PROXY STATEMENT

GENERAL INFORMATION

This proxy statement and the enclosed form of proxy are being furnished in connection with the solicitation of proxies by our board of directors to be used at the annual meeting of shareholders to be held at 9:00 a.m. local time, on the 7th day of September, 2006 and any adjournments. The annual meeting will be held at the Marriott Boston Copley Place, 110 Huntington Avenue, Boston, Massachusetts. The matters to be considered at the meeting are set forth in the attached Notice of Meeting.

Our executive offices are located at 7915 Baymeadows Way, Suite 400, Jacksonville, Florida 32256. This proxy statement and the enclosed form of proxy are first being sent to shareholders on or about August 7, 2006.

Record Date; Voting Securities

Our board of directors has fixed the close of business on August 4, 2006, as the record date for determination of shareholders entitled to notice of, and to vote at, the annual meeting. As of August 4, 2006, we had issued and outstanding 23,372,227 shares of common stock, par value \$.01 per share, our only class of voting securities outstanding. Each of our shareholders is entitled to one vote for each share of common stock registered in his or her name on the record date.

Solicitation, Voting and Revocation of Proxies

Proxies in the form enclosed are solicited by and on behalf of our board of directors. The persons named in the proxy have been designated as proxies by our board of directors. Any proxy given pursuant to this solicitation and received in time for the meeting will be voted as specified in the returned proxy. If no instructions are given, proxies returned by shareholders will be voted "FOR" the election of the nominees as our directors listed below and as the proxies named in the proxy determine in their discretion with respect to any other matters properly brought before the meeting. Any proxy may be revoked by written notice received by our secretary at any time prior to the voting at the meeting, by submitting a subsequent proxy or by attending the annual meeting and voting in person. Attendance by a shareholder at the annual meeting does not alone serve to revoke his or her proxy.

The presence, in person or by proxy, of a majority of the votes entitled to be cast at the meeting will constitute a quorum at the meeting. A proxy submitted by a shareholder may indicate that all or a portion of the shares represented by his or her proxy are not being voted ("shareholder withholding") with respect to a particular matter. Similarly, a broker may not be permitted to vote stock ("broker non-vote") held in street name on a particular matter in the absence of instructions from the beneficial owner of the stock. The shares subject to a proxy which are not being voted on a particular matter because of either shareholder withholding or broker non-vote will not be considered shares present and entitled to vote on the matter. These shares, however, may be considered present and entitled to vote on other matters and will count for purposes of determining the presence of a quorum, unless the proxy indicates that the shares are not being voted on any matter at the meeting, in which case the shares will not be counted for purposes of determining the presence of a quorum.

Edgar Filing: PARKERVISION INC - Form DEF 14A

The directors will be elected by a plurality of the votes cast at the meeting. "Plurality" means that the nominees who receive the highest number of votes in their favor will be elected as our directors. Consequently, any shares not voted "FOR" a particular nominee, because of either shareholder withholding or broker non-vote, will not be counted in the nominee's favor.

All other matters that may be brought before the shareholders must be approved by the affirmative vote of a majority of the votes cast at the meeting unless the governing corporate law requires otherwise. Abstentions from voting are counted as "votes cast" with respect to the proposal and, therefore, have the same effect as a vote against the proposal. Shares deemed present at the meeting but not entitled to vote because of either shareholder withholding or broker non-vote are not deemed "votes cast" with respect to the proposal, and therefore will have no effect on the vote.

Annual Report

Our Annual Report on Form 10-K for the fiscal year ended December 31, 2005, which contains our audited financial statements, is being mailed along with this proxy statement.

We will provide to you exhibits to the Annual Report upon payment of a fee of \$.25 per page, plus \$5.00 postage and handling charge, if requested in writing to the Secretary, ParkerVision, Inc., 7915 Baymeadows Way, Suite 400, Jacksonville, Florida 32256.

Audit Committee

General. The audit committee was established in 1994. It is comprised of independent directors. It is governed by a board-approved charter adopted in 2003, and amended in 2006, which is filed as an exhibit to this proxy statement for the 2006 annual meeting. The charter, among other things, contains the committee's membership requirements and responsibilities. The audit committee oversees the company's accounting, financial reporting process, internal controls and audits, and consults with management and the independent auditors on, among other items, matters related to the annual audit, the published financial statements and the accounting principles applied. As part of its duties, the audit committee appoints, evaluates and retains the company's independent auditors. It maintains direct responsibility for the compensation, termination and oversight of the company's independent auditors and evaluates the independent auditors' qualifications, performance and independence. The audit committee also monitors compliance with the company's policies on ethical business practices and reports on these items to the board of directors. The audit committee has established policies and procedures for the pre-approval of all services provided by the independent auditors. Further the audit committee has established procedures for the receipt, retention and treatment, on a confidential basis, of complaints received by the company, which are described under "Shareholder Communications with the Board."

Financial Expert on Audit Committee. The board of directors made a qualitative assessment of each of the audit committee members to determine their level of financial knowledge and experience based on a number of factors and has determined that each member is a financial expert within the meaning of all

Edgar Filing: PARKERVISION INC - Form DEF 14A

applicable rules. This determination was made with reference to the rules of Nasdaq and the SEC. The board of directors considered each of these persons' ability to understand generally accepted accounting principles and financial statements, their ability to assess the general application of generally accepted accounting principles in connection with our financial statements, including estimates, accruals and reserves, their experience in analyzing or evaluating financial statements of similar breadth and complexity as our financial statements, their understanding of internal controls and procedures for financial reporting and their understanding of the audit committee functions.

Meetings and Attendance. During the fiscal year ended December 31, 2005, the audit committee met ten times and had no action by unanimous consent. The audit committee has also met two times since January 1, 2006, in connection with the annual report for the fiscal year ended December 31, 2005.

The firm of PricewaterhouseCoopers LLP acts as our principal accountants. The following is a summary of fees paid to the principal accountants for services rendered.

7

Audit Fees. For the years ended December 31, 2004 and December 31, 2005, the aggregate fees billed for professional services rendered for the audit of our annual financial statements, the review of our financial statements included in our quarterly reports, and services provided in connection with regulatory filings were approximately \$560,300 and \$617,827, respectively.

Audit Related Fees. For the years ended December 31, 2004 and December 31, 2005, there were no fees billed for professional services by our principal accountants for assurance and related services.

Tax Fees. For the years ended December 31, 2004 and December 31, 2005, there were no fees billed for professional services rendered by our principal accountants for tax compliance, tax advice or tax planning.

All Other Fees. For each of the years ended December 31, 2004 and December 31, 2005, the aggregate fees billed for other professional services by our principal accountants were approximately \$1,500 for an annual license fee for accounting research software.

All the services discussed above were approved by our audit committee. The audit committee pre-approves the services to be provided by its principal accountants, including the scope of the annual audit and non-audit services to be performed by the principal accountants and the principal accountants' audit and non-audit fees. The audit committee also reviews and recommends to the board of directors whether or not to approve transactions between the company and an officer or director outside the ordinary course.

Audit Committee Report

Pursuant to the charter of the audit committee originally adopted on April 25, 2003, the audit committee's responsibilities include, among other things:

- o annually reviewing and reassessing the adequacy of the committee's formal charter;
- o reviewing and discussing our annual audited financial statements with our management and our independent auditors and the adequacy of our internal accounting controls;

Edgar Filing: PARKERVISION INC - Form DEF 14A

- o reviewing analyses prepared by management and independent auditors concerning significant financial reporting issues and judgments made in connection with the preparation of our financial statements;
- o the engagement of the independent auditor;
- o reviewing the independence of the independent auditors;
- o reviewing our auditing and accounting principles and practices with the independent auditors and reviewing major changes to our auditing and accounting principles and practices as suggested by the independent auditor or our management;
- o the appointment of the independent auditor by the board of directors, which firm is ultimately accountable to the audit committee and the board of directors;
- o approving professional services provided by the independent auditors, including the range of audit and nonaudit fees; and

8

- o reviewing all related party transactions on an ongoing basis for potential conflict of interest situations.

The audit committee pre-approves the services to be provided by its independent auditors. During the period January 1, 2005 through March 15, 2006, the committee reviewed in advance the scope of the annual audit and non-audit services to be performed by the independent auditors and the independent auditors' audit and non-audit fees and approved them. The audit committee also reviews and recommends to the board of directors whether or not to approve transactions between the company and an officer or director outside the ordinary course.

On many occasions during 2005 and thereafter, the audit committee met privately at regularly scheduled meetings and held discussions with management, the chief financial officer and our independent auditors. Management represented to the committee that our consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the committee has reviewed and discussed the consolidated financial statements with management and the independent auditors. The audit committee also discussed and reviewed with management and the independent auditors the internal controls and procedures of the audit functions and the objectivity of the process of reporting on the financial statements. The committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), various accounting issues relating to presentation of certain things in our financial statements and compliance with Section 10A of the Securities Exchange Act of 1934. Our independent auditors also provided the audit committee with the written disclosures required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and the committee discussed with the independent auditors and management the auditors' independence. The committee discussed financial risk exposures relating to the company with management and the processes in place to monitor and control the exposure resulting therefrom, if any. Based upon the committee's discussion with management and the independent auditors and the committee's review of the representations of management and the report of the independent auditors to the audit committee, the committee recommended that the board of directors include our audited consolidated financial statements in the Annual Report on Form 10-K for the year ended December 31, 2005. The committee evaluated the performance of PricewaterhouseCoopers LLP and recommended to the board their re-appointment as the independent auditors for the fiscal year

ending December 31, 2006.

Compensation Committee

General. The compensation committee, which is comprised of independent directors, consults generally with management on matters concerning executive compensation and benefit plans where board of directors or shareholder action is contemplated with respect to the adoption of or amendments to such plans. It makes recommendations to the board of directors on compensation generally, executive officer salaries, bonus awards and equity compensation, special awards and supplemental compensation and director compensation. The compensation committee makes recommendations on organization, succession, the election of officers, consultancies and similar matters where board of director approval is required. It also administers the company's 2000 Performance Equity Plan and, to the extent of outstanding awards, the 1993 Stock Option Plan.

In 2005, the compensation committee retained an external compensation consultant to assist in a review of executive and board compensation programs. The committee followed the recommendation of the independent consultants with regard to base salaries, annual bonuses and long term equity incentives for the executive management team.

Meetings and Attendance. During fiscal year ended December 31, 2005, the compensation committee met seven times and had no actions by unanimous consent.

Compensation Committee Report

General Compensation Policy. We operate in a competitive and rapidly changing high technology industry. The compensation committee believes that the compensation program for our executive officers should be designed to attract, motivate and retain talented executives responsible for the success of our company. The compensation committee believes the compensation program should be determined within a competitive framework and should be based on achievement of overall financial results and individual contribution.

Compensation Components. The three major components that currently make up the compensation of our executive officers are: base salary; annual incentive awards in the form of a cash and/or equity bonus; and long-term equity-based incentive awards historically in the form of stock option grants.

The compensation committee's determination of the compensation components for executive officers is based on a conventional approach utilizing benchmark data, industry practices, recommendations of independent compensation consultants and, ultimately, the business judgment of the committee members. The compensation committee has compared its executives' compensation levels to independent compensation surveys and compensation packages for executives in similarly sized technology companies and has found its compensation packages to be comparable.

Edgar Filing: PARKERVISION INC - Form DEF 14A

The base salary for each executive officer is determined at levels considered appropriate for comparable positions at other companies. Annual bonuses are determined based on benchmark data of comparable companies as well as the achievement of financial performance targets, certain qualitative milestones, and individual contribution. Long-term equity-based incentive awards, historically in the form of stock option grants, are determined based on a percentage of the Company's market capitalization with consideration of factors such as the executive's position within us, individual performance, potential for future responsibility and promotion, and the number of unvested options held at the time of the new grant. The relative weight given to each of these factors varies among individuals at the compensation committee's discretion.

10

Executive Compensation Reviewed. Mr. Jeffrey Parker's annual base compensation of \$325,000 was reviewed by the committee in connection with independent compensation consultants in 2005 and was found to be the median range for comparable positions with benchmark companies. No adjustment was made to Mr. Parker's base compensation in 2005. Mr. Parker's written employment agreement expired as of October 1, 2005 and, at this time, the committee has not approved a new employment agreement. After consideration of Mr. Parker's involvement in raising additional capital for the company and implementing the strategic shifts in the company's business focus in 2005, the compensation committee awarded Mr. Parker an aggregate annual bonus valued at \$130,000 for fiscal year 2005. At Mr. Parker's request, this bonus was paid in \$65,000 cash and 10,908 fully vested share options valued at \$64,903. In addition, the committee awarded Mr. Parker a long-term equity incentive award of 75,000 fully vested share options in August 2005.

Pursuant to Mr. David Sorrells' written employment agreement, the committee increased Mr. Sorrells' salary by 5% to \$262,500 in March 2005. After consideration of Mr. Sorrells' technology accomplishments in 2005, the compensation committee awarded a bonus valued at \$71,400 for fiscal 2005. At Mr. Sorrells' request, this bonus was paid in \$35,684 cash and 5,988 fully vested share options valued at \$35,629. In addition, the committee awarded Mr. Sorrells a long-term incentive award of 34,000 share options in August 2005. These options vest equally over three years and expire in August 2012.

Mr. Todd Parker is not employed under a written employment agreement and the committee did not recommend a salary increase for Mr. Parker for fiscal year 2005. In consideration of his contribution in product operations and corporate development, the compensation committee awarded Mr. Parker a bonus valued at approximately \$54,400 for fiscal 2005. At Mr. Parker's request, this bonus was paid in \$27,188 cash and 4,563 fully vested share options valued at \$27,150. In addition, the committee awarded Mr. Parker a long-term incentive award of 25,000 share options in August 2005. These options vest equally over three years and expire in August 2012. Effective September 1, 2006, Mr. Parker has resigned his position with the company to pursue other personal interests. However, Mr. Parker remains as a director of the company.

Cynthia Poehlman currently is employed as the chief financial officer of the company. Ms. Poehlman is not employed under a written employment agreement. The compensation committee reviewed Ms. Poehlman's compensation against benchmark data provided by its independent compensation consultants and increased her salary to \$200,000 in August 2005. After consideration of her contribution with regard to securities compliance and strategic business direction, Ms. Poehlman was awarded a bonus valued at approximately \$54,400 for fiscal 2005. At Ms. Poehlman's request, this bonus was paid in \$27,188 cash and 4,563 fully vested share options valued at \$27,150. In addition, the committee awarded Ms. Poehlman a long-term incentive award of 25,000 share options in

Edgar Filing: PARKERVISION INC - Form DEF 14A

August 2005. These options vest equally over three years and expire in August 2012.

Notwithstanding anything to the contrary set forth in any of our previous filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, that might incorporate our future filings under those statutes, the preceding Compensation Committee Report on Executive Compensation and our Stock Performance Graph (set forth herein below) will not be incorporated by reference into any of those prior filings, nor will such report or graph be incorporated by reference into any of our future filings under those statutes.

Nominations Committee

General. The nominations committee, which consists of independent directors, is responsible for overseeing the selection of persons to be nominated as directors of the company.

The nominations committee considers persons identified by its members, management, shareholders, potential investors, investment bankers and others. The nominations committee may also use the services of search firms to assist in identifying potential directors, in gathering information about the background and experience of such persons and acting as an intermediary with such persons.

The nominations committee adopted a written charter in April 2004 which is available on the company's website at www.parkervision.com. The nominations committee does not have any formal criteria for nominees; however, it believes that persons to be nominated should be actively engaged in business endeavors, have an understanding of financial statements, corporate budgeting and capital structure, be familiar with the requirements of a publicly traded company, be familiar with industries relevant to the company's business endeavors, be willing to devote significant time to the oversight duties of the board of directors of a public company, and be able to promote a diversity of views based on the person's education, experience and professional employments. The nominations committee evaluates each individual in the context of the board as a whole, with the objective of recommending a group of persons that can best implement the company's business plan, perpetuate its business and represent shareholder interests. The nominations committee may require certain skills or attributes, for example financial or accounting experience, to meet specific board needs that arise from time to time. The nominations committee does not distinguish among nominees recommended by shareholders and other persons.

Shareholders and others wishing to suggest candidates to the nominations committee for consideration as directors must submit written notice to the corporate secretary, who will provide it to the nominations committee. The company also has a method by which shareholders may nominate persons as directors which is described in the section "Shareholder Proposals and Nominations."

At the annual meeting to which this proxy relates, Mr. Richard Kashnow was not re-nominated because he indicated that time constraints would prevent him from being able to devote sufficient time to the responsibilities of being a director of ParkerVision. The remaining eight current directors were nominated to stand for re-election by the committee. The nominations committee also nominated Mr. Robert G. Sterne as the nominee-elect to fill the position on the

Edgar Filing: PARKERVISION INC - Form DEF 14A

board that Mr. Kashnow held. Mr. Sterne was identified by the nominating committee as a potential candidate for the board, and the committee determined that he would be an excellent addition to the board based on his experience with intellectual property strategies, his familiarity with the Company and its business and his previous service as a member of the board. Mr. Sterne will be deemed an independent director. Three of the persons standing for re-election are employed by the company in executive capacities.

Meetings and Attendance. During fiscal year ended December 31, 2005, the nominations committee met two times had no actions by unanimous consent.

12

Code of Ethics and Shareholder Contact

The board of directors has adopted a code of ethics that is designed to deter wrongdoing and to promote ethical conduct and full, fair, accurate, timely and understandable reports that the company files or submits to the SEC and others. A copy of the code of ethics may be found on the company's website at www.parkervision.com.

Shareholders may contact members of the board of directors by writing to them in care of the corporate secretary at the headquarters. The corporate secretary will forward correspondence received to the directors from time to time. This procedure was approved by the independent directors.

Compensation of Outside Directors

Currently, each non-employee director receives an annual retainer of \$25,000 paid in quarterly installments and an option grant of 10,000 shares upon completion of each year of service as a director. In addition, non-employee directors receive annual retainers, paid in quarterly installments, for committee participation as follows:

Audit Committee		Compensation Committee		Nominating Commi	
Chair	Member	Chair	Member	Chair	Me
\$15,000	\$7,500	\$10,000	\$5,000	\$5,000	\$2

New non-employee directors receive an option grant of 40,000 shares upon initial election to the board. These options vest at the end of the first year of board service.

The foregoing director compensation program was implemented in June 2005 in connection with a board compensation review by a third party compensation consultant. Prior to June 2005, the director compensation program included an annual retainer of \$20,000 payable in quarterly installments, a meeting fee of \$2,500 for each meeting attended in-person or \$1,500 for each meeting attended telephonically, and an option grant of 10,000 shares upon completion of each year of service as a director. In addition, each committee chairman received an annual retainer of \$5,000 paid in quarterly installments.

All board members are reimbursed for reasonable expenses incurred in

Edgar Filing: PARKERVISION INC - Form DEF 14A

attending meetings and reasonable expenses incurred in attending relevant training seminars.

Each of these amendments was approved by our shareholders. The Audit Committee recognizes that the Company's management is responsible for the completeness and accuracy of the Company's financial statements and disclosures and for maintaining effective internal controls. The Committee also realizes that the independent auditor is responsible for auditing the Company's financial statements. Accordingly, management and the independent auditor have more knowledge and more detailed information about the Company than do Audit Committee members and the Audit Committee's primary responsibility is oversight. In carrying out its oversight responsibilities, the Audit Committee will rely, in part, on the expertise of management and the independent auditor. The Committee should take the appropriate actions to set the overall corporate "tone" for quality financial reporting, sound business risk practices, and ethical behavior.

The Audit Committee shall have the authority, to the extent it deems necessary or appropriate, to retain independent legal, accounting or other advisors. The Company shall provide for appropriate funding, as determined by the Audit Committee, for payment of compensation to (i) the independent auditor for the purpose of rendering or issuing an audit report and (ii) any advisors (including counsel) employed by the Audit Committee.

The following shall be the principal recurring processes of the Committee in carrying out its oversight responsibilities. The Committee may perform such other duties and responsibilities as are consistent with its purpose and as the Board or the Committee deems appropriate.

- o Financial Reporting and Internal Controls

Review of Annual Audited Financial Statements. The Committee shall review with management and the independent auditors the financial statements to be included in the Company's Annual Report on Form 10-K (or the annual report to shareholders if distributed prior to the filing of the Form 10-K). The Committee will review the (a) quality, not just acceptability, of the Company's accounting principles, including significant financial reporting issues and judgments made in connection with the preparation of the financial statements including alternative methods for presenting financial information that have been discussed with management, the impact of the use of the alternative methods, the methods preferred by management and all material written communications between the independent auditor and management; (b) the clarity and adequacy of disclosures in the financial statements; and the Company's disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations, including the critical accounting policies; and (c) major issues regarding the adequacy of internal controls and steps taken in light of material deficiencies (if any were noted).

22

The Committee will discuss the results of the annual audit and any difficulties the independent auditors encountered in the course of their audit work, including any restrictions on the scope of the auditors' activities or access to requested information, and any significant disagreements with management. The Committee will also discuss any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards, and the annual report on controls by the Chief Executive Officer and the Chief Accounting Officer, as received by the independent auditors. Based on these reviews and the discussions with management and the independent auditors, the Committee will make a recommendation to the Board whether the audited financial statements should be included in the Company's Annual Report on Form 10-K.

Review of Interim Financial Statements; Earnings Releases. The Committee shall review the interim financial statements, and the Company's disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations, with management and the independent auditors prior to the filing of the Company's Quarterly Report on Form 10-Q. The Committee shall also review any Form 8-K that includes financial disclosures prior to its filing. The Committee will discuss with management any proposed release of earnings or guidance information, and financial information and earnings guidance provided to analysts and rating agencies. The Committee will discuss the results of the quarterly review and any other matters required to be communicated to the Committee by the independent auditors under generally accepted auditing standards.

Risk Assessment and Risk Management. The Audit Committee shall review with management and independent auditors the Company's

policies for assessing and managing financial risk and the actual risk exposure of the Company.

Internal Controls, Disclosure Controls and Procedures. The Audit Committee shall review with management and the independent auditors the Company's policies and procedures for maintaining the adequacy and effectiveness of internal controls and disclosure controls procedures. As part of this effort, the Committee will inquire of management and the independent auditor about controls management has implemented to minimize significant risks to the Company and the effectiveness of these controls. The Committee will review the quarterly assessments of such controls and procedures by the Chief Executive Officer and Chief Accounting Officer.

The Committee will also review with management and the independent auditor the effect on the Company's financial statements of regulatory and accounting initiatives and off balance sheet structures.

o Independent Auditors

The Audit Committee shall have the sole authority to appoint or replace the independent auditor. The Audit Committee shall be directly responsible for determining the compensation and oversight of the work of the independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. The independent auditor shall report directly to the Audit Committee.

The Committee shall review the auditors' independence from management and the Company, including whether the auditors' performance of permissible non-audit services is compatible with their independence. This process will include, as least annually, the Committee's review of the independent auditors' internal control procedures, any material issues raised by the most recent internal quality-control review, or peer review, of the independent auditors, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the independent auditors, and any steps taken to deal with any such issues; and (to assess the auditors' independence) all relationships between the independent auditors and the Company.

23

Annually, the Committee will review the qualifications and performance of the Company's current independent auditors and select the Company's independent auditors for the next year.

The Committee shall review with the independent auditors prior to the audit the overall scope, planning and staffing of their audit. The Audit Committee shall pre-approve all auditing services and permitted non-audit services to be performed for the Company by its independent auditor, including the fees and terms thereof (subject to the de minimus exceptions for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act which are approved by the Audit Committee prior to the completion of the audit).

The Committee shall verify the rotation of the lead (or coordinating) audit partner having primary responsibility for the

Edgar Filing: PARKERVISION INC - Form DEF 14A

audit and the audit partner responsible for reviewing the audit as required by law. The Committee shall consider whether, in order to assure continuing auditor independence, it is appropriate to adopt a policy of rotating the independent auditing firm on a regular basis.

The Committee shall oversee the Company's hiring of employees or former employees of the independent auditor who participated in any capacity in the audit of the Company.

- o Compliance with Legal and Regulatory Requirements

The Audit Committee shall obtain, from the independent auditor, assurance that Section 10A(b) of the Exchange Act has not been implicated. The Committee shall inquire and review with management the Company's compliance with applicable laws and regulations and, where applicable, recommend policies and procedures for future compliance. The Committee shall review with management and the independent auditor any correspondence with regulators or governmental agencies and any published reports that raise material issues regarding the Company's financial statements or accounting policies. The Committee shall also review with the Company's General Counsel legal matters that may have a material impact on the financial statements or the Company's compliance policies. The Committee shall review and approve all related-party transactions. The Committee shall establish procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or reports which raise material issues regarding the Company's financial statements or accounting policies.

Limitation of Audit Committee's Role

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are fairly stated in accordance with generally accepted accounting principles and applicable rules and regulations. These are the responsibilities of management and the independent auditor.
