail business. A copy of the press release is included as Exhibit 99.1 hereto.

The Company estimates a charge to operating results in the second quarter of 2005 in the range of \$4.45 to \$5.65 million in connection with the exit of its retail business activities. This charge consists of the following:

Write down of inventory to net realizable value	\$2,200,000 - \$2,750,000
Write down of intangible and other assets due to impairment	\$1,600,000 - \$2,200,000
Accrued severance costs	\$ 650,000 - \$ 700,000

Total estimated charge	\$4,450,000 - \$5,650,000

The Company anticipates that the cash impact of exiting its retail activities will total approximately \$1.4 million which will be incurred predominantly in the third quarter of 2005. The \$1.4 million cash impact consists of payment of accrued severance costs as discussed above and cash payments to retailers and distributors of approximately \$700,000 which represents refunds for inventory in the retail channel. The value of inventory in the retail channel is currently recorded as deferred revenue in the Company's balance sheet, therefore, this cash payment will have no impact on operating results.

Item 2.06 - Material Impairments

We hereby incorporate by reference the discussion concerning material impairments set forth in item 2.05 above.

Item 9.01 -- Financial Statement and Exhibits

99.1 Press release, dated June 28, 2005, announcing the Company's plan to exit its retail business activities.
